10. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

11. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

12. Deeming it necessary in the national interest;

hereby (i) vests in the Alien Property Custodian the 400 shares of stock described in subparagraph 6 and the property described in subparagraph 9 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States, and (ii) undertakes the direction, management, supervision and control of such business enterprise to the extent deemed necessary or advisable from time to time by the undersigned.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof or to indicate that compensation will not be paid in lieu thereof, or to vary the extent of such direction, management, supervision or control or to terminate the same, if and when it should be determined that any of such action should be taken.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing contained herein shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

TRUST UNDER WILL OF JOHN H. LOHSE

In re: Trust under the will of John H. Lohse, deceased; File D–28–2429; E. T. sec. 3525.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by The First National Bank of Colorado Springs, Colorado Springs, Colorado, Trustee, acting under the judicial supervision of the County Court of El Paso County, State of Colorado;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals:	*Last known address*
Anna Lohse	Germany.
Children of August Lohse and Diadrich Lohse, deceased brothers of the above decedent, names unknown.	Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and

certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Anna Lohse and the children of August Lohse and Diadrich Lohse, deceased brothers of above decedent, names unknown, and each of them, in and to the Trust Estate created under the Last Will and Testament of John H. Lohse, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interest hereinafter described are property which is in the process of administration by Jerome Bennett and Frederick Sautter, Executors, acting under the judicial supervision of the Orphans' Court of Philadelphia County, Pennsylvania;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals:	*Last known address*
Adam Albrecht or his surviving child or children.	Germany.
Heinrich Albrecht or his surviving child or children.	Germany.
Karl Albrecht or his surviving child or children.	Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Adam Albrecht or his surviving child or children, Heinrich Albrecht or his surviving child or children and Karl Albrecht or his surviving child or children and each of them in and to the Estate of Augusta Sautter, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Dated: July 14, 1943.

OFFICE OF DEFENSE TRANSPORTATION.

[Supplementary Order ODT 3, Rev. 45]

THE BALTIMORE STORAGE COMPANY, ET AL, REGISTRATION OFFICE AT BALTIMORE, MARYLAND, FOR HOUSEHOLD GOODS MOTOR CARRIERS

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of household goods, filed with the Office of Defense Transportation by the motor carriers of Baltimore, Maryland, named in the Appendix hereof, as governed by § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and good cause appearing therefor, *It is hereby ordered*, That:

1. The carriers, and each of them, named in the Appendix hereof (hereinafter collectively called "carriers"), re-

spectively, in the transportation of household goods as common carriers by motor vehicle, shall establish an office (hereinafter referred to as "registration office") at Baltimore, Maryland, to facilitate the movement of shipments of household goods, in the following manner:

(a) Each carrier shall register with the registration office shipments which the carrier may be unable to transport by reason of the restrictions contained in General Order ODT 3, Revised, as amended;

(b) Each carrier shall register with the registration office all empty or partially loaded equipment for which the carrier has no shipments available;

(c) The manager or employees of the registration office shall advise the carriers as to shipments registered and empty equipment or the unloaded space therein which is available: *Provided*, That nothing herein contained shall be construed to authorize the manager or any employee of the registration office to dispatch equipment, direct traffic, or exercise any supervision or control over the movement of any shipment, or part thereof, in any manner whatsoever;

(d) The manager of the registration office, and each carrier, shall prepare and maintain such records, and make such reports, as the Office of Defense Transportation may prescribe, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942. Such records shall be kept available for examination and inspection at all reasonable times by any accredited representative of the Office of Defense Transportation; and

(e) The cost of maintaining the registration office shall be apportioned among the carriers as they shall agree on, or in the event the carriers are unable to agree thereon, shall be apportioned as the Office of Defense Transportation shall determine and direct.

2. Shipments exchanged pursuant to this order shall be exchanged in accordance with the following conditions:

(a) All shipments shall be transported to point of destination on the bill of lading of the carrier with whom the shipper entered into the contract of carriage;

(b) Except as may be otherwise provided by agreement between the interested carriers or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenue derived from transportation of a shipment exchanged, and from storage in transit, packing and unpacking, and other accessorial services pertaining thereto, shall be as determined and directed by the Office of Defense Transportation;

(c) The rates and charges applicable to the transportation, storage in transit, packing and unpacking, and other accessorial services performed in respect of any shipment shall be the lawfully applicable rates and charges of the carrier with whom the shipper entered into the contract of carriage;

(d) The duties and obligations of the originating carrier to the shipper shall not be altered by an exchange made pursuant hereto; and

(e) The carriers shall not exchange shipments with each other except as provided herein.

3. Any common carrier by motor vehicle, duly authorized or permitted to engage in the transportation of household goods, and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C., for authorization to partcipate in the functioning of the registration office established pursuant hereto. A copy of every such application shall be served upon the manager of the registration office. Upon receiving such authorization, such carrier shall become subject to this order and shall thereupon be entitled and required to participate in the functioning of the registration office in accordance with all the provisions and conditions of this order, in the same manner and degree as the carriers named in the Appendix hereof.

4. Nothing contained in this order shall be so construed or applied as to relieve any carrier subject hereto from registering with joint information offices and obtaining clearance certificates as provided in General Order ODT 13, as amended (7 F.R. 5066, 5678), or required by any other General Order, or as to relieve any carrier from any other requirements of the Office of Defense Transportation, or from any other regulatory or legal requirement, or as to require or permit any carrier to perform any transportation service not authorized or sanctioned by law, or to render any service beyond its transportation capacity, or to alter its legal liability to any shipper or other carrier.

5. Each carrier subject to this order engaged in interstate transportation shall file a copy of this order with the Interstate Commerce Commission, and, if engaged in intrastate commerce, shall file a copy hereof with each appropriate State regulatory body having jurisdiction over any operations affected hereby.

6. Contractual arrangements made by the carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

7. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-45", and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

8. This supplementary order shall become effective on July 29, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 22nd day of July 1943.

JOSEPH B. EASTMAN,
Director, Office of Defense Transportation.

(b) The prices set in section (a) of this order are subject to the following qualifications:

(1) The above "retail delivered" prices shall include sales for home consumption by any person whether sold for cash or on credit, and whether sold on the premises or delivered, except as provided in subsection (2) hereof.

(2) The above "retail over counter" prices shall include sales for home con-

sumption by stores where the milk is sold over the counter and is not delivered.

(3) The above "wholesale delivered" prices shall include delivered sales to stores, hotels, restaurants, and institutions in any quantity, and to any person whose purchases average not less than 8 quarts per day.

(4) A deposit charge of not more than five cents per bottle may be made to and by stores purchasing milk in glass bottles for resale, such bottles to be redeemed at the same price as is thus charged.

(5) When sale is made at wholesale or retail in a paper container, an additional charge of not more than one cent per container may be made over and above the applicable prices specified in the respective schedules as set forth above.

(6) All other customary deposit charges and price differentials for special milk, including but not limited to Grade A milk, flavored milk, trade marked milk, and milk of specially high butterfat content, which any seller (or purchaser from a producer) had in effect during the base period, may be added to the maximum prices for standard milk as fixed in this Order. The base period to be used for computing all such differentials shall be:

(i) For sales of fluid milk subject to the General Maximum Price Regulation, March, 1942.

(ii) For sales of fluid milk subject to Maximum Price Regulation 280, the period September 28, 1942 to October 2, 1942, inclusive.

(iii) For purchase of fluid milk from producers subject to Maximum Price Regulation 329, January, 1943.

(c) The maximum price for any sale of fluid milk subject to the General Maximum Price Regulation or to Maximum Price Regulation 280, for which no price is fixed in sections (a) and (b) of this order in the localities specified therein, shall be computed by increasing the seller's maximum price as determined under those regulations (without considering the increases permitted by Region I General Order 15 in Areas 1B, 3A, 3B, 5B, 6B, 6C, 7A, 9A, and 9B on February 21, 1943, or by Region I Price Order 2 in Area 9A on November 19, 1942) by the following amounts per quart:

1½ cents—Areas 1B, 3A, and 3B.
1 cent—Areas 4, 5B, 6B, 7A, 9B, 16B, and 16C.
½ cent—Areas 2B, 5A, 6A, 6C, 7B, 7C, 7E, 7F, 9A, 9C, 9E, 10C, 10D, 11AB, 12, 15C, 16A (No.), 16A (So.), 17, 18, and 19.
No increase—Areas 1C, 2A, 8, 10B, 11C, 13A, 13B, 14A, 14B, 15A, and 15B.

(d) Each milk distributor selling milk subject to this order to purchasers for purposes of resale shall promptly notify such purchasers in writing of the maximum prices permitted by this order for sales by the distributor and by such purchasers, and of the requirement that such maximum prices be posted by such purchasers in accordance with the provisions of § 1499.13 of the General Maximum Price Regulation.

(e) This order, on and after its effective date, shall supersede Region I Price Order 2 (redesignated as Order No. G–2) under § 1499.18 (c) as amended of the General Maximum Price Regulation—Fluid Milk in Massachusetts Milk Marketing Area No. 9A, and Region I General Order 15 (redesignated as Order No. G–15) under § 1499.18 (c) as amended, of the General Maximum Price Regulation, § 1351.807 of Maximum Price Regulation 280, and § 1351.408 of Maximum Price Regulation 329, Fluid Milk in Certain Specified Areas of Massachusettts.

(f) This order may be revoked, amended or corrected at any time.

(g) Unless the context otherwise requires, the definitions set forth in the Regulation applicable to any sale of any fluid milk under this Order shall apply to the terms used herein with reference to such sale.

(h) This order shall become effective March 15, 1943 at 12: 01 a. m.

(Pub. Laws 421 and 729, 77th Cong., E.O. 9250, 7 F.R. 7871)

Issued this 13th day of March 1943.

[Region III Order G–12 Under 18 (c)]

FLUID MILK IN INDIANA

Order No. G–12 under § 1499.18 (c), as amended, of the General Maximum Price Regulation (formerly No. III–1499.18 (c)–15)—Order Adjusting the Maximum Prices of Fluid Whole Milk Sold at Retail and Wholesale in the State of Indiana.

For the reasons set forth in the opinion attached hereto and made a part hereof, and pursuant to the authority vested in the Regional Administrator of Region III under the provisions of § 1499.18 (c) of the General Maximum Price Regulation, and notwithstanding the provisions of § 1499.2 thereof, *It is hereby ordered*, That:

I. *Sales of fluid whole milk.* Except as to such sales and deliveries of fluid whole milk as are specifically described in section II hereof, any person making sales or deliveries of fluid whole milk at retail or wholesale in the State of Indiana may add to the maximum prices established for him under the provisions of § 1499.2 of the General Maximum Price Regulation, the increases provided in Schedule A hereof.

II. *Exceptions.* A. Notwithstanding the provisions of paragraph I and Schedule A hereof, any person making sales or deliveries of fluid whole milk at retail or wholesale in the County of Marshall, Indiana, may, in addition to the increases provided for in said Schedule A, add one-half cent per quart on all sales and deliveries of fluid whole milk in quart containers.

B. Notwithstanding the provisions of paragraph I hereof, there shall be no increase in the price of fluid whole milk sold at retail or wholesale in the Counties of Grant, Allen, Floyd, Clarke, St. Joseph, LaPorte, Lake, Steuben, Putnam, Clinton, and Dearborn.

C. Notwithstanding the provisions of paragraph I hereof, any person making sales or deliveries of fluid whole milk at retail or wholesale in the Counties of Vigo, Clay, Owen, Monroe, Brown, Bartholomew, Decatur, and Franklin and in all counties in the State of Indiana lying north of the aforementioned belt of counties, whose adjusted maximum price per quart as established under this order is less than 13¢ at retail and/or 11¢ at wholesale, is hereby granted an adjusted maximum retail price of 13¢ per quart and/or an adjusted maximum wholesale price of 11¢ per quart.

D. Notwithstanding the provisions of paragraph I hereof, any person making sales or deliveries of fluid whole milk at retail or wholesale in all counties in the State of Indiana lying south of the belt of counties consisting of Vigo, Clay, Owen, Monroe, Brown, Bartholomew, Decatur, and Franklin, whose adjusted maximum price per quart as established under this order is less than 12¢ per quart at retail and/or 10¢ per quart at wholesale is hereby granted an adjusted maximum retail price of 12¢ per quart and/or an adjusted maximum wholesale price of 10¢ per quart.

E. For each full cent increase permitted in the price of quarts under the preceding paragraphs C and D hereof, the price of pints sold or delivered at retail and wholesale may be increased by one-half cent, and the price of one-half pints sold or delivered at wholesale may be increased by one-quarter cent.

F. Notwithstanding the provisions of paragraph No. I hereof, no increase shall be permitted in the price of quarts, pints, one-third quarts, or half-pints of fluid whole milk sold or delivered at retail, or pints, one-third quarts or half-pints of fluid whole milk sold or delivered at wholesale in the County of Marion, Indiana. However, any person making sales or deliveries of fluid whole milk in quart containers at wholesale in said County, may add one-half cent per quart to the maximum price established for him under the provisions of § 1499.2 of the General Maximum Price Regulation.

G. In no event shall the adjusted maximum price for half-pints at wholesale as established under any provision of this order exceed three and one-half cents per half-pint.

III. *Fractional sales.* A. Whenever the seller's maximum price, as established under this order, results in a unit figure containing a fraction of a cent, the seller, if the sale be at retail, may adjust the unit price therefor to the next highest full cent. For the sale of two or more such units, such seller shall, however, multiply such fractional unit figure by the number of units in such sale; for example, a maximum price of 13½¢ per unit may be adjusted to 14¢ for the sale of one unit, but must be 27¢ for the sale of two units, etc.

B. Whenever the seller's maximum price, as established under this order, results in a unit figure containing a fraction of a cent, the seller, if the sale be at wholesale, shall multiply such fractional unit figure by the number of units in such sale; for example, the maximum price for 24 pints of fluid milk at a per unit cost of 6½¢ would be $1.56.

IV. *Reports.* Each person, other than a retail store, adjusting his maximum prices pursuant to the provisions of this order, shall, within five days after such action notify the State Office of the Office of Price Administration, 510 North New Jersey Street, Indianapolis, Indiana, by letter, of his maximum prices established pursuant to this order, together with a statement of his previous maximum prices.

Each person shall, in addition to the above, file with the Regional Office of the Office of Price Administration, Union Commerce Building, Cleveland, Ohio, such reports as may hereafter be required by said Regional Office.

V. *Notification of retail stores.* Each distributor selling fluid milk at wholesale to a retail store or stores shall notify each store to whom he sells, by letter, of the adjustment permitted in this order, and each retailer shall be required to post in his place of business the adjusted prices permitted in this order, in accordance with the requirements of the General Maximum Price Regulation as to the posting of prices of cost-of-living commodities.

VI. *Discounts.* Except as to sales or deliveries in the County of Marion, Indiana, each seller of fluid whole milk at retail or wholesale shall maintain all of his customary allowances, discounts, and other price differentials.

VII. *Definition.* A. "Person" includes and individual, corporation, partnership, association, or any other organized group of persons or successors of the foregoing.

B. "Fluid whole milk" is defined to mean all cows milk which has been produced, processed, distributed, and sold for human consumption in fluid form with essentially the same butterfat content as each person or seller maintained during the month of March 1942.

C. "Sale or delivery at retail" means a sale or sales of fluid whole milk in glass or paper containers to an ultimate consumer other than an industrial or commercial user.

D. "Sale or delivery at wholesale" means a sale or sales of fluid whole milk in glass or paper containers to any person, other than an ultimate consumer, including industrial or commercial users.

VIII. This order shall remain in effect until modified or revoked by the Regional Administrator.

Effective December 30, 1942.

(Pub. Laws 421 & 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued December 29, 1942.

BIRKETT L. WILLIAMS,
Regional Administrator.

D. Any person may sell or deliver fluid whole milk at retail or wholesale in the Counties of Bell, Boone, Boyd, Bracken, Campbell, Carter, Elliott, Fleming, Gallatin, Grant, Greenup, Hardin, Henderson, Kenton, Lawrence, Lewis, McCracken, Mason, Pendleton, Robertson, Rowan, and Warren in the State of Kentucky at: (1) The maximum prices established for him under § 1499.2 of the General Maximum Price Regulation, or (2) The maximum prices established for him under any previous Order issued by the Regional Administrator of Region III, or (3) At the prices set forth in the following schedule, whichever are greater:

II. *Sales of special milk.* A. Except as hereinafter provided in Paragraph B of this section II, any person selling special milk, as hereinafter defined, at retail or wholesale in any County in the State of Kentucky, who is permitted under the provisions of this Order or has been permitted under the provisions of any previous Order issued by the Regional Administrator of Region III to increase the price of fluid whole milk (raw or pasteurized regular, standard milk) sold by him, may add an amount equal to such increase to the retail and wholesale prices of special milk established for him under the provisions of § 1499.2 of the General Maximum Price Regulation or under the provisions of any previous Order issued by the Regional Administrator of Region III.

B. The adjusted maximum price of plain Homogenized milk, Chocolate drink, Buttermilk and Skim milk as established under the preceding Paragraph A shall in no event exceed the adjusted maximum price of Fluid whole milk (raw or pasteurized regular, standard milk) established under the applicable provisions of this order.

C. If any person selling special milk at retail or wholesale in any County in the State of Kentucky cannot determine his maximum prices for such special milk under the provisions of Paragraphs A or B of this section II, he may apply by letter to the Regional Office of Price Administration, Union Commerce Building, Cleveland, Ohio, for determination of his maximum prices. He shall submit full information as to his present maximum prices, the prices of his most closely competitive sellers, the type and approximate butterfat content of the special milk sold by him and his most closely competitive sellers, and a full statement of the reasons why he is unable to determine adjusted prices under Paragraphs A and B hereof.

III. Notwithstanding the provisions of paragraphs I and II of this order, there shall be no increase in the prices of fluid whole milk or special milk, as hereinafter defined, in the County of Jefferson in the State of Kentucky.

IV. *Fractional sales.* Whenever the seller's maximum price, as established under this order, results in a unit figure containing a fraction of a cent, the seller, if the sale be at retail, may adjust the unit price therefor to the next highest full cent. For sales of two or more such units, such seller shall, however, multiply such fractional unit figure by the number of units in such sale; for example, a maximum price of 7½¢ per unit may be adjusted to 8¢ for the sale of one unit, but must be 15¢ for the sale of two units, etc.

B. Whenever the seller's maximum price, as established under this order, results in a unit figure containing a fraction of a cent, the seller, if the sale be at wholesale, shall multiply such fractional unit figure by the number of units in such sale; for example, the maximum price for 24 pints of fluid milk at a per unit cost of 5½¢ would be $1.32.

V. *Reports.* Each person, other than a retail store, adjusting his maximum prices pursuant to the provisions of this order, shall, within five (5) days after such action, notify the Regional Office of the Office of Price Administration, Union Commerce Building, Cleveland, Ohio, by letter, of his maximum prices established pursuant to this order, together with a statement of his previous maximum prices.

Each such person shall, in addition to the above, file with the Regional Office of the Office of Price Administration, Union Commerce Building, Cleveland, Ohio, such reports as may hereafter be required by said Regional Office.

VI. *Discounts.* Any person selling fluid whole milk and/or special milk at retail or wholesale in the State of Kentucky may discontinue the granting of discounts.

VII. *Notification of retail stores.* Each distributor selling fluid whole milk and/or special milk at wholesale to a retail store or stores shall notify each store to whom he sells, by letter, of the adjustment permitted in this Order, and each retail store is hereby required to comply with the requirements of the General Maximum Price Regulation as to the posting of prices of cost-of-living commodities.

VIII. The provisions of this order supersede the provisions of General Order No. 1 (redesignated as Order No. G–17 under § 1499.18 (c), as amended, of the General Maximum Price Regulation) Pertaining to Certain Trade Practices in Region III. Said General Order No. 1 is therefore revoked as to all counties, except Jefferson County in the State of Kentucky.

IX. *Definitions.* A. "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or successors of the foregoing.

B. *Fluid whole milk and special milk.* 1. "Fluid whole milk" is defined to mean all grades of cow's milk which has been produced, processed, distributed, and sold for human consumption in fluid form as raw or pasteurized regular, standard whole milk, with essentially the same butterfat content as each person or seller maintained during the applicable base period.

2. "Special milk" is defined to mean plain Homogenized milk, Softcurd milk, Buttermilk, Regular or Standard milk flavored with chocolate, Chocolate drink, Skim milk and, in addition to the foregoing, any milk conforming to both of the following requirements: (a) it must contain a greater butterfat content than regular or standard milk, and (b) it must have sold during the month of March 1942 at a price higher than regular or standard milk.

C. "Sale or delivery at retail" means a sale or sales of fluid whole milk in glass or paper containers to an ultimate consumer, other than an industrial or commercial user.

D. "Sale or delivery at wholesale" refers to a sale of fluid whole milk or special milk in glass, paper or other containers to any person, including an industrial or commercial user, other than an ultimate consumer. For the purposes of this order, a sale or delivery at wholesale shall include a sale or delivery to stores, hotels, restaurants, institutions, and any branch of the Armed Forces of the United States. A sale or delivery at wholesale does not include a sale of bulk milk made by one distributor to another, or a sale by cooling station to a distributor.

X. This order shall remain in effect until modified or revoked by the Regional Administrator.

Effective January 20, 1943.

FRESH FRUITS AND VEGETABLES IN BOISE, IDAHO

Order No. G-1 under section 4 (c) of Maximum Price Regulation No. 376 and Region VII Delegation Order No. 10—Adjustment of Maximum Prices for Certain Fresh Fruits and Vegetables When Sold Otherwise Than at Retail in the Boise, Idaho District.

For the reasons set forth in an opinion issued simultaneously herewith and upon the authority vested in the District Manager of the Office of Price Administration by Region VII Delegation Order No. 10 under section 4 (c) of Maximum Price Regulation No. 376, *It is hereby ordered:*

(a) *Commodities covered.* This order covers each kind, variety and type of the following fresh vegetables when grown in or brought into the Boise, Idaho District:

(1) Tomatoes.
(2) Snap beans.
(3) Carrots.
(4) Cabbage.
(5) Green peas.
(6) Lettuce.
(7) Spinach.

The fresh vegetables listed above are referred to in this order as the "listed commodities."

(b) *Geographical applicability.* The provisions of this order are limited in their geographical application to the Boise, Idaho District of the Office of Price Administration, and more specifically, all that part of the State of Idaho, south of the southern boundary of Idaho County and the Counties of Malheur and Harney in the State of Oregon.

(c) *Transactions covered.* (1) This order applies to all sales except those expressly exempted by paragraph (e) hereof.

(d) *Applicability of Maximum Price Regulation No. 376 and other regulations.* Except insofar as the same are inconsistent with or contrary to the terms and provisions of this Order No. G-1, all of the terms and provisions of Maximum Price Regulation No. 376 shall be applicable hereto with like force and effect as though rewritten herein. The maximum prices for the "listed commodities" heretofore established by Orders No. 1, 2 and 3 under § 1439.253 (c) of Temporary Maximum Price Regulation No. 28 and Order No. 4 under § 1439.-253 (c) of Temporary Maximum Price Regulation No. 28 and § 1439.304 (c) of Temporary Maximum Price Regulation No. 29, are hereby revoked in accordance with the provisions of this Order.

(e) *Exempt sales.* The provisions of this order shall not apply to the following:

(1) Sales and deliveries at retail which shall continue to be priced under Maximum Price Regulation No. 268 (except sales at retail by a grower or by a wayside market stand, which are covered by this order).

(2) Sales and deliveries by a farmer of any listed commodity grown on his farm to a country shipper. This regulation shall apply to any sales and deliveries by a farmer directly to wholesalers, retailers and commercial, industrial and institutional users, except sales and deliveries to processors, such as but not limited to, canners, packers, manufacturers or dehydrators.

(f) *Prohibition against sales above maximum prices.* On and after the effective date of this order, regardless of any contract or other obligation, no person shall sell or deliver and no person in the course of trade or business shall buy or receive any of the "listed commodities" at prices higher than the maximum prices established by this order and no person shall agree, offer, solicit or attempt to do any of the foregoing. Lower prices than the maximum price may be charged and paid.

(g) *Definitions.* When used in this order, the term:

(1) "Person" includes individuals, corporations, partnerships, associations or any legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government or any of its political subdivisions or any agency of any of the foregoing.

(2) "Grower" means a person who produces one or more of the "listed commodities".

(3) "Country shipper" means any person, including a grower, who makes sales and deliveries from his farm or country shipping point to any other person and whose sales are covered by the maximum prices set forth in paragraph (p) hereof.

(4) "Carlot or trucklot distributor" means a person other than a country shipper who purchases the "listed commodities" in straight or mixed carlots or in straight or mixed trucklots and resells the same in unbroken carlots or unbroken trucklots in a terminal market or other wholesale receiving point.

(5) "Primary distributor" means a person who maintains an established place of business at a terminal or wholesale market and who either by himself or jointly with other primary distributors, purchases the "listed commodities" in straight or mixed carlots or straight or mixed trucklots and breaks the shipment and resells in smaller lots without materially changing the form, to intermediate sellers or to retailers. A truck or a truck stand shall not be deemed to be an "established place of business" within the meaning of this order; but a stall in a public market shall be deemed to be such place of business.

(6) "Intermediate seller" means any person (other than a country shipper or retailer) who purchases from a primary distributor any one or more of the "listed commodities" in less than carlots or trucklots for the purpose of reselling and who takes title and makes sales to any person who is not an ultimate consumer. The term "ultimate consumer" shall not include industrial, commercial, or institutional users (including procurement agencies of the United States or of any State).

(7) "Retailer" means a person who makes sales to ultimate consumers.

(8) "Sales and deliveries at retail" means sales by retailers. Sales to industrial, commercial or institutional users (including procurement agencies of the United States or of any State) shall not be construed to be sales at retail.

(9) "Country shipping point" means the first place in or near the producing area in the Boise, Idaho District where any one or more of the "listed commodities" is made ready for shipment to any person.

(10) "Cost of transportation" means freight by common, contract or private carrier not to exceed the lowest common or contract carrier rate for available transportation a distance of 15 miles or more and includes charges incurred for pre-cooling, initial icing and other protective services.

(11) "Boise District" includes that part of the State of Idaho lying south of the southern boundary of Idaho County and the Counties of Malheur and Harney in the State of Oregon.

(12) Unless the context otherwise requires, the definitions set forth in section 13 of Maximum Price Regulation No. 376 shall apply to other terms used herein.

(h) *Maximum Prices for country shippers.* Maximum prices for all sales made at a country shipping point shall be the prices specified in the tables set forth in paragraph (p) hereof.

(i) *Maximum Prices for carlot or trucklot distributors.* If any person, (1) purchases any one or more of the "listed commodities" in straight or mixed carlots at a country shipping point in the Boise, Idaho District and resells the same in straight or mixed carlots in a terminal market or other wholesale receiving point in the Boise, Idaho District; or (2) purchases any one or more of the "listed commodities" in straight or mixed trucklots at a country shipping point in the Boise, Idaho District and resells the same in straight or mixed trucklot (without breaking the original trucklots) at a terminal market or other wholesale receiving point in the Boise, Idaho District, the maximum price shall be the maximum price at the country shipping point plus the cost of transportation from the country shipping point to the terminal market or other wholesale receiving point plus a brokerage charge, if actually incurred, not to exceed the broker's maximum service charge as established under § 1499.101 (c) (17) of Maximum Price Regulation No. 165 and duly filed with the proper War Price and Rationing Board.

(j) *Classes of primary distributors and intermediate sellers.* For the purposes of this order, primary distributors and intermediate sellers shall be divided into the following classes:

Class I: Retailer-owned cooperative seller. A retailer-owned cooperative primary distributor or intermediate seller is either a non-profit organization or a corporation, 51% or more of the stock of which is owned by its retailer customers and which purchases and resells the "listed commodities" without materially changing their form.

Class II: Cash-and-carry seller. A cash-and-carry seller is a seller not in Class I who customarily buys and resells the "listed commodities" to intermediate sellers, retail stores, or to commercial, industrial or institutional users without materially changing their form and who does not customarily deliver or extend credit to customers.

Class III: Service seller. A service seller is a seller not in Class I who customarily purchases and resells the "listed commodities" to chain stores, independent retail stores or to commercial, industrial or institutional users without materially changing their form and who customarily delivers and extends credit to customers.

(k) *Maximum prices for primary distributors.* (1) A primary distributor's "base price" shall be the country shipping point price when the "listed commodities" are grown in the Boise, Idaho District, plus cost of transportation, plus a brokerage charge, if actually incurred, not to exceed the broker's maximum service charge as established under § 1499.101 (c) (17) of Maximum Price Regulation No. 165 and duly filed with the proper War Price and Rationing Board; and when the "listed commodities" are grown outside the Boise, Idaho District, the "base price" of a primary distributor whose place of business is in the Boise, Idaho District shall be the net cost to him delivered at his customary receiving point when purchased from a customary supplier in straight or mixed carlots or in straight or mixed trucklots, not, however, to exceed the maximum price of his supplier plus cost of transportation, and plus a brokerage charge as hereinabove specified in this paragraph.

(2) The maximum price for any one of the "listed commodities", when sold by a Class I or Class II primary distributor, shall be such primary distributor's "base price" multiplied by 1.175; and the maximum price for any one of the "listed commodities", when sold by a Class III primary distributor, shall be such primary distributor's "base price" multiplied by 1.25.

(l) *Maximum prices for intermediate sellers.* (1) An intermediate seller's "base price" for any one of the "listed commodities", when purchased from a primary distributor, shall be the "base price" of his supplier. In all such transactions it shall be the duty of the seller to furnish the buyer a statement either upon the face of the invoice or by separate instrument, showing the seller's "base price" and how it was arrived at.

(2) The maximum price for any one of the "listed commodities" when sold by a Class I or Class II intermediate seller shall be such intermediate seller's "base price" multiplied by 1.20 plus cost of transportation and the maximum price for any one of the "listed commodities" when sold by a Class III intermediate seller shall be such intermediate seller's "base price" multiplied by 1.29. *Provided, however,* That an intermediate seller who purchases from another intermediate seller shall have for his maximum price the maximum price of the intermediate seller from whom he purchased.

(m) *Maximum prices for sales at retail by a grower or a wayside market stand.* The maximum prices for a grower or a wayside market stand on sales made to an ultimate consumer shall be the country shipping point price multiplied by 1.40.

(n) *Notification by intermediate seller.* Every sale of a "listed commodity" by an intermediate seller to another intermediate seller shall be accompanied by a notification in writing showing the seller's maximum price for such sale.

(o) *What specified markups include.* The maximum markups provide herein for primary distributors and intermediate sellers include all commissions and brokerage charges, if any, and all other items of cost involved in making local deliveries within a seller's customary free delivery zone. Any primary distributor or intermediate seller delivering the "listed commodities" to institutions or retail stores outside his free delivery zone may charge different delivered prices in such other areas or zones in which deliveries are made as follows:

(1) He first determines his delivered price for each area or zone by adding to his prices established by this order an amount not exceeding the average cost of delivery to the institutions or retailers in the area or zone.

(2) In determining the average cost of delivery to the retailers in the area or zone no rate shall be used which is in excess of the lowest common or contract carrier rate for available transportation.

(3) If such a delivery charge is made, the amount thereof shall be included as part of the maximum price established by this order. Before using such area or zone differential, the primary distributor or intermediate seller shall report it in writing to the Boise, Idaho District Office of the Office of Price Administration having jurisdiction over the seller.

(3) Any person making a first sale of milk to any customer at these established maximum prices shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

The following maximum prices have been established for fluid milk in Kootenai, Latah and Nez Perce Counties of the State of Idaho by Order No. 4 issued by the Regional Administrator of O. P. A., and are effective December 10, 1942:

(Here set forth the prices stated above for said counties, both at wholesale and retail)

As to Boundary, Bonner, Benewah, Idaho and Lewis Counties, the printed or written slip will substitute the names of those counties and the maximum prices specified in paragraph (2).

(4) All sellers and distributors of milk who purchase their supplies or any part thereof direct from the producer, shall file with the State Office of Price Administration at Boise, Idaho, on or before the 20th day of each month beginning with January, 1943, a statement showing the prices actually paid by such seller or distributor to the producers of milk from whom he purchased any quantity during the preceding month.

(5) From and after the effective date of this order, it shall not be obligatory upon any seller to maintain or continue any differentials or quantity discounts heretofore established by him, provided, however, that any seller at wholesale or retail may sell at a price lower than the maximum prices established by this order if he so desires.

(6) *Definitions.* For the purpose of this order:

(i) "Milk" means cow's milk produced, processed or unprocessed, containing not less than 3.8 per cent of butterfat distributed and sold in bottles or paper containers for consumption in fluid form as whole milk.

(ii) Koutenai, Latah, Nez Perce, Boundary, Bonner, Nenewah, Idaho and Lewis counties mean all the respective areas lying within the geographical boundaries of those counties.

(7) This order may be revoked, modified or amended by the Price Administrator or the Regional Administrator at any time.

(8) This order becomes effective December 15, 1942.

(j) From and after the effective date of this Revised General Order, it shall not be obligatory upon any seller of fluid milk to maintain or continue any customary allowance, discount, quantity discount or differential heretofore established by him: *Provided, however,* That any seller at wholesale or retail may sell at a price lower than the maximum prices established by this revised general order if he so desires.

(k) Any person making a first sale of milk to any customer at these established maximum prices shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

By Revised Order No. G–7 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 A. M. on February 23, 1943, the price of milk in this area of Colorado has been fixed at (here state each container size sold and the wholesale and retail prices for the same).

(l) Sellers and distributors of fluid milk who adjust any price upward upon the authority of this revised order shall, on or before the 20th day of April A. D. 1942, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Denver, Colorado, the quantity of milk handled during each month, the source or sources of supply from which obtained and the price paid the producer therefor on a butter-fat basis, either directly by the seller or by his immediate or remote supplier who did purchase direct from the producer. This applies only to distributors who purchase direct from the producer. This applies only to distributors who purchase some or all of their supply of fluid milk.

(m) *Definitions.* (1) "Fluid milk" means cow's milk produced, processed or unprocessed and of approved grade sold in glass or paper containers for consumption in fluid form as whole milk.

(2) The "Denver area of Colorado" means all that area lying east of a line drawn north and south through a point five miles east of the most easterly boundary of the municipality of Golden, Colorado, and south of a line drawn east and west through a point one mile north of the most northerly boundary of the platted area known as Westminster, Colorado, and west of a line drawn north and south through a point one mile east of the most easterly barracks or other building located on Buckley Field Military reservation, and north of a line drawn east and west through a point one mile south of the most southerly boundary of the municipality of Littleton, Colorado.

(3) The "Colorado Springs-Manitou area of Colorado" means all of the area lying east of a line drawn north and south through a point one mile west of the most westerly boundary of the municipality of Manitou, Colorado, and south of a line drawn east and west through a point four miles north of the most northerly boundary of the municipality of Colorado Springs, Colorado, and west of a line drawn north and south through a point one mile east of the most easterly boundary of the municipality of Fountain, Colorado, and north of a line drawn east and west through a point one mile south of the most southerly boundary of Fountain, Colorado.

(4) The "Pueblo area of Colorado" means all that area lying east of a line drawn north and south through a point three miles west of the most westerly boundary of the municipality of Pueblo, Colorado, and south of a line drawn east and west through a point three miles north of the most northerly boundary of the municipality of Pueblo, Colorado, and west of a line drawn north and south through a point three miles east of the most easterly boundary of the municipality of Pueblo, Colorado, and north of a line drawn east and west through a point three miles south of the most southerly boundary of the municipality of Pueblo, Colorado.

(5) The "Adams, Arapahoe, Jefferson, El Paso, Pueblo, Larimer, Weld, Logan, Morgan, Boulder, Clear Creek, Douglas, Teller, Otero and Huerfano area of Colorado" means all of the areas lying within the geographical boundaries of those counties of the State of Colorado, except such parts and portions thereof as are included within either the "Denver area", "Colorado Springs-Manitou area", or the "Pueblo area", as hereinabove defined.

(6) "Camp Hale, Colorado" means all that area within the geographical boundaries of the Camp Hale Military Reservation at Pando, Colorado.

(7) "Gilpin County area" means all that area within the geographical boundaries of the County of Gilpin, State of Colorado.

(8) "Telluride area of Colorado" means all of the area lying within the municipal boundaries of that municipality and a distance of three miles beyond all points in said boundaries.

(9) The "Remainder area of Colorado" means all that area within the geographical boundaries of the State of Colorado which is not included in any one of the areas described in subparagraphs (1), (2), (3), (4), (5), (6), (7), and (8).

(n) Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation, or any applicable price regulation supplementary thereto or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act as amended, that are higher than the prices fixed by this order, may continue to sell at such higher established maximum price and the same shall not be modified or superseded by this revised general order.

(o) In computing prices for a quantity purchase either at wholesale or retail, fractions of less than one-half cent shall be adjusted downward to the next cent, and fractions of one-half cent or more shall be adjusted upward to the next cent, and where a sale involves a single fractional unit or a single unit with a fractional price, the price shall be adjusted upward to the next cent, for example, a maximum price of 13½ for one unit will be adjusted to 14¢.

(p) This revised order may be revoked, amended or corrected at any time.

(q) Unless the context otherwise requires, the definitions set forth in § 1499.20 of the General Maximum Price Regulation shall apply to the terms used herein.

This revised order shall become effective at 12:01 a. m. February 23, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

(2) Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation, or any applicable price regulation supplementary thereto or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act as Amended, that are higher than the prices fixed by this order, may continue to sell at such higher established maximum price and the same shall not be modified or superseded by this order.

(3) From and after the effective date of this order, except as to sales to the United States Government or any agency thereof, it shall not be obligatory upon any seller of fluid milk to maintain or continue any customary allowance, discount, quantity discount or differential heretofore established by him provided, however, that any seller at wholesale or retail may sell at a price lower than the maximum prices established by this order if he so desires.

(4) In computing prices for a quantity purchase either at wholesale or retail, fractions of less than one-half cent shall be adjusted downward to the next cent, and fractions of one-half or more shall be adjusted upward to the next cent, and where a sale involves a single fractional unit or a single unit with a fractional price, the price shall be adjusted upward to the next cent. For example, a maximum price of 13½¢ for one unit will be adjusted to 14¢.

(5) It is not required of any seller that he raise his present prices to these established maximum prices, but if he elects to do so then with each first sale of milk to any customer at such higher price he shall at the time of delivery furnish the buyer with a printed or written slip containing the following information:

We have elected to raise our prices as permitted by Order No. 69 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 a. m. on December 28, 1942. Our prices are now (here state each container size sold and the wholesale and retail price for the same).

(6) Sellers and distributors of fluid milk who adjust any price upward upon the authority of this order shall, on or before the 20th day of February, A. D. 1943, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Cheyenne, Wyoming, the quantity of milk handled during the preceding month, the source or sources of supply from which the same was obtained and the price paid the producer therefor on a butter-fat basis either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distributors who do not produce all of their supply of fluid milk, but purchase from another source of supply some part or portion of the milk which they sell and distribute.

(7) *Definitions.* "Sublette, Teton, Sheridan, Campbell, Crook, Weston, Niobrara, Goshen, Platte, Laramie, Johnson, Uinta, Park, Big Horn, Washakie, Hot Springs, Fremont, Lincoln, Converse, Albany, Sweetwater, Natrona and Carbon counties, Wyoming," mean all of the areas lying within the respective boundaries of those counties of the State of

Wyoming and in the aggregate they constitute all of the area of the State of Wyoming except that part contained within the boundaries of Yellowstone National Park.

(8) This order may be revoked, modified or amended by the Price Administrator or the Regional Administrator at any time.

(9) This order becomes effective at 12:01 o'clock a. m. on December 28, 1942.

(2) Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation, or any applicable price regulation supplementary thereto, or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act as amended, that are higher than the prices fixed by this order, may continue to sell at such higher established maximum price and the same shall not be modified or superseded by this order.

(3) Sellers affected by this order shall not change their customary allowances, discounts or other price differentials unless such change results in a lower price.

(4) Any person making a first sale of milk to any customer at these established maximum prices shall at the time of delivery furnish the buyer with a printed or written slip containing the following information:

By Order No. G-9 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 a. m. January 12, 1943, the maximum prices of milk in the counties of Roosevelt and Curry, New Mexico, have been modified to permit sales at (here state each container size sold and the wholesale and retail price for the same.)

(5) Sellers and distributors of fluid milk who adjust any price upward upon the authority of this order shall, on or before the 20th day of February, A. D. 1943, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Albuquerque, New Mexico, the quantity of milk handled during the preceding month, the source or sources of supply from which the same was obtained and the price paid the producer therefor on a butterfat basis either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distributors who do not produce all of their supply of fluid milk, but purchase from another source of supply some part or portion of the milk which they sell and distribute. The purpose of the provision is to enable the State Office of Price Administration to determine whether or not the price increase hereby granted has been proportionately and equitably passed on the producer.

(6) *Definitions.* For the purpose of this order:

(a) "Milk" means cow's milk produced, processed or raw, distributed and sold in bottles or paper containers for consumption in fluid form as whole milk.

(b) "Roosevelt and Curry counties, New Mexico" means all of the area included within the geographical boundaries of those counties of the State of New Mexico.

(7) This order may be revoked, modified or amended by the Price Administrator or the Regional Administrator at any time.

(8) Order No. 8, issued by this Regional Office on November 4, 1942, under § 1499.73 (a) (1) (iv) of the General Maximum Price Regulation, modifying maximum wholesale and retail prices for fluid milk in Clovis, New Mexico, is hereby revoked and superseded by this order as of the effective date named herein.

(9) This order becomes effective at 12:01 A. M. on January 12, 1943.

Provided, however, That wherever a higher price is authorized by Regional Order G5 or G6, supra, such higher price shall continue in full force and effect and shall not be modified or superseded by this order.

2. *Definitions.* For the purpose of this order: (a) "Milk" means cow's milk produced, processed or raw, distributed and sold in glass bottles or paper containers for consumption in fluid form as whole milk.

(b) "Chocolate milk" means cow's milk produced, processed or raw, containing not less than 3.2% butterfat with variable quantity of chocolate, sweetened or unsweetened, added, distributed and sold in glass bottles or paper containers for consumption in fluid form.

(c) "Special Grade A milk" means cow's milk containing not less than 4.4% butterfat when sold and delivered under municipal regulations which by ordinance incorporates therein all of the material and substantial terms and provisions of the police regulation commonly referred to as "Standard Milk Ordinance".

(d) "Special milk" means cow's milk produced, processed or raw, containing not less than 4.4% butterfat, distributed and sold in glass bottles or paper containers for consumption in fluid form as whole milk.

(e) "Utah Special Defense Area" means all that area of the State of Utah contained within the boundaries of the counties of Salt Lake, Utah, Davis, and Weber, and within the corporate limits and a distance of three miles beyond at all points of the municipalities of Grantsville, Tooele, Stockton, and Park City and that part of Box Elder County lying south of a line drawn east and west through the most northerly point of the corporate limits of the municipality of Garland.

(f) "Utah State Area" means all of the area of the State of Utah not included within the Utah Special Defense Area as described in paragraph (e), supra.

3. Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable price regulation supplementary thereto, or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act, as amended, that are higher than the prices fixed by this order may continue to sell at such higher established maximum prices and the same shall not be modified or superseded by this order.

4. From and after the effective date of this order, it shall not be obligatory upon any seller of fluid milk to maintain or continue any customary allowance discount, quantity discount, or differential heretofore established by him: *Provided, however,* That any seller at wholesale or retail may sell at a price lower than the maximum prices established by this order if he so desires: *And provided further,* That as to all sales made to the armed forces of the United States or any duly authorized purchasing agency thereof, of any grade of fluid milk, the maximum price to be charged therefor may be as much as 1¢ per quart and ½¢ per pint or ½ pint above the seller's present established maximum price to that particular class of buyer.

5. Any person making a first sale of milk to any customer at these established maximum prices shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

By Order No. G 10 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 a. m., January 16, 1943, the maximum prices of milk in this area of the State of Utah have been modified to permit sales at (here state each container size sold and the permitted maximum wholesale and retail price for the same).

6. Sellers and distributors of fluid milk other than retail stores who adjust any price upward upon the authority of this order shall on or before the 20th day of February, A. D. 1943, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Salt Lake City, Utah, the quantity of milk handled during each month and the price paid the producer therefor on a butterfat basis, either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distributors who do not produce all of their supply of fluid milk but purchase from another source of supply some part or portion of the milk which they sell and distribute. The purpose of this provision is to enable the State Office of Price Administration to determine whether or not the price increase hereby granted has been proportionately and equitably passed on to the producer.

7. This order may be revoked, modified, or amended by the Price Administrator or the Regional Administrator at any time.

8. This order becomes effective at 12:01 a. m. on January 16, 1943.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-760]

PENNSYLVANIA ELECTRIC CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 20th day of July 1943.

Notice is hereby given that an application has been filed pursuant to the Public Utility Holding Company Act of 1935 by Pennsylvania Electric Company, a subsidiary of Associated Electric Company, a registered holding company, which, in turn, is a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company.

All interested persons are referred to said application, which is on file in the offices of the Commission for a statement of the transactions therein proposed which are summarized as follows:

Applications - declarations are now pending before this Commission with respect to a program for the acquisition by Pennsylvania Electric Company of the assets and the assumption of the liabilities of (1) Keystone Public Service Company, a subsidiary of NY PA NJ Utilities Company, a registered holding company (File No. 70-563), (2) Bradford Electric Company, likewise a subsidiary of NY PA NJ Utilities Company (File No. 70-602), and (3) Erie County Electric Company, a subsidiary of The United Gas Improvement Company, a registered holding company (File No. 70-707). If the necessary approvals are obtained and the proposed transactions are consummated, Pennsylvania Electric Company will assume, among other liabilities, $4,000,000 principal amount of First Mortgage 5% Series Bonds, due November 1, 1978, of Keystone Public Service Company, and will issue and sell, at competitive sale, 35,000 shares of its cumulative preferred stock.

The present application proposes that, subsequent to such assumption and simultaneously with the issue and sale of 35,000 shares of its cumulative preferred stock, Pennsylvania Electric Company will call for redemption the entire issue of the First Mortgage 5% Series Bonds, due November 1, 1978, of Keystone Public Service Company, and, in order to provide funds for such redemption, Pennsylvania Electric Company proposes to issue and sell, at competitive sale, $4,000,000 principal amount of its First Mortgage Bonds % Series, to be dated September 1, 1943, and to become due September 1, 1973. Such bonds will be identical with the presently outstanding $32,500,000 principal amount of First Mortgage Bonds of Pennsylvania Electric Company, except with respect to the issue date, maturity date, interest dates, interest rate and the redemption price. The price to the Pennsylvania Electric Company of the additional bonds will be fixed at not less than 104% of the principal amount thereof and the interest rate wil be fixed at not more than 3⅜% per annum.

The estimated proceeds to be derived from the sale of the additional Pennsylvania Electric Company bonds will be applied approximately as follows:

To redeem at 104% of the principal amount thereof $4,000,000 principal amount of First Mortgage 5% Series Bonds, due November 1, 1978, of Keystone Public Service Company	$4,160,000.00
To pay estimated interest on the First Mortgage 5% Series Bonds due November 1, 1978, from the date of delivery of the additional Pennsylvania Electric Company bonds to the date of redemption of the Keystone Public Service Company bonds	16,666.67
To pay estimated expenses	22,000.00
Total	4,198,666.67

The application indicates that Pennsylvania Electric Company proposes to offer the bonds for competitive bidding pursuant to Rule U-50 promulgated under the Public Utility Holding Company Act of 1935. The applicant considers section 6 (b) of the Act as being applicable to the proposed transaction, and that the redemption of the Keystone bonds is exempt from the requirements of section 12 (c) of the Act by virtue of Rule U-42 (b) (2) of the General Rules and Regulations.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to such matters and that the application shall not be granted except pursuant to further order of the Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on August 5, 1943, at 10 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as the hearing room clerk in room 318 will at that time advise. At such hearing cause shall be shown why such application shall be granted. Any person desiring to be heard or otherwise participate in the proceedings should file with the Secretary of the Commission, on or before the 3rd day of August, 1943, his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That Robert P. Reeder, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of the issues presented by the application otherwise to be considered in these proceedings, particular attention will be directed at the hearing to the following matters and questions:

1. Whether it is in the public interest and the interest of investors and consumers and in conformity with the applicable provisions of the Act to grant the application.

2. Whether all fees in connection with the proposed transactions are fair and reasonable.

3. Whether the proposed accounting entries to be made in connection with the application are proper.

4. Whether and to what extent it is appropriate in the public interest or for the protection of investors or consumers that terms and conditions be imposed with respect to the proposed transactions.

5. Generally, whether the proposed transactions meet the appropriate provisions of the Act and Rules and Regulations promulgated thereunder.

By the Commission.

Secretary.

EARL PORTER BECKWITH

FINDINGS AND ORDER REVOKING REGISTRATION AND DISMISSING PROCEEDINGS ON THE QUESTION OF WITHDRAWAL OR TERMS AND CONDITIONS THEREON

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 19th day of July, 1943.

In the matter of Earl Porter Beckwith, 107½ South Barry Street, Olean, New York.

1. Earl Porter Beckwith (the "registrant") is registered as a broker and dealer pursuant to section 15 of the Securities Exchange Act of 1934.

2. The registrant filed with the Commission a written notice requesting withdrawal of his registration. Thereafter the Commission, pursuant to section 15 (b) of the Securities Exchange Act of 1934, ordered a hearing to determine (1) whether or not registrant is permanently enjoined by a decree of the Supreme Court of the State of New York from engaging in and continuing certain conduct and practices in connection with the sale of securities as reported to the Commission by its staff, (2) whether or not said registration should be revoked, and (3) whether or not registrant should be permitted to withdraw his registration and, if so, whether it is necessary in the public interest or for the protection of investors to impose terms and conditions thereon.

3. The registrant has acknowledged service of adequate notice, has waived hearings, admitted the facts alleged, and filed a written consent to revocation of his registration.

4. The Commission finds (a) that the registrant is permanently enjoined by a decree of the Supreme Court of the State of New York, (b) that it is in the public interest to revoke said registration, and (c) that it is not necessary or appropriate, in the light of the injunction decree and the registrant's consent to revocation, to consider the question of withdrawal or the imposition of terms and conditions upon withdrawal. On the basis of the foregoing, and pursuant to section 15 (b) of the Securities Exchange Act of 1934, *It is ordered*, That the registration of Earl Porter Beckwith as a broker and dealer be and it hereby is revoked, and that the proceeding on the question of withdrawal or terms and conditions thereon be, and it hereby is, dismissed.

By the Commission.

PHILADELPHIA STOCK EXCHANGE

ORDER GRANTING APPLICATION FOR PERMISSION TO EXTEND UNLISTED TRADING PRIVILEGES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 21st day of July, A. D. 1943.

In the matter of application by the Philadelphia Stock Exchange to extend unlisted trading privileges to Erie Railroad Company certificates of beneficial interest in the common stock, no par value, File No. 7-690.

The Philadelphia Stock Exchange having made application to the Commission, pursuant to section 12 (f) of the Securities Exchange Act of 1934 and Rule X-12f-1, for permission to extend unlisted trading privileges to the certificates of beneficial interest in the common stock, no part value, of Erie Railroad Company; and

After appropriate notice a hearing having been held in this matter at the Philadelphia Office of the Commission; and

The Commission having this day made and filed its findings and opinion herein;

It is ordered, pursuant to section 12 (f) of the Securities Exchange Act of 1934, that the application of the Philadelphia Stock Exchange for permission to extend unlisted trading privileges to the certificates of beneficial interest in the common stock, no par value, of Erie Railroad Company be and the same is hereby granted.

TITLE 6—AGRICULTURAL CREDIT

Chapter II—Commodity Credit Corporation

[Instructions: 1943 C. C. C. Rye Form 1, Barley Form 1, Grain Sorghums Form 1]

PART 238—1943 RYE, BARLEY, AND GRAIN SORGHUMS LOANS

INSTRUCTIONS

Commodity Credit Corporation has authorized the making of loans and the purchase of eligible paper secured by 1943 rye, barley, or grain sorghums, stored on farms or in approved public grain warehouses.

Sec.
238.1 Definitions.
238.2 Areas in which loans will be made.
238.3 Amount of loans.
238.4 Maturity and interest rate.
238.5 Determination of quantity of grain.
238.6 Farm storage.
238.7 Public warehouses.
238.8 Warehouse receipts.
238.9 Liens.
238.10 Insurance.
238.11 County agricultural conservation committees.
238.12 Source of loans.
238.13 Purchase of loans.
238.14 Offices of Commodity Credit Corporation.
238.15 Release of collateral held by Commodity Credit Corporation.

AUTHORITY: §§ 238.1 to 238.15, inclusive, are issued under sec. 302 of the Agricultural Adjustment Act of 1938, as amended (52 Stat. 43; 7 U.S.C., 1940 ed., 1302).

§ 238.1 *Definitions.* For the purpose of these instructions and the notes and loan agreements or chattel mortgages relating thereto, the following terms shall be construed, respectively, to mean:

(a) *Grain.* Rye, barley, and grain sorghums.

(b) *Producer eligibility.* Any person, partnership, association, or corporation producing rye, barley, or grain sorghums, in 1943, upon whose farm no deductions from payments have been or will be made under the 1943 Agricultural Conservation Program for failure to meet 90 percent of the 1943 war crop goal.

(c) *Eligible grain*—(1) *Eligible rye* shall be rye produced in 1943 grading U. S. No. 2 or better, or grading U. S. No. 3 solely on the factor of test weight, or otherwise grading No. 2 or better, the beneficial interest to which is and always has been in the eligible producer. Rye grading tough, light smutty, smutty, light garlicky, garlicky, weevily, or rye containing in excess of 1 percent of ergot, shall not be eligible for loan. Rye containing in excess of 0.3 percent, but not in excess of 1 percent of ergot, shall be eligible for loan at the discounts set out in § 238.3 (a) hereof.

(2) *Eligible barley* shall be barley of any class grading No. 5 or better, the beneficial interest to which is and always has been in the eligible producer. Barley grading tough, stained, blighted, smutty, garlicky, weevily, ergotty, or bleached, shall not be eligible for a loan.

(3) *Eligible grain sorghums* shall be grain sorghums grading No. 4 or better, except that grain sorghums grading weevily or smutty, or containing in excess of 13 percent moisture when stored on the farm, or in excess of 14 percent when stored in a warehouse, shall not be eligible for loan.

(d) *Eligible storage.* Eligible storage shall include public grain warehouses and farm storage meeting the following requirements:

(1) Public grain warehouses which have met the requirements of Commodity Credit Corporation and have executed the Uniform Grain Storage Agreement.

(2) Farm storage shall consist of farm bins and granaries which are of such firm structure, as determined by the county agricultural conservation committee, as to afford safe storage for the grain for a period of 2 years, permit effective fumigation for the destruction of insects, and to afford protection against rodents, other animals, thieves, and weather.

(e) *Lending agency.* Any bank, cooperative marketing association, or other corporation, partnership, or person, making loans in accordance with these instructions, which has executed the Contract to Purchase on 1940 C. C. C. Form E.

(f) *Eligible paper.* Eligible paper shall consist of notes of the producer, secured by chattel mortgages or warehouse receipts representing grain in existence and undamaged, executed in accordance with these instructions and approved by a member of the county agricultural conservation committee, with State documentary revenue stamps affixed thereto where required by law. Notes executed by an administrator, executor, or trustee, will be acceptable only where acceptable in law.

§ 238.2 *Areas in which loans will be made.* Loans will be made on eligible grain stored in approved public grain warehouses wherever located.

Loans are available on eligible grain stored on farms in the following areas:

All counties in the States of California, Colorado, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, New Jersey, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Tennessee, Utah, Virginia, Washington, West Virginia, Wisconsin, and Wyoming, and in the following counties of the following States:

Oklahoma. Alfalfa, Beaver, Beckham, Blaine, Caddo, Canadian, Cimarron, Cleveland, Comanche, Cotton, Craig, Creek, Custer, Dewey, Ellis, Garfield, Grady, Grant, Greer, Harmon, Harper, Jackson, Kay, Kingfisher, Kiowa, Lincoln, Logan, Major, Mayes, McClain, Noble, Nowata, Okfuskee, Oklahoma, Okmulgee, Osage, Ottawa, Pawnee, Payne, Pottawatomie, Roger Mills, Rogers, Texas, Tillman, Tulsa, Wagoner, Washington, Washita, Woods, and Woodward.

Texas. Andrews, Archer, Armstrong, Bailey, Baylor, Borden, Briscoe, Carson, Castro, Childress, Clay, Cochran, Collingsworth, Cottle, Crosby, Dallas, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Foard, Gaines, Garza, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hockley, Howard, Hutchinson, Kent, King, Knox, Lamb, Lipscomb, Lubbock, Lynn, Martin, Mitchell, Moore, Motley, Nolan, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Scurry, Serman, Stonewall, Swisher, Terry, Throckmorton, Wheeler, Wichita, Wilbarger, Yoskum, and Young.

§ 238.3 *Amount of loans.* The following loan rates apply to grain stored on the farm, or in approved grain warehouses, when evidence is submitted that handling and storage charges have been prepaid through the maturity date of the note. Evidence of prepaid storage must be a stamped or typed certification, signed by the warehouseman, on or attached to the warehouse receipt, which shall read as follows:

Handling and storage charges for the period ending (April 30, 1944, for rye and barley)—(June 30, 1944, for grain sorghums), on the grain represented by this warehouse receipt have been paid or otherwise provided for, and lien for such charges will not be claimed by the warehouseman from Commodity Credit Corporation or any subsequent holder of this warehouse receipt.

---------- Signed----------
Address Warehouseman

7 cents per bushel will be deducted from the applicable loan rate for grain stored in warehouses for which evidence of prepaid storage is not submitted.

(a) The loan value for eligible rye grading No. 2 or better, or rye grading No. 3 solely on test weight, but otherwise grading No. 2 or better, shall be 75 cents per bushel, except that the loan value for eligible rye containing in excess of 0.3 percent, but not in excess of 1 percent of ergot shall be discounted 1 cent for each 0.1 percent of ergot in excess of 0.3 percent.

(b) The loan value for barley, except Mixed Barley (Class IV), shall be based for all classes on the numerical grades as provided in the Official Grade Standards of the United States, in accordance with the following:

	For all states except when stored in California, Idaho, Oregon, and Washington	Stored in California, Idaho, Oregon, and Washington
	Cents per bushel	*Cents per bushel*
No. 1 Barley	75	80
No. 2 Barley	73	78
No. 3 Barley	70	75
No. 4 Barley	67	72
No. 5 Barley	60	65

Mixed Barley shall be discounted 2 cents per bushel in all States.

(c) Loan values on grain sorghums will be based on the numerical grade irrespective of subclass, except mixed grain sorghums (Class V), in accordance with the following:

	For all States except when stored in Arizona and California	Stored in Arizona and California
	Cents per bushel	*Cents per bushel*
No. 2 or Better Grain Sorghums	85	90
No. 3 Grain Sorghums	80	85
No. 4 Grain Sorghums	70	75

Mixed grain sorghums shall be discounted 2 cents per bushel in all States.

§ 238.4 *Maturity and interest rate.* Rye and barley loans will mature on demand, but not later than April 30, 1944. Grain sorghums loans will mature on demand, but not later than June 30, 1944. Rye and barley loans must be dated on or prior to December 31, 1943. Grain sorghums loans must be dated on or prior to February 29, 1944. All loans will bear interest at the rate of 3 percent per annum.

§ 238.5 *Determination of quantity of grain.* Loans shall be made at values expressed in cents per bushel. A bushel shall be determined to be 48 pounds of clean barley and 56 pounds of clean rye or grain sorghums, free of dockage, when determined by weight, or 1.25 cubic feet of grain having test weight of 48 pounds for barley, or 56 pounds for rye or grain sorghums when determined by measurement. In determining the quantity of grain in farm storage by measurement, fractional pounds of the bushel test weight will be disregarded, and the quantity determined shall be adjusted by the following respective percentages:

(a) *Rye and grain sorghums.*

	Percent
For rye or grain sorghums testing 56 lbs. or over	100
For rye or grain sorghums testing 55 lbs. or over, but less than 56 lbs.	98
For rye or grain sorghums testing 54 lbs. or over, but less than 55 lbs.	96
For rye or grain sorghums testing 53 lbs. or over, but less than 54 lbs.	95
For rye or grain sorghums testing 52 lbs. or over, but less than 53 lbs.	93
For rye or grain sorghums testing 51 lbs. or over, but less than 52 lbs.	91
For rye or grain sorghums testing 50 lbs. or over, but less than 51 lbs.	89
For rye or grain sorghums testing 49 lbs. or over, but less than 50 lbs.	87

(b) *Barley.*

	Percent
For barley testing 48 lbs. or over	100
For barley testing 47 lbs. or over, but less than 48 lbs.	98
For barley testing 46 lbs. or over, but less than 47 lbs.	96
For barley testing 45 lbs. or over, but less than 46 lbs.	94
For barley testing 44 lbs. or over, but less than 45 lbs.	92
For barley testing 43 lbs. or over, but less than 44 lbs.	90
For barley testing 42 lbs. or over, but less than 43 lbs.	88
For barley testing 41 lbs. or over, but less than 42 lbs.	85
For barley testing 40 lbs. or over, but less than 41 lbs.	83
For barley testing 39 lbs. or over, but less than 40 lbs.	81

	Percent
For barley testing 38 lbs. or over, but less than 39 lbs	79
For barley testing 37 lbs. or over, but less than 38 lbs	77
For barley testing 36 lbs. or over, but less than 37 lbs	75
For barley testing 35 lbs. or over, but less than 36 lbs	73

§ 238.6 *Farm storage.* Grain stored on the farm must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling and sealing. In accordance with regulations issued by the Secretary of Agriculture the State and county agricultural conservation committees will inspect and approve storage facilities and will arrange for measuring, sampling, grading, and sealing of the collateral grain. Chattel mortgages covering the grain must be executed and filed in accordance with the applicable State law. Where the borrower is a tenant farmer and the collateral grain is stored on the farm, the expiration date of the lease must be shown in the chattel mortgage. If the expiration date of the lease is prior to June 30, 1944, in the case of rye and barley, or August 30, 1944, in the case of grain sorghums, the Consent for Storage section of the chattel mortgage must be executed by the owner of the premises and any other party that might be entitled to possession of the premises. Each producer must designate in the chattel mortgage a shipping point reasonably convenient for the delivery of the collateral grain as determined by the county committee. A separate note and chattel mortgage must be submitted for grain stored on each quarter section of land.

§ 238.7 *Public warehouses.* Commodity Credit Corporation will accept only insured negotiable warehouse receipts, covering eligible grain pledged as collateral to notes on C. C. C. Grain Form B, issued by any public grain warehouse which has executed the Uniform Grain Storage Agreement, as amended, and has been approved by the Commodity Credit Corporation. Warehousemen desiring approval are advised to communicate with the Regional Director of Commodity Credit Corporation serving the area in which the warehouse is located, at which office a list of approved warehouses and their locations is available. A list of approved warehouses for the area may also be obtained at any State or county agricultural conservation office. All grain pledged as security for a loan must be stored in the same warehouse. Grain moved by rail freight to a warehouse will not command a higher loan value than grain stored on farms or in warehouses located at country points.

§ 238.8 *Warehouse receipts.* Warehouse receipts must be issued in the name of the producer, must be dated on or prior to the date of the related note, must be properly assigned by an endorsement in blank so as to vest title in the holder, and must be issued by an approved warehouseman. Unless the warehouse receipts are stamped or printed "insured" there must be attached and included in the certificate of the warehouseman a statement that the grain is insured for not less than the market value against the hazards of fire, lightning, inherent explosion, windstorm, cyclone, and tornado. Commodity Credit Corporation will not accept warehouse receipts indicating any lien for charges prior to unloading in or delivery to the warehouse issuing such receipts. Lien for handling and storage charges, unless prepaid through maturity, will be recognized only from June 1, 1943, or the date of the warehouse receipt, whichever is later. Such receipts must set out in their written or printed terms the gross weight or bushels, the grade, test weight, and all other factors and statements required to be stated in the written or printed terms of the negotiable warehouse receipt under the provisions of section 2 of the Uniform Warehouse Receipts Act, or be accompanied by a certificate of the warehouseman, identified to such warehouse receipt, setting out such information, and shall be based on the inbound movement or delivery of the grain to an approved warehouse. To be eligible, warehouse receipts for No. 3 rye must contain a statement that the rye grades No. 2 or better except for test weight.

§ 238.9 *Liens.* The grain collateral must be free and clear of all liens, or if liens exist on the collateral, proper waivers must be secured from each lienholder. The names of the holders of all existing liens on the pledged or mortgaged grain such as landlord, laborers, threshers, or mortgages, must be listed in the space provided in the chattel mortgage or note and loan agreement. The waiver and consent to pledge or mortgage the grain and the payment of the proceeds of the loan and the proceeds of the sale of the grain solely to the producer, as contained in the mortgage or note and loan agreement, must be signed personally by all lienholders listed or by their duly authorized agents; or, if a corporation, by an officer authorized to execute such instruments. Lienholders may sign C. C. C. Form AB, completely identifying the related note, in lieu of signing the appropriate section of the chattel mortgage or note and loan agreement. The proceeds of the loan shall be made payable to the producer and/or such other person or concern as the producer may direct in the space provided on the note. Producers should be sure that grain offered as collateral for a loan is not covered by previous real estate or other mortgages. The producer shall be held personally liable for the amount of the loan and subject to the provisions of the United States Criminal Code for any fraudulent representation made in the execution of the note and related forms.

§ 238.10 *Insurance*—(a) *Grain stored on farms.* Commodity Credit Corporation will not require producers to insure their 1943 farm-stored grain placed under loan. In case of a total loss of collateral resulting from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the Commodity Credit Corporation will mark the note "paid" and return it to the borrower. In case of partial loss of collateral resulting from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the note will be credited at the loan value, plus interest, for the number of bushels on which the loss occurred. No loss will be assumed by the Corporation if it is determined that there is fraudulent representation on the part of the borrower in connection with the loan.

(b) *Grain stored in approved warehouses.* Warehousemen shall provide insurance against the perils of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, for the full market value of grain stored in their warehouses, as long as receipts are outstanding.

§ 238.11 *County agricultural conservation committees.* Forms will be furnished county agricultural conservation committees in the areas designated in § 238.2 hereof, and copies for the purpose of information may be obtained from such committees or from the offices of the regional directors serving the areas listed in § 238.14 hereof. The producers' notes contain approvals which should not bear a date prior to the date of the note and loan agreement and which must be signed in each instance by a member of the county agricultural conservation committee of the county in which the grain was produced for warehoused grain, and the county in which the farm is located on which the grain is stored for farm-stored grain. Pursuant to regulations issued by the Secretary of Agriculture, the State and county committees will determine, or cause to be determined, the quantity and grade of the grain collateral and the amount of the loan. All loan documents will be completed and approved by the county committee who will retain copies of all documents. In order to meet the cost of local expenses county agricultural conservation committees will collect a service fee for all loans.

§ 238.12 *Source of loans.* Loans may be obtained from banks and local lending agencies which, in turn, may sell the paper evidencing such loans to Commodity Credit Corporation. Producers may also obtain loans direct from Commodity Credit Corporation on notes made payable to the Corporation, which shall be delivered (or postmarked) prior to January 1, 1944, for rye and barley, and March 1, 1944, for grain sorghums, to the office serving the area in which the grain is stored. Upon approval of the loan by Commodity Credit Corporation, payment will be made pursuant to the directions of the producer as set forth in the note.

§ 238.13 *Purchase of loans.* Commodity Credit Corporation will purchase, without recourse, eligible paper, as defined above, only from lending agencies which have executed, and delivered to the office of Commodity Credit Corporation to which notes are submitted, Contract to Purchase, 1940 C. C. C. Form E, obtainable only from such offices. Notes held by lending agencies must be tendered to Commodity Credit Corporation for immediate or deferred purchase within 10 days of written request or at least 10 days prior to maturity in the absence of written demand. The purchase price to be paid by Commodity Credit Corporation for notes accepted will be the face amount of such notes, plus accrued interest from the respective dates to the date of payment of the purchase price at the rate of 1½ percent per annum. Under the terms of the Contract to Purchase, lending agencies are required to report weekly, on 1940 C. C. C. Form F, all payments or collections on producers' notes held by them, and to remit, with such report, to Commodity Credit Corporation, an amount equivalent to 1½ percent interest per annum on the principal amount collected from the date of the note to the date of payment

§ 238.14 *Offices of Commodity Credit Corporation.* The offices of the Regional Directors previously referred to herein and the areas served by them are:

Address	Area
208 South LaSalle Street, Chicago, Ill.	Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, and West Virginia.
Dwight Building, 1004 Baltimore Avenue, Kansas City, Mo.	Alabama, Arkansas, Colorado, Florida, Georgia, Kansas, Louisiana, Mississippi, Missouri, Nebraska, New Mexico, Oklahoma, South Carolina, Texas, and Wyoming.
326 McKnight Building, Minneapolis, Minn.	Minnesota, Montana, North Dakota, South Dakota, and Wisconsin.
Artisans Building, 225 Southwest Broadway, Portland, Oreg.	Arizona, California, Idaho, Nevada, Oregon, Utah, and Washington.

§ 238.15 *Release of collateral held by Commodity Credit Corporation.* A producer may obtain release of the collateral by paying to the lending agency or the Commodity Credit Corporation, whichever holds the note, the principal amount of the note, plus interest. If the note is held by an out-of-town lending agency or the Commodity Credit Corporation, the producer may request the note be forwarded to a local bank for collection. In such case, the local bank should be instructed to return the note to the sender if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of the farm storage loan, the county agricultural conservation committee should be requested to release the mortgage by filing an instrument of release with the county recorder, or by a margin release on the county recorder's records.

Partial releases of collateral will be made as follows:

(a) In the case of farm-stored grain, producers may obtain release of all or part of the collateral in a bin by paying to the holder of the note the loan value and accrued interest, for the grain released. Form Commodity Loan 29 must be executed in accordance with instructions issued by the Agricultural Adjustment Agency for each partial redemption, and one copy must be submitted to the office of the regional director serving the area.

(b) In case of warehouse-stored grain, each partial release must cover all the grain under one warehouse receipt number. Producers may obtain release of one or more warehouse receipts by paying to the holder of the note the amount of the loan, plus interest, for the grain represented by the warehouse receipt. If the notes are held by an out-of-town lending agency or Commodity Credit Corporation, or if the grain is stored in a terminal warehouse, the warehouse receipt(s) may be forwarded to an approved lending agency, as directed by the producer, for collection.

(c) Commodity Credit Corporation will purchase notes on which partial releases have been made by lending agencies provided the note is credited by the lending agency for the full amount of the loan on the grain released, plus interest at the rate of 3 percent per annum, and 1½ percent interest per annum on such principal amount collected has been submitted to the regional director serving the area.

Dated: June 10, 1943.

J. B. Hutson,
President.

TITLE 7—AGRICULTURE

Chapter X—War Food Administration

[FPO 3, Supp. Order 5]

Part 1202—Farm Machinery and Equipment

New Farm Machinery and Equipment

Pursuant to § 1202.212 of Food Production Order 3, as amended (8 F.R. 5963, 7625, 8045, 9100, 9101), *It is hereby ordered*, That:

§ 1202.255 *Supplementary Order 5*—(a) *Purpose.* This Supplementary Order 5 is issued to permit the distribution and sale, until a permanent rationing program to replace Food Production Order 3 is promulgated, of a percentage of the farm machinery and equipment produced under the authority of War Production Board Order L-257 (8 F.R. 8163).

(b) *Scope.* This order deals with new farm machinery and equipment produced under War Production Board Order L-257 and listed in Food Production Order 3. Such equipment shall be deemed to be Schedule I equipment as defined in Food Production Order 3 and is hereinafter referred to as L-257 equipment. It includes the subdivisions as listed in Order L-257 of items which are listed in Food Production Order 3. For example, L-257 equipment includes items 108-108n, inclusive, listed in Order L-257, even though item 108 appears without subdivisions in Food Production Order 3.

(c) *Authority granted.* (1) Any manufacturer may transfer not more than 40 percent of the L-257 equipment which he is authorized to produce: *Provided*, That:

(i) Until a manufacturer has filled distribution orders and directives issued to him for any type of equipment under Food Production Order 3, he shall not transfer L-257 equipment of the same type except to fill such orders and directives.

(ii) Any person may make or accept a transfer of equipment which is distributed by a manufacturer in accordance with this Supplementary Order 5, but nothing in this order shall be construed to alter the requirement of Food Production Order 3 for a purchase certificate when a transfer is made for use.

(d) *Records.* Each manufacturer shall maintain records which will enable him, upon request from time to time by the Deputy Administrator, to report the number of items of any type of L-257 equipment which such manufacturer has transferred and the States in which such equipment has been or is intended by such manufacturer to be transferred for the purpose of retransfer for use. If a manufacturer has transferred for use any item of such equipment, he shall report the State to which such transfer was made, rather than the information required by the preceding sentence. This record keeping requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(e) This Supplementary Order 5 shall be added to and become a part of Food Production Order 3, as amended, and any violation of this Supplementary Order 5 shall constitute a violation of Food Production Order 3.

(f) This Supplementary Order 5 shall become effective July 22, 1943.

Issued this 22d day of July 1943.

M. Lee Marshall,
Deputy Administrator.

Chapter I—Federal Trade Commission

[Docket No. 3593]

Part 3—Digest of Cease and Desist Orders

Dearborn Supply Company

§ 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* In connection with offer, etc., of respondent's "Mercolized Wax" or "Mercolized Wax Cream" cosmetic preparation, or any other similar preparation, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of respondent's said preparation, which advertisements fail to reveal that said preparation should not be applied to an area of the skin larger than the face and neck at any one time,

that too frequent applications and use over excessive periods of time should be avoided, that adequate rest periods between series of treatments should be observed, that the preparation should not be used where the skin is cut or broken, and that in all cases a proper patch test should be made to determine whether the patient is allergic or sensitive to the preparation: *Provided, however,* That such advertisement need contain only the statement, "Caution: use only as directed," if and when the directions for use, wherever they appear, on the label, in the labeling, or both on the label and in the labeling, contain warnings to the above effect.

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase of said preparation in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement fails to comply with the requirements set forth in paragraph 1 hereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 13th of July, A. D. 1943.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, and a stipulation as to the facts entered into by the respondent herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things that without further evidence or other intervening procedure the Commission may issue and serve upon the respondent herein findings as to the facts and conclusion based thereon, and an order disposing of the proceeding; and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act and the Wool Product Labeling Act of 1939:

It is ordered, That the respondent, Rhode Island Plush Mills, Inc., a corporation, and its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of textile fabrics in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Bokahara-Lam", "Allapo-Curl," "Arabakurl," "Bokahara-Curl," "Mara-Kurl," or any similar term, to designate fabrics which resemble or simulate in appearance the color, pattern, or texture of peltries of the Karakul breed of sheep or lambs, or fabrics made from the fleece of such sheep or lambs.

2. Representing or implying in any manner that textile fabrics are made from the fleece of the Karakul breed of sheep or lamb, when such is not the fact.

It is further ordered, That the respondent, Rhode Island Plush Mills, Inc., a corporation, and its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction of textile fabrics into commerce, or the sale, transportation, or distribution of textile fabrics in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939, do forthwith cease and desist from misbranding fabrics which contain, purport to contain, or in any way are represented as containing, wool, reprocessed wool, or reused wool, as those terms are defined in the Wool Products Labeling Act of 1939, by failing to place on or affix to said fabrics a stamp, tag, label or other means of identification showing:

(a) The percentage of the total fiber weight of the fabric, exclusive of ornamentation not exceeding 5 percentum of said total fiber weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is 5 percentum or more, and (5) the aggregate of all other fibers.

(b) The maximum percentage of the total weight of the said fabric of nonfibrous loading, filling, or adulterating matter.

(c) The name of the manufacturer of the said fabric; or the manufacturer's registered identification number and the name of a subsequent seller of the fabric; or the name of one or more persons subject to Section 3 of said Wool Products Labeling Act of 1939 with respect to such fabric.

(d) The percentages, in words and figures plainly legible, by weight of the wool contents where said fabric contains a fiber other than wool.

Paragraphs (a), (b), (c), and (d) of this order are subject to the provisions of the Wool Products Labeling Act of 1939 and the Rules and Regulations promulgated thereunder, and are not to be construed as limiting applicable provisions of said Act or said Rules and Regulations.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Taxes

[T.D. 5285]

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

TIME FOR PERFORMING CERTAIN ACTS POSTPONED BY REASON OF WAR

In order to conform Regulations 103 [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.] to section 507 of the Revenue Act of 1942 (Public Law 753, 77th Congress), approved October 21, 1942, such regulations are amended as follows:

PARAGRAPH 1. Section 19.53–1, as amended by Treasury Decision 5266, approved May 15, 1943, is further amended by striking out the last sentence and inserting in lieu thereof the following:

For provisions relating to certain cases in which the time for filing income tax returns is postponed by reason of a member (whether or not the taxpayer) of the military or naval forces of the United States serving on sea duty or outside the continental United States, by reason of any other individual (whether or not the taxpayer) being outside the Americas, or by reason of a locality being an area of enemy action or control, see section 3804 and the regulations prescribed thereunder. See such provisions also for the circumstances under which the time for filing income tax returns of the spouses of such members or of such other individuals is in certain cases postponed. As to the time for filing income tax returns of China Trade Act corporations for taxable years beginning after December 31, 1940, see section 3805.

PAR. 2. Section 19.53–4, as amended by Treasury Decision 5149, approved May 11, 1942, is further amended by striking out the first sentence and inserting in lieu thereof the following:

The due date is the date on or before which a return is required to be filed in accordance with the provisions of the Internal Revenue Code, including, in the case of certain taxpayers to which section 3804 or 3805 is applicable, the provisions of such section and the regulations prescribed thereunder, or the last day of the period covered by an extension of time granted by the Commissioner or a collector.

PAR. 3. The caption "Public Law 490 (77th Congress), Approved March 7, 1942." and the provisions of law thereunder, immediately preceding § 19.56–1, which were added by Treasury Decision 5149, are stricken out.

PAR. 4. Section 19.56–1, as amended by Treasury Decision 5266, is further amended by striking out paragraph (b) and inserting in lieu thereof the following:

(b) *Postponement in certain cases by reason of war.* For provisions relating to certain cases in which the date otherwise prescribed for the payment of the tax or an installment thereof is postponed by reason of a member (whether or not the taxpayer) of the military or naval forces of the United States serving on sea duty or outside the continental United States, by reason of any other individual (whether or not the taxpayer) being outside the Americas, or by reason of a locality being an area of enemy action or control, see section 3804 and the regulations prescribed thereunder. See such provisions also for the circumstances under which the date otherwise prescribed for the payment of the tax or an installment thereof of the spouses of such members or of such other individuals is in certain cases postponed. As to the time for payment of the tax by China Trade Act corporations for taxable years beginning after December 31, 1940, see section 3805.

PAR. 5. Section 19.217–1, as amended by Treasury Decision 5149, is further amended by striking out the second sentence and inserting in lieu thereof the following:

For provisions relating to certain cases in which the time for filing the return is postponed by reason of the war, see section 3804 and the regulations prescribed thereunder.

PAR. 6. Section 19.218–1, as amended by Treasury Decision 5149, is further amended by striking out the last sentence and inserting in lieu thereof the following:

For provisions relating to certain cases in which the date otherwise prescribed for the payment of the tax or an installment thereof is postponed by reason of the war, see section 3804 and the regulations prescribed thereunder.

PAR. 7. Section 19.235–1, as amended by Treasury Decision 5165, approved August 13, 1942, is further amended by adding at the end of paragraphs (a) and (b) thereof the following:

For provisions relating to certain cases in which the time for filing the return is postponed by reason of the war, see section 3804 and the regulations prescribed thereunder.

PAR. 8. Section 19.236–1, as amended by Treasury Decision 5165, is further amended by adding at the end of paragraphs (a) and (b) thereof the following:

For provisions relating to certain cases in which the date otherwise prescribed for the payment of the tax or an installment thereof is postponed by reason of the war, see section 3804 and the regulations prescribed thereunder.

(Secs. 62 and 3791 of the Internal Revenue Code (53 Stat. 32, 467; 26 U.S.C. 62, 3791) and sec. 507 of the Revenue Act of 1942 (Pub. Law 753, 77th Cong.))

[SEAL] NORMAN D. CANN,
Acting Commissioner.

Approved: July 22, 1943.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter II—Fiscal Service

Subchapter A—Bureau of Accounts

PART 212—PAYMENT THROUGH DEPOSITARY BANKS OF FUNDS WITHHELD AS TAXES IN ACCORDANCE WITH THE PROVISIONS OF THE CURRENT TAX PAYMENT ACT OF 1943

MISCELLANEOUS AMENDMENTS

JULY 22, 1943.

The first paragraph of § 212.4 *Designation of Government depositaries in connection with payment of taxes* of Title 31 of the Code of Federal Regulations (8 F. R. 9045), appearing also as the first paragraph of section 5 of Treasury Department Circular No. 714, dated June 25, 1943, is hereby amended to read as follows:

All incorporated insured banks, within the meaning of section 10 of the Act of June 11, 1942, referred to in § 212.2 of this part and all incorporated uninsured banks and trust companies designated as "Special Depositaries of Public Moneys" under the Act of Congress approved September 24, 1917, as amended (Second Liberty Bond Act, as amended),[1] are hereby designated, subject to the provisions of this part, as depositaries and financial agents of the Government for receiving from employers or other persons, hereinafter referred to as employers, funds withheld as taxes pursuant to the Current Tax Payment Act of 1943; *Provided*, That no such bank shall perform any of the acts covered by this designation until it has qualified so to act in the manner herein prescribed.

The first sentence of § 212.5 *Qualification of Government depositaries in connection with payment of taxes* of Title 31 of the Code of Federal Regulations (8 F.R. 9045), appearing also as the first sentence of section 6 of Treasury Department Circular No. 714, dated June 25, 1943, is hereby amended to read as follows:

Any designated bank which desires to qualify, under the terms of this part, for receiving from employers funds withheld as taxes pursuant to the Current Tax Payment Act of 1943, should apply for qualification through the Federal Reserve bank of the district in which it is located.

[1] See Part 203 of Title 31 of the Code of Federal Regulations (8 F.R. 5141), appearing also as Treasury Department Circular No. 92 (Revised), dated April 14, 1943.

The fifth paragraph of § 212.7 *Provision for offsetting costs of depositaries for withheld taxes* of Title 31 of the Code of Federal Regulations (8 F.R. 9046), appearing also as the fifth paragraph of section 8 of Treasury Department Circular No. 714, dated June 25, 1943, is hereby amended to read as follows:

In case a bank qualifies as a depositary for withheld taxes on or before July 31, 1943, its initial 2% depositary bond allotment or Treasury balance under the method elected by the depositary will be calculated on the basis of the business transacted under this part by the depositary during the month of August 1943. The same general rule will be applied in the case of banks qualifying during each month after July 1943. For example, in the case of a bank qualifying as a depositary during the month of August 1943, the initial 2% depositary bond allotment or Treasury balance will be based upon the busines such depositary transacts under this part during the month of September 1943.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice Chairman

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176.

PART 974—TOLUENE (TOLUOL)

[Allocation Order M-34, as Amended July 23, 1943]

The order title "General Preference Order No. M-34" is hereby amended to read, "Allocation Order M-34".

Section 974.1 is hereby amended to read as follows:

§ 974.1 *Allocation Order M-34*—(a) *Definitions.* For the purpose of this order:

(1) "Toluene" means toluene from whatever source derived, except that it shall not include petroleum solvents and diluents of Kauri-butanol values less than 85 Kauri-butanol number.

(2) "Nitration grade toluene" means toluene which meets the requirements of Grade "A" in United States Army Specification No. 50-11-38C, as the same may from time to time be revised.

(3) "Commercial grade toluene" means toluene other than nitration grade toluene.

(4) "Supplier" means any person who produces toluene, or who purchases toluene for resale as toluene.

(b) *Restrictions on delivery and acceptance of delivery.* (1) No supplier shall deliver toluene to any person, except as specifically authorized in writing by the War Production Board, upon application pursuant to Appendix A annexed.

(2) No person shall accept delivery of toluene from a supplier, except as specifically authorized in writing by the War Production Board, upon application pursuant to Appendix B annexed.

(c) *Restrictions on use.* No person shall use toluene except as specifically authorized in writing by the War Production Board, upon application pursuant to Appendix B annexed.

(d) *Production requirements.* Unless specifically authorized or directed by the War Production Board:

(1) No person shall use or deliver oils containing commercially extractable toluene, except for the purpose of distillation or refining;

(2) Each person processing oil for the extraction of toluene shall produce therefrom the maximum quantity of nitration grade toluene which his equipment and facilities are capable of producing.

The above requirements are in addition to the requirements of Order M-137 with respect to oils containing commercially extractable benzene, and shall not apply to oils derived from petroleum.

(e) *Special directions.* The War Production Board, at its discretion, may at any time issue special directions to any person with respect to:

(1) Use, delivery or acceptance of delivery of toluene and oils containing toluene (except oils derived from petroleum); or

(2) Production of toluene and processing of oils containing toluene (except oils derived from petroleum); or

(3) Preparation and filing of forms and certificates to be furnished in accordance with Appendices A and B annexed.

(f) *Laboratory exemption.* (1) Any laboratory may use and accept delivery of 5 gallons or less of toluene in the aggregate from all suppliers in any calendar month, without the specific authorization required by paragraph (b) (2).

(2) Any supplier principally engaged in supplying laboratories may deliver 5 gallons or less of toluene to each laboratory in any calendar month without the specific authorization required by paragraph (b) (1).

(g) *Government plant exemption.* (1) Any Government owned plant may use toluene in the production of explosives, may accept delivery of toluene from any person for use in the production of explosives, and may deliver toluene to a Government owned explosives plant, without application under this order and without the specific authorization required by paragraphs (b) and (c).

(2) The above exemption does not apply to any privately owned plant delivering toluene to, or accepting delivery of toluene from, any Government owned plant.

(h) *Special provisions for July and August, 1943.* Notwithstanding the provisions of paragraphs (b) and (c), and of Appendices A and B annexed:

(1) During July, 1943, applications for authorization to deliver or accept delivery of toluene may be made in accordance with the provisions of this order as in effect prior to July 23, 1943;

(2) Any person may, without specific authorization, accept delivery of, and use for the purpose stated in his application to the War Production Board, any toluene which he received on or before August 31, 1943, or which was in transit to him on that date.

(i) *Notification of customers.* Each supplier is requested to notify his regular customers as soon as possible of the requirements of this order as amended, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(j) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of toluene shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

(3) *Approval of reporting requirements.* Forms WPB-2945 (formerly PD-600) and WPB-2946 (formerly PD-601) have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control, and may be deprived of priority assistance.

(5) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington 25, D. C., Ref.: M-34.

Issued this 23d day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A

INSTRUCTIONS TO SUPPLIERS FOR FILING APPLICATION FOR AUTHORIZATION TO DELIVER TOLUENE

Each supplier seeking authorization to deliver toluene shall file application on Form WPB-2946 (Formerly PD-601) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

Form WPB-2946 (formerly PD-601). Copies of Form WPB-2946 (Formerly PD-601) may be obtained at local field offices of the War Production Board.

Time of filing. Applications shall be filed in time to ensure that copies will have reached the War Production Board on or before the 15th day of the month preceding the month for which authorization to make delivery is requested.

Number of copies. Four copies shall be prepared, of which one may be retained by the applicant and three copies (one certified) shall be sent to the War Production Board, Chemicals Division, Washington 25, D. C., Ref: M-34.

Heading. Under name of chemical, specify toluene; under War Production Board order number, specify M-34; specify gallons as unit of measure; and otherwise fill in as indicated.

Table I. Fill in as indicated. If the applicant-supplier is also filing application on Form WPB-2945 (formerly PD-600) for authorization to use toluene, he should list his own name as a customer.

Specify grade as nitration or commercial.

Rolling stock. Fill in as indicated.

Table II. Fill in as indicated. In Columns 10 and 13 enter only those stocks of toluene not authorized for delivery on the dates specified.

APPENDIX B

INSTRUCTIONS FOR FILING APPLICATION FOR AUTHORIZATION TO USE OR ACCEPT DELIVERY OF TOLUENE

Each person (including any supplier) seeking authorization to use or accept delivery of toluene, shall file application on Form WPB-2945 (formerly PD-600) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

WPB-2945 (formerly PD-600). Copies of Form WPB-2945 (formerly PD-600) may be obtained at local field offices of the War Production Board.

Time of filing. Applications shall be made in time to ensure that copies will have reached the supplier and the War Production Board on or before the 5th day of the month preceding the month for which authorization for delivery or use is sought.

Five copies shall be prepared, of which one copy may be retained by the applicant, one copy shall be forwarded to the supplier, and three copies (one certified) shall be forwarded to the War Production Board, Chemicals Division, Washington 25, D. C., Reference M-34.

Number of sets. A separate set of application forms shall be submitted for each supplier and for each delivery destination or plant of the applicant.

Heading. Under name of chemical, specify toluene; under War Production Board order number, specify M-34; under unit of measure, specify gallons; and otherwise fill in as indicated.

Table I. Specify in the heading the month and year for which authorization for acceptance of delivery or use is sought.

Column 1. Specify as grade nitration or commercial.

Column 2. Specify separately the quantities (in gallons) required for each primary product and product use specified in Columns 3 and 4 of the application.

Column 3. Specify primary products in terms of the following:

Para Cresol.
Quinacrine.
Explosives.
Zinc Chromate Primer.
Petroleum additives.
Aviation oils.
Neoprene solvent.
Other primary product (specify).
Export (as toluene).
Resale (as toluene).
Inventory (as toluene).

Column 4. Opposite any primary product in Column 3 which is subject to allocation, specify in Column 4 only the allocation order number (for example, in the case of para cresol, Order M-27; in the case of quinacrine, Order M-306).

Opposite any primary product in Column 3 which is not under allocation, specify in Column 4 the end use in as detailed and complete a manner as possible, giving Army or Navy or Lend-Lease specification and contract numbers when available.

Opposite "Export" in Column 3, specify in Column 4 the name of the individual, company or governmental agency to whom, or for whose account, the materials will be exported, the country of destination, and the governing export license or contract number, unless Lend-Lease, in which case merely specify the Lend-Lease contract or serial number.

Opposite "Resale' in Column 3, write into Column 4 "upon further authorization".

Opposite "Inventory" in Column 3, write into Column 4 "subject to further authorization".

Columns 9 and 10. Leave blank, except for remarks, if any, in Column 10.

Table II. Fill in as indicated for each grade of toluene referred to in Column 1 of the application.

Suppliers shall report only quantities of toluene which have been allocated to them for their own use.

Table III. Fill in as indicated.

Table IV. Fill in as indicated for each primary product specified in Column 3 of the application, except for primary products under direct allocation (such as para cresol or quinacrine).

PART 1010—SUSPENSION ORDERS

[Revocation of Suspension Order S-337]

MICHAEL HOFFMAN FUEL CO., INC.

Michael Hoffman Fuel Company, Inc., 156 East Washington Avenue, Bridgeport, Connecticut, has appealed from the provisions of Suspension Order S-337 issued June 23, 1943. Pending the determination of the appeal, the provisions of Suspension Order S-337 were stayed by the Chief Compliance Commissioner. After a review of the case, it has been determined by the Chief Compliance Commissioner that Suspension Order S-337 should be modified so as to expire at an earlier date than now is specified.

In view of the foregoing: *It is hereby ordered,* That § 1010.337 Suspension Order S-337, issued June 23, 1943, be revoked.

Issued this 23d day of July, 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-363]

BROOK ELECTRICAL SUPPLY CO. AND L. J. SEGIL CO.

Leon J. Segil, Miriam Segil, Harold T. Segil, Louis J. Segil, Jane Segil and Gladys Segil are engaged as partners in the business of selling electric lighting fixtures under the names of Brook Electrical Supply Company and L. J. Segil Company, at 2510 West North Avenue and on Clark Street, Chicago, Illinois. When investigated by the War Production Board in December of 1942, and at other times, respondents were found to have kept no production records, nor to have maintained adequate records showing a correlation between preference ratings assigned to them and those extended by them, and not to have differentiated between sale at retail and at wholesale. These failures to maintain proper records made it difficult to ascertain whether their handling of materials conformed to rules and regulations of the War Production Board, and constituted violations of Priorities Regulation No. 1, as amended.

Between May 1, 1942, and December 31, 1942, respondents extended to their suppliers preference ratings AA-1 to A-1-j which were not supported by equivalent preference ratings assigned them on related customers' orders, and during said period of time, respondents placed orders for approximately 103,000 feet of copper wire in excess of the quantity required to fill the rated orders received by them, and they also placed orders for 28,725 feet of copper wire to fill unrated orders, both actions being in violation of Priorities Regulation No. 3, as amended. Between September 30, 1942, and December 10, 1942, respondents sold and delivered approximately 99 new complete fluorescent lighting fixtures on orders bearing preference ratings lower than A-2 in violation of General Limitation Order L-78, as amended. Between June 25, 1942, and September 12, 1942, respondents accepted delivery of approximately 100,000 feet of copper wire on unrated orders in violation of General Preference Order M-9-a. Between May 4, 1942, and December 10, 1942, respondents improperly applied ratings given them under Preference Rating Order P-100. Respondents were aware of the said orders, and their acts must be deemed wilful violations.

These wilful violations of Priorities Regulation No. 1, Priorities Regulation No. 3, General Limitation Order L-78, General Preference Order M-9-a, and Preference Rating Order P-100 have diverted scarce materials to uses unau-

thorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing facts: *It is hereby ordered*, That:

§ 1010.363 *Suspension Order No. S–363.* (a) Leon J. Segil, Miriam Segil, Harold T. Segil, Louis J. Segil, Jane Segil and Gladys Segil, doing business as Brook Electrical Supply Company and L. J. Segil Company, or otherwise, their and its successors and assigns shall not purchase, order, or accept delivery of any materials in order to manufacture or assemble electrical fixtures, fluorescent or otherwise, or component parts; nor shall they manufacture, assemble, sell or otherwise dispose of electric fixtures, fluorescent or otherwise, unless hereafter specifically authorized in writing by the War Production Board.

(b) The provisions of this order shall not apply to orders bearing a preference rating of AA–2X or higher.

(c) Nothing in this order shall be deemed to relieve Leon J. Segil, Miriam Segil, Harold T. Segil, Louis J. Segil, Jane Segil and Gladys Segil, doing business as Brook Electrical Supply Company and L. J. Segil Company, or otherwise, their and its successors or assigns from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on July 23, 1943, and shall expire on November 23, 1943.

Issued this 16th day of July 1943.

PART 1193—COTTON TEXTILE PRODUCTION

[Supplementary Limitation Order L–99–a, as Amended July 23, 1943]

§ 1193.2 *Supplementary Limitation Order L–99–a*—(a) *80 squares.* No producer or converter of cotton textiles shall sell or deliver any 39" 80/80 4.00 yard print cloth or pro rata widths thereof, gray or finished, except to fill orders bearing a preference rating of AA–5 or better. This restriction shall not apply to off-quality cloth of a combined total not exceeding two (2%) per cent of the producer's or converter's production of the cloth referred to in this paragraph.

(b) *Bandage cloth.* No producer or converter of cotton textiles shall process or convert any 38½" 44/36 8.60 yard or 38½" 44/40 8.20 yard print cloth, or pro rata widths thereof, gray or finished, except to render the same suitable for manufacture into surgical dressings or cheese bandages. No producer, converter, or jobber (one who sells to a manufacturer, or for resale) shall sell or deliver such cloth, knowing or having reason to believe that such cloth will be used other than for manufacture into such dressings or bandages. These restrictions shall not apply to specific orders for delivery to or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, or to off-quality cloth of a combined total not exceeding two (2%) per cent of the producer's or converter's production of the cloth referred to in this paragraph.

(c) *Bandage cloth loom assignment.* No producer of cotton textiles, who on July 3, 1943, assigned or operated a loom for the production of 38½" 44/36 8.60 yard print cloth, or pro rata widths thereof, shall operate that loom on any other construction. No producer of cotton textiles, who on July 3, 1943 assigned or operated a loom for the production of 38½" 40/32 9.80 or 38½" 48/44 7.46 yarn print cloths, or pro rata widths thereof, shall operate that loom on any other than one of the three constructions mentioned in this paragraph (c), or pro rata widths thereof.

(d) *Diaper cloth.* No person shall sell, deliver, buy or accept any gauze diaper cloth or birdseye diaper cloth, any new product made therefrom or new diapers, knowing or having reason to believe that the same will be used for industrial purposes, and no manufacturer or processor of any product shall use gauze diaper cloth or birdseye diaper cloth, any new product made therefrom or new diapers for industrial purposes. This restriction shall not apply to off-quality cloth of a combined total not exceeding two (2%) per cent of the producer's or manufacturer's production of diaper cloth and diapers.

(e) *Spindle assignment.* No producer of cotton textiles, who on July 3, 1943, assigned or operated a spindle for the production of cotton sale yarn or any other cotton product, referred to in one of the items numbered "1" to "13" inclusive, "16" to "20", inclusive, "2", "23", "25" to "29" inclusive, or "38" to "78", inclusive, on Form WPB 658–E (6–28–43), shall operate that spindle for the production of any product not within that item. The operation may be in any count within the range referred to in the item. (For example, if on July 3, 1943, a spindle was operated on or was assigned to "17's" single carded weaving sale yarn—which falls within Item No. "3" on said form—it may be operated only on such a yarn within the range of "15's" to "20's", inclusive.)

PART 1195—BENZENE

[Allocation Order M–137, as amended July 23, 1943]

The order title "Conservation Order No. M–137" is hereby amended to read, "Allocation Order M–137".

Section 1195.1 is hereby amended to read as follows:

§ 1195.1 *Allocation Order M–137.*—(a) *Definitions.* For the purpose of this order:

(1) "Benzene" means the chemical compound known by that name or by the name "benzol", from whatever source derived.

(2) "Supplier" means any person who produces benzene, or who purchases benzene for resale as benzene.

(b) *Restrictions on delivery and acceptance of delivery.* (1) No supplier shall deliver benzene to any person, except as specifically authorized in writing by the War Production Board, upon application pursuant to Appendix A annexed.

(2) No person shall accept delivery of more than 50 gallons of benzene in the aggregate from all suppliers during any calendar month, except as specifically authorized in writing by the War Production Board, upon application pursuant to Appendix B annexed.

(3) Each person seeking to have 50 gallons or less of benzene in the aggregate delivered to him by all suppliers in any calendar month, shall furnish each supplier with a certificate in accordance with Appendix C annexed.

(c) *Restrictions on use.* No person shall use benzene except as follows:

(1) As specifically authorized in writing by the War Production Board, upon application pursuant to Appendix B annexed; or

(2) For any purpose (subject, however, to the use restrictions of paragraph (d) below), by any person using 50 gallons or less of benzene in the aggregate during any calendar month.

(d) *Additional restrictions on use.* No person shall use or consume benzene, or any blend or mixture containing added benzene, as motor or other fuel, or for the manufacture or preparation of motor or other fuel, except aviation fuel having an octane number higher than 87 A. S. T. M.

(e) *Production requirements.* Unless specifically authorized or directed by the War Production Board:

(1) No person shall use or deliver oils containing commercially extractable benzene, except for the purpose of distillation or refining;

(2) Each person processing oil for the extraction of benzene shall produce therefrom the maximum quantity of 2 degrees Centigrade benzene which his equipment and facilities are capable of producing.

The above requirements are in addition to the requirements of Order M–34 with respect to oils containing commercially extractable toluene, and shall not apply to oils derived from petroleum.

(f) *Special directions.* The War Production Board, at its discretion, may at any time issue special directions to any person with respect to:

(1) Use, delivery or acceptance of delivery of benzene and oils containing benzene (other than oils derived from petroleum); or

(2) Production of benzene and processing of oils containing benzene (other than oils derived from petroleum); or

(3) Preparation and filing of forms and certificates to be furnished in accordance with Appendices A, B and C, annexed.

(g) *Special provisions for July and August, 1943.* Notwithstanding the provisions of paragraphs (b) and (c), and of Appendices A and B annexed:

(1) During July, 1943, applications for authorization to deliver or accept delivery of benzene may be made in accordance with the provisions of this order as in effect prior to July 23, 1943;

(2) Any person may, without specific authorization, accept delivery of, and use for the purpose stated in his application to the War Production Board, any benzene which he received on or before August 31, 1943, or which was in transit to him on that date.

(h) *Notification of customers.* Each supplier is requested to notify his regular customers as soon as possible of the requirements of this order as amended, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(i) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

(3) *Approval of reporting requirements.* Forms WPB–2945 (formerly PD–600) and WPB–2946 (formerly PD–601) have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(4) *Violations.* Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control, and may be deprived of priority assistance.

(5) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington 25, D. C., Ref.: M–137.

Issued this 23d day of July 1943.

Recording Secretary.

APPENDIX A

INSTRUCTIONS TO SUPPLIERS FOR FILING APPLICATION FOR AUTHORIZATION TO DELIVER BENZENE

Each supplier seeking authorization to deliver benzene shall file application on Form WPB–2946 (formerly PD–601) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

Form WPB–2946 (formerly PD–601). Copies of Form WPB–2946 (formerly PD–601) may be obtained at local field offices of the War Production Board.

Time of filing. Applications shall be filed in time to ensure that copies will have reached the War Production Board on or before the 15th day of the month preceding the month for which authorization to make delivery is requested.

Number of copies. Four copies shall be prepared, of which one may be retained by the applicant and three copies (one certified) shall be sent to the War Production Board, Chemicals Division, Washington, 25, D. C., Ref: M–137.

Heading. Under name of chemical, specify benzene; under War Production Board order number, specify M–137; specify gallons as unit of measure; and otherwise fill in as indicated.

Table I. Fill in as indicated. If the applicant supplier is also filing application on Form WPB–2945 (formerly PD–600) for authorization to use benzene, he should list his own name as customer.

An aggregate quantity may be requested for delivery on certified orders of 50 gallons or less, without listing individual customers.

Specify grade as one-degree nitration, two-degree pure, or other specified grade.

Rolling stock. Fill in as indicated.

Table II. Fill in as indicated. In Columns 10 and 13 enter only those stocks of benzene not authorized for delivery on the dates specified.

Special instructions for small distributors. Any distributor may deliver benzene on certified small orders of 50 gallons or less without application to, or specific authorization from, the War Production Board, if he himself acquired such benzene on a certified small order of 50 gallons or less, or if he acquired it upon application in accordance with Appendix B annexed for the purpose of filling certified small orders of 50 gallons or less.

APPENDIX B

INSTRUCTIONS FOR FILING APPLICATION FOR AUTHORIZATION TO USE OR ACCEPT DELIVERY OF MORE THAN 50 GALLONS OF BENZENE PER MONTH

Each person (including any supplier) seeking authorization to use or accept delivery from all suppliers of more than 50 gallons of benzene during any calendar month, shall file applicaion on Form WPB–2945 (formerly PD–600) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

WPB–2945 (formerly PD–600). Copies of Form WPB–2945 (formerly PD–600) may be obtained at local field offices of the War Production Board

Time of filing. Applications shall be made in time to ensure that copies will have reached the supplier and the War Production Board on or before the 5th day of the month preceding the month for which authorization for delivery or use is sought.

Number of copies. Five copies shall be prepard, of which one copy may be retained by the applicant, one copy shall be forwarded to the supplier, and three copies (one certified) shall be forwarded to the War Production Board, Chemicals Division, Washington, 25, D. C., Reference M–137.

Number of sets. A separate set of application forms shall be submitted for each supplier and for each delivery destination or plant of the applicant.

Heading. Under name of chemical, specify benzene; under War Production Board order number, specify M–137; under unit of measure, specify gallons; and otherwise fill in as indicated.

Table I. Specify in the heading the month and year for which authorization for acceptance of delivery or use is sought.

Column 1. Specify one degree nitration, two degrees pure, or other specified grade.

Column 2. Specify separately the quantities (in gallons) required for each primary product and product use specified in Columns 3 and 4.

Column 3. Specify primary products in terms of the following:

Phenol
Styrene
Cumene
Aniline
Monochlorobenzene
Diphenyl
Solvents and thinners
Other primary products (specify)
Export (as benzene)
Resale (as benzene)
Inventory (as benzene)

Column 4. Opposite any primary product in Column 3 which is subject to allocation, specify in Column 4 only the allocation order number (for example, in the case of styrene, Order M–170; in the case of phenol, Order M–27; and, in the case of aniline, Order M–184).

Opposite any primary product in Column 3 which is not under allocation, specify in Column 4 the end use in as detailed and complete a manner as possible, giving Army or Navy or Lend-Lease specification and contract numbers when available.

Opposite "Export" in Column 3, specify in Column 4 the name of the individual, company or governmental agency to whom, or for whose account, the materials will be exported, the country of destination, and the governing export license or contract number, unless Lend-Lease, in which case merely specify the Lend-Lease contract or serial number.

Opposite "Resale" in Column 3, suppliers shall write into Column 4 "upon further authorization" or "for certified small orders of 50 gallons or less".

Opposite "Inventory" in Column 3, write into Column 4 "subject to further authorization".

Columns 9 and 10. Leave blank, except for remarks, if any, in Column 10.

Table II. Fill in as indicated for the grade of benzene referred to in Column 1 of the application.

Suppliers shall report only quantities of benzene which have been allocated to them for their own use.

Table III. Fill in as indicated.

Table IV. Fill in as indicated for each primary product specified in Column 3 of the application, except for primary products under direct allocation (such as aniline, phenol, and styrene).

APPENDIX C

INSTRUCTIONS FOR FILING CERTIFICATES WITH PURCHASE ORDERS FOR DELIVERY OF 50 GALLONS OR LESS OF BENZENE PER MONTH FROM ALL SUPPLIERS

Each person seeking delivery of 50 gallons or less of benzene from all suppliers in any calendar month, shall, when placing any purchase order for any such delivery, furnish the supplier with a certificate in substantially the following form:

"The undersigned hereby certifies to the supplier and to the War Production Board that the amount of benzene ordered herewith, taken together with all other benzene ordered for delivery in the same month, will not exceed 50 gallons.

(Name of purchaser)	(Address)
By	
(Signature and title of duly authorized officer)	(Date)

"

The above certificate shall be endorsed on or attached to the purchase order and shall

be signed by an authorized official, either manually or as provided in Priorities Regulation No. 7. It shall constitute a representation to, but shall not be filed with, the War Production Board.

PART 3037—ELECTRONIC EQUIPMENT

[General Limitation Order L-265 as Amended July 23, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account, and for export, of electronic equipment; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3037.8 *General Limitation Order L-265*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership association, business trust, corporation, or any organized group of individuals whether incorporated or not.

(2) "Manufacture" means produce, fabricate or assemble electronic equipment, or perform any act or operation upon electronic equipment so as to modify or convert it from one to another type, use or mode of operation, but shall not include acts incidental to the maintenance or repair of electronic equipment.

(3) "Electronic equipment" means any electrical apparatus or device involving the use of vacuum or gaseous tubes and any associated or supplementary device, apparatus or component part therefor, and shall include any acoustic phonograph and component parts therefor. The term shall not include:

(i) Hearing aid devices;

(ii) Wire telephone and telegraph equipment;

(iii) Electric batteries;

(iv) Power and light equipment;

(v) Medical, therapeutic, x-ray and fluoroscopic equipment other than replacement electron tubes therefor;

(vi) Phonograph records and needles;

(vii) Automotive maintenance equipment as defined in Limitation Order L-270;

(viii) Incandescent, fluorescent and other electric discharge lamps, as defined in Limitation Order L-28; and rectifier tubes, as defined in Limitation Order L-264.

(4) "Preferred order" means any order for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company, any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or any order bearing a preference rating of AA-4 or higher.

(5) "Transfer" means sell, lease, trade, give, deliver, or physically transfer in any way so as thereby to make available for the use of a person other than the transferor, but shall not include the transfer of electronic equipment by one person to another person for repair or storage thereof nor the return of such equipment to the owner thereof (or his agent).

(6) "Producer" means any person to the extent engaged in the manufacture of electronic equipment for transfer or for commercial use.

(7) "Supplier" means any person to the extent that his business consists in whole or in part of the sale, distribution or transfer from stock or inventory of electronic equipment, and includes wholesalers, distributors, jobbers, dealers, retailers, servicemen, branch warehouses or other distribution outlets controlled by producers and other persons performing a similar function.

(8) "Consumer" means any person who owns, operates or purchases electronic equipment for his own use.

(b) *Restrictions.* (1) No producer shall manufacture any electronic equipment except:

(i) To fill preferred orders, or

(ii) To fulfill, under the Controlled Materials Plan, an authorized production schedule or authorized program, as defined in CMP Regulation 1.

(2) No producer or supplier (other than Defense Supplies Corporation) shall transfer any electronic equipment to any consumer, nor shall any consumer accept the transfer of any electronic equipment from any producer or supplier (other than Defense Supplies Corporation) except:

(i) To fill preferred orders, or

(ii) To fill orders bearing a preference rating of A-1-a or higher, or

(iii) To fill an order for any component part of electronic equipment provided the consumer delivers to the producer or supplier concurrently with the transfer a used, defective or exhausted part of similar kind and size which cannot be repaired or reconditioned; or, when circumstances render the delivery of a part for a part impractical, provided the consumer's purchase order (or written confirmation thereof) is accompanied by a certificate in substantially the following form signed by the consumer:

CONSUMER'S CERTIFICATE

I hereby certify that the part(s) specified on this order are essential for presently needed repair of electronic equipment which I own or operate.

Signature and Date

(3) No producer or supplier shall transfer any electronic equipment to any supplier, nor shall any supplier accept the transfer of any electronic equipment from any producer or supplier, except:

(i) To fill preferred orders, or

(ii) To fill orders bearing a preference rating of A-1-a or higher or

(iii) To fill an order for component parts of electronic equipment required by the receiving supplier for the repair of electronic equipment then in his possession, or to replace in the inventory of the receiving supplier parts similar in kind and equal in number which have been delivered on or after the 24th day of April 1943 by the receiving supplier to consumers against defective or exhausted parts or consumer's certificates, or to other suppliers against supplier's certificates, as specified in this order; provided the purchase order is accompanied by a certificate in substantially the following form signed by the receiving supplier:

SUPPLIER'S CERTIFICATE

I hereby certify that I am entitled to purchase the items specified on the accompanying purchase order under the provisions of Limitation Order L-265, with the terms of which I am familiar.

Signature and Date

The producer or supplier to whom the above certificate is furnished shall be entitled to rely thereon as evidence that the purchase order is within the provisions of this paragraph (b) (3) (iii), unless he has knowledge or reason to believe that it is false.

(4) No producer or supplier shall retain in his inventory, possession or control, for more than sixty (60) days, any used, defective, exhausted or condemned parts which cannot be reconditioned; but must dispose of them for salvage where practical, or destroy such parts as have no practical salvage value.

(5) After June 30, 1943, no person shall mark radio receiving type tubes with the symbol "MR" except when authorized or directed to do so by the War Production Board. No person shall use radio receiving type tubes which are marked "MR" in the manufacture of electronic equipment to fill any preferred order. No person shall transfer or accept the transfer of such tubes on any preferred order or any other order bearing a preference rating, except rated purchase orders for export. No producer shall transfer for export in any calendar quarter a quantity in excess of fifteen (15%) percent of his production of such tubes during that calendar quarter. Producers of such tubes may transfer them to each other without restriction.

(c) *Exceptions.* (1) The provisions of this order shall not apply:

(i) To the transfer of any finished product of the following kinds which was produced and designed for home use and the manufacture of which was completed on or before the 24th day of April 1943, to wit: radio receiving sets; phonographs and record players; sound motion picture projectors.

(ii) To transfers of electronic equipment which transfers are made on or before the 23d day of June 1943 pursuant to purchase orders placed prior to the 24th day of April 1943.

(iii) To the lease of electronic equipment to any person by any person: *Provided,* That the lessor was actually engaged in the leasing of such equipment as a normal incident and part of his established business prior to the 24th day of April 1943.

(iv) To the transfer of any finished product of the following kinds, the manufacture of which was completed on or before the 24th day of April 1943: automobile radio receiving sets designed for the reception of standard broadcasts; automatic phonographs as defined in Limitation Order L-21.

(v) To transfers of radio antennae; antenna couplers; power supplies and battery cables for battery type home radio receivers; automobile radio control assemblies, loudspeakers and cables; electric fence excitors; or musical instruments (other than phonographs and radios) which involve the use of vacuum or gaseous tubes and the manufacture of which was completed on or before the 24th day of April 1943.

(2) The War Production Board may from time to time specifically authorize in writing exceptions to the provisions and restrictions of paragraphs (b) (2) and (b) (3) hereof.

(d) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(e) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priorities control and may be deprived of priorities assistance.

(g) *Communications.* All reports to be filed, appeals and other communications, concerning this order, should be addressed to War Production Board, Radio and Radar Division, Washington 25, D. C., Ref: L-265.

Issued this 23d day of July 1943.

PART 3192—SPECIALTY PAPERS

[General Conservation Order M-286 as Amended July 23, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of specialty papers for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3192.1 *General Conservation Order M-286*—(a) *Definitions.* For the purpose of this order:

(1) "Manufacturer" means any person engaged in the business of manufacturing any grade or type of paper listed in column 2 on List A.

(2) "Distributor" means any person engaged in the business of buying for resale or of ordering for the account of others any grade or type of paper listed in column 2 on List A.

(3) "Prohibited use" means, with respect to each grade or type of paper listed in column 2 on List A, the uses described for such grade or type of paper in column 3 on List A.

(4) "Grade or type of paper" designated in column 2 on List A includes all the sorts and varieties of paper commonly regarded by the trade as included within such designation.

(b) *Manufacturers' and distributors' obligation to examine orders.* From and after the respective dates shown in column 1 on List A for the various types of paper and uses listed in columns 2 and 3:

(1) No manufacturer or distributor shall accept any order for any grade or type of paper listed in column 2, or sell or deliver any such paper, if, by virtue of the identity of the person placing the order or the nature of his business (so far as known to the manufacturer or distributor) or the specifications of the order, or otherwise, the manufacturer or distributor knows or has reason to know that such paper will be used for any prohibited use, as specified for such paper in column 3.

(c) *Limitation on use of papers shown in column 2 on List A.* From and after the respective dates shown in column 1 on List A for the various types of paper and uses shown in columns 2 and 3 no person who accepts delivery of any grade or type of paper shown in column 2 shall use the same for any prohibited use, as specified for such grade or type of paper in column 3.

(d) *Exceptions.* (1) Notwithstanding the provisions of paragraphs (b) and (c) of this order any manufacturer or distributor may deliver, and any person may use, any quantity of any type or grade of paper shown in column 2 on List A (unless restricted in the use thereof by virtue of some other order of the War Production Board) for any use required by any contract with or order from the Army or Navy of the United States or any other agency or government referred to in (b) (1) and (2) of § 944.1 of Priorities Regulation No. 1, as amended.

(2) In case of doubt as to whether a particular use falls within the uses prohibited by the descriptions in column 3 on List A, any manufacturer, distributor or user may apply (by letter in triplicate) to the War Production Board for a specific ruling. The War Production Board may, either in response to such request or on its own motion, by letter or telegram addressed to a particular manufacturer, distributor or user, issue spe-

cific rulings determining whether or not a particular use or particular uses of a particular grade or type of paper are included within the prohibited uses for such grade or type.

(3) In case of doubt as to whether any particular paper is included by a particular designation, any manufacturer, distributor or user affected by this order may apply to the War Production Board for a specific ruling, by letter in triplicate, describing such paper in detail, the common designation thereof or of similar papers in the trade, the general uses for which such paper is designed or commonly used, and enclosing a sample of such paper. The War Production Board may, either in response to such request or on its own motion, by letter or telegram to a particular manufacturer, distributor or user, issue specific rulings determining which designation applies to any particular paper or papers or whether or not a particular paper or papers are included in any designation on List A.

(4) No restrictions contained in paragraphs (b) and (c) shall apply to any stocks which on July 23, 1943, were:

(i) In the hands of a user,

(ii) In transit to a user,

(iii) In the hands of a manufacturer or distributor and so cut, processed or printed as to render impracticable their use in a manner not subject to restriction by this order.

(e) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds for appeal.

(g) *Records.* All persons affected by this order shall keep for at least two years records concerning inventory, production, purchases and sales, and shall make reports on the same if required.

(h) *Communications.* All reports required to be filed hereunder and all communications concerning this order or any schedule issued supplementary hereto shall, unless otherwise directed be addressed to: War Production Board, Pulp and Paper Division, Washington 25, D. C., Ref: M-286.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction, may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 23d day of July 1943.

PART 3270—CONTAINERS

[Limitation Order L-232 as Amended July 23, 1943]

WOODEN SHIPPING CONTAINERS

Section 3270.5 *Limitation Order L-232* is hereby amended to read as follows:

§ 3270.5 *Limitation Order L-232*—(a) *Definitions.* For the purposes of this order:

(1) "Wooden shipping container" means any new shipping container made wholly or partially of wood.

(b) *Restrictions*—(1) *Manufacture and assembly of containers.* No person shall commercially manufacture or assemble any wooden shipping container which does not meet the specifications of any of the several tables of Schedule A applicable to that kind of container. The restrictions of this paragraph shall not apply to barrels.

(2) *Manufacture of container parts.* No person shall commercially manufacture any wooden parts designed for any wooden shipping container which, when assembled, will not conform with the specifications of any of the several Tables of Schedule A applicable to that kind of container.

(3) *Coloring.* No manufacturer, dealer in, or commercial user of wooden shipping containers shall dye, stain, or otherwise color containers or parts.

(4) *Printing.* All stamping, printing and labeling, unless otherwise required by law, shall be placed on only one outside surface of any wooden shipping container covered by the Schedules of this order, whether it be an end, a side, bottom, top or cover. The restrictions of this paragraph (b) (4) shall not apply to paper, labels or markings which only:

(i) State the capacity of the container in terms of whole or fractional pints, quarts, pecks, or bushels; or

(ii) in the case of baskets and hampers are identifying markings provided for in regulations of the Secretary of Agriculture issued under the United States Standard Container Act of 1928; or

(iii) are designed for the purpose of encouraging salvage and reuse of the container, provided the label or printing does not include the name, brand, trade-mark or other reference to any person, firm, partnership or corporation.

(5) *Restrictions on shipping.* (i) No person shall commercially ship in any wooden shipping container any of the commodities listed in Table I of Schedule B. This shall not, however, restrict the shipment of any commodity listed which has already been packed on the date it was included in this Table.

(ii) No person shall commercially ship any of the commodities listed in Table II of Schedule B in wooden shipping containers to an extent greater than that designated.

(c) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of appeal.

(d) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(e) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to War Production Board, Containers Division, Washington 25, D. C., Ref.: L-232.

(f) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

Issued this 23d day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A—SPECIFICATIONS FOR WOODEN SHIPPING CONTAINERS

TABLE 1—HAMPERS, BASKETS, BERRY CUPS FOR FRESH FRUITS AND VEGETABLES

NOTE: Table 1 amended in its entirety July 23, 1943.

(a) Specifications for the types and dry capacities of permitted hampers, baskets, and berry cups are as follows:

Type—(1)	*Dry capacity* (2)
1. Hampers	½, ⅝, 1 bu.

[1] The inside depth of this box may be increased up to 11½", either by the addition of cleats of any thickness or by the use of a solid end.

[2] The inside depth of this box may be increased up to 7 11/16" by the addition of cleats of any thickness or by the use of a solid end.

*Wherever an asterisk appears, cleats may be used for such items, as provided for in paragraph (c) of the text of Table II.

(a) The designation in column (1) of Table II is merely for identification and shall not be construed as restricting usage. 'Inside width' and 'Inside depth' of the container are the width and length, respectively, of the end pieces or end frames, exclusive of any cleats. 'Inside length' of the container shall be its outside length minus the combined thickness of both ends and of the center piece (if any).

(b) An optional variation of up to 1/8" under or up to 1/4" over the specified inside lengths is allowed. A tolerance of up to 1/8", plus or minus, in the specified inside depths and inside width is allowed for shrinkage and manufacture.

(c) No cleats may be so used as to increase inside dimensions except where an asterisk appears in Column (1) of Table II or where, and as, specified in any footnote after that table. Where an asterisk appears in Column (1) of Table II, one or more cleats of 1/4", 3/8", 1/2", 5/8", 11/16", or 3/4" thickness may be attached to the top of each end piece, or end frame, provided such cleat or cleats do not increase the inside dimensions of the container by more than the specified thickness of the cleat or cleats.

(d) *Exceptions.* (1) The restrictions of paragraphs (b) (3) and (4) of this order and of this Table II shall not apply to:

(i) The manufacture or assembly of wooden shipping containers by any person from wooden parts cut to size by him before March 4, 1943; provided, such manufacture or assembly is completed by August 31, 1943:

(ii) The assembly of wooden shipping containers by any person from cut-to-size wooden parts bought and received by him before April 1, 1943; provided, such assembly is completed by August 31, 1943;

(2) The restrictions of this Table II shall not apply to the manufacture or assembly of wooden shipping containers, or the manufacture of wooden parts for wooden shipping containers, to be delivered:

(i) To or for the account of the Army, the Navy, the Coast Guard, the Maritime Commission, the War Shipping Administration, or the Department of Agriculture (for Lend-Lease purposes), provided, the government agency's specifications require wooden shipping containers which do not comply with Table II.

(ii) To any person for use in packing fresh fruits or vegetables for delivery to or for the account of such government agencies; provided, the government agency's specifications require wooden shipping containers which do not comply with Table II; and provided further, such person furnishes the container or container-parts supplier with a written certification in substantially the following form, signed by an authorized official, either manually or as provided in Priorities Regulation No. 7:

"This is to certify that specifications of orders received by the undersigned from (designate government agency) require wooden containers not conforming with Order L-232. The material ordered herewith is for that purpose only.

Company_____
By_____
Title_____ Date_____"

Such certification shall constitute a representation to the supplier and to the War Production Board as to the truth of the facts stated therein. The supplier may rely upon such representation unless he has knowledge or reason to believe that it is not true.

PART 3291—CONSUMERS DURABLE GOODS

[Limitation Order L-301]

POWERCYCLES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron and steel and other critical materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3291.291 *Limitation Order L-301*—(a) *Definitions.* For the purposes of this order:

(1) "Powercycle" means any two or three wheeled vehicle (with or without side car or similar attachment) commonly known as a motor bike, motor scooter or motor glide, propelled by an internal combustion engine having a displacement of less than 25 cubic inches. It shall not include motorcycles.

(2) "Powercycle manufacturer" means any person engaged in the business of producing or assembling powercycles or parts specifically designed for incorporation into powercycles.

(3) "Repair part" means any part that is produced to replace a used or worn part, in a used powercycle.

(b) *Restrictions upon production.* (1) No powercycle manufacturer shall produce or assemble any powercycle, except (i) From fabricated parts contained in his inventory before July 1st, 1943;

(ii) Pursuant to the specific authorization of the War Production Board granted in response to a letter of application.

(2) During the six months period beginning July 1st, 1943, and during each six months period thereafter, no powercycle manufacturer shall produce repair parts containing more weight of metal in the aggregate than 62½% of the aggregate weight of metal contained in the repair parts produced by him during 1942.

(c) *Restrictions on transfer.* No powercycle manufacturer shall transfer the physical possession of or legal title to any powercycle which has never been sold to an ultimate consumer, except:

(1) In fulfillment of an order, contract or subcontract placed by or for the account of the Army or Navy of the United States, the War Shipping Administration, the United States Maritime Commission, the government of any country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act) and government agencies or other persons acquiring powercycles for export to any foreign country.

(2) Pursuant to specific authorization of the War Production Board on Form WPB-1319 (formerly PD-556).

(3) The War Production Board will not, in the absence of special circumstances, grant any authorizations for transfers to any persons unless they are directly engaged in the production of war material or require powercycles for intraplant or emergency use.

(d) *Avoidance of excessive inventories.* No manufacturer shall accumulate for use in the manufacture of powercycles inventories of raw materials, semi-processed materials or finished parts in quantities in excess of the minimum amount necessary to maintain production of powercycles at the rates permitted by this order.

(e) *Applicability of other orders and regulations.* This order and all transactions affected by this order are subject to the applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in the production of powercycles to a greater extent than this order does, the other order shall govern unless it states otherwise.

(f) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control and may be deprived of priorities assistance.

(g) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C., Ref: L-301.

Issued this 23d day of July 1943.

Subchapter C—Director, Office of War Utilities

PART 4501 [1]—COMMUNICATIONS

[Utilities Order U-5, as Amended July 23, 1943]

ORDER RESTRICTING TRANSFER OF WIRE COMMUNICATION EQUIPMENT

(a) Definitions.
(b) General restrictions.
(c) Existing contracts.
(d) Applicability of regulations.
(e) Communications to War Production Board.
(f) Appeals.
(g) Violations.
(h) Reports.

NOTE: Heading and Index added July 23, 1943.

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain types of wire communication equipment for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 4501.16 [1] *Utilities Order U-5*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Manufacturer" means any person manufacturing wire communication equipment, parts or attachments thereto, of the kinds listed in Schedule A, to the extent that he is engaged in such manufacture, and shall include sales and distribution outlets controlled by said manufacturer.

(3) "Distributor" means any person other than a manufacturer regularly engaged in the business of leasing or selling wire communication equipment, parts or attachments thereto, to dealers.

(4) "Dealer" means any person (other than one engaged in rendering wire or radio communication service), regularly engaged in the business of offering wire communication equipment, parts or attachments thereto for sale or lease at retail to the consumer.

(5) "Wire communication equipment" shall include, but not by way of limitation, new and used wire telephone and telegraph communication equipment, parts and attachments thereto of the kinds listed in Schedule A.

(b) *General restrictions.* (1) Regardless of the terms of any contract of sale, purchase, rental or other commit-

[1] Formerly Part 4504, § 4504.1

ment, no manufacturer, distributor or dealer shall accept any purchase, rental or other order for wire communication equipment, parts or attachments thereto including, but not limited to, those included in Schedule A which is attached and made a part of this order, except a purchase, rental or other order bearing a preference rating of AA-5 or higher, or an authorized controlled material order; and no manufacturer, distributor or dealer shall sell, lend, lease, rent, deliver or otherwise transfer any such wire communication equipment, parts or attachments thereto, nor shall any person receive or accept deliveries of any such equipment, parts or attachments thereto, from a manufacturer, distributor or dealer except to fill a purchase, rental or other order bearing a preference rating of AA-5 or higher, or an authorized controlled material order. *Provided, however,* That this paragraph shall not prohibit the transfer or delivery of wire communication equipment to a manufacturer for repair or storage or the return of said equipment to the owner thereof after repair has been effected or storage terminated.

(2) Notwithstanding the provisions of paragraph (b) (1), wire communication equipment, the order for which bears a preference rating of A-7 or higher and has been accepted by a manufacturer, distributor or dealer prior to January 2, 1943 or which bears a preference rating of A-1-a or higher and has been accepted by a manufacturer, distributor or dealer prior to April 1, 1943, may be manufactured and/or transferred and/or delivered.

(3) [Revoked July 23, 1943.]

(c) *Existing contracts.* Fulfillment of contracts in violation of this order is prohibited regardless of whether such contracts are entered into before or after September 8, 1942. No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with the terms of this order.

(d) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(e) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: Communications Division, Office of War Utilities, War Production Board, Washington 25, D. C., Ref.: U-5.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from, stating fully the grounds of the appeal.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control, and may be deprived of priorities assistance.

(h) *Reports.* All persons affected by this order shall execute and file such reports as the War Production Board shall from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act, 1942.

Issued this 23d day of July 1943.

WAR PRODUCTION BOARD,

Chapter XI—Office of Price Administration

PART 1340—FUEL

[MPR 121,[1] Amdt. 20]

MISCELLANEOUS SOLID FUELS DELIVERED FROM PRODUCING FACILITIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 121 is amended in the following respects:

1. Section 1340.247a (c) is amended by deleting the phrase "other than coke."

2. Section 1340.247a (d) is amended to read as follows:

(d) In connection with any application for adjustment filed under the provisions of this section, full data on costs, profits, price history and other relevant factors are required. Except in cases involving coke, the following forms must be used for filing the required data. Applicants operating a mine must use OPA Form No. 653-331, applicants operating a briquette or packaged coal plant must use OPA Form No. 653-330. Two copies of each form used must be filed with each application. Copies of these forms may be obtained from the Office of Price Administration or any regional office thereof.

This amendment shall become effective July 28, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 22d day of July 1943.

PART 1340—FUEL

[Rev. MPR 122,[1] Amdt. 9]

SOLID FUELS SOLD AND DELIVERED BY DEALERS

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 122 is amended in the following respect:

1. In § 1340.260, a new paragraph is added to read as follows:

§ 1340.260 *Provision for specific ceiling prices.* * * *

If, after such specific maximum prices are established by order, the maximum prices of the dealers' suppliers are increased or decreased by the Price Administrator, the Office of Price Administration or the regional office which issued the order may, after clearance with the Solid Fuels Branch in Washington, D. C., adjust the specific maximum prices so established to correspond generally with such increase or decrease.

This Amendment No. 9 shall become effective July 28, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

CIDER VINEGAR

This regulation is issued in order to establish maximum prices for cider vinegar at levels which are generally fair and equitable and which will aid in stabilizing the cost of living. A statement of the considerations involved in the issuance of this regulation has been issued and filed with the Division of the Federal Register.*

§ 1341.601 *Maximum prices for processors, secondary packers, and certain distributors.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 428 (Cider Vinegar), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1341.601 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION 428—CIDER VINEGAR

SECTION 1. *Purpose of the regulation.* The purpose of this regulation is to establish maximum prices for cider vinegar in sales by processors, secondary packers, primary distributors, wagon wholesalers and other distributors, but not including wholesalers and retailers. (As used in this regulation, the word "wholesaler" does not include a wagon wholesaler.) Maximum prices for the wholesalers and retailers of cider vinegar are governed respectively by Maximum Price Regulation No. 421[3] and Maximum Price Regulations Nos. 422[4] and 423.[5]

SEC. 2. *Maximum prices for cider vinegar sold by processors and secondary packers—(a) Maximum prices for persons who are primarily producers.* The pricing method of this paragraph applies to any person who produced 50 percent or *more* of the cider vinegar which, during the one-year period ending April 30, 1943, he sold either in bulk or in containers actually filled by him. (For convenience, he will be called a "processor".) Maximum prices which he figures under this paragraph are applicable to all of his sales of cider vinegar except those in which he is selling branded cider vinegar no part of which he produces or repackages himself.

(1) *General rule.* In sales to persons other than independent retail stores and institutional users and other than ultimate consumers (except that this pricing method applies to sales to commercial and industrial users), the processor's maximum prices per gallon, barrel or other unit for cider vinegar shall be either:

(i) The processor's maximum prices under the General Maximum Price Regulation[1] or, at his election

(ii) The respective prices listed for each grade and quantity in the following table:

The prices listed in this table are f. o. b. factory	60 grain basis	50-60 grain	40-50 grain
Tank car or tank truck lots, per gallon	$0.16	----	----
Barrels, per gallon, cooperage included	----	$0.19½	$0.17
Half-barrels, per gallon, cooperage included	----	0.22½	0.20
Gallons, per dozen	----	3.80	3.60
Half-gallons, per dozen	----	2.20	2.10
Quarts, per dozen	----	1.10	1.05
Pints, per dozen	----	0.70	0.675

A processor who chooses the maximum prices listed in subdivision (ii) may establish a uniform maximum delivered price for any item by zone or area, in each case by adding to the f. o. b. factory price named his weighted average transportation charge from factory to purchasers' receiving points. For any zone or area this "weighted average transportation charge" shall be figured by him as follows: he shall (1) determine the total transportation charges, at rates in effect on July 22, 1943, for all shipments of the item during the six-month period ending April 30, 1943, to purchasers in that zone or area; (2) divide that figure by the total number of gallons or dozens of the item included in those shipments. (Where more than one means of transportation is used, averages may be taken separately for each.) The processor shall refigure his weighted average transportation charge at the end of each subsequent six-month period on the basis of shipments made since the last calculation, but at rates in effect on July 22, 1943.

The processor shall either figure all of his maximum prices under the General Maximum Price Regulation or take as his maximum prices those listed in subdivision (ii). However, his maximum price per unit for a container size which was not one of those he sold prior to July 22, 1943, shall be the price listed therefor in subdivision (ii), and his maximum prices for a container size not listed in subdivision (ii) shall be figured under the General Maximum Price Regulation.

(2) *Processors who also perform a wholesale service.* A processor who chooses the maximum prices listed in the table, and who sells cider vinegar under any of the circumstances outlined below, shall figure his maximum price in each case by adding together the following three factors:

(i) The maximum price named for the item, f. o. b. factory,

(ii) The following markup over the f. o. b. factory price:

(*a*) 12 per cent, if he is a "retailer-owned cooperative" that is either a non-profit organization or a corporation, 50 per cent of the stock of which is owned by its retailer customers, and which distributes the brand, if any, and grade of cider vinegar being priced to its retailer members. This markup may be added only in sales to its retailer members. In sales to institutional users or independent retail stores which are not members of the cooperative, he may add the markup provided in subdivision (*b*) or (*c*) according to whether or not delivery is made to these classes of purchasers.

(*b*) 16 per cent, if he is not a "retailer-owned cooperative", but he distributes the brand, if any, and grade of cider vinegar being priced for resale by independent retail stores or to institutional users and he does not deliver to these purchasers. This markup may be added only when the processor is selling to these classes of purchasers.

(*c*) 23 per cent, if he is not a "retailer-owned cooperative" but he distributes the brand, if any, and grade of cider vinegar being priced for resale by independent retail stores or to institutional users and he does deliver to these purchasers. This markup may be added only for the particular quantities of the item which are actually delivered to these classes of purchasers.

(iii) The freight, if any, incurred from factory to local distribution point. (Processors who have more than one factory or distribution point may average freight from factory to distribution point in the same manner as processors are allowed under paragraph (a) (1) to average outgoing freight.)

(3) *Processors who also perform the retail service.* A processor who chooses the maximum prices listed in the table and sells cider vinegar directly to ultimate consumers other than commercial, industrial or institutional users, shall figure separate maximum prices for sales to these purchasers, by adding in each case the following three factors: (i) the maximum price named for the item, f. o. b. factory; (ii) a markup over the f. o. b. factory price of 26 per cent; and (iii) the freight, if any, incurred from factory to local distribution point. (Processors who have more than one factory or distribution point may average freight from factory to distribution point in the same manner as processors are allowed under paragraph (a) (1) to average outgoing freight.) Maximum prices figures in this way are applicable only to sales to ultimate consumers other than commercial, industrial or institutional users.

(b) *Maximum prices for secondary packers and other persons who produce, cut or package some cider vinegar but who are not primarily producers.* The pricing method of this paragraph applies to any person who produces, cuts or packages some cider vinegar but who produced less than 50 per cent of the cider vinegar which, during the one-year period ending April 30, 1943, he sold either in bulk or in containers actually filled by him. (For convenience, he will be called a "secondary packer".) Maxi-

mum prices which he figures under this paragraph are applicable to all his sales of cider vinegar except those in which he is selling branded cider vinegar no part of which he produces or repackages himself.

(1) *General rule.* In sales to persons other than independent retail stores and institutional users and other than ultimate consumers (except that this pricing method applied to sales to commercial and industrial users), the secondary packer's maximum prices per gallon, barrel or other unit for cider vinegar shall be either:

(i) The secondary packer's maximum prices under the General Maximum Price Regulation or, at his election,

(ii) The respective f. o. b. factory prices listed for each grade and quantity in the table in paragraph (a), plus an amount figured by him as follows:

(*a*) He shall first determine what the freight charges would be, at rates in effect on July 22, 1943, for transportation of a customary quantity of cider vinegar in bulk, of a customary grainage strength, from the factory of his customary supplier to his customary receiving point, by the customary means of transportation. "Customary quantity" means the unit of cider vinegar in bulk (as in tank car or 50-gallon barrel lots, etc.) of which he received the largest number of shipments during the one-year period ending April 30, 1943. "Customary grainage strength", "customary supplier" and "customary means of transportation" mean respectively the grainage strength in which, the supplier from whom, and the means of transportation (like railroad, tank truck, etc.) by which, he received the greatest volume of cider vinegar in bulk during that period.

(*b*) He shall next divide these freight charges by the number of gallons in the customary quantity. The resulting figure will be his "base freight cost," and once determined it shall not be changed.

(*c*) He shall next multiply his base freight cost by the number of gallons in the unit being priced. The resulting figure will be his "adjusted base freight cost."

(*d*) Finally, he shall divide the grainage strength of the cider vinegar being priced by his customary grainage strength, and multiply his adjusted base freight cost by the percentage so obtained. The resulting figure will be the amount to be added to the listed price, in arriving at the secondary packer's maximum price f. o. b. plant.

Example. During the one-year period ending April 30, 1943, the secondary packer received the largest volume from supplier A; shipments of 1,250 gallons in 50-gallon barrels more often than any other quantity; 50 grain cider vinegar in larger volume than any other grade; and the greatest volume by railroad.

The cost of freight for transportation by railroad of 1,250 gallons of 50 grain cider vinegar in 50-gallon barrels, from supplier A's factory, is now $25. The secondary packer divides $25 by 1,250 and obtains a base freight cost of $.02 per gallon. For a unit of one dozen gallons, he multiplies $.02 by 12 and obtains an adjusted base freight cost of $24. If the unit being priced is 40 grain cider vinegar, he divides 40 by 50 (the customary grainage strength) and obtains a percentage of .80, which multiplied by $.24 results in $.192, the amount to be added to the listed price for a unit of one dozen gallons of 40 grain strength. If any maximum price figured under this subdivision (ii) includes a fraction of a cent, the seller shall adjust the price to the nearest fractional unit (like 1¢, ½¢, ¼¢, etc.) in which he has customarily quoted prices for the product.

A secondary packer who figures maximum prices under subdivision (ii) may establish a uniform maximum delivered price for any item by zone or area, in each case by adding to the f. o. b. plant price his weighted average transportation charge from plant to purchasers' receiving points. For any zone or area this "weighted average transportation charge" shall be figured by him as follows: he shall (1) determine the total transportation charges, at rates in effect on July 22, 1943, for all shipments of the item during the six-month period ending April 30, 1943, to purchasers in that zone or area; (2) divide that figure by the total number of gallons or dozens of the item included in those shipments. (When more than one means of transportation is used, averages may be taken separately for each.) The secondary packer shall refigure his weighted average transportation charge at the end of each subsequent six-month period on the basis of shipments made since the last calculation, but at rates in effect on July 22, 1943.

The secondary packer shall either figure all of his maximum prices under the General Maximum Price Regulation or figure all of his maximum prices in accordance with subdivision (ii). However, his maximum price per unit for a container size which was not one of those he sold prior to July 22, 1943, shall be figured in accordance with subdivision (ii), and his maximum prices for cider vinegar in a container size not listed in paragraph (a) (1) (ii) of this section shall be figured under the General Maximum Price Regulation.

(2) *Secondary packers who also perform a wholesale service.* A secondary packer who figures his maximum prices under subdivision (ii) of subparagraph (1), and who sells cider vinegar under any of the circumstances outlined below, shall figure his maximum price in each case by adding together the following three factors:

(i) The maximum price figured for the item, f. o. b. plant.

(ii) The following markup over the f. o. b. plant price:

(*a*) 12 per cent, if he is a "retailer-owned cooperative," that is, either a nonprofit organization or a corporation, 51 per cent of the stock of which is owned by its retailer customers, and which distributes the brand, if any, and grade of cider vinegar being priced to its retailer members. This markup may be added only in sales to its retailer members. In sales to institutional users or independent retail stores which are not members of the cooperative, he may add the markup provided in subdivision (*b*) or (*c*) according to whether or not delivery is made to these classes of purchasers.

(*b*) 16 per cent, if he is not a "retailer-owned cooperative," but he distributes the brand, if any, and grade of cider vinegar being priced for resale by independent retail stores or to institutional users and he does not deliver to these purchasers. This markup may be added only when the secondary packer is selling to these classes of purchasers.

(*c*) 23 per cent, if he is not a "retailer-owned cooperative," but he distributes the brand, if any, and grade of cider vinegar being priced for resale by independent retail stores or to institutional users and he does not deliver to these purchasers. This markup may be added only when the secondary packer is selling to these classes of purchasers.

(*iii*) The freight, if any, incurred from plant to local distribution point. (Secondary packers who have more than one plant or distribution point may average freight from plant to distribution point in the same manner as secondary packers are allowed under paragraph (b) (1) to average outgoing freight.)

(3) *Secondary packers who also perform the retail service.* A secondary packer who figures his maximum prices in accordance with subdivision (ii) of subparagraph (1) and who sells cider vinegar directly to ultimate consumers other than commercial, industrial or institutional users, shall figure separate maximum prices for sales to these purchasers, by adding in each case the following three factors: (i) the maximum price figures for the item, f. o. b. plant; (ii) a markup over the f. o. b. plant price of 26 per cent; and (iii) the freight, if any, incurred from plant to local distribution point. (Secondary packers who have more than one plant or distribution point may average freight from plant to distribution point in the same manner as secondary packers are allowed under paragraph (b) (1) to average outgoing freight.)

SEC. 3 *Maximum prices for distributors other than wholesalers and retailers*—(a) *Primary distributors.* The primary distributor's maximum price per gallon, barrel or other unit of an item of cider vinegar, shall be determined as follows:

(1) If his supplier's maximum price under this regulation is greater than the supplier's maximum price under the General Maximum Price Regulation, he shall add the difference to the maximum price which he had under the General Maximum Price Regulation.

(2) If his supplier's maximum price under this regulation is less than the supplier's maximum price under the General Maximum Price Regulation, he shall subtract the difference from the maximum price which he had under the General Maximum Price Regulation.

The resulting figure in each case is the primary distributor's maximum price for the item.

If the primary distributor's maximum price for an item cannot be determined in this manner, his maximum price, f. o. b. shipping point, shall be the maximum price of his supplier, f. o. b. shipping point, plus incoming freight paid by him.

A "primary distributor" is one who purchases the brand, if any, and grade of cider vinegar being priced in carload lots and who customarily receives shipment of at least 50% of the item in carload lots into a warehouse or other receiving station not owned or controlled by any of his customers, for resale in less than carloads.

(b) *Distributors who are not primary distributors, wagon wholesalers, wholesalers, or retailers.* The maximum price, f. o. b. shipping point, of a distributor who is not a primary distributor, wagon wholesaler, wholesaler, or retailer shall be the maximum price of his supplier, f. o. b. shipping point, plus incoming freight paid by him.

A "distributor" is one who purchases the brand, if any, and grade of cider vinegar being priced and resells it without processing, packaging or cutting it.

(c) *Wagon wholesalers.* The maximum price per gallon, barrel, or other unit which a wagon wholesaler may charge for an item of cider vinegar shall be his net delivered cost plus a markup of 25 per cent. He shall figure his maximum price on the basis of the most recent purchase of that item, and shall refigure it after each new purchase. The maximum price so figured is the seller's maximum price for his entire inventory of that item, and it is effective until his first sale after he receives the next lot.

A "wagon wholesaler" is one who purchases the item being priced and distributes it to retailers or to commercial, industrial or institutional users from an inventory stocked in trucks or other conveyances which are under the supervision of driver salesmen who make delivery at the time and place of sale. His "net cost" means the amount he pays for the item delivered at his customary point, less all discounts allowed him, except the discount for prompt payment. However, no expense of local trucking or unloading shall be included.

SEC. 4. *Relationship between this regulation and the General Maximum Price Regulation.* (a) Except as provided in paragraph (b) of this section, this regulation supersedes the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this regulation.

(b) The following sections of the General Maximum Price Regulation, as well as amendments to them, apply to sales covered by this regulation:

(1) Special deals (§ 1499.4b).

(2) Transfers of business or stock in trade (§ 1499.5).

(3) Federal and state taxes (§ 1499.7).

(4) Sales slips and receipts (§ 1499.14).

(5) Definitions (§ 1499.20).

SEC. 5. *Geographical applicability.* This regulation applies to the forty-eight states of the United States and the District of Columbia.

SEC. 6. *Export and import sales.* The maximum prices at which a processor, secondary packer, or distributor other than a wholesaler or retailer, may export any product covered by this regulation shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation,[1] and amendments issued by the Office of Price Administration. Sales of cider vinegar produced, packaged or cut outside the geographical area to which this regulation applies are not covered by this regulation except in cases where the goods being priced are located within this area.

SEC. 7. *Records which sellers covered by this regulation must keep.* (a) Every seller covered by this regulation who makes sales of any cider vinegar after July 21, 1943, for which specific maximum prices have been established herein, shall make and preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect, all records of the same kind as he customarily kept, relating to the prices which he charges for such product after the effective date of this regulation.

(b) Every seller covered by this regulation who makes sales of any cider vinegar after July 21, 1943, for which maximum prices are to be figured by him in the manner directed by this regulation, shall preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect, all his existing records which were the basis of figuring such maximum prices and shall show the method used in such computations in addition to the records required to be made and preserved by paragraph (a).

SEC. 8. *Information which processors and secondary packers must disclose to primary distributors.* Every processor or secondary packer who makes sales of a brand, if any, and grade of cider vinegar any part of which was produced, cut, or packaged by him shall, in the case of any such item which is being sold by him to a primary distributor for the first time after the seller's maximum price for it has been established under this regulation, send the primary distributor (before or at the time of delivery) a written notice stating, for each item included in the sale (a) his maximum price established under this regulation, and (b) his maximum price established under the General Maximum Price Regulation.

SEC. 9. *Customary discounts and allowances.* No person shall change any customary allowance, discount or other price differential to a purchaser or class of purchasers if the change results in a higher net price to that purchaser or class.

SEC. 10. *Position of brokers* In accordance with the existing custom, every broker taking part in a sale governed by this regulation, in which the seller is a processor, secondary packer or distributor other than a wholesaler or retailer shall be considered as the agent of the seller and not of the buyer. In each case, the amount paid by the buyer to the broker plus the amount paid by the buyer to the seller shall not exceed the seller's maximum price plus allowable transportation actually paid by the seller or by the broker.

SEC. 11. *When a maximum price chosen or figured under section 2 or section 3 is established.* On and after July 22, 1943, a price chosen or figured for any item under section 2 or section 3, as the case may be, becomes "established" (that is, fixed) as the seller's maximum price as soon as he has disclosed it to any prospective customer, whether by sale, delivery, offer or notice of any kind, provided that the chosen or figured price is not higher than the applicable pricing method allows. Except for the refiguring by processors and secondary packers which is authorized by section 2 in connection with maximum delivered prices, and the refiguring by wagon wholesalers which is authorized by Section 3, a maximum price for an item may be established only once, and having been established it may not be changed by the seller except (1) with the written permission of the nearest district or state office of the Office of Price Administration having jurisdiction over the seller in cases where the seller has chosen or figured his maximum price lower than the applicable pricing method provides, or (2) in cases where a change in the regulation changes the seller's applicable pricing method.

If the seller is disclosing a price lower than the one he chose or figured under section 2 or section 3, as the case may be, he may establish the higher chosen or figured price as his maximum price at the time of disclosure only by recording it and naming it as such, in ink on his books, before he discloses the lower price. A seller who has not chosen or figured a price for an item, or has figured a price higher than the applicable pricing method allows, may not sell the item until he has established a maximum price for the item in accordance with the rules of this section.

SEC. 12. *Compliance with the regulation.*—(a) *No selling and buying above maximum prices.* On and after July 22, 1943, regardless of any contract or other obligation, no processor, secondary packer or distributor other than a wholesaler or retailer shall sell or deliver any cider vinegar, for which maximum prices are established by this regulation, at a price higher than the maximum prices established herein; no person in the course of trade or business shall buy or receive any cider vinegar, for which maximum prices are established by this regulation, from a processor, secondary packer or distributor other than a wholesaler or retailer, at a price higher than the maximum prices established herein; and no person shall agree, offer, solicit or attempt to do any of the foregoing.

(b) *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 428 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agree-

ment, sale delivery, purchase or receipt of, or relating to cider vinegar, along or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise. However, prices lower than the maximum prices established by this regulation may be charged, demanded, paid or offered.

(c) *Enforcement.* Any person violating a provision of this Maximum Price Regulation No. 428 is subject to the criminal penalties, civil enforcement actions and suits for treble damages provided by the Emergency Price Control Act of 1942, as amended.

SEC. 13. *General amendments.* Any person seeking a general modification of this regulation may file a petition for amendment in accordance with Revised Procedural Regulation No. 1* and amendments, issued by the Office of Price Administration.

SEC. 14. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 15. *Definitions.* When used in this regulation, the term:

"Cider vinegar" means the commodity sold and designated as cider vinegar or apple cider vinegar. The term does not include white (distilled) vinegar, wine vinegar, tarragon vinegar, malt vinegar or any other variety of vinegar.

"Container" means a receptacle no larger in capacity than one gallon.

"In bulk" means in a receptacle larger in capacity than one gallon.

"Cuts" refers to the operation of reducing the grainage strength of cider vinegar by the addition of water.

"Grade" refers to the grainage strength of cider vinegar.

"60 grain basis", "grainage strength", or words of similar import refer to the acetic acid content of cider vinegar.

Example: "40 grain basis" refers to a content of 4 grams of acetic acid (40 grains) per 100 cubic centimeters at 20° C.

"Maximum price established by this regulation", or words of similar import, include maximum prices figured under the General Maximum Price Regulation at the election of a processor or secondary packer pursuant to paragraph (a) or paragraph (b), as the case may be, of section 2 of this regulation.

To "repackage" means to transfer cider vinegar from one receptacle to another.

Effective date. This regulation shall become effective July 22, 1943.

NOTE: All record-keeping requirements of this regulation have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

Issued this 22d day of July 1943.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH

[Rev. MPR 169,[1] Amdt. 20]

BEEF AND VEAL CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 169 is amended in the following respects:

1. Section 1364.406 (b) (4) is amended to read as follows:

(4) Selling or invoicing fabricated beef cuts and/or fabricated veal cuts to buyers, other than purveyors of meals.

2. Section 1364.407 (e) (1) is amended to read as follows:

(1) Every separate selling establishment making sales to purveyors of meals pursuant to the provisions of paragraph (o) of § 1364.452 or paragraph (n) of § 1364.467 shall keep for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, is in effect, a complete and accurate record of each such sale and/or delivery showing the date of sale, the name and address of the buyer, the weight and grade of each type of fabricated cut sold, the price charged and the total cost thereof. All sales of kosher meats are to be shown separately.

3. Section 1364.407 (e) (2) is amended to read as follows:

(2) On or before June 15, 1943, (or July 26, 1943, with respect to subparagraph (iii) hereof), each selling establishment making sales to purveyors of meals pursuant to the provisions of paragraph (o) of section 452 or paragraph (n) of section 467 shall file with the nearest district or state office of the Office of Price Administration a statement showing:

(i) The total volume by weight, of all meats (fresh, frozen, cured, smoked, cooked, dried, canned or otherwise processed), variety meats, and edible byproducts sold and delivered by such selling establishment from September 15, 1942 through December 15, 1942, other than sales to war procurement agencies, and

(ii) The total volume by weight of all kinds (e g. lamb, mutton, pork, beef, veal, sausage, hamburger, etc.) of meat, variety meats (e. g. liver, tongue, kidney, etc.) and edible byproducts and all other processed meat items not specifically set forth herein, sold and delivered by such selling establishment during such period to purveyors of meals other than war procurement agencies, and/or

(iii) The total volume by weight of all kinds (e. g. lamb, mutton, pork, beef, veal, sausage, hamburger, etc.) of meat, variety meats (e. g. liver, tongue, kidney, etc.) and edible byproducts and all other processed meat items not specifically set forth herein, sold and delivered by such selling establishment from June 1, 1942, to August 31, 1942, to purveyors of meals other than war procurement agencies.

4 Section 1364.415 (a) is amended to read as follows:

(a) No hotel supply house, packing or slaughtering plant, packer's branch house, wholesaler's or other selling establishment shall sell and deliver to purveyors of meals, during any three month period beginning June 1, September 1, December 1, or March 1, a volume of fabricated meat cuts of all kinds in excess of 70 percent of the total volume by weight of all kinds (e. g. lamb, mutton, pork, beef, veal, sausage, hamburger, etc.) and type (e. g. fresh, frozen, cured, smoked, cooked, canned, dried, etc.) of meats, variety meats (e. g. liver, tongue, kidney, etc.), edible byproducts, and all other processed meat items not specifically set forth herein, sold and delivered to purveyors of meals by such selling establishment from September 15, 1942 through December 15, 1942.

5. Section 1364.415 (b), (c), and (d) are redesignated 415 (c), (d), and (e) respectively.

6. Section 1364.415 (b) is added to read as follows:

(b) Each hotel supply house, packer or slaughtering plant, packer's branch house, wholesaler's or other selling establishment may sell and deliver to purveyors of meals during the three month period from June 1, to August 31, a volume of fabricated meat cuts of all kinds not in excess of 70% of the total volume by weight of all kinds (e. g. lamb, mutton, pork, beef, veal, sausage, hamburger, etc.) and type (fresh, frozen, cured, smoked, cooked, dried, canned or otherwise processed) of meats, variety meats (e. g. liver, tongue, kidney, etc.) and edible byproducts and all other processed meat items not specifically set forth herein, sold and delivered to purveyors of meals by such selling establishment from June 1, 1942 through August 31, 1942.

7. Section 1364.415 (c) is amended to read as follows:

(c) Not later than the tenth day following each three month period ending August 31, November 30, February 28 or 29, or May 31, each separate selling establishment making sales to purveyors of meals pursuant to the provisions of paragraph (o) of § 1364.452 or paragraph (n) of § 1364.467 shall file with the nearest district or state office of the Office of Price Administration a statement showing, for such three month period, the total volume by weight of all kinds of fabricated meat cuts (e. g. lamb, mutton, beef, veal and pork) sold and delivered during such period to purveyors of meals.

8. Section 1364.452 (o) (3) is amended to read as follows:

(3) The applicable prices in zones 1 and 2 and 5 to 10 for fabricated beef cuts and for ground beef and miscellaneous beef items shall be the prices specified in subparagraphs (4) or (5), and (6) hereof, respectively (the applicable zone 3 and 4 price) plus the following:

Zone 1	$1.75
Zone 2	1.00
Zone 5	.50
Zone 6	.75
Zone 7	1.00
Zone 8	1.25
Zone 9	1.50
Zone 10	1.75

9. Section 1364.455 (b) (2) (ii) is amended to read as follows:

(ii) War Shipping Administration of the United States Government.

This amendment shall become effective July 28, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH

[Rev. MPR 169,[1] Amdt. 22]

BEEF AND VEAL CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 169 is amended in the following respects:

1. Section 1364.410 (c) is redesignated as § 1364.405 (c).

2. Section 1364.405 (d) is added to read as follows:

(d) The Office of Price Administration in Washington, D. C., may, by order, adjust the maximum prices established by § 1364.452 (o) and § 1364.467 (n) for the sale by a seller of fabricated beef and/or fabricated veal cuts to the War Shipping Administration in any case in which such seller requests such an adjustment on or before July 20, 1943, and alleges and proves the following:

(1) That during the month of April 1943, at least 50 percent of its total weight volume of sales of fabricated beef and/or fabricated veal cuts was sold and delivered to the War Shipping Administration.

(2) That during or prior to the month of May 1943, such seller was requested by the War Shipping Administration to accumulate an inventory of fabricated beef and/or fabricated veal cuts meeting War Shipping Administration specifications for delivery to the War Shipping Administration in anticipation of their requirements.

(3) That such seller, in reliance upon such request by the War Shipping Administration, did fabricate beef and/or veal in accordance with War Shipping Administration specifications and did accumulate an inventory of such fabricated beef and/or veal cuts for future delivery to the War Shipping Administration.

(4) That a portion of such accumulated inventory remained in the possession of the seller, undelivered, on June 1, 1943.

Upon proof of the foregoing, the Office of Price Administration may authorize such seller to sell and/or deliver such fabricated beef and/or fabricated veal to the War Shipping Administration at the maximum prices in line with the maximum prices for fabricated beef and/or veal cuts.

This amendment No. 22 shall become effective July 28, 1943.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[1] Amdt. 68]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. Section 1394.7652 is amended to read as follows:

§ 1394.7652 *Basic ration books.* Class A coupon books, and Class D coupon books marked "basic", shall be issued as basic rations. Class A books shall be issued for passenger automobiles and Class D books for motorcycles. Subject to the provisions of § 1394.7653 (d) each Class A and Basic Class D book issued in the gasoline shortage area for use during a period before November 22, 1943, or issued outside the gasoline shortage area for use during a period before July 22, 1943, shall contain thirty-two coupons. Subject to the provisions of § 1394.7653 (d) each Class A and Basic Class D book issued outside the gasoline shortage area for use after July 21, 1943 shall contain forty-eight coupons. Each coupon contained in a basic ration book shall have a value of one unit. Coupons contained in Class A books shall be valid for the transfer of gasoline to a consumer only during the periods indicated below.

Coupons numbered	*Valid period*
3	November 22, 1942, to January 21, 1943, inclusive.
4	January 22, 1943, to March 21, 1943, inclusive.
5	March 22, 1943, to May 21, 1943, inclusive, outside the gasoline shortage area, and from March 22, 1943 to July 21, 1943, inclusive in the gasoline shortage area.
6	May 22, 1943, to July 21, 1943, inclusive, outside the gasoline shortage area, and from July 22, 1943 to November 21, 1943 inclusive, in the gasoline shortage area.
7	July 22, 1943, to September 21, 1943, inclusive, outside the gasoline shortage area.
8	September 22, 1943, to November 21, 1943, inclusive, outside the gasoline shortage area.
9	November 22, 1943, to January 21, 1944, inclusive, outside the gasoline shortage area.
10	January 22, 1944, to March 21, 1944, inclusive, outside the gasoline shortage area.
11	March 22, 1944, to May 21, 1944, inclusive, outside the gasoline shortage area.
12	May 22, 1944, to July 21, 1944, inclusive, outside the gasoline shortage area.

Coupons in Basic Class D books shall be valid for the transfer of gasoline to a consumer at any time prior to July 22, 1944.

2. In § 1394.7653 (d) the last sentence is amended to read as follows:

In the case of a Basic D book issued after December 1, 1942, for use before July 22, 1943, one coupon shall be removed for each full eight days which have elapsed since December 1, 1942, and in the case of a Basic Class D book issued for use after July 21, 1943, one coupon shall be removed for each full eight days which have elapsed between July 21, 1943 and the date of issuance.

3. Section 1394.8004 (c) is hereby revoked.

4. In § 1394.8010 the text preceding paragraph (a) is amended by deleting the phrase "on Part B of Form OPA R-534".

5. Section 1394.8051 (b) (4) is amended to read as follows:

(4) In the case of a basic ration, the owner or person entitled to the use of the registered vehicle, or the agent of either shall execute an application on Form OPA R-570. The applicant shall file such application with a Board and shall submit therewith the back cover of the current basic ration book issued for use with the vehicle. If such back cover is submitted, no registration certificate or registration card need be presented. If the applicant is unable to submit such back cover, he shall establish to the satisfaction of the Board that: (i) he is a person entitled to make such application; (ii) the vehicle is currently registered and in use; and (iii) no renewal of the basic ration has been issued for the vehicle and no application for such a renewal is pending at any Board. He must also submit the registration certificate or registration card issued for such vehicle. If the required documents are presented and the Board is satisfied that the vehicle is in use and that the applicant has complied with the requirements of this subparagraph and of § 1394.8010, it shall issue a renewal of such ration in the manner prescribed in § 1394.7653 (d) and shall also issue a tire inspection record on Part "B" of Form OPA R-570 with the notations required in § 1394.8004 (g). If the registration certificate or registration card has been submitted, the Board upon issuing a renewal of the basic ration shall note upon such certificate or card the same notations as are required in the case of an original issuance of a basic ration.

6. Section 1394.8165 is amended by substituting for the first sentence a sentence to read as follows:

No person may use a Class A, B, C, T-1 or T-2 book coupon, bulk coupon or a ration check drawn upon ration credits which represent such classes of rations

*Copies may be obtained from the Office of Price Administration.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[1] Amdt. 69]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. Section 1394.7653 (f) is amended to read as follows:

(f) No more than one basic ration may be issued for a vehicle, except as provided in §§ 1394.7654, 1394.8007 and 1394.8103, and no person, except as provided in § 1394.7654, shall be entitled to receive more than one basic ration for the same vehicle, with respect to Basic A rations outside the gasoline shortage area and Basic D rations, during the period from July 22, 1942 to July 21, 1943, or during the period from July 22, 1943 to July 21, 1944, or, with respect to Basic A rations within the gasoline shortage area, during the period from July 22, 1942, to November 21, 1943: *Provided,* That any person may apply for reissuance of a basic ration in any of the following cases:

(1) If he has surrendered a basic ration to a Board by reason of having ceased to use the motor vehicle for which the ration was issued;

(2) If he has surrendered a basic ration to a Board by reason of having removed such motor vehicle from the limitation area prior to November 22, 1942;

(3) If he has brought a passenger automobile into the gasoline shortage area after May 21, 1943, with the intention of keeping such automobile in that area for four or more months. In such event the applicant, at the time of application, shall surrender to the Board the basic ration originally issued to him for use with such automobile.

(4) If he has brought a passenger automobile outside the gasoline shortage area after July 21, 1943, with the intention of keeping such automobile outside the gasoline shortage area for four or more months. In such event the applicant, at the time of application, shall surrender to the Board the basic ration originally issued to him for use with such automobile.

Application for reissuance shall be made on part A of Form OPA R-534. In case the application is made for either of the reasons specified in Items (1) or (2) of this paragraph, the applicant shall attach thereto a statement in which he shall set forth the date and place of issuance of the ration surrendered, together with the date and place of surrender thereof and the reason therefor. In the event that the Board is satisfied that the applicant surrendered such a ration in good faith the Board shall issue a basic ration book to the applicant pursuant to the provisions of § 1394.7653: *Provided,* That no coupon book reissued for the reasons specified in this paragraph shall contain coupons in excess of the number prescribed in paragraph (d) of this section.

2. Section 1394.7654 is added to read as follows:

§ 1394.7654 *Class B coupons issued as a basic ration in exchange for Class A coupons.* (a) Any holder of a basic A ration who desires to drive the vehicle for which such ration was issued for a period of less than four months outside the area in which the vehicle is normally garaged or stationed and who does not have Class A coupons valid for use outside such area may apply to any Board to exchange one or more legally issued Class A coupons issued for use with such vehicle and currently valid for transfers of gasoline in the area in which such vehicle is normally garaged or stationed for a ration book containing Class B coupons upon a basis of one Class A coupon for one Class B coupon.

(b) If the applicant satisfies the requirements of this section the Board shall issue as a basic ration one Class B book containing the same number of coupons as the number of Class A coupons surrendered and shall remove from such book and cancel all coupons in excess of such number. The Board shall note on the outside cover of such book the date of issuance, the date on which the ration expires (which shall be the expiration date of the surrendered coupons) and that the book will expire on that date. The Board shall also mark such book "basic". The ration so issued shall be a basic ration for all purposes under Ration Order No. 5C.

3. In § 1394.8161 (f) (3) the first sentence is amended by deleting the final period and by adding the provisions "or by the Plant Area Board serving the establishment at which the ration holder is employed, or, in the case of a vehicle normally garaged or stationed outside the restricted area, by any Board located in the States of Kentucky, North Carolina, Ohio, or Tennessee, or in the portion of the State of West Virginia lying outside the restricted area."

4. In § 1394.8165 the parenthetical phrase in the first sentence is amended by adding after the words "special ration" the words "or Class B coupons issued as a basic ration".

This amendment shall become effective July 23, 1943.

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Pub. Law 671, 76th Cong.; as amended by Pub. Laws 89, 421, 507, 77th Cong.; WPB Dir. No. 1, Supp. Dir. No. 1Q, 7 F.R. 562, 9121; E.O. 9125, 7 F.R. 2719)

PART 1388—DEFENSE-RENTAL AREAS

[Designation and Rent Declaration 32]

OAHU DEFENSE-RENTAL AREA

The Emergency Price Control Act of 1942 provides that whenever in the judgment of the Price Administrator such action is necessary or proper in order to effectuate the purposes of that Act, he shall issue a declaration setting forth the necessity for, and recommendations with reference to, the stabilization or reduction of rents for any defense-area housing accommodations within a particular defense-rental area; and that if within sixty days after the issuance of any such recommendations rents for any such accommodations within such defense-rental area have not in the judgment of the Price Administrator been stabilized or reduced by State or local regulation, or otherwise, in accordance with the recommendations, the Price Administrator may by regulation or order establish such maximum rent or maximum rents for such accommodations as in his judgment will be generally fair and equitable and will effectuate the purposes of that Act; and

In the judgment of the Price Administrator, defense activities have resulted in an increase in the rents for housing accommodations in the area designated in § 1388.1351 inconsistent with the purposes of the Emergency Price Control Act of 1942; and

In the judgment of the Price Administrator, it is necessary and proper in order to effectuate the purposes of the said Act to issue this declaration, setting forth the necessity for, and recommendations with reference to, the reduction and stabilization of rents for defense-area housing accommodations within the defense-rental area designated in § 1388.1351;

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 9135, 9787, 10147, 10016, 10110, 10338, 10706, 10786, 10787, 11009, 11070; 8 F.R. 179, 274, 369, 372, 607, 565, 1028, 1202, 1203, 1365, 1282, 1366, 1318, 1588, 1813, 1895, 2098, 2213, 2288, 2353, 2431, 2595, 2780, 2720, 3096, 3261, 3253 3255, 3254, 3315, 3616, 4189, 4341, 4850, 4976, 5267, 5268, 5486, 5564, 5756, 6261, 6179, 6441, 6846, 6687, 7390, 7455, 8009, 8180, 8680, 9021, 9022, 8980, 9062.

Therefore, under the authority vested in the Price Administrator by the said Act, this designation and rent declaration is issued.

§ 1388.1351 *Designation.* The following area is hereby designated by the Price Administrator as an area where defense activities have resulted in an increase in the rents for housing accommodations inconsistent with the purposes of the Emergency Price Control Act of 1942 and shall constitute a defense-rental area to be known as the "Oahu Defense-Rental Area": In the Territory of Hawaii, the Island of Oahu.

§ 1388.1352 *Necessity.* The necessity for the reduction and stabilization of rents for defense-area housing accommodations in the Oahu Defense-Rental Area is as follows:

The Oahu Defense-Rental Area is the location of establishments of the armed forces of the United States and war production industries. The increase in employment reflecting the expansion of defense activities, the influx of production workers and their families, and of the families of military and naval personnel have resulted in an acute shortage of rental housing accommodations in the area.

Defense activities have resulted in substantial and widespread increases in rents for housing accommodations inconsistent with the purposes of the Emergency Price Control Act of 1942. By reason of these increases, the rents prevailing in the Oahu area are not generally fair and equitable.

§ 1388.1353 *Recommendations.* It is the judgment of the Price Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within the Oahu Defense-Rental Area inconsistent with the purposes of the Act. Accordingly, the Price Administrator has ascertained and given due consideration to the rents prevailing for housing accommodations within the designated area on or about June 1, 1941. The Price Administrator has considered, so far as practicable, relevant factors deemed by him to be of general applicability, including fluctuations in property taxes and other costs. It is the judgment of the Price Administrator that the recommendations hereinafter set forth are generally fair and equitable and will effectuate the purposes of the Act.

Recommendations with reference to the reduction and stabilization of rents for housing accommodations within the Oahu Defense-Rental Area are as follows:

(a) The maximum rent for housing accommodations rented on June 1, 1941 should be the rent for such accommodations on that date. Appropriate provision consistent with such maximum rent date should be made for the maximum rent for housing accommodations not rented on June 1, 1941. In appropriate cases, including those relating to new construction or substantial changes of housing accommodations, provision consistent with the Emergency Price Control Act of 1942 should be made for the determination, adjustment, and modification of maximum rents for housing accommodations, but in principle such rents should not be greater than the rents generally prevailing for comparable accommodations in the Oahu Defense-Rental Area on June 1, 1941.

(b) Appropriate provision should be made with respect to the restraint of evictions and other actions relating to the recovery of possession.

(c) Appropriate provision should be made to prevent the circumvention or evasion of maximum rents by any method whatever.

§ 1388.1354 *Rent regulation.* If within sixty days after issuance of this designation and rent declaration, rents for housing accommodations within the Oahu Defense-Rental Area have not in the judgment of the Price Administrator been stabilized or reduced by State or local regulation, or otherwise, in accordance with the foregoing recommendations, the Price Administrator may by regulation or order establish such maximum rent or maximum rents for such accommodations as in his judgment will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

§ 1388.1355 *Effective date.* This designation and rent declaration shall become effective July 22, 1943.

(Pub. Laws 421 and 729, 77th Cong.)

Issued this 22d day of July, 1943.

PRENTISS M. BROWN,
Administrator.

TITLE 41—PUBLIC CONTRACTS

Chapter I—Procurement Division, Department of the Treasury

PART 38—LOANS TO NON-FEDERAL VOCATIONAL EDUCATION AUTHORITIES OF SURPLUS PERSONAL PROPERTY OF THE NATIONAL YOUTH ADMINISTRATION

The following regulations are issued to carry out the provisions of the Second Deficiency Appropriation Act, 1943, reading as follows:

• • • *Provided*, That all real and personal property of the National Youth Administration is hereby declared surplus, and all equipment, materials, and supplies shall be assembled, inventoried, and turned over to the Director of Procurement, Treasury Department, under Executive Order 9235 by the Administrator of the National Youth Administration as expeditiously as possible, and all real property shall be disposed of by the Commissioner of Public Buildings in accordance with the Act of August 27, 1935 (40 U.S.C. 304 (a) and 304 (b)): *Provided further*, That under commitment to return such property to the United States at borrower's expense, any real or personal property of the National Youth Administration in use on June 30, 1943, by any non-Federal vocational education authority within any State may continue to be so used during the period of the present war and for not to exceed six months after the termination thereof, without compensation, but in no event beyond the date such property ceases to be used for vocational education purposes: *Provided further*, That during such period, the Director of Procurement, in the case of personal property, and the Commissioner of Public Buildings, in the case of real property, upon certificate of the United States Commissioner of Education that such property is to be used for vocational education and training, may loan, without compensation, to any such existing non-Federal vocational education authority, if applied for within ninety days after the date of enactment of this Act, any real or personal property of the National Youth Administration not required by any other Federal Agency (excepting the Lend-Lease Administration) or otherwise loaned under the authority of this paragraph, if such borrower agrees, in the case of personal property, to pay all expenses incident to obtaining and returning such property.

AUTHORITY: §§ 38.1 to 38.308, inclusive, issued under Pub. Law 140, 78th Cong.

DEFINITIONS

§ 38.1 *Definitions.* As used in the regulations in this part:

(a) The term "Act" means the Second Deficiency Appropriation Act, 1943, Public Law 140, 78th Congress, approved July 12, 1943.

(b) The term "property" means personal property of the National Youth Administration declared surplus by the Act, including articles, materials, supplies, equipment, farm products or animals, buildings or other structures of any type erected by such Administration on leased land, and other buildings or structures of a portable or temporary nature.

(c) The term "authority" means (1) a State, county, municipality, or other political subdivision of a State, acting through its appropriate board of education, or such board of education if authorized to incur obligations in its own name, where such board operates a vocational education program or controls the acquisition of supplies and equipment by any institution which operates such a program under its jurisdiction, and (2) a school district, school, college, or university which is either a public body or institution or is exempt from taxation under section 101 (6) of the Internal Revenue Code, which operates a vocational education program, and which is not subject to the control of a State or local board of education in its acquisition of supplies and equipment for vocational education purposes.

(d) The term "vocational education program" means a program which substantially meets the standards established by the State plan for vocational education prepared by the appropriate State board for vocational education and approved by the United States Commissioner of Education under the Smith-Hughes Act [1] or the George-Deen Act [2] or under the regulations governing the education and training of war workers pursuant to Public Law 647, 77th Congress, approved July 2, 1942, or Public Law 135, 78th Congress, approved July 12, 1943.

(e) The term "vocational education purposes" means the purposes of a vocational education program.

(f) The terms "use," used," and "in use," when such terms are employed with reference to the utilization of property for vocational education purposes, shall be deemed to include the holding of such property for utilization in a vocational education program, notwithstanding the intervention of any recess or vacation period during which such program was or is not actively in session.

(g) The term "person" includes any State or political subdivision thereof and any individual, corporation, partnership, trust, association, or other legal entity.

(h) The term "State" includes the District of Columbia.

(i) The term "Procurement Division" means the Procurement Division of the Treasury Department.

(j) The term "regional officer" means a regional procurement officer of the Procurement Division or, if a Regional procurement officer has not been assigned to a region, the regional property officer of the Procurement Division for such region.

CONTINUED USE OF PROPERTY IN USE ON JUNE 30, 1943, BY NON-FEDERAL VOCATIONAL EDUCATION AUTHORITIES

§ 38.100 *Applications.* (a) Any authority within any State may apply to the Procurement Division to establish its eligibility to continue the use of any property in use by such authority for vocational education purposes on June 30, 1943. To permit application for any property under this section, such property must have been in use by the authority on that date for the training of students or trainees of the authority in a course or courses forming part of a vocational education program, whether or not such use was on a part-time basis only, or jointly with the National Youth Administration on a project of that Administration, or jointly with another authority. Property which on June 30, 1943, was in use exclusively by youth workers of the National Youth Administration on a work project of that Administration may be applied for under this section only if youth workers using such property on that date were enrolled with the applicant authority for vocational instruction and used such property during some portion of their time for vocational education purposes under instructors furnished by the applicant, in which event the applicant may be considered to have jointly used the property.

(b) Application forms shall be obtained from the regional office of the Procurement Division for the region in which the property is located, as shown by Schedule A hereto attached, and each application shall be filed with such regional office on the prescribed form. Applications must be executed in accordance with the instructions and must be complete, except that they are not required to contain the information called for on the reverse of the prescribed form. In view of the provisions of § 38.103, however, it will be desirable in all cases to furnish such information.

(c) If available, there shall be attached to each application copies of such documents as evidence any agreement under which the National Youth Administration permitted use by the applicant of the property applied for.

§ 38.101 *Time for filing application.* Applications under § 38.100 should be filed as promptly as possible and in any event must be filed on or before October 11, 1943, unless the time for filing is extended by the Director of Procurement.

§ 38.102 *Action on applications.* (a) Upon receipt of an application prepared in accordance with these regulations, the regional officer will secure such verification as he may deem necessary from the appropriate field office of the National Youth Administration and, except as provided in paragraph (b) of this section, will approve the application if it is certified to be from an authority and if he finds that it otherwise meets the requirements of § 38.100 (a). He will then transmit a copy of the approved application to the authority as evidence of the permission granted it by the Act to continue the use of the property, without compensation, during the period specified by the Act and these regulations.

(b) If two or more authorities apply for the same property, and if the regional officer cannot secure agreement among them as to the action to be taken, the regional officer will forward their applications to the Director of Procurement with his recommendation, and the Director of Procurement will take such action as he may deem appropriate under the circumstances of the particular case.

(c) If an application is not certified to be from an authority, or the regional officer is not satisfied that it otherwise meets the requirements of § 38.100 (a), he will advise the authority of his reasons therefor. The authority may then submit such supplemental information as it deems appropriate, and the regional officer will approve the application if such information satisfies him that such requirements have been met. If such requirements have not been met, he will proceed under § 38.106 or, if that section is inapplicable, will notify the authority that its application is disapproved. If such requirements have been met as to only a portion of a number of items applied for, he will approve the application as to such portion and, if the original application was filed prior to October 12, 1943, will allow the authority to file a supplemental application under § 38.200 for the balance of the items originally applied for, such supplemental application to be filed on or before October 11, 1943, or within thirty days after the authority receives notification of its right to file such application, whichever is later.

§ 38.103 *Deliverics of property not in possession of applicant.* Upon approval of any application under § 38.102, property to be used thereunder which is not in the possession of the applicant will be delivered to the applicant at the project site or other place where it is located at the time of such approval. It will be the responsibility of the applicant to arrange promptly for any necessary packing and transportation, at the expense of the applicant, if use of the property by the applicant is to be at another location.

§ 38.104 *Receipts for property.* In any case in which the application of an authority shows that the property applied for is in the possession of the applicant, the approved application will itself constitute a receipt for the property. Otherwise, the authority shall, upon delivery of the property, furnish a receipt to the representative of the Procurement Division having charge of such delivery, on the receipt form furnished by him for that purpose.

§ 38.105 *Period of and conditions upon continued use.* Any property which applicants are permitted to use under §§ 38.100 to 38.104 of these regulations will be subject to the provisions of §§ 38.300 to 38.308.

§ 38.106 *Treatment of application as one for loan under § 38.200.* Any application not approved under § 38.102 will be treated as an application filed under § 38.200 unless such application was filed after October 11, 1943, or unless it is otherwise clear that the authority is not eligible to apply under that section. If the applicant has not theretofore furnished the information called for on the reverse of the application form, the regional officer will transmit to the applicant a new form for that purpose. Such form shall be completed as to the information called for on the reverse of the application form, signed on behalf of the applicant, and returned for attachment to the original application.

§ 38.107 *Failure to file or to secure approval of application.* If any authority

[1] Act of February 23, 1917, 39 Stat. 929, as amended (U.S.C. title 20, secs. 11–15, 16–28).
[2] Act of June 8, 1936, 49 Stat. 1488 (U.S.C. title 20, secs. 15h–15p).

or other person having possession of property does not file application within the time prescribed by § 38.101, or if the application of any such authority or other person is not approved under § 38.102 or § 38.202, it will be considered that such authority or other person does not desire to continue the use of such property for vocational education purposes, or that such authority or other person has not established its eligibility under the Act to continue such use. Property in the possession of any such authority or other person shall thereupon be returned promptly to the United States, by delivery to a representative of the Procurement Division at the place where it was located on June 30, 1943, or, if required by the Procurement Division, at any other place to which such authority or other person may have agreed to return the property.

LOANS TO NON-FEDERAL VOCATIONAL EDUCATION AUTHORITIES OF PROPERTY NOT IN USE BY THEM ON JUNE 30, 1943

§ 38.200 *Applications.* (a) Any authority in existence on July 12, 1943, may apply to the Procurement Division for the loan to such authority, without compensation, of any property not transferred to a Federal agency under Executive Order No. 9235 and not otherwise loaned under the authority of the Act. Application may be made either for specified property at a particular location or for any property meeting a given description, and applications will be considered of the latter type if the present location of the property is not stated or the property is so described that either or any of two or more items would fit the description. If application is made for specified property or property at a particular location, the application should indicate whether or not other property of the same type would be acceptable to the applicant in case the specified property or property at the specified location should not be available for loan to the applicant.

(b) Application forms shall be obtained from the regional office of the Procurement Division for the region in which the property is located, or, if the application is not for specified property, the region in which the authority is located, as shown by Schedule A hereto attached, and each application shall be filed with such regional office on the prescribed form. Applications must be complete, must be executed in accordance with the instructions, and must contain the information required on the reverse of the prescribed form.

§ 38.201 *Time for filing application.* Applications under § 38.200 should be filed as promptly as possible and in any event must be filed on or before October 11, 1943. The Act does not permit consideration of applications filed after that date.

§ 38.202 *Action on applications.* (a) Applications will be held in the regional office until it is determined under the regulations pursuant to Executive Order No. 9235 that the property applied for is not to be transferred to a Federal agency or agencies (excepting the Lend-Lease Administration). If the property has been transferred or will be required for such transfer in whole or in part, or if in whole or in part it will be used by an authority under §§ 38.100–38.105 or is not available in any event, the regional officer will advise the authority to that effect and will ascertain from the authority whether or not it wishes the application to be considered as to any remainder of the property applied for. Otherwise, further action will not be taken.

(b) Except as provided in paragraph (a) of this section, the regional officer will then transmit the application, noting thereon such items as are not available for the purposes of § 38.200–32.205 of these regulations, to the appropriate State board for vocational education for transmittal with its recommendation to the United States Commissioner of Education, or, if the applicant so requests, will so transmit it directly to the United States Commissioner of Education.

(c) Upon receipt from the United States Commissioner of Education of an application bearing his certificate that the property applied for is to be used for vocational education and training, the Director of Procurement will approve such application if and to such extent as he determines that it is appropriate to do so in fulfillment of the purposes of the Act, taking into consideration the application of any other authority for the same property, the character of the property, and the interests of the war effort. If the Director approves an application in whole or in part, a copy of the approved application will be transmitted to the authority as evidence of the loan agreement.

(d) If the United States Commissioner of Education declines to certify any application as required by the Act, such application must be disapproved.

§ 38.203 *Deliveries to applicants.* Property loaned under §§ 38.200–38.205 will be delivered to the applicant at the project site or other place where it is located on the date of approval of the application. It will be the responsibility of the applicant to arrange promptly for any necessary packing and transportation, at the expense of the applicant if use of the property by the applicant is to be at another location.

§ 38.204 *Receipts for property loaned.* Upon delivery, the applicant shall furnish a receipt to the representative of the Procurement Division in charge of such delivery, on the receipt form furnished by him for that purpose.

§ 38.205 *Period of and conditions upon loans.* Property loaned under §§ 38.200–38.204 of these regulations will be subject to the provisions of §§ 38.300–38.308.

PERIOD OF USE OR LOAN AND CONDITIONS APPLICABLE THERETO

§ 38.300 *Maximum period.* The maximum period of continued use of any property by any authority and the maximum period of any loan of property to any authority are limited by the Act to the period of the present war and not exceeding six months after the termination thereof. In no event may either such period extend beyond the date when such property ceases to be used for vocational education purposes. These basic limitations apply both to property as to which continued use is permitted under §§ 38.100–38.105 and to property loaned under §§ 38.200–38.205 of these regulations.

§ 38.301 *Use limited to vocational education purposes.* Property which any authority is permitted to continue to use or which is loaned to any authority under these regulations shall be used for vocational education purposes only.

§ 38.302 *Locations of use.* Property in the possession of an authority under §§ 38.200–38.205 may be used in a community other than that indicated by the application of the authority only if the written approval of the Director of Procurement is first obtained. The regional officer with whom the application of an authority was filed shall be promptly notified in writing of any change in the location of property in its possession under §§ 38.100–38.105 or §§ 38.200–38.205.

§ 38.303 *Continuance of use for vocational education purposes.* It is the responsibility of regional officers to ascertain from time to time that property in the possession of authorities is being used by them for vocational education purposes. To facilitate the discharge of such responsibility by regional officers, each authority having property in its possession under these regulations shall furnish to the regional officer in whose region the property is located, as shown by Schedule A hereto attached, statements from time to time certifying that such property is being used by the authority for vocational education purposes. Unless otherwise agreed by the regional officer, such statements shall be furnished to him on or promptly after the first day of October, the first day of March, and the first day of June of each year in which the property remains in the possession of the authority. The regional officer may rely upon such statements or may secure such verification or make such independent investigation as he deems necessary.

§ 38.304 *Maintenance, inspection, and inventories.* (a) Property in the possession of authorities under these regulations shall be maintained in good repair at their expense and shall be returned to the United States in accordance with § 38.306 in its condition as of the date when possession was obtained by the authority, ordinary wear and tear excepted, or, if possession was obtained by the authority on or prior to June 30, 1943, in its condition as of that date, ordinary wear and tear excepted, unless prior to that date the authority made a commitment imposing upon it a greater responsibility with respect to the maintenance and return of the property, in which event the terms of such prior commitment shall govern.

(b) Property in the possession of authorities shall at all times be subject to inspection and inventory by the Director of Procurement, or his representative.

§ 38.305 *Termination of use or loan.* (a) Any authority which ceases to use for vocational education purposes property in its possession for continued use or on loan under the authority of these regulations shall promptly report such cessation of use to the regional officer specified in § 38.303. Permission to continue the use of such property, or the loan of such property, as the case may be, shall thereupon terminate.

(b) In the absence of a report from the authority under paragraph (a) of this section, the regional officer in whose region the property is located may at any time report to the Director of Procurement that he has found property in the possession of any authority to be no longer in use by such authority for vocational education purposes. If the Director of Procurement, on the basis of such report and any further investigation that he deems necessary, is satisfied that the property is no longer being used for vocational education purposes, he may by notification to the authority having possession of the property terminate its right of continued use or the loan of the property, as the case may be.

(c) In his discretion, the Director of Procurement may at any time terminate continued use by or the loan of any property to any authority which fails to comply with the requirements of these regulations, and may at any time terminate for any other reason any loan under §§ 38.200 to 38.205 of these regulations.

§ 38.306 *Return of property on expiration or termination of permitted use or loan.* Upon expiration of the period of maximum use or loan of any property under § 38.300 of these regulations, or upon termination of the permitted use or loan of any property under § 38.305, and unless such expiration or termination affects only the use of the property by another authority, the authority having possession of such property shall promptly return such property to the United States in accordance with such instructions as may be issued by the Procurement Division, providing at its own expense any necessary transportation and preparation for domestic shipment. The authority shall not, however, be obliged to incur a greater expense than would be incurred in preparing for shipment and shipping the property to the Procurement Division warehouse nearest the point from which the property is returned.

§ 38.307 *Exception as to expendable property.* The obligation of authorities to return property in their possession in accordance with these regulations shall not extend to property which by nature is consumed through use, except to the extent that such property has not been so consumed prior to expiration or termination of the period of permitted use or loan, as the case may be.

§ 38.308 *Approved application to constitute commitment.* Any application submitted under these regulations, upon approval in accordance with these regulations, and upon the mailing of a copy of the approved application to the applicant, shall become a commitment binding the applicant to compliance with the applicable provisions of these regulations. Any application approved without certification by the United States Commissioner of Education shall be considered to have been approved under § 38.102 and shall bind the applicant to compliance with §§ 38.103, 38.104, and §§ 38.300 to 38.308. Any application approved after such certification shall be considered to have been approved under § 38.202 and shall bind the applicant to compliance with §§ 38.203, 38.204, and §§ 38.300 to 38.308.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

PART 95—CAR SERVICE

[Service Order 113, Amdt. 3]

DEMURRAGE ON FLAT CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 22d day of July, A. D. 1943.

Upon further consideration of the provisions of Service Order No. 113 of March 3, 1943, as amended by Amendment No. 1 of March 26, 1943, and as amended by Amendment No. 2 of June 10, 1943; and in order to clarify the application of paragraph (d):

It is ordered, That paragraph (d) of Service Order No. 113, as amended, be and it is hereby amended to read as follows:

§ 95.501 *Demurrage on flat cars.* • • •

(d) (1) The provisions of this order shall not apply to loaded or empty flat cars shipped by or consigned to any organization or installation of the United States War Department or Navy Department, including the United States Marine Corps and the United Sates Coast Guard, while held for loading, unloading, or any other purpose by such organization or installation. (2) Each railroad affected, on or before the effective date of this paragraph (d), as amended, and upon not less than one day's notice to the Commission and to the public, shall file and post a supplement to each of its tariffs affected hereby, establishing the substitute provisions above set forth. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That this amendment shall become effective August 1, 1943, and shall remain in force until further order of the Commission; that copies of this amendment shall be served upon all common carriers by railroad subject to the Interstate Commerce Act, and upon the Association of American Railroads, Car Service Division; and that notice of this amendment be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archives.

By the Commission, Division 3.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1239]

CITY OF CINCINNATI, OHIO

ORDER OF THE DIRECTOR

In the matter of a review of the minimum prices effective for shipment of coals by rail and by river for delivery in the City of Cincinnati, Ohio (Market Area 19), pursuant to section 4 II (b) of the Bituminous Coal Act of 1937.

Charles S. Mitchell, a duly designated Examiner of the Division, has submitted to me his Report and recommendations, dated July 15, 1943 in the above-entitled proceeding. The Bituminous Coal Act of 1937 will expire (except as provided in

section 19 thereof) August 24, 1943. In order that the Director may take timely and appropriate action on the report and recommendations of the Examiner it is necessary that interested parties who desire to file exceptions and supporting briefs do so promptly.

Accordingly, exceptions and briefs in support of exceptions to the Examiner's report should be filed not later than August 4, 1943. No exceptions or briefs will be considered by the Director in this matter if received by the Division later than 11:59 p. m., August 4, 1943.

It is so ordered.

Dated: July 20, 1943.

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective July 23 and July 27, 1943.

The employment of learners under these certificates is limited to the terms and conditions as designated opposite the employer's name. These certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided for in the regulations and as indicated on the certificate. Any person aggrieved by the issuance of the certificates may seek a review or reconsideration thereof.

[Docket No. 6527]

WESTERN UNION TELEGRAPH CO. AND POSTAL TELEGRAPH-CABLE CO.

ORDER CONCERNING HEARINGS

In the matter of The Western Union Telegraph Company and the Postal Telegraph-Cable Company "RX" Service for Tourate Messages.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 20th day of July, 1943:

The Commission, having under consideration its order of July 9, 1943, herein, suspending the operation of, and ordering a hearing with respect to, tariff schedules filed by the Western Union Telegraph Company providing for the application of "RX" service to Tourate messages; and

It appearing that Postal Telegraph-Cable Company has also filed with the Commission new tariff schedules, effective August 9, 1943, revising its presently effective tariff schedules to provide for the application of "RX" service to mes-

sages in the Tourate classification, such new schedules being designated as follows:

Postal Telegraph-Cable Company

Tariff F. C. C. No. 54
2nd Revised Page 51
Tariff F. C. C. No. 63
2nd Revised Page 104-A

It is ordered, That the hearing ordered by the order of July 9, 1943, herein, for the 12th day of August 1943 shall include the matter of the above-cited tariff schedules, filed by the Postal Telegraph-Cable Company, insofar as they provide for the application of "RX" service to messages in the Tourate classification;

It is further ordered, That insofar as the above-cited tariff schedules of the Postal Telegraph-Cable Company provide for the application of "RX" service to messages in the Tourate classification, the operation of such schedules shall be suspended, and the effectiveness thereof shall be deferred, until November 9, 1943, unless otherwise ordered by the commission, and that during such period of suspension, no changes shall be made in the provisions whose operation is hereby so suspended, or in the provisions sought to be altered thereby, unless authorized by the Commission;

It is further ordered, That a copy of this order shall be filed in the offices of the Federal Communications Commission with the above-cited tariff schedules herein suspended in part; that Postal Telegraph-Cable Company, and all other carriers which participate in the rendition of the service provided under such tariff schedules be, and they are hereby, each made a party respondent to this proceeding.

By the Commission.

PUBLIC UTILITIES CALIFORNIA CORPORATION

ORDER FOR INVESTIGATION

In the matter of Public Utilities California Corporation charges for channels for teletypewriter service.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 20th day of July, 1943:

The Commission, having under consideration charges filed by the Public Utilities California Corporation, effective July 15, 1943, for channels for teletypewriter service between Burney, California and Redding, California, for use by agencies of the United States Government; and

It appearing, that such rates and charges may be unjustly and unreasonably high, or otherwise unjust and unreasonable, or unlawful;

It is ordered, That an investigation be, and the same is hereby, ordered into the lawfulness of the charges of the Public Utilities California Corporation for channels for teletypewriter service;

It is further ordered, That the Public Utilities California Corporation, the American Telephone and Telegraph Company, the Pacific Telephone and Telegraph Company, and all other carriers participating in the furnishing of teletypewriter service using channels furnished by the Public Utilities California Corporation be, and they are hereby, each made a party respondent in this proceeding; and that a copy of this Order shall be served upon each such respondent and upon the Civil Aeronautics Administration;

It is further ordered, That the matters covered by this order be, and the same are hereby, assigned for hearing at the offices of the Commission in Washington, D. C., beginning at 10:00 a. m. on the 25th day of August, 1943.

By the Commission.

FEDERAL POWER COMMISSION.

[Docket No. G-487]

CITIES SERVICE GAS CO., ET AL.

ORDER TO SHOW CAUSE AND FIXING DATE OF HEARING THEREON

JULY 20, 1943.

In the matter of Cities Service Gas Company, Cities Service Transportation and Chemical Company and Cities Service Company.

It appearing to the Commission that:

(a) On July 17, 1943, the Commission received from the State Corporation Commission of the State of Kansas a letter reciting in substance, among other matters, that Cities Service Gas Company proposes to construct a pipeline from the Oklahoma end of the Hugoton gas field across Oklahoma, to connect with and become a part of its pipeline system; that, to its knowledge, no application for authority to construct and operate such line has been filed with any regulatory commission; that Cities Service Gas Company, or its affiliated distributing companies, have advertised in the Kansas City, Missouri, and Topeka, Kansas, newspapers that the supply of gas this coming winter will not be increased by reason of the construction of the proposed pipeline; that, in its opinion, there is available in the Hugoton field more than sufficient natural gas to meet the requirements of the areas now served by Cities Service Gas Company and by other companies that purchase gas from it; that it would be appropriate to determine whether a different location for the proposed pipeline might not better serve the public need; and stating:

We are vitally concerned in the matter of having a sufficient supply of gas for the areas involved. The delay on the part of the Cities Service Gas Company to make application to your Commission for authority to construct and operate the proposed line may seriously affect the supply of gas for the coming winter. In the light of these circumstances, we are wondering if your Commission might not initiate an investigation into the matter of this proposed line and determine what the real situation is so that all interested parties may be fully informed, and some solution worked out that will assure an adequate supply of gas this coming winter in the affected areas. We suggest such an investigation.

(b) On June 19, 1943, Cities Service Gas Company filed a notice of intention to cancel, effective August 22, 1943, its Rate Schedule FPC No. 51, providing for the sale of natural gas to Union Gas System, Inc., for resale to certain industrial consumers; and by letter to the Commission, dated June 30, 1943, Union Gas System, Inc., protested such cancellation of service, requested a hearing, and stated among other things:

We would further like to present evidence to show that the material being granted Cities Service Gas Company by the War Production Board, is being so located in connection with the supply of gas and with their system as to prevent its complete use, and thus continue in force an inadequate supply of gas which will cause an unnecessary shortage in the area, thus permitting them to cancel their lower price contracts and to secure for themselves a complete monopoly of gas distribution in this area.

(c) Cities Service Gas Company, a Delaware corporation having its principal office in Bartlesville, Oklahoma, and authorized to do business in the States of Texas, Oklahoma, Missouri, Kansas, and Nebraska, produces natural gas in the States of Texas, Kansas, and Oklahoma, and purchases natural gas in the States of Kansas, Oklahoma, and Missouri, transports said natural gas from the States in which it is produced or purchased, through, or into other States, and sells such natural gas either directly to consumers or to other gas companies for resale for ultimate public consumption for domestic, commercial, industrial, or other uses, in the States of Texas, Oklahoma, Missouri, Kansas and Nebraska, and is, therefore, a natural-gas company within the meaning of the Natural Gas Act;

(d) Cities Service Gas Company is a wholly-owned subsidiary of Empire Gas and Fuel Company (Delaware), whose outstanding voting stock is in turn controlled by Cities Service Company, the top holding company in the Cities Service system;

(e) On April 6, 1943, Cities Service Gas Company filed a formal application with the War Production Board seeking priority assistance and a preference rating certificate for materials for the purpose of constructing the following facilities: [1]

[1] Hereinafter referred to as the "proposed project."

(1) 240 miles of 26-inch diameter main transmission pipeline extending from a proposed field station in the Hugoton gas field (situated in northwestern Oklahoma, southwestern Kansas, and northeastern Texas) to its Blackwell, Oklahoma, compressor station, having an initial capacity of 140,000 M. c. f. daily;

(2) A compressor station of 8,000 rated horsepower at the Hugoton field terminus of the main outlet transmission line capable of compressing 140,000 M c. f. daily at a discharge pressure of 720 pounds gauge;

(3) Looping of its existing pipeline system from Burbank, Oklahoma, to Tallant, Oklahoma, with 35.25 miles of single 12-inch line to deliver increased quantities of gas to the "East Side" of the present pipeline system;

(4) Looping of the existing 18-inch tie-over immediately south and southeast of Wichita, Kansas, with 11.25 miles of 20-inch pipeline to permit the service of increased demands in the Wichita area and to augment gas deliveries to the "East Side" of the existing system;

(5) Reconditioning of 16 miles of 16-inch line south of Wichita to permit carrying higher pressures for increased throughputs to markets in the Wichita and Hutchinson, Kansas, areas;

(6) 3 miles of 6-inch pipeline to serve the increased fuel requirements of the Socony Oil Refinery at Augusta, Kansas;

(7) Addition of 340 horsepower to Saginaw compressor station in Newton County, Missouri, to "fortify" deliveries of gas to Camp Crowder, Missouri, and to Springfield Gas and Electric Company for resale to consumers in Springfield, Missouri;

(8) Telephone communication facilities to the Hugoton field;

(f) By letter of May 1, 1943, the War Production Board advised Cities Service Gas Company and Cities Service Company that favorable action could not be taken on the application for priority assistance and a preference rating certificate unless assurance could first be given that the following conditions, among others, would be met:

That you will proceed with the entire project immediately upon receipt of our preference rating certificate, acquiring rights o. way, placing all necessary orders for pipe and equipment, prosecuting required applications for approval of regulatory bodies, including the Federal Power Commission, contracting for construction and taking all other reasonable steps to assure completion of the project in time for service during the coming winter.

(g) Cities Service Company, by letter of May 11, 1943, indicated its willingness to make the commitments called for by the War Production Board's letter of May 1, 1943, referred to in paragraph (f) above;

(h) Pursuant to the request of Cities Service Gas Company, made May 19 and May 20, 1943, the application for priority assistance and a preference rating certificate was treated by the War Production Board as amended so that Cities Service Transportation and Chemical Company, a newly formed organization in the Cities Service system, should receive the priority assistance and preference rating certificate originally requested by Cities Service Gas Company;

(i) The War Production Board, in a letter dated May 24, 1943, addressed to Cities Service Company, Cities Service Transportation and Chemical Company, and Cities Service Gas Company, transmitted a preference rating certificate for the proposed project, and stated:

While as requested by you we have issued the preference rating certificate to the Cities Service Transportation and Chemical Company, it is understood that the Cities Service Company, and, to the extent that it is concerned, the Cities Service Gas Company also assume responsibility for compliance with the stated conditions.

(j) The War Production Board, in its letter of May 24, 1943, stated that the preference rating certificate was being issued subject to the "understanding" embodied in its letter of May 1, 1943, to Cities Service Company and in that Company's response of May 11, 1943, and to the following "essential conditions":

(1) That you will proceed with the entire project immediately upon receipt of our preference rating certificate, acquiring rights of way, placing all necessary orders for pipe and equipment, taking all steps necessary with the Federal Power Commission to comply with any applicable requirements of the Natural Gas Act and with all other regulatory commissions having jurisdiction over any phase of this matter, contracting for construction and taking all other reasonable steps to assure completion of the project in time for service during the coming winter.

(2) That you will be prepared to enter into contracts with such neighboring utility systems as may apply to you for assistance in meeting threatened deficiencies during the war, such contracts to extend for the duration of the war and for one year thereafter, or such shorter time as will enable the other systems to augment their supply by alternative measures.

(3) That you will make deliveries of gas pursuant to allocations or directives of the War Production Board irrespective of whether or not contracts have been concluded covering such deliveries.

(k) By letter dated June 3, 1943, addressed to the president of Cities Service Gas Company, the Commission stated among other things that:

In view of the obvious intention of the WPB, and your representations of the urgent necessity for the early construction of the additional pipeline facilities in your area, a proper application for a certificate of convenience and necessity covering the proposed pipe line, in accordance with section 7 (c) of the Natural Gas Act, as amended, should be immediately filed with the Commission.

Mr. W. Alton Jones, President of the Cities Service Company, has stated to us that when priorities were granted, "we hope we can confidently count on your helpful cooperation in the furtherance of this project." This cooperation can be obtained, and delay avoided, by prompt filing of an application for a certificate to the end that we may take the action required here as expeditiously as possible. Your prompt cooperation in this matter would be greatly appreciated.

(l) By letter dated June 12, 1943, the Commission again advised Cities Service Gas Company, Cities Service Transportation and Chemical Company, and Cities Service Company of the provisions of the Natural Gas Act, stating among other things that:

Although several months have elapsed since you expressed a desire to construct a pipeline to the Hugoton field to relieve the emergency in your area, you have refrained from filing an application for a certificate of convenience and necessity pursuant to section 7 (c) of the Natural Gas Act. The Congress in requiring the issuance of such a certificate, as a prerequisite to undertaking the construction or operation of a natural gas pipe line, subject to the jurisdiction of this Commission, thereby provided an opportunity for State regulatory agencies and other interested parties to be heard in the matter. Responsibility for any delay in such proceedings, resulting from your failure to file a timely application, will rest squarely with your company,

and requested that said companies promptly file with the Commission the following information and data:

A copy of all contracts, arrangements and understandings between Cities Service Transportation and Chemical Company, Cities Service Company, Cities Service Gas Company and others, pursuant to which it is proposed to construct, finance and operate the proposed Hugoton line project, including agreements to purchase, transport, process

and sell natural gas, and a copy of the articles of incorporation, together with the names and addresses of the officers, directors and stockholders of the Cities Service Transportation and Chemical Company;

(m) Neither an application for a certificate of public convenience and necessity under section 7 (c) of the Natural Gas Act, as amended, nor such information and data have been filed with this Commission; and said companies have failed and refused to file an application for a certificate of public convenience and necessity or furnish the data and information heretofore requested;

(n) Cities Service Gas Company, Cities Service Transportation and Chemical Company, and Cities Service Company are proceeding with the construction of the proposed project in that:

An order for the pipe required for the proposed project was placed on or about June 8, 1943, to be delivered according to the following schedule: 15,000 tons in September, 22,000 to 25,000 tons in October, and the balance of 46,000 tons in November 1943; a field construction office has been established in Ponca City, Oklahoma; engineering and other construction organization has been assembled; reconnaissance of the pipeline route has been completed and the river crossing sites have been selected; negotiations with contracting firms for the laying of the pipeline are proceeding; and right-of-way work at three river crossings and on the eastern end of the line is in progress;

(o) Cities Service Transportation and Chemical Company and Cities Service Company may become natural-gas companies upon completion of the proposed project, and such companies and Cities Service Gas Company may have undertaken the construction or extension of facilities for the transportation or sale of natural gas subject to the jurisdiction of the Commission in violation of section 7 (c) of the Natural Gas Act, as amended; and such companies may undertake to construct or operate facilities, or engage in the transportation or sale of natural gas, subject to the jurisdiction of this Commission, without having first obtained a certificate of public convenience and necessity as required by said section 7 (c);

The Commission finds that:

(1) It is necessary and appropriate, in the public interest, to carry out and aid in the enforcement of the provisions of the Natural Gas Act, that an investigation be instituted by the Commission, as hereinafter provided, into the facts, conditions, practices and matters herein referred to, and to determine whether:

(i) Cities Service Gas Company, Cities Service Transportation and Chemical Company, Cities Service Company, or any other individual, association, or corporation has violated or is about to violate the provisions of the Natural Gas Act;

(ii) Such companies or any of them should be required to obtain a certificate of public convenience and necessity under section 7 (c) of the Natural Gas Act, as amended;

(iii) A certificate of public convenience and necessity should be issued to such companies;

(2) The documents, data and information hereinafter required to be filed with the Commission are relevant and material to such investigation;

Wherefore, the Commission orders that:

(A) Cities Service Gas Company, Cities Service Transportation and Chemical Company, and Cities Service Company, at a public hearing to be held commencing August 11, 1943, at 9:45 a. m., in Room No. 527 in the U. S. Court House, Kansas City, Missouri, show cause, if any there be, why:

(i) Cities Service Gas Company, Cities Service Transportation and Chemical Company, and Cities Service Company should not be ordered to file immediately an appropriate application for a certificate of public convenience and necessity for the proposed construction, operation, transportation and sale of natural gas, pursuant to section 7 (c) of the Natural Gas Act, as amended, and the rules and regulations thereunder;

(ii) The Commisison should not forthwith proceed to determine whether said companies are qualified to receive a certificate of public convenience and necessity for the proposed service, sale, operation, construction, and extension, and are able and willing properly to do the acts and to perform the service proposed and to conform to the provisions of the Natural Gas Act and the requirements, rules and regulations of the Commission thereunder; whether the proposed service, sale, operation, construction, and extension is or will be required by the present or future public convenience and necessity; and whether the public convenience and necessity will require that terms and conditions be attached to any grant of certificate and exercise of rights thereunder;

(iii) Cities Service Gas Company, Cities Service Transportation and Chemical Company, and Cities Service Company should not be determined to have violated or are about to violate section 7 (c) of the Natural Gas Act, as amended.

(B) The hearing shall also be held for the purpose of affording to said companies an opportunity to be heard with respect to all matters hereinabove referred to, and for the purpose of investigating and determining the facts and circumstances surrounding such matters;

(C) Cities Service Gas Company, Cities Service Transportation and Chemical Company, and Cities Service Company shall file, under oath, with the Commission, on or before August 4, 1943, the following:

A true copy of all contracts, arrangements and understandings, between Cities Service Transportation and Chemical Company, Cities Service Gas Company, Cities Service Company, and between said companies and others, pursuant to which it is proposed to construct, finance, and operate the proposed project, including agreements to purchase, transport, process and sell natural gas; and a true copy of the articles of incorporation of Cities Service Transportation and Chemical Company, together with the names and addresses of its officers, directors and stockholders;

(D) Interested State commissions may participate in this proceeding, as provided in Section 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

By the Commission.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 1787]

I. G. FARBENINDUSTRIE, A. G.

Re: Patents and patent applications of I. G. Farbenindustrie, A. G., standing of record in the United States Patent Office in the name of Walter H. Duisberg.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That I. G. Farbenindustrie A. G. is a corporation organized under the laws of and having its principal place of business in Germany and therefore is a national of a foreign country (Germany);

2. That the property identified in subparagraph 3 hereof is property of I. G. Farbenindustrie A. G.;

3. That the property described as follows:

(a) All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the patents identified in Part I of Exhibit A attached hereto and made a part hereof;

(b) Patent applications identified in Part II of said Exhibit A;

(c) Patent applications identified in Part III of said Exhibit A, together with the entire right, title and interest throughout the United States and its territories in and to, including the right to file applications in the United States Patent Office for Letters Patent for, the invention or inventions shown or described in such applications;

(d) All interests and rights (including all royalties or other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in I. G. Farbenindustrie A. G. by virtue of an agreement dated May 4, 1940 (including all modifications thereof and supplements thereto, if any) by and between I. G. Farbenindustrie A. G. and Walter H. Duisberg, which agreement relates, among other things, to patent number 1,630,406, issued May 31, 1927, inventor H. Prillwitz, for mixing apparatus;

is property of, or is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany).

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

Hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This Order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this Order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C. on July 12, 1943.

[SEAL] LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT A

PART I

Patents identified as follows, which stand of record in the United States Patent Office in the name of Walter H. Duisberg (or Walther H. Duisberg).

Patent No.	Date	Inventor	Title
1,564,410	12/8/25	Carl Eyer et al., R. Griessbach	Manufacturing solid calcium nitrate.
1,565,691	12/15/25	Franz Vorlander Hermann Weber	Electrode for use in the contact process of making sulphuric acid.
1,567,312	12/29/25	Rudolf Wietzel	Manufacture of formamide.
1,582,675	4/27/26	Reinhold Fick	Production of formamide.
1,630,406	5/31/27	Hans Prillwitz	Mixing apparatus.
1,639,585	8/16/27	Carl Bosch	Manufacture of fertilizers.
1,666,694	4/17/28	Wilhelm Gaus, W. Wild	Producing mixtures of nitrogen and hydrogen.
1,693,441	11/27/28	Friedrich A. Henglein	Process for the production of iodates.
1,698,793	1/15/29	Heinrich Heimann	Artificial fertilizer.
1,712,297	5/7/29	Reinhold Fick	Manufacture of hydrocyanic acid.
1,727,152	9/3/29	Kurt Winkler	Multistage turbomixer.
1,735,407	11/12/29	Eduard Munch	Process for vaporizing formamid.
1,736,080	11/19/29	Heinrich Heimann, H. Seefried, Kreis Bitterfeld, A. Bayerl, and I. Petersen.	Process for opening up materials containing cellulose.
1,754,345	4/15/30	Otto Balz and R. Reuscher	Catalytic oxidation of ammonia.
1,754,909	4/15/30	Carl G. Schwalbe and Hermann Wenzl	Process of rapidly bleaching vegetable fibers of any kind.
1,783,647	12/2/30	Friedrich A. Henglein	Process for the manufacture of metallic nitrates.
1,784,066	12/9/30	Ernst Heinze	Producing hydroxides of alkali metals.
1,788,828	1/13/31	Heinhard Goldberg and Karl O. Schmitt	Production of fertilizers.
1,790,220	1/27/31	Otto Balz, W. Wagner	Conversion of calcium compounds.
1,797,804	3/24/31	Fritz Stoewener	Manufacture of active masses.
1,798,533	3/31/31	Friedrich A. Henglein	Process for the manufacture of nitrates.
1,809,926	6/16/31	Otto Einsler and H. Tietz	Apparatus for condensing condensable vapors.
1,826,369	10/6/31	Curt Schoenburg and G. von der Bruck	Recovery of phenols from gas liquors.
1,824,664	9/22/31	John Eggert and R. Schmidt	Sound box membrane.
1,829,821	11/3/31	Fritz Doerinckel and M. Schliemann	Manufacture of hollow articles of quartz and similar bodies of high melting point and the furnace thereof.
1,835,420	12/8/31	Karl Neundlinger	Manufacture of silicic acid sols.
1,837,680	12/22/31	Eduard Schnitzler	Adhesive strip.
1,839,220	1/5/32	Friedrich A. Henglein and Friedrich W. Stauf.	Purification of metallic salt solutions.
1,840,162	1/5/32	Heinrich Heimann, Erich Oppermann, Irnfried Petersen, and Alfons Bayerl.	Process of opening up the resiniferous wood.
1,840,198	1/5/32	Heinrich Heimann, Irnfried Petersen, Alfons Bayerl, and Hermann Seefried.	Process of the extraction of cellulose from materials containing cellulose.
1,846,221	2/23/32	Wilhelm Michael and Wilhelm Goez	Manufacture of hydrocyanic acid.
1,849,682	3/15/32	Carl Eyer	Production of solid calcium nitrate.
1,851,475	3/29/32	Max Zimmermann	Process for the manufacture of aluminum fluoride.
1,857,296	5/10/32	Carl Eyer, F. Frowein, and F. Korn	Producing ballast-free solid fertilizers.
1,858,413	5/17/32	Erich Noack and Friedrich Schubert	Calcium boride
1,861,915	6/7/32	Max Hagedorn and Adolf Jung	Safety glass.
1,865,304	6/28/32	Michael Otto and L. Bub	Production of volatile fluorides.
1,865,591	7/5/32	Kurt Winkler	Centrifugal multistage mixing apparatus.
1,868,890	7/26/32	Carl Eyer and F. Korn	Mixed fertilizer.
1,873,475	8/23/32	Ernst Pokorny	Calcium molybdate.
1,877,002	9/13/32	Fritz Melms	Apparatus for the manufacture of artificial threads.
1,878,108	9/20/32	Hans Carstens and C. Kroner	Decolorizing silicic acid.
1,883,846	10/18/32	Helmut Korte	Process of bleaching bast fibers, especially bast fibers of linen, hemp, and the like.
1,887,008	11/8/32	Friedrich Klopp	Apparatus for hardening the flanks of spindle and worn threads.
1,887,412	11/8/32	Erich Kayser	Method of bleaching vegetable fibrous substances.
1,892,970	1/3/33	Curt Schumann, Reinhold Fick, and Erwin Oberreit.	Production of cyanides of calcium.
1,896,483	2/7/33	Hans Dohse	Production of sulphur dioxide.
1,897,725	2/14/33	Wilhelm Gaus, K. Hochschwender, and W. Schunck.	Extracting carbon dioxid from gaseous mixture and forming alkaline carbonates.
1,898,532	2/21/33	Max Hardtmann, W. Schepss, and E. Tietze.	Preparing boron trifluoride.
1,901,486	3/14/33	Karl Wurster and Max Gruber	Pure anhydrous aluminum chloride.
1,904,604	4/18/33	Hans Barbr	Producing ammonium sulphate.
1,909,963	5/16/33	Curt Schumann, Reinhold Fick, and Erwin Oberreit.	Production of compounds of calcium and magnesium cyanides.
1,914,425	6/20/33	Friedrich A. Henglein and Friedrich W. Stauf.	Process of dehydrating fluorine compounds.
1,916,797	7/4/33	Friedrich Horner	Process of preparing antimonates.
1,916,803	7/4/33	Paul Ley and Ludwig Teichmann	Production of sodium sulphide.
1,922,492	8/15/33	Eduard Munch, Fritz Nicolai, Reinhold Fick, and Walter Reppe.	Process of producing hydrocyanic acid.
1,927,108	9/19/33	Max Zimmermann	Process for preparing alkaline metal fluorides.
1,931,819	10/24/33	Leopold Hecht	Mixed fertilizer.
1,934,823	11/14/33	Curt Schumann, Reinhold Fick, and Erwin Oberreit.	Production of compounds of calcium cyanide.
1,934,838	11/14/33	Leonid Andrussow	Production of hydrocyanic acid.
1,945,565	2/6/34	Ernst Pokorny and Kurt Schneider	Process of producing heavy metal.
1,947,952	2/20/34	Oswin Nitzschke	Preparing alkaline earth-metal oxides.
1,949,082	2/27/34	Ernest Pokorny	Method of obtaining heavy-metal beryllium alloys.

Patent No.	Date	Inventor	Title
1,949,112	2/27/34	Gustav Schreiber	Riveted plated aluminum article.
1,951,520	3/20/34	Eduard Munch and Fritz Nicolai	Process of producing hydrocyanic acid.
1,952,849	3/27/34	Carl Eyer and F. Korn	Mixed fertilizer.
1,954,936	4/17/34	Albert Lampe	Coloring ceramic materials.
1,955,229	4/17/34	Julius Drucker, P. Lueg, and P. Weise	Manufacture of alkali metal cyanides.
1,956,138	4/24/34	Karl Stalb	Production of anhydrous fused caustic soda.
1,956,920	5/1/34	Alfred Haltmeier	Liquid level indicator.
1,957,749	5/8/34	Leonid Andrussow and Karl Huberich	Catalytic production of hydrocyanic acid.
1,960,347	5/29/34	Phillipp Osswald and O. Scherer	Preparing pure hydrogen fluoride.
1,965,157	7/3/34	Udo Ehrhardt	Process of producing chlorates and perchlorates.
1,960,947	7/17/34	Carl Eyer, G. Baetz, and A. Herterich	Noncaking mixed fertilizer.
1,971,627	8/28/34	Hans H. Stuhlmann and O. Weitermann	Process of and Apparatus for Treating Artificial threads.
1,972,419	9/4/34	Robert Griesbach	Base-exchanging substance.
1,975,482	10/2/34	Rudolf Schulze and W. Brause	Process of producing beryllium fluoride.
1,981,126	11/20/34	Rudolf Schulze	Decomposition of rare earth metal-bearing ores.
1,982,104	11/27/34	Johannes Brode and C. Wurster	Manufacture of anhydrous metal chlorides.
1,984,763	12/18/34	Joachim Rockstrob, F. Raspe and H. Kircher	Manufacture of wurtzite from zinc blende.
1,988,893	1/22/35	Adolf Beck	Seaplane float.
1,989,005	1/22/35	Heinrich Fink and E. Rossner	Solutions of fibroin.
1,992,594	2/26/35	Fritz Winkler	Process of sintering and fusing quartz.
1,993,688	3/5/35	Heinrich Specketer and Ludwig Hebeler	Apparatus for charging, discharging and turning the material in rotary-hearth furnaces.
2,001,784	5/21/35	Wilhelm Hofmann	Apparatus for utilizing heat of condensates.
2,005,997	6/25/35	Carl Krauch, Carl Eyer, Gottwald Baetz and Frederich Korn.	Production of mixed fertilizers.
2,006,981	7/2/35	Leonid Andrussow	Production of hydrocyanic acid.
2,009,509	7/30/35	Theodor Wallis and Oskar Falek	Apparatus for drying vapors or gases.
2,013,753	9/10/35	Carl Hahn	Purification of gases derived from roasting.
2,013,767	9/10/35	Rudolf Schulze	Treating rare-earth metal compounds.
2,017,985	10/22/35	Erich Opfermann and Gustav-Adolf Feldtmann.	Manufacture of cellulose.
2,021,927	11/26/35	Walter Strathmeyer	Sodium nitrate.
2,024,819	12/17/35	Udo Ehrhardt	Apparatus for carrying out electrometric analysis.
2,026,370	12/31/35	Fritz Winkler	Furnace for sintering and fusing quartz.
2,027,477	1/14/36	Ernst Hackhofer and A. Beuther	Manufacture of alkali dichromate.
2,029,604	2/4/36	Joseph Bayer, A. Haltmeier, and K. Henecky	Carrying out exothermic catalytic gas reactions.
2,031,058	2/25/36	Waldemar Kaufmann and Everhard Bungartz	Glass permeable to ultraviolet rays.
2,032,632	3/3/36	Eugen Renschler and Adolf Remele	Process and apparatus for the manufacture of bleaching powder.
2,034,554	3/17/36	Josef Bayer	Production of oleum.
2,036,526	4/7/36	Max Hagedorn and A. Jung	Envelope for gas cells.
2,037,292	4/14/36	Adolf Weihe	Manufacture of films.
2,038,994	4/28/36	Oskar Flieg	Peat fertilizer.
2,042,425	5/26/36	Waldemar Kaufmann, Ludwig Eckstein, and Konrad Rosenberger.	Photoluminescent glass.
2,042,787	6/2/36	Emil Hubert and Arno Matthies	Manufacture of artificial silk.
2,044,885	6/23/36	Johannes Kleine, Hugo Pfannenstiel, and Warner Matthaes.	Spinning artificial silk.
2,044,888	6/23/36	Fritz Overdiek and Herbert Gorke	Process of purifying alkaline metal hydroxide solutions.
2,047,492	7/14/36	Erik Reissmann and Hermann Wolff	Process for manufacturing anhydrous alkali polysulphides.
2,057,959	10/20/36	Waldemar Kling	Process of removing the odor from bleached alkali metal salts of fatty acids.
2,059,032	11/3/36	Paul Esselmann and K. Kosslinger	Manufacture of artificial silk.
2,061,534	11/17/36	Otto Balz, A. Leber, and H. Diekmann	Fertilizer in granular form.
2,063,022	12/8/36	Adolf Beck	Process for improving the resistance to corrosion of aluminum base alloys.
2,063,023	12/8/36	Adolf Beck	Aluminum alloys.
2,075,370	3/30/37	Walter Strathmeyer	Aluminum fluoride.
2,076,131	4/6/37	Herbert Rein	Process of manufacturing polyvinyl derivatives containing nitrogen.
2,076,917	4/13/37	Georg Pfnetzer and Hermann Losch	Weed killing preparations.
2,077,481	4/20/37	Paul Huppert and H. Wolff	Transparent phosphate glass.
2,078,339	4/27/37	Hugo Pfannenstiel and Werner Matthaes	Manufacture of artificial silk.
2,079,786	5/11/37	Adolf Beck	Container having a high resistance to corrosion by alkaline and soda ash solutions.
2,082,511	6/8/37	Walther Zetzsche and Hermann Faber	Process for making a substitute for wool from viscose.
2,083,648	6/15/37	Herbert Gorke	Preparation of alkali metal hydroxide solutions.
2,084,419	6/22/37	Theodor Wallis and Oskar Falek	Dehydrating organic liquids.
2,086,488	7/13/37	Walther Zetzsche, Erich Graumann, Hermann Faber, and Edmund Stik	Manufacture of a substitute for wool.
2,092,386	9/7/37	Hans Bachr and H. Meugdehl	Production of sulphur.

Patent No.	Date	Inventor	Title
2,093,504	9/21/37	Hans Zirngibl	Manufacture of sulphides.
2,094,844	10/5/37	Siegfried Kiesskalt and W. Mejer	Apparatus for purifying gases.
2,095,363	10/12/37	Emil Kaessmann	Drum type drier.
2,096,694	10/19/37	Karl Erb	Process and apparatus for obtaining noble gases.
2,097,120	1/26/37	Heinrich Fink and R. Stahn	Manufacture of nitrogenous cellulose derivatives.
2,100,151	11/23/37	Hans Tietze	Apparatus for producing ice.
2,103,224	12/21/37	Eugen Schweitzer and Siegfried Kiesskalt	Apparatus for testing magnetizable workpieces.
2,104,957	1/11/38	Kurt Thinius	Process of reducing the viscosity of cellulose derivatives.
2,105,831	1/18/38	Leonid Andrussow	Production of hydrogen cyanide.
2,105,852	1/18/38	Zetzsche and Erich Graumann	Manufacture of threads from viscose.
2,116,167	5/3/38	Hermann Espig	Process of preparing a phosphorescent material.
2,117,210	5/10/38	Herbert Rein	Manufacture of shaped articles of polymeric acrylic acid nitrile.
2,117,811	5/17/38	Gustav Mauthe and Hermann Noerr	Tanning.
2,117,965	5/17/38	Siegfried Kiesskalt and W. Mejer	Grinding device.
2,120,513	6/14/38	Richard Stahn	Manufacture of nitrogenous cellulose derivatives.
2,122,889	7/5/38	Otto Nues	Process for the production of acetylene.
2,123,250	7/12/38	Wilhelm Müller and Gerhard Schaufler	Process for the production of depolarizing compositions from native manganese dioxide e. g. pyrolusite.
2,127,383	8/16/38	Heinz van Beek and Thomas Clapham	Production of extensible bundles of artificial threads.
2,127,304	8/16/38	Gustav Mauthe and Hermann Noerr	Tanning.
2,129,854	9/13/38	Gustav Mauthe and Hermann Noerr	Manufacture of leather.
2,131,145	9/27/38	Paul Schlack	Increasing the reactivity of naturally or artificially shaped articles or materials and product obtained thereby.
2,131,146	9/27/38	Paul Schlack	Treatment of materials for varying their affinity.
2,131,533	9/27/38	Karl Daimler and Heinz Thron	Cement mass.
2,132,110	10/4/38	Hermann Holler	Apparatus for surface hardening metal articles.
2,136,264	11/8/38	Siegfried Kiesskalt, Hans Tamplse, Ernst Weingaertner, and Karl Winnacker.	Kneading apparatus.
2,139,246	12/6/38	Paul Spitaler	Casting of aluminum alloys.
2,140,029	12/13/38	Erich Noack and Friedrich Schubert	Heating of boron compounds.
2,140,340	12/13/38	Friedrich Vogel	Production of granular fertilizer.
2,141,276	12/27/38	Herbert Muench and Hermann Loewe	Tanning agents and process of producing the same.
2,141,383	12/27/38	Heinrich Fink and Richard Hofstadt	Process of preparing solutions of cellulose in sulfuric acid.
2,142,007	12/27/38	Paul Schlack	Manufacture of artificial silk.
2,142,386	1/3/39	Hans Tietz	Apparatus and process for producing ice.
2,142,475	1/3/39	Karl Schmann	Device for cutting endless bands of artificial fibers.
2,143,388	1/10/39	Paul Schlack	Manufacture of hydroxyal kylated nitrogen bases.
2,145,198	1/24/39	Siegfried Kiesskalt	Device for mechanically treating thixotropes.
2,148,194	2/21/39	Julius Drucker	Pigments.
2,148,205	2/21/39	Siegfried Kiesskalt	Kneading pump.
2,148,909	2/28/39	Walter Maier	Manufacture of thiazolidine derivatives.
2,149,708	3/7/39	Hans von Recklinghausen and Paul Saffert	Treatment of bundles of artificial fibers.
2,150,134	3/7/39	Philipp Siedler, Erich Kayser, Helmuth Korte, and Wilhelm Waibel.	Method for the bleaching of bast fibers.
2,150,775	3/14/39	Georg Messner	Electrolytic cell.
2,151,971	3/28/39	Hermann Holler	Apparatus for surface hardening the teeth of double helical gears.
2,154,830	4/18/39	Franz Bencker	Electolytic cell.
2,155,034	4/25/39	Otto Eisenhut, H. Rein, and E. Kaupp	Manufacture of artificial silk.
2,154,893	4/18/39	Otto Eisenhut, Hanns Rein, and Hugo Wadmann.	Manufacture of artificial threads or the like.
2,156,422	5/2/39	Otto Baader	Apparatus for carrying out reactions with wire gauze catalysis.
2,156,727	5/2/39	Erich Koerinth and Georg Meder	Blue pigment colors and a process of preparing them.
2,158,523	5/16/39	Georg Pfleiderer	Production of alkali metal.
2,163,956	6/27/39	August Moeller	Process of preparing alkyl xanthic disulphides.
2,164,024	6/27/39	Kurt Schneider and Herman Schunck	Electric arc furnace.
2,165,441	7/11/39	Adolf Beck and Hans Bohner	Free-cutting aluminum alloys.
2,166,325	7/18/39	Herbert Rein	Treatment of cellulosic material.
2,166,365	7/18/39	Josef Martin	Treatment of metals.
2,170,394	8/22/39	Helmut Von Zeppelin	Treating metal mixtures.
2,171,115	8/29/39	Siegfried Kiesskalt and W. Mejer	Grinding device.
2,171,435	8/29/39	Kurt Schneider and Herman Schunck	Electric arc furnace.

Patent No.	Date	Inventor	Title
2,171,436	8/29/39	Kurt Schneider and Hermann Schunck	Electric arc furnace.
2,171,489	8/29/39	Helmut Von Zeppelin	Process for the production of beguline beryllium and beryllium alloys.
2,171,996	9/5/39	Hans Zirngibl and Robert Grassbach	Process for reducing kieserite.
2,171,926	10/3/39	Georg Messner	Process of removing magnesium from aluminum alloys containing magnesium.
2,176,444	10/17/39	Hans Zirngibl	Process of preparing aluminates.
2,178,102	10/31/39	Werner Huehn	Iron tanned leather and process of making same.
2,180,085	11/14/39	Hermann Holler and Otto Mues	Apparatus for the preparation of acetylene.
2,183,226	12/12/39	Herbert Rein	Sizing of textile materials.
2,183,754	12/19/39	Paul Schlack	Process of dyeing.
2,184,477	12/26/39	Philipp Siedler, Erich Kayser, Helmut Korte, and Wilhelm Waibel	Apparatus for carrying out the bleaching of bast fibers.
2,184,692	12/26/39	Adolf Beck and Hans Bohner	Free cutting al oys.
2,184,693	12/26/39	Adolf Beck and Hans Bohner	Free cutting alloys.
2,184,923	12/26/39	Alfred Haltmeier	Process of recovering ammonia from used cuprammonium artificial silk precipitation liquors.
2,186,394	1/9/40	Paul Spitaler	Castings of aluminum alloys.
2,187,567	1/16/40	Paul Esselmann, P. Kosslinger, and P. Saffert	Crimping device.
2,187,822	1/23/40	Hugo Querengasser	Manufacture of pigments.
2,191,296	2/20/40	Johannes Kleine, Walther Zetzsche, and Paul Saffert.	Manufacture of artificial fibers for spinning.
2,193,173	3/12/40	Karl Jellinek	Bleaching of cellulose fibers in peroxide baths.
2,195,210	3/26/40	Erich Graumann and Gustav-Adolf Schroter	Artificial filaments capable of being dyed with wool and chrome dyestuffs.
2,196,153	4/2/40	Josef M. Michel	Process of regenerating fused saltpeter baths.
2,198,045	4/23/40	Robert Suchy and Georg Messner	Process for the electrolysis of sulphate solutions.
2,199,313	4/30/40	Hermann Holler and Willi Flasskamp	Apparatus for surface hardening toothed wheels.
2,200,134	5/7/40	Paul Schlack	Process for producing shrinkage effects in textiles.
2,200,135	5/7/40	Paul Schlack	Process for producing crepe effects in textiles.
2,200,140	5/7/40	Adolf Wilecka	Apparatus for unwinding loose windings of threads.
2,200,478	5/14/40	Kurt Schirrmeister	Preparing antimony trioxide pigments.
2,200,520	5/14/40	Fritz Rusch and Paul Sander	Head of convex barrels.
2,200,529	5/14/40	Hans Baehr and K. Braus	Production of sulphur.
2,201,111	5/14/40	Josef M. Michel	Heat treatment of metals.
2,202,233	5/28/40	Konrad Schad	Stabilizing luminescent alkaline earth metal sulfides.
2,202,234	5/28/40	Konrad Schad and Robert Ketger	Stabilizing luminescent alkaline earth metal sulfides.
2,204,005	6/11/40	Robert Suchy	Hardening steel wires.
2,204,454	6/11/40	Ludwig Teichman and Hans Martini	Decomposition of zirconium ores.
2,204,501	6/11/40	Alwin Krauss	Method of obtaining pure noble gases.
2,204,522	6/11/40	Max Werner	Operation of steam turbines.
2,207,383	7/9/40	Wolf Rodenacker and Emil Baumann	Apparatus for producing rayon. Staple fibers from continuous rayon filaments.
2,208,095	7/16/40	Paul Esselmann	Producing insoluble condensation.
		K. Kosslinger and J. Dusing	Products containing sulphur and nitrogen.
2,208,101	7/16/40	Josef M. Michel	Preventing corrosion in cooling or heating systems.
2,208,857	7/23/40	Paul Schlack	Process for saponifying textile materials.
2,208,867	7/23/40	Hermann Holler and Otto Mues	Indicating quantity of calcium carbide in acetylene generators.
2,211,547	8/13/40	Joseph Reichart	Production of liquefied chlorine.
2,213,131	8/27/40	Karl Wintersberger and Walter Spormann	Purifying calcium hydroxide masses.
2,213,125	8/27/40	Emil Hubert and Herbert Rein	Manufacture of materials resembling crepe.
2,214,211	9/10/40	Helmut Von Zeppelin	Producing zirconium metal.
2,215,112	9/17/40	Heinz van Beek, Ernest Worn, Karl Sohmann, and Reinhard Jesse.	Apparatus for producing a uniform sliver of continuous rayon filaments.
2,215,856	9/24/40	Georg Pfleiderer	Manufacture of hydrogen, alkali metal and alkali metal peroxides.
2,215,883	9/24/40	Hans-Joachim Riedl and Georg Pfleiderer	Producing hydrogen peroxide.
2,220,441	11/4/40	Paul Esselmann and J. Dusing	Synthetic resinous composition.
2,222,532	11/19/40	John Eggert and B. Wendt	Sheet material.
2,223,348	12/3/40	Karl Boedeker and O. Kohler	Apparatus for introducing gases into liquids.
2,224,994	12/17/40	Kurt Thinius	Process of producing sundry articles.
2,224,997	12/17/40	Ernst Weisse	Coiling means for metal bands for the purpose of heat treating the same.
2,227,082	12/31/40	Hans G. Grimm and Paul Huppert	Phosphate glass.
2,227,928	1/7/41	Julius Drucker	Composition of matter containing an iron phosphate pigment.
2,228,923	1/14/41	Waldemar Kaufmann and Alwin Krauss	Preparing boron carbides
2,230,702	2/4/41	Robert Griessbach, Walter Sutterlin, and Hans Zirngibl	Preparing magnesia and sulphur dioxide.
2,231,497	2/11/41	Fritz Gajewski, F. Melms, and K. Jehle	Apparatus for producing a continuous sliver composed of rayon staple fibers from endless rayon filaments.

Patent No.	Date	Inventor	Title
2,231,890	2/18/41	Paul Esselmann and J. Dusing	Improving the dyeing properties of artificial fibers, foils, films, ribbons, and the like, and products obtained therefrom.
2,231,891	2/18/41	Paul Esselmann and Josef Dusing	Producing natural or artificial fibers having dyeing properties resembling those of wool and products obtained thereby
2,231,892	2/18/41	Paul Esselmann and J. Dusing	Annealizing textile product.
2,232,299	2/18/41	Walter Zetzsche and Franz Schiele	Manufacture of extensible slivers of artificia fibers
2,232,318	2/18/41	Paul Esselmann and J. Dusing	Improving the dyeing properties of artificial fibers, foils, films, ribbons, and the like and products obtained therefrom.
2,232,327	2/18/41	Bernhard Hubald	Electric heating element.
2,244,216	3/11/41	Walther Zetzsche, Franz Schiele and Richard Hartmuth	Apparatus for producing extensible sliver or roving of rayon staple fibers.
2,234,217	3/11/41	Walther Zetzsche, Franz Schiele, and Richard Hartmuth	Apparatus for producing an extensible sliver or roving.
2,234,330	3/11/41	Walther Zetzsche, Franz Schiele, Georg Ludwig, Wolf Rodenanker, Emil Baumann, and Richard Hartmuth.	Method of producing extensible slivers or rovings and means therefor.
2,235,508	3/18/41	Helmut Von Zeppelin	Producing Alloys containing zirconium.
2,237,017	4/1/41	Kurt Thinius	Improvements in attaching gelatin layers to supports of polymerized vinylchloride.
2,238,730	4/15/41	Otto Hauffe	Manufacture of sheets of films of, artificial materials.
2,238,949	4/22/41	Paul Schlack	Process of modifying the electro-chemical properties of shaped articles.
2,241,493	5/13/41	Heinrich Van Thiel	Protecting internal surfaces of iron container.
2,242,477	5/20/41	Osswald Philipp and Walter Geisler	Preparing hydroxylamine hydrochloride.
2,242,492	5/20/41	Helmut Von Zeppelin	Producing beryllium compounds.
2,242,493	5/20/41	Helmut Von Zeppelin	Producing beryllium compounds.
2,242,497	5/20/41	Edmund Zintl, Walter Krings, and Wilhelm Brauning.	Removing silica from minerals.
2,242,759	5/20/41	Helmut Schlecht and Michael Jahrstorfer	Reducing oxides of chromium, etc.
2,243,501	5/27/41	Karl Daimler and Heinz Thron	Cement mass.
2,245,155	6/10/41	Josef M. Michel	Producing stable fused saltpeter baths.
2,246,045	6/17/41	Gerhard Hirschberg	Warm press for separation of viscous resinous substances.
2,246,070	6/17/41	Paul Schlack	Manufacture of basic substituted shaped materials.
2,246,511	6/24/41	Paul Esselmann, K. Kosslinger and J. Dusing	Textile material.
2,248,459	7/8/41	Siegfried Kiesskalt	High frequency sound generators.
2,248,472	7/8/41	Edmund Zintl, Wilhelm Brauning, and Walter Krings.	Removing silica from alum no-silicates.
2,250,687	7/29/41	Helmut Von Zeppelin	Producing alloys of a base metal.
2,251,088	7/29/41	Helmut Von Zeppelin	Producing beryllium.
2,251,089	7/29/41	Helmut Von Zeppelin	Producing alloys containing beryllium.
2,252,279	8/12/41	Heinrich Zur Strassen and Hans Zirngibl	Manufacture of sulphur dioxide and Portland cement.
2,252,280	8/12/41	Otto Balz, H. Hamacher, and W. Wagner	Decomposition of water-insoluble phosphates.
2,252,281	8/12/41	Otto Balz and H. Hamacher	Decomposing water-insoluble phosphates.
2,252,361	8/12/41	Hans Bothmann and Walter Mannchen	Aluminum base alloys, especially for rivets.
2,254,777	9/2/41	Paul Esselmann and Fritz Davidshofer	Process for producing artificial silk.
2,255,107	9/9/41	Reinhold Fick and K. Wintersberger	Manufacture of pure sodium cyanide.
2,255,114	9/9/41	Alfred Haltmeier	Recovering ammonia from spent Cuprammonium silk precipitation liquors.
2,257,162	9/30/41	Paul Esselmann and Josef Dusing	Synthetic resins.
2,257,163	9/30/41	Paul Esselmann and J. Dusing	Synthetic resin stable against dilute acids and alkalies.
2,257,988	10/7/41	Robert Suchy and Helmuth Seliger	Producing aluminum calcium alloys.
2,259,394	10/14/41	Helmut Schlecht and Leo Schlecht	Recovering oxides of titanium, etc.
2,259,403	10/14/41	Helmut Von Zeppelin	Producing and recovering beryllium chloride.
2,259,469	10/14/41	Wilhelm Wenzel and Erich Hayek	Reactivating desulphurizing masses.
2,259,697	10/21/41	Kurt Jehle and Karl Schmander	Apparatus for making continuous sliver of rayon staple fibers.
2,260,513	10/28/41	Hermann Delle	Manufacture of curled artificial fibers.
2,261,210	11/4/41	Adolf Beck, Gustav Siebel, and Hugo Vosskuhler.	Aluminum alloys.
2,261,240	11/4/41	Paul Esselmann, K. Kosslinger, and J. Dusing	Treating textile materials.
2,261,257	11/4/41	Siegfried Kiesskalt and Wilhelm Schnich	Machine for squeezing and heating plastic masses.
2,261,313	11/4/41	Kurt Thinius and Fritz Loblein	Process for uniting materials of polymerized vinylchloride with wood, leather or the like.
2,261,259	11/4/41	Karl Kosslinger and Paul Saffert	Extensible sliver and the method of its production.
2,261,294	11/4/41	Paul Schlack	Process of increasing the affinity of fibers and films.
2,261,295	11/4/41	Paul Schlack	Artificial textile materials.

OFFICE OF DEFENSE TRANSPORTATION.

BREYER ICE CREAM CO. AND SUPPLEE-WILLS-JONES MILK CO., PHILADELPHIA, PA.

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a General order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies, General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 8377), Breyer Ice Cream Company and Supplee-Wills-Jones Milk Company, both of Philadelphia, Pennsylvania, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicle of ice cream and related products, between points in Pennsylvania and New Jersey.

The participants in the plan propose to eliminate wasteful operations in the transportation and delivery of ice cream and related products in special refrigerator trucks, by pooling the use of these trucks. They plan to pool deliveries on their routes from Philadelphia to Atlantic City, Trenton, and Wildwood, New Jersey, and to retailers within the areas served by them from Atlantic City, Trenton, and Wildwood, and Allentown, Pennsylvania, and elsewhere. They estimate that effectuation of the plan will result in a minimum saving of 4,000 truck-miles a month. The plan contemplates no joint selling activities or any other change in trade practices.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

Issued at Washington, D. C., this 17th day of July 1943.

No. 146——6

Regional, State and District Office Orders.

[Region IV Order G-1 Under MPR 122]

BAGGED COAL IN RICHMOND AND HENRICO COUNTY, VA.

Order No. G-1 under Maximum Price Regulation No. 122—Miscellaneous Solid Fuels Delivered from Facilities Other Than Producing Facilities—Dealers. Adjustment of maximum prices for bagged coal for the City of Richmond and the County of Henrico, Virginia. (Formerly Price Order No. 122-257 (b) (3)-1-Temporary.)

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of coal sold in 12 lb. bags, both at wholesale and retail, exists in the independent city of Richmond, Virginia, and in Henrico County, Virginia. The Regional Administrator has further found that supply of such coal is essential to a standard of living consistent with the prosecution of the war; that the existing shortage in such area will be eliminated by adjusting the maximum prices of sellers of such coal in such area to the extent permitted by this order; and that such adjustment will not create or tend to create a shortage or a need for increase in prices in other localities and will effectuate the purposes of the Emergency Price Control Act of 1942, as Amended.

Therefore, under the authority vested in the Regional Administrator by § 1340.-257 (b) (3) of Maximum Price Regulation No. 122, *It is hereby ordered*, That:

I. *Adjusted maximum prices for coal sold in 12 pound bags.* On and after December 30, 1942, the maximum price for coal in 12 lb. bags sold and delivered within the boundaries of the independent city of Richmond, Virginia and within the boundaries of Henrico County, Virginia, by any person at wholesale shall be 7½¢ per bag; and the maximum price for coal in 12 lb. bags sold and delivered within the boundaries of the independent city of Richmond, Virginia and Henrico County, Virginia, by any person at retail shall be 9¢ per bag, 3 bags for 25¢.

II. *Definitions.* For the purpose of this order:

(1) "The independent city of Richmond, Virginia" shall mean the area included within the established boundaries of such city.

(2) "Henrico County, Virginia" shall mean the area included within the established boundaries of such county.

(3) "Coal sold in 12 lb. bags" and "coal in 12 lb. bags" means a paper or other similar bag containing 12 lbs. of coal net weight.

(4) The terms "retail" and "wholesale" shall be construed in accordance with § 1499.20 of the General Maximum Price Regulation.

(5) All the terms used, unless the context otherwise requires, shall be construed in accordance with § 1340.258 of Maximum Price Regulation No. 122.

III. *Requirements of notification.* (1) All persons making sales at wholesale pursuant to this order shall, in writing, notify each purchaser of the maximum prices established by this order for sales at wholesale, within 5 days after the first delivery of such product to such purchaser after the effective date hereof. The written notifications required in this subparagraph shall contain the following statement:

By order No. G-1 issued by the Atlanta Regional Office December 29, 1942, and effective December 30, 1942, the Regional Administrator of the Office of Price Administration for Region IV, established maximum prices for coal sold in 12 pound bags in the city of Richmond, Virginia, and in Henrico County, Virginia, as follows:

Wholesale _____ 7½¢ per bag.
Retail_____ 9¢ per bag, 3 bags for 25¢.

Copy of said order and the accompanying opinion may be inspected at the place of business of the seller.

(2) Every person making sales and deliveries at wholesale or retail pursuant to this order shall keep posted a copy of this order and the accompanying opinion at a conspicuous place in his place of business, and shall make such order and opinion available during usual business hours for examination by any person requesting to see same.

IV. *Applicability of Maximum Price Regulation No. 122.* Except as otherwise provided herein all transactions subject to this order remain subject to all of the provisions of Maximum Price Regulation No. 122, together with all amendments that have been heretofore or may be hereafter issued.

V. *Effective date.* This order shall become effective December 30, 1942.

This order may be revoked or amended by the Regional Administrator at any time.

ICE IN ANSON COUNTY, N. C.

Order No. G-1 under Maximum Price Regulation No. 154, As Amended—Ice. Adjustment of maximum prices for ice for Anson County, North Carolina. (Formerly Price Order No. 154-1.)

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of ice is threatened in Anson County, North Carolina. The Regional Administrator has further found that a supply of ice is essential to a standard of living consistent with the prosecution of the war; that the threatened shortage in Anson County, North Carolina, will be eliminated by adjusting the maximum prices of ice to the extent permitted by this order; and that such adjustment will not create or tend to create a need for increase in prices in another locality, and will effectuate the purposes of the Emer-

gency Price Control Act of 1942, as amended.

Therefore, under the authority vested in the Regional Administrator by § 1393.8 (e) of Maximum Price Regulation No. 154, as amended, *It is hereby ordered*, That:

I. *Adjusted maximum prices for ice.* On and after the 11th day of February 1943, regardless of any contract or other obligation, no person shall sell or deliver in Anson County, North Carolina, any ice to consumers, and no person in the course of trade or business shall buy ice for consumption at prices higher than the maximum prices set forth below:

Size or quantity:	*Maximum prices*
200 lb. blocks	$1.25
200 lb. blocks	.90
150 lb. blocks	.75
100 lb. blocks	.60
75 lb. blocks	.45
50 lb. blocks	.30
25 lb. blocks	.15
15 lb. blocks	.10
5,000 lb. coupon books	22.50
1,000 lb. coupon books	5.25
500 lb. coupon books	2.65

The prices established in this Atlanta Regional Order No. G–1 include delivery at the purchaser's premises and the other services incident to the sale of such ice customarily performed by the seller in April, 1942.

All credit terms, discounts, allowances, and price differentials, offered by the seller during April, 1942, shall be maintained.

II. *Definitions.* (a) "The sale of ice to consumers" or "the sale of ice for consumption" means the sale of or selling of ice to domestic, commercial, or industrial consumers, but does not include sales to persons for resale the maximum prices for which sales shall be as heretofore established by the terms of Maximum Price Regulation No. 154, as amended.

(b) All other terms used, unless the context otherwise requires, shall be construed in accordance with § 1393.10 of Maximum Price Regulation No. 154 as amended.

III. *Records and reports.* (a) Every seller whose maximum prices are established by this order must keep posted at a conspicuous place in his place of business a copy of this order.

(b) Every seller whose maximum prices are established by this order shall post in a manner visible to the public on the right hand side of each truck or delivery wagon a list of the maximum prices established by this order containing the statement that these maximum prices were established by Order No. G–1 effective February 11th, 1943.

(c) Every seller whose maximum prices are established by this order shall keep for inspection by the Office of Price Administration a record of each sale of ice made by him on and after the effective date of this order. Such record must show the date of delivery, quantity of ice sold, the name of the purchaser, and the amount charged for the sale.

IV. *Applicability of Maximum Price Regulation No. 154, as amended.* Except as otherwise provided herein all transactions subject to this order remain subject to all of the provisions of Maximum Price Regulation No. 154 as amended, together with all amendments and supplementary regulations and orders that have been heretofore or may be hereafter issued.

V. *Effective date.* This order No. G–1 shall become effective the 11th day of February, 1943.

This order may be revoked or amended at any time.

SYRUP BARRELS FOR THE W. B. RODDENBERY CO.

Order No. G–1 under § 1499.3 (c) of the General Maximum Price Regulation. Adjustment of reconditioned used syrup barrels for the W. B. Roddenbery Co., Cairo, Georgia, and retail outlets purchasing from such company. (Formerly Price Order No. 3 (c)–1).

The W. B. Roddenbery Company, Cairo, Georgia, has made application under § 1499.3 (c) of General Maximum Price Regulation for determination of a maximum price for reconditioned used standard half barrels of approximately 35 gallons capacity, mainly of cypress construction used in the packaging of raw sugar cane syrup, and known to the trade as "syrup barrels". Due consideration has been given to the application, and an opinion in support of this order has been issued simultaneously herewith. For the reasons set forth in the opinion under the authority vested in the Regional Administrator of the Office of Price Administration for Region IV by Administrative Order 25, (redesignated as General Order No. 32) issued and effective September 1, 1942, and in accordance with § 1499.3 (c) of General Maximum Price Regulation, *It is hereby ordered*, That:

I. *Authorization of a maximum price for reconditioned used syrup barrels for the W. B. Roddenbery Company and other persons.* (1) On and after November 7, 1942, regardless of any contract or other obligation, the W. B. Roddenbery Company may sell or deliver to any retail dealer for resale, and any retail dealer may, from the W. B. Roddenbery Company, buy or receive for resale a reconditioned used syrup barrel at a price no higher than $2.80 per barrel.

(2) On and after November 7, 1942, regardless of any contract or other obligation, the W. B. Roddenbery Company, any retail dealer or other person, may sell or deliver to an ultimate consumer a reconditioned used syrup barrel at a price no higher than $2.85 per barrel.

(3) The stated maximum prices shall include the furnishing of all services customarily performed by the seller during the 1941 selling season incidental to the sale of reconditioned used syrup barrels, including, but not limited to, terms of delivery and replacement and adjustment of defective units.

(4) All credit terms, discounts, allowances and price differentials offered by the seller during the 1941 selling season shall be maintained.

II. *Requirements of marking.* All reconditioned used syrup barrels sold pursuant to this order shall be marked by the W. B. Roddenbery Company prior to sale and delivery by branding, stencil or other customary permanent means in such a manner that such unit shall be capable of immediate identification as a Roddenbery barrel.

III. *Requirements of notification and posting.* (1) The W. B. Roddenbery Company shall on or before the effective date of this order, deliver a copy of such order to each retail dealer to whom deliveries of any reconditioned used syrup barrels have been made during the 1941 selling season, or during that portion of the 1942 selling season prior to the effective date hereof; and shall deliver a copy of such order to any other retail dealer on or before the first delivery of any such barrel to such other retail dealer after the effective date hereof.

(2) Every person making sales subject to this order shall post a copy of this order in a conspicuous place in his place of business, and shall make such order available during business hours for examination by any person requesting to see same.

IV. *Definitions.* For purposes of this order:

(1) "Retail dealer" shall mean any person who buys and receives reconditioned used syrup barrels for resale to the ultimate consumer.

(2) "Ultimate consumer" shall include any person who buys or receives reconditioned used syrup barrels for purposes of packaging raw sugar cane syrup at the place of production thereof, and such person for purposes of this regulation shall not be considered to be an industrial or commercial user.

(3) "Selling season" shall mean the months of October, November and December.

(4) "Reconditioned used syrup barrel" shall mean a standard half barrel of approximately 35 gallons capacity, mainly of cypress construction, to which all operations of cleaning by steam, recooperage and of other reconditioning customary to the trade have been fully performed prior to the time of sale and delivery and which bears the marking required by paragraph II of this order.

(5) All other terms used, unless the context otherwise requires, shall be construed in accordance with § 1499.20 of the General Maximum Price Regulation.

V. *Applicability of the General Maximum Price Regulation.* Except as otherwise provided herein, all transactions subject to this order remain subject to all the provisions of the General Maximum Price Regulation, together with all amendments that have been heretofore or which may be hereafter issued.

VI. *Effective date.* This order shall become effective November 7, 1942.

This order may be revoked or amended by the Regional Administrator at any time.

FLUID MILK IN BLACKSTONE, NOTTOWAY COUNTY, VA.

Order No. G–1 under § 1499.18 (c), as amended, of the General Maximum Price Regulation. Adjustment of certain fluid milk prices for the municipality of Blackstone, Nottoway County, Virginia. (Formerly Price Order No. 18 (c)–1, Revised).

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of fluid milk, both at wholesale and at retail, is threatened in the municipality of Blackstone, Nottoway County, Virginia. The Regional Administrator has further found that supply of fluid milk is essential to a standard of living consistent with the prosecution of the war; that the threatened shortage in the municipality of Blackstone, Nottoway County, Virginia will be eliminated by adjusting the maximum prices of sellers of fluid milk in the municipality to the extent permitted by this Order; and that such adjustment will not create or tend to create a shortage, or a need for increase in prices in any other locality, and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

Therefore, under the authority vested in the Regional Administrator, by § 1499.18 (c) of General Maximum Price Regulation, as amended, *It is hereby ordered*, That:

I. *Adjusted maximum price for Grade A pasteurized milk.* On and after December 30, 1942, the maximum price for Grade A pasteurized milk sold and delivered in the municipality of Blackstone, Nottoway County, Virginia, by any person at wholesale shall be 16¢ per quart, 9¢ per pint and 5¢ per half-pint; and the maximum price for Grade A pasteurized milk sold and delivered in the municipality of Blackstone, Nottoway County, Virginia by any person at retail, other than a person selling such milk at a hotel, restaurant, soda fountain, bar, cafe, or other similar establishment for consumption on the premises, shall be 17¢ per quart and 10¢ per pint.

II. *Definitions.* (1) "Municipality of Blackstone, Nottoway County, Virginia" shall mean the area included within the established municipal boundaries of such municipality.

(2) "Grade A pasteurized milk" shall mean liquid Grade A Pasteurized milk containing 3.5 to 3.6 butter-fat content, in half-pint, pint and quart glass bottle containers.

(3) All other terms used, unless the context otherwise requires, including the terms "retail" and "wholesale" shall be construed in accordance with § 1499.20 of General Maximum Price Regulation.

III. *Requirements of notification.* (1) All persons making sales at wholesale pursuant to this order shall in writing notify each purchaser of the maximum prices established by this order for sales at wholesale on or before the first delivery of such product to such purchaser after the effective date hereof.

(2) All persons making sales at retail pursuant to this order, except persons making such sales from a retail store, shall in writing notify each purchaser of the maximum prices established by this order for sales at retail on or before the first delivery of such product to such purchaser after the effective date hereof.

(3) The written notifications required in subparagraphs II (1) and (2) shall contain the following statement:

By Order No. G–1 issued by the Atlanta Regional Office on December 23rd and effective on December 30th, the Regional Administrator of the Office of Price Administration for Region IV established adjusted maximum prices for Grade A pasteurized milk in the municipality of Blackstone, Nottoway County, Virginia, as follows:

FLUID MILK IN TROUP COUNTY, GA.

Order No. G–2 under § 1499.18 (c), as amended of the General Maximum Price Regulation. Adjustment of certain fluid milk prices for Troup County, Georgia. Formerly Price Order No. 18 (c)–2.

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of pasteurized Grade A milk, both at wholesale and at retail, exists in Troup County, Georgia. The Regional Administrator has further found that a supply of pasteurized Grade A milk is essential to a standard of living consistent with the prosecution of the war; that the existing shortage in Troup County, Georgia, will be eliminated by adjusting the maximum prices of sellers of Grade A pasteurized milk in Troup County, Georgia, to the extent permitted by this Order: and that such adjustment will not create or tend to create a shortage, or a need for increase in prices in any other locality, and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

Therefore, under the authority vested in the Regional Administrator, by § 1499.18 (c), as amended, of General Maximum Price Regulation, as amended, *It is hereby ordered*, That:

I. *Adjusted maximum prices for Grade A pasteurized milk.* On and after December 8, 1942, the maximum price for Grade A pasteurized milk sold and delivered within the boundaries of Troup County, Georgia, by any person at wholesale shall be 14¢ per quart, 7¢ per pint, and 3½¢ per half-pint; and the maximum price for Grade A pasteurized milk sold and delivered within the boundaries of Troup County, Georgia, by any person at retail, other than a person selling such milk at a hotel, restaurant, soda fountain, bar, cafe, or other similar establishment of consumption on the premises, shall be 16¢ per quart, 8¢ per pint, and 5¢ per half-pint.

II. *Definitions* for purposes of this order:

(1) "Troup County, Georgia," shall mean the area included within the established boundaries of such county.

(2) "Grade A pasteurized milk" shall mean liquid Grade A Pasteurized Milk in half-pint, pint and quart glass bottle containers.

(3) All other terms used, unless the context otherwise requires, including the terms "retail" and "wholesale" shall be construed in accordance with § 1499.20 of General Maximum Price Regulation.

III. *Requirements of notification.* (1) All persons making sales at wholesale pursuant to this order shall in writing notify each purchaser of the maximum prices established by this order for sales at wholesale on or before the first delivery of such product to such purchaser after the effective date hereof.

(2) All persons making sales at retail pursuant to this order, except persons making such sales from a retail store, shall in writing notify each purchaser of the maximum prices established by this order for sales at retail on or before

the first delivery of such product to such purchaser after the effective date hereof.

(3) The written notifications required in subparagraphs III (1) and (2) shall contain the following statement:

By Order No. G–2 issued by the Atlanta Regional Office on November 28, and effective December 8, the Regional Administrator of the Office of Price Administration for Region IV established adjusted maximum prices for Grade A pasteurized milk within the boundaries of Troup County, Georgia, as follows:

FLUID MILK IN BARTOW AND GORDON COUNTIES, GA.

Order No. G–3 under § 1499.18 (c), as amended, of the General Maximum Price Regulation—Adjustment of certain fluid milk prices for Bartow and Gordon Counties, Georgia (formerly Price Order No. 18 (c)–3).

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of Grade A raw and pasteurized milk, both at wholesale and at retail, exists in Bartow and Gordon Counties, Georgia. The Regional Administrator has further found that a supply of Grade A raw and pasteurized milk is essential to a standard of living consistent with the prosecution of the war; that the existing shortage in Bartow and Gordon Counties, Georgia, will be eliminated by adjusting the maximum prices of sellers of Grade A raw and pasteurized milk in Bartow and Gordon Counties, Georgia, to the extent permitted by this order; and that such adjustment will not create or tend to create a shortage, or a need for increase in prices in any other locality, and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

Therefore, under the authority vested in the Regional Administrator, by § 1499.18 (c) of General Maximum Price Regulation, as amended, *It is hereby ordered,* That:

I. *Adjusted maximum prices for Grade A raw milk.* On and after December 14, 1942, the maximum price for Grade A raw milk sold and delivered within the boundaries of Bartow and Gordon Counties, Georgia, by any person at wholesale shall be 12¢ per quart, 6¢ per pint, and 3½¢ per half-pint; and the maximum price for Grade A raw milk sold and delivered within the boundaries of Bartow and Gordon Counties, Georgia, by any person at retail, other than a person selling such milk at a hotel, restaurant, soda fountain, bar, cafe, or other similar establishment for consumption on the premises, shall be 14¢ per quart, 7¢ per pint, and 5¢ per half-pint.

II. *Adjusted maximum prices for Grade A pasteurized milk.* On and after December 14, 1942, the maximum price for Grade A Pasteurized milk sold and delivered within the boundaries of Bartow and Gordon Counties, Georgia, by any person at wholesale shall be 13¢ per quart, 7¢ per pint, and 3½¢ per half-pint; and the maximum price for Grade A pasteurized milk sold and delivered within the boundaries of Bartow and Gordon Counties, Georgia, by any person at retail, other than a person selling such milk at a hotel, restaurant, soda fountain, bar, cafe, or other similar establishment for consumption on the premises, shall be 15¢ per quart, 8¢ per pint, and 5¢ per half-pint.

III. *Definitions* for purposes of this order:

(1) "Bartow and Gordon Counties, Georgia" shall mean the areas included within the established boundaries of such counties.

(2) "Grade A pasteurized milk" shall mean liquid Grade A pasteurized milk in half-pint, pint and quart glass containers.

(3) "Grade A raw milk" shall mean liquid Grade A raw milk in half-pint, pint and quart glass containers.

(4) All other terms used, unless the context otherwise requires, including the terms "retail" and "wholesale" shall be construed in accordance with § 1499.20 of General Maximum Price Regulation.

IV. *Requirements of notification.* (1) All persons making sales at wholesale pursuant to this order shall in writing notify each purchaser of the maximum prices established by this order for sales at wholesale on or before the first delivery of such product to such purchaser after the effective date hereof.

(2) All persons making sales at retail pursuant to this order, except persons making such sales from a retail store, shall in writing notify each purchaser of the maximum prices established by this order for sales at retail on or before the first delivery of such product to such purchaser after the effective date hereof.

(3) The written notifications required in subparagraphs III (1) and (2) shall contain the following statement:

By Order No. G–3 issued by the Atlanta Regional Office on December 7, and effective December 14, the Regional Administrator of the Office of Price Administration for Region IV established adjusted maximum prices for Grade A raw and pasteurized milk within the boundaries of Bartow and Gordon Counties, Georgia, as follows:

FLUID MILK IN MONROE COUNTY, GA.

Order No. G–11 under § 1499.18 (c), as amended, of the General Maximum Price Regulation. Adjustment of certain fluid milk prices for Monroe County, Georgia. (Formerly Price Order No. 18 (c)–12).

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of raw and pasteurized fluid milk both at wholesale and at retail exists in Monroe County, Georgia. The Regional Administrator has further found that a supply of raw milk is essential to a standard of living consistent with the prosecution of the war; that the existing shortage in Monroe County, Georgia, will be alleviated by adjusting the maximum prices of sellers of raw and pasteurized fluid milk in said county to the extent permitted by this order; and that such adjustment will not create or tend to create a shortage or a need for increases in prices in any other locality and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

Therefore, under the authority vested in the Regional Administrator by § 1499.18 (c) of the General Maximum Price Regulation as amended, *It is hereby ordered,* That:

I. *Adjusted maximum prices for whole milk, raw and pasteurized.* On and after the 12th day of January 1943, the maximum price of raw and pasteurized whole milk in glass bottles sold and delivered within the boundaries of Monroe County, Georgia, by any person at wholesale or retail shall be the prices set out in either subdivision (a) or subdivision (b), whichever is higher:

(a) The maximum price already established by any such seller under the General Maximum Price Regulation (if such seller has prior to the effective date of this order established such maximum price), or

(b) Raw and pasteurized milk sold in glass containers

	Wholesale	Retail
	Cents	*Cents*
Quarts	12	14
Pints	6	7

This order shall have no application to sales at retail of raw or pasteurized milk in a hotel, restaurant, soda fountain, bar, cafe or other similar establishment for consumption on the premises.

II. *Definitions.* For purposes of this order:

(1) "Monroe County, Georgia," shall mean the area included within the established boundaries of this county.

(2) "Fluid milk" shall mean whole milk, both raw and pasteurized, packaged in quart and pint glass containers.

(3) Unless the context otherwise requires, the definitions of the General Maximum Price Regulation as amended shall apply to other terms used herein.

III. *Requirements of notification.* (1) All persons making sales at wholesale pursuant to this order shall in writing notify each purchaser of the maximum prices established by this order for sales at wholesale within five days after the first delivery of such product to such purchaser after the effective date hereof.

(2) All persons making sales at retail pursuant to this order, except persons making such sales from a retail store, shall in writing notify each purchaser of the maximum prices established by this order for sales at retail within five days after the first delivery of such product to such purchaser after the effective date hereof.

(3) The written notifications required in subparagraph III (1) and (2) shall contain the following statement:

By Order No. G–11 issued by the Atlanta Regional Office on the 9th day of January, 1943, and effective on the 12th day of January, 1943, the Regional Administrator of the Office of Price Administration for Region IV established adjusted maximum prices for raw and pasteurized fluid milk within the boundaries of Monroe County, Georgia, as follows:

(a) The maximum prices already established by any such seller under the General Maximum Price Regulation (if such seller has, prior to the effective date of this order, established such maximum prices), or

(b) Raw and pasteurized milk sold in glass containers at wholesale: quarts, 12¢; pints, 6¢; retail: quarts, 14¢; pints, 7¢.

Copy of said order and the accompanying opinion may be inspected at the place of business of the seller.

(4) Every person making sales and deliveries of raw and pasteurized milk at wholesale or retail pursuant to this order shall post a copy of this order and accompanying opinion involved in the issuance thereof at a conspicuous place in his place of business, and shall make such order and opinion available during usual business hours for examination by any person requesting to see same.

IV. *Applicability of the General Maximum Price Regulation.* Except as otherwise provided herein, all transactions subject to this Order remain subject to all the provisions of the General Maximum Price Regulation, together with all amendments that have been heretofore or which may be hereafter issued.

V. *Effective date.* This order No. G–11 shall become effective on the 12th day of January, 1943.

This order No. G–11 may be revoked or amended by the Regional Administrator at any time.

[Region IV Order G–14 Under 18 (c)]

FLORIDA CAUGHT SALT CURED HERRING

Order No. G–14 under § 1499.18 (c), as amended, of the General Maximum Price Regulation. (Formerly Price Order No. 18 (c)–16).—Adjustment of Florida caught salt cured herring prices.

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of sale cured herring is threatened in Virginia, North Carolina and South Carolina. The Regional Administrator has further found that a supply of salt cured herring is essential to the standard of living consistent with the prosecution of the war and that the threatened shortage in these states will be eliminated by adjusting the maximum prices of sellers of salt cured herring in these states to the extent permitted by this order and that such adjustment will not create or tend to create a shortage or a need for increase in prices in any other locality and will effectuate the purpose of the Emergency Price Control Act of 1942, as amended.

Therefore, under the authority vested in the Regional Administrator by § 1499.18 (c) of the General Maximum Price Regulation, as amended, *It is hereby ordered,* That:

I. *Adjusted maximum prices for Florida caught salt cured herring.* On and after the 29th day of January, 1943, no person shall sell or deliver Florida caught, salt cured herring within the boundaries of Virginia, North Carolina and South Carolina at prices higher than the maximum prices set forth below:

Sales by processor to wholesaler—$18.00 per M.
All wholesale sales—$21.00 per M.
All retail sales—$0.03 each or 34¢ per dozen.

II. *Definitions.* (a) Virginia, North Carolina and South Carolina shall mean the areas included within the established boundaries of these respective states.

(b) The "processor" means any person who manufactures salt cured herring.

(c) "Florida caught salt cured herring" means Atlantic sea herring, known popularly under the Department of Agriculture nomenclature as fresh river herring caught in Florida waters.

All other terms used, unless the context otherwise requires, including the terms "wholesale" and "retail" shall be construed in accordance with § 1499.20 of the General Maximum Price Regulation.

III. *Notification requirement.* (a) All processors and persons making sales, other than at retail, shall in writing notify each purchaser of the maximum prices established by this order. Such notice shall accompany the first delivery of salt cured herring to such purchaser after the effective date hereof.

(b) The written notice required in subparagraph (a) shall contain the following statement:

The Atlanta Regional Administrator, under the authority of § 1499.18 (c) of the General Maximum Price Regulation as amended, has ordered that on and after the 29th day of January 1943 no person shall sell or deliver Florida caught, salt cured herring within the boundaries of Virginia, North Carolina and South Carolina at prices higher than the maximum prices set forth below:

Sales by processor to wholesaler—$18.00 per M.
All wholesale sales—$21.00 per M.
All retail sales—$0.03 each, or 34¢ per dozen.

IV. *Definitions.* (a) Virginia, North Carolina and South Carolina shall mean the areas included within the established boundaries of these respective states.

V. *Effective date.* This order No. G–14 shall become effective the 29th day of January 1943.

This order is subject to revocation or amendment at any time.

[Region IV Order G–15 Under 18 (c)]

FIREWOOD FOR LAWRENCEBURG, TENN.

Order No. G–15 under § 1499.18 (c), as amended, of the General Maximum Price Regulation. Adjustment of firewood prices for Lawrenceburg, Tenn. (Formerly Price Order No. 18 (c)–19).

The Regional Administrator of the Office of Price Administration for Region IV has determined that a serious shortage of firewood exists in Lawrenceburg, Tennessee. The Regional Administrator has determined upon his own motion that, in his judgment, the maximum prices established in § 1499.2 of the General Maximum Price Regulation for the sale or delivery of firewood are inadequate to insure a sufficient supply of firewood to meet heating requirements in Lawrenceburg, Tennessee. The Regional Administrator has ascertained and given due consideration to the increased costs of production and transportation which sellers of firewood in this area must incur in order to produce such firewood compared with such costs in March 1942 and in any earlier months in which firewood was generally produced in said area. It has likewise been determined that former producers of firewood have been diverted from this production into other industries because of more lucrative returns due to the fact that present maximum prices for firewood are so low. So far as practicable the Regional Administrator has advised and consulted with sellers of firewood who will be affected by this order.

In the judgment of the Regional Administrator maximum prices established by this order are and will be generally fair and equitable and will adjust maximum prices established in § 1499.2 of the General Maximum Price Regulation to the minimum extent necessary to insure a sufficient supply of firewood in Lawrenceburg, Tennessee, and within a radius of three miles from the corporate limits of said town.

Therefore, under the authority vested in the Regional Administrator by § 1499.18 (c), as amended, of the General Maximum Price Regulation, Order No. G–15 is hereby issued.

1. *Maximum prices for firewood.* On and after the 11th of February, 1943, regardless of any contract or other obligations, no person shall sell or deliver in Lawrenceburg, Tennessee, or in the area within a radius of three miles of the corporate limits of Lawrenceburg, Tennessee, any firewood, and no person shall buy or receive in the course of trade or business in said area, any firewood at prices higher than the maximum prices set forth below:

(a) The maximum prices for sales or deliveries at retail of firewood shall be:

1. Firewood cut in lengths of from 14" to 16", $9.00 per cord, and $3.00 per rick.
2. Firewood sold as split stove wood $10.50 per cord and $3.50 per rick.

(b) The maximum prices for sales or deliveries of firewood other than at retail shall be:

1. Firewood cut in 4' lengths $5.00 per cord.
2. Firewood cut in rick lengths of from 14" to 16", $6.00 per cord.

The prices established in this Order G–15 include delivery at the purchaser's premises and other services incident to the sale of firewood customarily performed by the seller in March 1942.

All credit terms, discounts, allowances and price differentials offered by the seller during March 1942, shall be maintained.

2. *Definitions.* When used in this Order No. G–15, the term: (a) "Firewood" means oak, hickory, beech, gum, or other kind of wood, exclusive of slabs, prepared and intended for consumption as fuel and cut to the dimensions for which maximum prices are hereinabove established.

(b) "A cord." A cord shall contain 128 cubic feet of firewood.

(c) "A rick" shall mean one-third of a cord.

(d) All other terms used, unless the context otherwise requires, shall be construed in accordance with § 1499.20 of the General Maximum Price Regulation.

3. *Records and reports* (a) Every seller at retail whose maximum prices are established by this order must keep posted at a conspicuous place in his place of business a copy of this order.

(b) Every seller whose maximum prices are established by this order shall keep for inspection by the Office of Price Administration a record of each sale of firewood made by him on and after the effective date of this order. Such record must show the date of delivery, the kind and quantity of wood sold, the name of the purchaser and the amount charged for the sale.

(c) Every seller at retail whose maximum prices are established by this order shall deliver to the purchaser with respect to each sale thereof a written bill or invoice which shall contain (1) the date on which the sale or contract of sale was made; (2) a description of the size, kind, quantity of firewood involved in the transaction; (3) the price charged; and (4) the following statement: By Order No. G–15 issued by the Atlanta Regional Office on February 10, 1943 and effective February 11, 1943, the Office of Price Administration established maximum prices for oak, hickory, beach, gum, or other kind of firewood, exclusive of slabs, sold or delivered in Lawrenceburg, Tennessee, at $9.00 per cord, and $3.00 per rick, on fire wood cut in lengths of from 14" to 16"; and $10.50 per cord and $3.50 per rick on firewood sold as split stove wood. Copy of said order may be inspected at the place of business of the above named seller.

4. *Applicability of the General Maximum Price Regulation.* Except as otherwise provided herein, all transactions subject to this order remain subject to all of the provisions of the General Maximum Price Regulation, together with all amendments and supplementary regulations or orders that have been heretofore or may be hereafter issued.

5. *Effective date.* This Order No. G–15 shall become effective the 11th of February, 1943.

This order may be revoked or amended at any time.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 10th day of February, 1943.

[Region V Order G–1 Under Gen. Order 50]

MALT BEVERAGES FOR RESTAURANTS IN CERTAIN OKLAHOMA COUNTIES

Tulsa Order No. G–1 under General Order No. 50. Filing of prices by restaurants and similar establishments: delegation of authority to fix maximum prices.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the District Director of the Tulsa, Oklahoma, District Office of Region V of the Office of Price Administration by General Order No. 50, issued by the Administrator of the Office of Price Administration, and Region V Delegation Order dated April 13, 1943, *It is hereby ordered:*

SECTION 1. *What this order does.* In accordance with the provisions of General Order No. 50, this order establishes in section 9 hereof, "dollars-and-cents maximum prices for certain beverage items offered for sale or sold by any "person" owning or operating an "Eating or drinking place" located in the Tulsa District: composed of the following counties in the State of Oklahoma:

Adair, Cherokee, Craig, Creek, Delaware, Haskell, Hughes, Latimer, LeFlore, McIntosh, Mayes, Muskogee, Nowata, Okfuskee, Okmulgee, Osage, Ottawa, Pawnee, Pittsburg, Rogers, Sequoyah, Tulsa, Wagoner, and Washington.

SEC. 2. *What this order covers.* The beverage items to which this order applies are:

(a) Domestic malt beverages as defined in section 7 hereof and commonly known as beer or ale.

SEC. 3. *Prohibition against sales of beverage items above maximum prices.* (a) On and after the effective date of this order, regardless of any contract, agreement, lease or other obligation:

(1) No person shall sell or deliver any beverage item subject to this order at higher prices than the maximum prices set forth in this order.

(2) No person shall buy or receive any beverage item subject to this order in the course of trade or business at higher prices than the maximum prices set forth in this order.

(3) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

SEC. 4. *Posting*—(a) *Selling prices.* All persons subject to this order must post in the "Eating or drinking place", plainly visible to their customers, their selling prices for the beverage items listed in section 9 hereof, at or near the place where the beverage item is offered for sale.

(b) *Maximum prices.* All persons subject to this order must post in a conspicuous place in the "Eating or drinking place" a list of the "dollars-and-cents" maximum prices of the beverage items offered for sale, so that such list will be plainly visible to their customers.

SEC. 5. *Applicability of General Order No. 50.* This order is subject to all the provisions of General Order No. 50 which are hereby made a part of this order.

SEC. 6. *Applicability of General Maximum Price Regulation.* The following sections of the General Maximum Price Regulation, as well as amendments thereto, shall be applicable to all "Eating or drinking places", subject to this order:

(a) Sales slips and receipts—§ 1499.14.
(b) Registration—§ 1499.15.
(c) Licensing—§ 1499.16.

SEC. 7. *Definitions.* (a) "Domestic malt beverage" shall mean any and all malt beverages produced within the continental United States, or its territories and possessions, made by the alcoholic fermentation of an infusion or decoction, or combinations of both, in potable brewing water, of malted barley with hops, or their parts, or their products, and with or without other malted cereals, and with or without the addition of unmalted or prepared cereals, other carbohydrates or products prepared therefrom, and with or without the addition of carbon dioxide, and with or without other wholesome products suitable for human food consumption.

(b) "Domestic malt beverage sold on draught" means domestic malt beverage dispensed from a barrel, keg, or other container by a "person" owning or operating an "Eating or drinking place" subject to this order.

(c) "Person" includes an individual, corporation, partnership, trust or estate, association, or other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any state, county, or municipal government, or any of its political subdivisions, and any agencies of any of the foregoing: *Provided,* That no punishment provided by this order shall apply to the United States, or to any such government, political subdivision, or agency.

(d) "Eating or drinking place" means any place, establishment, business, or location, whether temporary or permanent, stationary or movable, including, but not limited to, a restaurant, hotel, cafe, boarding house, diner, coffee shop, tea room, private club, dining car, bar, tavern, delicatessen, soda fountain, cocktail lounge, catering business, or any other place from which any beverage item subject to this order is offered for sale or sold, except those places which are specifically exempted in section 8 hereof.

(e) "Beverage items" listed herein shall include all domestic malt beverages sold or served by "Eating or drinking places" for consumption in or about the place or to be taken out for consumption, without additional preparation other than cooling.

(f) "Hotel room service sale" means sale to a guest or guests in a hotel room when delivery is made to a guest's hotel room.

(g) "Hotel" means any establishment generally regarded as such in its community and used predominately for transient occupancy.

(h) *Other definitions.* Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 8. *Exempt sales.* Sales by the following "Eating or drinking places" are specifically exempt from the provisions of this order:

(a) Eating and drinking places (when operated as such) located on board common carriers, including railroad dining cars, club, bar, and buffet cars, and peddlers aboard railroad cars traveling from station to station.

(b) Hospitals, except for beverage items served to persons other than patients.

(c) Hotel room service sales.

Such aforesaid sales, not otherwise exempt from price control, shall remain subject to the appropriate maximum price regulation or order.

SEC. 9. *Maximum "dollars-and-cents" prices.* (a) The maximum "dollars-and-cents" prices which may be charged for the beverage items subject to this order, are:

(1) *In bottles:*

(2) *On draught.* All brands domestic malt beverage (beer or ale) ten (10) fluid ounces, exclusive of foam, for ten cents (10¢).

Other quantities of any or all brands of domestic malt beverage (beer or ale), sold on draught, may be sold by any "Eating or drinking place" to which this order applies: *Provided,* That such "Eating or drinking place" dispenses no less than one (1) fluid ounce, exclusive of foam, of domestic malt beverage (beer or ale) for each one cent (1¢) charged.

(3) *Non-labeled bottles.* Any domestic malt beverage item (beer or ale), offered for sale or sold in bottles by any "eating or drinking place" subject to this order, which does not have the manufacturer's label affixed thereto, or the trade name or brand stamped, printed, or engraved, or appearing in raised letters on the cap or bottle as proper identification, shall not be offered for sale or sold at a price higher than the lowest maximum price fixed herein for the size of bottle of domestic malt beverage (beer or ale) offered for sale or sold.

SEC. 10. *Less than maximum prices.* Lower prices than those established by this order may be charged, demanded, paid or offered.

SEC. 11. *Other brands of domestic malt beverages.* Any person subject to this order desiring to sell any other trade name or brand of domestic malt beverage not specifically priced by section 9 herein, shall, before offering such domestic malt beverage for sale, apply to and receive from the Tulsa District Office of the Office of Price Administration a maximum price for such beverage.

Such application need not be in any particular form, but must contain the following information: Name and address of applicant; location and type of "eating and drinking place"; trade name or brand of domestic malt beverage, size of bottle, and cost per case, delivered. The Tulsa District Office of the Office of Price Administration shall then fix the maximum price for such trade name or brand of domestic malt beverage, and shall notify such applicant accordingly. The price so fixed shall be the maximum price for which such trade name or brand of domestic malt beverage may be sold by such applicant.

SEC. 12. *Taxes.* The dollars-and-cents maximum prices for the beverage items listed in section 9 hereof, include municipal, state, and Federal taxes in effect as of the effective date of this order. In the event of an increase in an existing tax or of the levy of a new or additional tax, not in effect on the effective date of this order, the Tulsa District Director of the Office of Price Administration may make such adjustment in the maximum prices provided for herein, as may appear equitable and just.

SEC. 13. *Evasion.* The price limitations set forth in this order shall not be evaded by direct or indirect methods in connection with an offer, solicitation, agreement, sale or delivery of, or relating to the sale of any beverage item, alone or in connection with any other commodity or by way of commission, service, transportation, or any charge or discount, premium, or other privilege, or by tying agreement or other trade understanding, or by any other means, manner, method, device, scheme, or artifice, or otherwise.

SEC. 14. *Enforcement.* "Persons" violating any provisions of this order are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages, provided by the Emergency Price Control Act of 1942, as amended.

SEC. 15. *Petition for amendment.* Any person seeking an amendment of any provision of this order, may file a petition for amendment, in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with and acted upon by the District Director.

SEC. 16. *Effective date.* This order becomes effective at 12:01 a. m., central war time, July 16, 1943.

SEC. 17. *Revocation.* This order may be amended, corrected, revised, or revoked at any time.

(Pub. Laws 421 and 729, 77th Cong. E.O. 9250, 7 F.R. 7871) (E.O. 9328, 8 F.R. 4681, Gen. Order 50, 8 F.R. 4808)

NOTE: The reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued at Tulsa, Oklahoma, this 10th day of July 1943.

The President

EXECUTIVE ORDER 9363

REDISTRIBUTING CERTAIN FUNCTIONS OF THE SECRETARY OF WAR AND THE JUDGE ADVOCATE GENERAL WITH RESPECT TO CERTAIN COURT-MARTIAL CASES

WHEREAS the burden of duties upon the Secretary of War and the Judge Advocate General is becoming increasingly heavy because of the pressure of war conditions; and

WHEREAS the national security and defense, the successful prosecution of the war, and the more efficient administration by the principal officials of the War Department and the Judge Advocate General of their respective offices will be facilitated if certain functions, duties, and powers are exercised by appropriate principal or subordinate officials of the War Department, and other officers of the Judge Advocate General's Department as the case may be.

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and the laws of the United States, particularly by Title I of the First War Powers Act, 1941, approved December 18, 1941 (55 Stat. 838), and as President of the United States and Commander in Chief of the Army of the United States, it is hereby ordered as follows:

1. Subject to such regulations as the Secretary of War may prescribe, the Under Secretary of War and the Assistant Secretary of War are authorized, respectively, to exercise and perform all functions, duties, and powers conferred upon the Secretary of War or the Acting Secretary of War by Article of War 50½ as amended.

2. Subject to such regulations as the Secretary of War may prescribe, the Assistant Judge Advocate General in charge of military justice matters is authorized to exercise and perform all functions, duties, and powers conferred upon the Judge Advocate General by Article of War 46 and by the second, third, fourth, and fifth paragraphs of Article of War 50½.

3. There are hereby transferred to the Under Secretary of War, the Assistant Secretary of War, and the Assistant Judge Advocate General in charge of military justice matters such functions, duties and powers of the Secretary of War and the Judge Advocate General as may be necessary to effectuate the provisions of this order; but nothing contained in this order shall be deemed to limit or restrict the power and right on the part of the Secretary of War or the Judge Advocate General, in their discretion, to exercise or perform any of the functions, duties, or powers heretofore possessed by or vested in them.

4. The functions, duties, and powers herein transferred or delegated may be exercised and performed by the officials to whom such transfers and delegations are made without the necessity of any signature, approval, ratification, or other act by higher authority, except to the extent required by such regulations as may be prescribed by the Secretary of War; and all officers, officials, and employees of the United States, including disbursing, accounting, and auditing officers, shall give the same effect to any acts of those to whom transfers and delegations are made hereunder as if done by the person or persons in whom the functions, duties, and powers were vested prior to such transfers and delegations.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service

Subchapter D—Nationality Regulations

[General Order C–28, Supp. 7]

VARIOUS PROVISIONS OF NATIONALITY REGULATIONS

JULY 14, 1943.

Pursuant to the authority conferred by sections 327 and 705 of the Nationality Act of 1940 as amended (54 Stat. 1150, 56 Stat. 182, 8 U.S.C. 727, 1005); section 37 (a) of the Act of June 28, 1940 (54 Stat. 675; 8 U.S.C. 458); § 90.1 of Title 8, Chapter I, Code of Federal Regulations (8 F.R. 8735); and all other authority conferred by law, the following amendments to Title 8, Chapter I, Code of Federal Regulations, are hereby prescribed:

PART 324—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: CHILDREN

The following sentence is added to § 324.4 (6 F.R. 232, 5800):

If the child is unable to sign its name, the photographs and certificate of naturalization shall be signed by the petitioning citizen parent, parents, or guardian, as may be appropriate, and the signature shall read "(insert name of petitioning parent, parents, or guardian) in behalf of (insert name of naturalized child)".

PART 330—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZD: FORMER UNITED STATES CITIZENS

Section 330.6 (6 F.R. 234) is amended to read as follows:

§ 330.6 *Person who lost citizenship of the United States through service in one of the Allied Armies during the first or second World War.* A person who, while a citizen of the United States and during the first or second World War, entered the military or naval service of any country at war with a country with which the United States was or is at war, who lost citizenship of the United States by reason of any oath or obligation taken for the purpose of entering such service, or by reason of entering or serving in such armed forces, and who intends to reside permanently in the United States, may be naturalized by taking the oath of renunciation and allegiance specified in section 335 of the Nationality Act of 1940. For the purposes of this section, the second World War shall be deemed to have commenced on September 1, 1939, and shall continue until such time as the United States shall cease to be in a state of war. Such oath may be taken before any naturalization court, and any person described in this section who has lost United States citizenship during the second World War may also take the oath before any diplomatic or consular officer of the United States abroad. Application to take such oath before the court shall be made on Form N–409, which shall be executed in triplicate. The original of Form N–409 shall be retained by the clerk of court as the court record, and the duplicate and triplicate shall be forwarded to the appropriate district director or divisional director. The district director or divisional director shall forward the duplicate and triplicate Form N–409 to the Commissioner, who will transmit one copy to the Department of State. The taking of such oath before a diplomatic or consular officer abroad shall be in accordance with such regulations as may be prescribed by the Department of State. Any person who has been naturalized a citizen of the United States under this section may make application for a certificate of naturalization in the manner provided in Part 378. (Secs. 323 [as amended by the Act of April 2, 1942, 56 Stat. 198, 8 U.S.C. 723], 335, 54 Stat. 1149, 1157, 8 U.S.C. 723, 735)

PART 334—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: VETERANS OF THE UNITED STATES ARMED FORCES

The headnote of § 334.1 (6 F.R. 6750) is amended to read as follows:

§ 334.1 *Veterans who have served in the United States armed forces for three years; exemptions and fees.*

The following new sections are added to Part 334:

§ 334.6 *Veterans who have served in the United States military or naval forces after April 5, 1917, and before November 12, 1918, or after April 20, 1898, and before July 5, 1902, or on the Mexican Border in the regular Army or National Guard from June 1916 to April 1917.* Any person not a citizen of the United States who was a member of the military or naval forces of the United States at any time after April 5, 1917, and before November 12, 1918, or at any time after April 20, 1898, and before July 5, 1902, or who served on the Mexican Border as a member of the regular Army or National Guard from June 1916 to April 1917 may be naturalized subject to the provisions of §§ 334.7 to 334.11 of this part. (Sec. 323a, 56 Stat. 1041; 8 U.S.C. 723a)

§ 334.7 *Limitations.* No person shall be naturalized under § 334.6 of this part: (1) Who is an alien ineligible to citizenship, (2) who during the period specified in § 334.6 or thereafter was separated from the military or naval forces or the National Guard under other than honorable conditions, (3) who was a conscientious objector who performed no military duty whatever or refused to wear the uniform, or (4) who was discharged during the periods specified in § 334.6, or thereafter, from the military or naval forces on account of his alienage. Naturalization may be granted under § 334.6 at any time within one year after December 7, 1942. (Sec. 323a, 56 Stat. 1041, 8 U.S.C. 723a)

§ 334.8 *Exemptions and fees.* An alien within § 334.6 may be naturalized upon compliance with all the requirements of the naturalization laws, with the following exceptions: (1) no declaration of intention shall be required; (2) no certificate of arrival shall be required unless the applicant's admission to the United States was subsequent to March 3, 1924; (3) no residence within the jurisdiction of the court shall be required and but two years' residence in the United States immediately prior to the filing of the petition, pursuant to a lawful admission for permanent residence, shall be required in lieu of the five-year period of residence within the United States and the six months' period of residence within the State; and (4) no fee shall be collected for the issuance of a certificate of arrival and no fee shall be collected by the clerk of the naturalization court for making, filing, or docketing the petition or for issuing a certificate of naturalization if the issuance of such certificate is authorized by the naturalization court. (Sec. 323a, 56 Stat. 1041, 8 U. S. C. 723a)

§ 334.9 *Certificate of arrival.* If an applicant for naturalization under § 334.6 entered the United States after March 3, 1924, a certificate of arrival shall be issued in accordance with § 363.1 of this title and shall be filed with and made a part of the petition for naturalization, at the time the petition is filed. If the entry occurred after June 29, 1906, but prior to March 4, 1924, a verification of lawful entry on Form I–404 shall be requested of the appropriate port, but no certificate of arrival will be issued and the Form I–404 will be associated only with the triplicate copy of the petition. If the entry occurred on or

prior to June 29, 1906, the applicant shall submit satisfactory evidence that he entered the United tSates as claimed. If the applicant alleges entry into the United States after June 29, 1906, and prior to July 1, 1924, and his lawful admission is not presumable under § 110.38 of this title, and no record of his lawful entry for permanent residence can be found, he shall be advised to apply for registry in accordance with the provisions of Part 362. (Sec. 323a, 56 Stat. 1041, 8 U. S. C. 723a)

§ 334.10 *Proof of service; verification of petition.* An applicant to file a petition for naturalization under § 334.6 shall produce proof of his service in the military or naval forces of the United States or the National Guard, in the form of an honorable discharge or a statement from the records of the executive department having custody of the records of his service. Verification of the authenticity of his honorable discharge, or any other alleged fact of his service may, if considered necessary or advisable, be made from official records. The petition shall be verified by the affidavits of at least two credible witnesses, citizens of the United States, each of whom shall state in his affidavit that he has personally known the petitioner for that portion of the required period of residence concerning which such witness is able to testify, and that during all such time the petitioner was a person of good moral character, attached to the principles of the Constitution of the United States and well disposed to the good order and happiness of the United States. The verifying witnesses shall also testify at the final hearing unless excused as provided in § 373.2 of this title. Depositions may be used to prove any portion of the required period of residence and the good moral character, attachment to the principles of the Constitution of the United States and disposition to the good order and happiness of the United States of the petitioner during such period. (Secs. 323a, 334 (b), 56 Stat. 1041, 54 Stat. 1156, 8 U.S.C. 723a, 734)

§ 334.11 *Procedure.* An application to file a petition for naturalization under § 334.6 of this part shall be made on Form N–400 and the petition for naturalization shall be made on Form N–405. There shall be attached to the original of every such petition an affidavit of the petitioner on Form N–421, sworn to befor the clerk of court or a member of the Service. Appropriate amendments shall be made on Form N–421 to show that the petition is filed under section 323a of the Nationality Act of 1940. In paragraph 2 on Form N–421, there shall be inserted the following allegation:

During or subsequent to the period of my service shown in paragraph one above, I have never been separated from the military or naval forces of the United States or the National Guard under other than honorable conditions nor discharged from the military or naval forces of the United States on account of my alienage. I was not a conscientious objector who performed no military duty whatever or refused to wear a uniform.

Form N–421 shall be filed with and made a part of the petition for naturalization at the time such petition is filed. The duplicate and triplicate executed copies of Form N–421 shall be attached to the duplicate and triplicate petitions for naturalization, respectively. (Secs. 323a, 332, 56 Stat. 1041, 54 Stat. 1154, 8 U.S.C. 723a, 732)

PART 335—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: ALIEN ENEMIES

Part 335 of this title is amended:

By changing the headnote of § 335.3 (6 F.R. 6450) to read: "*Final hearing of petition; notice by clerk of court; effect of objection; waiver of notice.*"

By inserting next after the figures "335.2" in the first sentence the words "and who has not been granted a waiver of the ninety days' notice as provided in paragraph (b) of this section".

By designating the present text of § 335.3, as amended above, by paragraph (a).

By adding a new paragraph (b) as follows :

(b) The Commissioner may, in his discretion, waive the ninety days' notice required by paragraph (a) of this section. Such waiver may be granted at any time after the petition has been filed and either before or after the clerk's notice has been given and the ninety-day period has commenced. If a petitioner requests a waiver of the ninety days' notice or if a field officer sees fit to recommend such a waiver, the case shall be investigated in accordance with § 335.4 and submitted by the district director to the Commissioner with an appropriate recommendation. In any petition in which such notice is waived, the Commissioner shall cause the clerk of court to be notified to that effect, and one copy of the waiver will be filed with the original petition for naturalization, one copy with the duplicate petition in the Central Office, and one copy with the triplicate petition in the field office file. (Sec. 326, 703, 54 Stat. 1150, 56 Stat. 182, 8 U.S.C. 726, 1003)

The following new parts are added to Subchapter D:

PART 347—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: PUERTO RICANS

Sec.
347.1 Declaration of allegiance to the United States.
347.2 Procedure.
347.3 Disposition; fee; certificate of naturalization.

AUTHORITY: §§ 347.1 to 347.3, inclusive, issued under sec. 327, 54 Stat. 1150, 8 U.S.C. 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 C.F.R. 90.1. Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 347.1 *Declaration of allegiance to the United States.* A person born in Puerto Rico of alien parent or parents, who was eligible to become a citizen of the United States by making a declaration of allegiance to the United States under section 5 of the Act of March 2, 1917, and under section 5 (a) of said Act, as amended by section 2 of the Act of March 4, 1927, and who did not exercise such privilege, may become a citizen of the United States by making the declaration provided for by the foregoing Acts at any time on or after January 13, 1941. Such declaration of allegiance must be filed in the United States District Court for the District of Puerto Rico. (Sec. 5, 39 Stat. 953, Sec. 5 (a), 44 Stat. 1418, 47 Stat. 158, Sec. 322, 54 Stat. 1148, 8 U.S.C. 5, 5 (a), 722)

§ 347.2 *Procedure.* (a) The declaration of allegiance specified in § 347.1 of this part shall be made on Form N–330. There shall be set forth in that Form all the facts connected with the declarant's birth and residence in Puerto Rico, and due proof of such facts shall be submitted. The declarant also shall furnish three photographs of himself as described in § 364.1 of this title.

(b) The declaration of allegiance shall be verified by the affidavits of two witnesses, citizens of the United States, who shall appear in person at the time the declaration is filed with the court. Each of such witnesses shall state in his affidavit that he personally knows the declarant to be permanently residing in Puerto Rico and that the declarant is a person of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the United States, and that in his opinion the declarant is in every way qualified to be a citizen of the United States.

(c) The oath of renunciation and allegiance as prescribed by section 335 of the Nationality Act of 1940, shall be administered to the declarant in open court. (Secs. 322 and 335, 54 Stat. 1148, 1157; 8 U.S.C. 722, 735)

§ 347.3 *Disposition; fee; certificate of naturalization.* The declarations of allegiance described in this Part shall be numbered consecutively by the clerk of court in the same sequence of numbers as the petitions for naturalization, as described in § 370.6 of this title. The original declaration of allegiance shall be retained by the clerk of court, and the duplicate and triplicate thereof forwarded to the Commissioner of Immigration and Naturalization at the end of the month and shall be included in the clerk's report on Form N–4. The declarant shall pay a fee of $5 to the clerk of court at the time the declaration is filed, and upon taking the oath of renunciation and allegiance shall be entitled to a certificate of naturalization. The certificate of naturalization shall be issued by the clerk of court in the manner described in Part 377 of this title. (Secs. 337 (b) (d) (f) and 342 (a) (2), 54 Stat. 1158, 1161; 8 U.S.C. 737, 742)

PART 348—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: VIRGIN ISLANDERS

Sec.
348.1 Renunciation of Danish allegiance.
348.2 Form and procedure for renouncing Danish allegiance; fee.
348.3 Citizenship of United States; when acquired; certificate not authorized in certain cases.
348.4 Naturalization laws applicable to alien residents of the Virgin Islands of the United States.

AUTHORITY: §§ 348.1 to 348.4, inclusive, issued under sec. 327, 54 Stat. 1150; 8 U.S.C. 727; sec. 37 (a), 54 Stat. 675, 8 U.S.C. 458; 8 CFR 90.1. Statutes interpreted or applied and statutes giving special authority are listed in parentheses at the end of specific sections.

§ 348.1 *Renunciation of Danish allegiance.* Any Danish citizen who resided in the Virgin Islands of the United States on January 17, 1917, and in those Islands, Puerto Rico, or the United States on February 25, 1927, and who had preserved Danish citizenship by making the declaration prescribed in Article VI of the Convention proclaimed January 25, 1917, betweer the United States and Denmark, may renounce his Danish citizenship before any court of record regardless of whether such court is authorized to exercise naturalization jurisdiction. (Sec. 1 (a), 44 Stat. 1234, 8 U.S.C. 5b (a); Art. VI, 39 Stat. 1711)

§ 348.2 *Form and procedure for renouncing Danish allegiance; fee.* The form for the declaration of renunciation of Danish citizenship shall be designed and prescribed by the court of record in which the Danish citizen desires to renounce such allegiance. The usual procedural requirements of the Nationality Act of 1940 do not apply to the proceedings described in § 348.1 and this section. The fee shall be fixed by the court or the clerk thereof in which the renunciation is made in accordance with law and the rules of such court, and no accounting therefor is required to be made to the Immigration and Naturalization Service. (Sec. 1 (a), 44 Stat. 1234; 8 U.S.C. 5b (a))

§ 348.3 *Citizenship of United States; when acquired; certificate not authorized in certain cases.* Immediately upon making the declaration of renunciation as described in §§ 348.1 and 348.2 of this part, the declarant becomes a citizen of the United States. No certificate of naturalization or of citizenship shall be issued to any person obtaining, or who has obtained, citizenship solely under section 1 of the Act of February 25, 1927, conferring citizenship upon certain inhabitants of the Virgin Islands of the United States. (Sec. 1, 44 Stat. 1234, 47 Stat. 158, 336; 8 U.S.C. 5b)

§ 348.4 *Naturalization laws applicable to alien residents of the Virgin Islands of the United States.* Aliens, other than those described elsewhere in this part, who are residing in the Virgin Islands of the United States and who wish to become naturalized as citizens of the United States shall comply with the provisions of the naturalization laws. Residence in the Virgin Islands of the United States shall be regarded as residence in the United States within the meaning of the Nationality Act of 1940. A preliminary application to file a declaration of intention or a petition for naturalization by a resident of the Virgin Islands of the United States shall be made upon preliminary naturalization Form N–300 or N–400, respectively, in accordance with §§ 365.1 and 370.1 of this Title, and submitted to the District Director of Immigration and Naturalization, San Juan, Puerto Rico. (Sec. 101 (d), 54 Stat. 1137; 8 U.S.C. 501)

PART 363—CERTIFICATE OF ARRIVAL

The last sentence of § 363.1 (6 F.R. 242) is amended to read as follows:

Such certificates of arrival shall be issued only on Form N–210, N–215, N–220, N–225, or N–230, whichever is applicable.

PART 378—CERTIFICATE OF NATURALIZATION FOR VETERAN OF FIRST OF SECOND WORLD WAR ALLIED FORCES

The title of Part 378 is amended to read as follows: "Part 378—Certificate of Naturalization for Veteran of First or Second World War Allied Forces".

PART 382—NATURALIZATION PAPERS REPLACED; NEW CERTIFICATE IN CHANGED NAME

The first sentence of § 382.4 (6 F.R. 249) is amended to read as follows:

An investigation of the facts shall be made by the field service before an application on Form N–565 or N–575 is forwarded to the Central Office, except in those cases where a declaration of intention is about to expire by reason of the seven-year limitation. In such cases the applications may be forwarded to the Central Office and the required investigation conducted as soon thereafter as practicable but in any event before delivery of the new declaration of intention.

The following section is added to Part 382:

§ 382.6 *Replacement of evidence of naturalization under section 317 (b) of the Nationality Act of 1940.* A naturalized citizen woman, within § 330.3 of this Title, whose certified copy of the proceedings prescribed by that section has been lost, mutilated, or destroyed, may apply for a new certified copy in lieu thereof. Such application shall be made on Form N–565, addressed to the Commissioner. The applicant shall execute and forward the Form N–565 with the required fee of $1, in accordance with § 382.3, except that no photographs will be required. The application shall be handled in accordance with the provisions of § 382.4. If the application is approved, there shall be issued a certified, positive photostat of the record of the proceeding filed in the Central Office, whether such record be a duplicate of Form N–408 or a copy of the proceedings which took place at an embassy, legation, or consulate. If the applicant's name has been changed after naturalization, by order of court or by marriage, and appropriate documentary evidence of such change is submitted with the application, the certification of the positive photostat shall show both the name in which the proceedings were had and the changed name. Such an applicant shall use Form N–565 and the required fee shall be $1. The procedure described in this section may be followed even though the naturalization proceedings took place at an embassy, legation, or consulate. In such cases, it will not be necessary that verification of the alleged naturalization proceedings be made by the field office. (Secs. 341 (b) (d) (e), 342 (b) (4), 54 Stat. 1161; 8 U.S.C. 741, 742)

PART 383—CERTIFICATION OF NATURALIZATION RECORDS OR INFORMATION

The following new section is added to Part 383:

§ 383.6 *Replacement of evidence of oath of renunciation and allegiance under Act of June 25, 1936, as amended by Act of July 2, 1940.* A citizen woman, within § 330.2 of this title, whose certified copy of the proceedings prescribed by that section has been lost, mutilated, or destroyed, may apply for a new certified copy in lieu thereof. Such application shall be made on Form N–585, addressed to the Commissioner. The applicant shall fill out properly, sign, make oath to, and forward the Form N–585 to the district director having administrative supervision over the territory in which she resides. The application shall be accompanied by the statutory fee of $1.50, in accordance with § 383.4. No photographs will be required. The application shall be handled in compliance with the applicable provisions of § 382.4 of this title. If the application is approved, there shall be issued a certified, positive photostat of the record of the proceedings filed in the Central Office, whether such record be the duplicate of Form N–415 (or Form 2234) or a copy of the proceedings conducted at an embassy, legation, or consulate. If the applicant's name has been changed after the taking of the oath by order of court or by marriage and if appropriate documentary evidence of such change is submitted with the application, the certification shall show both the name in which the proceedings were had and the changed name. The procedure described in this section may be followed even though the proceedings took place at an embassy, legation, or consulate. In such cases it will not be necessary that verification of the alleged

record of restoration of citizenship rights be made by the field office. (Sec. 342 (b) (9), 54 Stat. 1162; 8 U.S.C. 742)

EARL G. HARRISON,
Commissioner of Immigration and Naturalization.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 4761]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

BERTHA M. URBAN

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product or service:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., of respondent's "Lakota" fruit-juice product, or any other similar product, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of respondent's said product, which advertisements represent, directly or through inference, that respondent's product has any therapeutic value or beneficial effect in the treatment of migraine or sick headache, high blood pressure, abdominal pains, or ulcers; or that the use of said product will remove the cause of migraine headache or relieve the pain and discomfort associated with such condition; or that said product has any therapeutic value in the treatment of constitpation; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C, sec 45b) [Cease and desist order, Bertha M. Urban, Docket 4761, July 21, 1943]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 21st day of July, A. D. 1943.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, testimony and other evidence in support of and in opposition to the allegations of said complaint taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence, and brief filed in support of the complaint; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Bertha M. Urban, her agents, representatives, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, or distribution of her fruit-juice product designated "Lakota," or any other product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents directly or through inference that respondent's product has any therapeutic value or beneficial effect in the treatment of migraine or sick headache, high blood pressure, abdominal pains, or ulcers; or that the use of said product will remove the cause of migraine headache or relieve the pain and discomfort associated with such condition; or that said product has any therapeutic value in the treatment of constipation.

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce as "commerce" is defined in the Federal Trade Commission Act, of respondent's product, which advertisement contains any of the representations prohibited in paragraph 1 hereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon her of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which she has complied with this order.

By the Commission.

In the Matter of Associated Laboratories, Inc., a corporation, trading as Allied Laboratories, Kelp-A-Malt Company, and Seedol Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 20th day of July, A. D. 1943.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer and amended answer of respondent, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, reports of the trial examiners upon the evidence and the exceptions to such reports, briefs in support of and in opposition to the complaint, and oral argument; and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Associated Laboratories, Inc., a corporation, trading as Allied Laboratories, Kelp-A-Malt Company, and Seedol Company, or trading under any other name, and its officers, agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondent's product designated "Kelp-A-Malt Tablets," or any other product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or any other name, do forthwith cease and desist from representing, directly or by implication, through the use of words, pictorial representations, or both:

1. That the use of respondent's product will enable persons who are weak, emaciated, thin, or underweight to overcome such conditions.

2. That a well-proportioned body, or shapeliness of form or figure, can be acquired through the use of said product.

3. That the use of said product will enable persons who are tired or run down to overcome such conditions or recover or regain health, strength, or vigor.

4. That said product possesses any therapeutic value in the treatment of sour or acid stomach, gas, or indigestion.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Tax

[T. D. 5286]

PART 30—REGULATIONS UNDER THE EXCESS PROFITS TAX ACT OF 1940

NONTAXABLE INCOME FROM CERTAIN MINING AND TIMBER OPERATIONS

In order to conform Regulations 109 [Part 30, Title 26, Code of Federal Regulations, 1941 Sup.] to section 209 (c) and (d) of the Revenue Act of 1942 (Public Law 753, 77th Congress), approved October 21, 1942, such regulations are amended by inserting immediately after § 30.734–5, as added by Treasury Decision 5212, approved January 12, 1943, the following:

SEC. 209. NONTAXABLE INCOME FROM EXEMPT EXCESS OUTPUT OF MINING AND TIMBER OPERATIONS AND FROM BONUS INCOME OF MINES, ETC. (Revenue Act of 1942, Title II.)

* * * * *

(c) *Nontaxable income.* Subchapter E of Chapter 2 is amended by inserting after section 734 the following new section:

SEC. 735. NONTAXABLE INCOME FROM CERTAIN MINING AND TIMBER OPERATIONS.

(a) *Definitions.* For the purposes of this section, section 711 (a) (1) (I), and section 711 (a) (2) (K)—

(1) *Producer.* The term "producer" means a corporation which extracts minerals from a mineral property, or cuts logs from a timber block, in which an economic interest is owned by such corporation.

(2) *Mineral unit.* The term "mineral unit" means a unit of metal, coal, or nonmetallic substance in the minerals recovered from the operation of a mineral property.

(3) *Timber unit.* The term "timber unit" means a unit of timber recovered from the operation of a timber block.

(4) *Excess output.* The term "excess output" means the excess of the mineral units or the timber units for the taxable year over the normal output.

(5) *Normal output.* The term "normal output" means the average annual mineral units, or the average annual timber units, as the case may be, recovered in the taxable years beginning after December 31, 1935, and not beginning after December 31, 1939 (hereinafter called "base period"), of the person owning the mineral property or the timber block (whether or not the taxpayer). The average annual mineral units or timber units shall be computed by dividing the aggregate of such mineral units or timber units for the base period by the number of months for which the mineral property or the timber block was in operation during the base period and by multiplying the amount so ascertained by twelve. In any case in which the taxpayer establishes, under regulations prescribed by the Commissioner with the approval of the Secretary, that the operation of any mineral property or any timber block is normally prevented for a specified period each year by physical events outside the control of the taxpayer, the number of months during which such mineral property or timber block is regularly in operation during a taxable year shall be used in computing the average annual mineral units, or timber units, instead of twelve. Any mineral property, or any timber block, which was in operation for less than six months during the base period shall, for the purposes of this section, be deemed not to have been in operation during the base period.

(6) *Mineral property.* The term "mineral property" means a mineral deposit, the development and plant necessary for the extraction of the deposit, and so much of the surface of the land as is necessary for purposes of such extraction.

(7) *Minerals.* The term "minerals" means ores of the metals, coal, and such nonmetallic substances as abrasives, asbestos, asphaltum, barytes, borax, building stone, cement rock, clay, crushed stone, feldspar, fluorspar, fuller's earth, graphite, gravel, gypsum, limestone, magnesite, marl, mica, mineral pigments, peat, potash, precious stones, refractories, rock phosphate, salt, sand, silica, slate, soapstone, soda, sulphur, and talc.

(8) *Timber block.* The term "timber block" means an operation unit existing as of December 31, 1941, which includes all the taxpayer's timber which would logically go to a single given point of manufacture, but shall not include any operation unit acquired after December 31, 1941.

(9) *Normal unit profit.* The term "normal unit profit" means the average profit for the base period per mineral unit for such period, determined by dividing the net income with respect to minerals recovered from the mineral property (computed with the allowance for depletion computed in accordance with the basis for depletion applicable to the current taxable year) during the base period by the number of mineral units recovered from the mineral property during the base period.

(10) *Estimated recoverable units.* The term "estimated recoverable units" means the estimated number of units of metal, coal, or nonmetallic substances in the estimated recoverable minerals from the mineral property at the end of the taxable year plus the excess output for such year. All estimates shall be subject to the approval of the Commissioner, the determinations of whom, for the purposes of this section, shall be final and conclusive.

(11) *Exempt excess output.* The term "exempt excess output" for any taxable year means a number of units equal to the following percentages of the excess output for such year:

100 per centum if the excess output exceeds 50 per centum of the estimated recoverable units;

95 per centum if the excess output exceeds 33⅓ but not 50 per centum of the estimated recoverable units;

90 per centum if the excess output exceeds 25 but not 33⅓ per centum of the estimated recoverable units;

85 per centum if the excess output exceeds 20 but not 25 per centum of the estimated recoverable units;

80 per centum if the excess output exceeds 16⅔ but not 20 per centum of the estimated recoverable units;

60 per centum if the excess output exceeds 14⅔ but not 16⅔ per centum of the estimated recoverable units;

40 per centum if the excess output exceeds 12½ but not 14⅔ per centum of the estimated recoverable units;

30 per centum if the excess output exceeds 10 but not 12½ per centum of the estimated recoverable units;

20 per centum if the excess output exceeds 5 but not 10 per centum of the estimated recoverable units.

(12) *Unit net income.* The term "unit net income" means the amount ascertained by dividing the net income (computed with the allowance for depletion) from the coal or iron ore or the timber recovered from the coal mining property, iron mining property, or timber block, as the case may be, during the taxable year by the number of units of coal or iron ore, or timber, recovered from such property in such year.

(b) *Nontaxable income from exempt excess output* (1) *General rule.* For any taxable year for which the excess output of mineral property which was in operation during the base period exceeds 5 per centum of the estimated recoverable units from such property, the nontaxable income from exempt excess output for such year shall be an amount equal to the exempt excess output for such year multiplied by the normal unit profit, but such amount shall not exceed the net income (computed with the allowance for depletion) attributable to the excess output for such year.

(2) *Coal and iron mines.* For any taxable year, the nontaxable income from exempt excess output of a coal mining or iron mining property which was in operation during the base period shall be an amount equal to the excess output of such property for such year multiplied by one-half of the unit net income from such property for such year, or an amount determined under paragraph (1), whichever the taxpayer elects in accordance with regulations prescribed by the Commissioner with the approval of the Secretary.

(3) *Timber properties.* For any taxable year, the nontaxable income from exempt excess output of a timber block which was in operation during the base period shall be an amount equal to the excess output of such property for such year multiplied by one-half of the unit net income from such property for such year.

(c) *Nontaxable bonus income.* The term "nontaxable bonus income" means the amount of the income derived from bonus payments made by any agency of the United States Government on account of the production in excess of a specified quota of a mineral product or of timber the exhaustion of which gives rise to an allowance for depletion under section 23 (m), but such amount shall not exceed the net income (computed with the allowance for depletion) attributable to the output in excess of such quota.

(d) *Rule in case income from excess output includes bonus payment.* In any case in which the income attributable to the excess output includes bonus payments (as provided in subsection (c)), the taxpayer may elect, under regulations prescribed by the Commissioner with the approval of the Secretary, to receive either the benefits of subsection (b) or subsection (c) with respect to such income as is attributable to excess output above the specified quota.

(d) *Retroactive exclusion of nontaxable bonus income.* The amendments made by this section inserting section 711 (a) (1) (I), section 711 (a) (2) (K), and section 735 (c), to the extent that they relate to nontaxable bonus income, shall be applicable to taxable years beginning after December 31, 1940.

SEC. 201. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title II.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

§ 30.735–1 *General rule.* Section 735 provides specific rules for the computation of nontaxable income from exempt excess output and of nontaxable bonus income which are excluded in the computation of excess profits net income of a producer of minerals, or a producer of logs or lumber from a timber block, as defined in such section. Nontaxable income from exempt excess output is excluded in the computation of excess profits net income for years beginning after December 31, 1941; nontaxable bonus income is excluded in the computation of excess profits net income for years beginning after December 31, 1940.

§ 30.735–2 *Definitions.* For the purposes of section 735, section 711 (a) (1) (I), and section 711 (a) (2) (K):

(a) *Producer.* The term "producer" means a corporation which extracts minerals from a mineral property, or cuts logs from a timber block, in which an economic interest is owned by such corporation. Although section 711 (a) (1) (I) and section 711 (a) (2) (K) exclude certain nontaxable income in the computation of excess profits net income in the case of a producer of logs or lumber, a producer of lumber is not within the provisions of this subsection unless such corporation is also a producer of the logs from which such lumber is sawed. An economic interest is possessed in every case in which the taxpayer has acquired, by investment, any interest in minerals in place or standing timber and secures, by any form of legal relationship, income derived from the severance and sale of the mineral or timber, to which it must look for a return of its capital. A taxpayer which has no capital investment in the mineral deposit or standing timber does not possess an economic interest merely because, through a contractual relation to the owner, it possesses a mere economic advantage derived from production. Thus, an agreement between the owner of an economic interest and another entitling the latter to purchase the product upon production or to share in the net income derived from the interest of such owner does not convey an economic interest. The mere ownership of the development and plant necessary to the extraction of the minerals in place or the felling and logging of the timber is not an economic interest for the purposes of section 735. Thus, a corporation which owns the equipment necessary to the extraction of minerals or the logging of timber and which acts as an independent contractor of as an agent in extracting minerals or timber, receiving as consideration a portion of the net income from the property, but which does not own an economic interest in the mineral property or timber block is not a producer within the provisions of this subsection. However, the owner of the economic interest in the mineral property or timber block and from which the mineral or timber is being extracted by the independent contractor or the agent is the producer within the provisions of this subsection.

(b) *Mineral unit.* The term "mineral unit" means a unit of metal, coal, or nonmetallic substance in the minerals recovered from the operation of a mineral property. A mineral unit does not mean the number of units of minerals as defined in paragraph (g) of this section but refers to the units of metal, coal, or nonmetallic substances contained in such minerals. If a corporation extracts from the same mineral property two or more minerals containing different metals, coal, or nonmetallic substances, or if two or more metals, coal, or nonmetallic substances are contained in the same mineral extracted by a corporation from a mineral property, a determination of mineral units must be made with respect to each type of metal, coal, or nonmetallic substance contained in such minerals. A unit is any designation of quantity, such as ton, pound, quart, ounce, kilogram, gram, etc., customarily used by the taxpayer as a standard of measurement.

(c) *Timber unit.* The term "timber unit" means a unit of timber recovered from the operation of a timber block. It does not mean the units of lumber, boards, or other wood products sawed from the timber, but refers to the actual logs felled prior to processing at the sawmill. The fact that more than one species of timber is cut by a taxpayer from a timber block shall not be taken into account and a timber unit shall not be established with respect to each species of timber. A unit is any designation of quantity such as board feet measure, log scale, cords, or other units customarily used by the taxpayer as a standard of measurement.

(d) *Excess output.* The term "excess output" means the excess of the mineral units or the timber units for the taxable year over the normal output. If the taxpayer operated two or more mineral properties or two or more timber blocks, the excess output shall be determined with respect to each such mineral property and each such timber block and shall not be computed upon the basis of the aggregate of the mineral properties or timber blocks owned by the taxpayer. If two or more metals, coal, or nonmetallic substances are contained in the minerals extracted from a mineral property, the determination of the excess output of mineral products extracted from such mineral property for an excess profits tax taxable year shall be made with respect to each separate type of metal, coal, or nonmetallic substance, i. e., the amount by which the mineral units of each type for the taxable year exceeds the normal output of such type. The excess output of a mineral property from which minerals are extracted containing two or more types of metals, coal, or nonmetallic substances shall not be made upon an aggregate basis, i. e., the amount by which the aggregate of all types of mineral units for the taxable year exceeds the aggregate of the normal output of all such types.

The mineral units for an excess profits tax taxable year shall be the number of units of metal, coal, or nonmetallic substances in the minerals recovered from a mineral property during the taxable year, which would be used in computing the allowance for depletion for the purposes of chapter 1 if the depletion of the mineral property were computed without regard to discovery value or percentage depletion. See § 19.23 (m)–2, of Regulations 103.

The timber units for an excess profits tax taxable year shall be the number of units of timber felled during the year, which is used in the computation of the depletion allowance for the purposes of chapter 1. See § 19.23 (m)–21, of Regulations 103. However, no timber felled or logs cut from standing timber acquired after December 31, 1941, shall be considered in determining the number of timber units for the taxable year.

(e) *Normal output.* The term "normal output" means the average annual mineral units, or the average annual timber units, as the case may be, recovered in the taxable years beginning after December 31, 1935, and not beginning after December 31, 1939 (referred to in §§ 30.735–1 through 30.735–5 as the base period) of the person owning the mineral property or the timber block, whether or not such person is the taxpayer claiming relief under section 711 (a) (1) (I) or section 711 (a) (2) (K), and section 735. A person includes an individual, a trust, estate, partnership, company, or corporation. See section 3797. If the mineral property or timber block was not owned by the taxpayer for the entire base period, the taxpayer must, in its first excess profits tax return in which the benefits of section 711 (a) (1) (I) or section 711 (a) (2) (K), and section 735 are claimed, state the name and address of each person owning the mineral property or timber block during the base period and submit evidence establishing the mineral units or the timber units recovered from the mineral property or timber block by such other person during the period of its ownership, and the number of months in such period.

In any case in which two or more metals, coal, or nonmetallic substances are contained in the minerals recovered from a mineral property, a normal output shall be computed with respect to each type of metal, coal, or nonmetallic substance in such minerals.

The average annual mineral units or timber units shall be computed by dividing the aggregate of the mineral units of each type of metal, coal, or nonmetallic substance or the aggregate of the timber units for the base period by the number of months for which the mineral property or timber block was in operation during the base period and by multiplying the amount so ascertained by twelve. In any case in which the taxpayer establishes that the operation of a mineral property or a timber block is normally prevented for a specified period each year by physical events outside the control of the taxpayer, the number of months during which such mineral property or timber block is regularly in operation during a taxable year shall be used in computing the average annual mineral units, or timber units, instead of twelve. If any excess profits tax taxable year for which excess output is computed for the purposes of section 735 is a taxable year of less than twelve months, the number of months in such year, in lieu of twelve and in lieu of the number of months specified in the preceding sentence (if less than such number of months), shall be used in computing the average annual mineral units or timber units.

The mineral units for a taxable year in the base period shall be the number of units of each type of metal, coal, or nonmetallic substance in the minerals recovered from a mineral property during the taxable year, which would be used in computing the depletion allowance for the purposes of chapter 1 if the depletion of the mineral property were computed without regard to discovery value or percentage depletion. See § 19.23 (m)–2, of Regulations 103. The timber units for a taxable year shall

be the number of units of timber felled during the year used in the computation of the depletion allowance for the purposes of chapter 1. See § 19.23 (m)–21, of Regulations 103.

Any mineral property, or any timber block, which was in operation for less than six months during the base period shall, for the purposes of section 735, be deemed not to have been in operation during the base period. Such months need not be consecutive months.

(f) *Mineral property.* The term "mineral property" means a mineral deposit, the development and plant necessary for the extraction of the deposit, and so much of the surface of the land as is necessary for the purposes of such extraction. The term "mineral deposit" refers to the minerals in place. The taxpayer's interest in each separate mineral property is a separate "property." If the mineral deposit in which a taxpayer owns an economic interest extends beyond the boundaries of a single tract or parcel of land a separate mineral property exists with respect to each tract or parcel of land into which the mineral deposit extends. Where two or more mineral properties are included in a single tract or parcel of land, the taxpayer's interest in such mineral properties may be considered to be a single "property", provided such treatment is consistently followed.

(g) *Minerals.* The term "minerals" means ores of the metals, coal, and such nonmetallic substances as abrasives, asbestos, asphaltum, barytes, borax, building stone, cement rock, clay, crushed stone, feldspar, fluorspar, fuller's earth, graphite, gravel, gypsum, limestone, magnesite, marl, mica, mineral pigments, peat, potash, precious stones, refractories, rock phosphate, salt, sand, silica, slate, soapstone, soda, sulphur, and talc.

(h) *Timber block.* The term "timber block" means an operation unit existing as of December 31, 1941, which includes all the taxpayer's timber which would logically go to a single given point of manufacture, but shall not include any operation unit acquired after December 31, 1941. In those cases in which the point of manufacture is at a considerable distance, or in which the logs or other products will probably be sold in a log or other market, the block may be a logging unit which includes all of the taxpayer's timber which would logically be removed by a single logging development.

(i) *Normal unit profit.* The term "normal unit profit" means the average profit for the base period per mineral unit for such period, determined by dividing the net income with respect to minerals recovered from the mineral property (computed with the allowance for depletion determined in accordance with the basis for depletion, cost basis depletion, discovery value depletion, or percentage depletion, applicable to the current taxable year) during the base period by the total number of mineral units recovered from the mineral property during the base period.

If two or more metals, coal, or nonmetallic substances are contained in the minerals extracted from a mineral property, a normal unit profit shall be established for each class of mineral unit. The normal unit profit for each class of mineral unit shall be determined by dividing the net income with respect to such type of metal, coal, or nonmetallic substance in the minerals recovered from the mineral property during the base period by the total number of mineral units of such class for the base period.

(1) *Net income.* Net income with respect to minerals recovered from the mineral property (computed with the allowance for depletion) means the "gross income from the property" as defined in subparagraph (2) of this subsection less the allowable deductions attributable to the mineral property with respect to which exempt excess output is computed and the allowable deductions attributable to the processes listed in subparagraph (2) insofar as they relate to the product of such property, including overhead and operating expenses, development costs properly charged to expense, depreciation, taxes, losses sustained, and including the allowance for depletion. The allowance for depletion shall be computed in accordance with the provisions of section 23 (m) and section 114 (b) and the regulations thereunder. The allowance for depletion for each year during the base period shall, for the purposes of section 735, be computed upon the same basis used in computing the allowance for depletion during the excess profits tax taxable year beginning after December 31, 1941, for which the benefits of section 735 are claimed. Thus, if during the base period the taxpayer computed the allowance for depletion with respect to a mineral property upon the cost basis, and if during each excess profits tax taxable year, for which the benefits of section 735 are claimed, the taxpayer computes the allowance for depletion based upon a percentage of income, the allowance for depletion for each year in the base period shall be recomputed as a percentage of income under the law applicable to each such year. In cases where the taxpayer engages in activities in addition to mineral extraction and to the processes listed in subparagraph (2), deductions for depreciation, taxes, general expenses, and overhead, which cannot be directly attributed to any specific activity, shall be fairly apportioned between (*a*) the mineral extraction and the processes listed in subparagraph (2) and (*b*) the additional activities, taking into account the ratio which the operating expenses directly attributable to the mineral extraction and the processes listed in subparagraph (2) bear to the operating expenses directly attributable to the additional activities. If more than one mineral property is involved, the deductions apportioned to the mineral extraction and the processes listed in subparagraph (2) shall, in turn, be fairly apportioned to the several properties, taking into account their relative production.

If two or more metals, coal, or nonmetallic substances are contained in the minerals extracted from a mineral property, a net income with respect to each type of metals, coal, or nonmetallic substance shall be established. Such net income shall be the gross income with respect to such type minus the allowable deductions for such year attributable to such type. The allowable deductions for any taxable year attributable to each type of metal, coal, or nonmetallic substance shall be computed as follows: There shall be determined an amount which bears the same ratio to the total allowable deductions (not including the allowance for depletion) attributable to the mineral property from which the minerals containing such type of metal, coal, or nonmetallic substance has been recovered, as the gross income from such type of metal, coal, or nonmetallic substance bears to the total gross income from such property. To this amount shall be added the allowance for depletion computed with respect to such type of metal, coal, or nonmetallic substance.

(2) *Gross income from the property.* For the purposes of section 735 the term "gross income from the property" for any year in the base period means the amount for which the taxpayer sold the crude mineral product (the product in the form in which it emerges from the mine) of the mineral property in the immediate vicinity of the mine, but, if the product was transported or processed (other than by processes excepted below) before sale, it means the representative market or field price (as of the date of sale) of crude mineral product of like kind and grade before such transportation or processing. If there was no such representative market or field price (as of the date of sale), then there shall be used in lieu thereof the representative market or field price of the first marketable product resulting from any process or processes (or, if the product in its crude state was merely transported, the price for which sold) minus the costs and proportionate profits attributable to the transportation and the processes not listed below. The processes excepted are as follows:

(i) In the case of coal: Cleaning, breaking, sizing, and loading at the mine for shipment;

(ii) In the case of sulphur: Pumping to vats, cooling, breaking, and loading at the mine for shipment;

(iii) In the case of iron ore, ball and sagger clay or rock asphalt, and ores which are customarily sold in the form of the crude mineral product—sorting or concentrating to bring to shipping grade, and loading at the mine for shipment; and

(iv) In the case of lead, zinc, copper, gold, silver, or fluorspar ores and ores which are not customarily sold in the form of the crude mineral product—crushing, concentrating (by gravity or flotation), and other processes to the extent to which they do not beneficiate the product in greater degree (in relation to the crude mineral product on the one hand and the refined product on the other) than crushing and concentrating (by gravity or flotation).

In case any of the excepted processes were not applied in the immediate vicinity of the mining district in which the mine is located, costs incurred for transportation to the processing location and, if transported by taxpayer, the proportionate profits attributable to transportation should be subtracted from the sale price of the product to determine "gross income from the property."

There shall be excluded in determining the "gross income from the property", for each year in the base period, an amount equal to any rents or royalties which were paid or incurred by the taxpayer in respect of the property and were not otherwise excluded from the "gross income from the property". If royalties in the form of bonus payments were paid in respect of the property in a taxable year in the base period or any prior years, or if advanced royalties were paid in respect of the property in any taxable year ending prior to December 31, 1939, the amount excluded from "gross income from the property" for a taxable year in the base period on account of such payments shall be an amount equal to that part of such payments which is allocable to the product sold during the taxable year.

If the taxpayer paid rents, royalties, or bonuses with respect to the mineral property during the base period, and in an excess profits tax taxable year for which the benefits of section 735 are claimed owns an economic interest in such property which does not require the payments of rents, royalties, or bonus payments, the amount of such rents, royalties, and bonuses paid during the base period shall, for the purposes of section 735, not be deducted in the computation of the gross income from the property. If the taxpayer paid rents, royalties, or bonuses with respect to the mineral property during the base period and in an excess profits tax taxable year for which the benefits of section 735 are claimed pays rents, royalties, or bonuses in amounts different from those paid during the base period because of a change in its economic interest, the gross income from the property during the base period shall be recomputed as if the new contractual terms pursuant to which the new rents, royalties, or bonuses are paid had been in effect during the base period. If the economic interest of the taxpayer during the base period was such that it did not pay rents, royalties, or bonuses, but such interest has changed so that during the excess profits tax taxable year for which the benefits of section 735 are claimed the taxpayer pays rents, royalties, or bonuses, the gross income from the property during the base period shall be recomputed as if the contractual agreement pursuant to which rents, royalties, or bonuses are paid during the excess profits tax taxable year were in full force and effect during the base period. If the economic interest of a person other than the taxpayer in the mineral property during any year in the base period was different from the economic interest of the taxpayer in the excess profits tax taxable year for which the benefits of section 735 are claimed, the gross income of such person from the property during such base period year shall be recomputed as if its economic interest in the mineral property were the same as the economic interest of the taxpayer in the excess profits tax taxable year for which the benefits of section 735 are claimed.

If two or more metals, coal, or nonmetallic substances are contained in the minerals extracted from a mineral property, the gross income from such property shall be allocated to each type of metal, coal, or nonmetallic substance for which a separate mineral unit is established. If the gross income from the property is determined by excluding the costs and proportionate profits attributable to transportation and to the processes not listed above, or if such gross income is an amount different from the gross proceeds received from the sale of the minerals, the gross income attributable to each type of metal, coal, or nonmetallic substance shall be an amount which bears the same ratio to the gross income from the property which the gross proceeds received from the sale of such type of metal, coal, or nonmetallic substance in the minerals bears to the total gross proceeds received from the sales of all such types.

(j) *Estimated recoverable units.* The term "estimated recoverable units" means the estimated number of units of metal, coal, or nonmetallic substances in the estimated recoverable minerals from the mineral property at the end of the excess profits tax taxable year for which the benefits of section 735 are claimed plus the excess output for such year. If the number of recoverable units of metal, coal, and nonmetallic substances in the minerals in the property have been previously estimated for the prior year or years, and if there has been no known change in the facts upon which the prior estimate was based, the number of recoverable units of metal, coal, and nonmetallic substances in the minerals in the property as of the taxable year will be the number remaining from the prior estimate. Thus, the recoverable units estimated to remain at the end of a taxable year shall be computed, generally, as the estimated recoverable units as of the beginning of the taxable year minus the output for the year. In any case in which it is ascertained either by the taxpayer or the Commissioner as the result of operations or development work prior to the close of the taxable year that the remaining recoverable mineral units are materially greater or less than the number remaining from the prior estimate, the estimate of the remaining recoverable units shall be revised and the revised estimate will be used for the purposes of computing exempt excess output under the provisions of section 735 (a) (11) and § 30.735–2 (k) unless a change in the facts requires another revision. Regardless of the method of determining the estimated number of units of metal, coal, or nonmetallic substances in the estimated recoverable minerals from the mineral property at the end of the excess profits tax taxable year, the estimated recoverable units for the purposes of section 735 shall be the number of such units plus the excess output for such year. The estimated number of units of metal, coal, or nonmetallic substances in the estimated recoverable minerals means the metal, coal, or nonmetallic substance content of the minerals, and not the estimated recoverable units of the minerals which are the ores of the metals, coal, or nonmetallic substances. The estimated recoverable units from any mineral property shall be determined with respect to each type of metal, coal, or nonmetallic substance in the estimated recoverable minerals and shall not be determined as the aggregate of all classes of mineral units attributable to all such types of metal, coal, or nonmetallic substances. As to the determination of the estimated recoverable units of mineral products, see § 19.23 (m)–9 of Regulations 103.

All estimates of recoverable units of metal, coal, and nonmetallic substances in the estimated recoverable minerals from the mineral property shall be subject to the approval of the Commissioner, and the determinations of the Commissioner for the purposes of section 735 shall be final and conclusive.

(k) *Exempt excess output.* The term "exempt excess output" for any taxable year means a number of units equal to the following percentages of the excess output for such year:

100 percent if the excess output exceeds 50 percent of the estimated recoverable units;

95 percent if the excess output exceeds 33⅓ but not 50 percent of the estimated recoverable units;

90 percent if the excess output exceeds 25 but not 33⅓ percent of the estimated recoverable units;

85 percent if the excess output exceeds 20 but not 25 percent of the estimated recoverable units;

80 percent if the excess output exceeds 16⅔ but not 20 percent of the estimated recoverable units;

60 percent if the excess output exceeds 14⅔ but not 16⅔ percent of the estimated recoverable units;

40 percent if the excess output exceeds 12½ but not 14⅔ percent of the estimated recoverable units;

30 percent if the excess output exceeds 10 but not 12½ percent of the estimated recoverable units;

20 percent if the excess output exceeds 5 but not 10 percent of the estimated recoverable units.

Since the excess output and the estimated recoverable units, in the case of a mineral property from which are extracted minerals containing two or more types of metal, coal, or nonmetallic substances, shall be determined with respect to the mineral units comprising the excess output and the mineral units contained in the estimated recoverable units for each separate type of metal, coal, or nonmetallic substance, the percentage which the excess output is of the estimated recoverable units shall be based upon the excess output and the estimated recoverable units of each separate type and shall not be computed with respect to the aggregate of all classes of mineral units. The percentage so determined with respect to each separate type of metal, coal, or nonmetallic substance shall then be multiplied by the excess output of such type of metal, coal, or nonmetallic substance in the minerals recovered from the mineral property, and the product of the two shall be con-

sidered the exempt excess output of that type of metal, coal, or nonmetallic substance.

(1) *Unit net income.* The term "unit net income" means the amount of net income per mineral unit of coal or iron or per timber unit for any excess profits tax taxable year for which the benefits of section 735 are claimed. It is ascertained by dividing the net income (computed with the allowance for depletion used in computing net income for the purposes of chapter 1 for such year) from the coal or iron ore, or the timber, recovered during the taxable year from the coal mining property, the iron mining property, or the timber block, as the case may be, by the number of mineral units contained in the coal or iron ore recovered from such coal or iron mining property or by the number of timber units recovered from such timber block, in such year.

For the purposes of section 735 (a) (12) and section 735 (b) (2), the term "coal mining property" means the aggregate of all tracts or parcels of land containing coal deposits in which economic interests were owned, and from which coal was extracted, by the taxpayer at any time after the beginning of the base period (excluding, however, any tract or parcel of land in which an economic interest was acquired, and from which coal was extracted, by any other person subsequent to the last date of ownership and operation by the taxpayer) to the extent that the coal extracted therefrom by the taxpayer was processed at a single preparation plant, regardless of whether the economic interest in one such tract or parcel of land differed from that in another.

For the purposes of section 735 (a) (12) and section 735 (b) (2), the term "iron mining property" means the aggregate of all tracts or parcels of land containing iron ore deposits in which economic interests were owned, and from which iron ore was extracted, by the taxpayer at any time after the beginning of the base period (excluding, however, any tract or parcel of land in which an economic interest was acquired, and from which iron ore was extracted, by any other person subsequent to the last date of ownership and operation by the taxpayer) to the extent that such tracts or parcels of land were operated by the taxpayer as an operation unit, regardless of whether the economic interest in one tract or parcel of land differed from that in another.

The net income (computed with the allowance for depletion) from the coal or the iron ore recovered from the coal mining property or the iron mining property during an excess profits tax taxable year for which the benefits of section 735 (b) (2) are claimed shall be the net income from the coal mining property or iron mining property from which such coal or iron ore is recovered, computed in a manner similar to that described in § 30.735–2 (i) with respect to a mineral property as if such coal mining property or iron mining property were a mineral property, except that the amount of depletion allowed in the computation of such net income shall be computed according to sections 23 (m) and 114, and the regulations thereunder.

The determination of net income from a timber block for an excess profits tax taxable year must be made with respect to each timber block separately and cannot be made with respect to the aggregate of the timber blocks owned by the taxpayer. Net income from a timber block includes only income which is attributable to that portion of the operation unit which was in existence on December 31, 1941; net income attributable to any standing timber acquired after December 31, 1941, and which after such date has become a part of the timber block existing on December 31, 1941, must be excluded. Net income from timber recovered from a timber block (computed with the allowance for depletion) means the net income attributable to timber and logging operations, not including transportation of the logs to the log or other market. That portion of the taxpayer's net income attributable to transportation or to manufacturing or remanufacturing, if the taxpayer which is a producer of logs from a timber block carries its operations beyond the logging stage, must be eliminated. If the taxpayer is engaged in activities in addition to timber and logging operations, the net income attributable to timber recovered from a timber block shall be computed as follows:

(1) *Net income.* Net income from timber recovered from a timber block (computed with the allowance for depletion) means the gross income from the timber block as defined in (2) of this paragraph, less the allowable deductions attributable to the timber block with respect to which exempt excess output is computed and the allowable deductions attributable to timbering and logging operations, but not including transportation of the logs to the log or other market, insofar as they relate to logs cut by the taxpayer from the timber block, including overhead and operating expenses, development costs properly charged to expense, depreciation, taxes, losses sustained, and including the allowance for depletion. The allowance for depletion shall be that used in computing net income for the purposes of chapter 1 for the taxable year. In cases where the taxpayer engages in activities in addition to timbering and logging operations, including in such additional activities transportation of the logs to the log or other market, deductions for depreciation, taxes, general expenses, and overhead which cannot be directly attributed to any specific activity shall be fairly apportioned between (i) the timber and logging operations, and (ii) the additional activities, taking into account the ratio which the operating expenses directly attributable to the timber and logging operations bear to the operating expenses directly attributable to the additional activities. If more than one timber block is involved, the deductions apportioned to the timber and logging operations shall, in turn, be fairly apportioned to the several timber blocks, taking into account their relative production.

(2) *Gross income from the timber block.* Gross income from the timber block for any excess profits tax taxable year beginning after December 31, 1941, means the amount for which the taxpayer sold the timber or the logs in the immediate vicinity of the timber block, but if the logs were transported or processed or manufactured or remanufactured before sale, it means the representative market or field price (as of the date of sale) of logs of like kind and grade before such transportation, processing, manufacture, or remanufacture. If there was no such representative market or field price (as of the date of sale), then there shall be used in lieu thereof the representative market or field price of the first marketable product resulting from any processing, manufacture, or remanufacture (or, if the logs were merely transported, the price for which sold) minus the costs and proportionate profits attributable to the transportation and the processes, manufacture, and remanufacture.

In all cases there shall be excluded in determining the gross income from the timber block an amount equal to any rents or royalties which were paid or incurred by the taxpayer in respect of the timber block and are not otherwise excluded from the gross income from the timber block. If royalties in the form of bonus payments have been paid in respect of the timber block in the taxable year or any prior years or if advanced royalties have been paid in respect of the property in any taxable year ending prior to December 31, 1939, the amount excluded from gross income from the timber block for the current taxable year on account of such payments shall be an amount equal to that part of such payments which is allocable to the product sold during the taxable year. If advanced royalties have been paid in respect of the timber block in any taxable year ending on or after December 31, 1939, the amount excluded from gross income from the timber block for the current taxable year on account of such payments shall be an amount equal to the deduction for such taxable year taken on account of such payments pursuant to the rules provided in § 19.23 (m)–10 (e) with respect to advanced royalties paid in the case of mineral properties.

§ 30.735–3 *Nontaxable income from exempt excess output.* Nontaxable income from exempt excess output is excluded in the computation of excess profits net income for excess profits tax taxable years beginning after December 31, 1941, under section 711 (a) (1) (I) if the taxpayer uses the excess profits credit based on income or under section 711 (a) (2) (K) if the taxpayer uses the excess profits credit based on invested capital, and is determined as follows:

(a) *General rule.* If with respect to any excess profits tax taxable year beginning after December 31, 1941, the excess output of a mineral property which was in operation during the base period exceeds 5 percent of the estimated recoverable units from such mineral property, computed as provided in § 30.735–2 (j), the nontaxable income from exempt excess output shall be an amount equal to the exempt excess output for such year (computed under § 30.735–2 (k)) multiplied by the normal unit profit (computed under § 30.735–2 (i)). In no event shall the amount of nontaxable income from exempt excess output exceed the net income (computed with the allowance for depletion) attributable to the excess output for such year. The net income attributable to excess output shall be that percentage of the net income from the mineral property which the excess output for the taxable year is of the total output for the taxable year. The net income from the mineral property shall be computed in accordance with the rules provided in § 30.735–2 (i) for the computation of net income from the mineral property for a taxable year in the base period.

If mineral units are determined for two or more types of metals, coal, or nonmetallic substances, the nontaxable income shall be determined with respect to the exempt excess output of each type of metal, coal, or nonmetallic substance. In no event shall nontaxable income from exempt excess output be determined with respect to any such type unless the mineral property was in operation during the base period and unless the excess output of such type exceeds 5 percent of the estimated recoverable units of such type of metal, coal, or nonmetallic substance in the mineral property.

If the minerals recovered from a mineral property contain two or more types of metals, coal, or nonmetallic substances, the nontaxable income from exempt excess output of such property for a taxable year shall be the aggregate of the nontaxable incomes from exempt excess output of each type of metal, coal, or nonmetallic substance. The nontaxable income from exempt excess output of each type of metal, coal, or nonmetallic substance shall be an amount equal to the exempt excess output of such type of metal, coal, or nonmetallic substance (see § 30.735–2 (k)) multiplied by the normal unit profit for such type (see § 30.735–2 (i)). The nontaxable income from exempt excess output attributable to each type of metal, coal, or nonmetallic substance shall not exceed the net income (computed with the allowance for depletion) attributable to the excess output of such type for the taxable year. The net income attributable to the excess output of each type of mineral unit shall be determined as follows: The net income attributable to the mineral property for the taxable year shall be fairly allocated to each type of metal, coal, or nonmetallic substance contained in the minerals recovered from the mineral property in such year in accordance with the principles set forth in § 30.735–2 (i). The amount so allocated shall be divided by the total number of mineral units of such type of metal, coal, or nonmetallic substance for the taxable year, and the amount so determined shall be multiplied by the excess output of the mineral units of such type, determined in accordance with § 30.735–2 (d), for the year.

The provisions of this paragraph may be illustrated by the following examples:

Example (1) Assume that the taxpayer, which is on the calendar year basis, owns a mineral property from which is extracted a mineral containing one nonmetallic substance. The total output of such property during the four calendar years in the base period, the first of which began in 1936, was 416,000 tons and the aggregate of the net incomes for such years (including the allowance for depletion computed upon the same basis as for the year 1942) was $1,248,000. The normal output is 104,000 tons and the normal unit profit is $3 per ton. During 1942 minerals containing 200,000 tons of the nonmetallic substance were extracted from the property at a unit profit of $3.50 per ton. The net income for such year was $700,000. As of December 31, 1942, it is estimated that 1,000,000 tons of the nonmetallic substance remained in the mineral property. The amount of nontaxable income from exempt excess output to be excluded in the computation of excess profits net income for 1942 is $57,600, computed as follows:

1. Normal output (tons)	104,000
2. Output for 1942 (tons)	200,000
3. Excess output for 1942 (tons)	96,000
4. Estimated recoverable units for 1942 (1,000,000 tons plus item 3)	1,096,000
5. Percentage which item 3 is of item 4	8.8%
6. Percentage of item 3 to be used in computing exempt excess output	20%
7. Exempt excess output for 1942 (tons) (item 3 times item 6)	19,200
8. Normal unit profit (per ton)	$3
9. Nontaxable income from exempt excess output (item 8 times item 7, but not in excess of item 12)	$57,600
10. Net income for 1942	$700,000
11. Unit net income for 1942 (per ton) (item 10 divided by item 2)	$3.50
12. Net income attributable to excess output for 1942 (item 3 times item 11)	$336,000

Example (2). Corporation A, which is on the calendar year basis, owns a mineral property from which it extracts minerals containing gold and silver. For each of the four taxable years in the base period it recovered 250,000 tons of a $7.75 ore, i. e., minerals assaying 10 ounces of silver and .05 ounces of gold per ton, the price of silver being $.60 per ounce and of gold being $35 per ounce during such period. The output of silver for each base period year was 2,500,000 ounces, and of gold was 12,500 ounces. The gross income for each base period year was $1,937,500, constituting $1,500,000 attributable to silver and $437,500 attributable to gold. Allowable deductions including the smelter charges for each year, but excluding the allowance for depletion, amounted to $1,000,000. Of the amount of such deductions, $774,193.55 represented the amount allocable to silver production $\left(\frac{1,500,000}{1,937,500} \text{ times } \$1,000,000\right)$ and $225,806.45 represented the amount allocable to gold production

$$\left(\frac{437,500}{1,937,500} \text{ times } \$1,000,000\right).$$

The net income from the mineral property (computed without the allowance for depletion) was $725,806.45 attributable to silver and $211,693.55 attributable to gold. The allowance for percentage depletion computed with respect to silver mining was $225,000 (15 percent of $1,500,000 but not in excess of 50 percent of $725,806.45); the allowance for such depletion computed with respect to gold mining was $65,625 (15 percent of $437,500 but not in excess of 50 percent of $211,693.55). In 1942, 320,000 tons of ore were extracted from the mineral property. The character of the ore encountered had changed so that in 1942 it was $11.375 ore, i. e., minerals which assayed 15 ounces of silver and .025 ounces of gold to the ton, the price of silver being $.70 per ounce and the price of gold $35 per ounce. The total output of silver for 1942 was 4,800,000 ounces; the total output of gold was 8,000 ounces. The gross income for 1942 was $3,640,000, consisting of $3,360,000 attributable to silver and $280,000 attributable to gold. Allowable deductions including the smelter charges for the year, but excluding the allowance for depletion, amounted to $1,280,000. Of the amount of such deductions, $1,181,538.46 represented the amount allocable to silver production

$$\left(\frac{3,360,000}{3,640,000} \text{ times } \$1,280,000\right),$$

and $98,461.54 represented the amount allocable to gold production

$$\left(\frac{280,000}{3,640,000} \text{ times } \$1,280,000\right).$$

The net income from the mineral property (computed without the allowance for depletion) was $2,178,461.54 attributable to silver and $181,538.46 attributable to gold. The allowance for percentage depletion computed with respect to silver mining was $504,000 (15 percent of $3,360,000 but not in excess of 50 percent of $2,178,461.54); the allowance for such depletion computed with respect to gold mining was $42,000 (15 percent of $280,000 but not in excess of 50 percent of $181,538.46). It is estimated that as of December 31, 1942, there were 19,200,000 units of silver, and 32,000 units of gold remaining in the mineral property. There is no nontaxable income from exempt excess output of gold since the normal output exceeds the 1942 output of that metal. The nontaxable income from exempt excess output of silver is $138,220.80, computed as follows:

	Silver	Gold
1. Normal output (ounces):		
a. Silver (10,000,000 divided by 4)	2,500,000	
b. Gold (50,000 divided by 4)		12,500
2. Output for 1942 (ounces)	4,800,000	8,000
3. Excess output (item 1a or 1b, minus item 2)	2,300,000	0
4. Estimated recoverable units as of Dec. 31, 1942 (ounces):		
a. Silver (19,200,000 plus 2,300,000)	21,500,000	
b. Gold (32,000 plus 0)		32,000
5. Percentage which item 3 is of item 4a or 4b (percent)	10.7	
6. Percentage of item 3 to be used in computing exempt excess output (percent)	30	
7. Exempt excess output (ounces) (item 3 times item 6)	690,000	
8. Normal unit profit per ounce (item 17)	$0.20032	$11.6854
9. Nontaxable income from exempt excess output (item 7 times item 8) but not in excess of item 24	$138,220.80

If income attributable to a strategic mineral as defined in section 731 is exempt from the excess profits tax pursuant to the provisions of such section, nontaxable income from exempt excess output of such strategic mineral shall not be computed for the purposes of section 735 (b) (1) or of section 711 (a) (1) (I) or section 711 (a) (2) (K). The portion of gross income and allowable deductions attributable to such strategic mineral shall be excluded from the net income from the mineral property in determining the net income attributable to other metals or nonmetallic substances in the minerals recovered from such mineral property for the base period and for the excess profits tax taxable year for which the benefits of section 735 are claimed.

(b) *Coal and iron mines.* With respect to any excess profits tax taxable year beginning after December 31, 1941, the nontaxable income from exempt excess output of a coal mining or an iron mining property which was in operation during the base period shall be whichever of the following amounts the taxpayer elects:

(1) An amount equal to the excess output of such coal mining or iron mining property, determined under this subsection, for such year multiplied by one-half of the unit net income determined under § 30.735–2 (1) from such property for such year, or

(2) An amount determined under § 30.735–3 (a).

In order to elect the amount provided in (1) of this paragraph, the excess output of the coal mining property or iron mining property (as defined in § 30.735–2 (1)) which was in operation during the base period need not exceed 5 percent of the estimated recoverable units in such property. As to the election with respect to the amount provided in (2) of this paragraph, see section 735 (b) (1) and § 30.735–3 (a).

For the purposes of the computation of the amount described in (1) of this paragraph for an excess profits tax taxable year:

A coal mining property or an iron mining property (as defined in § 30.735–2 (1)) shall be considered to have been in operation during the base period if any part of such property was in operation for six months or more during the base period.

The excess output of a coal mining property or an iron mining property which was in operation during the base period shall be computed upon the basis of the coal mining property or iron mining property and shall be the excess of the aggregate of the mineral units extracted from such coal mining or iron mining property during the taxable year over the normal output of such property. The normal output of a coal mining property or an iron mining property shall be computed with respect to such property in a manner similar to that described in § 30.735–2 (e) with respect to a mineral property, as if such coal mining property or iron mining property were a mineral property.

The election pursuant to section 735 (b) and this subsection shall be made in the excess profits tax return, filed on or before the last day required by law for the filing of such return, for the taxable year for which the benefits of section 735 are claimed. The last day required by law for the filing of such return includes the last day of the period of any extension of time granted for such filing. Such election must be made for each excess profits tax taxable year for which the benefits of section 735 (b) (2) are claimed. An election made with respect to a taxable year to compute nontaxable income from exempt excess output pursuant to the provisions of section 735 (b) (2) and § 30.735–3 (b) (1) does not preclude the taxpayer from electing for a subsequent year to compute nontaxable income pursuant to the provisions of section 735 (b) (1) and § 30.735–3 (a) provided the taxpayer satisfies the requirements there provided, and vice versa. For any excess profits tax taxable year for which an election is made under section 735 (b) (2) and this subsection, such election shall be made by the taxpayer by attaching to its excess profits tax return a statement showing the method of computation and the amount of nontaxable income from exempt excess output elected under the provisions of section 735 (b) (2) and this paragraph. If the taxpayer has failed so to elect or desires to change its election, such election or change in election may, subject to the approval of the Commissioner, be made by the taxpayer filing with the Commissioner of Internal Revenue, Washington, D. C., within the period of limitations for the filing of claims for credit or refund with respect to the year or years involved, a notice of its election or change in election accompanied by a recomputation of its income and excess profits taxes for such years. If the recomputation results in an overpayment for any of such years, the taxpayer should file a claim for refund on Form 843 in accordance with the provisions of section 322.

The provisions of this subsection may be illustrated by the following example:

Example. Assume that during the taxable year 1942 a corporation owned several tracts of land containing coal deposits which it had operated for more than six months during the base period. During the taxable year 1942, the coal extracted by the taxpayer from such land was processed at a single preparation plant, so that for the purposes of the computation provided by (1) of this paragraph such land constitutes a coal mining property. The normal output of the coal mining property was 350,000 tons. The output for the calendar year 1942 was 450,000 tons. The net income from the coal mining property during 1942 was $103,500. Assume that for the year 1942, the corporation elected to compute an amount of nontaxable income from exempt excess output of the coal mining property under the rule prescribed by (1) of this paragraph rather than under (2) of this paragraph. Such amount of nontaxable income from exempt excess output would be $11,500, computed as follows:

1.	Normal output (tons)	350,000
2.	Output for 1942 (tons)	450,000
3.	Excess output (tons) (item 2 less item 1)	100,000
4.	Net income from coal extracted from coal mining property in 1942	$103,500
5.	Unit net income per ton for 1942 (item 4 divided by item 2)	$.23
6.	Nontaxable income from exempt excess output computed pursuant to section 735 (b) (2) and without regard to section 735 (b) (1) (item 3 times one-half of item 5)	$11,500

(c) *Timber properties.* With respect to any excess profits tax taxable year beginning after December 31, 1941, the nontaxable income from exempt excess output of a timber block which was in operation during the base period shall be an amount equal to the excess output of such timber block for such year, determined under § 30.735–2 (d), multiplied by one-half of the unit net income from such timber block for such year, determined under § 30.735–2 (1).

The provisions of this paragraph may be illustrated by the following example:

Example. Assume that the normal unit output of a timber block operated by corporation T during the base period was 20,000,000 board feet log scale. The output of timber units for the taxable year 1942 was 32,000,000 board feet log scale and the net income attributable to the timber block, and to timber and logging operations not including transportation, was $320,000. The nontaxable income from exempt excess output of the timber block for 1942 is $60,000, computed as follows:

1.	Normal output (M board feet log scale)	20,000
2.	Timber units for 1942 (M board feet log scale)	32,000
3.	Excess output (M board feet log scale)	12,000
4.	Net income from timber block for 1942	$320,000
5.	Unit net income per M board feet log scale for 1942 (item 4 divided by item 2)	$10
6.	Nontaxable income from exempt excess output computed pursuant to section 735 (b) (3) (item 3 multiplied by one-half of item 5)	$60,000

§ 30.735–4 *Nontaxable bonus income.* With respect to excess profits tax taxable years beginning after December 31, 1940, the term "nontaxable bonus income" means the amount of the income derived from bonus payments made by any agency of the United States Government on account of the production in excess of certain specified quotas of a mineral product or of timber, if the exhaustion of the mineral property or the timber block from which such product or timber was recovered gives rise to an allowance for depletion under section 23 (m). Such amount, however, shall not exceed the net income (computed with the allowance for depletion) attributable to the output in excess of the quota. Such net income so attributable shall be an amount which bears the same ratio to the net income from the mineral property, computed as provided in § 30.735–2 (i), or the net income from the timber block, computed as provided in § 30.735–2 (1), as the output in excess of the quota bears to the total number of mineral units or timber units produced for the taxable year. If two or more metals, coal, or nonmetallic substances are contained in the minerals recovered from a mineral property, nontaxable bonus income must be determined with respect to each such metal, coal, or nonmetallic substance, and net income from the property must be allocated fairly between each type of metal, coal, or nonmetallic substance. In the case of any such bonus paid with respect to any such type of metal, coal, or nonmetallic substance the nontaxable bonus income shall not exceed the net income attributable to the output in excess of the specified quota of such type. Such net income shall be an amount which bears the same ratio to the net income attributable to such type of metal, coal, or nonmetallic substance as the output in excess of the quota established for such type bears to the number of mineral units of such type produced for the taxable year.

The provisions of this section may be illustrated by the following example:

Example. Corporation C, which is on the calendar year basis, owns a mineral property from which is extracted copper ore. For each of the four years in the base period, it extracted 200 tons of ore a day, or 73,000 tons per year; the ore assayed 60 pounds of copper to the ton. The annual base period output of copper was 4,380,000 pounds, and the price received by corporation C per ton of ore was $7.20. Gross income for each base period year was therefore $525,600. Allowable deductions, including the smelter charges but exclusive of percentage depletion, amounted to $385,000. Net income from the mineral property, without regard to the allowance for depletion, was $140,600. Percentage depletion for each such year amounted to $70,300 (15 percent of $525,600 but not in excess of 50 percent of $140,600). For 1942, corporation C recovered 110,000 tons of ore, which assayed 50 pounds of copper to the ton, from the mineral property. The 1942 output of copper was therefore 5,500,000 pounds. The ceiling price established by the War Production Board and the Office of Price Administration for copper was $.12 per pound. With respect to corporation C, a 1942 quota of 4,000,000 pounds of copper was established and a bonus of $.05 per pound was paid for above-quota production. Gross income received by corporation C for 1942 was $735,000 and included a bonus payment of $75,000 (1,500,000 times $.05). Allowable deductions, including the smelter charges but exclusive of percentage depletion, amounted to $579,700. Net income from the property, without regard to the allowance for depletion, was $155,300. Percentage depletion amounted to $77,650 (15 percent of $735,000 but not in excess of 50 percent of $155,300). As of December 31, 1942, it was estimated that 35,000,000 pounds of copper remained in the minerals in the mineral property. Since the excess output for 1942 did not exceed 5 percent of the estimated recoverable units for 1942, nontaxable income from exempt excess output is not authorized by section 735 (b) (1). The amount of nontaxable bonus income for 1942 is $21,177, computed as follows:

1.	Normal output (pounds) (17,520,000 divided by 4)	4,380,000
2.	Output for 1942 (pounds)	5,500,000
3.	Excess output for 1942 (pounds) (item 2 minus item 1)	1,120,000
4.	Estimated recoverable units for 1942 (pounds) (35,000,000 plus item 3)	36,120,000
5.	Percentage which item 3 is of item 4	3.1%
6.	Gross income for 1942 from the mineral property	$735,000
7.	Allowable deductions (excluding depletion)	$579,700
8.	Net income from the mineral property (excluding depletion)	$155,300
9.	Less percentage depletion	$77,650
10.	Net income for 1942 from the mineral property	$77,650
11.	Unit net income for 1942 (item 10 divided by item 2)	$.014118
12.	Quota for 1942 (pounds)	4,000,000
13.	Above-quota production for 1942 (pounds) (item 2 minus item 12)	1,500,000
14.	Net income attributable to above-quota production (item 13 times item 11)	$21,177
15.	Bonus payments received	$75,000
16.	Nontaxable bonus income (item 14 or item 15, whichever is the lesser)	$21,177

If income attributable to a strategic mineral as defined in section 731 is exempt from excess profits tax pursuant to the provisions of such section, nontaxable bonus income attributable to such strategic mineral shall not be computed for the purposes of section 735 (c) or of section 711 (a) (1) (I) or section 711 (a) (2) (K). The portion of gross income and allowable deductions attributable to such strategic mineral shall be excluded from the net income from the mineral property in determining the net income attributable to other metals or nonmetallic substances in the minerals recovered from such mineral property for the base period and for the excess profits tax taxable year for which the benefits of section 735 are claimed.

§ 30.735–5 *Rule in case income from excess output includes bonus payment.* The nontaxable income for any excess profits tax taxable year beginning after December 31, 1941, attributable to exempt excess output pursuant to the provisions of section 735 (b) (1), (2), or (3) may include nontaxable bonus payments, as provided in section 735 (c). In such case, the taxpayer may elect to compute its nontaxable income attributable to the output in excess of the established quota as nontaxable income from exempt excess output pursuant to the appropriate provision of section 735 (b) and § 30.735–3 or as nontaxable bonus income pursuant to section 735 (c) and § 30.735–4. Such election shall be made in the excess profits tax return filed prior to the last day required by law for the filing of such return for the taxable year for which the benefits of section 735 are claimed. The last day required by law for the filing of the return includes the last day of the period of any extension granted for such filing. The election provided in section 735 (d) must be made for each excess profits tax taxable year for which income attributable to excess output includes bonus payments. An election made with respect to one excess profits tax taxable year to receive the benefits of nontaxable bonus income under section 735 (c) does not preclude the taxpayer from electing for a subsequent year to receive the benefits of nontaxable income from exempt excess output under section 735 (b), and vice versa. For any excess profits tax taxable year for which an election is made under section 735 (d) and this section, such election shall be made by the taxpayer by attaching to its excess profits tax return a statement showing the method of computation and the amount of nontaxable income from exempt excess output under section 735 (b) or of nontaxable bonus income under section 735 (c), whichever the taxpayer elects to exclude under section 711 (a) (1) (I) or section 711 (a) (2) (K) in the computation of excess profits net income. If the taxpayer has failed so to elect or desires to change its election, such election or change in election may, subject to the approval of the Commissioner, be made in an amended return filed by the taxpayer within the period of limitations for the filing of claims for credit or refund.

The provisions of this section may be illustrated by the following example:

Example. Corporation P, which is on the calendar year basis, owns a mineral property from which is extracted minerals containing lead and silver. For each taxable year in the base period, 10,000 tons of ore, assaying 100 pounds of lead and 10 ounces of silver to the ton, were extracted from the mineral property. The output of lead for each base period year was 1,000,000 pounds; the output of

silver was 100,000 ounces. Assume that the market price obtained by such corporation for lead for such period was $.05 per pound and that the market price obtained for silver was $.70 per ounce. The gross income for each year in the base period was $120,000, consisting of $50,000 received for lead and $70,000 for silver. Allowable deductions for each year, including the smelter charges but excluding th allowance for depletion, amounted to $40,000. Of the amount of such deductions, $16,666.67 represented the amount allocable to lead production $\left(\frac{50,000}{120,000} \text{ times } \$40,000\right)$ and $23,333.33 represented the amount allocable to silver production $\left(\frac{70,000}{120,000} \text{ times } \$40,000\right)$. The net income from the mineral property (computed without the allowance for depletion) was $33,333.33 attributable to lead, and $46,666.67 attributable to silver. The allowance for percentage depletion computed with respect to lead mining was $7,500 (15 percent of $50,000 but not in excess of 50 percent of $33,333.33); the allowance for such depletion computed with respect to silver mining was $10,500 (15 percent of $70,000 but not in excess of 50 percent of $46,666.67). In 1942, 20,000 tons of ore were extracted from the mineral property. The quality of the ore had deteriorated so that it assayed 80 pounds of lead and 8 ounces of silver to the ton. For 1942, therefore, the total output of lead was 1,600,000 pounds, and the total output of silver was 160,000 ounces. The ceiling price of lead was $.06½ per pound; a quota of 900,000 pounds of lead was established by the War Production Board and the Office of Price Administration with respect to the taxpayer and a bonus of $.02¾ per pound was paid to the taxpayer with respect to production in excess of such quota. The price of silver obtained by taxpayer was $.70 per ounce. The gross income for 1942 was $235,250 consisting of $123,250 attributable to lead and $112,000 attributable to silver. The bonus payments received by the taxpayer with respect to above-quota production of lead, included in gross income attributed to lead, amounted to $19,250 (700,000 pounds of lead times $.02¾ per pound). Allowable deductions for the year, including the smelter charges but excluding the allowance for depletion, amounted to $80,000. Of the amount of such deductions, $41,912.86 represented the amount allocable to lead production $\left(\frac{123,250}{235,250} \text{ times } \$80,000\right)$ and $38,087.14 represented the amount allocable to silver production $\left(\frac{112,000}{235,250} \text{ times } \$80,000\right)$. The net income from the mineral property (computed without the allowance for depletion) was $81,337.14 attributable to lead and $73,912.86 attributable to silver. The allowance for percentage depletion computed with respect to lead mining was $18,487.50 (15 percent of $123,250 but not in excess of 50 percent of $81,337.14); the allowance for such depletion computed with respect to silver mining was $16,800 (15 percent of $112,000 but not in excess of 50 percent of $73,912.86). It is estimated that as of December 31, 1942, there were 6,500,000 pounds of lead and 510,000 ounces of silver remaining in the mineral property. For 1942 the amount of nontaxable income from exempt excess output of lead was $3,099.60, the amount of nontaxable bonus income from lead was $19,250, and the amount of nontaxable income from exempt excess output of silver was $6,510.06.

Since the amount of nontaxable bonus income with respect to the output of lead which exceeds the established quota and which also constitutes excess output, *i. e.*, 600,000 pounds, was $16,500 (item 33 in the following computation) and exceeded $3,099.60 representing the nontaxable income from exempt excess output of lead, corporation P elected under section 735 (d) to exclude $16,500 with respect to such 600,000 pounds in the computation of excess profits net income. With respect to the remaining portion of its output in excess of the established quota, *i. e.*, 100,000 pounds, corporation P excluded nontaxable bonus income of $2,750 (item 34) in the computation of excess profits net income pursuant to section 735 (c).

COMPUTATION

	Lead	Silver
1. Normal output:		
a. Lead (pounds) (4,000,000 divided by 4)	1,000,000	
b. Silver (ounces) (400,000 divided by 4)		100,000
2. Output for 1942	1,600,000	160,000
3. Excess output (item 2, minus item 1a or 1b)	600,000	60,000
4. Estimated recoverable units as of December 31, 1942:		
a. Lead (pounds) (6,500,000 plus 600,000)	7,100,000	
b. Silver (ounces) (510,000 plus 60,000)		570,000
5. Percentage which item 3 is of item 4a or 4b	8.4507%	10.5357%
6. Percentage of item 3 to be used in computing exempt excess output	20%	30%
7. Exempt excess output (item 3 times item 6)	120,000	18,000
8. Normal unit profit (item 17)	$.02583	$.36167
9. Nontaxable income from exempt excess output (item 7 times item 8) but not in excess of item 24	$3,099.60	$6,510.06

NORMAL UNIT PROFIT

10. Gross income from the mineral property for each base period year	$50,000.00	$70,000.00
11. Allowable deductions (excluding allowance for depletion) for each base period year	$16,666.67	$23,333.33
12. Net income from the mineral property (excluding allowance for depletion) for each base period year	$33,333.33	$46,666.67
13. Allowance for percentage depletion	$7,500.00	$10,500.00
14. Net income from the mineral property for each base period year	$25,833.33	$36,166.67
15. Aggregate net income from the mineral property for the base period	$103,333.32	$144,666.68
16. Aggregate mineral units recovered during the base period	4,000,000	400,000
17. Normal unit profit (item 15 divided by item 16)	$.02583	$.36167

NET INCOME ATTRIBUTABLE TO EXCESS OUTPUT

18. Gross income from the mineral for 1942	$123,250.00	$112,000.00
19. Allowable deductions (excluding allowance for depletion) for 1942	$41,912.86	$38,087.14
20. Net income from the mineral property (excluding allowance for depletion) for 1942	$81,337.14	$73,912.86
21. Allowance for percentage depletion	$18,487.50	$16,800.00
22. Net income from the mineral property for 1942	$62,849.64	$57,112.86
23. Unit net income for 1942 (item 22 divided by item 2)	$.03928	$.36696
24. Net income attributable to excess output for 1942 (item 3 times item 23)	$23,568.00	$21,417.60

Nontaxable Bonus Income:	*Lead*
25. Quota established for 1942 (pounds)	900,000
26. Total output for 1942 (pounds)	1,600,000
27. Above-quota output (pounds)	700,000
28. Bonus payments received (item 27 times $.02¾)	$19,250
29. Net income attributable to above-quota output (item 27 times item 23)	$27,496
30. Nontaxable bonus income (item 28 or item 29, whichever is the lesser)	$19,250

Computation of nontaxable income from exempt excess output and from bonus payments with respect to 1942 excess output in excess of quota:

31. Item 3 or item 27, whichever is the lesser	600,000
32. Nontaxable income from exempt excess output computed with respect to item 31 (item 9)	$3,099.60
33. Nontaxable bonus income computed with respect to item 31 (item 31 times $.02¾)	$16,500.00

Computation of nontaxable income from exempt excess output and from bonus payments with respect to 1942 excess output in excess of quota—Continued.

34. Nontaxable bonus income computed with respect to above-quoted output in excess of 600,000 pounds, *i. e.*, 100,000 times $.02¾ (item 30 minus item 33)	$2,750.00

TITLE 29—LABOR

Chapter VI—National War Labor Board

PART 803—GENERAL ORDERS

WAGES OF NON-PROFIT HOSPITAL EMPLOYEES

General Order No. 26 is hereby amended to read as follows:

§ 803.26–a *General Order No. 26–A.* (a) Adjustments in the wages or salaries of employees engaged in rendering hospital services and employed by a non-profit organization which maintains and operates a hospital will be deemed approved without submission to the Board, providing that such adjustments do not raise the wages or salaries beyond the minimum non-inflationary going rates for similar occupational groups in the labor market area.

(b) Monthly reports of such adjustments shall be submitted by each such organization to the National War Labor Board's Division of Review and Analysis, together with such information and data as the said Division or the Board may from time to time require.

(c) Such adjustments shall be subject to the National War Labor Board's ultimate right of review on its own initiative, but any modification or reversal thereof will not be retroactive.

(E.O. 9250, 7 F.R. 7871)

Adopted: July 21, 1943.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter A—General Provisions

PART 903—DELEGATIONS OF AUTHORITY

[War Production Board Reg. 3]

INTERPRETATIONS OF REGULATIONS AND ORDERS OF THE WAR PRODUCTION BOARD

§ 903.02 *War Production Board Regulation No. 3.*—(a) *Purpose.* The purpose of this regulation is to establish rules governing the issuance of interpretations of regulations and orders of the War Production Board. No interpretations shall be deemed to be official or binding upon the War Production Board unless issued in accordance with this regulation.

(b) *Two classes of official interpretations.* By "published interpretation" is meant an official interpretation which has been published in the FEDERAL REGISTER. In the usual case, interpretations will be so published only when the interpretation is of wide general interest. By "unpublished interpretation" is meant any other interpretation issued pursuant to this Regulation. Unpublished interpretations are issued to one or more individuals and interpret a regulation or order with respect to individual transactions or operations not believed to be of general interest.

(c) *Authority to issue interpretations.* (1) Published interpretations will be issued only in the name of the Chairman or the Executive Vice Chairman of the War Production Board, or in the name of the War Production Board, countersigned or attested by the Executive Secretary or the Recording Secretary.

(2) Unpublished interpretations will be issued only (i) in the same form as published interpretations, or (ii) over the signature of the General Counsel, the Solicitor, an assistant general counsel, regional attorney or deputy regional attorney of the War Production Board.

(d) *Effect of interpretations.* (1) A published interpretation shall have the same force and effect as the regulation or order interpreted, regardless of whether a particular individual has actual knowledge of the published interpretation.

(2) An unpublished interpretation shall be binding only upon persons having actual knowledge thereof.

(3) In the event of conflict between a published and an unpublished interpretation the published interpretation shall prevail.

(E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176)

Issued this 22d day of July 1943.

DONALD M. NELSON,
Chairman.

Subchapter B—Executive Vice Chairman

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6660; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 327; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176.

PART 942—COTTON LINTERS AND HULL FIBRE

[General Preference Order M-12, as Amended July 24, 1943]

Section 942.1 *General Preference Order M-12* is hereby amended to read:

§ 942.1 *General Preference Order M-12.*—(a) *Definitions.* (1) "Cotton linters" means the residual fibres removed by mechanical process from cottonseed and produced in three qualities commonly referred to as "mill runs", "first cuts" and "second cuts".

(2) "First cuts" means those linters resulting from the first delinting of cottonseed by a mill that makes more than one delinting.

(3) "Second cuts" means all those cotton linters resulting from all delinting of cottonseed subsequent to the first.

(4) "Mill runs" means all those cotton linters resulting from the delinting of cottonseed by a mill that makes only one delinting.

(5) "Hull fibre" means the fibres removed by mechanical process from cottonseed hulls.

(6) "Motes" means the fibrous waste materials resulting principally from the moting operation of linter machines.

(7) "Chemical cotton pulp" means pulp manufactured by chemically purifying cotton linters or hull fibre, sometimes described as "cotton linter pulp" or "cottonseed hull shavings pulp".

(8) "Mill" means any plant producing cotton linters, hull fibre or motes.

(b) *Restrictions on delivery and use.* (1) No producer of cotton linters shall deliver to any person other than Commodity Credit Corporation that portion of his production of cotton linters manufactured after July 31, 1943 which War Production Board may direct him in writing to deliver to Commodity Credit Corporation. The basis for determining the portion to be delivered for chemical use shall be the same for each producer.

(2) No producer of hull fibre shall deliver hull fibre produced after July 31, 1943 to any person other than a producer of chemical cotton pulp.

(3) Commodity Credit Corporation shall deliver cotton linters produced after July 31, 1943 only to such persons in such amounts and from such sources as may from time to time be designated in writing by War Production Board.

(4) Producers of chemical cotton pulp shall use cotton linters and hull fibre only in the manufacture of chemical cotton pulp.

(5) The delivery of cotton linters and hull fibre acquired or produced prior to August 1, 1943, shall be subject to the restrictions with respect thereto imposed by General Preference Order M-12 as in effect prior to August 1, 1943.

(c) *Production of cotton linters, hull fibre and motes.* (1) Each producer of cotton linters, hull fibre or motes shall comply with such written directions as may be given from time to time by War Production Board with respect to the delinting operations of his mill. Such directions shall be based primarily upon insuring that each mill shall be so operated that it shall produce cotton linters or hull fibre in such quantities and of such quality as shall be suitable for use by producers of chemical cotton pulp.

(2) First cuts, second cuts, mill runs, hull fibre and motes shall be baled separately.

(d) *Special permits.* Special written authorization for delivery of cotton linters and hull fibre may be granted by War Production Board upon application of any person affected by this order in the following cases, among others:

(1) To permit delivery of cotton linters to agencies of the United States Government.

(2) To permit delivery of cotton linters obtained by the delinting of cottonseed used for planting purposes.

(e) *Imports.* The importation of cotton linters, if any, shall be made in conformity with the provisions of General Imports Order M-63, as amended from time to time.

(f) *Applications and reports.* In addition to such other reports as may be required from time to time by War Production Board:

(1) Each person producing cotton linters, hull fibre or motes, except from the delinting of planting seed, shall file Form WPB–166, (formerly Form PD–110), in the manner prescribed therein on or before September 5, 1943 and on or before the 5th day of each month thereafter.

(2) Each delinter of planting seed shall make application on Form WPB–2146 (formerly Form PD–768) for permission to sell any cotton linters produced as a result of his operations.

(g) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of War Production Board, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of cotton linters, hull fibre or motes, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington 25, D. C., Ref.: M–12.

This amendment shall take effect August 1, 1943.

Issued this 24th day of July 1943.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Interpretation 5 of Priorities Regulation 1]

EFFECT OF ASSIGNMENT OF A RATED ORDER OR CONTRACT ON SEQUENCE OF DELIVERY

The following interpretation is issued with respect to Priorities Reg. 1.

When a rated contract is assigned, the rating remains applicable to the contract as assigned if, but only if, the assignee uses the material covered by the contract for substantially the same purpose for which the rated contract was placed.

Examples. (1) The Navy places a rated order with A and A extends the rating to B. Later the Navy and A cancel the contract and the Navy enters into a new contract with C for delivery of the same product at the same time and applies the same rating to it. A assigns to C his contract with B. The rating which A had extended to B remains valid as of the time it was extended by A, and B must honor it in making delivery to C.

(2) A steel mill places an order for a repair part rated AA–1 under CMP Regulation No. 5. The steel mill finds that it does not need the part but another steel mill needs the same and asks the first mill to assign its contract for the part. The second mill could also apply a AA–1 rating to the delivery. However, it prefers to use the first mill's rating so as to come ahead of the orders which have been placed since the first mill placed its order. The second mill may not make this use of the rating, since the rated order was placed for the repair of the first mill's facilities and the purpose of the order has thus been changed.

(3) The War Production Board assigns a rating on a PD–1A certificate to a textile manufacturer to buy some textile machinery. He places an order with a machinery manufacturer and applies the rating to the order. He decides he does not need the machinery but finds another textile producer who does need the machinery and is willing to purchase the same from him. He therefore assigns the contract for the machinery to the second textile producer. The rating does not apply to the delivery to the second producer since it was assigned by the War Production Board only for the purpose of filling a specific need shown by the first textile producer.

PART 3133—PRINTING AND PUBLISHING

[Interpretation 1 to Limitation Order L–240]

PRINT PAPER

The following interpretation is issued with respect to Limitation Order L–240.

"Print paper", as used in this order, includes paper reclaimed wholly or partly from white or printed waste, as well as new paper made from virgin fibers.

PART 1010—SUSPENSION ORDERS

[Revocation of Suspension Order S–138]

M. PASHELINSKY & SONS

M. Pashelinsky & Sons appealed from Suspension Order S–138, issued on the 7th day of November, 1942. The Chief Compliance Commissioner denied the appeal on February 18, 1943. However, at that time, the Chief Compliance Commissioner indicated that the matter should be submitted to him three months later for further consideration as to fixing a date for the termination of the suspension order. On May 18, 1943, after such further consideration, the Chief Compliance Commissioner directed that Suspension Order S–138 be terminated as of July 15, 1943. In view of the foregoing; *It is hereby ordered,* That:

(a) Suspension Order S–138 be, and the same hereby is, revoked.

Issued this 24th day of July 1943.

PART 1010—SUSPENSION ORDERS

[Correction to Suspension Order S–366]

RICHTER METALCRAFT CORPORATION

Suspension Order No. S–366, as issued on July 13, 1943, inadvertently stated in the second paragraph: "This constituted a violation of Order L–65 as amended September 30, 1943." It should have read: "This constituted a violation of Limitation Order L–65 originally issued March 30, 1942 and amended April 9 1942."

PART 1137—CLOSURES AND ASSOCIATED ITEMS

[General Limitation Order L–68, as Amended July 26, 1943]

§ 1137.1 *General Limitation Order L–68*—(a) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* In this order:

(1) "Zinc" means zinc metal which has been produced by any electrolytic, electro-thermic, or fire refining process. It shall include zinc dust (for Sheradizing only), scrap zinc, zinc metal produced from scrap and any alloy in the composition of which the percentage of zinc metal by weight equals or exceeds the percentage of all other metals. "Zinc" does not include such metal used as a protective coating applied to any of the items covered by this order.

(2) "Stainless steel" means corrosion or heat resistant alloy iron or alloy steel containing 10% or more of chromium with or without nickel and/or other alloying elements.

(3) "Process" means to cut, punch or stamp out, or to cast on or otherwise attach to tape.

(4) "Preferred order" means any purchase order, contract, or subcontract, in hand at the time of processing, from or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration. The exceptions in this order relating to preferred orders shall apply only for a material, and only to the extent, required by the applicable specifications.

(c) *Restrictions on manufacture of slide fasteners.* No person shall process any metal in the manufacture of slide fasteners or parts thereof, except in accordance with the following requirements:

(1) Copper or copper base alloy may be used as permitted by Order M–9–c by appeals or otherwise.

(2) Zinc, zinc base alloy or carbon steel, or stainless steel where required for corrosion or non-magnetic properties, may be used to fill preferred orders and to fill orders in hand at the time of processing for skirt and dress placket fasteners for use in uniforms of the Nurses' Corps or women's divisions of the Army or Navy of the United States in accordance with the applicable specifications.

(3) Carbon steel acquired from the stocks of the Steel Recovery Programs may be used without restriction, except that the quantity processed for slide fasteners during any calendar quarter shall not exceed 66⅔% of the average quarterly poundage of all metals used by such person for such purpose during the year ending June 30, 1941, and except that slide fasteners of the separating type shall not exceed 27 inches in metal length.

(d) *Salvage of slide fasteners.* Slide fastener chain or slide fasteners produced in filling orders as provided in paragraph (c) (1) or (c) (2), above, which do not conform with the specifications governing such orders, may be salvaged, sold or delivered, only as specifically authorized by the War Production Board. Applications for such authorization shall contain a statement:

(1) That the slide fasteners to be salvaged or made therefrom have been offered for sale to and refused by the Philadelphia Quartermaster Depot and the Navy Bureau of Supplies and Accounts, accompanied by a copy of such offers and refusals;

(2) Of the total by weight of such chain and slide fasteners with respect to which such authorization is sought; and

(3) Of the total by weight of slide fasteners delivered in accordance with paragraph (c) (1) or (c) (2), above, and accepted during the period in which the chain or slide fasteners for which such authorization is sought were accumulated.

This reporting requirement has been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(e) *Restrictions on manufacture of hooks and eyes and brassiere hooks.* No person shall process any metal in the manufacture of hooks and eyes or brassiere hooks, except in accordance with the following requirements:

(1) Zinc or zinc base alloy may be used to fill preferred orders.

(2) Carbon steel may be used without restriction, except that the quantity processed for hooks and eyes and brassiere hooks during any calendar quarter shall not exceed the average quarterly poundage of all metals used by such person for such purpose during the year ending June 30, 1941.

(f) *Restrictions on manufacture of sew-on, machine-attached or riveted snap fasteners.* No person shall process any metal in the manufacture of sew-on, machine-attached or riveted snap fasteners, except in accordance with the following requirements:

(1) Copper or copper base alloy may be used as permitted by Order M–9–c by appeals or otherwise.

(2) Zinc or zinc base alloy may be used to fill preferred orders.

(3) Carbon steel may be used without restriction, except that the quantity processed for sew-on, machine-attached and riveted snap fasteners during any calendar quarter shall not exceed the average quarterly poundage of all metals used by such person for such purpose during the year ending June 30, 1941.

(g) *Restrictions on manufacture of metal buttons.* No person shall process any metal in the manufacture of buttons or parts thereof, except in accordance with the following requirements:

(1) Copper or copper base alloy may be used as permitted by Order M–9–c by appeals or otherwise.

(2) Zinc or zinc base alloy may be used to fill preferred orders.

(3) Carbon steel may be used to manufacture buttons for delivery to or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, and to manufacture open top buttons for work clothing, consisting of not more than two pieces exclusive of the tack or fastener and limited to 22 ligne fly buttons of plain design and 27 ligne buttons with wreath design for the remainder of the garment.

(h) *Restrictions on manufacture of certain other items.* No person shall process any metal other than carbon steel in the manufacture of suspender clasps or trouser trimmings. No person shall process any metal in the manufacture of

(1) Buckles, corset clasps or boning, garter clasps, hose supporters, slides, slide-loops, clothing trim or ornaments, or parts thereof, or

(2) Eyelets, grommets, and grommet washers, loops, rivets, burrs or tacks, for use on wearing apparel,

except in accordance with the following requirements:

(i) Copper or copper base alloy may be used as permitted by Order M–9–c by appeals or otherwise.

(ii) Zinc or zinc base alloy may be used to fill preferred orders for such products, to manufacture eyelets for use in Class I and Class II garments as defined in Limitation Order L–90 as amended from time to time and to manufacture grommets and grommet washers for use on tents, flys, tarpaulins, work aprons and hospital equipment.

(iii) Carbon steel may be used to manufacture buckles for use in overalls, overall suits, dungarees and waterproof shoes; corset clasps and boning; eyelets, garter clasps; hose supporters, rivets; burrs; tacks; and loops, slides and slide-loops for work clothing in one size not exceeding 1⅞ inches for men's work clothing and in one size not exceeding 1¾ inches for boys' work clothing.

(i) *General restrictions on manufacture, delivery and use.* No manufacturer of an item covered by this order shall manufacture it and no manufacturer or dealer therein shall sell or deliver it knowing or having reason to believe that it will be sold, delivered or used contrary to the purposes and requirements specified in this order. No person shall commercially buy, accept or use any such item contrary to the purpose and requirements specified in this order.

(j) *General exceptions.* The restrictions of this order shall not apply to

(1) The sale, delivery or use of parts, manufactured prior to April 1, 1942, for the repair or reconditioning of used slide fasteners.

(2) Any item covered by this order, necessary for use in safety equipment as defined and permitted by Limitation Order L–114, as amended from time to time.

(3) The use of carbon steel from inventory processed before August 15, 1942 in the manufacture of buckles, buttons and clothing trim and ornaments, if such manufacture takes place in establishments located in groups 3 or 4 of the labor market areas as may be, from time to time, designated by the War Manpower Commission.

(4) The use of carbon steel to manufacture products for delivery to or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, notwithstanding the limitations on the uses of carbon steel provided in paragraphs (c) (3), (e), (f), and (h) above.

(k) *Fair distribution of products.* It is hereby declared to be the policy of the War Production Board that items covered by this order shall be distributed equitably and that no person shall discriminate, in the acceptance or filling of orders, sales or deliveries, as between customers who meet his established prices, terms, and conditions of sale. Upon complaint of any person or without such complaint, the War Production Board may investigate any case of supposed failure of any person to distribute his product equitably, and may issue such instructions as are necessary to obtain equitable distribution. Any instructions pursuant to this paragraph to be valid must be in writing.

(l) *Records.* Each manufacturer of an item covered by this order shall preserve for at least two years complete and accurate records of inventories and receipts of each metal and alloy used, and of the production, deliveries and inventories of each such item, classified according to the metal or alloy from which each such item was manufactured. The record-keeping provisions of this paragraph have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(m) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(n) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to War Production Board, Textile, Cloth-

ing and Leather Division, Washington 25, D. C., Ref. L–68.

(o) *Violations.* Any person who wilfully violates any provisions of this order, or who in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries or from processing or using materials under priorities assistance by the War Production Board.

Issued this 26th day of July 1943.

PART 1213—SAFETY EQUIPMENT

[Limitation Order L–114 as Amended July 26, 1943]

The fulfillment of requirements for the defense of the United States has created shortages in the supplies for the war effort, for private account and for export, of materials entering into the production of safety equipment; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 1213.1 *General Limitation Order L–114*—(a) *Definitions.* For the purposes of this order:

(1) "Safety equipment" means equipment and devices designed to promote safety or to prevent or reduce accidents, injuries, occupational hazards or diseases, including, but not by way of limitation, the following articles: guards, goggles, shields, safety cans, oily waste cans, harnesses, headgear, belts, shoes, safety clothing, masks, respirators, inhalators, resuscitating apparatus, hazard measuring devices, protective creams, treads, and warning signs. The term shall not include any automotive or traffic equipment or devices.

(2) "Hazard measuring devices" means devices or instruments designed to detect, indicate, measure or record the presence of poisonous or combustible gases or other harmful substances in the atmosphere for the purpose of promoting safety or preventing or reducing occupational accidents, diseases and hazards of all types. The term shall not include "industrial instruments" as defined in Limitation Order L–134, nor "laboratory equipment" as defined in Limitation Order L–144.

(b) *Restrictions on use of scarce materials.* Except as provided in paragraph (c) below, or upon specific authorization of the War Production Board, no person shall incorporate in the manufacture of safety equipment, or in any component part thereof, or sell, deliver, rent, purchase, accept delivery of, or obtain any safety equipment or parts thereof, in which there is incorporated or used, any of the following materials: aluminum, asbestos cloth, chromium, copper, copper base alloys, nickel, corrosion resisting steel, alloy steel, tin, synthetic plastics, magnesium, rubber or synthetic rubber, neoprene, or elastic fabric, as defined in Conservation Order M–174.

(c) *General exceptions.* Paragraph (b) shall not apply to safety equipment assembled or manufactured:

(1) Prior to May 5, 1942, or from parts which were finished and ready for assembly on said date, provided such safety equipment is delivered to fill purchase orders bearing preference ratings of A–10 or higher, or

(2) From materials to the extent permitted in Appendix A hereof, or

(3) For delivery to or for the account of, the Army or Navy of the United States, the Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics or the government of any country entitled to deliveries under the Act of Congress of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), provided, and to the extent that the materials designated in paragraph (b) are necessary for efficient functioning and required endurance of safety equipment intended for use:

(i) In or on completed vehicles, aircraft, or ships, or

(ii) Outside of continental United States, or in Alaska, or

(iii) In the protection of military or naval personnel while not engaged in production, maintenance, or repair.

(4) Any order or contract from any agency or government mentioned in paragraph (c) (3) requiring the incorporation or use of scarce materials designated in paragraph (b) shall constitute a representation that the conditions exist under which such scarce materials may be incorporated or used within the terms of this order. Said representation may be relied on by the person with whom the purchase order or contract is placed, his sub-contractors, and suppliers.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board as amended from time to time.

(e) *Records.* All persons to whom this order applies shall keep and preserve for not less than two years, accurate and complete records concerning inventories, production and sales.

(f) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(j) *Communications.* All reports required to be filed hereunder and all other communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Safety and Technical Equipment Division, Washington 25, D. C., Ref.: L–114.

(k) *Effect of other orders.* With respect to the use of the materials named herein for incorporation in the products named herein, or in component parts thereof, this order shall be subject to all other orders to conserve specific raw materials (M orders), and all orders providing for a preference rating in deliveries, or for allocation, as are now or may hereafter be in effect.

Issued this 26th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A

NOTE: Paragraph (2) (1) added; paragraph (4) amended July 26, 1943.

Pursuant to the provisions of paragraph (b) of the above order, the following materials may be used to the extent indicated:

(1) Asbestos cloth in protective clothing, for industrial operations involving intense heat or handling of hot objects, or for fire-fighting.

(2) Copper or copper base alloys, other than nickel silver, when essential to the proper functioning of:

(a) Eyelets, rivets, and fasteners worn on the person and required to be non-corrosive or non-sparking; and eyelets having a diameter of 1/16 inch or less for safety equipment where steel eyelets in available sizes cannot be used.

(b) Frames, side screen binders and temples for spectacle type goggles.

(c) Valves, unions, ferrules, tubing, connections, housings, non-sparking fittings, fastenings, gaskets, pins, probe tubes, orifices, regulators and bearings, for respirators, gas masks or hazard measuring devices through which explosive, toxic, or corrosive gases, dusts or fumes may pass.

(d) Valves, tubing, manifolds, chambers, gaskets, discs, breaker valves, unions, connections, mouthpieces, orifices and facepiece parts on safety equipment through which oxygen or air under pressure is conducted.

(e) Conductors of electricity for safety devices and appliances.

(f) Lens retaining rings and fittings on gas mask facepieces.

(g) Exhalation and inhalation valve inserts and angle tubes for gas masks, air line respirator and breathing apparatus, face and mouth pieces.

(h) Tubing and fittings in hazard measuring devices.

(i) Screen for mask type goggles or hoods but not including side screens on spectacle type or molded goggles.

(j) Bridge clips for molded goggles.

(k) Cylinders, valves, tubing and regulators for compressed air, mechanical guarding devices.

(l) Internal valve mechanisms of safety filling cans with flexible pouring spouts, provided that the net weight of copper base alloy shall not exceed two ounces per can and that such alloy shall not be used in screens (or parts thereof) designed for non-flash-back or strainer purposes.

(3) Nickel in:

(a) Nickel silver for pad inserts for nose pads on spectacle type goggles, but not to exceed 10% in such alloy.

(b) Nickel silver for the following, but not to exceed 10% nickel in such alloy:

(i) Valve inserts for respirators.

(ii) Reducing, admission, dilution, check and safety valve pins, stems, plungers, inserts, screws, spiders, sleeves, yokes and bearings on gas masks, breathing apparatus, or hazard measuring devices.

(c) Leaded nickel silver for goggle frame screws and rivets but not to exceed 18% nickel in such alloy.

(d) Nickel plating for:

(i) Spectacle type goggles until, but not after, November 30, 1943.

(ii) Safety and admission valves, saliva tubes and mouthpieces for oxygen breathing apparatus; facepiece check valve bodies for inhalators; and check valves for hose masks; to the extent necessary for the efficient functioning of the named parts.

(e) Nickel silver for end pieces and guard arms on spectacle type goggles, but not to exceed 10% nickel in such alloy.

(4) Alloy steel in:

(a) Oxygen cylinders for breathing apparatus and inhalators, to the extent required to meet the specifications of the Interstate Commerce Commission.

(b) Foot guards and toe guards (where the use of any less critical material is not practicable), to the extent necessary to provide adequate protection against impact injuries, provided that only NE 8630 or a lower grade steel may be used.

(5) Tin in solder as permitted by Conservation Order M–43, as amended from time to time.

(6) Synthetic plastics in:

(a) Protective hats and caps.

(b) Face shields.

(c) Goggle frames.

(d) Lenses and laminated glass.

(e) Respirator and gas mask parts.

(f) Mounting panels, rheostats, connections, plugs, and insulation in cases, for hazard measuring devices when necessary for efficient operation.

(g) Safety clothing.

(h) Salt tablet dispensers.

(i) Machine guards.

(j) Goggle headbands.

(7) Rubber as permitted under Supplementary Order M–15–b, as amended from time to time.

(8) Synthetic rubber on specific authorization of the War Production Board.

(9) Elastic fabric in safety equipment to the extent necessary for efficient functioning and required endurance, except that when elastic fabric is used in headbands for the following safety equipment it shall not exceed the lengths specified hereafter:

(a) Cup type goggles—21 inches.

(b) Respirators—12 inches when crude or synthetic rubber is used; to the extent necessary for efficient functioning and required endurance when reclaimed or scrap rubber is used.

(10) Aluminum in machine guards (where the use of any less scarce material is not practicable): *Provided*, That proper authorization to use aluminum is obtained pursuant to application under paragraph (d) of Supplementary Order M–1–l.

PART 3042—PILCHARD

[Revocation of General Preference Order M–206]

Section 3042.1 *General Preference Order M–206* is hereby revoked. This action shall not be construed to affect in any way any liability or penalty accrued or incurred under said order or any amendment thereto.

Issued this 26th day of July 1943.

PART 3058—USED CONSTRUCTION EQUIPMENT

[Limitation Order L–196, as Amended July 26, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rubber and other materials used in the production of construction equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3058.1 *Limitation Order L–196*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(b) *Inapplicability of this order.* This order shall not apply to the Army, Navy, Maritime Commission or War Shipping Administration. Paragraphs (d) and (e) shall not apply to any person who has acquired used construction equipment for export outside the continental limits of the United States or to any person who is a farmer as defined in this order.

(c) *Definitions.* (1) "Person" means any individual, partnership association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not, except those excluded by paragraph (b) hereof.

(2) "Construction equipment" means any of those products listed in Schedule A attached hereto and made a part of this order.

(3) "Used" when applied to construction equipment, means any construction equipment which has been delivered to an ultimate consumer.

(4) "Continental limits of the United States" means the forty-eight states of the United States and the District of Columbia.

(5) "Farmer" means a person who engages in farming as a business, by raising crops, livestock, bees or poultry. It also includes a custom operator who uses farm supplies in performing services for farmers. It does not include a person who merely has a "victory garden" or raises food or other agricultural products entirely for his own use.

(d) *Registration of used construction equipment.* Any person owning used construction equipment purchased prior to October 1, 1942, shall on or before October 31, 1942, register such equipment by completing, signing and returning by mail WPB Form 1159 to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which such equipment is located.

(e) *Registration of change of status of used construction equipment.* Within one week after any used construction equipment (1) is moved from the project on which it is being used; (2) becomes idle after completing its work on that project even if not moved from the project; (3) not being on a project is put into use on a project; or (4) has had its ownership changed, any person owning such equipment shall register such change of status by completing, signing and returning by mail WPB Form 1333 or such other form as may be in the future specified by the War Production Board to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which such equipment is located.

(f) *Restrictions on exports.* (1) On and after January 16, 1943, no person, other than the Army, Navy, Maritime Commission, War Shipping Administration or their authorized agents, shall export used construction equipment outside the Continental limits of the United States unless specifically authorized by the War Production Board.

(2) Application for permission to export shall be made in quadruplicate on Form PD–556 to the War Production Board, Washington 25, D. C., Ref.: L–196. Such applications when approved by the War Production Board and returned to the applicant shall constitute an authorization to export.

(3) Nothing in this order shall eliminate the necessity of an applicant obtaining an export license from the Office of Export Control, Board of Economic Warfare where required.

(g) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning the movement of used construction equipment from projects.

(h) *Audit and inspection.* All records required to be kept by this order, shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is

guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(j) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the War Production Board Regional Office in the region in which the equipment is located setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The War Production Board may thereupon take such action, if any, as it deems appropriate by the amendment of this order or otherwise.

(k) *Communications.* All communications concerning this order shall be addressed to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which the equipment is located.

Issued this 26th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

NOTE: Schedule A amended in its entirety July 26, 1943.

1. Angledozers [2] and modifications thereof.
2. Batchers,[1] construction material.
3. Batching plants, construction type, portable.
4. Batching plants,[1] construction type, stationary as one unit.
5. Bins, construction materials, portable (over 20 cubic yard capacity).
6. Bins,[1] construction material, stationary (over 20 cubic yard capacity).
7. Brooms,[2] contractors rotary.
8. Buckets,[2] clamshell.
9. Buckets,[2] concrete.
10. Buckets,[2] dragline.
11. Buckets,[2] orange peel.
12. Buckets,[2] scraper (bottomless) for dragline operation.
13. Buggies & carts, concrete, power propelled.
14. Bulldozers [2] and modifications thereof.
15. Concrete surfacing machines, highway type.
16. Cranes, crawler mounted power.
17. Cranes, rubber tired mounted power.
18. Cranes,[2] tractor mounted power and modifications thereof.
19. Crushers,[1] jaw and roll, portable type.
20. Crushing plants, portable type.
21. Derricks,[1] guy, contractors and material handling, stationary type.
22. Derricks,[1] stiff leg, contractors and material handling, stationary type.
23. Discs, road, wheel mounted type and harrow type for construction work.
24. Distributors, bituminous.
25. Ditchers, blade.
26. Ditchers, ladder.
27. Ditchers, wheel.
28. Draglines, see Cranes.
29. Draglines,[1] slack line.
30. Draglines, walking.
31. Dredges [1] & dredge equipment, except mining.
32. Drilling machines, rock, portable mounted.
33. Dryers,[1] construction aggregate.
34. Earth boring machines,[2] vertical auger type (except post hole diggers).
35. Excavators, see power shovels.
36. Finegraders and subgraders, self-propelled type.
37. Finishers, bituminous paving.
38. Finishers, concrete paving.
39. Forms, concrete road.
40. Graders, blade and pull type, earth moving.
41. Graders, elevating, earth moving.
42. Graders, self-propelled, earth moving.
43. Hammers, pile.
44. Heaters and circulators, tank car.
45. Hoists,[1] contractors and material handling exceeding 6000 pounds line pull at 250 FPM line speed or exceeding 1,360,600 foot pounds effort based on second wrap of cable.
46. Hoppers, portable concrete.
47. Jacks, mud.
48. Loaders, portable bucket (other than coal loaders and mining loaders).
49. Loaders, portable snow.
50. Maintainers, road and shoulder.
51. Mixers, agitator, concrete truck type with or without elevating towers.
52. Mixers,[1] concrete construction (7 cu. ft. capacity and larger).
53. Pavers, concrete.
54. Plants, asphalt, including travel mix type.
55. Plants, bituminous patch, hot or cold mixer type, 10 ton per hour capacity or more.
56. Plants, stabilizing.
57. Plows, cable laying.
58. Plows, snow (rotary and blower types).
59. Power control units for tractors [2] (both cable and hydraulic).
60. Pumps, concrete, except for well cementing.
61. Pumps,[1] dewatering & supply, larger than 90 thousand gallons per hour.
62. Rippers, road
63. Rollers, road, pneumatic tired.
64. Rollers, road, tandem.
65. Rollers, road, portable.
66. Rollers, road, three wheeled.
67. Rollers, tamping and sheepsfoot.
68. Scarifiers, complete machines, not attachments.
69. Scrapers, carrying or hauling, both drawn and self-propelled.
70. Screening plants, portable type.
71. Shovels, power, crawler mounted ($2\frac{1}{2}$ yard capacity and smaller).
72. Shovels, power rubber mounted.
73. Shovels, power, tractor mounted.
74. Sprayers, maintennnce units, bituminous material (over 300 gal. capacity).
75. Spreaders, concrete, paving.
76. Sweepers, street, motor pick-up.
77. Towers, concrete placing.
78. Towers, material elevating.
79. Tractors, crawler or track-laying type, including attached equipment.
80. Washing and screening plants, portable type.
81. Wagons, contractors, crawler.
82. Winches,[2] track-laying tractor mounted.

[1] If these items are permanently inbuilt as part of a complete stationary operating plant such as a mine, quarry, or sand and gravel plant and cannot be removed as a separate unit without destroying the operating continuity of such a plant, they need not be reported.

[2] If these items are used as attachments to any single operating unit of equipment, such as a crane or a tractor, they may be reported as attachments to the operating units, but spare or standby items must be reported separately.

PART 3274—MACHINE TOOLS AND INDUSTRIAL SPECIALTIES [1]

[General Preference Order E–5–a as Amended July 26, 1943]

GAGES AND PRECISION MEASURING HAND TOOLS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of gages and precision measuring hand tools, for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3274.41 [1] *General Preference Order E–5–a*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Producer" means any person who is engaged in the manufacture of gages or precision measuring hand tools.

(3) "Approved user" means any of the following:

(i) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company.

(ii) Any person producing any product or conducting any business listed on Schedule I or II of CMP Regulation No. 5, as amended from time to time.

(iii) Any person conducting any activity or rendering any service listed on Schedule I or II of CMP Regulation No. 5A, as amended from time to time.

(iv) The government of any country designated, under the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), as eligible to receive lend-lease aid.

(v) Any person to whom the Board of Economic Warfare has approved the granting of an export license for gages or for precision measuring hand tools.

(vi) Any other persons specifically designated by the War Production Board.

(4) "Approved employee" means any person who is employed or is about to be employed by any approved user. A student of any vocational or other training school is not an approved employee as such, and sales to such students, whether by producers, distributors, or the vocational or training school itself are not permitted under the provisions of this order.

(5) "Distributor" means any person other than an approved user who purchases or accepts delivery of any gages or precision measuring hand tools exclusively for resale and not for use.

(6) "Gages and precision measuring hand tools" means those tools which are used to determine whether a product meets required dimensional specifications, excluding those gages specified on Exhibit A attached hereto and excluding devices made of wood.

(7) "Continental United States" means the territory comprising the several States and the District of Columbia.

(b) *Restrictions on sales by producers and distributors.* On and after May 1, 1943, no producer or distributor shall sell or deliver any gages or precision measuring hand tools except in fulfillment of the following purchase orders:

(1) Purchase orders placed by approved users, and by distributors, bearing a preference rating of A–9 or higher, accompanied by a statement substantially as follows which shall be in addition to any other certification required in applying or extending such preference rating:

Purchased pursuant to General Preference Order E–5–a. Delivery of this order will not increase the undersigned's inventory beyond a supply required by the undersigned's current practices for use or for resale during a thirty-day period, except as permitted by paragraph (e) of General Preference Order E–5–a.

Provided, however, No such statement is required to accompany purchase orders for those production type gages listed on Exhibit B attached hereto.

(2) (i) Purchases made by approved employees prior to August 15, 1943 bearing a preference rating of AA–2X or higher, accompanied by a certification by the approved employee and an authorized official of his employer (which employer must be an approved user) signed either manually or as provided in Priorities Regulation 7, substantially as follows:

Preference Rating ------ (specify rating) EHT. The following gage or precision measuring hand tool----------

---

(only one tool may be placed on each certification; specify type and size of tool)

is required by the undersigned approved employee as a condition to retaining or obtaining employment with the undersigned approved user as defined in General Preference Order E–5–a. The undersigned approved employee further certifies that he does not own or possess any similar gage or tool capable of use in his employment.

Name of Approved Employee

Position: ----------

Name and Address of Approved User

Authorized Signature

(ii) Deliveries to an approved employee prior to August 15, 1943, of gages and precision measuring hand tools which are required by him as a condition to retaining or obtaining employment with an approved user are hereby assigned the same preference rating as is assigned to such approved user's purchase of maintenance, repair and operating supplies by CMP Regulation 5 or CMP Regulation 5A. (For example: Deliveries to an approved employee of gages and precision measuring hand tools required in his employment in a plant manufacturing ammunition are assigned a preference rating of AA–1, this being the same rating assigned to his employer (an approved user) by Schedule I of CMP Regulation 5.) After August 15, 1943, employees requiring gages and precision measuring hand tools will be expected to obtain them in accordance with the procedure contained in Direction 9 to CMP Regulation 5.

(iii) A preference rating assigned under paragraph (b) (2) (ii) of this order shall be applied by placing the rating at the commencement of the joint certification required from the approved employee and his employer by paragraph (b) (2) (i) of this order.

(iv) A person who receives a purchase order rated and endorsed in accordance with paragraph (b) (2) of this order may extend the rating to the extent permitted by Priorities Regulation No. 3 (using the endorsement therein specified) and accompanying such endorsement with the symbol EHT and a statement substantially in the same form as set forth in paragraph (b) (1) of this order.

(v) The symbol EHT shall constitute an "allotment symbol" for the purposes of CMP Regulation No. 3, and a purchase order bearing the symbol EHT shall have the status of a delivery order bearing a preference rating with an allotment symbol as provided in CMP Regulation No. 3.

(3) Purchases by any employee of gages or precision measuring hand tools rated pursuant to Direction 9 to CMP Regulation 5 and accompanied by the joint employer-employee certification therein provided for.

(c) *Restrictions on sales by approved users.* On and after May 1, 1943, no approved user shall sell or deliver any gages or precision measuring hand tools except to persons employed or about to be employed by such approved user, or except pursuant to § 944.11 of Priorities Regulation No. 1.

(d) *Effect of certification.* Any certification made pursuant to this order shall constitute a representation to the seller and to the War Production Board of the truth of the facts therein set forth, upon which the seller shall be entitled to rely unless he knows or has reason to believe the same to be false.

(e) *Restrictions on inventory.* On and after May 1, 1943, no distributor or approved user shall buy or accept delivery of any gage or precision measuring hand tool the deliver of which will at the time effect an increase in his inventory beyond a supply required by his current practices for use or for resale during a thirty-day period: *Provided, however,* That the deliveries of gages or precision measuring hand tools pursuant to the following designated types of purchase orders shall be permitted to effect such an increase:

(1) Purchase orders placed by any procurement agency of the United States pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(2) Purchase orders placed by the Army, Navy, Maritime Commission, or War Shipping Administration for gages or precision measuring hand tools required for bases or supply depots outside the continental United States, or for bases or supply depots within the continental United States which are maintained for emergency purposes or to supply such bases or supply depots outside the continental United States.

(3) Purchase orders for those production type gages listed on Exhibit B attached hereto.

(f) *Changes in schedules.* Notwithstanding any other provision of this order, the War Production Board may direct or change any schedule of production or delivery of gages or precision measuring hand tools, allocate any order for gages or precision measuring hand tools to any other producer, divert or otherwise direct the delivery of any gage or precision measuring hand tool to any other person.

(g) *Records.* Each producer and distributor shall keep and preserve for not less than two years complete records of his inventories and sales of gages and precision measuring hand tools.

(h) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(j) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall, from time to time, request.

(k) *General Preference Order E–5 superseded.* This order supersedes as of May 1, 1943, General Preference Order E–5, issued on June 15, 1942.

(l) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(m) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Tools Division, Washington, D. C., Ref.: E–5–a.

(n) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable provisions of the regulations of the War Pro-

PART 3274—MACHINE TOOLS AND INDUSTRIAL SPECIALTIES

[Limitation Order L–302, as Amended July 26, 1943]

CHAIN

The fulfillment of requirements for the defense of the United States has created a shortage of chain for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3274.77 *Limitation Order L–302*—(a) *Definitions.* For the purposes of this order:

(1) "Producer" means any person who manufactures chain.

(2) "Chain" means any welded or weldless chain, excluding attachments other than repair links and excluding the following types of chain:

Anchor chain (stud link).
Band track chain.
Bead chain.
Buoy chain.
Cast metal chain.
Jewelry chain (for identification tags, costume jewelry, etc.).
Metal pickling chain.
Pocket wheel chain.
Sprocket wheel, hoist, and conveyor chain, including ladder chain.
Tire chain.
Universal chain.
Welded brass chain.
Welded sash chain.

(3) "Chain assembly" means any chain which has been cut by the producer to a fixed length and assembled, with or without attachments, to fulfill a specific purpose.

(4) "Present manufacture" means as regularly manufactured by a producer on June 26, 1943.

(5) "PD–1X order" means any order for chain or any chain assembly now or hereafter placed with a producer by any person acquiring such chain or chain assembly pursuant to a rating assigned on Form PD–1X.

(6) "Other order" means any purchase order for chain or any chain assembly except PD–1X orders.

(b) *Restrictions on manufacture of chain.* (1) Except as provided in paragraph (b) (2) hereof:

(i) No producer shall commence processing any raw material into any chain or chain assembly which does not conform to the types, sizes, specifications, and finish contained and prescribed in the schedule attached hereto.

(ii) No producer shall sell or make delivery, nor shall any person purchase or accept delivery of any chain or chain assembly which he knows or has reason to believe was not manufactured in accordance with this order.

(2) The provisions of paragraph (b) (1) shall not apply

(i) To any chain or chain assembly not permitted by the schedule attached hereto processed from any raw material in a producer's inventory on June 26, 1943, or received within 45 days after June 26, 1943: *Provided*, That such raw material is not suitable for processing into any chain or chain assembly permitted by the schedule attached hereto.

(ii) To any chain or chain assembly the production of which has been commenced prior to June 26, 1943.

(iii) To any completed chain or completed chain assembly which was in any person's inventory in finished form on June 26, 1943.

(iv) To special chain assemblies made up to fulfill specific purposes which cannot be served by the types of chain assemblies permitted to be manufactured by the schedule attached hereto. Such special assemblies may be made only to fill a specific order placed by an ultimate consumer and shall be made only out of those types of chain permitted to be manufactured in the schedule attached hereto.

(v) To any chain required for the repair or maintenance of existing chain or chain assemblies when such repair or maintenance requires chain of special link dimensions not permitted by the schedule attached hereto.

(vi) To the carburizing or nitriding of chain to meet individual specifications.

(vii) To any chain or chain assembly produced with specific permission of the War Production Board.

(3) Wherever on the attached schedule with respect to any type of chain or chain assembly link dimensions are specified as "present manufacture" each producer shall forthwith file with the War Production Board, Tools Division, Reference: L–302, his established link dimensions for such type chain or chain assembly. The producer may thereafter apply to the War Production Board for leave to amend such link dimensions, but unless and until such leave is granted by the War Production Board in writing, such link dimensions in accordance with their present manufacture shall remain binding upon such producer.

(c) *Allocation of production between PD–1X orders and other orders.* Commencing with the month of July 1943 and each month thereafter, each producer shall schedule his monthly production and delivery thereof as follows:

(1) To the extent that he has PD–1X orders on hand, he shall schedule between 5 and 7 percent of his total monthly production in pounds of each type and size of chain and chain assemblies for delivery against PD–1X orders requiring delivery in such month. No producer shall schedule any order pursuant to this paragraph (c) (1) unless it clearly appears from such order that the rating applied thereto was assigned on Form PD–1X.

The sequence of deliveries on PD–1X orders within the percentage limitation thereon which may be delivered in any given month shall be scheduled according to applicable War Production Board regulations.

(2) To the extent that he has other orders on hand, he shall schedule between 93 and 95 percent of his total monthly production in pounds of each type and size of chain and chain assemblies for delivery against other orders requiring delivery in such month.

The sequence of deliveries on other orders within the percentage limitation thereon which may be delivered in any given month shall be scheduled according to applicable War Production Board regulations.

(3) Any portion of the percentage allocated to PD–1X orders which has not been taken up by such orders on or before the fifteenth day preceding the first day of the month being scheduled shall be scheduled for delivery against other orders, and vice versa.

(d) *Other allocation and scheduling directions.* With respect to any chain or chain assembly, the War Production Board may, notwithstanding any other provision of this order:

(1) Direct the return or cancellation of any order on the books of the producer.

(2) Direct changes in the delivery or production schedule of a producer.

(3) Allocate orders placed with one producer to another producer.

(4) Revoke any authorization to place an order granted pursuant to this general preference order.

(e) *Reports.* Each producer shall execute and file with the War Production Board Form WPB–2064 and such other reports and questionnaires as said Board may from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(g) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board.

(h) *Communications.* All reports, appeals, and other communications concerning this order shall be addressed to: War Production Board, Tools Division, Washington, D. C., Ref.: L–302.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 26th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE

TABLE I—WELDED STEEL COIL CHAIN

Welded steel coil chain shall be made only in the following types. Link design of all types shall be straight link except that Liberty coil chain and Liberty machine chain may be made in both straight and twist link and Liberty truck chain may be made in twist link only.

All types shall be made out of open hearth steel except that proof coil chain may also be made of wrought iron, high test chain shall be made only from carbon steel SAE–1018—SAE–1040, inclusive, and alloy stee' chain may be made to individual customers' specifications provided the end use is one for which carbon steel chain or wrought iron chain is unsuitable.

A producer may apply an oxide or phosphate finish to any welded steel coil chain if required by Army, Navy, Maritime Commission, or War Shipping Administration specifications for a specific order. Otherwise, finishes shall conform to this table.

All sizes specified are trade sizes.

Type	Link dimensions	Finish	Permitted sizes
Proof coil chain	Fed. Spec. RR–C–271	Self-colored or galvanized	3/16", 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 3/4", 7/8", 1", 1 1/4", 1 1/2".
BBB coil chain	Present manufacture	Self-colored or galvanized	3/16", 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 3/4", 7/8", 1", 1 1/4", 1 1/2".
High test chain	Present manufacture	Tumbled only to remove burs.	1/4", 5/16", 3/8", 7/16", 1/2", 5/8", 3/4", 7/8", 1", 1 1/8", 1 1/4", 1 3/8", 1 1/2", 1 5/8", 1 3/4", 1 7/8", 2".
Alloy steel chain	Present manufacture	Tumbled only to remove burs.	3/8", 1/2", 9/16", 5/8", 3/4", 7/8", 1", 1 1/8", 1 1/4".
Liberty coil chain	Present manufacture	Self-colored, bright or galvanized.	#1, #3, #2, #1/0, #2/0, #3/0, #5/0, #6/0 #7/0.
Liberty machine chain.	Present manufacture	Self-colored, bright or galvanized.	#1, #3, #2, #1/0, #2/0, #3/0, #5/0, #6/0, #7/0.
Liberty truck chain	Present manufacture	Self-colored or bright	#7/0, #9/0.
Heel coil chain	3/4" x 2" (Pattern No. 130) and 3/4" x 2 1/2" (Pattern No. 131)	Bright	5/16".
Passing link chain	Present manufacture	Self-colored or bright	#2/0, #4/0.
Side chain	In accordance with Limitation Order L–201, paragraph (d).		In accordance with Limitation Order L–201, paragraph (b).

TABLE II—WROUGHT IRON DREDGE OR CRANE CHAIN

This chain shall be made only from double refined wrought iron bars; bars to be made from all pig-puddled or processed wrought iron and free from iron scrap or steel. In the final piling all bars shall be the full length of the pile; the original muck bars shall be piled, rolled, repiled and rerolled.

The maximum manganese content permitted is 0.06%.

Finish shall be self-colored.

In addition to the following permitted link dimensions, this chain may be made with link dimensions conforming to Fed. Spec RR–C–271 and Navy Specification 42–C–19.

Permitted Link Dimensions (tolerance allowed ±4%)

Trade size (inches)	Outside length (inches)	Outside width (inches)	Inside length (inches)	Inside width (inches)

TABLE III—WELDED STEEL CHAIN AND WELDED IRON CHAIN ASSEMBLIES

All welded steel chain and welded iron chain assemblies shall be made only from those types of chain permitted to be manufactured in Tables I and II and shall be further limited in sizes and specifications as stated below.

Sling Chains

Steel sling chains shall be made out of those types of steel chain permitted in Table I.

Wrought iron sling chains shall be made only from wrought iron dredge or crane chain as permitted in Table II.

No special sling chain assemblies shall be made except where these are permitted by paragraph (b) (2) (iv).

Railroad Brake Chains

Shall be made from proof coil chain; trade sizes, 7/16", 1/2", 9/16", 5/8", 3/4".
Finish: Self-colored.

Railroad Safety Chains

Shall be made from proof coil chain; trade sizes: 1/4", 9/16", 5/8", 3/4", 7/8", 1", 1 1/8", 1 1/4".
Finish: Self-colored.

Railroad Switch Chains

Shall be made from proof coil chain; trade sizes: 3/4", 3/4", 7/8", 1".
Finish: Self-colored.

Boom and Rafting Chains

Shall be made from proof coil chain; styles as presently manufactured by the producer; sizes: As the purchaser may require.
Finish: Self-colored.

Chain Dogs

Style A, plain points.
Finish: Self-colored.
Link size: 5/16".
Blade size: 3/8" x 1 1/4" x 6" to 6 1/2".

Ring Dogs

Style C, round ring, plain point.
Finish: Self-colored.
Ring size: 3/8" x 3".
Blade size: 3/8" x 1 1/4" x 6" to 6 1/2".

Log Chains

Shall be made from proof coil chain; trade sizes: 1/4", 5/16", 3/8", 1/2".
May be made only in 14-foot lengths in pattern 120 with grab hook on one end, slip hook on other end, no swivel.
Finish: Self-colored.

Towing Chains (excluding Special River Tow Chains)

Shall be made from proof coil, BBB, or high test chain; sizes as presently manufactured by producer.

Wagon Chains

Finish on all wagon chains shall be self-colored.

Wagon end gate chains: Shall be made from proof coil chain; sizes: 1/4", 9/16", 3/8", 7/16", 1/2".

Anti-spreader chain: Shall be made from #2/0 straight link Liberty coil chain; lengths 38" and 42".

Wagon stay chains: Straight link, length as required; exact sizes: 5/16", 3/8".

Wagon tongue or pole chain: Regular pattern; exact sizes: 9/16", 3/8".

Wagon stretcher chain: Regular pattern; exact sizes: 5/16", 3/8".

Wagon lock chain: Straight link; exact sizes: 5/16", 3/8".

NOTE: Link dimensions of wagon stay chains, wagon tongue or pole chain, wagon stretcher chain, and wagon lock chain are not required to conform to Table I.

Harness Chains

Finish on all harness chains shall be bright.

The following harness chains only may be made:

Trace chains: Ring and hook patterns without swivel; may be made to the following two specifications only:

(a) Body links shall be made of 15/64" side chain. End links are limited to six, and their dimensions shall be as follows: 1/4" (exact size) x 1/2" x 2 1/2" (inside). Ring dimensions shall be 5/16" (exact size) x 1 3/4" (inside). This size trace chain may be made in the following lengths: 6 1/2', 7', 7 1/2'.

(b) Body links shall be made of 9/32" side chain. End links are limited to six, and their dimensions shall be as follows: 8/32" (exact size) x 1/2" x 2 1/2" (inside). Ring dimensions shall be 11/32" (exact size) x 1 3/4" (inside). This size trace chain may be made in the following lengths: 7', 7 1/2', 8'.

Stage traces: Regular pattern, no swivel permitted; may be made only from #5/0 twist link Liberty coil chain in 42" length.

Butt chains: Regular pattern, no swivel permitted; hook or ring permitted on one end; may be made with four end links in the following length chains: 24", 30". Body link, end link, and ring dimensions shall be the same as permitted for trace chains.

Breast chains: Pattern No. 220; trade lengths 28" and 32" permitted.

Single breast chains: Patterns No. 155; trade size No. 2; length 26".

Cart back chains: As presently manufactured.

Hobble chains: Coast pattern; size No. 2; length 10"; Dee size 1 3/4".

Heel chains: May be made in the following trade sizes, with the number of links specified: No. 45—4, 6, and 8 links; No. 52—4, 6, and 8 links; No. 66—6 and 8 links. No. 45

may have Dees of the following sizes: 1½", 1¾", 2".

Animal Tethering Assemblies

Finish on all animal tethering assemblies shall be bright. Patterns, sizes and lengths permitted only as specified.

Cow ties: Ohio pattern and open ring pattern. Ohio pattern sizes #2/0 (length 4½'), #3/0 (length 5'), #5/0 (length 5½'), #7/0 (length 6'). Open ring pattern #2/0 only, in 3', 3½', and 4½' lengths.

Halter chains: Regular pattern, in sizes #1/0 and #3/0; 4½' and 6' lengths permitted.

Choke collar chains: May be made only from #3 twist link Liberty machine chain in such lengths as are required.

Chain Repair Parts

The following repair parts may be made according to the specifications provided:

Repair or lap links: Finish—bright or galvanized; end open pattern—$\frac{3}{16}$" x 1", $\frac{1}{32}$" x 1¼" (trade size 10–3), ¼" x 1¼" (trade size 10–2), $\frac{9}{32}$" x 1¼" (trade size 10–1), $\frac{5}{16}$" x 1½", $\frac{3}{8}$" x 2", ½" x 2½"; side open pattern—$\frac{5}{8}$" x 2½".

"C" links: Plain pattern, bright finish; size ½" x 2½".

Cold shuts: No. 1 and No. 3 patterns, finish self-colored; sizes as required.

TABLE IV—WELDLESS COIL CHAIN

Weldless coil chair shall be made only in the following types and sizes. Material and finish on such chain may be as specified by the purchaser. Types refer to classification of types in Federal Specification RR–C–271.

(a) *Wire Chain*

Type	Permitted sizes
Class 1 (single-loop pattern) chain.	#4, #2, #1/0, #2/0, #3/0, #4/0, #5/0, #6/0, #7/0
Class 2 (double-loop pattern) chain, style 1.	#7, #4, #3, #2, #1, #2/0, #4/0, #6/0, #8/0, #10/0
Class 2 (double-loop pattern) chain, style 2.	#4, #2, #1/0, #2/0, #3/0
Class 7, single jack chain.	#19, #18, #16, #14, #12, #10, #8, #6, #5
Class 8, double jack chain.	#19, #18, #16, #14, #12, #10
Class 10, register chain (safe chain).	#18, #16, #14, #12, #10
Pump chain	#6

(b) *Flat Metal Chain*

Class 3, sash chain	#8, #8B, #25, #30, #35, #40, #45, #50, #60, #65
Class 4a, flat link (long pitch) and Class 4b, flat link (short pitch) chain.	#31, #33, #35, #12, #9½, #91, #8, #7, #3, #113, #330, #350, #4–0 Special, #210, #280
Class 6, safety chain (plumbers chain).	#00, #0, #1

TABLE V—WELDLESS CHAIN ASSEMBLIES

All weldless chain assemblies shall be made only from those types of chain permitted to be manufactured in Table IV and shall be further limited in sizes and specifications as stated below. Weldless chain assemblies may be finished as specified by the purchaser.

Tie out chains: Double-loop pattern chain only may be used; sizes #1 and #2/0 only; permitted lengths 20' and 30' only. Link dimensions on tie out chains may exceed regular dimensions for these sizes in double-loop pattern chain.

Halter chains: Double-loop pattern chain only may be used; sizes #1, #2/0, #4/0, and #6/0; permitted lengths 4½' and 6'.

Cow ties: Ohio pattern; may be made out of double-loop pattern chain only with or without swivel; size #2/0 only; permitted length 4½'.

Anti-spreader chains: Double-loop pattern only may be used; size #2/0; permitted lengths 38" and 42" only.

Kennel chains: Double-loop pattern only may be used; size #2/0; permitted lengths 6' and 9'. Kennel chains may be manufactured only for use with work dogs employed for purposes of training or hauling sledges.

PART 3282—MISCELLANEOUS CHEMICALS

[Allocation Order M–340]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of the chemicals subject to this order for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3282.1 *Allocation Order M–340*—(a) *Definitions.* (1) "Subject chemical" means any chemical listed in Appendix A, as therein defined.

(2) "Producer" means any person engaged in the production of any subject chemical and includes a person who imports any subject chemical or has it produced for him pursuant to toll agreement.

(3) "Distributor" means any person who buys any subject chemical for the purpose of resale without further processing and without changing the form thereof.

(4) "Supplier" means a producer or distributor.

(b) *Restrictions on deliveries.* (1) On and after the applicable effective date stated in Appendix A, no supplier shall deliver a subject chemical to any person except as specifically authorized or directed in writing by War Production Board. No person shall accept delivery of a subject chemical which he knows or has reason to believe is delivered in violation of this order.

(2) Authorizations or directions as to deliveries to be made by suppliers in each calendar month will generally be issued by War Production Board prior to the beginning of such month, but may be issued at any time. They will normally be issued on Form PD–602 which is to be filed by the supplier with War Production Board as explained in paragraph (g) below.

(3) If a supplier is authorized or directed by War Production Board to deliver a subject chemical to any specific customer or group of customers, but is unable to make the delivery either because of receipt of notice of cancellation or otherwise, the subject chemical shall revert to inventory, and shall not be delivered, or used, without further instructions.

(c) *Exceptions for small deliveries.* (1) Specific authorization in writing of War Production Board is not required for delivery by any supplier to any person in any calendar month of a subject chemical in a quantity not exceeding the quantity stated in Column 3 of Appendix B.

(2) The aggregate quantity of a subject chemical which any supplier may deliver in any calendar month pursuant to paragraph (c) (1), shall not exceed the quantity which War Production Board shall in writing specifically authorize or direct such supplier to deliver in such month under paragraph (c) (1), on application made by such supplier (in the normal case on Form PD–602 filed pursuant to paragraph (g) hereof).

(d) *Exceptions for deliveries for other reasons.* Specific authorization in writing of War Production Board is not required for delivery of a subject chemical by any supplier to any other person for a purpose stated in Column 4 of Appendix B.

(e) *Restrictions on use.* (1) On and after the applicable effective date stated in Appendix A, no supplier shall use a subject chemical except as specifically authorized or directed in writing by War Production Board.

(2) Each person who with an order for a subject chemical furnishes a certificate required by paragraph (f) shall use the subject chemical delivered on such order only as specified on such certificate except as otherwise specifically authorized or directed in writing by War Production Board.

(3) War Production Board may from time to time issue directions with respect to the use or uses which may or may not be made of a subject chemical to be delivered to, or then in inventory of, the prospective user.

(f) *Supplier to obtain from customer a certificate of use.* No supplier shall in any calendar month (beginning in the case of each subject chemical with the calendar month following the month in which the order becomes effective as to that chemical as stated in Appendix A) deliver to any person a greater quantity of such subject chemical than is stated in Column 3 of Appendix B, unless he shall have received from such person a certificate as to the use for which such person is ordering such subject chemical. Such certificate must be received by the supplier not later than the 15th day of the month preceding the month in which delivery is to be made. It need not be filed with War Production Board. A supplier must not deliver a subject chemical where he knows or has reason to believe the purchaser's certificate is false, but in the absence of such knowledge or reason to believe, he may rely on the certificate.

(g) *Applications by suppliers for leave to deliver or use.* (1) Each supplier requiring authorization to make delivery of, or to use, a subject chemical during any calendar month shall file application on or before the 20th day of the preceding month. The application should be made on Form PD–602 in the manner set forth in the general instructions appearing on that form, subject to the special instructions contained in Appendix D. If there is an inconsistency between the general and special instructions, the special instructions must be followed.

(2) War Production Board may issue to any supplier other and further directions with respect to preparing and filing Form PD–602.

(h) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of War Production Board, as amended from time to time.

(2) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, 25 D. C. Ref: M–340.

Issued this 26th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A

Chemicals subject to this order. (1) "Acetaldol" means the chemical known by that name and by the names aldol, beta hydroxy butyric aldehyde, oxybutanol, 3-hydroxy butanal.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(2) "ST–115" means the preparation known by that trade name, as defined and specified in Appendix to Regulation No. 3 (1942 Revision) of the Bureau of Internal Revenue.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(3) "Dehydrol-O" means the chemical known by that trade name, as defined and specified in Appendix to Regulations No. 3 (1942 Revision) of the Bureau of Internal Revenue.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(4) "G. C.–78" means the chemical known by that trade name.

Effective date—August 1, 1943. Comes in the following grades: no grades.

APPENDIX B

Name of chemical	Unit of measure	Maximum quantity deliverable to any one person in any calendar month without specific authorization, and without certificate required by paragraph (f).	Purpose for which delivery may be made without specific authorization, regardless of quantity. (See par. (d).)
(1) Acetaldol	Gallon	54 gallons	None.
(2) ST–115	Gallon	54 gallons	None.
(3) Dehydrol-O	Gallon	54 gallons	None.
(4) G. C.–78	Gallon	54 gallons	None.

APPENDIX C

CUSTOMER'S CERTIFICATE OF INTENDED USE

The undersigned purchaser hereby certifies to War Production Board and to his supplier, pursuant to Order No. M–340, that the _____ (specify subject chemical) ordered for delivery in _____, 194__, Month will be used by him for the manufacture or preparation of the following product(s), and that such product(s), on the basis of order(s) filed with the undersigned, will be put to the following end use(s):

	Gallons	Primary product	End use
(A)			
(B)			

_____
Name of purchaser

By _____

Date | Duly authorized official | Title

Instructions for customer's certificate. (1) The certificate shall be signed by an authorized official of the purchaser, either manually or as provided in Priorities Regulation No. 7.

(2) Where a purchaser wishes to receive more than the exempted quantity of each of two or more subject chemicals, a separate certificate shall be obtained as to each.

(3) The purchaser will specify under "Primary product", the exact product or products in the manufacture or preparation of which the subject chemical will be used or incorporated. Distributors ordering the subject chemical for resale as such will specify "Resale". If purchase is for inventory, state "inventory".

(4) Under "End use", purchaser will specify the ultimate or end use to which the primary product will be put. He will also indicate whether civilian, Lend-Lease, other export or military, and if the product is for uses falling in two or more such categories, the percentage falling in each. Also, he will give contract numbers in the case of military use or Lend-Lease, and in the case of expert, export license numbers. A distributor ordering the subject chemical for resale as such will leave blank the "End Use" column.

APPENDIX D

SPECIAL INSTRUCTIONS FOR SUPPLIER'S FORM PD–602

(1) *Obtaining forms.* Copies of Form PD–602 may be obtained at local field offices of the War Production Board.

(2) *Number of copies.* Prepare an original and three copies. File original and two copies with War Production Board, Chemicals Division, Washington 25, D. C., Ref.: M–340, retaining the third copy for your files. The original filed with the War Production Board shall be manually signed by a duly authorized official

(3) *Separate set for each chemical.* Where the supplier's application relates to deliveries of two or more subject chemicals, he will file a separate set of Form PD–602 for each.

(4) *Information at top of form.* In the heading, under "Name of Material", specify the subject chemical to which the Form PD–602 relates; under "Grade", specify grade stated in Appendix A, or if no grade specified, leave blank; under "WPB Order No.", specify "M–340"; indicate month and year during which deliveries covered by the application are to be made; under "Unit of Measure", specify unit of measure stated in Column 2 to Appendix B; under name of company, specify your name and the address of the plant or warehouse from which shipment will be made.

(5) *Listing of customers.* In Column 1 (except for small orders as explained in (7) below) list the name of each customer from whom an order for delivery of the subject chemical during the applicable month has been received. If it is necessary to use more than one sheet to list customers, number each sheet in order and show the grand total on last sheet which is the only one that need be certified.

(6) *Primary product and end use.* In Column 1–a (except for small orders as explained in (7) below), specify the product or products in the manufacture or preparation of which the subject chemical will be used by your customer, the end use to which such product or products will be put, and military or Lend-Lease contract numbers, and export license numbers, all as indicated by the certificate obtained under paragraph (f) of this order. The quantity of the subject chemical used in the manufacture or preparation of each primary product for each product use shall be shown separately. If the subject chemical ordered by a customer is for two or more uses, indicate each use separately and indicate the quantity of the subject chemical ordered for each use.

(7) *Small orders.* The supplier need not list the name of any customer to whom he is to deliver in the applicable month a quantity of the subject chemical not exceeding the maximum quantity (indicated in Column 3 of Appendix B) which he is permitted to deliver to any one person in any calendar month without specific authorization. Also, in the case of any such delivery, he need not show the name of the product or the end use. Instead, he must write in Column 1 "Total small order deliveries (estimated)" and in Column 4, must specify the total estimated quantity of the subject chemical to be delivered on such orders.

(8) *Use by producers.* A producer requiring permission to use a part or all of his own production of the subject chemical shall list his own name as customer in Column 1 on Form PD–602, specifying quantity required

and product manufactured. Written approval of War Production Board on such Form PD-602 shall constitute authority to the producer to use the subject chemical in the quantity and for the purposes indicated in such approved form.

(9) *Table II.* Each producer will report production, deliveries and stocks as required by Table II, Columns 9 to 16, inclusive. Distributors will fill out only Columns 10, 12 and 13. Producers and distributors will show in Column 8 Grade, as stated in Appendix A, or if no Grade is there specified, will leave Column 8 blank.

PART 3291—CONSUMERS DURABLE GOODS [1]

[Limitation Order L-64, as Amended July 26, 1943]

CASKETS, SHIPPING CASES AND BURIAL VAULTS

§ 3291.245 [1]. *General Limitation Order L-64*—(a) *Definitions.* For the purposes of this order:

(1) "Casket" means a container in which it is intended to place a human corpse for interment.

(2) "Burial vault" means a container in which it is intended to place a casket containing a human corpse for interment, and shall include burial boxes.

(3) "Shipping case" means a container in which it is intended to place a casket containing a human corpse for shipment and to which handles have been been attached in accordance with railroad shipping regulations.

(4) "Manufacturer" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons whether incorporated or not, engaged in the production, upholstering, finishing or lining of caskets, shipping cases or burial vaults or parts made specifically for incorporation into caskets, shipping cases or burial vaults.

(5) "Metal liner" means a metal container which is inserted into a wooden casket or burial box in order to provide hermetical sealing.

(6) "Metal" means metal or metallic substances in any form except metallic substances contained in powders, sprays, paints and pastes (see Conservation Orders M-1-g and M-9-c-3).

(7) "Joining hardware" means screws, hinges, nails, tacks, catches, escutcheons, bolts, arms and attaching plates for handles, devices for removable handles and other small hardware for joining and similar essential purposes, but does not include lid (panel) supports, top supports, lid irons to hold the foot lid in place on the ogee, hand hold covers, apron support and throw out devices, lid (panel) braces, eyelets and fasteners for attaching interior linings and corner body braces.

[1] Formerly Part 1125, § 1125.1.

(8) "Handle hardware" means hardware attached to the outside of a casket or shipping case for carrying purposes, but does not include arms and attaching plates for handles, and devices for removable handles.

(9) "Design" means the construction essentials of a casket which distinguish that casket from another casket. For the purposes of this order, two or more caskets identical in every respect other than species of wood, size, handle hardware, interior linings, upholstery, textile coverings or color of wood finishes shall be considered one design. Two or more caskets identical in every respect but containing different contours of moldings, pilasters or corners shall be considered two or more designs.

(10) "Preferred order" means any order, contract or subcontract placed by or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

(b) *Restrictions on production of caskets.* (1) No manufacturer shall process, fabricate, work on or assemble any metal for use in the production of caskets, or process, fabricate, work on or assemble any caskets containing any metal, except

(i) Handle hardware for caskets consisting of

(*a*) Assemblies of bars, ears, arms or tips containing antimony, lead, aluminum or zinc which were completely fabricated and assembled prior to March 28, 1942; and

(*b*) Handle arms containing antimonial lead fabricated on or after March 28, 1942 in compliance with the provisions of Conservation Order M-38-c, as amended, or any appeal granted under that order, provided, that not more than three pounds shall be used per casket;

(ii) Nameplates manufactured from secondary antimonial lead weighing not more than 14 ounces; and

(iii) Iron or steel contained in

(*a*) Any part, the manufacture or assembly of which has been specifically authorized by the granting of an appeal from this order, or from any other order provided that such authorization was granted after June 30, 1942;

(*b*) Lid (panel) supports, top supports, lid irons to hold the foot lid in place on the ogee, hand hold covers, apron support and throw out devices, lid (panel) braces, and corner body braces, which were completely fabricated prior to March 3, 1943;

(*c*) Handle hardware for caskets consisting of assemblies of bars, ears, arms and tips which were completely fabricated and assembled prior to September 24, 1942;

(*d*) Joining hardware not exceeding three pounds per casket whether or not the casket contains handle hardware assemblies or antimonial lead handle arms of the types specified in paragraphs (b) (1) (i) and (b) (1) (iii) (*c*) of this order, *Provided*, That, not more than 14 ounces of iron or steel are contained in handle arms and attaching plates, and *Further provided*, That, not more than one catch each is used on head lid (panel) and foot of top of basic or half couch caskets, nor more than two catches are used on hinged top caskets, nor more than one set of spring fasteners are used on a basic casket.

(2) On and after May 1, 1943, no manufacturer shall

(i) Cut a portion out of the body of the casket so as to make a dropside style;

(ii) Cut the ogee top so as to make a full couch style;

(iii) Cut panels on basic and half couch caskets except at center of panel or two inches or less off center of panel in length;

(iv) Use backing strips or filler strips on base moldings;

(v) Attach handles on the ends of a casket;

(vi) Use any interior fitting except what is known as basic or regular, half couch or hinged top fittings; or

(vii) Process or fabricate parts for elliptic end caskets.

(3) On and after May 1, 1943, no manufacturer shall process, fabricate, work on, assemble, finish or upholster any caskets, or parts for caskets, which do not conform to the specifications contained in Schedule A attached to this order, except that

(i) Plastic caskets produced from molds or forms completed prior to March 3, 1943 need not conform to the specifications on size of caskets contained in Schedule A but shall conform to all other specifications contained in Schedule A, and

(ii) Caskets produced on or before June 30, 1943 from parts fully fabricated prior to May 1, 1943, need not conform to the specifications on content of lumber and dimensions of caskets contained in Schedule A, but shall conform to all other specifications contained in Schedule A. The restrictions contained in paragraph (b) (4) of this order shall not apply to caskets produced pursuant to the provisions of this paragraph (b) (3) (ii).

(4) Except as provided in paragraph (b) (3) (ii) of this order, on and after May 1, 1943, no manufacturer shall process, fabricate, work on or assemble more designs of caskets than the following:

(i) Twelve designs of adult caskets (five feet six inches or more in inside bottom length);

(ii) One design of children's caskets (less than five feet six inches in inside bottom length);

(iii) One additional institution or hospital design (including both children and adults' sizes);

(iv) One design of still born containers; and

(v) Any other designs specifically authorized by the War Production Board pursuant to an application for permission to manufacture, fabricate or assemble substitute designs in place of designs produced on or after May 1, 1943.

(c) *Restrictions on production of metal liners.* (1) No manufacturer shall process, fabricate, work on or assemble any metal for use in the production of metal liners or produce any metal liners containing any metal, except

(i) Lead to be used for gaskets;

(ii) Lead to be used for soldering purposes, provided that such lead shall not contain more than 21% of tin by weight;

(iii) Any iron or steel, the manufacture or assembly of which has been specifically authorized by the granting of an appeal prior to March 3, 1943;

(iv) Not more than fifty pounds per metal liner of iron and steel or galvanized steel not exceeding 26 standard gauge in thickness, provided that any manufacturer who possessed in his inventory prior to March 28, 1942, iron and steel, galvanized steel, terne sheet, or copper bearing steel exceeding 26 standard gauge in thickness may use more than fifty pounds of such steel per metal liner.

(2) No person shall use a metal liner except when hermetical sealing is required

(i) To comply with federal, state or local government laws and regulations for the transportation or interment of a human corpse; or

(ii) In fulfillment of preferred orders.

(3) On and after March 3, 1943, no manufacturer or jobber shall sell or otherwise dispose of a metal liner to any person unless such person furnishes the manufacturer or jobber with a certificate in substantially the following form, manually signed by that person or his authorized agent:

CERTIFICATION

The undersigned purchaser hereby certifies to ----------, (name of seller) ----------, and (address) to the War Production Board that the metal liners received by reason of this sale will be used by the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration or to comply with federal, state or local government laws and regulations which require hermetic sealing for the transportation or interment of a human corpse.

(d) *Restriction on the production of shipping cases.* (1) Except in fulfillment of preferred orders, no manufacturer shall process, fabricate, work on or assemble any metal for use in the production of shipping cases, or process, fabricate, work on or assemble any shipping cases containing any metal except iron and steel in

(i) Joining hardware not exceeding two pounds per shipping case; and

(ii) Handle hardware not exceeding three and one-half pounds per shipping case.

(2) No manufacturer shall use more than one coat of nitrocellulose lacquer, either spray or brush, on joining hardware or handle hardware for shipping cases.

(3) On an dafter May 1, 1943, except in fulfillment of preferred orders, no manufacturer shall process, fabricate, work on or assemble any shipping case, or parts for shipping cases, which do not conform to the specifications contained in Schedule A, attached to this Order.

(e) *Restrictions on production of burial vaults.* (1) No manufacturer shall process, fabricate, work on or assemble any metal for use in the production of burial vaults, or process, fabricate, work on or assemble any burial vaults containing any metal, except:

(i) Iron and steel contained in joining hardware or small devices for handling concrete vaults: *Provided*, That the total amount of iron and steel does not exceed two pounds per burial vault; and

(ii) Iron and steel for reinforcing purposes not exceeding 15 pounds for a concrete vault.

(2) No manufacturer shall use more than one coat of nitrocellulose lacquer, either spray or brush, on joining hardware for burial vaults.

(3) No manufacturer shall procure or acquire any iron and steel for use as reinforcing material in the production of concrete burial vaults except wire mesh of 10 gauge or heavier wire with openings of 16 square inches or larger, produced from iron or steel in the form of rerolled rail stock, "top cuts" or discarded steel. Such wire mesh shall not be procured or acquired in a greater amount than is necessary for 60 days' production of concrete vaults.

(4) A manufacturer of concrete burial vaults may sell iron and steel for use as reinforcing material in the production of concrete burial vaults to other manufacturers of concrete burial vaults, and any such sale shall be expressly permitted within the terms of paragraph (c) (3) of Priorities Regulation No. 13.

(5) On and after May 1, 1943, except in fulfillment of preferred orders, no manufacturer shall process, fabricate, work on or assemble any burial vaults or parts for burial vaults which do not conform to the specifications contained in Schedule A attached to this order.

(f) *Restrictions on use and transfer of caskets which exceed the dimensions specified in Schedule A.* On and after June 1, 1943, no manufacturer or jobber shall sell, deliver or otherwise dispose of a casket which exceeds the dimensions specified in Schedule A attached to this order to any person unless such person furnishes the manufacturer or jobber with a certification in substantially the following form, manually signed by that person or his authorized agent, except:

(1) Caskets assembled prior to June 30, 1943 from parts fabricated prior to May 1, 1943, or

(2) Caskets assembled pursuant to an appeal granted after June 30, 1943: *Provided*, That the caskets specified above in paragraphs (f) (1) and (f) (2) do not exceed 78 inches in length and 23 inches in width inside dimensions.

CERTIFICATION

The undersigned purchaser hereby certifies to ---------- ---------- Name of seller Address and to the War Production Board that:

(1) He is familiar with the specifications for caskets contained in Schedule A of L-64, and

(2) This casket will be used for a body of such size that no casket produced in conformance with the dimensions specified in Schedule A of L-64 will be adequate.

NOTE: Certification amended July 26, 1943.

A manufacturer or jobber may rely upon such certification unless he knows or has reason to believe it to be false.

NOTE: The following paragraphs (g) through (o), formerly (f) through (n), were redesignated May 1, 1943.

(g) *Avoidance of excessive inventories.* No manufacturer shall accumulate for use in the manufacture of caskets, metal liners, shipping cases and burial vaults inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of caskets, metal liners, shipping

cases and burial vaults as permitted by this order.

(h) *Records.* All persons affected by this order shall keep and preserve, for not less than two years, accurate and complete records concerning inventories, production and sales.

(i) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) *Reports.* (1) Each manufacturer affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(2) Within 5 days after May 1, 1943, each manufacturer of caskets shall file with the War Production Board a catalogue illustration, photograph, snap shot (post card size) or sketch of each design which he proposes to produce under paragraph (b) (4) showing the casket closed and no lining, except that head lid lining may be shown. Each design shall be identified by the factory catalogue number or other distinguishing identification which may be placed on the reverse side of each illustration submitted, together with the manufacturer's name and address.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(l) *Appeal.* Any appeal from the provisions of this order must be made on Form PD-500 and must be filed with the field office of the War Production Board of the district in which is located the plant to which the appeal relates.

(m) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington, D. C., Ref.: L-64.

(n) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(o) *Applicability of other orders.* In so far as any other order heretofore or hereafter issued by the War Production Board limits the use of any material in the production of caskets, metal liners, shipping cases or burial vaults to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

Issued this 26th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

NOTE: "Caskets: Restrictions on linings, covering materials, pillows and foot rolls" amended July 26, 1943

Restrictions on size	Maximum dimensions (shown in inches)					Maximum inside dimensions of wood burial vaults and shipping cases used with caskets specified (shown in inches)			Net amount of lumber which may be contained in finished product (shown in board feet)		
	Length		Width		Height						
	Inside bottom edge	Overall outside length	Inside top edge	Overall outside width	Overall outside height	Length	Width	Depth	Casket specified	Burial box	Shipping case
Institution caskets	75	81	22	24¾	16	84	26½	17	46	65	69
Octagon and flaring square caskets without base and rail moldings	75	81	22	24¾	20	84	26½	21	65	71	75
Octagon and flaring square caskets with base and rail moldings	75	81	22	26½	20	84	28½	21	68	73	77
Vertical square caskets	75	81	22	26½	20	84	28½	21	67	73	77

Burial boxes and shipping cases exceeding these dimensions may be produced for plastic or extra size caskets provided that such caskets are not produced in violation of any rule, regulation or order of the War Production Board. No manufacturer shall produce or accumulate extra size caskets in excess of the minimum amount necessary to satisfy demands made pursuant to paragraph (f) of this order. Extra size caskets, burial vaults and shipping cases may contain an additional net amount of lumber of 2½ board feet for each three inches of additional length and three board feet for each two inches of additional width.

Extra size caskets may be made in only three designs in addition to an institution or hospital casket design and shall be produced in multiples of three inches additional length and two inches in additional width.

A tolerance of one-half inch in length and one-fourth inch in width is permitted from the specifications of caskets and burial boxes contained in this schedule.

Restrictions on	Caskets	Burial vaults and shipping cases
Lumber, laminated lumber and plywood.	Not more than 1" thick before milling operations, except: (1) 1¼" before milling operations for ogee molding provided no backing strip is used on ogee. (2) 2" before milling operations for combined side and base or rail molding.	Not more than 1" thick before milling operations. Not more than 1 thickness of wood on any part, except: (1) top battens not exceeding 2" in width and 1" in thickness. (2) corner cleats not exceeding 2½" in width and 1" in thickness, and (3) 2 skids not exceeding 1" in width and thickness, respectively.
Finishing restrictions	Not more than: One coat of stain, One coat of wood filler, and One coat of sealing primer. Not more than: Two coats of varnish or similar coating material for transparent finishes or Two coats of varnish or similar coating material for artificial grain finishes or Two coats of enamel for opaque finishes. Not more than: Two different colors of transparent finishes for each species of wood used, and Two different colors of opaque finishes for each design. Two colors of artificial grain finishes may be used in place of transparent finishes, if desired.	Not more than 1 coat of varnish, paint or similar coating material. No nitro-cellulose lacquers
Restrictions on linings, covering materials, pillows and foot rolls.	No material for covering or lining a casket which contains silk or wool, except woolen broadcloth with 100% fine nolls, waste reprocessed or reused wool filling and 100% cotton warp. No materials in counter linings (upholstery) except cotton fabric. Maximum quantities of rayon lining materials per casket: 9 yards with hinged top fitting, 7 yards with half couch fitting and 5¼ yards with basic fitting. A manufacturer may increase the amount of yards used in the above fittings by 10% when used in extra size caskets. No rayon lining material in the foot half of basic or half couch caskets. No rayon materials as a bed covering in any casket. No aprons on basic caskets. No plus effects on lids (panels) or ogees on any casket. No foot rolls in any casket nor more than 1 pillow in any casket.	Not applicable.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Gen. RO 11,[1] Amdt. 2]

REPLACEMENT OF RATIONED FOODS USED IN PRODUCTS ACQUIRED BY DESIGNATED AGENCIES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

General Ration Order 11 is amended in the following respects:

1. Section 5.8 is added to read as follows:

SEC. 5.8 *Registration under Rationing Order 3 or Ration Orders 13 or 16 not required in certain cases.* (a) A person who has a contract with or an order from a designated agency for the manufacture of products containing rationed food to be acquired by the designated agency, and who will use all or part of the rationed food in manufacturing such products, and who is not otherwise required to register as an industrial user under Rationing Order 3 or Ration Orders 13 or 16, is not required to register as an industrial user under those orders to obtain an advance of or use the rationed food under this order.

2. Section 5.9 is added to read as follows:

SEC. 5.9 *This order governs whenever inconsistent with Rationing Order 3 or Ration Orders 13 or 16.* (a) If any provision of this order is inconsistent with the provisions of Rationing Order 3 or Ration Orders 13 or 16, the provisions of this order shall govern, and shall supersede the provisions of those orders to the extent that they are inconsistent.

This amendment shall become effective July 29. 1943.

[MPR 435]

NEW BICYCLE TIRES AND TUBES

In the judgment of the Price Administrator, it is necessary and proper to establish specific and uniform maximum prices for new bicycle tires and tubes.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

§ 1315.17 *Maximum prices for new bicycle tires and tubes.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 435 (New Bicycle Tires and Tubes), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1315.17 Issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

of), and any agency of any of the foregoing.

SEC. 2. *Less than maximum prices.* Lower prices than those established by this regulation may be charged, demanded, paid or offered.

SEC. 3. *To what transactions and commodities this regulation applies and the relation to other regulations*—(a) *Commodities covered.* This regulation applies to all new bicycle tires and tubes of all brands and types, made in whole or in part of rubber, and to all new rim strips generally recognized by the trade as being for use with bicycle tires and tubes. "Bicycle tires and tubes" include all tires and tubes generally recognized by the trade as being usable on bicycles even though the particular tires or tubes are for use on other articles. "New" as applied to bicycle tires and tubes and rim strips means commodities which are generally recognized by the trade as being salable as new and which have never been put to their intended use. Used bicycle tires and tubes and rim strips are covered by the General Maximum Price Regulation.[1] However, in no case shall the maximum price of a used bicycle tire, tube or rim strip exceed the maximum price set by this regulation for such item new. "Rubber" as used in this regulation means all forms and types of rubber, including synthetic and reclaimed rubber and any other rubber-like substance used as a rubber substitute.

(b) *Transactions covered.* Except as provided in paragraph (c), this regulation applies to all sales and deliveries of bicycle tires and tubes and rim strips covered by this regulation. This regulation also applies to the mounting of a tire, tube or rim strip on the wheel of a bicycle in connection with the sale or delivery of the tire, tube or rim strip.

(c) *Specific exemptions from the regulation.* This regulation does not apply to the following sales and deliveries of bicycle tires and tubes and rim strips:

(1) Sales and deliveries to the United States or any agency thereof.

(2) Any sale or delivery to a bicycle manufacturer for the original equipment of bicycles, made pursuant to a war order as defined in Maximum Price Regulation No. 403[2]—Certain Rubber Commodities Purchased for Governmental Use.

(3) Any sale or delivery where the price charged is a price for the entire bicycle.

(d) *Relation to other regulations.* Except as provided in sections 10 and 13 and paragraph (f) of Appendix D hereof, this regulation supersedes any other regulation issued by the Office of Price Administration, including Maximum Price Regulation No. 220[3] and the General Maximum Price Regulation, including §§ 1499.13 (b) and 1499.14 thereof, as to commodities and transactions covered by this regulation.

(e) *Geographical applicability of this regulation.* This regulation applies in the District of Columbia, the 48 states, and in the territories and possessions of the United States.

SEC. 4. *Federal and state taxes.* The federal excise tax on rubber tires and tubes is included in the maximum prices set by this regulation, and no amount may be added to the maximum prices on account of such tax. Any other tax upon, or incident to, the sale, delivery, processing, or use of new bicycle tires or tubes imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows: If the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

SEC. 5. *Credit.* The maximum prices established by this regulation shall not be increased by any charges for the extension of credit, unless the seller during March, 1942, required payment of a separately stated additional charge for the extension of credit, by purchasers of the same class on sales of new bicycle tires or tubes or rim strips, and the amount charged for the extension of credit is not in excess of the charge the seller had in effect during March, 1942, for extension of credit involving the same amount and term.

SEC. 6. *Transportation charges.* No seller shall require any purchaser, and no purchaser shall be permitted, to pay a larger proportion of transportation costs incurred in the delivery of new bicycle tires and tubes, than the seller required purchasers of the same class to pay during March, 1942, on deliveries of new bicycle tires and tubes.

SEC. 7. *Evasive practices.* The price limitations set forth in this regulation shall not be evaded whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase of or relating to bicycle tires or tubes, alone or in conjunction with any other commodity or by way of commission, service, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

SEC. 8. *Petitions for amendment.* Any person seeking a modification of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[4]

SEC. 9. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 10. *Marking or posting of maximum prices by retailers.* Every person offering to sell new bicycle tires or tubes at retail shall mark or post the maximum prices of such new bicycle tires or tubes in accordance with the provisions of § 1499.13 (a) of the General Maximum Price Regulation.

SEC. 11. *Sales slips and receipts.* Any seller who has customarily furnished purchasers with invoices, sales slips, receipts, or similar evidence of purchase shall continue to do so. Upon request from a purchaser any seller, regardless of previous custom, shall give the purchaser a receipt showing the date, the name and address of the seller, the quantity of each brand and size of new bicycle tires and tubes sold, and the price charged therefor.

SEC. 12. *Records.*—(a) *Of sales*—(1) *At retail.* Every person making sales at retail subject to this regulation of new bicycle tires or tubes must continue to keep, as to such retail sales, records of the same kind as he customarily kept showing the prices actually charged by him after the effective date of this regulation.

(2) *Other than retail.* Every person making sales subject to this regulation of new bicycle tires or tubes other than sales at retail shall keep, as to such non-retail sales, for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records of each such sale showing the date thereof, the name and address of the buyer, the price received, and the quantity of each brand and size of new bicycle tires and tubes sold.

(b) *Of purchases*—(1) *By retailers.* Every seller of new bicycle tires and tubes who makes all of his sales of such articles at retail must continue to keep, as to all of his purchases of bicycle tires or tubes subject to this regulation, records of the same kind as he customarily kept showing the prices actually paid by him after the effective date of this regulation.

(2) *Other persons.* Every seller of new bicycle tires and tubes other than retailers who are subject to subparagraph (1) shall keep, as to all of his purchases of bicycle tires and tubes subject to this regulation, for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records of each such purchase showing the date thereof, the name and address of the seller, the price paid, and the quantity of each brand and size of new bicycle tires and tubes purchased.

SEC. 13. *Licensing: Applicability of the registration and licensing provisions of the General Maximum Price Regulation.* The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this regulation selling new bicycle tires or tubes at wholesale or retail. When used in this section the terms "selling at wholesale" and "selling at retail" have the definitions given to them by §§ 1499.20 (p) and 1499.20 (o), respectively, of the General Maximum Price Regulation.

SEC. 14. *Sales for export.* The maximum price at which a person may export any new bicycle tires or tubes shall be determined in accordance with the Second Revised Maximum Export Price Regulation.[5]

SEC. 15. *Enforcement.* (a) Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this regulation or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest field, district, state or regional office of the Office of Price Administration or its principal office in Washington, D. C.

SEC. 16. *Definitions.* (a) When used in this regulation the term:

"Purchaser of the same class" refers to the practice adopted by the seller in setting different prices for bicycle tires, tubes or rim strips for sales to different purchasers or kinds of purchasers (for example, manufacturer, wholesaler, jobber, retailer, government agency, public institution, individual consumer) or for purchasers located in different areas or for different quantities or grades or under different conditions of sale.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

Appendix A: Maximum prices for sales and deliveries to jobbers, to brand owners, and to bicycle manufacturers—(a) *Maximum prices for sales and deliveries of manufacturers' brands to jobbers*—(1) *Applicability of this paragraph*—(i) *Brands covered.* The maximum prices to jobbers fixed by this paragraph apply to brands of the manufacturers listed in Table IA or Table IIA. The Firestone Tire and Rubber Co., The B. F. Goodrich Co. and Seiberling Rubber Co. are not listed in those tables but are covered by Appendix B.

(ii) *Definitions of jobber.* The maximum prices fixed by this paragraph apply to sales and deliveries to jobbers. "Jobber" as used in this regulation means any seller of bicycle tires or tubes of the class to which the brand owner offered bicycle tires or tubes during October, 1941, at the prices which he had in effect to jobbers. In determining whether or not a seller is in that class, the criteria to be applied are those which the brand owner had in effect during October, 1941, for determining which of his buyers were offered bicycle tires or tubes at such jobber prices.

(2) *Balloon and lightweight tires and tubes of the brands listed in Table IA or Table IIA.* The maximum price for any sale or delivery to a jobber of balloon or lightweight bicycle tires of the brands listed in Table IA shall be the price set forth in Table IA, reduced by any discounts required by subparagraph (5). The maximum price for any sale or delivery to a jobber of balloon or lightweight bicycle tubes of the brands listed in Table IIA shall be the price set forth in Table IIA, reduced by any discounts required by subparagraph (5).

(3) *Single-tube tires.* The maximum price for any sale or delivery to a jobber of single-tube bicycle tires of any brand of one of the manufacturers listed in Table IA or Table IIA (whether the brand is listed in the tables or not) shall be the price set forth in Table IIIA, reduced by any discounts required by subparagraph (5).

(4) *Rim strips.* The maximum price for any sale or delivery to a jobber of any rim strips of one of the manufacturers listed in Table IA or Table IIA shall be 5 cents each, reduced by any discounts required by subparagraph (5).

(5) *Discounts to jobbers.* The following percentage discounts shall be given on all sales to jobbers by American Tire Factories, Inc., Carlisle Tire and Rubber Co., Fisk Bicycle Tires—Division of U. S. Rubber Co., Gillette Bicycle Tires—Division of U. S. Rubber Co., The Goodyear Tire and Rubber Co., Inc., The Pharis Tire and Rubber Co., and United States Rubber Co.:

Cash discount	Annual volume bonus for current year	
	Percent	Volume[7]
2%–10 prox	3	$5,000 to $7,499
	4	$7,500 to $9,999
	5	$10,000 to $19,999
	7½	$20,000 and over

Any other seller shall extend to jobbers a cash discount which is at least as large as the smallest cash discount which he had in effect to jobbers during March, 1942.

(6) *Brands not otherwise covered.* The maximum price for any sale or delivery to a jobber of any bicycle tires or tubes which are not covered by Appendix B and which are not covered by any other provision of this paragraph (a) shall be whichever of the following two prices is less:

(i) The price which the seller had in effect on the same brand and size of tire or tube to purchasers of the same class on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes, or

(ii) The brand owner's list price on the same brand and size of tire or tube which was in effect to purchasers of the same class on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes.

(b) *Maximum prices for sales and deliveries by manufacturers to brand owners*—(1) *Applicability of this paragraph.* The maximum prices fixed by this paragraph apply to sales and deliveries by any manufacturer to any brand owner of bicycle tires and tubes of brands owned by such purchaser and of any rim strips.

(2) *Sales not on a jobber basis and not under cost-plus contracts*—(i) *Applicability of this subparagraph.* This subparagraph does not apply to sales or deliveries to any purchaser who bought his own brands of bicycle tires and tubes from the manufacturer during October, 1941, on a jobber basis or under a cost-

plus contract or who now buys such tires and tubes from the manufacturer under a cost-plus contract. It does apply to any other purchaser buying his own brands.

(ii) *Balloon and lightweight tires.* The maximum price for any sale or delivery, to which this subparagraph applies, of balloon or lightweight bicycle tires by a manufacturer to the brand owner of the tires shall be as follows: For sizes 20 x 2.125, 24 x 2.125, 26 x 2.125 and 26 x 2.25 (motor bike) the maximum price shall be the net price, including federal excise tax, which the manufacturer had in effect to the same purchaser on the same brand and size of tire on October 15, 1941, increased by 29.5 percent. For the lightweight tire, size 26 x 1.25, the maximum price shall be the same as the maximum price under this subdivision for the lowest priced brand sold to the same purchaser by the same seller in the 26 x 2.125 size. For the lightweight tire, size 26 x 1.375, the maximum price shall be 2.22 percent higher than the maximum price under this subdivision for the lowest priced brand sold to the same purchaser by the same seller in the 26 x 2.125 size.

(iii) *Balloon and lightweight tubes.* The maximum price for any sale or delivery, to which this subparagraph applies, of balloon or lightweight bicycle tubes by a manufacturer to the brand owner of the tubes shall be as follows: For sizes 26 x 2.125 and 26 x 2.25 (motor bike) the maximum price shall be the net price, including federal excise tax, which the manufacturer had in effect to the same purchaser on the same brand and size of tube on October 15, 1941, increased by 19.6 percent. For sizes 26 x 1.25, 26 x 1.25–1.375 and 26 x 1.375 the maximum price shall be the same as the maximum price under this subdivision for the lowest priced brand sold to the same purchaser by the same seller in the 26 x 2.125 size. For size 24 x 2.125 the maximum price shall be the same as the maximum price under this subdivision for the same or the comparable brand sold to the same purchaser by the same seller in the 26 x 2.125 size.

(iv) *Single-tube tires.* The maximum price for any sale or delivery, to which this subparagraph applies, of single-tube bicycle tires by a manufacturer to the brand owner of the tires shall be calculated as follows: Determine under (ii) the maximum price for the 26 x 2.175 balloon tire (standard or volume tire and not premium tire) sold by the manufacturer to the same brand owner and increase that figure by the following percentage to get the maximum price for the single-tube tire:

Size	Ply	Percentage
26 x 1.50	2	26.7
26 x 1.50	3	49.2
28 x 1.50	2	30.0
28 x 1.50	3	52.1

(v) *Rim strips.* The maximum price for any sale or delivery, to which this subparagraph applies, of rim strips by a manufacturer to a brand owner shall be whichever of the following two prices is less:

(*a*) 5 cents each, or

(*b*) The net price, including federal excise tax, which the manufacturer had in effect to the same purchaser on October 15, 1941, or if the manufacturer had no price in effect on October 15, 1941, to the same purchaser, the highest price, including federal excise tax, which the manufacturer had in effect on October 15, 1941, to a purchaser of the same class.

(3) *Sales on a jobber basis.* This subparagraph applies to sales to any purchaser who bought his own brands of bicycle tires and tubes from the manufacturer during October, 1941, on a jobber basis. Such a purchaser bought on a jobber basis if the price he paid was determined by using or applying discounts to the price list which the manufacturer had in effect to jobbers for comparable tires and tubes. The maximum price for any sale or delivery by a manufacturer to such a brand owner of bicycle tires or tubes of the brand owner's brand shall be the same as the maximum price to jobbers under paragraph (a) for whichever one of the manufacturers' own brands is most comparable in physical quality to the tires or tubes being priced. The maximum price of rim strips under this subparagraph shall be determined according to subparagraph (2) (v).

(4) *Sales under cost-plus contracts—*(i) *Sales to purchasers who purchased under a cost-plus contract during October 1941.* This subdivision applies to sales to any purchaser who bought his own brands of bicycle tires and tubes from the manufacturer during October, 1941, under a cost-plus contract. The maximum price for any sale or delivery by a manufacturer to such a brand owner of bicycle tires or tubes of the brand owner's brand or of any rim strips shall be calculated according to the procedure in subparagraph (2). The net price, including federal excise tax, which the manufacturer had in effect to the same purchaser on October 15, 1941, shall be deemed to be the price, including federal excise tax, for the quarter beginning October 1, 1941, and ending December 31, 1941, after deducting the annual percentage of all rebates or adding the annual percentage of all additional collections.

(ii) *Sales to purchasers who did not purchase under a cost-plus contract during October, 1941.* This subdivision applies to sales to any purchaser under a cost-plus contract where the purchaser did not buy his own brands of bicycle tires and tubes from the manufacturer during October, 1941, under a cost-plus contract. The maximum price for any sale or delivery by a manufacturer to such a brand owner of bicycle tires or tubes of the brand owner's brand or of any rim strips shall be the highest maximum price established by subdivision (i) of this subparagraph (4) for a sale by the manufacturer to a purchaser who bought his own brands of bicycle tires and tubes from the manufacturer during October, 1941, under a cost-plus contract.

(c) *Maximum prices for sales and deliveries to bicycle manufacturers for the original equipment of bicycles—*(1) *Applicability of this paragraph.* The maximum prices fixed by this paragraph apply to sales and deliveries of bicycle tires, tubes and rim strips to bicycle manufacturers for the original equipment of bicycles. This paragraph applies to all such original equipment sales and deliveries except those made pursuant to war orders. This paragraph does not apply to any sale or delivery of bicycle tires, tubes, and rim strips for the original equipment of bicycles, made pursuant to a war order as defined in Maximum Price Regulation No. 403—Certain Rubber Commodities Purchased For Governmental Use.

(2) *Maximum prices.* The maximum price for any sale or delivery to which this paragraph applies of tire, tube and rim strip assemblies shall be the highest net price which the seller had in effect to the same purchaser during March, 1942, for original equipment sales involving tires and tubes of the same brand as those now being priced. If the seller had no price in effect to the same purchaser during March, 1942, for original equipment sales of the same brands, the maximum price shall be a price, in line with the maximum prices under this paragraph, specifically authorized by the Office of Price Administration, Washington, D. C., upon application in writing by the seller for such an authorization.

[1] Paragraph (a) (5) in Appendix A requires the deduction of certain discounts from these prices.

Appendix B: Maximum prices for sales and deliveries to wholesalers and to retailers of brands of Firestone, Goodrich, Seiberling, Tru-Test and Western Tire Auto Stores. (a) *Applicability of this appendix.* This appendix applies to all brands of bicycle tires and tubes of The Firestone Tire and Rubber Co., The B. F. Goodrich Co., Seiberling Rubber Co., Tru-Test Marketing and Merchandising Corp. and Western Tire Auto Stores, and to any rim strips of those 5 companies. It applies to sales and deliveries by any person including the brand owner, if the sales and deliveries are of the type covered by this appendix. This appendix applies to sales and deliveries to all retailers and wholesalers. "Retailers" and "wholesalers" as used in this appendix include all wholesale purchasers except those mentioned in the following sentence. It does not apply to sales and deliverles at retail to the consumer, or to bicycle manufacturers for the original equipment of bicycles, or to the brand owner from the manufacturer.

(b) *Brands of Firestone, Goodrich and Seiberling*—(1) *Balloon and lightweight tires and tubes.* The maximum price for any sale or delivery to a retailer or wholesaler of balloon or lightweight bicycle tires or tubes of the brands listed in the table in this subparagraph shall be calculated by deducting the percentage discount required by subparagraph (4) from the price set forth in the following table:

Manufacturer	Price per pair					
	Brand of tire	Sizes		Brand of tube	Sizes	
		26 x 1.375 and 26 x 1.25–1.375	26 x 2.125		26 x 1.25, 26 x 1.375 and 26 x 1.25–1.375	26 x 2.125
The Firestone Tire & Rubber Co.	High Speed		$3.13	Firestone Champion	$1.50	$1.54
The Firestone Tire & Rubber Co.	Champion	$3.20	3.50			
The B. F. Goodrich Co.	Silvertown	3.44	3.79	Goodrich	1.68	1.72
The B. F. Goodrich Co.	Standard		3.37			
Seiberling Rubber Co	Seiberling		3.28	Seiberling	1.64	1.64
Seiberling	Safety		3.74			

The price set forth in this table is the maximum price in only those cases where there is no discount required under subparagraph (4). In no case shall the maximum price to a retailer or wholesaler be more than the price set forth in this table.

(2) *Single-tube tires.* The maximum price for any sale or delivery to a retailer or wholesaler of single-tube bicycle tires of any brand of The Firestone Tire and Rubber Co., The B. F. Goodrich Co., or Seiberling Rubber Co. shall be calculated by deducting the percentage discount required by subparagraph (4) from the price set forth in the following table:

Size	Ply	Price per pair
26 x 1.50	2	$4.05
26 x 1.50	3	4.77
28 x 1.50	2	4.16
28 x 1.50	3	4.87

The price set forth in this table is the maximum price in only those cases where there is no discount required under subparagraph (4). In no case shall the maximum price to a retailer or wholesaler be more than the price set forth in this table.

(3) *Rim strips.* The maximum price for any sale or delivery to a retailer or wholesaler of any rim strips of The Firestone Tire and Rubber Co., The B. F. Goodrich Co. or Seiberling Rubber Co. shall be calculated by deducting the percentage discount required by subparagraph (4) from a price of 6⅔ cents each. The price of 6⅔ cents each is the maximum price in only those cases where there is no discount required under subparagraph (4). In no case shall the maximum price to a retailer or wholesaler be more than 6⅔ cents each.

(4) *Discounts to retailers and wholesalers.* The percentage discount required by this subparagraph and to be used in calculating maximum prices under this paragraph applies to any seller of bicycle tires or tubes or of rim strips of The Firestone Tire and Rubber Co., The B. F. Goodrich Co. or Selberling Rubber Co., including those manufacturers themselves. The discount which must be deducted is the same percentage discount which the seller had in effect for the tire, tube or rim strip to purchasers of the same class on March 16, 1942, from the list price which he had in effect to retailers on that date. If the seller had net prices in effect to purchasers of the same class on March 16, 1942, instead of percentage discounts, the percentage discount to be deducted shall be calculated for the tire, tube or rim strip by expressing the net price in effect on March 16, 1942, to purchasers of the same class as a percentage of the list price which was in effect to retailers on that date. If there was no such discount or lower net price in effect on March 16, 1942, no discount is required here.

(c) *Brands of Tru-Test and Western Tire Auto Stores*—(1) *Balloon and lightweight tires and tubes.* The maximum price for any sale or delivery to a retailer or wholesaler of balloon or lightweight bicycle tires or tubes of the brands listed in the table in this subparagraph shall be calculated by deducting the percentage discount required by subparagraph (4) from the price set forth in the following table:

Brand owner	Price per pair					
	Brand of tire	Sizes		Brand of tube	Sizes	
		24 x 2.125	26 x 2.125		24 x 2.125	26 x 2.125
Tru-Test	Tru-Test Deluxe		$4.80	Tru-Test		$2.50
Western Tire Auto Stores	Western Flash	$4.00	4.20	Western Flash	$2.80	2.30

(2) *Single-tube tires.* The maximum price for any sale or delivery to a retailer or wholesaler of single-tube bicycle tires of any brand of Tru-Test or Western Tire Auto Stores shall be calculated by deducting the percentage discount required by subparagraph (4) from the price set forth in the following table:

Size	Ply	Price per pair
26 x 1.50	2	$6.08
26 x 1.50	3	7.16
28 x 1.50	2	6.24
28 x 1.50	3	7.30

(3) *Rim strips.* The maximum price for any sale or delivery to a retailer or wholesaler of any rim strips of Tru-Test or Western Tire Auto Stores shall be calculated by deducting the percentage discount required by subparagraph (4) from a price of 10 cents each.

(4) *Discounts to retailers and wholesalers.* The percentage discount required by this subparagraph and to be used in calculating maximum prices under this paragraph applies to any seller of bicycle tires or tubes or of rim strips of Tru-Test or Western Tire Auto Stores, including those brand owners themselves. The discount which must be deducted is the same percentage discount which the seller had in effect for the tire, tube or rim strip to purchasers of the same class on March 16, 1942, from the retail list price which was in effect on that date. If the seller had net prices in effect to purchasers of the same class on March 16, 1942, instead of percentage discounts, the percentage discount to be deducted shall be calculated for the tire, tube or rim strip by expressing the net price in effect on March 16, 1942, to purchasers of the retail list price which was in effect on that date.

(d) *Brands not otherwise covered.* The maximum price for any sale or delivery to a retailer or wholesaler of any bicycle tires or tubes which are not covered by any other provision of this Appendix but which are of brands of one of the five brand owners covered by this Appendix shall be whichever of the following two items is less:

(1) the price which the seller had in effect on the same brand and size of tire or tube to purchasers of the same class on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes, or

(2) the brand owner's list price on the same brand and size of tire or tube which was in effect to purchasers of the same class on October 15, 1941, increased by 14.3 percent for tires by 11.8 percent for tubes.

Appendix C: Maximum prices for sales and deliveries to retailers.—(a) *Applicability of this appendix.*—(1) *Brands covered.* The maximum prices to retailers fixed by this appendix apply to brands of the brand owners listed in Table IC or Table IIC. The Firestone Tire and Rubber Co., The B. F. Goodrich Co., Seiberling Rubber Co., Tru-Test Marketing and Merchandising Corp., and Western Tire Auto Stores are not listed in those tables but are covered by Appendix B.

(2) *Definition of retailer.* The maximum prices fixed by this appendix apply to sales and deliveries to retailers. "Retailer" as used in this regulation means any seller of bicycle tires or tubes of the class to which the brand owner offered bicycle tires or tubes at dealer prices (prices for sales to retailers) during October, 1941, or of the class existing during October, 1941, which the brand owner has set up as being those who should properly be charged dealer prices. In determining whether or not a seller is in such a class, the criteria to be applied are those which the brand owner had in effect during October, 1941, for determining which buyers should be offered bicycle tires or tubes at dealer prices.

(b) *Balloon and lightweight tires and tubes of the brands listed in Table IC or Table IIC.* The maximum price for any sale or delivery to a retailer of balloon or lightweight bicycle tires of the brands listed in Table IC shall be calculated by deducting the percentage discount required by paragraph (f) from the price set forth in Table IC. The maximum price for any sale or delivery to a retailer of balloon or lightweight bicycle tubes of the brands listed in Table IIC shall be calculated by deducting the percentage discount required by paragraph (f) from the price set forth in Table IIC.

(c) *Single-tube tires.* The maximum price for any sale or delivery to a retailer of single-tube bicycle tires of any brand of one of the brand owners listed in Table IC or Table IIC (whether the brand is listed in the tables or not) shall be calculated by deducting the percentage discount required by paragraph (f) from the price set forth in Table IIIC.

(d) *Rim strips.* The maximum price for any sale or delivery to a retailer of any rim strips of one of the brand owners listed in Table IC or Table IIC shall be 6⅔ cents each less the percentage discount required by paragraph (f).

(e) *Brands not otherwise covered.* The maximum price for any sale or delivery to a retailer of any bicycle tires or tubes which are not covered by Appendix B and which are not covered by any other provision of this Appendix C shall be whichever of the following two prices is less:

(1) The price which the seller had in effect on the same brand and size of tire or tube to purchasers of the same class on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes, or

(2) The brand owner's list price which was in effect to purchasers of the same class on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes.

(f) *Discounts to retailers.* The discount which must be deducted is the cash and quantity discount that the seller had in effect for the tire, tube or rim strip to purchasers of the same class on March 16, 1942. If there was no such cash or quantity discount in effect on March 16, 1942, no discount is required here.

[1] Paragraph (f) in Appendix C requires the deduction of certain discounts from these prices.

Appendix D: Maximum prices for sales and deliveries at retail—(a) *Applicability of this appendix.* The maximum retail prices fixed by this appendix apply to all brands of all brand owners. Maximum prices are fixed by this appendix for all sales and deliveries at retail. "At retail" as used in this regulation means sales and deliveries for use by the purchaser and not for resale. A maximum price is also fixed by this appendix for the mounting of a tire, tube or rim strip on the wheel of a bicycle in connection with the sale or delivery of the tire, tube or rim strip.

(b) *Balloon and lightweight tires and tubes of the brands listed in Table ID or Table IID.* The maximum price for any sale or delivery at retail of balloon or lightweight bicycle tires of the brands listed in Table ID shall be the price set forth in Table ID. The maximum price for any sale or delivery at retail of balloon or lightweight bicycle tubes of the brands listed in Table IID shall be the price set forth in Table IID.

(c) *Single-tube tires.* The maximum price for any sale or delivery at retail of single-tube bicycle tires of any brand of one of the brand owners listed in Table ID or Table IID (whether the brand is listed in the tables or not) shall be the price set forth in Table IIID.

(d) *Rim strips.* The maximum price for any sale or delivery at retail of any rim strips of one of the brand owners listed in Table ID or Table IID shall be 10 cents each.

(e) *Brands not otherwise covered.* The maximum price for any sale or delivery at retail of any bicycle tires or tubes which are not covered by any other provision of this appendix shall be whichever of the following two prices is less:

(1) The retail price which the seller had in effect on the same brand and size of tire or tube on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes, or

(2) The brand owner's retail list price on the same brand and size of tire or tube which was in effect on October 15, 1941, increased by 14.3 percent for tires and by 11.8 percent for tubes.

(f) *Mounting charges.* The maximum price for mounting a tire, tube and rim strip on the wheel of a bicycle in connection with the sale or delivery of the tire, tube and rim strip shall be 25¢ for a front wheel and 50¢ for a rear wheel. If the rear wheel is equipped with any special attachments or if the bicycle is of foreign manufacture, the maximum price for mounting a tire, tube and rim strip on the rear wheel shall be determined in accordance with the pricing provisions of Maximum Price Regulation No. 165, as Amended—Services. The mounting charge may be added to the maximum price for the tire, tube or rim strip wherever the mounting service is performed by the seller in connection with the sale or delivery of such article.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RO 1A,[1] Amdt. 42]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order No. 1A is amended in the following respects:

1. Sections 1315.501 (d) and 1315.1003 (b) are hereby revoked.

2. Section 1315.607 is amended to read as follows:

§ 1315.607 *Form of certificates to be issued*—(a) *By a Board.* The Board may issue a certificate on OPA Form R–2 (Revised) to an applicant who has established need and eligibility under this Ration Order No. 1A.

(b) *By a District Director.* (1) A District Director may issue a certificate on OPA Form R–2 (Revised) to a dealer who is eligible for an allotment of tires, tubes or camelback under Ration Order No. 1A.

(2) A District Director may issue a certificate on OPA Form R–53 authorizing an applicant to acquire an allotment of recappable carcasses or repairable tires.

3. Section 1315.609 is amended to read as follows:

§ 1315.609 *Execution and issuance of certificates.* The Board shall issue certificates on OPA Form R–2 (Revised) authorizing the acquisition of tires, tubes or recapping service. The District Director shall issue certificates to dealers on OPA Form R–2 (Revised) authorizing the acquisition of allotments of tires, tubes or camelback. Separate certificates authorizing the acquisition of tires, tubes, camelback and recapping service shall be issued. No certificate shall be valid unless all parts are signed by the issuing officer who may be either a member of the Board, the District Director or a clerk designated by the Board or District Director to act as issuing officer.

4. Section 1315.610 (b) (1) is amended to read as follows:

(1) If the certificate indicates that a tire or tube being replaced must be turned in, the applicant shall, before acquiring from a dealer any tire or tube in exchange for the certificate, turn in the tire or tube to be replaced to such dealer, except in the case of purchase by mail or tires withdrawn from a public warehouse. In such cases, the applicant shall deliver the replaced tires or tubes to a dealer within five (5) days after the acquisition of the replacements. The provisions of this subparagraph shall not apply to a government agency forbidden by law to make such disposition.

5. Section 1315.610 (c) is amended to read as follows:

(c) *Signing of certificates.* The applicant or his agent shall sign all parts of the certificate in accordance with the instructions thereon, prior to acquiring the tires, tubes, recapping services or camelback specified thereon. The same person shall sign all parts of OPA Form R–2 (Revised) where the signature of the certificate holder is required. No member or employee of the Board issuing the certificate, no authorized tire inspector and no dealer shall act as agent of the applicant in signing these certificates. However, in the case of purchase by mail the dealer may sign Parts B and D of OPA Form R–2 (Revised) in behalf of the certificate holder provided the certificate holder has signed Part A.

6. Section 1315.611 (b) is amended to read as follows:

(b) Certificate to be completed. No dealer, warehouseman or manufacturer shall transfer tires, tubes or camelback until both he and the applicant have properly signed and executed the certificate in accordance with the instructions thereon.

7. Section 1315.804 (d) (1) is amended to read as follows:

(1) *Allotment.* A camelback dealer or manufacturer may, in exchange for a certificate (OPA Form R–2 (Revised) or OPA Form R–10 (Revised)), transfer camelback to a recapper.

8. Section 1315.1003 (a) (3) is amended to read as follows:

(3) *Part C.* Part C of OPA Form R–12 (Revised) shall be retained by the transferor as his record.

This amendment shall become effective July 29, 1943.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[RO 1A,[1] Amdt. 43]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order No. 1A is amended in the following respects:

1. Section 1315.201 (a) (43) is added to read as follows:

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 9160, 9392, 9724.

(43) "Mileage contract" means an agreement under which tires and tubes are leased to consumers for compensation based on the number of miles the tires and tubes are driven.

2. Section 1315.201 (a) (44) is added to read as follows:

(44) "Truck tire board" means a war price and rationing board to which an OPA tire examiner has been specifically assigned and which has been designated to serve exclusively in a specified area emergency reserve applicants or applicants for truck tires, new truck tubes or recapping services.

3. The text of § 1315.302 is amended to read as follows:

§ 1315.302 *Jurisdiction of war price and rationing boards.* A war price and rationing board shall have jurisdiction, subject to the provisions of paragraph (c) of this section and of § 1315.303, to receive and act upon applications with respect to:

4. Section 1315.302 (a) is amended to read as follows:

(a) A vehicle normally stationed or garaged within the area served by the board.

5. Section 1315.303 is amended to read as follows:

§ 1315.303 *Jurisdiction of plant area and truck tire boards*—(a) *Plant area boards.* A plant area board or other board designated by the Office of Price Administration to serve the workers in specified industrial or extractive establishments shall have jurisdiction to receive and act upon applications with respect to a passenger automobile, where the applicant works at the establishment which the board has been designated to serve, unless the current gasoline ration for the automobile was issued by the war price and rationing board having jurisdiction over the area in which such automobile is normally garaged or stationed at the time application under this order is made.

(b) *Truck tire boards.* A truck tire board shall have jurisdiction to receive and act upon applications:

(1) For truck tires, new truck tubes or recapping services for a vehicle normally stationed or garaged in the area served by the board.

(2) For truck tires, new truck tubes or recapping services for a vehicle temporarily located within the area served by the board if such vehicle requires truck tires, new truck tubes or recapping services immediately for its continued operation and application cannot practicably be made to the board normally having jurisdiction.

(3) To establish, increase or replenish an emergency reserve of tires and new tubes, if:

(i) The applicant is a State and has its seat of government within the area served by the board; or

(ii) The applicant, other than a State, has its principal place of business within the area served by the board.

(4) For truck tires, new truck tubes or recapping services by a person engaged in the business of towing house trailers if the applicant has his principal office within the area served by the board.

(5) For new truck tubes for use solely in recapping, if the mold for which the new tubes are sought is located within the area served by the board.

6. Section 1315.507 (e) is amended to read as follows:

(e) *Inspection and proof of sale.* (1) An emergency reserve applicant must accompany his application with a certification by an inspector on OPA Form R–21 (in duplicate) for each tire or tube to be replaced or recapped.

(2) After an application has been filed with a truck tire board, the tires or tubes to be replaced shall be examined by an OPA tire examiner. If the OPA tire examiner determines that tires or tubes are in need of replacement, he shall (on OPA Form R–21) approve their inspection and authorize their transfer to a dealer. Upon such approval by an OPA tire examiner, prior to the issuance of a certificate, the applicant shall transfer the tires or tubes to a dealer and file with the Board a proof of such disposition on OPA Form R–21.

The provisions of this subparagraph shall not apply to tires and tubes leased under a mileage contract.

(3) If the applicant is not subject to the jurisdiction of a truck tire board the tires or tubes to be replaced must be turned in to a dealer as provided in § 1315.610 (b).

7. Section 1315.806 (g) (2) is amended by adding thereto the following paragraph:

The provisions of this subparagraph shall not apply to tires leased under a mileage contract.

This amendment shall become effective July 29, 1943.

(Pub. Law 671, 76th Cong. as amended by Pub. Laws 89, 421 and 507, 77th Cong.; E.O. 9125, 7 F.R. 2719, issued April 7, 1942, WPB Dir. No. 1, 7 F.R. 562, Supp, Dir. No. 1Q, 7 F.R. 9121)

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 292,[1] Amdt. 4]

SALES OF CITRUS FRUITS BY PACKERS, BROKERS, AUCTION MARKETS, TERMINAL SELLERS AND INTERMEDIATE SELLERS

A statement of the considerations involved in the issuance of this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.*

Section 1351.1494 (j) is added to read as follows:

(j) *Imported citrus fruits.* For each unit of citrus fruits (in boxes, lugs, crates or other containers) imported from any country, the maximum price per each such unit at any terminal market or any other wholesale receiving point shall be the maximum delivered price for the most similar variety of domestic citrus fruits.

For example, the grapefruit imported into this country from the Isle of Pines is most similar to grapefruit grown in the interior of the State of Florida. Thus, white seedless grapefruit imported from the Isle of Pines between March 1 and the end of the 1943 season would be priced in the same manner as Item 9 of Table B of this regulation; i. e., for grapefruit packed, wrapped in standard wooden boxes, the price would be $2.73, packed unwrapped $2.62 and so on.

This amendment shall become effective July 29, 1943.

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order 16 is amended in the following respects:

1. The head-note of section 6.10 is amended to read as follows: "*A retailer may sell at lower point value foods in imminent danger of spoilage.*"

2. The last sentence of section 6.10 (a) is deleted.

[Rev. MPR 180,[1] Amdt. 2]

COLOR PIGMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 11 (a) is amended by adding the following subparagraphs:

(4) For a seller who maintained the practice, during the period October 1, 1941 to January 15, 1942, of passing on to the buyer transportation costs on a sale of less than 100 pounds, the maximum price for a sale of less than 100 pounds shall be the same as the maximum price in subparagraphs (1), (2), or (3), but f. o. b. seller's shipping point, rather than delivered.

(5) For a sale of 100 pounds or more where the buyer requests a mode of delivery more expensive than that by the common carrier having the lowest rate for transportation from point of shipment to destination, the maximum price shall be the maximum price in subparagraphs (1), (2), or (3), plus the increase in transportation costs represented by the difference in transportation costs between the common carrier having the lowest rate and the carrier specified by the buyer for delivery of the particular quantity involved.

This amendment shall become effective July 30, 1943.

PART 1427—MAGNESIUM

[MPR 302,[1] Amdt. 2]

MAGNESIUM SCRAP AND REMELT MAGNESIUM INGOT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 302 is amended in the following respects:

1. Section 1427.16, Note 1 (c), is amended by striking out the proviso at the end of the paragraph so that paragraph (c) of Note 1, as amended, will read as follows:

(c) Magnesium scrap shall not be deemed to be segregated, whether in the form of solids or in the form of borings, turnings or other machinings, unless it consists of one alloy only and is so identified, handled and kept free from contamination as to conform to chemical specifications issued by the American Society for Testing Materials for the type of material from which it is generated (such as ASTM Designation B-80-41T, Sand Castings.)

2. Section 1427.17, Note 1, is amended by striking from the table of specifications for Class A ingot, the alloy listed as "Nos. 4 and 17 combined."

This amendment shall become effective July 30, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 24th day of July 1943.

dered, That Order No. 568, issued under § 1499.3 (b) of the General Maximum Price Regulation is hereby amended to read as follows:

§ 1499.2106 *Authorization of maximum prices governing sales of "Cereal Coated Marshmallow Chicks", a confectionery item, manufactured by N. D. Q. Specialty Corporation, Brooklyn, New York.* (a) That on and after the 26th day of July, 1943, the N. D. Q. Specialty Corporation of Brooklyn, New York, may sell its "Cereal Coated Marshmallow Chicks" in boxes containing 120 items and having a minimum net weight of 3 lbs. 3 ounces to the following classes of customers at the indicated maximum prices:

	Per box
(1) To jobbers	$0.68
(2) To syndicate and chain stores	.70
(3) To variety stores, department stores and retail confectioners	.72

The above prices are delivered prices within the five boroughs of New York City and are F. O. B. Brooklyn, New York, when shipments are made elsewhere.

(b) That jobbers of N. D. Q. Specialty Corporation's "Cereal Coated Marshmallow Chicks" shall establish a maximum delivered price not in excess of 85 cents per box of 120 items.

(c) That retailers of N. D. Q. Specialty Corporation's "Cereal Coated Marshmallow Chicks" shall establish a maximum price not in excess of 1 cent per item.

(d) That N. D. Q. Specialty Corporation shall mail or otherwise supply to its purchasers at the time of or prior to the first delivery to such purchasers, the applicable written notice as follows:

(1) To jobbers:

The Office of Price Administration has authorized us to sell our "Cereal Coated Marshmallow Chicks" packed 120 to a box at a minimum net weight of 3 pounds and 3 ounces per box to jobbers at the maximum price of 68¢ per box. Jobbers are authorized to establish a maximum delivered price not in excess of 85¢ per box. Our price is the delivered price within the five boroughs of New York City and F. O. B. Brooklyn, New York, when shipments are made elsewhere.

(2) To syndicate and chain stores:

The Office of Price Administration has authorized us to sell our "Cereal Coated Marshmallow Chicks" packed 120 to a box at a minimum net weight of 3 pounds and 3 ounces per box to syndicate and chain stores at the maximum price of 70¢ per box. Retailers are authorized to establish a price not in excess of 1¢ per item. Our price is the delivered price within the five boroughs of New York City and F. O. B. Brooklyn, New York, when shipments are made elsewhere.

(3) To variety stores, department stores and retail confectioners:

The Office of Price Administration has authorized us to sell our "Cereal Coated Marshmallow Chicks" packed 120 to a box at a minimum net weight of 3 pounds and 3 ounces per box to variety stores, department stores and retail confectioners at a maximum price of 72¢ per box. Retailers are authorized to establish a price not in excess of 1¢ per item. Our price is the delivered price within the five boroughs of New York City and F. O. B. PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[MPR 403,[1] Amdt. 2]

CERTAIN RUBBER COMMODITIES PURCHASED FOR GOVERNMENTAL USE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 403 is amended in the following respects:

1. Section 5 (b) is amended to read as follows:

(b) *Maximum prices for commodities not containing materials purchased from a war procurement agency—(1) Applicability of this paragraph.* This paragraph (b) is applicable to any commodity covered by this section which does not contain materials purchased from a war procurement agency of the United States. When used in this paragraph the term "war procurement agency" means the War Department, the Department of the Navy, the United States Maritime Commission, the Lend-Lease Section of the Procurement Division of the Treasury Department, or any agency of any of the foregoing.

(2) *Maximum prices.* The maximum manufacturers' price of any commodity covered by this paragraph which does not contain any synthetic or substitute rubber or balata shall be the base price determined in accordance with subparagraph (3). The maximum manufacturers' price of any commodity covered by this paragraph which contains any synthetic or substitute rubber or balata shall be determined as follows: The manufacturer shall first determine the base price. This base price shall be determined in accordance with subparagraph (3) of this paragraph. The manufacturer shall then determine his maximum price by subtracting from that base price a differential which reflects the difference between the price of synthetic or substitute rubber or balata in effect on January 1, 1943, and the price for that material in effect on June 1, 1943. This differential shall be determined in accordance with subparagraph (4) of this paragraph.

(3) *Base price.* The base price is the first applicable of the following prices:

(i) The highest price at which the manufacturer during April, 1943, delivered, or if no delivery was made, at which he offered to deliver during that month a commodity which is the same as the commodity being priced to a purchaser of the same class.

(ii) The highest price at which the manufacturer during April, 1943, delivered, or if no delivery was made, at which he offered to deliver during that month a commodity which is the same as the commodity being priced to a purchaser of a different class, adjusted to reflect the manufacturer's customary differential between the two classes of purchasers.

(iii) The last price at which the manufacturer during the period May 1, 1942, to March 31, 1943, inclusive, delivered, or if no delivery was made, at which he offered to deliver during that period a commodity which is the same as the commodity being priced to a purchaser of the same class.

(iv) The last price at which the manufacturer during the period May 1, 1942, to March 31, 1943, inclusive, delivered, or if no delivery was made, at which he offered to deliver during that period a commodity which is the same as the commodity being priced to a purchaser of a different class, adjusted to reflect the manufacturer's customary differential between the two classes of purchasers.

(4) *Differential for synthetic or substitute rubber or balata.* (i) The differential for synthetic or substitute rubber or balata which must be subtracted from the base price in the case where the manufacturer compounds the synthetic or substitute rubber or balata contained in the commodity shall be determined as follows: The manufacturer shall first determine the amount of each type of synthetic or substitute rubber or balata required to produce the commodity. The manufacturer shall then multiply this amount by the difference between the price of the synthetic or substitute rubber or balata in effect to him January 1, 1943, and the price for that material in effect to him on June 1, 1943. The resulting figure is the differential.

(a) If the manufacturer customarily sold several sizes, styles or compounds at the same price to the same class of purchasers he shall use the same differential for all sizes, styles or compounds that he sold at the same price to the same class of purchasers. This differential shall be calculated in the manner just set forth, except that in applying that method the manufacturer shall use the method he customarily used in April, 1943, to arrive at a uniform price. If the manufacturer had no such customary method, he shall use as a basis for calculating the differential the size, style or compound of which he sold the largest quantity during the period May 1, 1942, to April 30, 1943, inclusive.

(b) Where the manufacturer during the period January 1, 1943, to April 30, 1943, inclusive, reduced the price of the commodity being priced in order to reflect the decreased cost of synthetic or substitute rubber or balata occurring after January 1, 1943, he may subtract the amount by which he reduced his selling price to reflect that decreased cost from the differential determined in accordance with the provisions of this subdivision. If the amount by which the manufacturer reduced his selling price during the period January 1, 1943, to April 30, 1943, inclusive, to reflect the decreased cost of synthetic or substitute rubber or balata exceeds the differential required to be deducted by this subdivision (i), the manufacturer's maximum price shall be the base price determined in accordance with subparagraph (3).

(ii) The differential for synthetic or substitute rubber or balata which must be subtracted from the base price in the case where the manufacturer did not compound the synthetic or substitute rubber or balata contained in the commodity shall be determined as follows: The manufacturer shall first determine the price for the material or part purchased by him which contains the synthetic or substitute rubber or balata, in accordance with paragraph (c) (2) (i) of section 6. The manufacturer shall then deduct from that price the first price at which the material or part containing the synthetic or substitute rubber or balata was sold to him after June 17, 1943, or the maximum price for the sale of that material or part on June 17, 1943, whichever is the lower. The resulting figure is the differential.

2. Section 5 (c) is redesignated section 5 (d).

3. Section 5 (c) is added to read as follows:

(c) *Maximum prices for commodities containing materials purchased from a war procurement agency.* This paragraph is applicable to commodities that contain materials purchased from a war procurement agency. The term "war procurement agency" is defined in paragraph (b) (1) of this section. The maximum manufacturer's price of any commodity covered by this paragraph shall be determined as follows: The manufacturer shall first determine the price of the commodity in accordance with the provisions of paragraph (b) of this section. The manufacturer shall then determine the maximum price by adding to or subtracting from this price a differential. This differential shall be determined by multiplying the estimated quantity of the material used in the production of the commodity being priced by the difference between the price of the material determined in accordance with paragraph (c) (2) (i) of section 6 and the net price the manufacturer pays the war procurement agency for the material.

4. Section 6 (c) (2) (iii) is added to read as follows:

(iii) Notwithstanding any other provision of this subparagraph (2), the price for any material purchased from a war procurement agency shall be the actual cost of the material to the manufacturer. The term "war procurement agency" is defined in paragraph (b) (1) of section 5.

5. Section 8a is added to read as follows:

SEC. 8a. *Fractions of a cent.* Notwithstanding any other provisions of this regulation, maximum prices determined under this regulation shall be adjusted to the nearest fraction of a cent that the manufacturer customarily used during April, 1943, in pricing commodities in the same line.

6. Section 20 (b) is amended to read as follows:

(b) The following personnel equipment:

(1) Bags and bag linings, including but not limited to: clothing, delousing, food, rifle, sleeping and water sterilizing bags.
(2) Blankets.
(3) Diving suits and equipment.
(4) Dust mask and respirator parts.
(5) Flying suits.
(6) Gas and oxygen mask parts.
(7) Goggles.
(8) Industrial life suits.
(9) Jungle hammocks and jungle hammock covers.
(10) Life belts.
(11) Life rafts.
(12) Life preservers.
(13) Life saving suits.
(14) Life vests.
(15) Mattresses.
(16) Parachute parts and equipment.
(17) Parts of helmets.
(18) Tents.

7. Section 20 (c) is amended to read as follows:

(c) The following miscellaneous items and parts:

(1) Airplane de-icers and de-icer hose.
(2) Ammunition case liners.
(3) Anti-vesicant or decontamination gloves.
(4) Balloons for weather or radio observations.
(5) Bicycle tires and tubes (except those covered by Maximum Price Regulation 415—Certain Federal Government Purchases of New Rubber Tires and Tubes).
(6) Boats, inflatable.
(7) Bullet sealing hose.
(8) Eyeshields for gun sights.
(9) Flotation bags and bladders.
(10) Fuel tanks and cells.
(11) Gas bags.
(12) Inflation tubes.
(13) Jettison tanks.
(14) Landing boats.
(15) Lifebuoys.
(16) Parts of hearing devices and radio head sets.
(17) Pneumatic floats and valves.
(18) Pontons.
(19) Sea rescue balloons.
(20) Solid and bogie wheels.
(21) Tank treads, blocks and tracks.
(22) Tarpaulins.
(23) Waterproof maps.
(24) Waterproof sails.

This amendment shall become effective July 30, 1943.

[Rev. MPR 324,[1] Amdt. 1]

FENCE POSTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 324 is amended in the following respects:

1. Section 2 (a) (2) (iii) is amended to read as follows:

(iii) Arkansas red cedar (Juniperus virginiana) produced in Arkansas, Louisiana, Oklahoma, and Missouri.

2. Section 2 (a) (2) (iv) is amended to read as follows:

(iv) Tennessee red cedar (Juniperus virginiana) produced in Tennessee, Alabama, Kentucky, Virginia, Georgia, North Carolina, South Carolina, West Virginia, Indiana, and Ohio.

3. Section 4, the paragraph designation "(a)" is deleted.

4. Section 4, Table 3, in the table heading, the description of "Species" is amended to read: "Species: Red cedar (Juniperus virginiana) produced in Arkansas, Louisiana, Oklahoma, and Missouri."

5. Section 4, Table 4, the description of "Species" is amended by deleting the words "Missouri, Oklahoma, Louisiana,"

6. Section 9 is amended by adding a sentence to read as follows: "Sellers must maintain cash discounts and credit terms no less favorable to buyers than the cash discounts and credit terms they allowed on October 1, 1941; except that a discount larger than 2 percent is not regarded as a cash discount under this rule."

This amendment shall become effective July 30, 1943.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 2–1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN CERTAIN EASTERN STATES

In the judgment of the Regional Administrator of Region II, the prices of food and beverages sold for immediate consumption in the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, and the District of Columbia, have risen and are threatening further to rise to an extent and in a manner inconsistent with the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

In the judgment of the Regional Administrator of Region II, the maximum prices established by this regulation are generally fair and equitable and are necessary to check inflation and to effectuate the purposes of the Act. So far as practicable, the Regional Administrator of Region II gave due consideration to prices prevailing between October 1 and 15, 1941, and consulted with the representatives of those affected by this regulation.

A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith.

Therefore, in accordance with the direction of the President to take action which will stabilize prices affecting the cost of living, and under the authority therewith delegated by the President pursuant to the Act of Congress approved October 2, 1942, entitled "An Act to Aid in Stabilizing the Cost of Living" (F.R. 7565), 77th Congress, Second Session, and under the authority of Executive Order 9250, Executive Order 9328, and the Emergency Price Control Act of 1942, the Regional Administrator of Region II hereby issues this Restaurant Maximum Price Regulation No. 2–1, establishing, in general, as maximum prices for food and drink sold for immediate consumption in the areas mentioned above the prices prevailing therefor during the seven-day period beginning April 4, 1943, and ending April 10, 1943.

§ 1448.101 *Maximum prices for food and drink sold for immediate consumption.* Under the authority vested in the Regional Administrator of Region II by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, and General Order No. 50 issued by the Office of Price Administration, Restaurant Maximum Price Regulation No. 2–1 (Food and Drink Sold for Immediate Consumption) which is annexed hereto and made a part hereof, is issued.

AUTHORITY: § 1448.101 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. *Sales at higher than maximum prices prohibited.* If you own or operate a restaurant, hotel, bar, cafe, club, delicatessen, soda fountain, boarding house, or any other eating or drinking place, you must not offer or sell any "food item" (including any beverage) or "meal" at a price higher than the maximum price which you figure according to the directions in the next two sections (sections 2 and 3). You may, of course, sell at lower than maximum prices.

SEC. 2. *How you figure maximum prices for food items and meals you offered in the seven-day period from April 4, 1943 to April 10, 1943.* Your maximum price for any food item or meal which you offered in the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943, is the highest price at which you offered the same food item or meal in that seven-day period.

SEC. 3. *How you figure maximum prices for food items and meals you did not offer in the seven-day period.* You must figure your maximum price for a food item or meal which you did not offer during the seven-day period as follows:

(a) If you offered the same food item or meal at any time during the four weeks from March 7 to April 3, 1943, inclusive, and if you have adequate records of the prices you then charged, take as your maximum price the highest price at which you offered that food item or meal during that four-week period.

(b) If you did not offer the food item or meal during the five-week period from March 7 to April 10, 1943, inclusive, or if you do not have adequate records of prices charged prior to the seven-day period you must proceed as follows:

(1) Determine the cost of the raw food which you use in preparing the new food item or meal.

(2) From the food items and meals for which you have already established maximum prices, choose a food item or meal which currently has a raw food cost equal to or less than the new food item or meal.

(3) Take as your maximum price for the new food item or meal your maximum price for the food item or meal chosen for comparison. The food item or meal chosen for such comparison should be of the same class as the new food item or meal. (See sections 20 and 21 for definitions and classes of food items and meals). If, however, you have no food item or meal of the same class, you may use for comparison the most similar food item or meal of another class having a food cost equal to or less than your food cost for the new food item or meal. "Currently" as used herein means current on the day you figure your price.

(c) If you are unable to determine a maximum price for a new food item or meal according to paragraphs (a) or (b), then your maximum price is a price which is in line with your maximum prices for other food items or meals in the next higher cost range. A price is "in line" if the customer receives as much value for his money from the one item or meal as from the other. In comparing values, quality, size of portions, and the margin over food cost, are the things that count. A price established under this paragraph must always be lower than the price for the food item or meal used as the basis for computing the "in line" price.

(d) Once your maximum price for a food item or meal has been fixed, it may not be changed, except as provided in section 4.

SEC. 4. *How you figure your prices for seasonal items.* First, determine your maximum price for a "seasonal food item" (defined in section 20 (e)) in accordance with the appropriate rule of sections 2 and 3 of this regulation. Thereafter, this price must be varied in proportion to any seasonal change in the raw food cost of the item: *Provided,* That in no event shall the price be higher than the maximum price as originally determined. If in the past it has been your practice to maintain one price throughout the season, you need not vary your maximum price according to this rule provided the maximum price was based upon estimated average raw food cost of the item for the entire season.

SEC. 5. *No maximum price for any food item or meal to be higher than the highest maximum price for a food item or meal of the same class offered in the five-week period beginning March 7, 1943, and ending April 10, 1943.* Under no circumstances are you permitted to charge a higher price for a food item or a meal than your highest maximum price for food items or meals of the same class offered in such five-week period.

The provisions of this section shall not apply to seasonal dessert specialties specified in section 21 (a), class 25.

SEC. 6. *Holiday differentials.* Notwithstanding the provisions of the foregoing section, any proprietor who has, customarily, in the regular course of his business, charged higher prices for food items or meals on holidays, such as New Year's Eve, Thanksgiving Day, Labor Day, etc., may continue to maintain his customary differentials.

SEC. 7. *Substitution of food items in meals.* If you have already determined your maximum price for a meal you may substitute for any food item other than the entree (or main dish) in that meal any other food item of the same class without refiguring your maximum price, provided the new food item costs you approximately as much and offers customers about the same value as the food item which it replaces. A meal becomes a "new" meal whenever the entree (or main dish) is changed or a new food item is substituted which costs you less or offers your customers lower value than the food item which it replaces, and you must therefore determine its maximum price in accordance with the rules established by section 3.

SEC. 8. *Prohibition against manipulation of meal offerings.* You must not manipulate your meal offerings in a manner which will force your customers to spend more for meals than they did during the seven-day period. Among other things you must not

(a) Reduce the number of meals offered at prices equal to or below your "middle price" for meals of the same class served on any day during the seven-day period without making a corresponding reduction in the number of meals offered at prices above that middle price. By "middle price" is meant the price most nearly at the mid-point of your price range for meals of the same class. (Note that Sunday meals and week-day meals are meals of different classes.)

(b) Fail to offer at least as many different meals at (or below) the lowest price charged by you for meals of the same class on any day you select in the seven-day period, as you did on that day.

SEC. 9. *Evasion.* (a) You must not evade the provisions of this regulation by any scheme or device whatsoever. Some, but not all practices which will be regarded as evasive are:

(1) Dropping food items from meals, deteriorating quality or reducing quantity without making appropriate reductions in price. For any change in quantity or quality resulting in a cost saving, you shall reduce your maximum price by an amount which is proportionate to the saving in cost. (You must maintain a raw food cost ratio at least equal to such ratio prior to the deterioration or reduction);

(2) Withdrawing the offer, or increasing the price of any meal ticket, weekly rate, or other arrangement by which customers may buy food items or meals at less than the prices they must pay when purchasing by item or meal;

(3) Increasing any cover, minimum, bread-and-butter, service, corkage, entertainment, check-room, parking or other special charges, or increasing any additional charge for the sale of a food item or meal to be consumed off the premises, or making such charges when they were not in effect in the seven-day period except that a cover or minimum charge in effect during the seven-day period may be increased in accordance with customary practice, where it was the practice to vary the charge in accordance with the type of entertainment offered and the increase does not cause the charge to go above the highest charge made during the last twelve-month period;

(4) Discontinuing a no-tipping practice without a compensating reduction in your maximum prices;

(5) Requiring as a condition of sale of an item or meal the purchase of other items or meals when such condition was not in effect during the seven-day period, except that you may refuse to sell coffee unless a customer also purchases another food item;

(6) Reducing the selection of meals offered at table d'hote prices when the food items which you customarily offered in such meals are being offered at a la carte prices which, when added together, total more than the table d'hote price for the complete meal or give your customers less value for their money.

(b) You will not be considered evading the provisions of this regulation, however, if you do any of the following things, even though you did not do any of these things during the seven-day period:

(1) You may limit your customers to one cup of coffee per meal.

(2) You may limit your customers to one pat of butter per meal.

(3) You may reduce the quantity, or eliminate altogether, condiments (such as catchup, chili sauce, etc.) which you may have customarily placed at the disposal of your customers and which now are, or may hereafter be, subject to any rationing order or rationing regulation of the Office of Price Administration.

(4) You may reduce the amount of sugar served with each cup of coffee or tea, or each bowl of cereal, fruit, or other similar food items with which sugar is served, to, but not less than, one teaspoonful, except that less may be served if your available supply is not adequate.

You may not, however, make the curtailment authorized in the foregoing subparagraphs and furnish the curtailed item at an additional charge. For example, if during the seven-day period you furnished catchup you may not now discontinue furnishing this item free, and at the same time offer to furnish it for an additional charge.

SEC. 10. *Rules for proprietors not in operation during the seven-day period.* (a) If you acquire another's business subsequent to the effective date of this regulation and continue the business in the same place, you are subject to the same maximum prices and duties as the previous proprietor. Prior to acquiring another's business, however, you may apply to your OPA District Office for permission to price under paragraph (b) or (c) of this section. If such permission is granted it may be subject to such conditions as the Office of Price Administration deems necessary.

(b) If you were not in operation during the seven-day period, you must fix maximum prices in line with the maximum prices of the nearest eating or drinking place of the same type as yours. If the maximum prices so fixed are too high and threaten to have an inflationary effect on the price of food or drink, the Office of Price Administration may issue an order requiring you to reduce your maximum prices. You are subject to the record requirements of section 12 and

the posting requirements of section 13 immediately upon the opening of your place.

(c) If you cannot price under paragraphs (a) or (b) above, you must apply for a price to your OPA District Office. Your application must be filed ten days prior to the date you plan to commence operations and present the following information:

(1) Your name and address.

(2) A brief description of your business and the manner of operation.

(3) A list of showing the prices you propose to charge and, if you are a seasonal operator, the prices you charged during your last season.

(4) The date when you plan to commence operations.

(5) The names of two establishments similar to yours.

You may charge the prices listed if they are not disapproved by the Office of Price Administration prior to the date specified for the commencement of operations. That Office may, at any time, after proper investigation and hearing, establish such maximum prices for your business as it deems proper.

SEC. 11. *Taxes.* If in the seven-day period you stated and collected the amount of any tax separately from the price you charged, you may continue to do so. You may also separately state and collect the amount of any new tax or of any increase in the amount of a previous tax on the sale of food or drink or on the business of selling food or drink, if the tax is measured by the number or price of items or meals.

SEC. 12. *Records*—(a) *Filing of menus.* General Order No. 50 required you to file with your war price and rationing board on or before May 1, 1943, a signed copy of each menu or list of your prices in effect during the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943. If you have not already filed, you must do so immediately. Failure to do so will also constitute a violation of this regulation.

(b) *Filing by proprietors not in operation during the seven-day period.* The proprietor of an eating or drinking place which was not open during the seven-day period (including newly-opened places) shall file menus or a price list in accordance with paragraph (a) above, except that (1) the filing shall be for the seven-day period beginning with the first Sunday that place is open after April 4, 1943 and (2) the filing shall be made within three weeks of such first Sunday.

(c) *Records of the seven-day period.* You must make available for examination by any person during ordinary business hours a copy of each menu used by you in the seven-day period from April 4–10, 1943, or if you are a new proprietor, in the seven-day period referred to in paragraph (b) above. If you did not use menus, or if your menus were incomplete, you must make available for such examination a list of the highest prices you charged in such seven-day period.

(d) *Customary records.* You must preserve all your existing records relating to your prices, costs and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the Office of Price Administration.

(e) *Future records.* Beginning with the effective date of this regulation, you must keep, for examination by the Office of Price Administration, two copies of each menu used by you each day. If you do not use menus you must prepare, in duplicate, and preserve for such examination, a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same items or meals. Proprietors who operate a number of eating or drinking places in the same city which have customarily been subject to central control may keep the records required by this paragraph for those places at a central office or the principal place of business within the city.

SEC. 13. *Posting.* (a) Beginning August 2, 1943, each menu must have clearly and plainly written on or attached to it the following statement:

> All prices are our ceiling prices, or below. By OPA regulation, our ceilings are based on our highest prices from April 4 to 10, 1943. Our menus or price lists for that week are available for your inspection.[1]

If you do not use menus, you must post the above statement at a place where it can easily be read by your customers.

(b) If you do not use menus, you must post your prices for food items and meals currently offered by you at a place or places where they can easily be read by your customers.

SEC. 14. *Operation of several places.* If you own or operate more than one eating or drinking place, you must do everything required by this regulation for each place separately.

SEC. 15. *Relation to other maximum price regulations.* The provisions of this regulation shall supersede other regulations, including the General Maximum Price Regulation, now or hereafter issued by the Office of Price Administration, insofar as they establish maximum prices for meals and food items sold by eating and drinking places. However, a price charged during the seven-day period of this regulation shall not become a maximum price under this regulation if it exceeded the maximum price established by another regulation applicable at that time. In such case the lawful maximum price applicable at that time shall be the maximum price hereunder.

SEC. 16. *Geographical application.* This Restaurant Maximum Price Regulation No. 2–1 applies to the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, and the District of Columbia.

SEC. 17. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses, provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 18. *Exempt sales.* Sales by the following eating or drinking places are specifically exempt from the provisions of this regulation:

(a) Eating and drinking places operated in connection with special church, Sunday school and other religious occasions.

(b) Hospitals, except for food items and meals served to persons other than the patients when a separate charge is made for such food items and meals.

(c) Eating and drinking places located on board common carriers (when operated as such), including railroad dining cars, club, bar and buffet cars, and peddlers aboard railroad cars traveling from station to station.

SEC. 19. *Adjustments.* (a) The Office of Price Administration may adjust the maximum prices for any eating establishment under the following circumstances:

(1) The establishment is operating under such hardship as to cause a substantial threat to the continuance of its operations.

(2) It is determined with reasonable certainty that such discontinuance will result in serious inconvenience to consumers in that they will either be deprived of all restaurant service or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals or food items offered, capacity, or transportation; and

(3) By reason of such discontinuance, the same meals or food items will cost the customers of the eating establishment as much as or more than the proposed adjusted prices.

(b) If you are the proprietor of an eating establishment which satisfies the requirements specified above, you may apply for an adjustment of your maximum prices by submitting to your OPA District Office a statement setting forth:

(1) Your name and address.

(2) A description of your eating establishment including: type of service rendered (such as cafeteria, table service, etc.), classes of meals offered (such as breakfast, lunch and dinner), number of persons served per day during the most recent thirty-day period,[2] and such other information that may be useful in classifying your establishment.

(3) The reasons why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating places of the same type as yours.

(5) A list showing your present maximum prices and your requested, adjusted prices.

(6) A profit and loss statement for your restaurant business for the most recent three-month accounting period, and a copy of your last income tax return if one was filed separately for your restaurant business.

Applications for adjustment under this section may be acted upon by any district office that has been authorized to do so by order of the Regional Administrator.

SEC. 20. *Definitions and explanations.* (a) "Person" means individual, corporation, partnership, association or other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other government, or any of its political subdivisions, and any agencies of any of the foregoing.

(b) "Meal" means a combination of food items sold at a single price. Examples of meals are a five-course dinner, a club breakfast, and a blue-plate special. Two or more kinds of food which are prepared or served to be eaten together as one dish are not a "meal". Examples of such dishes are: ham and eggs, bread and butter, apple pie and cheese. See section 21B for "classes of meals".

(c) "Offered" means offered for sale for consumption in or about the eating or drinking place, and includes the listing or posting of prices for items and meals even though the items and meals so offered were not actually on hand to be sold.

(d) "Food item" means an article or portion of food (including beverages) sold or served by an eating or drinking place for consumption in or about the place or to be taken out for eating without change in form or additional preparation. It includes two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

Food items, otherwise identical, are not the same for the purpose of establishing maximum prices under sections 2 and 3, when they are items in different classes. (See section 21 (a) for "classes of food items".) For example: lamb chops offered a la carte for dinner or lunch are in class 13 while if offered for breakfast, they are in class 4.

(e) "Seasonal food item" means a food item (including beverage) not generally offered for sale throughout the year and normally available in quantity only during certain seasonal production periods of each year. Examples are: certain shell-fish such as oysters; certain fresh fish such as salmon, trout and shad; certain vegetables such as summer squash; and certain fruits such as berries and melons.

(f) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 21. *Classes of food items and meals.* (See definition of "food item" and "meal" contained in section 20.)

(a) *The classes of food items.* For the purposes of this regulation there shall be thirty-six classes of food items:

BREAKFAST ITEMS

1. Fruits, fruit juices and vegetable juices.
2. Cereals.
3. Entrees: egg and combination egg dishes served at breakfast.
4. Entrees: meat and meat combination dishes served at breakfast.
5. Entrees: all other dishes served at breakfast.
6. Breads, rolls, buns, danish-pastries, etc., served at breakfast.
7. All other breakfast dishes including jams, jellies, and preserves.

OTHER ITEMS

8. Appetizers, except alcoholic cocktails.
9. Soups, including soups in jelly.
10. Beef: steaks and roasts.
11. Veal: steaks, chops, and roasts.
12. Pork: loin, chops, steaks, roasts.
13. Lamb or mutton: chops, roasts.
14. Poultry and fowl.
15. Fish and shell-fish.
16. Game.
17. Miscellaneous and variety meats, including liver and kidneys.
18. Prepared dishes such as stews, casseroles, ragouts, curries, etc.
19. Egg and cheese dishes and combinations thereof.
20. All other dishes such as spaghetti and combinations, vegetable platter, baked beans and combinations, chop suey, etc.
21. Vegetables, including potatoes.
22. Salads (except as served as a main course or appetizer course in a meal).
23. Desserts: cakes, cookies, pies, pastries, and other baked goods.
24. Desserts: ice creams, sherbets, water ices, including combinations with syrups, creams, fruits and nuts.
25. Desserts: seasonal dessert specialties such as watermelon and cantaloupe.
26. Desserts: all others, including fruits, pudding and cheese.
27. Cold sandwiches: including garnishings, salads and vegetables.
28. Hot sandwiches: including garnishings, salads and vegetables.
29. All other food items served in a meal including mints and preserves.
30. Beverage foods, including coffee, cocoa, chocolate, tea and milk.

BEVERAGES

31. Non-alcoholic beverages, including sparkling and mineral waters.
32. Alcoholic malt beverages, including beer and ale.
33. Wines, including sparkling wines.
34. Liquors, including whiskeys, gins and brandies.
35. Cordials, including fruit liqueurs.
36. All other alcoholic beverages.

(b) *The classes of meals.* For purposes of this regulation there shall be thirteen classes of meals, namely: breakfast, lunch, tea, dinner and supper during week days, and breakfast, lunch, tea, dinner and supper on Sundays, children's breakfast, lunch and dinner.

SEC. 22. *Special orders.* The provisions of this regulation to the contrary notwithstanding, the Office of Price Administration may from time to time issue special orders providing for the establishment or reduction of the maximum price of any food item or items or meal or meals sold or offered by any seller or sellers when, in the judgment of the Regional Administrator, such action is necessary or desirable to prevent inflation, to stabilize prices affecting the cost of living, or to carry out the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328.

SEC. 23. *Licensing.* The licensing and registration provisions of sections 15 and 16 of the General Maximum Price Regulation shall apply to every person making sales subject to this regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at retail commodities for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license, but all sellers may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. No person whose license is suspended may sell any such commodity during the period of suspension.

SEC. 24. *Revocation and amendment.* (a) This regulation may be revoked, amended or corrected at any time.

(b) You may petition for an amendment of any provision of this regulation (including a petition pursuant to Supplementary Order No. 28) by proceeding in accordance with Revised Procedural Regulation No. 1, except that the petition shall be filed with and acted upon by the Regional Administrator.

This regulation shall become effective July 26, 1943.

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 19th day of July 1943.

SYLVAN L. JOSEPH,
Regional Administrator.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 5-1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN PULASKI COUNTY, ARKANSAS

In the judgment of the Arkansas District Director the prices of food and beverages sold for immediate consumption in Pulaski County, Arkansas, have risen and are threatening further to rise to an extent and in a manner inconsistent with the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

In the judgment of the Arkansas District Director, the maximum prices established by this regulation are generally fair and equitable and are necessary to check inflation and to effectuate the purposes of the Act.

So far as practicable, the Arkansas District Director gave due consideration

[1] If you were not in operation during the seven-day period from April 4 to April 10, 1943, substitute the following statement:

"All prices are our ceiling prices, or below. By OPA regulation, our ceilings as a new proprietor are in line with competitive prices from April 4 to 10, 1943. Our menus or price lists for our first week of operation are available for your inspection."

[2] In counting the number of persons served, anyone who was served more than once is to be counted separately for each occasion he was served.

to prices prevailing between October 1, and 15, 1941, and consulted with the representatives of those affected by this regulation.

A statement of considerations involved in the issuance of this regulation is issued simultaneously herewith.

Therefore, in accordance with the direction of the President to take action which will stabilize prices affecting the cost of living, and under the authority herewith delegated by the President pursuant to the Acts of Congress approved October 2, 1942, entitled "An Act to aid in stabilizing the cost of living" (H. R. 7565), 77th Congress, 2d Session, and under the authority of Executive Order 9250, Executive Order 9328, and the Emergency Price Control Act of 1942, the Arkansas District Director, hereby issues this Restaurant Maximum Price Regulation 5–1 establishing as the maximum prices for food and drink sold for immediate consumption in Pulaski County, Arkansas, the prices prevailing therefor during the seven-day period beginning April 4, 1943, and ending April 10, 1943.

§ 1448.401 *Maximum prices for food and drink sold for immediate consumption.* Under the authority vested in the Arkansas District Director by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, General Order No. 50, and Region 5 Order of Delegation under Revised General Order No. 32 and Other Authority, Restaurant Maximum Price Regulation No. 5–1 (Food and Drink sold for Immediate Consumption) which is annexed hereto and made a part thereof, is hereby issued.

AUTHORITY: § 1448.401 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871, E.O. 9328, 8 F.R. 4681.

SECTION 1. *Sales at higher than ceiling prices prohibited.* If you own or operate a restaurant, hotel, cafe, delicatessen, soda fountain, boarding house, or any other eating or drinking place, you must not offer or sell any "food item" (including any beverage) or "meal" at a price higher than the ceiling price which you figure according to the directions in the next two sections (sections 2 and 3). You may, of course, sell at lower than ceiling prices.

SEC. 2. *How you figure ceiling prices for food items and meals you offered in the seven-day period from April 4, 1943, to April 10, 1943.* Your ceiling price for any food item or meal which you offered in the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943, is the highest price at which you offered the same food item or meal in that seven-day period.

SEC. 3. *How you figure ceiling prices for food items and meals you did not offer in the seven-day period.* You must figure your ceiling price for a food item or meal which you did not offer during the seven-day period as follows:

(a) If you offered the same food item or meal at any time during the four weeks from March 7 to April 3, 1943, inclusive, and if you have adequate records of the prices you then charged, take as your ceiling price the highest price at which you offered that food item or meal during that four-week period.

(b) If you did not offer the food item or meal during the five-week period from March 7 to April 10, 1943, inclusive, or if you do not have adequate records of prices charged prior to the seven-day period you must proceed as follows:

(i) Choose from the food items and meals for which you have already determined a ceiling price, a food item or meal of the same class as the new food item or meal. The amount you currently pay for the food used in preparing the food item or meal so chosen must be equal to or less than the amount you pay for the food used in preparing the new food item or meal. If you have no food item or meal of the same class, choose the most similar food item or meal having a food cost equal to or less than your food cost for the new item. "Currently", as used herein, means current on the day you figure your price.

(ii) Take as your ceiling price for the new food item or meal your ceiling price for the food item or meal chosen for comparison.

(c) Once your ceiling price for a food item or meal has been fixed, it may not be changed.

SEC. 4. *No ceiling price for any food item or meal to be higher than the highest ceiling price for a food item or meal of the same class in the base period.* Under no circumstances are you permitted to charge a higher price for a food item or a meal than;

(a) Your highest ceiling price for food items or meals of the same class offered in the seven-day period; or

(b) The last price at which you sold the same food item or meal prior to April 4, 1943, provided you first file with the appropriate War Price and Rationing Board a menu or certified copy of a record showing the last price charged.

Example 1. If your highest ceiling price for any soup offered by you during the seven-day period is 10 cents, you may not offer any other soup at a higher price than 10 cents.

Example 2. You served sirloin steak in March at $1.00. You did not serve sirloin steak during the base period. The highest price at which you can now serve sirloin steak is $1.00.

SEC. 5. *Substitution of food items in meals.* If you have already determined your ceiling price for a meal you may substitute for any food item other than the entree (or main dish) in that meal any other food item of the same class without refiguring your ceiling price, provided the new food item costs you approximately as much and offers customers about the same value as the food item which it replaces. A meal becomes a "new" meal whenever the entree (or main dish) is changed or a new food item is substituted which costs you less or offers your customers lower value than the food item which it replaces, and you must therefore determine its ceiling price in accordance with the rules established by section 3.

SEC. 6. *Prohibition against discontinuing meals at certain prices.* You must not now discontinue offering meals at prices comparable to those charged by you in the seven-day period if by your doing so your customers would actually have to pay more than they did in the seven-day period. You will be in violation of this rule unless

(a) You continue to offer meals at different prices representative of the range of prices at which you offered meals of the same class during the seven-day period, and unless

(b) You continue to offer half of the different meals in each class at a price equal to or below the middle price for meals of that class offered in the base period, and unless

(c) You continue to offer at least as many different meals at or below the lowest price charged by you for meals of the same class on any day that you select in the seven-day period, as you did on that day.

Example: If you select Friday, April 9, 1943, to determine the lowest price and the number of week-day meals offered at that price, and if on that day you offered six week-day dinners, of which two were priced at 35¢, and one each at 50¢, 75¢, 90¢, $1.00, you must continue to offer two week-day dinners at 35¢. Note that Sunday meals and week-day meals are meals of a different class.

SEC. 7. *Evasion.* You must not evade the provisions of this regulation by any scheme or device, including:

(a) Dropping food items from meals, deteriorating quality or reducing quantity without making sufficient reduction in price so as to maintain the raw food cost ratio at least equal to such ratio prior to the deterioration or reduction.

(b) Withdrawing the offer, or increasing the price, of any meal ticket, weekly rate, or other arrangement by which customers may buy food items or meals at less than the prices they must pay when purchasing by item or meal;

(c) Increasing any cover, minimum, bread-and-butter, service, corkage, entertainment, check-room, parking or other special charges, or making such charges when they were not in effect in the seven-day period;

(d) Requiring as a condition of sale of an item or meal the purchase of other items or meals, except that you may refuse to sell coffee unless a customer also purchases another food item;

(e) Reducing the selection of meals offered at table d'hote prices when the food items which you customarily offered in such meals are being offered at a la carte prices which when added together total more than the table d'hote price for the complete meal or give your customers less value for their money.

Example 1. If you customarily offered fish on table d'hote dinners at 75¢, you may not now offer fish a la carte and refuse to offer it on a table d'hote dinner priced at 75¢.

Example 2. If you offered table d'hote dinners during the base period at 65¢ to $1.05 which included dessert and beverage, you may now offer the same food item excluding dessert and beverage at 45¢ to 85¢, providing you also offer dessert and beverage to be served with the meals at prices which do not total more than 20¢.

(f) You will not be considered evading the provisions of this regulation, however, if you do any of the following things, even though you did not do any of these things during the seven-day period:

(1) You may limit your customers to one cup of coffee per meal.

(2) You may limit your customers to one pat of butter per meal.

(3) You may reduce the quantity, or eliminate altogether, condiments (such as catchup, chili sauce, etc.) which you may have customarily placed at the disposal of your customers and which now are or may hereafter be, subject to any rationing order or rationing regulation of the Office of Price Administration.

(4) You may reduce the amount of sugar served with each cup of coffee or tea, but not less than one teaspoonful.

You may not, however, make the curtailment authorized in the foregoing subparagraphs and furnish these curtailed items at an additional charge. For example, if during the seven-day period you furnished catchup, you may not now discontinue furnishing this item free, and at the same time offer to furnish it for an additional charge.

SEC. 8. *Rules for new proprietors.* (a) If you acquire another's business subsequent to the effective date of this regulation and continue the business in the same place, you are subject to the same ceiling prices and duties as the previous proprietor. Prior to acquiring another's business, however, you may apply to the Office of Price Administration for permission to price under paragraph (b) of the section. The application must show that you contemplate substantial capital investment in, or material change in the type of operation of, the business after it is acquired; and give the name and prices of the nearest eating or drinking place of the same type. If such permission is granted it may be subject to such conditions as the Office of Price Administration deems necessary.

(b) If you open an eating or drinking place after the seven-day period, you must fix ceiling prices in line with the ceiling prices of the nearest eating or drinking place of the same type as yours. If the ceiling prices so fixed are too high and threaten to have an inflationary effect on the price of food or drink, the Office of Price Administration may issue an order requiring you to reduce your ceiling prices. You are subject to the record requirements of section 10 and the posting requirements of section 11 immediately upon the opening of your place.

SEC. 9. *Taxes.* If in the seven-day period you stated and collected the amount of any tax separately from the price you charged, you may continue to do so. You may also separately state and collect the amount of any new tax or of any increase in the amount of a previous tax on the sale of food or drink or on the business of selling food or drink, if the tax is measured by the number or price of items or meals.

SEC. 10. *Records.* You must observe all the record keeping requirements of General Order No. 50. This order requires, among other things, that you do the following:

(a) *Customary records.* You must preserve all your existing records relating to your prices, costs and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the Office of Price Administration.

(b) *Records of the seven-day period.* You must make available for examination by any person during ordinary business hours a copy of each menu used by you in the seven-day period. If you did not use menus, you must prepare in duplicate and make available for such examination a list of the highest prices you charged in the seven-day period.

(c) *Filing by new proprietors.* The proprietor of an eating or drinking place which was not open during all of the seven-day period (including newly-opened places) shall file menus or a price list in accordance with paragraph (a), (of General Order 50) except that (1) the filing shall be for the seven-day period beginning with the first Sunday that place is open after April 4, 1943, and (2) the filing shall be made within three weeks of such first Sunday.

(d) *Future records.* Beginning with the effective date of this regulation, you must keep, for examination by the Office of Price Administration, two each of the menus used by you each day. If you do not use menus you must prepare in duplicate, and preserve for such examination, a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same items or meals. Proprietors who operate a number of eating or drinking places which have customarily been subject to central control may keep the records required by this paragraph at its main office or principal place of business.

SEC. 11. *Posting.* (a) Beginning May 3, 1943, each menu must have clearly and plainly written on or attached to it the following statement:

All prices listed are our ceiling prices or below. By Office of Price Administration regulation, our ceilings are based on our highest prices from April 4, 1943, to April 10, 1943. Records of these prices are available for your inspection.

If you do not use menus, you must post the statement by a sign which can be easily read by your customers and which must be located near the cashier's desk, if any, or, if none, in such location that the customer can easily read same at the time of purchase.

(b) If you made menus available to customers in the seven-day period, you should continue to make them available.

(c) Cafeterias must post the selling prices for all items.

SEC. 12. *Operation of several places.* If you own or operate more than one eating or drinking place, you must do everything required by this regulation for each place separately.

SEC. 13. *Relation to other maximum price regulations.* The provisions of this regulation shall not apply to any sale for which a maximum price is established by any other regulation, including the General Maximum Price Regulation, now or hereafter issued by the Office of Price Administration.

SEC. 14. *Geographical application.* This Restaurant Maximum Price Regulation No. 5–1 applies to Pulaski County, Arkansas.

SEC. 15. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses, provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 16. *Definitions and explanations.* (a) "Person" means individual, corporation, partnership, association or other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other government, or any of its political subdivisions, and any agencies of any of the foregoing.

(b) "Meal" means a combination of food items sold at a single price. Examples of meals are a five-course dinner, a club breakfast, and a blue-plate special. Two or more kinds of food which are prepared or served to be eaten together as one dish are not a "meal." Examples of such dishes are: ham and eggs, bread and butter, apple pie and cheese.

(c) "Offered" means offered for sale and includes the listing or posting of prices for items and meals even though the items and meals so offered were not actually on hand to be sold.

(d) "Food item" means an article or portion of food (including beverages) sold or served by an eating or drinking place for consumption in or about the place or to be taken out for eating without change in form or additional preparation. It includes two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

(e) "Eating and drinking place" shall include any place, establishment or location, whether temporary or permanent, from which any food item or meal is sold, except those which are specifically exempted in section 17 thereof. It shall include by way of example, but not by way of limitation, such movable places where food is dispensed as field kitchens, lunch wagons, "hot dog" carts, etc. A "Boarding house" is an establishment where more than two persons not related to the owner or operator receives meals and lodging for compensation.

(f) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 17. *Exempt sales.* Sales by the following eating or drinking places are specifically exempt from the provisions of this regulation:

(a) Eating and drinking places located on church premises and also any sales of food and beverages by churches, Sunday schools and other religious organizations unless such sales are made as a regular business.

(b) Hospitals, except for food items and meals served to persons other than the patients when a separate charge is made for such food items and meals.

(c) Eating and drinking places (when operated as such) located on board common carriers, including railroad dining cars, club, bar and buffet cars, and peddlers aboard railroad cars traveling from station to station.

(d) Bona fide private clubs insofar as such clubs sell only to members and bona fide guests of members. Whenever such clubs sell to persons other than members or bona fide guests of members, such clubs shall be considered for all sales an eating or drinking place within the meaning of this regulation.

SEC. 18. *Classes of food items and meals.* (See definition of "food Item" and "meal" contained in section 16).

(a) *The classes of food items.*

[Restaurant MPR 5-1, Amdt. 1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN PULASKI COUNTY, ARKANSAS

A statement of the considerations involved in the issuance of this Amendment No. 1 to Restaurant Maximum Price Regulation 5-1, Food and Drink Sold for Immediate Consumption in Pulaski County, Arkansas has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Restaurant Maximum Price Regulation 5-1 is amended in the following respects:

1. Section 11 (a) is amended to read: "Beginning July 8, 1943," instead of "Beginning May 3, 1943."

2. The effective date provision of the regulation is amended to read as follows:

This regulation shall become effective July 8, 1943.

This amendment No. 1 shall become effective July 5, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued at Little Rock, Arkansas, this 5th day of July 1943.

ROBERT P. HALL,
Arkansas District Director.

PART 1358—TOBACCOS

[MPR 441]

FLUE-CURED TOBACCO; 1943 CROP

A statement of the considerations involved in the issuance of this maximum price regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

So far as practicable the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation. In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and comply with the requirements of the Emergency Price Control Act of 1942 as amended, Executive Order Nos. 9250 and 9328 and effectuate the purposes of said act and orders.

§ 1358.254 *Maximum prices for flue-cured tobacco; 1943 crop.* Pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended and Executive Order Nos. 9250 and 9328, Maximum Price Regulation No. 441. (Flue-cured tobacco; 1943 crop) which is annexed hereto and made a part hereof is hereby issued.

AUTHORITY: § 1358.254 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION NO. 441—FLUE-CURED TOBACCO; 1943 CROP

CONTENTS

Sec.
1 Prohibition against purchasing flue-cured tobacco above maximum prices.
2 Maximum prices for flue-cured tobacco of the 1943 crop.
3 Exempt transactions.
4 Petitions for amendment.
5 Evasion.
6 Enforcement.
7 Reports.
8 Definitions.
9 Geographical applicability.

SECTION 1. *Prohibition against purchasing flue-cured tobacco above maximum prices.* On and after July 27, 1943 regardless of any contract, agreement, lease or obligation no person shall buy or receive and no person shall agree, offer, solicit or attempt to buy or receive any flue-cured tobacco of the 1943 crop on the loose leaf auction markets or direct from growers at prices higher than the prices fixed by this regulation. Lower prices than those established by this regulation may be paid or offered.

SEC. 2. *Maximum prices for flue-cured tobacco of the 1943 crop.* During the period beginning July 27, 1943 and ending with the close of the last flue-cured tobacco market, the weighted average purchase price paid by any buyer for flue-cured tobacco of the 1943 crop shall not exceed $41.00 per cwt. for loose leaf tobacco, or $5.00 per cwt. for "farm scrap" tobacco.

Amounts paid for "farm" and "auction" scrap tobacco as defined in this regulation shall not be used in computing the weighted average purchase price for loose leaf tobacco.

NOTE: All buyers are warned that in paying more than $41.00 per cwt. for loose leaf tobacco, they do so at their peril, and inability to buy tobacco at lower prices in order to reduce their weighted average purchase prices to the maximum weighted average purchase price fixed by this regulation will not constitute a defense to a charge of violating this regulation.

SEC. 3. *Exempt transactions.* Purchases of flue-cured tobacco for resale in substantially the same form on the loose leaf markets are exempt from the provisions of this regulation provided that such flue-cured tobacco is actually resold in substantially the same form on the loose leaf markets.

SEC. 4. *Petitions for amendment.* Persons seeking any general amendment to this regulation may file petitions for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[1] issued by the Office of Price Administration.

SEC. 5. *Evasion.* The price limitations set forth herein shall not be evaded, whether by direct or indirect methods in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to flue-cured tobacco, alone or in conjunction with any other commodity or by the way of commission, service, transportation, or other charge or discount, premium or other privilege or other trade understanding or otherwise.

SEC. 6. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(b) Persons who have any evidence of any violation of this regulation or any price schedule, regulation or order issued by the Office of Price Administration; or any acts or practices which constitute such a violation are urged to communicate with the nearest district, State, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

SEC. 7. *Reports.* On or before January 2, 1944, every buyer of flue-cured tobacco shall file with the Office of Price Administration, Washington, D. C. a statement showing separately for loose leaf and farm scrap flue-cured tobacco of the 1943 crop, the total pounds purchased and the total amount paid.

SEC. 8. *Definitions.* (a) When used in this regulation the term:

(1) "Person" includes individual, corporation, partnership, association or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof or any other government, or any of its political subdivisions or any agency of any of the foregoing.

(2) "Flue-cured tobacco" means U. S. types 11a, 11b, 12, 13 and 14, as classified in Regulatory Announcement No. 18 of the Bureau of Agricultural Economics of the United States Department of Agriculture.

(3) "Weighted average purchase price" means the total purchase price paid for all flue-cured tobacco of the 1943 crop, divided by the total number of pounds of such flue-cured tobacco purchased during such period.

(4) "Farm scrap" means any loose, tangled, untied, and unstemmed tobacco salvaged as a by-product in harvesting, stripping, classing, and tying on the farm and consisting chiefly of barn and strip-house floor sweepings and very inferior quality leaves discarded by growers for auction marketing purposes on account of being badly broken or burnt, badly worm-eaten, or badly field burnt or diseased.

(5) "Auction scrap" means any loose, untied, and unstemmed tobacco consisting entirely of floor sweepings, loose and tangled leaves, or portions of leaves which accumulated from unavoidable droppings or breakage in careful handling of tobacco on auction warehouse floors and which consists exclusively of such tobacco salvaged as a by-product of auction marketing and which does not include any tobacco purchased at auction marketing and which does not include any tobacco purchased at auction or purchased directly or indirectly from growers.

(b) Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

SEC. 9. *Geographical applicability.* The provisions of this regulation shall be applicable to the forty-eight states of the United States and the District of Columbia.

This regulation shall become effective July 27, 1943.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of July 1943.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[Rev. MPR 239,[1] Amdt. 7]

LAMB AND MUTTON CARCASSES AND CUTS AT WHOLESALE AND RETAIL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 239 is amended in the following respects:

1. Section 1364.155 (a) is amended to read as follows:

(a) *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

2. Section 1364.160 (a) (5) is amended to read as follows:

(5) "Hotel supply house" means a separate selling establishment which is not physically attached to a packing or slaughtering plant, packer's branch house, wholesaler's or other selling establishment; which is engaged in the fabrication of meat cuts and in the sale of hotel supply cuts (fabricated meat cuts), variety meats, edible by-products and sausage to purveyors of meals; and which during the period September 15, 1942, through December 15, 1942, sold to purveyors of meals, other than war procurement agencies, not less than 70 percent of the total weight volume of meat, variety meats, edible by-products or sausage sold by it.

3. Section 1364.160 (a) (11) is added to read as follows:

(11) "Purveyor of meals" means:

(i) Any restaurant, hotel, cafe, cafeteria or establishment which purchases meats and where meals, food portions or refreshments are served for a consideration;

(ii) The War Shipping Administration of the United States;

(iii) Any person operating an ocean going vessel engaged in the transportation of cargo or passengers in foreign, coastwise or inter-coastal trade, to the extent that meat is delivered to him as ship's stores for consumption aboard such vessel;

(iv) Any hospital, asylum, orphanage, prison or other similar institution, which is operated by any federal, state, or local government agency thereof.

4. Section 1364.168 is amended to read as follows:

§ 1364.168 *Limitation on volume of sales to purveyors of meals; records and reports.* (a) No hotel supply house, packing or slaughtering plant, packer's branch house, wholesaler's or other selling establishment shall sell and deliver to purveyors of meals during any three-month period beginning June 1, September 1, December 1, or March 1, a volume of hotel supply cuts (fabricated meat cuts) of all kinds in excess of 70 percent of the total volume by weight of all kinds (e. g. lamb, mutton, pork, beef, veal, sausage, hamburger, etc.) and type (e. g. fresh, frozen, cured, smoked, cooked, canned, dried, etc.) of meats, variety meats (e. g. liver, tongue, kidneys, etc.), edible by-products, and all other processed meat items not specifically set forth herein, sold and delivered by such selling establishment from September 15, 1942, through December 15, 1942, to purveyors of meals.

(b) Each hotel supply house, packer or slaughtering plant, packer's branch house, wholesaler's or other selling establishment may sell and deliver to purveyors of meals during the three-month period from June 1, to August 31, a volume of hotel supply cuts (fabricated meat cuts) of all kinds not in excess of 70 percent of the total volume by weight of all kinds (e. g. lamb, mutton, pork, beef, veal, sausage, hamburger, etc.) and type (fresh, frozen, cured, smoked, cooked, dried, canned or otherwise processed) of meats, variety meats (e. g. liver, tongue, kidney, etc.) and edible by-products and all other processed meat items not specifically set forth herein, sold and delivered to purveyors of meals by such selling establishment from June 1, 1942, through August 31, 1942.

(c) Not later than the tenth day following each three-month period ending August 31, November 30, February 28 or 29, or May 31, each separate selling establishment making sales to purveyors of meals pursuant to the provisions of paragraph (c) of §§ 1364.176 to 1364.183, inclusive, shall file with the nearest district or state office of the Office of Price Administration a statement showing, for such three-month period, the total volume by weight of all kinds of hotel supply cuts (fabricated meat cuts), including lamb, mutton, veal and pork sold and delivered during such period to purveyors of meals: *Provided*, That no such report need be filed under this paragraph if the similar report required by § 1364.415 (b) of Revised Maximum Price Regulation No. 169—Beef and Veal Carcasses and Wholesale Cuts—or by § 1364.22a of Revised Maximum Price Regulation No. 148—Dressed Hogs and Wholesale Pork Cuts—is filed in lieu thereof.

(d) Any person who violates any provision of this section may, in addition to any other penalty provided by law, be prohibited by administrative suspension order from receiving, selling, using, or otherwise disposing of any rationed meats or other rationed products. Such suspension order shall be issued for such period as in the judgment of the Administrator or such person as he may designate for that purpose is necessary and appropriate in the public interest or to promote the national security.

(e) This section is issued under the authority vested in the Administrator by Executive Order No. 9125, issued by the President on April 3, 1942; Directive No. 1 and Supplementary Directive No. 1–M of the War Production Board, issued on January 24, 1942, and September 12, 1942, respectively; Executive Order No. 9280, issued by the President on December 5, 1942; and Food Directives No. 1, No. 3, No. 5, No. 6 and No. 7 issued by the Secretary of Agriculture.

5. Section 1364.170 (b) (2) is amended to read as follows:

(2) For wrapping lamb or mutton carcasses or wholesale cuts in (i) an inner covering of 45-lb. or heavier natural kraft, crinkled paper, waxed, or a stockinette of a construction of yarn, 8/1; number of plies, 1; wales per inch 15; courses per inch, 14; and (ii) in an outer covering of unsized muslin, 40 inch, 48 to 44 construction, 3¾ yards to pound weight, securely sewed, as stipulated by Army or Navy specifications for export shipment, there may be added actual cost for direct material and labor not to exceed $1.00 per hudredweight.

6. Section 1364.170 (b) (3) is added to read as follows:

(3) For dressing or wrapping lamb or mutton carcasses in two stockinettes, or in kraft paper or in other special wrapping not covered elsewhere in this regulation, involving an additional cost in excess of ten cents on sales to the war procurement agencies, or to persons operating ocean going vessels engaged in the transportation of cargo and passengers, as ship stores for consumption aboard such vessel, there may be added actual cost for direct material and labor not to exceed $0.25 per hundredweight.

7. An item is added to § 1364.170 (c) to read as follows:

Grade:	*Addition, per cwt.*
• • • • •

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Special Direction ODT 7, Revised–1]

PART 522—DIRECTION OF TRAFFIC MOVEMENT—EXCEPTIONS, PERMITS AND SPECIAL DIRECTIONS

SUBPART I—MOVEMENT OF TRAFFIC IN RAILWAY TANK CARS

Pursuant to the provisions of §§ 502.102 and 502.103 of General Order ODT 7, Revised (7 F.R. 10484), *It is hereby ordered*, That:

§ 522.900 *Permit required for transportation of certain commodities.* (a) Unless authorized by a general or a special permit issued by the Office of Defense Transportation,

(1) No person shall load or cause to be loaded in any tank car any commodity other than a commodity named on Schedule A hereto attached;

(2) No person shall offer for shipment, receive, accept delivery of, or retain in his possession any loaded tank car containing any commodity other than a commodity named on Schedule A; and

(3) No carrier shall accept for shipment, forward, or transport any loaded tank car containing any commodity other than a commodity named on Schedule A.

(b) Application for permit shall be made in writing to the Section of Tank Car Service, Division of Petroleum and other Liquid Transport, Office of Defense Transportation, Washington, D. C., and shall be in such form and contain such information as the Office of Defense Transportation shall require.

(c) The provisions of this special direction shall not apply to a tank car containing any commodity consigned by or to the Army, Navy, or Marine Corps.

(d) Nothing contained herein shall be so construed or applied as to revoke, modify, or restrict any of the provisions of General Order ODT 7, Revised, or of General Assignment Order ODT 7, Revised–1, or to relieve any carrier or other person from complying therewith.

This Special Direction ODT 7, Revised–1 shall become effective July 24, 1943.

(E.O. 8989, 6 F.R. 6725; Gen. Order ODT 7, Revised, 7 F.R. 10484)

Issued at Washington, D. C., this 24th day of July, 1943.

PART 522—DIRECTION OF TRAFFIC MOVEMENT—EXCEPTIONS, PERMITS, AND SPECIAL DIRECTIONS

SUBPART I—MOVEMENT OF TRAFFIC IN RAILWAY TANK CARS

Pursuant to the provisions of §§ 502.102 and 502.103 of General Order ODT 7, Revised (7 F.R. 10484), *It is hereby ordered*, That:

§ 522.901 *Loading of tank cars.* Unless authorized by a general or a special permit issued by the Office of Defense Transportation, no person shall offer for shipment and no carrier shall accept for shipment, forward, or transport any tank car containing any commodity unless the commodity is loaded in such tank car in accordance with one of the following requirements:

(a) With a quantity which equals or exceeds in weight the marked capacity (not "load limit") in pounds, which is stencilled on such tank car or is shown under the heading "capacity" in the Official Railway Equipment Register, Alternate Agent M. A. Zenobia, I. C. C., R. E. R. No. 267, supplements thereto or reissues thereof; or

(b) With a quantity equal to the maximum amount that may be loaded in such tank car in accordance with the "Regulations for transportation of Explosives and other Dangerous Articles" adopted by the Interstate Commerce Commission by order of August 16, 1940, effective January 7, 1941, in Docket No. 3666, as amended, pursuant to the provisions of Title 18, sec. 383, U. S. Code, as published in Agent W. S. Topping's Freight Tariff No. 4, I.C.C. No. 4, supplements thereto or reissues thereof; or

(c) With a quantity equal to the maximum amount thereof that may be loaded in such tank car without resulting in the overflow of such commodity due to expansion occasioned by rising temperatures or heating requirements; or

(d) With a quantity which occupies all of the load carrying space of such tank car, including that portion of the dome thereof to the level of the rod handle or wheel controlling the outlet valve, or to the bottom of the safety valve flange.

§ 522.902 *Communications.* Communications concerning this special direction should be addressed to the Section of Tank Car Service, Division of Petroleum and Other Liquid Transport, Office of Defense Transportation, Washington, D. C., and should refer to "Special Direction ODT 7, Revised-2."

This Special Direction ODT 7, Revised-2 shall become effective July 31, 1943.

W. D. CORLEY, JR.

ORDER DISMISSING PETITION

In the matter of the petition of W. D. Corley, Jr., code member in District No. 17, for a reduction in the effective minimum price for "Bone Coal" produced from the Corley No. 6 Mine.

A petition having been filed by the above-named party requesting a reduction from $2.50 per ton to $1.25 per ton in the minimum price for waste bone coal resulting from washing new coal produced from Corley No. 6 Mine, Mine Index No. 23, located in District No. 17 and petitioner having requested by communication dated July 13, 1943, that the petition be dismissed;

Now, therefore, it is ordered, That the above designated petition be, and the same hereby is, dismissed.

Dated: July 24, 1943.

[Docket B-375]

FLAT CREEK COAL CO.

NOTICE OF FILING APPLICATION FOR DISPOSITION OF COMPLIANCE PROCEEDING WITHOUT FORMAL HEARING

Notice is hereby given that an application for disposition of the above-entitled matter without formal hearing pursuant to § 301.132 of the Rules of Practice and Procedure before the Bituminous Coal Division (the "Division"), was filed with the Division on June 24, 1943 and was amended on July 7, 1943, by Flat Creek Coal Company, the above-named Code Member (the "Code Member").

Said application, as amended, was submitted with respect to a written complaint filed with the Division on March 8, 1943, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") by the Bituminous Coal Producers Board for District No. 9, complainant, alleging that the Code Member had wilfully violated the Bituminous Coal Code and rules and regulations thereunder, as more fully described in said complaint.

In said application, as amended, the Code Member:

1. Admits that it is a Code Member operating the Flat Creek Mine, Mine Index No. 30, located in Hopkins County, Kentucky, in District No. 9.

2. Admits that it wilfully committed the violations as alleged in the complaint, and which were set forth in detail in paragraphs 1 and 2 of the Notice of and Order for Hearing, published in the FEDERAL REGISTER on June 10, 1943.

3. Consent to the issuance of an order directing it to cease and desist from further violations of the Code and regulations thereunder, and to the entry of an order revoking and cancelling its Code Membership upon the basis of the admitted violations.

4. Agrees that it will pay a tax upon the basis of the admitted violations in the amount of $33.38 as a condition precedent to the restoration of its Code Membership.

5. Represents that, to the best of its knowledge and belief, it has not committed any violations of the Code or rules and regulations thereunder other than the foregoing admitted violations.

6. Agrees to execute any and all instruments necessary to dispose of this proceeding in the event that the application, as amended, is granted.

7. States extenuating circumstances with respect to the admitted violations in substance as follows:

a. That the 50.35 tons of coal referred to in Paragraph 1 in the Notice of and Order for Hearing was sold and invoiced at less than the minimum price by reason of its billing clerk not securing correct information from the mine prior to invoicing the coal. Information as to billing was transmitted from the mine to the office of the code member by an inadequate rural telephone service, which probably accounted for the violation.

b. As to the transactions referred to in paragraph 2 of the Notice of and Order for Hearing (except the sale referred to 'n paragraph (a) above) the minimum price of the coal invoiced was in each case equal to or in excess of the minimum price of the size shipped and the purchasers were not deceived or misled by the erroneous sizes shown on the invoices. The erroneous invoicing was done through inadvertence, oversight, and lack of familiarity with the regulations.

All interested parties may, if they desire to do so, file with the Division recommendations or requests for informal conferences with respect to said application as amended, within fifteen (15) days from the date of publication of this notice.

Dated: July 24, 1943.

Director.

ORDER DISMISSING PETITIONS

In the matter of certain petitions filed under section 4 II (d) of the Bituminous Coal Act of 1937. Docket Nos. A-2033, A-2045, A-2050, A-2053, A-2058, A-2063, A-2064, A-2069, A-2079.

Original petitions in each of the above-mentioned dockets, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, were duly filed with this Division requesting various types of relief. The matters involved in each of said petitions require either that public hearings be held or that extended investigations be conducted in order that all factors may be considered necessary to a proper and final determination.

Since the Bituminous Coal Act of 1937 will cease to be in effect at 12:01 a. m. August 24, 1943, and since insufficient time remains prior to that time within which to make appropriate disposition of the said dockets, and to take action necessary to complete a determination in each of them, it appears appropriate that each of said petitions herein should be dismissed.

Now, therefore, it is ordered, That each of the petitions in the above-mentioned dockets be, and the same hereby is, dismissed.

Dated: July 24, 1943.

[SEAL] DAN H. WHEELER,
Director.

[Docket No. 36FD]

VALIER COAL CO.

ORDER AMENDING ORDER

In the matter of the application of Valier Coal Company for exemption of all coal produced by it and delivered to the Chicago, Burlington & Quincy Railroad Company and applicant's employes from the provisions of section 4 and the first paragraph of section 4-a of the Bituminous Coal Act of 1937.

On May 21, 1943, 8 F.R. 6855, an order was issued denying the application for exemption requested by applicant, Valier Coal Company, and it appears that on June 28, 1943 applicant filed an application for an extension of the effective date of said order dated May 21, 1943, to July 31, 1943, which application was granted by Order Extending Effective Date of Denial of Application for Exemption, dated June 11, 1943.

On July 12, 1943, the applicant filed with the Division an Amended and Supplemental Application for Extension of Effective Date of Order of May 21, 1943

as Amended, in which it requested a further extension of the effective date of said order of denial of exemption up to and including August 24, 1943 for the reason that the Bituminous Coal Act of 1937 will expire by limitation on August 24, 1943; that District Board 10 has advised applicant that it might reasonably be expected to require several weeks to conclude action on applicant's petition to said board and reasonable minimum prices on coal furnished by applicant to Chicago, Burlington & Quincy Railroad Company as set forth in the prior application for extension filed June 28, 1943 and that it is doubtful if necessary proceedings could be had and prices established before the date of expiration of said Act.

It appearing to the Director that good cause has been shown for the extension requested, and that such request is reasonable, I believe that the requested relief is appropriate and that the third paragraph of the Order Denying Application of Valier Coal Company for Exemption dated May 21, 1943, 8 F.R. 6855, should accordingly be amended to read as follows:

It is hereby further ordered, That effective midnight, August 23, 1943, the application of Valier Coal Company is denied.

It is so ordered.

Dated: July 22, 1943.

Director.

[Administrative Order 208]

WHOLESALING, WAREHOUSING, AND OTHER DISTRIBUTION INDUSTRIES

APPOINTMENT OF INDUSTRY COMMITTEE

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, L. Metcalfe Walling, Administrator of the Wage and Hour Division, United States Department of Labor, do hereby appoint and convene for the Wholesaling, Warehousing, and Other Distribution Industries (as such industry is defined in paragraph 2) Industry Committee No. 63 composed of the following representatives:

For the public:
Willard L. Thorp, Chairman, New York, N. Y.
James K. Pollock, Ann Arbor, Mich.
H. C. Nixon, Nashville, Tenn.
Royal E. Montgomery, Ithaca, N. Y.
Philip Taft, Providence, R. I.
Louis A. Wood, Eugene, Oreg.
Edward Everett Hale, Austin, Tex.
For the employers:
Robert M. Adair, Columbus, Ohio.
Eugene Foley, Newark, N. J.
James Shikany, Minneapolis, Minn.
Joseph Timberlake, Columbia, S. C.
John L. Wilkinson, Charlotte, N. C.
Arthur P. Care, Los Angeles, Calif.
Henry Morgen, Chicago, Ill.
For the employees:
Bjorne Halling, Washington, D. C.
Harold Gibbons, St. Louis, Mo.
David Kaplan, Washington, D. C.
Joseph Tobin, New York, N. Y.
Ace Delosado, San Francisco, Calif.
Rudy M. Coulter, Lafayette, Ind.
Boris Shishkin, Seminary, Va.

Such representatives have been chosen with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "wholesaling, warehousing, and other distribution industries" means: The wholesaling, warehousing, and other distribution of commodities.

a. It includes, but without limitation, the activities of jobbers, textile converters, industrial distributors, mail order and retail selling establishments, brokers and agents, public warehouses, and physically segregated wholesaling and selling departments of other than selling and warehousing establishments (including the activities of any employees in such establishments who are engaged exclusively in selling products purchased for resale).

b. *Provided, however*, That there shall not be included any activity in connection with selling and warehousing which is covered by any wage order or by any administrative order appointing an industry committee.

3. The definition of the wholesaling, warehousing, and other distribution industries covers all occupations which are necessary to the distribution and warehousing of commodities, including packing, storing, shipping, and trucking, and clerical and maintenance occupations; *Provided, however*, That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. Any person who, in the opinion of the committee, having a substantial interest in the proceeding and who is prepared to present material pertinent to the question under consideration, may, with the approval of the committee, appear on his own behalf or on behalf of any other person. Moreover, any interested person may submit in writing pertinent data to the committee either through the Administrator or through the chairman of the committee.

5. The industry committee herein created shall meet at 10:00 a. m. on August 17, 1943 in the Victoria Room of the Hotel Victoria, New York, New York, and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who, within the meaning of said Act, are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at New York, New York, this 20th day of July 1943.

L. METCALFE WALLING,
Administrator.

WINE INSTITUTE OF CALIFORNIA

ORDER CANCELLING HEARING

In the matter of a public hearing for the purpose of receiving evidence relating to a proposal that regulations be promulgated limiting the use of monochoracetic acid in wines.

A Notice of Hearing having heretofore been published in the FEDERAL REGISTER on June 18, 1943 (8 F.R. 8382) that a hearing would be held in the above-entitled matter, on August 3, 1943, upon an application of the Wine Institute of California, representing a substantial portion of the interested industry, proposing that regulations be promulgated limiting the quantity of monochloracetic acid in wines to .05 percent of the finished product; and

The attorneys for the Wine Institute of California and other interested parties having signified their lack of readiness, and requested an adjournment of such hearing to November, 1943; and

It appearing that substantial doubt exists whether a hearing could be had before the spring of 1944 by reason of the probable engagement of a number of witnesses in the production of wine from the 1943 vintage for the balance of the production season extending to the spring of 1944; and

It appearing to my satisfaction that it would be burdensome both to the Food and Drug Administration and to the applicant and other interested parties to engage in preparation for such hearing by reason of the uncertainty of the availability of witnesses; and

It appearing further that it would be in the public interest to vacate the Notice of Hearing heretofore referred to and the grant of such hearing to the Wine Institute of California; *It is hereby ordered*, That such Notice of Hearing dated June 15, 1943, and published in the FEDERAL REGISTER on June 18, 1943 (8 F.R. 8382), is hereby cancelled;

It is further ordered, That the grant of a hearing upon the application of the Wine Institute of California, dated June 15, 1942, is hereby revoked, without prejudice to the filing of an application de novo by the Wine Institute of California or any other person or persons representing a substantial portion of the wine industry.

Dated: July 23, 1943.

[Docket No. 5013]

NATIONAL BISCUIT COMPANY

COMPLAINT AND NOTICE

Complaint

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has been and is now violating the provisions of subsection (a) of section 2 of the Clayton Act (U.S.C. Title 15, sec. 13), as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issued its complaint, stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent National Biscuit Company is a corporation organized and existing under and by virtue of the laws of the State of New Jersey, with its principal office and place of business located at 449 West 14th Street, New York, New York.

PAR. 2. Respondent corporation is now, and has been since June 19, 1936, engaged in the business of processing, manufacturing, offering for sale, selling and distributing bakery packaged food products in all parts of the United States. Among the products manufactured and sold by the respondent in the various states of the United States are biscuits, crackers, and cakes. The respondent manufactures and sells approximately 500 different varieties of such bakery packaged food products. Respondent by volume of sales is the largest producer and distributor of bakery packaged food products in the United States. The production of the respondent's products is carried on in 46 plants owned and operated by it, located in 25 states of the United States and in the District of Columbia.

Respondent maintains and operates 252 branch sales offices or agencies for the distribution of its products and ships its products from one or more of its plants to such sales offices or agencies, from which they are distributed as hereinafter stated. Some of said sales offices or agencies are located in states other than the states in which the plants serving them are located, and in such cases, respondent's goods are transported across state lines from plant to sales office or agency

In the various trade areas respondent distributes its products from its plants or sales offices or agencies, or both, by trucks

owned by respondent and operated by employed driver-salesmen. The respondent employs approximately 300 such driver-salesmen who make sales and truck deliveries to the respondent's various customers. Such driver-salesmen operate the respondent's trucks from the various plants or sales offices or agencies over certain specified routes, some of which cross state lines. Each driver-salesman is employed to solicit business and to take orders for and sell respondent's products to customers and prospective customers located along his route, as well as to transport and deliver such products to such customers. Such driver-salesmen in the ordinary course of their employment receive and accept from customers orders for respondent's products to be delivered later, and as a result of such orders, do at a subsequent time transport and deliver such products to such customers. Respondent sells its products direct and through such sales offices or agencies to corporate chain retail grocery stores, voluntary and cooperative chain retail grocery stores and voluntary and cooperative wholesale chains, independent retailers, and wholesale grocery jobbers.

The respondent causes such bakery products, when sold by it to its various customers, to be transported from its various places of business located in the various states of the United States and in the District of Columbia to such customers. Some such customers are located in states other than the state where the respondent's products are manufactured or stored, and in such cases, the respondent causes such products to be shipped from its sales office or agency or plant located in such state across state lines to such customers. Others of respondent's customers are located in the states in which respondent has its places of business.

Respondent's business is one which is managed, controlled and directed from its principal office in New York, N. Y., and which is operated with the objective of marketing its products through the channels of commerce in all parts of the United States to retailers who sell to the consuming public.

There is and has been at all times mentioned a continuous course of trade and commerce in said products between respondent's producing plants or sales offices or agencies and the purchasers of such products, some of which are located in states other than the state in which the respondent's producing plants or sales offices or agencies are located, as aforesaid. Respondent is engaged in interestate commerce and the transactions involved in the practices charged in this complaint as being unlawful are transactions in the course of such commerce.

PAR. 3. In the course and conduct of its business, as aforesaid, respondent is now and has been in substantial competition with other corporations and with individuals and partnerships engaged in the business of processing, manufacturing, offering for sale, selling and distributing bakery packaged food products in the United States.

Many of respondent's customers are competitively engaged with each other and with the customers of the respondent's competitors in the resale of bakery packaged food products within the trading areas in which the respondent's said customers, respectively, offer for sale and sell the said products purchased from the respondent.

PAR. 4. In the course and conduct of its business as aforesaid since June 19, 1936, respondent has been and is now discriminating in price between different purchasers buying said products by selling them to some of its customers at higher prices than it sells products of like grade and quality to other customers who are competitively engaged in the resale of said products within the United States with customers receiving the lower prices.

The respondent grants and allows to all of its customers a regular trade discount of 5% to be deducted from the invoice price and a cash discount of 1% if the invoice is paid within a specified time. The price discriminations herein alleged and those hereinafter set forth are in the form of discriminatory additions to the regular trade discount of 5% and the cash discount of 1%.

PAR. 5. The respondent has discriminated in price by the use of a so-called headquarters quantity discount schedule, whereby it has sold to some customers at higher prices than it has sold goods of like grade and quality to other customers who are in competition with them in the resale of said products within the United States. The so-called "headquarters discount" schedule includes two series of graduated discounts, one of which is governed by the customer's total purchase per month, and the other by the customer's average monthly purchase per retail store. The "headquarters discount" schedule used by respondent is more particularly described as follows:

(a) Respondent grants to some of its "chain store" customers who are engaged in the resale of bakery packaged food products of like grade and quality in competition with other of respondent's customers who do not receive it, a 1% "headquarters discount" on purchase of $750 or more but less than $5,000 per month, regardless of the average monthly purchases of the individual retail food stores owned, controlled or affiliated with the "chain store" customers receiving such discount.

An additional ½ of 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average individual store purchase of the respondent's products of $15 per month but less than $25.

An additional 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average individual store purchase of the respondent's products of $25 per month but less than $35.

An additional 1½% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average individual store purchase of the respondent's products of $35 per month or over.

To customers whose aggregate monthly purchases amount to less than $750 per month of the respondent's various commodities, the respondent does not and has not granted or allowed any discount whatsoever to such customers.

(b) The respondent grants and allows to some of its "chain store" customers who are engaged in the resale of bakery packaged food products of like grade and quality in competition with other of respondent's customers who do not receive it, a 2% "headquarters discount" on purchases of $5,000 or more but less than $10,000 per month, regardless of the average monthly purchases of the individual retail grocery stores owned, controlled or affiliated with such "chain store" customers receiving the discount.

An additional ½ of 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an individual average purchase of the respondent's products of $25 per month, but less than $35.

An additional 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average individual purchase of the respondent's products of $35 or more per month.

(c) The respondent grants and allows to some of its "chain store" customers who are engaged in the resale of bakery packaged food products of like grade and quality in competition with other of respondent's customers who do not receive it, a 3% "headquarters discount" on purchases of $10,000 or more but less than $150,000 per month, regardless of the average monthly purchases of the individual retail grocery stores owned, controlled or affiliated with such "chain store" customers receiving the discount.

An additional ½ of 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average monthly purchase of the respondent's products of $30 but less than $40 per month.

An additional 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average monthly purchase of the respondent's products of $40 but less than $50 per month.

An additional 1½% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average monthly purchase of the respondent's products of $50 or over per month.

(d) The respondent grants and allows to some of its "chain store" customers who are engaged in the resale of bakery packaged food products of like grade and quality in competition with other of respondent's customers who do not receive it, a 3½% "headquarters discount" on purchases of $150,000 or more per month, regardless of the average monthly purchases of the individual retail grocery stores owned, controlled or affiliated with

such "chain store" customers receiving the discount.

An additional ½ of 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average monthly purchase of the respondent's products of $30 but less than $40 per month.

An additional 1% discount is granted to such customers if the individual retail grocery stores owned, controlled or affiliated with them have an average monthly purchase of the respondent's products of $40 a month or over.

PAR. 6. In addition to the discriminations effected by the aforementioned "headquarters discounts" respondent discriminates in price between different purchasers of its products who are in competition with each other by making lower prices on bakery packaged food products to some customers based upon the total quantity or volume sold and delivered to all of the separate branches or outlets of the said customers, although separate delivery is made to the several branches or outlets of such customers if and when such total quantity or volume amounts to certain required minima during a single month, without regard to the quantity or volume delivered to the respective branches or outlets of such customers.

PAR. 7. The effect of the discrimination in price generally alleged in Paragraph Four hereof, and of the discriminations specifically set forth in Paragraphs Five and Six hereof, has been or may be substantially to lessen competition in the line of commerce in which the purchasers receiving and those denied the benefits of such discriminatory prices are engaged, and to injure, destroy or prevent competition between purchasers receiving the benefit of said discriminatory prices and those to whom they are denied. The effect also has been or may be to tend to create a monopoly in those purchasers receiving the benefit of said discriminatory prices in said line of commerce in the various localities or trade areas in the United States where said favored customers and their disfavored competitors are engaged in business.

Such discriminations in price by respondent between different purchasers of commodities of like grade and quality in interstate commerce, in the manner and form aforesaid, are in violation of the provisions of subsection 2 (a) of section 1 of said Act of Congress approved June 19, 1936, entitled "An Act to amend section 2 of an Act entitled 'An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes', approved October 15, 1914, as amended U. S. C. Title 15, sec. 13, and for other purposes."

Wherefore, the premises considered, the Federal Trade Commission on this 20th day of July 1943, issues its complaint against said respondent.

Notice

Notice is hereby given you, National Biscuit Company, respondent herein, that the 27th day of August, A. D., 1943, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

> In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.
>
> * * * * *
>
> Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.
>
> If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.
>
> Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 20th day of July, A. D. 1943.

By the Commission.

INTERSTATE COMMERCE COMMISSION.

[Service Order 138]

NEW YORK CENTRAL RAILROAD COMPANY

REROUTING OF FREIGHT TRAFFIC BETWEEN ST. FRANCISVILLE, ILL., AND VINCENNES, IND.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 23d day of July, A. D. 1943.

It appearing that, due to a track washout caused by flood conditions between St. Francisville, Illinois, and Vincennes, Indiana, on The New York Central Railroad Company, this carrier by railroad is unable to transport the traffic offered to it; in the opinion of the Commission an emergency exists requiring immediate action to best promote the service in the interest of the public and the commerce of the people;

It is ordered, That: (a) *Flood condition; rerouting of freight traffic.* Effective at once and until further order of the Commission The New York Central Railroad Company is hereby directed to forward freight traffic routed over its lines between St. Francisville, Illinois, and Vincennes, Indiana, by routes most available to expedite its movement and prevent congestion, without regard to the routing thereof made by shippers or by carriers from which the traffic is received, or to the ownership of cars, and that all rules, regulations, and practices of said carriers with respect to car service are hereby suspended and superseded only as conflicting with the directions hereby made: *Provided*, That the billing covering all cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) *Rates to be applied.* Inasmuch as the routing of traffic pursuant to this order is deemed to be due to carriers' disability, the rates applicable to traffic routed pursuant to this order shall be the same as would have applied had the shipments moved as originally routed.

(c) *Division of rates.* In executing the orders and directions of the Commission provided for in this order the common carriers involved shall proceed without reference to contracts, agreements, or arrangements now existing between them with reference to the divisions of the rates of transportation applicable to said traffic; such divisions shall be, during the time this order remains in force, voluntarily agreed upon by and between said carriers; and upon failure of the carriers to so agree, said divisions shall be hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, That copies of this order and direction shall be served upon The New York Central Railroad Company, the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archives.

By the Commission, Division 3.

OFFICE OF DEFENSE TRANSPORTATION.

COMMON CARRIERS OF PASSENGERS BY BUS

RECOMMENDATION FOR JOINT ACTION PLANS

In order to assure maximum utilization of the facilities, services, and equipment of common carriers by motor vehicle for the preferential transportation of troops and materials of war and to prevent shortages in motor vehicle equipment necessary for such transportation, as contemplated by section 6 (8) of the Interstate Commerce Act; to conserve and providently utilize vital equipment, material and supplies; and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, the Office of Defense Transportation, by General Order ODT 11, as amended, (7 F.R. 4389, 11099), authorizes common carriers of passengers by bus in intercity service to formulate and submit for consideration plans for joint action designed to accomplish any of the above stated purposes by one or more of the following methods:

(a) Pooling or joint use of equipment or other facilities;

(b) Pooling or division of traffic, service, or revenues;

(c) Alternation or staggering of schedules between any two or more points;

(d) Mutual honoring of one another's tickets at the option of the passenger.

General Order ODT 11, as amended, provides that the order shall not be construed to authorize carriers to engage in joint action by any of the methods described in the order unless directed so to do by specific order of the Office of Defense Transportation.

If the Office of Defense Transportation determines that any such plan will contribute substantially to the accomplishment of the purposes above stated, the Office of Defense Transportation orders carriers submitting any such joint action plan to place that plan in operation. The order is confined to one or more of the specific methods above enumerated, and expressly provides that all contractual arrangements made by the carriers to effectuate the joint plan shall not extend beyond the effective period of the order.

It is recommended that the Chairman of the War Production Board find and certify under section 12, Public Law No. 603, 77th Congress (56 Stat. L. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with any such order is requisite to the prosecution of the war.

Issued at Washington, D. C., this 20th day of July 1943.

OSWEGO MILK COUNCIL, INC., OSWEGO, N. Y.

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials, and supplies (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 8377), eleven members of Oswego Milk Council, Inc., listed in Appendix A hereto, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery of milk and related articles by motor vehicle in the Oswego area of New York State.

Duplicate and parallel transportation service in connection with distribution of milk and related articles in the Oswego area of New York State results in considerable wasteful operation of motor vehicles. All of the milk distributors in that area, members of the Oswego Milk Council, Inc., have agreed to participate in the proposed plan, with the exception of a single distributor, who is not opposed to the plan. The participants pledge complete obedience to specified provisions of General Orders ODT 6 and 17, as amended. Delivery service for retail customers will not start before 7:30 o'clock a. m. Retail deliveries will be made only on four days in each week, provided that no two retail deliveries will be made on the same or consecutive days. Trucks will be fully loaded and rerouted to reduce mileage to a minimum. Participants will exchange out-lying customers and will discontinue service where the mileage cost of delivery is unwarranted, provided affected customers will be able to secure adequate supplies from other sources. Adoption of the plan will reduce present mileage approximately 45 percent and release manpower now used for relief driving.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under Section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

Issued at Washington, D. C., this 21st day of July 1943.

[Supp. Order ODT 3, Rev.-44]

AUSTGEN EXPRESS & STORAGE COMPANY ET AL.

COORDINATED OPERATIONS WITHIN THE CHICAGO, ILLIONIS, AREA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the carriers named in Appendix 1 hereof pursuant to General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and General Order ODT 6A (8 F.R. 8757), a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the carriers propose, by the plan, to coordinate their operations as common carriers of property by motor vehicle within an area comprised of the City of Chicago, Illinois, and a zone in Illinois, extending sixty (60) air miles from the boundaries of Chicago, and Lake and Porter Counties, Indiana, by establishing a Central Dispatching Office at Chicago, to which information concerning shipments and equipment will be reported and by means of which the motor trucks and equipment of the carriers will be dispatched within the area in such way as to produce increased lading and more efficient utilization of motor vehicles, and

It further appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall super-

[1] Filed as part of the original document.

sede any provisions of such plan that are in conflict therewith.

2. Each of the carriers shall forthwith file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Shipments diverted in execution of the plan shall be transported pursuant to the lawfully applicable rates, charges, rules, and regulations of the diverting carrier.

4. The provisions of this order shall not be so construed or applied as to require any carrier named herein to perform any service beyond its transportation capacity, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Any carrier by motor vehicle duly authorized or permitted to engage in transportation as herein described and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C., for authorization to participate in the plan. A copy of every such application shall be served upon the person having charge of the Central Dispatching Office at Chicago, Illinois. Upon receiving such authorization, such carrier shall become subject to this order and shall thereupon be entitled and required to participate in the plan in accordance with all the provisions and conditions of this order, in the same manner and degree as the carriers named herein.

8. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised–44," and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

9. This order shall become effective July 22, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 22d day of July 1943.

[Special Order ODT LB–13]

AKRON TRANSPORTATION COMPANY, AKRON, OHIO

CERTAIN OPERATIONS TO BE SUSPENDED AND ADJUSTED

Pursuant to Executive Orders 8989, 9156, and 9294, and in order to assure the orderly and expeditious movement of necessary passenger traffic and to conserve and providently utilize manpower and existing transportation facilities and service, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. Akron Transportation Company, Akron, Ohio, (hereinafter called "carrier"), in the transportation of passengers as a common carrier by bus in the city and suburbs of Akron, Ohio, shall not operate buses over:

(a) Those sections of its bus route described in the appendix hereto and designated as route 4 "York-Tallmadge" from the intersection of Howard Street and Main Street, over Main Street to York Street, over York Street to Dayton Street, and over Dayton Street to Glenwood Avenue, from the intersection of Fouse Avenue and Damon Street, over Damon Street to Evans Avenue, over Evans Avenue to Nevin Street, and over Nevin Street to Glenwood Avenue, and from the intersection of Patterson Avenue and Tallmadge Avenue, over Tallmadge Avenue to Main Street, and over Main Street to York Street;

(b) Those sections of its bus route described in the appendix hereto and designated as route 6 "Goodyear Heights" from the intersection of Goodyear Boulevard and Honodle Avenue, over Goodyear Boulevard to Tonawanda Avenue, over Tonawanda Avenue to Sumatra Avenue, and over Sumatra Avenue to Honodle Avenue, and from the intersection of Malasia Road and Sumatra Avenue, over Sumatra Avenue to Hampton Road, over Hampton Road to Brittain Road, and over Brittain Road to Malasia Road;

(c) Those sections of its bus route described in the appendix hereto and designated as route 11 "Inman" from the intersection of Inman Street and Lovers Lane over Lovers Lane to Talbot Street, and from the intersection of Center Street and Buchtel Avenue, over Buchtel Avenue to Spicer Street, over Spicer Street to Carroll Street, and over Carroll Street to Brown Street;

(d) Those sections of its bus route described in the appendix hereto and designated as route 12 "Brown" from the intersection of Center Street and Buchtel Avenue, over Buchtel Avenue to Spicer Street, over Spicer Street to Carroll Street, and over Carroll Street to Brown Street, and from the intersection of Brown Street and Catawba Street, over Catawba Street to South Firestone Boulevard, over South Firestone Boulevard between Dresden Avenue and Aster Avenue, over Aster Avenue to Reed Street, and over Reed Street to Brown Street;

(e) That section of its bus route described in the appendix hereto and designated as route 14 "Waterloo" between the intersection of Long Street and Main Street, over Mair Street to Buchtel Avenue, over Buchtel Avenue to High Street, over High Street to Center Street, and over Center Street to Main Street;

(f) That section of its bus route described in the appendix hereto and designated as route 16 "Wooster-East" between the intersection of Battles Avenue and East Avenue, over East Avenue to California Avenue;

(g) Its bus route described in the appendix hereto and designated as route 17 "Long";

(h) That section of its bus route described in the appendix hereto and designated as route 18 "Thornton" from the intersection of Manchester Road and Clearview Avenue, over Manchester Road to Rothrock Avenue;

(i) That section of its bus route described in the appendix hereto and designated as route 19 "Euclid" from the intersection of Diagonal Road and Courtland Avenue, over Diagonal Road to Wooster Avenue, and over Wooster Avenue to a terminal east of Diana Avenue;

(j) That section of its bus route described in the appendix hereto and designated as route 24 "Cuyahoga" from the intersection of Howard Street and North Street, over North Street to Stuber Street, over Stuber Street to Elizabeth Park Boulevard, over Elizabeth Park Boulevard to Lods Street, over Lods Street to Turner Street, over Turner Street to Charles Street, over Charles Street to Howard Street, over Howard Street to Lods Street, and over Lods Street to Cuyahoga Street.

2. The carrier shall:

(a) Consolidate the remaining sections of its bus route described in the appendix hereto and designated as route 4 "York-Tallmadge" by operating buses from the intersection of Howard Street and Main Street, over Howard Street to Glenwood Avenue and over Glenwood Avenue to Dayton Street, from the intersection of Fouse Avenue and Damon Street, over Fouse Street to Iredell Street, over Iredell Street to Glenwood Avenue and over Glenwood Avenue to Tallmadge Avenue, and over Patterson Avenue between Glenwood Avenue and Tallmadge Avenue;

(b) Consolidate the remaining sections of its bus route described in the appendix hereto and designated as route 6 "Goodyear Heights" by operating buses over Honodle Avenue between Goodyear Boulevard and Sumatra Avenue, and over Malasia Road between Sumatra Avenue and Brittain Road;

(c) Consolidate the remaining sections of its bus route described in the appendix hereto and designated as route 11 "Inman" from the intersection of Center Street and Buchtel Avenue, over Sumner Street to Carroll Street and over Carroll Street to Brown Street;

(d) Consolidate the remaining sections of its bus route described in the appendix hereto and designated as route 12 "Brown" by operating buses from the intersection of Center Street and Buchtel Avenue, over Sumner Street to Carroll Street and over Carroll Street to Brown Street;

(e) Operate buses in service on its bus route described in the appendix hereto and designated as route 14 "Waterloo" between the intersection of Long Street and Main Street, over Long Street to High Street and over High Street to Main Street;

(f) Consolidate the remaining sections of its bus route described in the appendix hereto and designated as route 24 "Cuyahoga" by operating buses from the intersection of Howard Street and North Street over Howard Street to Cuyahoga Street, and over Cuyahoga Street to Lods Street.

3. As used herein the term "bus" means any rubber-tired vehicle used on the streets, highways, or other thoroughfares in the transportation of passengers.

4. The provisions of this order shall not be so construed or applied as to require the carrier to perform any transportation service the performance of which by it is not authorized or sanctioned by law. In the event compliance with any term of this order would conflict with the carrier's operating authority, the carrier forthwith shall apply to the appropriate regulatory body or bodies for such extension or modification of operating authority as may be requisite to compliance with the terms of this order, and the terms of this order shall be subject to the carrier obtaining such authority.

5. The carrier forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and shall likewise file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on one day's notice.

6. Communications concerning this order should be addressed to the Division of Local Transport, Office of Defense Transportation, Washington, D. C., Cleveland, Ohio, or Chicago, Illinois, and should refer to "Special Order ODT LB–13".

Paragraph numbered 2 shall become effective upon the carrier obtaining approval from the appropriate regulatory authority or authorities to institute the operations described therein. All other paragraphs and provisions shall become effective August 9, 1943. This order shall remain in full force and effect until the termination of the present war shall have been duly proclaimed or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 26th day of July 1943.

Regional, State and District Office Orders.

[Region I Order G-19 Under 18 (c)]

FLUID MILK IN NEW HAMPSHIRE

Order No. G-19 under § 1499.18 (c), as amended, of the General Maximum Price Regulation. (Formerly General Order 19.) Fluid milk in New Hampshire.

For reasons set forth in an opinion accompanying this order and pursuant to and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation, as amended by Amendment 33, and by § 1351.807 of Maximum Price Regulation 280, and by § 1351.408 of Maximum Price Regulation 329, *It is hereby ordered:*

(a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation and by § 1351.803 of Maximum Price Regulation 280 for fluid milk sold and delivered in the New Hampshire localities listed in paragraph (d) of this order and by § 1351.402 of Maximum Price Regulation 329 for fluid milk bought or received from producers in New Hampshire localities listed in paragraph (d) of this order are modified so that the maximum prices for such fluid milk, in the transactions listed below, shall be the prices specified in the applicable schedules included in this order.

(b) For the purpose of this order, the localities in the State of New Hampshire are divided into seven zones, as defined in paragraph (d) of this order, and the maximum prices for standard and Grade A milk sold and delivered at retail and wholesale shall be as set forth in subparagraph (1) below, and the maximum prices per cwt. that may be paid to a producer in Region I for standard milk of 3.7% butterfat content bought or received from him for ultimate resale in any zone or part thereof, shall be the price set forth for such zone or part thereof, in subparagraph (2) below.

(1) *Maximum prices for retail and wholesale sales.*

(i) The above retail prices of milk shall be the maximum prices for sales for home consumption, with the exceptions noted herein. The retail prices for milk in bottles or paper containers shall be the maximum prices for such sales except that the maximum prices for sales averaging three quarts or over daily for the billing period shall be at least one cent per quart less than the above retail prices. The maximum price for single pints sold at retail in stores in combination with one or more quarts, or when quarts are not available, shall be no more than one-half of the above retail quart prices.

(ii) The above wholesale prices of milk shall be the maximum prices for sales in bottles or paper containers in any quantity to schools, stores, hotels, restaurants, and other similar trade where the product is resold, and to institutions and government agencies.

(iii) The above wholesale prices of bulk milk shall be the maximum prices for the delivery of 8 quarts of milk, or more, in 8-quart, or larger, cans to schools, stores, hotels, restaurants and other similar trade, where the product is resold, and to institutions and government agencies.

(iv) For milk sold in paper containers, one cent per container may be added to the applicable price set forth above.

(v) For Vitamin D milk, one cent per quart may be added to the applicable price set forth above for the milk to which the Vitamin D concentrate has been added.

(vi) *Pasteurized milk.* The maximum prices set above shall apply to pasteurized milk in any marketing area, as defined by the New Hampshire Milk Control Board (or if none, in any town, grant, location or purchase) in which more pasteurized milk was sold for consumption than raw milk during March, 1942, and any seller's maximum price for raw milk shall have the same differential as was then in effect for such seller. In any marketing area (or if none, in any town, grant, location, or purchase) in which more raw milk was sold for consumption than pasteurized milk during March, 1942, the maximum prices set above shall apply to raw milk, and any seller's maximum price for pasteurized milk shall have the same differential as was then in effect for such seller.

(vii) Where the total bill at the time of sale, if sold for cash, or at the end of any billing period, if sold on credit, comes out at a fraction of a cent, the seller may charge the next higher cent.

(2) *Maximum prices for milk bought or received from producers.*

Zone 1. For all milk marketing areas listed for Zone 1, paragraph (d) of this order.
$4.10 if purchaser weighs and tests the milk.
$4.15 if purchaser does not weigh and test the milk.

Zone 2. For all milk marketing areas listed for Zone 2, paragraph (d) of this order, $3.95.

Zone 3. For the following milk marketing areas. (25) Sanbornton, Gilford and Laconia; (59) Northfield and Tilton; (34) Franklin; (27) Tuftonboro and Wolfeboro; (51) Tamworth; Eaton, Madison, Freedom, Effingham and Ossipee: $3.72.

(b) The prices set in section (a) of this order are subject to the following qualifications:

(1) The above "Retail" prices shall include sales for home consumption by any person, whether sold for cash or on credit, and whether sold on the premises or delivered.

(2) The above "wholesale" prices shall include delivered sales to stores, schools, restaurants, hotels, institutions and government agencies, either for consumption or for resale to consumers.

(3) The above "dealer to dealer" prices shall include sales by dealers and producer-dealers to other dealers.

(4) The above "price to producers" fixed for each zone shall be applicable to fluid milk bought or received from producers in Region I for ultimate resale for human consumption as fluid milk in any locality in such zone.

(5) A deposit charge of not more than five cents per bottle may be made to and by stores purchasing milk in glass bottles for resale, such bottles to be redeemed at the same price as is thus charged.

(6) When sale is made at wholesale or retail in a paper container, an additional charge of not more than one cent per container may be made over and above the applicable prices specified in the respective schedules as set forth above.

(7) The maximum prices fixed in this order shall be applicable whether the milk is raw or pasteurized.

(8) All other customary price differentials which any seller had in effect during the base period for special milk, including but not limited to Grade A milk, flavored milk, trade marked milk, and milk of specially high or low butterfat content, may be added to or must be subtracted from, as the case may be, the

maximum prices for standard milk as fixed in this order. The base period to be used for computing all such differentials shall be:

(i) For sales of fluid milk subject to the General Maximum Price Regulation, March 1942.

(ii) For sales of fluid milk subject to Maximum Price Regulation 280, the period September 28, 1942, to October 2, 1942, inclusive.

(iii) For purchases of fluid milk from producers subject to Maximum Price Regulation No. 329, January 1943.

(9) Where the total bill at the time of sale, if sold for cash, or at the end of any billing period, if sold on credit, comes out at a fraction of a cent, the seller may charge the next higher cent.

(c) Each milk distributor selling milk subject to this order to purchasers for purposes of resale shall promptly notify such purchasers in writing of the maximum prices permitted by this order for sales by the distributor and by such purchasers, and of the requirement that such maximum prices for sales at retail be posted by such purchaser (if a retailer) in accordance with the provisions of § 1499.13 of the General Maximum Price Regulation.

(d) Unless the context otherwise requires, the definitions set forth in the Regulation applicable to any sale of any fluid milk under this order shall apply to the terms used herein with reference to such sale.

(e) All previous Region I Price Orders affecting the maximum prices of fluid milk sold in Maine are superseded by this Region I Order Number G–21, including Region I Price Order 9 (redesignated as Order No. G–9) under § 1499.18 (c), as amended, of the General Maximum Price Regulation and § 1351.807 of Maximum Price Regulation 280—Fluid Milk in Maine—and Region I Price Order 2 (redesignated as Order No. G–2) under § 1499.73 (a) (1) (iv) of Supplementary Regulation 14—Fluid Milk in Lewiston, Auburn and part of Lisbon, Maine.

(f) This order may be revoked, amended or corrected at any time.

(g) This order shall become effective April 1, 1943, at 12:01 a. m.

FLUID MILK IN MAINE

Amendment 1 to Order Number G–21 under § 1499.18 (c) of the General Maximum Price Regulation. Fluid milk in the State of Maine.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by section 18 (c) of the General Maximum Price Regulation, as amended by Amendment 33, by § 1351.807 of Maximum Price Regulation 280, and by § 1351.408 of Maximum Price Regulation 329, *It is hereby ordered*, That section (a) (1) be amended by substituting the word "eleven" for the word "ten" in the first paragraph thereof, that a subdivision designated at Zone 11 be added to the schedule of prices in section (a) (1), that the subdivision designated as Hancock County in section (a) (2) be amended, that paragraph (10) of section (b) be added, and that section (h) be added, to read as set forth below:

(a) • • •

(1) *Maximum prices.* For the purposes of section (a) of this order certain localities in the State of Maine have been allocated among eleven zones, as defined below, and the maximum prices for standard milk sold and delivered in such localities shall be as follows:

Price to producers (per cwt)	Quantity	Other prices		
		Retail	Wholesale	Dealer to dealer
Zone 11:				
$4.02 (to producers on Mount Desert Island). $3.56 (to producers elsewhere in region 1).	Quart bottles	$0.16	$0.14	$0.13
	Pint bottles	----------	.08	.07
	10 ounce bottles	----------	.065	.055
	8 ounce bottles	----------	.05	.047
	Bulk in cans (per quart)	----------	.13	----------

(2) • • •

Hancock County:

Ellsworth	Zone 8.
Bar Harbor, Mount Desert, Southwest Harbor, Tremont	Zone 11.
Remainder of Hancock County	Zone 9.

(b) • • •

(10) Where fluid milk is delivered between June 1 and September 30, both dates inclusive, by a seller to a summer establishments, his maximum price for retail and wholesale sales of such milk to such establishment shall be the appropriate maximum price set forth in section (a) of this order for the zone in which the milk is sold or delivered, plus the customary differential in effect during the 1941 summer season between the seller's price to such establishment during such summer season and the seller's 1941 summer season price to year-round purchasers of the same type in the same distribution area. If the seller did not sell or offer to sell fluid milk to a particular summer establishment during the 1941 summer season, he shall establish his maximum price to such establishment by adding to the appropriate maximum price set forth in section (a) hereof the differential established as above for sales to the summer establishment, of the same type and located nearest to such summer establishment, to which he sold or offered to sell fluid milk during such season. If a seller is unable to establish his maximum price to a particular summer establishment in the foregoing manner, he shall take as his maximum price the maximum price established in the above manner by his most closely competitive seller of the same class for sales to the summer establishment of the same type and located nearest to such summer establishment, for which such competitor has established a maximum price in such manner. Any summer establishment which resells milk the maximum price for which has been established by this subsection may increase its maximum price therefor by the exact amount of the increase in the cost of such milk to it effected by this subsection. "Summer establishment" shall include any retail store, hotel, boarding house, restaurant, camp, dwelling or other living or retail selling establishment which is not regularly occupied or operated, as the case may be, at any time during the year except for one or more periods between June 1 and September 30, both dates inclusive. Not more than ten days after a seller has established a maximum price hereunder, he shall file a report with the appropriate War Price and Rationing Board setting forth such price, the area or summer establishments for sales to which it applies, and how it was computed.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by section 18 (c) of the General Maximum Price Regulation, as amended by Amendment 33, and by § 1351.807 of Maximum Price Regulation 280, *It is hereby ordered*, That subparagraph (10) of section (b) be amended, and that subparagraph (2) of section (h) be added, to read as set forth below:

(b) • • •

(10) Where fluid milk is delivered between June 1 and September 30, both dates inclusive, by a seller to a summer establishment, his maximum price for retail and wholesale sales of such milk to such establishment shall be the appropriate maximum price set forth in section (a) of this order for the zone in which the milk is sold or delivered, plus the customary differential in effect during the 1941 summer season between the seller's price to such establishment and the seller's 1941 summer season price to year-round purchasers of the same type in the same distribution area. If the seller did not sell or offer to sell fluid milk to a particular summer establishment in the foregoing manner, he shall take as his maximum price the maximum price established in the above manner by his most closely competitive seller of the same class for sales to the summer establishment, of the same type and located nearest to such summer establishment, to which he sold or offered to sell fluid milk during such season. If a seller is unable to establish his maximum price to a particular summer establishment in the foregoing manner, he shall take as his maximum price the maximum price established in the above manner by his most closely competitive seller of the same class for sales to the summer establishment, of the same type and located nearest to such summer establishment, to which he sold or offered to sell fluid milk during such season. If a seller is unable to establish his maximum price to a particular summer establishment in the foregoing manner, he shall take as his maximum price the maximum price established in the above manner by his most closely competitive seller of the same class for sales to the summer establishment, of the same type and located nearest to such summer establishment, for which such competitor has established a maximum price in such manner. Any summer establishment which resells milk the maximum price for which has been established by this subsection may increase its maximum price therefor by the exact amount of the increase in the cost of such milk to it effected by this subsection. "Summer establishment" shall include any retail store, hotel, boarding house, restaurant, camp, dwelling or other living or retail selling establishment which is not regularly occupied or operated, as the case may be, at any time during the year except for one or more periods between June 1 and September 30, both dates inclusive. Not more than ten days after a seller has established a maximum price hereunder, he shall file a report with the appropriate War Price and Rationing Board setting forth such price, the area or summer establishments for sales to which it applies, and how it was computed.

[Oklahoma City, Order G-1 Under Gen. Order 50]

DOMESTIC MALT BEVERAGES IN OKLAHOMA CITY DISTRICT

Oklahoma City Order No. G-1 Under General Order No. 50. Filing of prices by restaurant and similar establishments: Delegation of authority to fix maximum prices. Price of domestic malt beverages sold by eating and drinking places in the Oklahoma City District.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the District Director of the Oklahoma City, Oklahoma, District Office of Region V of the Office of Price Administration by General Order No. 50, issued by the Administrator of the Office of Price Administration, and Region V Delegation Order dated April 13, 1943; *It is hereby ordered:*

SECTION 1. *What this order does.* In accordance with the provisions of General Order No. 50, this order establishes in section 9 hereof, "dollars and cents" maximum prices for certain beverage items offered for sale or sold by any "person" owning or operating an "Eating or Drinking Place" located in the Oklahoma City District, composed of the following counties in the State of Oklahoma:

Alfalfa, Atoka, Beaver, Beckham, Blaine, Bryan, Caddo, Canadian, Carter, Choctaw, Cimarron, Cleveland, Coal, Comanche, Cotton, Custer, Dewey, Ellis, Garfield, Garvin, Grady, Grant, Greer, Harmon, Harper, Jackson, Jefferson, Johnston, Kay, Kingfisher, Kiowa, Lincoln, Logan, Love, McClain, McCurtain, Major, Marshall, Murray, Noble, Oklahoma, Payne, Pontotoc, Pottawatomie, Pushmataha, Roger Mills, Seminole, Stephens, Texas, Tillman, Washita, Woods, Woodward.

SEC. 2. *What this order covers.* The beverage items to which this order applies are:

(a) Domestic malt beverages as defined in section 7 hereof, and commonly known as beer or ale.

SEC. 3. *Prohibition against sales of beverage items above maximum prices.* (a) On and after the effective date of this Order, regardless of any contract, agreement, lease, or other obligation:

(1) No person shall sell or deliver any beverage item subject to this Order at higher prices than the maximum prices set forth in this order.

(2) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

SEC. 4. *Posting*—(a) *Selling prices.* All persons subject to this order must post in the "Eating or Drinking Place," plainly visible to their customers, their selling prices for the beverage items listed in section 9 hereof, at or near the place where the beverage item is offered for sale.

(b) *Maximum prices.* All persons subject to this order must post in a conspicuous place in the "Eating or Drinking Place" a list of the "dollars and cents" maximum prices of the beverage items offered for sale, so that such list will be plainly visible to their customers.

SEC. 5. *Applicability of General Order No. 50.* This order is subject to all the provisions of General Order No. 50 which are hereby made a part of this order.

SEC. 6. *Applicability of General Maximum Price Regulation.* The following sections of the General Maximum Price Regulation, as well as amendments thereto, shall be applicable to all "Eating or Drinking Places," subject to this order:

(a) Sales slips and receipts—§ 1499.14.
(b) Registration—§ 1499.15.
(c) Licensing—§ 1499.16.

SEC. 7. *Definitions.* (a) "Domestic malt beverage" shall mean any and all malt beverages produced within the Continental United States, or its territories and possessions, made by the alcoholic fermentation of an infusion or decoction, or combinations of both, in potable brewing water, of malted barley with hops, or their parts, or their products, and with or without other malted cereals, and with or without the addition of unmalted or prepared cereals, other carbohydrates or products prepared therefrom, and with or without the addition of carbon dioxide, and with or without other wholesome products suitable for human food consumption.

(b) "Domestic malt beverage sold on draught" means domestic malt beverage dispensed from a barrel, keg, or other container by a "person" owning or operating an "eating or drinking place" subject to this order.

(c) "Person" includes an individual, corporation, partnership, trust or estate, association, or other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any state, county, or municipal government, or any of its political subdivisions, and any agencies of any of the foregoing: *Provided,* That no punishment provided by this Order shall apply to the United States, or to any such government, political subdivision, or agency.

(d) "Eating or drinking place" means any place, establishment, business, or location, whether temporary or permanent, stationary or movable, including, but not limited to, a restaurant, hotel, cafe, boarding house, diner, coffee shop, tea room, private club, dining car, bar, tavern, delicatessen, soda fountain, cocktail lounge, catering business, or any other place from which any beverage item subject to this order is offered for sale or sold, except those places which are specifically exempted in section 8 hereof.

(e) "Beverage items" listed herein shall include all domestic malt beverages sold or served by "eating or drinking places" for consumption in or about the place or to be taken out for consumption, without additional preparation other than cooling.

(f) "Hotel room service sale" means sale to a guest or guests in a hotel room when delivery is made to a guest's hotel room.

(g) "Hotel" means any establishment generally regarded as such in its community and used predominately for transient occupancy.

(h) Other definitions. Unless the context otherwise resquires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 8. *Exempt sales.* Sales by the following "eating or drinking places" are specifically exempt from the provisions of this order:

(a) Eating and drinking places (when operated as such) located on board common carriers, including railroad dining cars, club, bar, and buffet cars, and peddlers aboard railroad cars traveling from station to station.

(b) Hospitals, except for beverage items served to persons other than patients.

(c) Hotel room service sales.

Such aforesaid sales, not otherwise exempt from Price Control, shall remain subject to the appropriate Maximum Price Regulation or order.

SEC. 9. *Maximum "dollars and cents" prices.* (a) Maximum "dollars and cents" prices which may be charged for the beverage items subject to this order, are:

(1) In bottles	Maximum price per bottle (cents)

(2) *On draught.* Any or all brands of domestic malt beverages (beer or ale), sold on draught by any "eating or drinking place" to which this order applies, may be sold at a price not in excess of 1¢ for each fluid ounce, exclusive of form: *Provided, however,* That "Michelob" brand beer may be sold for 10¢ per eight (8) fluid ounces, exclusive of foam.

(3) *Non-labeled bottles.* Any domestic malt beverage item (beer or ale) offered for sale or sold in bottles by any "eating or drinking place" subject to this order, which does not have the manufacturer's label affixed thereto, or the trade name or brand stamped, printed, or engraved or appearing in raised letters on the cap or bottle as proper identification, shall not be offered for sale or sold at a price higher than the lowest maximum price fixed herein for the size of bottle of domestic malt beverage (beer or ale) offered for sale or sold.

SEC. 10. *Less than maximum prices.* Lower prices than those established by this order may be charged, demanded, paid or offered.

SEC. 11. *Other brands of domestic malt beverages.* Any person subject to this order desiring to sell any other trade name or brand of domestic malt beverage not specifically priced by section 9 herein, shall, before offering such domestic malt beverage for sale, apply to and receive from the Oklahoma City District Office of the Office of Price Administration a maximum price for such beverage.

Such application need not be in any particular form, but must contain the following information: Name and address of applicant; location and type of "eating or drinking place"; trade name or brand of domestic malt beverage, size of bottle, and cost per case, delivered. The Oklahoma City District Office of the Office of Price Administration shall then fix the maximum price for such trade name or brand of domestic malt beverage, and shall notify such applicant accordingly. The price so fixed shall be the maximum price for which such trade name or brand of domestic malt beverage may be sold by such applicant.

SEC. 12. *Taxes.* The dollars and cents maximum prices for the beverage items listed in section 9 hereof, include municipal, state, and federal taxes in effect as of the effective date of this order.

SEC. 13. *Evasion.* The price limitations set forth in this order shall not be evaded by direct or indirect methods in connection with an offer, solicitation, agreement, sale or delivery of, or relating to the sale of any beverage item, alone or in connection with any other commodity or by way of commission, service, transportation, or any charge or discount, premium, or other privilege, or by tying agreement or other trade understanding, or by any other means, manner, method, device, scheme, or artifice, or otherwise.

SEC. 14. *Enforcement.* "Persons" violating any provisions of this order are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages, provided by the Emergency Price Control Act of 1942, as amended.

SEC. 15. *Petition for amendment.* Any person seeking an amendment of any provision of this order, may file a petition for amendment, in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with and acted upon by the District Director.

SEC. 16. *Effective date.* This order becomes effective at 12:01 a. m., central war time, July 21, 1943.

SEC. 17. *Revocation.* This order may be amended, corrected, revised, or revoked at any time.

[Region VII Order G-11 Under 18 (c)]

FLUID MILK IN LORDSBURG AREA, NEW MEXICO

Order No. G-11 issued under § 1499.18 (c), as amended of the General Maximum Price Regulation; order modifying wholesale and retail prices of fluid milk in the Lordsburg Area of New Mexico. (Formerly Order No. 11); File No. VII-18 (c)-38.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator by § 1499.18 (c) of the General Maximum Price Regulation, *It is hereby ordered:*

(1) The maximum prices of fluid milk sold and delivered wholesale and retail in glass bottles or paper containers in the Lordsburg area of the State of New Mexico shall be, from and after the effective date of this order, as follows:

Container size	Grade	Kind of container	Wholesale	Retail
			Cents	*Cents*
½ pints	Approved	Glass or paper	4	8
Pints	Approved	Glass or paper	7	14
Quarts	Approved	Glass or paper	12	25
½ gallons	Approved	Glass or paper	22	48
Gallons	Approved	Glass or paper	42	

(2) *Definitions.* For the purpose of this order:

(a) "Milk" means cow's milk produced, processed or raw, or approved grade, distributed and sold in glass bottles or paper containers for consumption in fluid form as whole milk.

(b) "Lordsburg, New Mexico, area" means all of that area within the corporate boundaries of the municipality of Lordsburg and a distance of three miles beyond at all points.

(3) Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable price regulation supplementary thereto, or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act, as amended, that are higher than the prices fixed by this order may continue to sell at such higher established maximum prices and the same shall not be modified or superseded by this order.

(4) From and after the effective date of this order it shall not be obligatory upon any seller of fluid milk to maintain or continue any customary allowance, discount, quantity discount, or differential heretofore established by him: *Provided, however,* That any seller at wholesale or retail may sell at a price lower than the maximum prices established by this order if he so desires.

(5) Any person making a first sale of milk to any customer at these established maximum prices shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

By Order No. G-11 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 A. M., January 30, 1943, the maximum prices of milk in this area of the State of New Mexico have been modified to permit sales at (here state each container size sold and the permitted maximum wholesale and retail price for the same.)

(6) Sellers and distributors of fluid milk other than retail stores who adjust any price upward upon the authority of this order shall, on or before the 20th day of February, A. D. 1943, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Albuquerque, New Mexico, the quantity of milk handled during each month and the price paid the producer therefor on a butterfat basis, either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distribu-

tors who do not produce all of their supply of fluid milk, but purchase from another source some part or portion of the milk which they sell. The purpose of this provision is to enable the State Office of Price Administration to determine whether or not the price increase hereby granted has been proportionately and equitably passed on to the producer.

(7) This order may be revoked, modified, or amended by the Price Administrator or the Regional Administrator at any time.

(8) This order becomes effective at 12:01 a. m. on January 30, 1943.

(1) Except as to fluid milk sold in bulk, the prices hereinabove specified for District No. 2 may be increased ½¢ per quart for every ½% or major fraction thereof of butterfat content in excess of 4%.

(e) *Maximum prices for fluid milk at wholesale and retail in District No. 3 of the State of Montana.* The maximum prices for fluid milk sold at wholesale in glass bottles or paper containers in a quantity less than one gallon, and sold in bulk by the gallon, and sold at retail in glass bottles or paper containers or in bulk in District No. 3 of the State of Montana, shall be, from and after the effective date of this second revised general order, as follows:

Container size	Wholesale price in glass bottles or paper containers	Retail price in glass bottles, paper containers or in bulk
	Cents	*Cents*
Half pints	4	6
Pints	6	8
Quarts	11	14
	In container other than glass or paper (cents)	
In bulk: Gallon	40	

(1) Except as to fluid milk sold in bulk, the prices hereinabove specified for District No. 3 may be increased ½¢ per quart for every ½% or major fraction thereof of butterfat content in excess of 4%.

(f) *Definitions.* For the purpose of this second revised general order:

(1) "Milk" means cow's milk produced, processed or raw, distributed and sold at wholesale in glass bottles or paper containers in quantities less than one gallon, and in bulk in quantities of one gallon or more, and sold at retail in glass bottles or paper containers or in bulk, for human consumption as whole milk and containing not less than 3.25% butterfat content and being of approved grade.

(2) "District No. 1 of the State of Montana" means the municipalities of Seeley Lake, Anaconda, Butte, Helena, East Helena, Great Falls and Miles City, and an additional area surrounding each of said municipalities and extending a distance of five miles from their respective municipal boundaries at all points.

(3) "District No. 2 of the State of Montana" means all of the counties of Silver Bow, Sheridan, Deer Lodge, Lewis and Clark, Cascade, Prairie, Valley, Custer, Musselshell, Fergus, Beaverhead, Lincoln, Flathead, Hill, Glacier, Toole and Pondera, and the municipalities of Hardin and Billings, including an area surrounding the municipality of Hardin and extending beyond its municipal boundaries a distance of ten miles at all points, and an area surrounding the municipality of Billings and extending beyond its municipal boundaries a distance of twelve miles at all points except any part or portion of any one or more of the municipal areas included in District No. 1 as described in paragraph (2).

(4) "District No. 3 of the State of Montana" means all of the counties of Teton, Sanders, Lake, Mineral, Powell, Granite, Ravilli, Madison, Jefferson, Meagher, Broadwater, Judith Basin, Wheatland, Golden Valley, Petroleum, Garfield, McCone, Richland, Dawson, Wibaux, Fallon, Carter, Power River, Missoula, Liberty, Chouteau, Blaine, Phillips, Daniels, Roosevelt, Rosebud, Treasure, Big Horn, Yellowstone, Stillwater, Carbon, Sweetgrass, Park and Gallatin, except any part or portion of any one or more of the municipal areas contained in District No. 1 or District No. 2 as hereinabove described in paragraphs (2) and (3).

(5) "Producer" means a farmer or other person or representative who owns, superintends, manages or otherwise controls the operation of a farm on which milk is produced.

(6) "Purchaser" means any person who buys "milk" from a producer for resale.

(7) Insofar as the same are not contradictory of or inconsistent with any of the terms and provisions of this Second Revised Order No. G-12, the definitions and explanations set forth in § 1499.20 of the General Maximum Price Regulation shall apply to and are hereby deemed to be a part of this Second Revised Order No. G-12 to the same extent as if re-written herein.

(g) *Higher established maximum prices may be maintained.* Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable price regulation supplementary thereto, or under Maximum Price Regulation No. 280, or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act, as amended, that are higher than the prices fixed by this order may continue to sell at such higher established maximum prices and the same shall not be modified or superseded by this order.

(h) *Customary discounts, allowances and differentials need not be maintained.* From and after the effective date of this second revised general order it shall not be obligatory upon any seller of fluid milk to maintain or continue any customary allowance, discount, quantity discount or differential heretofore established by him: *Provided, however,* That any seller at wholesale or retail may sell at a price lower than the maximum prices established by this revised general order if he so desires.

(i) *Notice to be given purchaser upon first sale at higher price.* Any person making a first sale of milk in quart containers at retail to any customer at the higher price established for quarts at retail by this Second Revised Order No. G-12, shall at the time of delivery furnish the buyer with either a printed or written slip containing the following information:

By Second Revised Order No. G-12 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 A. M. May 12, 1943, the maximum price of milk sold in quarts at retail in this area of the State of Montana has been modified to permit sales of __¢ per quart.

(j) *Report required by certain sellers.* Sellers and distributors of fluid milk, other than retail stores, who have heretofore adjusted any price upward upon the authority of original Regional Order No. 12, or Revised Order No. G-12, or this Second Revised Order No. G-12, shall on or before the 20th day of June, A. D. 1943, report to the State Office of the Office of Price Administration at Helena, Montana, the quantity of milk handled during the period of June 1 to June 15, 1943, both inclusive, and the price paid the producer therefor on a butterfat basis either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distributors who do not produce all of their supply of milk but purchase from another source of supply some part or portion of the milk which they sell and distribute. The purpose of this provision is to enable the State Office of the Office of Price Administration to determine whether or not the price increase hereby granted has been proportionately and equitably passed on to the producer.

(k) *Inter-distributor sales and purchases from producers are exempt.* This Second Revised Order No. G-12 does not apply to or in any manner affect sales of fluid milk made by one distributor or wholesaler, or to a purchase made from a producer under Maximum Price Regulation No. 329.

(l) *Right to amend or revoke.* This second revised general order may be revoked, modified or amended by the Price Administrator or Regional Administrator at any time.

(m) *Effective date.* This second revised general order becomes effective at 12:01 a. m. on May 12, 1943.

(3) *Limitation.* The maximum prices established by this order shall not be available to or used by any seller who distributes milk which he has purchased from the producer otherwise than upon a butterfat basis, or which he has purchased on a butterfat basis at a price less than 95¢ per pound of butterfat content, and any such seller who distributes milk which he has purchased from the producer on a butterfat basis at a price of not less than 95¢ per pound of butterfat content shall within ten days after he first avails himself of the maximum prices fixed by this order file with the New Mexico State Office of Price Administration at Albuquerque, New Mexico, a written statement giving the names and addresses of the milk producers from whom he is purchasing and certifying over his signature that he is paying for such milk not less than 95¢ per pound of butterfat content. This provision shall not apply to or in any manner affect sellers who produce all of the milk they sell, or to wholesale or retail sellers who purchase no part of their supply of milk from a producer.

(4) *Definitions.* For the purpose of this order:

(a) "Milk" means cow's milk produced, processed or raw, distributed and sold in glass bottles or paper containers for consumption in fluid form as whole milk and containing not less than 3.25% butterfat, provided, however, it is of approved grade.

(b) "Quay County, New Mexico, area" means all of the area lying within the geographical boundaries of Quay County, New Mexico.

(c) "Buttermilk" means churned buttermilk, the natural by-product from the ordinary churning of butter.

(d) "Skimmed milk" means sweet milk having a butterfat content of less than 3.25%.

(5) Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable price regulation supplementary thereto, or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act, as Amended, that are higher than the prices fixed by this order may continue to sell at such higher established maximum prices and the same shall not be modified or superseded by this order.

(6) From and after the effective date of this order it shall not be obligatory upon any seller or fluid milk to maintain or continue any customary allowance, discount, quantity discount, or differential heretofore established by him, *Provided, however,* That any seller at wholesale or retail may sell at a price lower than the maximum prices established by this order if he so desires.

(7) Any person making a first sale of milk to any customer at these established maximum prices shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

By Order No. G-15 issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 a. m. February 8, 1943, the maximum prices of milk in the area of Quay County, New Mexico, have been modified to permit sales at (here state each container size sold and the permitted maximum wholesale and retail price for the same.)

(8) Sellers and distributors of fluid milk other than retail stores who adjust any price upward upon the authority of the order shall on or before the 20th day of March, A. D. 1943, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Albuquerque, New Mexico, the quantity of milk handled during each month and the price paid the producer therefor on a butterfat basis, either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distributors who do not produce all of their supply of fluid milk but purchase from another source of supply some part or portion of the milk which they sell and distribute. The purpose of this provision is to enable the State Office of Price Administration to determine whether or not the price increase hereby granted has been proportionately and equitably passed on to the producer.

(9) This order may be revoked, modified or amended by the Price Administrator at any time.

(10) This order becomes effective at 12:01 a. m. on February 8, 1943.

LUMBER IN COLORADO, WYOMING, UTAH AND NEW MEXICO

Second Revised Order No. G-16 issued under § 1499.18 (c) of the General Maximum Price Regulation; Order modifying maximum prices for mixed species, log run, Western pine and associated species of lumber, f. o. b. distribution yard, in Colorado, Wyoming, Utah and New Mexico; Docket No. VII-18 (c)-50.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator by the Emergency Price Control Act of 1942, as amended, and § 1499.18 (c) of the General Maximum Price Regulation, *It is hereby ordered:*

(a) *Maximum price for mixed species, log run, Western pine and associated species of lumber f. o. b. distribution yard, in Colorado, Wyoming, Utah and New Mexico.* The maximum price at which a distribution yard sale of Western pine and associated species of lumber subject to this second revised Order No. G-16 may be made, shall be a price not higher than the sum of the following where the shipment or transaction originates at such distribution yard:

(1) F. o. b. mill maximum price of such lumber established as follows:

(i) For green rough mixed species (not separated as to species), log run (not separated as to grade), produced in the States of Colorado, Wyoming, Utah and New Mexico, an f. o. b. mill price per thousand feet board measure, in any size load or shipment	$28.50
(ii) For surfaced stock, S2S or S4S, add	3.00
(iii) For dry, add	2.00
(iv) For specified lengths, add	1.00

(2) Transportation charges from mill to distribution yard computed as follows:

(i) For distances up to and including 10 miles, $1.50 per M'.

(ii) For distances over 10 miles and up to and including 20 miles, $2.00 per M'.

(iii) For distances over 20 miles and up to and including 30 miles, $2.50 per M'.

(iv) For distances over 30 miles, an addition of 5¢ per mile per thousand feet may be added to the $2.50 per M' charge permitted for first 30 miles. Distance as used in this paragraph (2) means the distance from the mill to the point of destination, as measured by the speedometer. No addition may be made for the return trip. And when a truck haul precedes rail shipment as when a mill located away from a rail head hauls lumber by truck to the rail head, no addition may be made for the truck haul.

(v) If transportation from mill to distribution yard is by means of common or contract carrier, the transportation al-

lowance shall not exceed the published tariff rate as filed with the Interstate Commerce Commission or a state regulatory commission or bureau.

(3) A flat mark-up of $5.00 per thousand board feet measure.

(4) 10% of the total of the applicable items set forth in paragraphs (1), (2), and (3) above, except that in the case of sales to other distribution yards, not more than 5% may be added. The maximum prices set forth above shall include loading by and at the expense of the seller on railroad car, truck, or other means of transportation.

(b) *Permitted additions.* When the working and conditioning specified in sub-paragraphs (ii) (iii) and (iv) of paragraph (a) (1) are not performed by the mill, the specified allowance for each such working or conditioning that is performed by a distribution yard shall be included in and made a part of the maximum price for such distribution yard.

(c) *Transportation allowance for delivered sales.* If a distribution yard, at the request of the buyer, makes delivery at a place other than the distribution yard, the seller may, in addition to his maximum price f. o. b. distribution yard, collect from the buyer the actual transportation cost to the extent that such costs are paid by the seller if a carrier other than the seller's own transportation facilities are used; or actual cost of delivery if the seller's transportation facilities are used: *Provided*, That all transportation charges so made on delivered sales shall be separately set forth on the invoice, bill of sale or other memorandum of the transaction. In computing such transportation cost, the parties may adopt a practice of charging a sum equivalent to the one-quarter of a dollar per thousand board feet nearest such actual transportation cost.

(d) *No commission shall be paid or allowed.* No person shall pay and no person shall charge or receive a commission for purchasing mixed species, log run, western pine and associated species of lumber out of a distribution yard stock if such person and sale are subject to this Second Revised Order No. G–16, and the amount of the commission, plus the purchaser's price is higher than the maximum price permitted by this regulation.

(e) *Definitions*—(1) *How to tell a mill from a distribution yard; general tests.* The term "mill", as used herein covers what are known in the trade as saw mills, planing mills and concentration yards. Three types of establishments are described below:

The first, (i), a typical saw mill or planing mill; the second, (ii), a typical concentration yard; and the third, (iii), a typical distribution yard. An establishment which resembles (i) or (ii) more than it does (iii) is considered a mill; and one which resembles (iii) more than it does (i) or (ii) is considered a distribution yard:

(i) An establishment which is chiefly engaged in manufacturing lumber from logs or rough lumber by sawing or planing; which is located in or near a lumber producing area; which makes and sells chiefly mixed species, log run, western pine and associated species of lumber:

(ii) An establishment which concentrates and prepares lumber for commercial shipment, which keeps in stock mostly mixed species, log run, western pine and associated species of lumber, which has its lumber brought in chiefly in rough green form by truck from small local saw mills and sells chiefly for rail shipment, and which has been located at its particular site to be near the lumber producing area:

(iii) A wholesale or retail lumber yard, which gets lumber from mills or other yards; unloads, sorts, stores, and resells or redistributes it; which regularly maintains a fair stock of lumber from different regions; which gets its lumber mostly by rail and sells mostly for truck shipment; which is equipped to make quick deliveries of many different items of lumber; and which has been located at its particular site in order to be near a lumber consuming area.

(2) "Dried lumber" means lumber which, after being sawed, is piled or stacked so that the air will freely circulate through the pile or stack, and by the ordinary process of evaporation or by processing in a kiln has reached the condition where the moisture contact is 19% or less.

(3) "Rough lumber" means lumber as it comes from the saw.

(4) "Surfaced stock", commonly designated S2S or S4S, means lumber that has been surfaced on two or four sides respectively.

(f) *Former discounts, allowances and differentials need not be maintained.* From and after the effective date of this order it shall not be obligatory upon any distribution yard seller of mixed species, log run, western pine and associated species of lumber in the states named herein to maintain or continue any customary allowance, discount, quantity discount or differential heretofore established by him: *Provided, however*, That any such distribution yard seller may sell at a price lower than the prices established by this Second Revised Order No. G–16 if he so desires.

(g) *Right to revoke or amend.* This order may be revoked, amended or revised at any time by the Price Administrator or the Regional Administrator.

(h) *Effective date.* This Second Revised Order No. G–16 shall become effective on June 10, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

(c) *Definitions.* For the purpose of this order:

(1) "Milk" means cow's milk produced, processed or raw distributed and sold in glass bottles or paper container for consumption in fluid form as whole milk and containing not less than 3.25% butterfat and of approved grade.

(d) Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable prices regulation supplementary thereto, or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Market Agreement Act, as Amended, that are higher than the prices fixed by this order may continue to sell at such higher established maximum prices and the same shall not be modified or superseded by this Order.

(e) From and after the effective date of this order it shall not be obligatory upon any seller of fluid milk to maintain or continue any customary allowance, discount, quantity discount, or differential heretofore established by him: *Provided, however*, That any seller at wholesale or retail may sell at a price lower than the maximum prices established by this order if he so desires.

(f) Any person making a first sale of milk at retail to any customer in Grant County, New Mexico, at the established maximum prices specified in paragraph (a) hereof shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

By Order No. G–17, under § 1499.18 (c) of the General Maximum Price Regulation, issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 A. M. February 15, 1943, the maximum retail prices of milk in Grant County, New Mexico, have been modified to permit sales at (here state each container size sold and the permitted maximum retail price for the same).

(g) Any person making a first sale of milk at retail to any customer in Luna County, New Mexico, at the established maximum prices specified in paragraph (b) hereof shall, at the time of delivery, furnish the buyer with either a printed or written slip containing the following information:

By Order No. G–17, under § 1499.18 (c) of the General Maximum Price Regulation, issued by the Regional Administrator of the Office of Price Administration and effective as of 12:01 A. M. February 15, 1943, the maximum retail prices of milk in Luna County, New Mexico, have been modified to permit sales at (here state each container size sold and the permitted maximum retail price for the same).

(h) Sellers and distributors of fluid milk other than retail stores who adjust any price upward upon the authority of this order shall on or before the 20th day of March, A. D. 1943, and on or before the 20th day of each month thereafter, report to the State Office of Price Administration at Albuquerque, New Mexico, the quantity of milk handled during each month and the price paid the producer therefor on a butterfat basis, either directly by the seller or by his immediate or remote supplier who did purchase directly from the producer. This provision applies only to distributors who do not produce all of their supply of fluid milk, but purchase from another source of supply some part or portion of the milk which they sell and distribute. The purpose of this provision is to enable the State Office of Price Administration to determine whether or not the price increase hereby granted has been proportionately and equitably passed on to the producer.

(i) This order may be revoked, amended, modified or corrected at any time.

(j) Unless the context otherwise requires, the definition set forth in § 1499.20 of the General Maximum Price Regulations shall apply to the terms used herein.

This order shall become effective at 12:01 a. m. on February 15, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 15th day of February 1943.

INTERNATIONAL UTILITIES CORPORATION

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 22d day of July, A. D. 1943.

The Commission has heretofore entered a series of orders in the above entitled proceeding upon application of International Utilities Corporation, by which orders International has been authorized to purchase certain amounts of the Collateral Trust Bonds 6½% Series of its subsidiary, Dominion Gas and Electric Company, subject to certain conditions, including, among others, the condition that such purchases be effected on or before December 31, 1942. In a further order, dated April 23, 1943, the Commission granted a further amendment to said application which requested an extension of time to December 31, 1943, within which to purchase $276,500 principal amount of said Collateral Trust Bonds previously authorized and which also sought authorization for the purchase within such time of an additional $500,000 principal amount of said bonds.

By amendment, dated June 28, 1943, International Utilities Corporation proposes a change in the methods of acquiring the said bonds which it has been previously authorized to purchase by the said order of the Commission, dated April 23, 1943, and proposes to request from public holders thereof the tender of the said bonds to International at their call price, 101% of principal amount, and accrued interest thereon to date of delivery. International offers to purchase the said bonds up to but not exceeding $600,000 principal amount thereof; the said offer is to expire on December 15, 1943 or on the date when Dominion Gas and Electric Company calls the said bonds for redemption, whichever is earlier.

Said amendment having been filed on June 28, 1943 and notice of said filing having been duly given in the manner and form prescribed by Rule U-23 under said act, and the Commission not having received a request for a hearing with respect to said amendment within the period specified in such notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that all applicable statutory requirements are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers to grant said application as amended;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 that the said application as amended be and the same is hereby granted.

By the Commission.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 23d day of July, A. D. 1943.

Associated General Utilities Company, a registered closed-end management investment company, having filed an application under section 6 (c) of the Investment Company Act of 1940 for an order exempting it from the provisions of section 30 (d) of the Act and Rule N–30D–1 promulgated thereunder insofar as said section and rule require applicant to transmit semi-annual reports to stockholders;

It is ordered, Pursuant to section 40 (a) of said Act, that a hearing on the aforesaid application be held on July 29, 1943, at 10:00 a. m., eastern war time, in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania.

It is further ordered, That Charles S. Lobingier, Esquire, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to Trial Examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the applicant and to any other persons whose participation in such proceeding may be in the public interest or for the protection of investors.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

WAR SHIPPING ADMINISTRATION.

VESSEL "GEORGE G. HENRY"

NOTICE OF DETERMINATION OF WAR SHIPPING ADMINISTRATOR

Notice is given that pursuant to section 3 (b) of Public Law 17, 78th Congress, the following determination has been made:

Whereas on June 15, 1942, title to the vessel "George G. Henry," Official No. 228,049, (including all spare parts appertaining thereto, whether aboard or ashore) was requisitioned, pursuant to section 902 of the Merchant Marine Act, 1936, as amended; and

Whereas section 3 (b) of the Act approved March 24, 1943 (Public Law 17, 78th Congress, 1st Session), provides in part as follows:

(b) The Administrator, War Shipping Administration, may determine at any time prior to the payment in full or deposit in full with the Treasurer of the United States, or the payment or deposit of 75 per centum, of just compensation therefor, that the ownership of any vessel (the title to which has been requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended, or the Act of June 6, 1941 (Public Law 101, Seventy-Seventh Congress)), is not required by the United States, and after such determination has been made and notice thereof has been published in the FEDERAL REGISTER, the use rather than the title to such vessel shall be deemed to have been requisitioned for all purposes as of the date of the original taking: *Provided, however*, That no such determination shall be made with respect to any vessel after the expiration of a period of two months after the date of delivery of such vessel pursuant to title requisition except with the consent of the owner.

Whereas just compensation for the said vessel has not been paid or deposited with the Treasurer of the United States; and

Whereas the ownership of the said vessel, its spare parts and appurtenances, is not required by the United States; and

Whereas by mutual agreement between the Administrator, War Shipping Administration, and Toney Schloss Properties Corporation, Toney Schloss Properties Corporation has consented to the determination by the Administrator that the use rather than the title of the said vessel, its spare parts and appurtenances, shall be deemed to have been requisitioned as of the date of the original taking thereof, namely, June 15, 1942;

Now, therefore, I, Emory S. Land, Administrator, War Shipping Administration, acting pursuant to the above quoted provision of law, do determine that the ownership of said vessel, its spare parts and appurtenances, is not required by the United States, and that the requisition on June 15, 1942, of the above mentioned vessel, its spare parts and appurtenances, shall, from and after the date of publication hereof in the FEDERAL REGISTER, be deemed to have been, for all purposes, a requisition of the use rather than of the title of said vessel, its spare parts and appurtenances, as of the date of the original taking, namely, June 15, 1942.

Dated: July 24, 1943.

[SEAL] E. S. LAND,
Administrator.

TITLE 7—AGRICULTURE

Chapter XI—War Food Administration

[FDO 69]

PART 1405—FRUITS AND VEGETABLES

FRUIT FOR ALCOHOLIC PURPOSES

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of fruits for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1405.13 *Restrictions relative to the use of fruit*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent hereof:

(1) The term "fruit" means apricots, blackberries, blueberries, Boysenberries, cantaloupes, cherries, currants, dates, dewberries, elderberries, gooseberries, Concord grapes, huckleberries, Johnsonberries, Loganberries, Olympic berries, peaches, pears, pineapples, plums, prunes, raspberries, strawberries, Youngberries and apples of any variety, type, or form whatsoever, including the fresh, dried, canned, frozen, or other processed or partially processed form, and the juices thereof, and such other fruits as the Director may hereafter designate, including the fresh, dried, canned, frozen, or other processed or partially processed form, and the juices thereof.

(2) The term "alcoholic product" means any product produced by fermentation, distillation, or other means, containing an alcoholic content of 7 percent or more, by volume.

(3) The term "person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(4) The term "Director" means the Director of Food Distribution, War Food Administration.

(b) *Restrictions.* (1) No person may use fruit for conversion into an alcoholic product for sale, unless authorized to use fruit for such purpose by (i) a person designated by the Director or (ii) by a County U. S. D. A. War Board, established pursuant to Memorandum No. 921, issued by the Secretary of Agriculture of the United States on July 5, 1941, as amended, in the county in which such fruit is available for sale for conversion into an alcoholic product. An authorization, as aforesaid, with respect to a particular lot of fruit shall be issued by the County U. S. D. A. War Board, for the county in which such fruit is available for sale for conversion into an alcoholic product, 'f such County U. S. D. A. War Board determines with respect to the particular lot of fruit that (i) such is unsuitable, except when converted into an alcoholic product, for human consumption; (ii) no market is available for such fruit for human consumption, except when such fruit is converted into an alcoholic product; (iii) the owner of such fruit and all previous owners, if any, have exercised all reasonable efforts to dispose of or utilize such fruit for human consumption prior to such fruit's becoming unsuitable, except when converted into an alcoholic product, for human consumption; and (iv) the granting of such permission to use the fruit for the aforesaid purpose is in accordance with such additional conditions, if any, as may be specified by the Director.

(2) No person may sell or deliver fruit with knowledge or reason to believe that such fruit or any portion thereof thus sold or delivered is to be used in violation of this order.

(c) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises, or stocks of fruit, of any person, and to make such investigations as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(d) *Records and reports.* The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(e) *Petition for relief from hardship.* Any person affected by this order or by any decision of a designee pursuant to (b) (1) (i) hereof or by a decision of a County U. S. D. A. War Board pursuant to (b) (1) (ii) hereof who considers that compliance with this order or with such decision would work an exceptional and unreasonable hardship on him, may petition the Regional Administrator of the Food Distribution Administration, War Food Administration, serving the area (8 F.R. 9315) in which the fruit is available, for conversion into an alcoholic product for sale, for relief. Petitions for such relief shall be in writing, and shall set forth all pertinent facts and the nature of the relief sought. If such person is dissatisfied with the action of the Regional Administrator, he may, by requesting the Regional Administrator therefor, secure a review of such action by the Director. The Director may, thereupon, take such action as he deems appropriate, and such action shall be final.

(f) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using fruit or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(g) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director, and may be redelegated by him to any employee of the United States Department of Agriculture.

(h) *Communications.* All reports required to be filed hereunder and all communications concerning this order, except as provided in (e) hereof, shall be addressed to the Regional Administrator of the Food Distribution Administration, War Food Administration, serving the area (8 F.R. 9315) in which the person affected by the order resides or does business.

(i) *Effective date.* This order shall become effective at 12:01 a. m., e. w. t., July 28, 1943.

PART 1450—TOBACCO

CIGAR FILLER AND BINDER TYPES OF TOBACCO

The fulfillment of the requirements for the defense of the United States will result in a shortage in the supply of tobacco for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1450.11 *Restrictions on the purchase of cigar filler and binder types of tobacco*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent hereof:

(1) The term "person" means an individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(2) The term "Director" means the Director of Food Distribution, War Food Administration.

(3) The term "tobacco" means tobacco of the 1943 crop of the cigar filler types numbered 41, 42, 43, and 44, and the cigar binder types numbered 51, 52, 53, 54, and 55, as defined in the Service and Regulatory Announcement No. 118 (7 CFR 30.1 et seq.) of the United States Department of Agriculture, promulgated by the Secretary of Agriculture on October 14, 1929.

(b) *Restrictions.* No person shall, in any manner whatsoever, purchase, contract to purchase, or accept an option to purchase tobacco during the period from the effective time hereof until August 31, 1943, inclusive.

(c) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of tobacco of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(d) *Records and reports.* The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(e) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, which action shall be final.

(f) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using tobacco, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(g) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

(h) *Communications.* All reports to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the Director of Food Distribution, War Food Administration, United States Department of Agriculture, Washington 25, D. C., Ref. FD-68.

(i) *Territorial extent.* This order shall apply only to the forty-eight States of the United States and the District of Columbia.

(j) *Effective date.* This order shall become effective at 12:01 a. m., e. w. t., July 28, 1943.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423)

PART 1460—FATS AND OILS

INEDIBLE TALLOW OR GREASE

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of inedible tallow or grease for defense and private account, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1460.27 *Restrictions relative to inedible tallow or grease*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed, or manifestly incompatible with intent thereof:

(1) The term "inedible tallow or grease" means all grades and qualities of inedible animal tallows, greases and stearines produced therefrom, excluding garbage grease, wool grease, grease (lard) oil, neatsfoot oil and stock, stearic acid and red oil.

(2) The term "person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(3) The term "manufacturer" means any person who uses inedible tallow or grease in the manufacture of any other product.

(4) The term "producer" means any person whose operations result in the production of inedible tallow or grease or a mixture of such products in any form.

(5) The term "dealer" means any person who purchases inedible tallow or grease, or mixtures of the same, in any form for resale, or who blends or mixes such products for resale.

(6) The term "inventories" means all quantities of inedible tallow, grease and mixed fatty acids produced from inedible tallow or grease, owned by a manufacturer, dealer, or producer, in addition to all undelivered purchases of inedible tallow or grease contracted to be delivered in the future, less undelivered sales of inedible tallow or grease as such. Inventory shall include all tallow, grease and mixed fatty acids derived therefrom in process up to the point at which they cease to exist as such, by reason of saponification, neutralization, pressing, distillation or compounding with nonfatty materials.

(7) The term "Director" means the Director of Food Distribution, War Food Administration, or any employee of the United States Department of Agriculture designated by such Director.

(8) The term "soap" means the water soluble product formed by the saponification or neutralization of fats, oils, rosins, or their fatty acids with organic, sodium, or potassium bases, or any detergent composition containing such products.

(b) *Restrictions on delivery, acceptance of delivery, and use.* (1) Except as otherwise specifically authorized by the Director, no person shall accept delivery of inedible tallow or grease.

(2) No producer or dealer shall deliver inedible tallow or grease during any given month to any manufacturer, not authorized by the Director to accept delivery, unless and until he has before the end of the month: (i) delivered; (ii) offered to deliver; or (iii) made provision to deliver; all inedible tallow or grease which has been ordered from him before the 10th day of the month by a manufacturer authorized to accept delivery of inedible tallow and grease: *Provided, however,* That no producer shall be obligated to deliver on certified orders in the aggregate in any calendar month more than 30 percent of his total deliveries for such month. In computing the percentage under this

paragraph (b) (2) of allowable deliveries to those persons who do not certify, each producers' plant shall be considered separately.

(c) *Exceptions to requirements of specific authorization.* (1) Notwithstanding the provisions of (b) (1) and subject to the provisions of (b) (2) hereof, specific authorization of the Director shall not be required for the delivery, acceptance of delivery, or use of inedible tallow or grease where such inedible tallow or grease is used in the manufacture of soap.

(2) Notwithstanding the provisions of (b) (1) and (2) hereof, specific authorization of the Director shall not be required for delivery, acceptance of delivery, or use by any manufacturer whose consumption or usage of inedible tallow or grease is not to exceed 5,000 pounds per month.

(d) *Applications for delivery and use.* Every manufacturer, except a soap manufacturer, seeking authorization to use or consume inedible tallow or grease, shall file Form FDA–478, with the Chief, Fats and Oils Branch, Food Distribution Administration, War Food Administration, Ref: FD 67, on or before the 15th day of the month preceding the month in which delivery is desired.

(e) *Certifications of manufacturers.* Every manufacturer who receives authorization to use inedible tallow or grease shall attach to, or include in, his purchase orders the following certificate:

The undersigned manufacturer hereby certifies to the War Food Administration, United States Department of Agriculture, and to his supplier, that the inedible tallow and grease hereby ordered has been authorized by the Director for acceptance of delivery and use, and that the amount ordered, together with his present inventory, will not exceed the inventory limitation of Food Distribution Order 67.

(Title)

(f) *Inventory limitations.* (1) No manufacturer shall, after the 1st day of August 1943, have an inventory of inedible tallow or grease greater than one-fourth of the aggregate amount of inedible tallow or grease used by him during the period between October 1, 1942, and March 31, 1943.

(2) No producer shall produce or accept delivery of any inedible tallow or grease, after the effective date of this order, which will cause his inventory of inedible tallow or grease to be greater than one-twelfth of the amount produced during the period between October 1, 1942, and March 31, 1943.

(3) No dealer shall accept delivery of any inedible tallow or grease, after the effective date of this order, which will cause his inventory of inedible tallow or grease to be greater than one-twelfth of the amount delivered by him during the period between October 1, 1942, and March 31, 1943.

(4) If a person is both a producer and manufacturer his allowed inventory shall be the amount permitted him as a producer or manufacturer, whichever is greater.

(5) If, on the effective date of this order, a manufacturer's inventory exceeds the amount allowed under this order, he shall not be required to sell or dispose of the surplus, but he shall not buy or acquire in any manner any inedible tallow or grease until his inventory falls below the amount authorized by this order: *Provided, however,* That if a manufacturer's inventory on the effective date of this order exceeds the amount permitted by this order, but he does not own certain grades required by him in his manufacturing process, he may buy, for 45 days only, after the effective date of this order, a sufficient quantity of those grades of inedible tallow or grease which are necessary to maintain his manufacturing processes.

(6) If a producer or dealer is unable to sell his inedible tallows or greases at the ceiling prices listed in Office of Price Administration Revised Price Schedule No. 53, as amended, dated December 12, 1941 (7 F.R. 1309), he may increase his inventory above the inventory limitations of this order; and, a user may increase his inventory above the inventory limitation of this order by purchases of inedible tallows or greases at prices below the ceiling prices listed in Office of Price Administration Revised Price Schedule No. 53: *Provided, however,* That:

(i) If a producer or dealer exceeds the inventory limitations of this order, by reason of this exception, he shall not, thereafter, refuse or fail to deliver inedible tallows or greases to buyers offering to purchase at such ceiling prices until his inventory falls within the inventory limitations of this order; and,

(ii) No user whose inventory exceeds the inventory limitation of this order, by reason of this exception, may buy additional inedible tallows or greases at such ceiling prices until his inventory is within the inventory limitations of this order.

(7) Notwithstanding the provisions of this order, no buyer shall be required to buy, or seller to sell or ship in quantities less than normal commercial quantities, namely, tank car, tank truck, or carload or truckload in packages.

(8) Notwithstanding any of the provisions of this order a manufacturer may purchase import tallow, grease, or mixed fatty acids derived therefrom directly or from the Commodity Credit Corporation, but should such purchases cause his inventory to exceed the inventory limitation of this order he shall not buy inedible tallow or grease produced in the continental United States until his inventory is within the inventory limitation of this order.

(g) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of inedible tallow or grease of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(h) *Records and reports.* The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(i) *Bureau of the Budget approval.* The reporting repuirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent specific record-keeping or reporting requirements by the Director will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(j) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought, the Director may thereupon take such action as he deems appropriate, which action shall be final.

(k) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making and deliveries of, or using inedible tallow or grease, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(l) *Territorial extent.* This order shall apply to the forty-eight States of the United States and the District of Columbia.

(m) *Effective date.* This order shall become effective at 12:01 a. m., e. w. t., August 1, 1943.

PART 1468—GRAINS

MALTED GRAINS AND MALT SYRUPS

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of malted grains and malt syrups for defense and private account; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1468.2 *Restrictions on use and delivery of malted grains and malt syrups*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent hereof:

(1) The term "brewer" means any person engaged in the commercial manufacture of malt beverages in the continental United States.

(2) The term "malt beverage" means beer, ale, stout, porter, near-beer, and beverages of a similar kind, made by alcoholic fermentation of malted grain with or without other food products and with hops or hop extracts.

(3) The term "malted grain" means barley, wheat, rye, or any other grain, which has been steeped in water, germinated, and dried.

(4) The term "malt syrup" means any syrup or extract derived, in whole or in part, from malted grain.

(5) The term "minimum carload" means a rail shipment of such minimum quantity as the Office of Defense Transportation may establish as the minimum permitted carload in General Order 18, Revised (Code of Federal Regulations, Title 49, Chapter II, Part 500, subpart C, 7 F.R. 8337), as it may be amended or modified from time to time.

(6) The term "use" means, with respect to malted grain, infusion into a mash; and such term means, with respect to malt syrup, introduction into the brewing process.

(7) The term "quota period" means each consecutive three-month period extending from March 1 to May 31, inclusive; June 1 to August 31, inclusive; September 1 to November 30, inclusive; and December 1 through the last day of February.

(8) The term "base year" means the period extending from March 1, 1942, to February 28, 1943, inclusive.

(9) The term "Director" means the Director of Food Distribution, War Food Administration.

(10) The term "person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(b) *Restrictions on use.* (1) No brewer shall use, in the manufacture of malt beverages during any quota period, more than 93 percent of the quantity of malted grain, nor more than 93 percent of the quantity of malt syrup, which he used for such purpose during the corresponding period in the base year.

(2) Notwithstanding the limitations contained in (b) (1), if 93 percent of the total quantity of malted grain used by any brewer in the base year at all of the plants owned by him does not exceed 70,000 bushels, such brewer may use, during any quota period, in lieu of a quota computed pursuant to (b) (1), a total quantity of malted grain which is not in excess of 100 percent of the total quantity of malted grain used by such brewer during the corresponding three-month period of such base year: *Provided,* That the total quantity of malted grain used by such brewer during the period extending from March 1, 1943, to February 29, 1944, inclusive, or any succeeding period of 12 consecutive calendar months, shall not exceed 70,000 bushels.

(3) Notwithstanding the limitations contained in (b) (1), if the quantity of malted grain used by any brewer in the base year did not exceed 8,000 bushels, such brewer, in lieu of a quota computed pursuant to (b) (1), may use, during each quota period, a total quantity of malted grain which is not in excess of 2,000 bushels.

(4) No brewer, during any quota period, shall use more than 85 percent of his quota of malted grain, nor more than 85 percent of his quota of malt syrup in the production of malt beverages containing an alcoholic content in excess of 3.2 percent by weight.

(5) No brewer, unless authorized by the Director, shall sell or deliver, during any quota period, malt beverages having an alcoholic content of 3.2 percent or less, by weight: *Provided,* That any brewer, without authorization from the Director, may sell or deliver, during any quota period, any malt beverages containing 3.2 percent or less of alcohol, by weight, in excess of a quantity of such beverages equal to 15 percent of his total production of all malt beverages in the same quota period.

(6) The quotas computed pursuant hereto by a brewer owning or operating more than one plant shall be deemed to be assigned to each plant separately.

(7) Any brewer may substitute malt syrup for malted grain, in which event he shall deduct 10 pounds from the amount of his malted grain quota for every 8 pounds of malt syrup so substituted. Any brewer may substitute malted grain for malt syrup, in which event he shall deduct 8 pounds from the amount of his malt syrup quota for every 10 pounds of malted grain so substituted.

(c) *Restrictions on inventory.* (1) No brewer shall purchase or accept delivery of a quantity of malted grain which will cause the total quantity of malted grain owned by such brewer, or in his possession, to exceed 4,000 bushels or 10 percent of the quantity of malted grain used by such brewer in the production of malt beverages in the calendar year 1942; whichever amount is the greater.

(2) No brewer shall purchase or accept delivery of a quantity of malt syrup which will cause the total quantity of malt syrup owned by such brewer, or in his possession, to exceed 10 percent of the quantity of malt syrup used by such brewer in the production of malt beverages in the calendar year 1942.

(3) Nothing in this order shall be construed to require delivery of less than a minimum carload of malted grain and any brewer owning or having under his control less than his permitted inventory of malted grain may purchase and accept delivery of a minimum carload of such grain.

(4) The restrictions of this paragraph shall not apply to any brewer who is engaged in the business of producing malted grain.

(5) Any brewer having an inventory which is in excess of that permitted by this order is not required by this order to dispose of such excess and may retain it and use it at any time, as permitted in (b) hereof.

(d) *Carrying over of quotas.* Use and inventory quotas may be carried over from one quota period to another quota period only with the written permission of the Director. Application for such permission shall be made by letter setting forth the pertinent facts, the relief requested, and the reasons why such relief should be granted. Any brewer who has, at the end of any quota period, an unused quota balance insufficient to produce a full brew may carry that balance over into the next succeeding quota period, and add such amount to his quota for such succeeding quota period, without specific permission, notwithstanding the foregoing restrictions.

(e) *Reports required.* Each manufacturer of malted grain shall correctly complete Form FDO 66–1 for each month and submit such completed form to the Director of Food Distribution, War Food Administration, Washington, D. C., Ref. FD 66, on or before the 10th day of the following month. (This reporting requirement has been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.)

(f) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises, or stocks of malted grains and malt syrups, of any person, and to make such investigations as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(g) *Records and reports.* The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget, pursuant to the Federal Reports Act of 1942.

(h) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, which action shall be final.

(i) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using malted grains and malt syrups, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(j) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director, and may be redelegated by him to any employee of the United States Department of Agriculture.

(k) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the War Food Administrator, United States Department of Agriculture, Washington, D. C., Ref. FD 66.

(l) *Conservation Order M-288, as amended, superseded.* This order supersedes in all respects Conservation Order M-288, as amended, issued by the War Production Board, except that as to violations of said order, as amended, or rights accrued, liabilities incurred, or appeals taken, under said order, said Conservation Order M-288, as amended, shall be deemed in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding, with respect to any such violation, right, or liability. Any appeal pending under said Conservation Order M-288, as amended, shall be considered under paragraph (h).

(m) *Effective date.* This order shall become effective 12:01 a. m., e. w. t., July 28, 1943.

Part 204—Posted Stockyards and Live Poultry Markets

PLATTE VALLEY LIVESTOCK CO-OPERATIVE MARKETING ASSOCIATION

It has been ascertained that the Lane Livestock Commission Company, Scottsbluff, Nebraska, posted on August 31, 1936, as coming within the jurisdiction of the Packers and Stockyards Act, 1921, as amended, the name of which was changed on the list of posted stockyards in 9 CFR 204.1 by order of the Secretary of Agriculture on October 9, 1940, to the Platte Valley Livestock Commission Company stockyard, is now owned and operated by the Platte Valley Livestock Co-Operative Marketing Association, and that the name of the yard is now the Platte Valley Livestock Co-Operative Marketing Association. Therefore, notice of such facts is given to its owners and to the public, and the name of the stockyard changed to the Platte Valley Livestock Co-Operative Marketing Association on the list of posted stockyards in 9 CFR 204.1.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Taxes

[T. D. 5287]

Part 19—Income Tax Under Internal Revenue Code

INCOME OF ESTATES AND TRUSTS DISTRIBUTED TO LEGATEES AND BENEFICIARIES

Regulations 103 [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.], relating to the income tax under the Internal Revenue Code, are amended as follows:

PARAGRAPH 1. Section 19.162-1, as amended by Treasury Decision 5215, approved January 19, 1943, is amended as follows:

(A) There is stricken out that portion of the fourth paragraph which reads:

There is taxable to the estate or to the trust, unless it be taxable to the grantor of the trust (see §§ 19.166-1 and 19.167-1)

and there is inserted in lieu thereof the following:

There is included in the income of the estate or the trust, unless it is included in the income of the grantor of the trust (see §§ 19.166-1 and 19.167-1)

(B) The last sentence of the fourth paragraph is changed to read as follows:

In all such cases the tax with respect to such income included in the income of the estate or trust for its taxable year is payable by the fiduciary, except where the income is taxable to the grantor of the trust or where, as provided in the next paragraph, it is deductible by the estate or trust for such taxable year (and is includible in the income of the legatee or beneficiary).

(C) The eighth paragraph is amended by changing the ninth sentence thereof to read as follows:

A statutory allowance paid a widow is not deductible from gross income, except to the extent that under the principles of section 19.162-2 such allowance is taxable to the widow.

(D) The ninth paragraph is amended by changing the second sentence thereof to read as follows:

If the tax has been properly paid on the net income of an estate or trust for any taxable year, the net income on which the tax is so paid is not, generally, in the hands of the distributee thereof (the legatee, heir, or beneficiary) taxable as income to him, but such income, to the extent it becomes payable in a subsequent taxable year of the estate or trust to the distributee after the first 65 days of such subsequent taxable year, may be required to be included in the income of the distributee under section 162 (d) (2). See § 19.162-2 (b).

PAR. 2. Section 19.162-2, as added by Treasury Decision 5215, is amended as follows:

(A) The first sentence of paragraph (a) is amended by changing the parenthetical clause therein to read as follows: "(for example, by the terms of the trust instrument or will)".

(B) The third paragraph of paragraph (a) is changed by amending the third sentence thereof to read as follows:

"Net income", as thus used, means the statutory net income of the trust under the Code before the application of section 162 (b) and (c) (but, as stated in the preceding sentence, such amount is to be reduced by the deductions allowed under paragraphs (b) and (c) of section 162 in the case of amounts to which section 162 (d) (1) does not apply).

(C) The heading and first paragraph of paragraph (b) (including examples (1) and (2) thereof) are changed to read as follows:

(b) *Allocation among income beneficiaries and legatees.* Section 162 (d) (2), as added by the Revenue Act of 1942, applies in cases where income of the estate or trust for any period becomes payable on a date more than 65 days after the beginning of its taxable year. It applies in every case where income of the estate or trust is paid, credited, or to be distributed to a legatee, heir, or beneficiary, other than a legatee, heir, or beneficiary to whom paragraph (a) of this section applies or a legatee, heir, or beneficiary of a lump sum gift, bequest, devise, or inheritance. This subsection, and not paragraph (a), applies to income paid, credited, or to be distributed to a legatee who, in addition to any part of the principal of an estate, is entitled to receive any income during the administration of the estate or upon its termination, whether payment of such income is made in accordance with directions in the will, or for support as allowed under State law, or by the administrator to the residuary legatee in the ordinary course of administration. The rule stated in the preceding sentence, however, has no application in cases where income may be paid, credited or is to be distributed under an obligation to pay an amount periodically at all events, whether or not income is available, as in the ordinary case of an annuity. Section 162 (d) (2) also has no application in determining the amount to be included in the income of the estate or trust under section 161 but applies only in determining the amount allowed as deductions under section 162 (b) and (c).

Section 162 (d) (2) applies whether amounts are paid, credited, or to be distributed out of the income of the estate or trust for its current taxable year or out of the income for any period. It includes a rule for allocating income of the estate or trust to the legatees or beneficiaries in cases in which the income of a prior period is paid, credited, or to be distributed to the legatee or beneficiary during the taxable year of the estate or trust. In the absence of proof that any particular period of time is the source of an amount of income which becomes payable within the taxable year, the period from which such income is derived will be presumed to be a period ended with the date the income becomes payable. In such a case the year ended with the date the income becomes payable shall be considered the last 12 months of such period (whether or not other distributions under this subsection have been made during such last 12 months) and the income which becomes payable shall be considered as derived from the most recently accumulated income for such period.

As used in section 162, the term "income which becomes payable" means income to which the legatee, heir, or beneficiary has a present right, whether or not such income is actually paid. Such right may be derived from the directions in the trust instrument or will to make distributions of income at a certain date, or from the exercise of the fiduciary's discretion to distribute income, or from a recognized present right under the local law to obtain income or compel a distribution of income. Income is not considered to become payable within a taxable year where during the entire taxable year there is only a future right to such income. For example, under valid terms of a trust instrument, income received by a trust during its taxable year is to be accumulated until the 21st birthday of the beneficiary (or his prior death), at which time the accumulated income is to be distributed to the beneficiary (or his estate, as the case may be). In such case, the income of the trust received in any taxable year prior to the taxable year of the trust in which the date of distribution occurs (the beneficiary's 21st birthday or his prior death) is not income which becomes payable within such prior taxable year but is income which becomes payable in the taxable year of the trust in which the date of distribution occurs. In any case, income becomes payable at a date not later than the date it is actually paid for the use of the distributee.

The application of section 162 (d) (2), in general, may be illustrated by the following examples:

Example (1). An existing trust makes its returns on the cash receipts and disbursements basis and on the basis of a calendar year accounting period. Under the terms of the trust and the local law (which allows accumulations) the income of the trust for the period of 12 months ended June 30 of each year is accumulated and the beneficiary has no right to such income until the last day of such period (June 30). For the purpose of the tax for 1941, the entire gross income received by the trust in 1941 is required to be included in its income for 1941, and, under the law applicable to 1941, the 1941 trust income distributable on June 30, 1941, is allowed as a deduction, but the 1941 trust income not distributable until June 30, 1942, is not allowable as a deduction for 1941. For the purpose of the tax for 1942, the entire gross income received by the trust in 1942 will be included in its income for 1942. Under section 162 (d) (2), the trust income for the 12 months ending June 30, 1942, which, under the terms of the trust instrument, is available for distribution on such date, will be considered for the purposes of section 162 (b) as income for the taxable year 1942 which becomes payable on June 30, 1942, and, accordingly, will be deducted by the trust for 1942. Assuming the beneficiary makes his income tax returns on the calendar year basis, he will include this amount deducted by the trust in 1942 in his income for 1942. The same process will be repeated each year thereafter as long as the accounting periods and the distribution date remain the same. Thus if, in such a case, the entire net income of the trust (determined before the application of section 162 (b)) is available for distribution and the trust receives each month $100 of such income available for distribution, for 1941 the trust will have $600 of taxable net income (before credits), that is, the excess of the $1,200 income over the $600 deduction for the June 30, 1941, distribution. For the taxable year ended December 31, 1942, the trust will include $1,200 in its income, which is its actual income for 1942 determined under section 161 without inclusion of that part of the 1941 income distributed on June 30, 1942, and without exclusion of that part of the 1942 income distributable on June 30, 1943. Assuming that the income distributable on June 30, 1942, is not to be reduced under the trust instrument and State law by the amount of tax paid by the trust with respect to the 1941 income included in such distribution, the trust will be allowed a deduction in computing its tax for 1942 of the whole $1,200 which becomes payable on June 30, 1942, and which is included in the beneficiary's income for 1942. Thus, for 1942 the trust will pay no income tax and the beneficiary will include $1,200 in computing his net income.

Example (2). An estate which came into being on January 1, 1941, accumulates the income received (as is allowed under the local law) until June 30, 1942, at which time the executor distributes $6,000 of income to the residuary legatee. The balance of the accumulated income becomes payable under the local law on December 31, 1942, the date the administration of the estate is terminated, and a final distribution of $18,000 of income is then made to the residuary legatee. It is established that the estate, which was on a cash basis, received net income, which it accumulated during the administration of the estate, at the rate of $1,000 a month, but in making the distributions to the residuary legatee the executor did not attempt to identify such distributions with the income received during any particular period during the administration of the estate. Upon such facts, for the taxable year 1942, the distribution on June 30, 1942, of $6,000 will be presumed to be a distribution out of the most recently accumulated income of the estate, that is, for the first six months of 1942, and the final distribution of $18,000 on December 31, 1942, will be considered a distribution out of the income for the entire period of administration, of which the last 12 months is the calendar year 1942 and the most recently accumulated income is the $6,000 for the last six months of 1942. Accordingly, for 1942 the estate will take a deduction of $12,000 and the legatee will include the same amount (out of the total of $24,000 received) in his income, by reason of the

distributions on June 30 and December 31, 1942.

Example (3). Under the terms of the will of X, who died in 1940, after payment of expenses and specific bequests, the residue of his estate (which will include the undistributed income for the period of administration) is to be divided into two equal shares and one of such shares is to be paid over to his widow and the other such share is to be paid over to a testamentary trust for the benefit of his children. During the period of administration, the estate makes its returns on the calendar year basis. The administration of the estate is terminated on June 30, 1942, at which date equal shares of the principal and the income (which under the local law first became payable at such date) are transferred in accordance with the terms of the will to the widow and to a trust established as of such date. With the application of section 162 (d) (2) the widow and the trust will each include in their income tax returns filed for their first taxable years ending on or after June 30, 1942, one-half of the income of the estate for the 12 months preceding June 30, 1942. This distribution will include the income of the estate for the last six months of 1941 upon which the estate may already have paid tax for 1941, but such income may, if under the local law the Federal income tax is a charge against such income, be reduced by the amount of Federal income tax attributable to such income and paid for 1941 by the estate. The return of the estate for 1942 will show a deduction of the amount of the income for the 12 months preceding June 30, 1942, which is includible in the income of the widow and the testamentary trust.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-2054]

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for coals produced at certain mines in District No. 2.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 322.23 (*General prices*) is amended by adding thereto Supplement R, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final August 10, 1943.

Dated: July 17, 1943.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 2 and for other relief.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines; for change of the names of code member producers to H. J. Christy; Crawford-Whyel Coal Co. (Donald B. Whyel); Joseph E. Gross, (Beacon Fuel Co.); Pointvue Coal Company; John W. Provance; Taylor Coal Co. (Edwin J. Taylor); and E. J. Howard and Eugene P. (E. J. Howard); for the change of mine names to Crawford Whyel #1; Ward #6; and Provance #2 and to add to page 37 of Price Schedule No. 1 the following Mine Index Numbers in Group No. 2, 1788; in Group No. 7, 2145, 2311, 2382, 2496, 2731; in Group No. 8, 2342; in Group No. 20, 2494; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R-II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final on August 10, 1943, unless it shall otherwise be ordered.

Dated: July 19, 1943.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 323.6 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 323.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final on August 10, 1943, unless it shall otherwise be ordered.

Dated: July 16, 1943.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

MEMORANDUM OPINION AND ORDER

Memorandum opinion and order of the director in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

On June 7, 1943, after notice and hearing, W. A. Cuff, a duly designated Examiner of the Bituminous Coal Division, filed a report in which he found that the temporary price classifications and minimum prices heretofore granted by order, dated January 24, 1942, 7 F.R. 1001, and extended by order, dated March 25, 1942, 7 F.R. 2405, for the coals produced by the Red Jacket No. 9 Mine (Mine Index No. 5246) of the Red Jacket Coal Corporation, located in Wyoming County in Subdistrict No. 5 (Logan), in District 8, should be terminated and that price classifications and minimum prices should be established for the coals produced by this mine, as therein provided. The Examiner recommended that an order be entered amending the Schedules of Effective Minimum Prices for District No. 8 For All Shipments Except Truck and For Truck Shipments in conformity therewith.

An opportunity to file exceptions to the Report of the Examiner was afforded all interested parties. As of the date hereof no such exceptions have been filed.

I have considered the entire record in this proceeding, including the Report of the Examiner, and I find that the Examiner's proposed findings and conclusions are adequate and accurate and that his recommendation should be followed. Accordingly, I have concluded to approve and adopt the proposed findings of fact and conclusions of law of the Examiner as the findings of fact and conclusions of law of the Director.

Upon the basis of the entire record in this proceeding, and pursuant to section 4 II (d) and other provisions of the Bituminous Coal Act of 1937,

It is hereby ordered, That the proposed findings of fact and the proposed conclusions of law of the Examiner are approved and adopted as the findings of fact and the conclusions of law of the Director;

It is further ordered, That the temporary price classifications and minimum prices heretofore granted by order, dated

January 24, 1942, 7 F.R. 1001, and extended by order, dated March 25, 1942, 7 F.R. 2405, for the coals produced by the Red Jacket No. 9 Mine (Mine Index No. 5246) of the Red Jacket Coal Corporation, located in Wyoming County of Subdistrict No. 5 (Logan) in District 8, is hereby terminated.

It is further ordered, That § 328.11 (*Alphabetical list of code members*) and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedules of Effective Minimum Prices For District No. 8 For All Shipments Except Truck and For Truck Shipments are hereby amended by establishing price classifications and minimum prices for the coals produced by the Red Jacket No. 9 Mine (Mine Index No. 5246) of the Red Jacket Coal Corporation, located in Wyoming County of Subdistrict No. 5 (Logan) in District 8, in accordance with supplements R and T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: July 15, 1943.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplements T–I and T–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final on August 10, 1943, unless it shall otherwise be ordered.

Dated: July 19, 1943.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice Chairman

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176.

PART 962—IRON AND STEEL

[Supplementary Order M-21-g as Amended July 27, 1943]

HEAT-RESISTANT CHROMIUM OR CHROMIUM-NICKEL ALLOY IRON AND ALLOY STEEL

§ 962.8 *Supplementary Order M–21–g*—(a) *Restrictions on certain uses of chromium and chromium-nickel iron and steel alloys for heat resistant purposes.* Except pursuant to specific authorization or direction of the War Production Board, from and after July 2, 1942:

(1) No person shall melt, process, fabricate or deliver any heat resistant chromium or chromium-nickel alloy iron or alloy steel for the uses set forth in Schedule A with a higher chromium and/or nickel content than specifically authorized in Schedule A;

(2) No person, in placing an order for heat resistant chromium or chromium-nickel alloy iron or alloy steel for the uses set forth in Schedule A, shall specify temperature requirements beyond those necessary to maintain operations then engaged in; and

(3) No person, in redesigning or rebuilding any equipment, or parts therefor, for the uses set forth in Schedule A, shall increase the weight of the heat resistant chromium or chromium-nickel alloy iron or alloy steel in any unit to an amount greater than 10% of the weight of such iron or steel contained in the original design of such unit.

(b) *Exception for Army, Navy, and Maritime Commission orders.* The restrictions imposed by paragraph (a) shall not apply in the case of materials or equipment to be purchased by or for the account of the Army or Navy of the United States, or the United States Maritime Commission, or to be physically incorporated into materials or equipment to be so purchased, to the extent that the use of heat resistant chromium or chromium-nickel alloy iron or alloy steel is required by the specifications (including performance specifications) of the Army or Navy of the United States, or the United States Maritime Commission applicable to the contract, subcontract, or purchase order.

(c) *Other exceptions.* The restrictions imposed by paragraph (a) shall not apply to:

(1) Materials fully fabricated on July 2, 1942:

(2) Materials to be melted, processed, fabricated or delivered pursuant to a contract made prior to July 2, 1942 where it would not be practicable to change specifications to conform to the provisions of this order: *Provided*, That delivery of such materials under such contract shall be completed on or before August 31, 1942; and

(3) Any industrial instrument, instrument connection, instrument end, control valve, safety valve, or regulator, as defined by Conservation Order L–134, as amended from time to time, to the extent that the use of heat resistant chromium or chromium-nickel alloy iron or alloy steel is permitted by such order.

(d) *General restrictions.* (1) No person shall melt, process, fabricate or deliver any heat resistant chromium or chromium-nickel alloy iron or alloy steel to or for the account of any person for the uses set forth in Schedule A if he knows or has reason to believe that such material will be sold or used in violation of the terms of this order or any other or further order or direction of the War Production Board.

(2) A person melting, processing, fabricating or delivering any heat resistant chromium or chromium-nickel alloy iron or alloy steel for the uses set forth in Schedule A, may rely on the statement of his customer that such material will not be sold or used except in compliance with this order and any other or further order or direction, which statement shall be endorsed in the following form, signed by an official duly authorized for such purpose, on every purchase order for such material:

The undersigned certifies to the seller and to the War Production Board that the material ordered herein will not be sold or used in violation of the terms of Supplementary Order M–21–g or any other or further order or direction of the War Production Board.

Such statement shall be a representation to the War Production Board and shall be preserved by the seller for a period of at least two years.

(e) *Applicability of other orders.* Insofar as any other order of the War Production Board may have the effect of limiting or curtailing to a greater extent than herein provided, the use of any material, the limitations of such other order shall be observed.

(f) *Appeal.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him may apply to the War Production Board, Steel Division, Washington 25, D. C., Ref.: M–21–g, setting forth the pertinent facts, and the reasons he considers he is entitled to relief. The War Production Board may thereupon take such action as it deems appropriate.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 27th day of July 1943.

Recording Secretary.

SCHEDULE A. *Restrictions on certain uses of chromium and chromium-nickel iron and steel alloys for heat resistant purposes*

PART I—PARTS FOR, OR EQUIPMENT USED IN, INDUSTRIAL, HEAT TREATING OR OTHER METALLURGICAL FURNACES

NOTE:—Part 1 amended July 27, 1943.

Analysis	Max. Cr. %	Max. Ni. %	Max. Ni. Plus Cr. %	Uses
A	None	None	None	1. For all uses where temperatures are below 900° F. 2. For non-integral furnace parts and accessories, operating at temperatures between 900° F. and 1,200° F. 3. For pots for molten baths, such as lead or salts, operating at temperatures below 1,400° F.
B	6	0	6	1. For integral furnace parts and those mechanical parts subject to substantially uniform heating and mechanical loading, operating at temperatures between 900° F. and 1,200° F. 2. PART III—PARTS FOR POWER PLANT EQUIPMENT

Analysis	Max. Cr. %	Max. Ni. %	Max. Ni. Plus Cr. %	Uses
A	None	None	None	1. For economizer supports and sleeves. 2. For boiler dampers. 3. For all stoker parts. 4. For soot blowers, operating at temperatures below 1600° F. 5. For seal plates, wall castings and door liners. 6. Tubing for feed water heaters.
C	18	8	26	1. For that part of chemical feed pipe connections inside the boiler drum.
D	27	9	36	1. For soot blowers, operating at temperatures above 1600° F.
E	25	12	37	1. For super-heater supports, clamps and baffles, operating at temperatures between 1300° F. and 1600° F. 2. For boiler non-pressure parts exposed to direct furnace temperatures o. over 1600° F
F	25	20	45	1. For super-heater supports, clamps and baffles, operating at temperatures above 1600° F. 2. For fuel burners—oil, gas and coal where parts are directly exposed to furnace temperatures.
H	15	65	80	1. For fuel burner impeller plates ⅛" in thickness.

NOTE: With the exception of Analysis A, an addition of 2% in content of Chromium and 2% in content of nickel in the analyses designated in this Schedule A is permissible to allow for the use of scrap and for variations in melting and laboratory procedures. For example: In the case of Analysis C (18% Cr.—8% Ni.) up to 20% chromium and 10% nickel is permissible.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–373]

BENJAMIN J. LANDIS

Benjamin J. Landis, Philadelphia, Pennsylvania, is engaged in the sale of plumbing and heating supplies.

Subsequent to May 20, 1942, the respondent sold and delivered approximately 95,000 feet of copper tubing on orders which did not bear a preference rating of A–1–k or higher. The respondent admitted delivering 6,000 feet of copper tubing on orders bearing no preference ratings whatever. These deliveries constituted a violation of paragraph (d) of General Preference Order M–9–a, as amended May 7, 1942. Subsequent to April 1, 1942, he fabricated copper and copper base alloy products into hot water heaters, pipe tube, tubing and fittings therefor. This constituted a violation of General Limitation Order L–42, Schedule 7, as amended May 6, 1942.

As a result of having been engaged in the plumbing and heating supply business for over twenty-five years, and of the wide publicity regarding the scarcity of copper and the restrictions placed on its sale and manufacture, Benjamin J. Landis must be considered as having known of the restrictions affecting his business. His actions have hampered and impeded the war effort of the United States by diverting scarce materials to uses not authorized by the War Production Board. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.373 *Suspension Order No. S–373.* (a) Deliveries of material to Benjamin J. Landis, his successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference ratings shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to Benjamin J. Landis, his successors or assigns, of any material, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Benjamin J. Landis, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on July 27, 1943 and expire on September 27, 1943, after which latter date it shall have no further force or effect.

Issued this 20th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–376]

T. G. M'KIMMIE

T. G. McKimmie, of Ben Avon, Pennsylvania, is engaged in business as a building contractor. On or about July 7, 1942, he began construction, as defined in Conservation Order L–41, on a residence located at 705 Evergreen Road, Millvale, Pennsylvania, at an estimated cost in excess of $500, in violation of said order. On or about October 10, 1942, the said McKimmie began construction on a dwelling located at 123 Grant Avenue, Millvale, Pennsylvania, at an estimated cost in excess of $200, in violation of Conservation Order L–41, as amended September 2, 1942. At the times aforesaid T. G. McKimmie was, or should have been, familiar with the provisions of Conservation Order L–41, and its amendment, and these violations were wilful.

These violations of Conservation Order L–41 have hampered and impeded the war effort of the United States by diverting scarce materials to uses prohibited by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.376 *Suspension Order No. S–376.* (a) Deliveries of material or equipment to T. G. McKimmie, his successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such delivery by any preference rating certificate, preference rating order, general preference order, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to T. G. McKimmie, his successors or assigns, of any material, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve T. G. McKimmie, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on July 27, 1943, and shall expire on September 27, 1943.

Issued this 20th day of July 1943.

Recording Secretary.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–381]

THE PHOTO PROCESS ENGRAVING CO.

The Photo Process Engraving Company is a Georgia corporation, engaged in the engraving of copper and zinc plates at 119½ Luckie Street NW., Atlanta, Georgia. Plates made by the respondent are used for the reproduction of news, periodicals and school annuals. During the first quarter of 1942, respondent consumed 6,261 pounds of copper in excess of its quota, and in the last quarter of 1942, 538 pounds of copper in excess of its quota, in violation of Conservation Order M–9–c. Respondent, prior to the above violations, had in its possession a copy of Conservation Order M–9–c, an order of the War Production Board curtailing the use of copper on certain items and thereby was put on notice that the use of copper was subject to the orders of the War Production Board. Hence, respondent's actions must be deemed to constitute wilful violations of Conservation Order M–9–c. These wilful violations of Conservation Order M–9–c have diverted scarce materials to uses not authorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.381 *Suspension Order No. S–381.* (a) Respondent's quota of copper for each of the calendar quarters beginning July 1, 1943, shall be reduced by 3,399 pounds, which amount represents one-half of its total over-consumption of copper during the first and fourth quarters of 1942, unless respondent is hereafter specifically authorized in writing by the War Production Board to consume additional copper.

(b) Nothing contained in this order shall be deemed to relieve Photo Process Engraving Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on issuance, and shall expire December 31, 1943.

Issued this 27th day of July 1943.

Recording Secretary.

PART 1038—GRAPHITE

[Supplementary Order M–61–a]

GRAPHITE CRUCIBLE SIMPLIFICATION

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of graphite for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1038.2 *Supplementary Order M–61–a*—(a) *Purpose of order.* This order prohibits the manufacture of certain sizes of standard crucibles and prohibits the manufacture of all other crucibles of size and shape other than those now being made.

(b) *Definition.* For the purposes of this order, a "standard graphite crucible" means any crucible made from any type or grade of graphite, and which is known in the trade as being of standard shape and of standard size. All other graphite crucibles are referred to as special crucibles.

(c) *Limitation on manufacture.* (1) No person shall mold or shape any standard graphite crucibles of the sizes listed in Schedule A annexed hereto. Nothing contained in this order, however, shall prevent a person from delivering, or accepting delivery of, any graphite crucibles which had been molded or shaped prior to the 27th day of July, 1943.

(2) No person shall mold or shape any special crucibles of size or shape other than those which had been molded or shaped by such person prior to the 27th day of July, 1943.

(d) *Appeals.* Appeals from provisions of this order shall be made by filing a letter in triplicate stating fully the grounds for the appeal.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any Department or Agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(f) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to War Production Board, Mica-Graphite Division, Washington 25, D. C., Ref.: M–61–a.

Issued this 27th day of July 1943.

PART 1044—CADMIUM

[Conservation Order M–65–a as Amended July 27, 1943]

Whereas, national defense requirements have created a shortage of cadmium for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited as hereinafter provided: *Now, therefore, it is hereby ordered*, That:

§ 1044.2 *Conservation Order M–65–a*—(a) *Prohibition on use of cadmium in articles appearing on List A.* No person shall use any cadmium in the production of any item on List A.

(b) *Limits on all other uses of cadmium.* No person shall use any cadmium in the production of any articles not covered by paragraph (c) of this order.

(c) *General exception.* Where and to the extent the use of any less scarce material is impracticable, the prohibitions, limitations and restrictions contained in paragraphs (a) and (b) shall not apply to the use of cadmium in the manufacture of any item, or for any of the uses, set forth on List B attached, or which is being produced:

(1) For delivery under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of cadmium to the extent employed is required by the specifications of the prime contract, or

(2) To comply with underwriters regulations or safety regulations issued under Governmental authority, provided the pertinent provisions of such regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of cadmium to the extent employed; or

(3) [Revoked July 27, 1943.]

(d) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver cadmium to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of cadmium (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of such raw, semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of cadmium products by this order.

(f) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, (Part 944) as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(2) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of cadmium conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense work to defense work, may appeal to the War Production Board, Washington, D. C., setting forth the pertinent facts and the reason he considers he is entitled to relief. The War Production Board may thereupon take such action as it deems appropriate.

(3) *Addressing of communications.* All applications, statements, or other communications filed pursuant to this order or concerning the subject matter hereof should be addressed to the War Production Board, Ref.: M–65–a, Washington 25, D. C.

(4) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to January 17, 1942, or pursuant to a contract supported by a preference rating. Insofar as any other order of the War Production Board may have the effect of limiting or curtailing to a greater extent than herein provided, the use of cadmium in the production of any article, the limitations of such other order shall be observed.

(5) *Violations or false statements.* Any person who violates this order, or who wilfully falsifies any records which he is required to keep by the terms of this order, or by the War Production Board, or who otherwise wilfully furnishes false information to the War Production Board may be deprived of priorities assistance or may be prohibited by the War Production Board from obtaining any further deliveries of materials subject to allocation. The War Production Board may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(6) *Definitions.* For the purposes of this order:

(i) "Cadmium" means the following in any forms suitable for industrial use:

(*a*) Metallic cadmium in such forms as anodes, balls, cakes, discs, foil, ingots, moss, pencils, pigs, plates, powder, rods, sheets, shot, slabs, sticks, strips, wire or other refined shapes; or

(*b*) Any cadmium-containing chemical compound, salt or mixture, including cadmium-bearing materials such as oxides or other forms available for electro-plating purposes; or

(*c*) Any scrap, residues, dross, alloys, or other materials containing commercially recognized amounts of cadmium, or metal or compounds produced therefrom.

(ii) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(iii) "Manufacture" means to fabricate, assemble, mix or process in any other way, but does not include installation of a finished product for the ultimate consumer.

(iv) "Item" means any article or any component part thereof.

(v) "Use" means both (1) the act of putting cadmium into process in the manufacture of any item and (2) the act of completing the manufacture of any such item.

(vi) "Put into process" means the first change by a manufacturer in the form of material from that form in which it is received by him.

(7) *Effective date.* This order shall take effect January 17, 1942, and shall continue in effect until revoked by the War Production Board.

Issued this 27th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST A

NOTE: "Pigments • • •" added July 27, 1943.

The use of cadmium in the items listed below and in all component parts thereof is prohibited except to the extent permitted by the foregoing conservation order.

Automotive, trailer, and tractor equipment:
- Bearings.
- Fasteners.
- Fittings and trim.
- Hardware.
- Lamps, all kinds.
- Hub and gas-tank caps.
- Mouldings.
- Plating for decorative uses.

Building supplies and hardware:
- Air conditioning equipment (except where cadmium plating is essential to the proper functioning of the parts).
- Builders' finish hardware.
- Conduits.
- Hardware.
- Lighting fixtures.
- Ornamental metal work.
- Plating for decorative purposes.
- Screens and screening.
- Springs.
- Staples and fasteners.
- Window fixtures.

Home furnishings and equipment:
- Decorative hardware.
- Furniture, all kinds.
- Furniture hardware or plating.
- Hardware.
- Plating for decorative purposes.
- Portable heaters.
- Stoves and ranges (except valves and controls).
- Tableware.
- Upholsterers' supplies, including nails and tacks.
- Utensils, all kinds.
- Washing tubs and machines.

Textile equipment:
- Bobbin rings.
- Truck fittings, all kinds.
- Plating non-essential to fabrication of fabrics.

Pigments, except for use in the following:
- Luminescent paints for military use.
- Luminescent printing inks for military use.
- Luminescent paper for military use.
- Luminescent plastics for military use.
- Artists' colors.
- Signal and illuminating glassware for safety, religious, and industrial use only.
- Thermometer tubing.
- Thermosetting plastic buttons for military use.
- Dental rubber.
- Rubber sea buoys.

Miscellaneous:
- All plating primarily for decorative purposes.
- Beauty parlor equipment and barber shop supplies.
- Beverage dispensing units and parts thereof.
- Bicycles, motorcycles, and similar vehicles.
- Casket handles and trim.
- Electrical fittings (except where cadmium plating is essential because of corrosive action or to the proper functioning of the parts).
- Fire fighting apparatus (except where cadmium plating is essential to the proper functioning of the parts).
- Hardware.
- Harness fittings.
- Ladders and fittings.
- Livestock and poultry equipment.
- Luggage fittings.
- Metal containers.
- Name, identification, and medal plates.
- Pole-line hardware.
- Radios, commercial sets.
- Reflectors.
- Shoe nails.
- Slot, game, and vending machines.
- Stationery supplies, desk accessories, and office supplies.
- Saddlery hardware.

LIST B

NOTE: "Chemicals • • •" amended July 27, 1943.

The uses, and the items listed below, and parts thereof, are excepted from the prohibitions and restrictions contained in paragraphs (a) and (c) of the foregoing conservation order, but only to the extent indicated below and only to the extent that the use of any less scarce material is impractical.

Chemicals, except for use as pigments prohibited by List A.

Electrical fittings and contacts to the extent that corrosive action or the proper functioning of the parts makes the use of any other material impractical.

Electroplating of heddles and pin boards used in textile plants to the extent that corrosive action makes the use of any other material impractical.

Fusible alloys used in fire protection systems and electrical fuses, to the extent that any other material is impractical.

Measuring, recording and control instruments, systems or equipment for use in industrial processes, such as pyrometers, thermometers, flow meters, pressure gauges, gas analyzers and their associated control valves.

Solders to the extent that they cannot be replaced by other solders not containing cadmium.

PART 1075—CONSTRUCTION

[Conservation Order L-41, as Amended July 27, 1943]

§ 1075.1 *Conservation Order L-41*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Construction" means the erection, construction, reconstruction, restoration, or remodeling of any structure or project, or additions thereto or extensions or alterations thereof, but not including:

(i) "Maintenance and repair" as defined in paragraph (a) (12);

(ii) The excavation or other movement of earth where no material except earth or other unprocessed material is to be incorporated.

(3) "Residental construction" means any construction where the principal designed function of the structure or project is or will be to provide living space or accommodations.

(4) "Multiple residential construction" means any residential construction where the principal designed function of the structure or project is or will be to provide living space or accommodations for six or more families, or which is divided or to be divided into six or more suites.

(5) "Agricultural construction" means any construction, (other than residential construction), where the principal designed function of the structure or project is or will be the production of agricultural products including, but not limited to, those produced by farmers, planters, ranchmen, dairymen, poultrymen, or nut or fruit growers.

(6) "Industrial construction" means any construction where the principal designed function of the structure or project is or will be the manufacture, processing or assembling of goods or materials.

(7) "Other restricted construction" means any construction, other than residential, multiple residential, agricultural, or industrial construction, including, but not limited to, commercial, highway, roadway, sub-surface, railroad, and utilities construction, whether publicly or privately financed.

(8) "Project" means all separate structures or units of construction situated in close proximity to each other and integrated to serve a single general use; it does not mean a particular construction operation or job. In no case shall a single structure or unit of construction be subdivided into more than one project for the purpose of this order.

(9) "Begin construction" means to initiate construction, or to resume construction which has not been carried on as one continuous construction job, by physically incorporating or installing into a structure or project on the site, material which is to be an integral part of the structure or project.

(10) "Cost" shall be the sum of the total cost or value, whichever is higher, of the following (except as qualified in (a) (11) below):

(i) Material which is to be an integral part of the structure or project, including articles, chattels, or fixtures which are to be physically incorporated in and used as a part of the structure or project, or are to be so substantially affixed thereto that they cannot be detached without materially injuring them or the structure or project;

(ii) Labor engaged in the construction;

(iii) Architects', engineers' and contractors' services.

(11) "Cost" does not include the following:

(i) The value of used material, articles, chattels or fixtures which have been severed from the same or another structure or project and are to be used without change in ownership, nor the cost or value of labor engaged in incorporating the same;

(ii) The cost or value of production machinery or equipment to be used directly in the manufacturing, processing or assembling of goods or materials;

(iii) The value of labor, not entailing financial outlay, of an owner or tenant and members of the owner's or tenant's immediate family residing with him, on a structure or project owned or leased by him.

(12) "Maintenance and repair" means such work as is necessary to keep a structure or project in sound working condition, or to rehabilitate a structure or project or any portion thereof when the same has been rendered unsafe or unfit for service by wear and tear or other similar causes. The term does not include any building operation or job where a structural alteration or change in design is to be made. However, different materials may be used and different types of articles, chattels or fixtures (but of the same general nature) may be incorporated, provided that there are no such structural alterations or changes in design. No building operation or job may be part construction and part maintenance and repair, as the terms are used herein, but if any construction is to be done, the entire building operation or job is construction. Maintenance and repair does not include the reconstruction or restoration of a structure or project or portion thereof destroyed by fire, flood, tornado, earthquake, act of God or the public enemy.

(b) *Prohibited construction.* (1) No person shall begin construction, carry on any construction begun in violation of any order in the L-41 series, cause such construction to be begun or carried on or participate in such construction, or order, purchase, accept delivery of, withdraw from inventory or in any other manner secure or use material for such purposes.

(2) The terms and restrictions of (b) (1) shall not apply where the construction is of:

(i) A structure or project to be the property of the Army or Navy of the United States, the United States Maritime Commission, Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, or the Office of Scientific Research and Development;

(ii) A structure or project which is to be used directly in the discovery, development or depletion of mineral deposits;

(iii) A type subject to the provisions of any order in the M-68 series (Part 1047) relating to the production and distribution of petroleum, or is of a type subject to the provisions of any Petroleum Administrative Order (Chapter XIII); and such construction is permitted only to the extent authorized by the applicable order in the M-68 series or by the applicable Petroleum Administrative Order;

(iv) Telephone and telegraph facilities or equipment, other than buildings, and is authorized or permitted under the terms of Order U-2 (§ 4501.1) or Order U-6 (§ 4501.21);

(v) Railroad tracks, together with necessary operating facilities, but not including buildings, tunnels, overpasses, underpasses, or bridges;

(vi) Facilities other than buildings to be owned by a producer, as defined in Order U-1 (§ 4501.1), pertaining to utilities, or in Order P-141 (§ 3209.1), pertaining to public sanitary sewage facilities, which are to be used directly in providing one or more of the services set forth in paragraph (a) (1) of said Order U-1, or in paragraph (a) (1) of said Order P-141;

(vii) Irrigation pipe lines or drainage tile drains, classified as agricultural construction under this order, in which no materials except earth or other unprocessed material or clay or non-reinforced concrete tile not more than 12 inches in internal diameter are incorporated.

(viii) Agricultural construction necessary to the installation of material or equipment, the distribution of which is controlled by Order L-170 (§ 1029.10) or orders in the M-21 series (Part 962), and which are listed in Schedule 1 of Food Production Order 3 of the United States Department of Agriculture.

(ix) A structure or project for which no material will be used to provide electric, gas, water, or steam services for the incorporation of which specific authorization is required under orders in the U series (unless such authorization has been received before construction was begun), provided it is

(*a*) Residential construction and not multiple residential construction, or is specifically listed on Schedule B attached hereto, and the estimated cost of construction is less than $200; or

(*b*) Multiple residential, agricultural or other restricted construction, is not specifically listed on Schedule B, and the estimated cost of construction is less than $1,000; or

(*c*) Industrial construction, is not specifically listed on Schedule B, and the estimated cost of construction is less than $5,000; or

(*d*) The minimum construction necessary to make safe and to protect any structure or project (or the contents thereof) damaged or destroyed by fire, flood, tornado, earthquake, act of God or the public enemy; or

(*e*) Agricultural construction, and the immediate construction thereof is determined by the United States Department of Agriculture in accordance with such administrative procedures as may be from time to time prescribed to be necessary to avert threatened loss of farm products: *Provided*, That within two weeks of such determination Form PD-200 is filed in accordance with the provisions of paragraph (f) of this section.

(3) The terms and restrictions of (b) (1) shall not apply where the construction is to reconstruct or restore:

(i) Residential or multiple residential construction damaged or destroyed by fire, flood, tornado, earthquake, act of God or the public enemy, or to build in its place and stead new residential or multiple residential construction: *Provided, however*, That the estimated cost of such reconstruction, restoration, or new construction shall be less than $5,000, and that within two weeks of such damage or destruction Form PD-105 (for residential) or Form PD-200 (for multiple residential) is filed in accordance with the provisions of paragraph (f) of this section;

(ii) Agricultural construction damaged or destroyed by fire, flood, tornado, earthquake, act of God or the public enemy where the immediate reconstruction thereof is determined by the United States Department of Agriculture, in accordance with such administrative procedures as may be from time to time prescribed, to be essential to the agricultural program: *Provided*, That within two weeks of such damage or destruction Form PD-200 is filed in accordance with the provisions of paragraph (f) of this section;

(iii) Industrial or other restricted construction, not specifically listed on Schedule B, damaged or destroyed by fire, flood, tornado, earthquake, act of God or the public enemy, where the immediate reconstruction thereof is necessary for the prosecution of the war or the protection of public health or safety: *Provided*, That within five days of the damage or destruction notice thereof is given by telegraph to the War Production Board setting forth (*a*) the cause of the damage or destruction, (*b*) the function of the structure or project which has been damaged or destroyed, (*c*) the type of construction, (*d*) why immediate reconstruction or restoration is necessary, and (*e*) the estimated cost of reconstruction: *And provided further*, That within two weeks of the giving of such telegraphic notice, Form PD-200 is filed in accordance with the provisions of paragraph (f) of this section.

Nothing contained in this subparagraph (3) shall be interpreted as a commitment that priorities assistance will be accorded to any particular construction authorized by the provisions of this subparagraph and the War Production Board may at any time either order said construction to cease or require any

modification thereof that seems to it to be proper.

(4) The terms and restrictions of (b) (1) shall not apply where the construction has been or is hereafter authorized by the Director of Priorities of the Office of Production Management or by the War Production Board by the issuance of:

(i) One of the preference rating orders or certificates listed on Schedule A attached hereto, as that schedule may be amended from time to time, according priorities assistance to the construction; or

(ii) An order specifically authorizing the construction.

(5) The exceptions set forth in paragraphs (b) (2) (ix) (*a*), (b) (2) (ix) (*b*), and (b) (2) (ix) (c) shall not be construed to authorize separate or successive construction operations commencing after September 6, 1942, the aggregate cost of which over any continuous twelve-month period exceeds the amount specified in the applicable paragraph for the particular structure or project; not including in said aggregate cost the cost of any construction thereon during said period authorized under the provisions of paragraph (b) (2) (ix) (*d*), (b) (2) (ix) (*e*), (b) (3) and (b) (4).

(c) *Prohibited deliveries.* No person shall accept an order for, sell, deliver, or cause to be delivered material which he knows, or has reason to believe, will be used in violation of the terms of this order.

(d) *Further construction limitations.* Nothing in this order shall be construed to authorize the use or delivery of any material, or the application or extension of any preference rating, in violation of the provisions of any conservation, limitation or other order or regulation heretofore or hereafter issued by the Director of Priorities, Office of Production Management, or by the War Production Board.

(e) *Orders or certificates not constituting authorization.* The assignment of a preference rating by a PD–1, PD–1A, or other certificate, or by any order, other than those listed on Schedule A, shall not constitute authorization to begin construction.

(f) *Application for authority to begin construction.* (1) The application forms prescribed by paragraphs (f) (2) and (f) (3) hereof shall be executed by the person who is or is to be the owner of the structure or project for which authorization is required by the terms of this order, or his duly authorized agent.

(2) If the applicant requires priorities assistance for the proposed construction, an application shall be made for the appropriate preference rating order or certificate listed on Schedule A on the form referred to therein.

(3) Where the applicant does not require priorities assistance, application for specific authorization to begin construction referred to in paragraph (b) (4) (ii) hereof may be made by filing Form PD–200, or such other forms as may hereafter be prescribed. Such forms are to be filed in the manner prescribed on Schedule A for the filing of applications for Preference Rating Order P–19–h.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining any further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Communications.* Applications, communications and reports under this order shall, unless otherwise directed in Schedule A or by specific instructions be addressed to: War Production Board, Washington, 25, D. C., Ref.: L–41.

Those relating to residential construction shall in addition be conspicuously marked "Res.", those relating to multiple residential construction "M. R.", those relating to agricultural construction "Agr.", those relating to industrial construction "Ind.", and those relating to other restricted construction "O. R."

This order, as hereby amended the 26th day of April 1943 shall supersede all orders, amendments and interpretations in the L–41 series heretofore issued, except the following: L–41–a, L–41–b and its interpretation issued November 6, 1942, L–41–c, L–41–d and Interpretation 1 to L–41 issued February 19, 1943. (NOTE: Paragraph (e) of said Interpretation 1 is revoked by L–41–d).

Issued this 27th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

NOTE: Entire schedule amended July 27, 1943.

The following preference rating orders and certificates are listed pursuant to paragraph (b) (4) (i) of the above order. A general description of the type of construction covered by each, the appropriate application form and where such form should be filed, are given solely for purposes of identification.

SCHEDULE B

The following structures or projects are listed pursuant to paragraphs (b) (2) (ix) and (b) (3) (iii) of the above order:

(a) A structure or project which has as its principal designed function:

(1) Public or private amusement, entertainment or recreation, with the exception of playgrounds for children;

(2) Occupancy by not more than five establishments selling or dispensing goods, merchandise, food or drink, or providing services:

(3) Use as a club, lodge, fraternity or sorority house, association, auditorium or assembly hall;

(4) Manufacture, processing or assembling of any one or more of the following:

(i) Athletic supplies, sporting goods, or toys or games as defined in Order L–81.

(ii) Beverages, except milk,

(iii) Books, magazines, newspapers, greeting cards, or other printed or engraved matter,

(iv) Candy or chewing gum,

(v) Cigars, cigarettes, smoking or chewing tobacco or snuff,

(vi) Jewelry, watches, traveling bags, brushes, razors, pipes and like articles for personal use or adornment,

(vii) Furniture, silverware, china, household electrical appliances, draperies, and all other similar articles,

(viii) Musical instruments,

(ix) Stationery or office supplies,

(x) Toiletries or cosmetic products as defined in Order L–171,

(xi) Wearing apparel of every sort, nature or description, except for the Army or Navy;

(b) Industrial construction with a productive floor area of less than 10,000 square feet.

INTERPRETATION 1

(a) Paragraph (a) of Conservation Order No. L–41, as amended, places in different classes the construction of various structures or projects, and paragraph (b) (2) (ix) provides the limits within which the several classes of construction may be begun without authorization. Any structure shall be classified in accordance with such provisions unless it constitutes a part of a "project" as defined in paragraph (a) (8), in which event the classification of the project shall control.

(b) In connection with paragraphs (a) (3), (a) (4), (a) (5) (a) (6), and (a) (7), where part of a structure or project falls within one class under said order and other parts within another or other classes, the predominant designed use shall determine the classification of the whole structure or project.

(c) In connection with paragraphs (a) (5) and (a) (7), a structure to be used primarily for the storage of farm products which are produced by a person other than the proprietor of such structure shall be interpreted to be "other restricted construction."

(d) "Construction" as defined in paragraph (a) (2) includes the laying of asphalt tile, linotile, cork tile, rubber tile, and linoleum, if the same is cemented to or in any way is affixed to the construction.

(e) [Revoked by L–41–d, April 16, 1943.]

PART 1151—TUBES

[Limitation Order L–76 as Amended July 27, 1943 [1]]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron or steel and other critical materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1151.1 *General Limitation Order L–76*—(a) *Definitions.* For the purposes of this order:

(1) "Tube" means any device consisting of an evacuated enclosure containing a number of electrodes between two or more of which conduction of electricity through the vacuum or contained gas may take place.

[1] The purpose of this amended order is to delete Type 5Y3G from List A.

(2) "Manufacture" means the sealing in and the exhausting of the mount tube assemblies.

(3) "Producer" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not, engaged in the production of tubes.

(4) "Tube type number" means either those designations given in the commercial and technical literature of producers of tubes, or those designations given by the Tube Division of the Radio Manufacturers Association of America, for each specific type of tube.

(5) "Preferred order" means any specific order, contract or subcontract for the manufacture of tubes for the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, any foreign country pursuant to the Act of March 11 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or any order bearing a preference rating of AA–1.

(b) *General restrictions.* (1) From April 24, 1942, no producer shall manufacture any tubes of the type listed in List A as amended from time to time.

(2) The restrictions contained in subparagraph (1) of this paragraph shall not apply to preferred orders.

(c) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(f) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(g) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Washington 25, D. C. Ref.: L–76.

(h) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

Issued this 27th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT [1]

[General Limitation Order L-298 as Amended July 27, 1943]

RESISTANCE WELDING EQUIPMENT

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain materials and facilities used in the manufacture of resistance welding equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1226.107 [1] *General Limitation Order L-298*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Resistance welding" means that process for the localized consolidation or joining of metals under pressure and heat, wherein the heat is generated within the metallic parts to be consolidated or joined by the resistance of those parts to the passage of an electric current.

(3) "Resistance welding equipment" means equipment manufactured for use in the operation of joining metals by the resistance welding process and includes resistance welding machines, resistance welding controls, and resistance welding electrodes.

(4) "Manufacturer" means any person engaged in the business of producing, fabricating or assembling resistance welding equipment, and shall include sales and distribution outlets owned by any such person.

(5) "Dealer" means any person engaged in the business of purchasing resistance welding equipment for resale.

(6) "Order" means any commitment or other arrangement for the delivery of resistance welding equipment whether by purchase, lease, rental or otherwise.

(7) "Army, Navy, Maritime Commission or War Shipping Administration" does not include any privately operated plant or shipyard financed by, or controlled by, any of those agencies or operated on a cost-plus-fixed-fee basis.

(8) "Used resistance welding equipment" means resistance welding equipment that has been delivered to an ultimate consumer.

(b) *Operations reports.* Each manufacturer shall, on or before the 15th day of each month, commencing with the month of August, 1943, file with the War Production Board an operations report on Form WPB-2830, showing orders for new and rebuilt resistance welding equipment and repair parts unfilled, received, shipped and cancelled during the preceding month, in accordance with instructions accompanying the form: *Provided*, That this paragraph (b) shall not apply to orders for electrical circuit breakers or indicating or recording apparatus used with resistance welding equipment, or repair parts for such circuit breakers or indicating or recording apparatus.

(c) *Authorization of purchase orders required.* (1) On and after July 27, 1943, no manufacturer or dealer shall accept an order for, or deliver any new resistance welding equipment unless the order or delivery is specifically authorized by the War Production Board on Form WPB-2752. Application for an authorization, and for a preference rating if none has been previously assigned, is to be made by the purchaser by filing Form WPB-2752, in duplicate, with the War Production Board as explained in the instructions which accompany the form. The delivery restrictions of this paragraph (c) (1) do not apply to orders received prior to July 27, 1943.

(2) The provisions of paragraph (c) (1) shall not apply to (i) any order of $200 or less for resistance welding equipment; (ii) any order for resistance welding electrodes; (iii) any order for resistance welding equipment for direct use by the Army, Navy, Maritime Commission or War Shipping Administration or for incorporation in or attachment to any resistance welding equipment to be used directly by such agencies; (iv) any order bearing a preference rating assigned under Preference Rating Order P-19-h; *Provided* That, notwithstanding paragraph (g) (4) of Priorities Regulation 3, the certificate applying or extending such rating shall state the source of the rating; or (v) any order placed by a manufacturer of, or dealer in, resistance welding equipment.

(d) *Registration of idle equipment.* (1) Whenever any used resistance welding equipment (other than portable gun welders and resistance welding electrodes) has been idle for a period of ninety (90) consecutive days ending on or after July 12, 1943, without having had its ownership changed, the owner of the equipment shall register it, within thirty (30) days after the ninety (90) day period, by filing Form WPB-2732 with the War Production Board. For the purpose of this subparagraph (d) (1) used resistance welding equipment shall be deemed to be idle for a period of ninety (90) consecutive days unless, during any such period, it has been employed for welding operations for more than one hundred twenty (120) hours in the aggregate.

(2) Within five (5) days after any used resistance welding equipment registered under paragraph (d) (1) has been sold, the seller shall register such change of status by filing with the War Production Board Form WPB-2732 as explained in the instructions which accompany the form.

(e) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time, except as otherwise expressly provided herein.

(2) *Reporting provisions.* The reporting requirements of paragraphs (b) and (d) and the form of application prescribed in paragraph (c) have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Appeals.* Any appeals from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(5) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, General Industrial Equipment Division, Washington 25, D. C., Ref.: L-298.

Issued this 27th day of July 1943.

PART 3253—LUGGAGE

[General Limitation Order L-284 as Amended July 27, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials for making luggage for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3253.1 *General Limitation Order L-284*—(a) *Definitions.* For the purpose of this order:

(1) "Luggage" means a container of the type used for the transportation of personal effects on a journey, and includes (without limitation of the foregoing) the following: animal carriers, army lockers, bellows and extension cases, Boston bags, bottle cases, carryalls, cosmetic cases, duffel, sport and furlough bags, fitted cases, gladstone cases, hat boxes, hat and shoe boxes, jackknife cases, kit bags, over-night or week-end cases, physician's bags, picnic cases, pullman cases, pullman tray cases, salesmen's sample cases, secretary cases, shoe cases, suit cases, travelling bags, vanity cases, victoria cases, women's and men's wardrobe cases, trunks of all types, and all other products that are sold and known as luggage in the trade.

(2) "Base period" means the twelve months ended December 31, 1941.

(3) "Cattle hide leather" means leather or rawhide produced from the hides or skins of bulls, steers, cows and buffaloes, whether native or branded, foreign or domestic, including calf and kipskins.

(4) "Military order" means an order for luggage to be delivered to the Army or Navy of the United States (excluding post exchanges and ship's service stores), United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics and the Office of Scientific Research and Development.

(5) "Post exchanges" means United States Army post exchanges and United States Marine Corps post exchanges.

(6) "Ship's service stores" means the stores maintained by the United States Navy Ship Service Department.

(7) "Factory sales" means the net dollar volume of factory sales, excluding taxes, of luggage, as above defined, including sales (whether or not on rated orders) to post exchanges and ship's service stores but excluding sales under military orders as above defined.

(8) "Design and construction" of luggage means the make-up of the luggage in every detail, so that any two pieces of luggage of the same design and construction are necessarily identical, except in quality and color of material utilized.

(b) *Restrictions on manufacturing*—(1) *Limitations on construction.* (i) After June 30, 1943, no person shall produce any luggage except in conformity with the restrictions contained in Schedule I, annexed; and

(ii) After April 30, 1943, no person shall cut or otherwise put into process any material for the manufacture of any animal carriers, bellows and extension cases, bottle cases, cosmetic cases, fitted cases, gladstone cases, hat boxes, hat and shoe boxes, jackknife cases, kit bags, picnic cases, secretary cases, shoe cases, vanity cases, victoria cases, women's wardrobe cases or wardrobe trunks of any type: *Provided, however,* That no person shall be deemed to be in violation of this paragraph (b) (1) (ii) in cutting material in his inventory on April 30, 1943, if used only in connection with fabricated or semi-fabricated parts in his inventory on said date and if the luggage into which such material is incorporated is completed prior to July 1, 1943.

(2) *Limitation on quantity produced.* No manufacturer shall produce or sell during any calendar semi-annual period, beginning July 1, 1943, a greater net dollar volume of luggage (including luggage sold by him for less than $1.50) than that shown for his class on the following list:

Class factory sales during the base period	Factory sales permitted during any calendar semi-annual period	Rate of production on annual basis
		Percent
$750,000 or more	25% of base period volume	50
Between $250,000 and $750,000	30% of base period volume	60
Between $25,000 and $250,000	35% of base period volume	70
Less than $25,000	43% of base period volume	86

Provided, however, That nothing in this paragraph[a](b) (2) shall prevent any manufacturer from making factory sales up to $1,000 per month or from producing luggage within such dollar volume.

And provided further, That the quota of each manufacturer shall be increased by an amount equal to 40% of the net dollar volume of any luggage delivered by him to post exchanges or ship's service stores. Such increase shall be effective during the calendar quarter following the quarter in which delivery was made.

(3) *Application to military and post exchange orders.* The restrictions in this paragraph (b) shall apply to all luggage (including that produced for post exchanges or ship's service stores, whether or not on rated orders) except luggage produced under specific military orders, as above defined.

(c) *Restrictions on sales, deliveries and inventories*—(1) No manufacturer or dealer shall sell or deliver any luggage which he knows or has reason to believe was manufactured in violation of this order.

(2) No manufacturer shall accept delivery of any item of material to be incorporated into luggage if by reason of such delivery such manufacturer's inventories of such item will be in excess of his minimum practicable working requirements, or in any event in excess of his requirements for the next 120 days.

(d) *Applicability of regulations.* This order and all transactions affected thereby are subject to all regulations of the War Production Board, as amended from time to time, except paragraph (d) of Priorities Regulation 17, which shall be inapplicable to luggage.

(e) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provisions appealed from and stating fully the grounds of the appeal.

(f) *Communications to the War Production Board.* All reports, applications, forms, or communications required under or referred to in this order, and all communications concerning this order, shall unless otherwise directed be addressed to the War Production Board, Textile, Clothing & Leather Division, Washington 25, D. C., Ref.: L-284.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 27th day of July, 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I

(a) *Limitation of types and styles.* (1) Subject to paragraph (a) (3) below, all items shall be of the following types and within the following maximum outside length:

Type	*Maximum outside length (Inches)*
Furlough bag	20
Over-night case	21
Pullman case (empty)	26
Tray pullman case	29
Men's wardrobe	24
Men's week-end	21
Foot locker	31
Physician's bag	18
Sample cases and sample trunks	Unlimited

(2) Except with respect to sample cases and sample trunks, no manufacturer shall in any calendar year produce within each type mentioned above more than two price lines, i. e., either one style in two price lines or two styles in one price line each. For this purpose "style" shall refer to the design and construction of the luggage, including its size, but not to the quality or color of the material utilized.

(3) The restrictions in this paragraph (a) regarding dimensions and number of styles and price lines shall not apply to items of luggage sold by a manufacturer for less than $1.50 or to items produced by manufacturers whose factory sales have not in any prior calendar month (subsequent to May, 1943) exceeded $1,000.

(b) *Limitation on use of materials.* (1) None of the following materials shall be used in making luggage:

(i) Parts containing iron or steel, other than locks, bolts, dowels, handle dee rings, handle posts, valances, valance clamps, binding corner clips, men's wardrobe hanger brackets, foot locker corners, foot locker bindings, snap fasteners, buckles, hinges, rivets, screws, nails, tacks, washers, burrs, or other small hardware for essential joinings. No stainless steel may, however, be used in any of these parts.

(ii) Any slide fasteners.

(iii) Parts containing copper, zinc, aluminum, or copper, zinc or aluminum alloys.

(iv) Leather, except:

(*a*) Sheepskin, pigskin, sealskin, walrus, sharkskin or alligator leather.

(*b*) Vegetable tanned cattle hide leather under 3½ ounces in weight.

(*c*) Scrap cattle hide leather, or

(*d*) Vegetable tanned bag, case and strap cattle hide leather bellies under 7 ounces in weight.

Any of the foregoing may be used for handles, attaching handle pieces, welts, bindings, corners, closures but for no other purpose.

(2) In no event shall more iron, steel, or leather be used than is essential to perform a functional purpose. The functional uses for handle loops, leather straps, leather corners and leather bindings shall be limited as follows:

(i) Leather handle loops shall consist of necessary attaching pieces only and shall not include extended strips for design or decorative purposes.

(ii) Leather straps shall be used for essential closure means only and shall not include extended or long straps.

(iii) Leather corners shall be used for essential reinforcements for the top or bottom, or both, of a case or bag only and shall not include wing-tip corners or over-sized corners for design or decorative purposes.

(iv) Leather bindings shall be used for essential reinforcements and shall not exceed 1¾" width before attachment.

PART 3269—OILS FOR PROTECTIVE COATINGS

[Conservation Order M-332 as Amended July 27, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of oils for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3269.1 *Conservation Order M-332*—(a) *Definitions.* (1) "Oils" means all the raw, crude, refined, and pressed oils, whether vegetable, animal, fish, or other marine animal, excepting mineral oil and tall oil.

(2) "Linseed oil" means the oil, crushed, pressed or otherwise extracted from flaxseed, whether raw, bodied or otherwise processed. The term includes linseed oil blended with other oils, whatever the proportion of linseed oil used.

(3) "Fish oil" means the oil produced by the reduction of the whole or any part, including the offal of the sardine, pilchard, and menhaden, whether raw, bodied or otherwise processed. The term includes fish oil blended with other oils, whatever the proportion of fish oil used.

(4) "Manufacturer" means a person who uses oils in the manufacture of any other product, but does not include a painter, householder or other person who uses oils as a reducer for paint or varnish.

(5) "Processor" means any person who blends, bodies or otherwise processes linseed oil or fish oil.

(6) "Crusher" means any person who presses, expels or extracts linseed oil from flaxseed or who presses, expels or extracts fish oil from the sardine, pilchard or menhaden.

(7) "Wholesaler" means a person who buys linseed or fish oil from a crusher or processor and without further processing resells such oils to manufacturers or retailers.

(8) "Retailer" is any person who sells linseed oil or fish oil to the ultimate consumer.

(b) *Restrictions on use.* (1) On and after July 1, 1943, no manufacturer shall use in the production of any of the following products more pounds of oils per gallon of such product than the following:

	Pound
Class #1—Flats including interior emulsion paints	1.2
Class #2—Gloss and semi-gloss paints and interior trim enamels	1.75
Class #3—Interior floor enamels and combination interior-exterior floor enamels, interior household enamel and combination interior-exterior enamels, machinery enamels	2.3
Class #4—Wall primers and undercoats	2.00
Class # 5—Interior varnishes and combination interior-exterior varnishes	2.3
Class # 6—Exterior paints	3.75
Class # 7—Structural steel finishes, interior-exterior	3.75
Class # 8—Exterior enamels and exterior varnishes (sold exclusively for exterior work)	3.25
Class # 9—Emulsion paints for exterior purposes	1.5
Class # 10—Mill whites for industrial maintenance	2.5

For the purposes of this paragraph (b) (1), all oils shall be considered interchangeable.

(2) The provisions of paragraph (b) (1) are not applicable to the use of oils in the manufacture of paints, varnishes and lacquers delivered or to be delivered to, or used on or incorporated in material and equipment delivered or to be delivered to, the Army, Navy, Marine Corps, or Coast Guard of the United States, the United States Maritime Commission or the War Shipping Administration, or delivered pursuant to the Act of March 11, 1941 (Lend-Lease Act), or for the military, naval or maritime requirements of the United Nations where the manufacturer claiming exemption receives from the Director of Food Distribution, War Food Administration, specific exemption pursuant to paragraph (b) (5) (iii) of Food Distribution Order No. 42 with respect to such use.

(c) *Restrictions on deliveries.* (1) On and after July 1, 1943, no crusher, processor, manufacturer or wholesaler, shall deliver to any other person linseed oil or fish oil having a non-volatile content of more than seventy per cent (70%), by weight.

(2) The restrictions of paragraph (c) (1) shall not apply to:

(i) Deliveries to another crusher, processor, manufacturer or wholesaler.

(ii) Deliveries for medicinal or pharmaceutical purposes or for human or animal consumption.

(iii) Deliveries of linseed oil or fish oil packaged in containers of one pint or less.

(iv) Deliveries by any person of linseed oil or fish oil which on July 1, 1943, and at the time of the delivery was packaged in unopened five-gallon cans or smaller containers and was on both of these dates owned by the person making delivery.

(v) Deliveries by any person of boiled linseed oil which on July 1, 1943, and at the time of delivery was packaged in 55-gallon drums or smaller containers and was on both such dates owned by him

(vi) Deliveries by any wholesaler of raw linseed oil (in no case in a quantity exceeding 1375 gallons) which on July 1, 1943, was packaged in unopened drums or containers having a capacity of more than 8 gallons but not more than 55 gallons and was on both such dates either owned by him or in his possession on consignment from a crusher or processor.

(vii) Deliveries to the Army, Navy, Marine Corps or Coast Guard of the United States, the United States Maritime Commission, the War Shipping Administration, or pursuant to the Act of March 11, 1941 (Lend-Lease Act), or deliveries of such linseed oil or fish oil to be used on or incorporated in material and equipment delivered or to be delivered to the services or agencies mentioned in this subdivision (vii) or pursuant to the Act of March 11, 1941 (Lend-Lease Act).

(3) No person shall deliver or sell any material represented to be "linseed replacement oil" unless such material meets the requirements of Federal Specification TT-O-371.

(d) *Other orders.* The restrictions herein set forth are in addition to those imposed by Food Distribution Order No. 42 and such other orders as have been or may be issued by the War Food Administration with respect to oils.

(e) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of War Production Board, as amended from time to time.

(2) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provisions appealed from and stating fully the grounds of the appeal.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington 25, D. C. Ref.: M-332.

Issued this 27th day of July 1943.

Chapter XI—Office of Price Administration

PART 1361—FARM EQUIPMENT

[MPR 133,[1] Amdt. 5]

RETAIL PRICES FOR FARM EQUIPMENT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 133 is amended in the following respects:

1. Section 1361.3 (a) (2) is amended to read as follows:

(2) Actual transportation costs paid by the dealer for shipment of the item of farm equipment from the factory to the dealer, less any allowances or rebates on transportation costs received by the dealer.

2. Section 1361.3 (b) is amended to read as follows:

(b) *New parts with suggested retail prices.* The maximum price applicable to the sale by any retail dealer of any new farm equipment part for which the manufacturer has issued a suggested retail price shall be the suggested retail price plus actual transportation costs paid by the dealer for shipment of the part from the factory to the dealer, less any allowances or rebates on transportation costs received by the dealer, plus the manufacturer's or wholesale distributor's handling charge paid by the dealer if not included in the manufacturer's or wholesale distributor's charge for transportation, plus any extra expense in connection with the sale, such as long distance telephone calls, incurred at the request of the purchaser.

This amendment shall become effective July 31, 1943.

Appendix A—What garments are covered by this regulation.
Appendix B—Suggested cost forms.

SECTION 1. *Scope of this regulation*—(a) *Kinds of garments covered.* This regulation applies to the fall and winter outerwear listed in Appendix A. These garments are broken down into groups and each group is given a "group number."

The garments covered by this regulation will be referred to hereafter as "winter garments."

(b) *Kinds of sales covered.* This regulation applies only to manufacturers' sales. A manufacturer's sale is a sale of a garment by a person: (1) who fabricated the garment; (2) who sold or consigned any of the principal materials from which the garment was fabricated; or (3) whose business is under the same ownership and control as the person who fabricated the garment. However, the regulation does not cover sales by a department which sells principally to individual consumers. "Department" means a division, selling establishment or affiliate which employs separate facilities and has customarily kept accounts separate from other parts of the business.

Example 1. S Company, a fabricator of winter garments, owns a retail outlet which keeps its accounts separate from those of the factory.

Sales by the retail outlet are not "manufacturers' sales," and thus are not covered by this regulation.

Example 2. Y, a chain store organization which sells at retail, owns a winter garment factory. Accounts for the stores are kept separately from those for the factory.

Retail sales by Y's stores are not "manufacturers' sales," and thus are not covered by this regulation.

Example 3. Z, a mail order house which sells at retail, consigned to P, an independent contractor, materials from which certain winter garments were fabricated by P and sold back to Z. Z's accounts are kept separate from those of P.

Retail sales by Z's stores of the finished garment are not "manufacturers' sales," and thus are not covered by this regulation.

(c) *Kinds of sales not covered.* This regulation excludes sales which are not manufacturers' sales as explained above. In other words, it does not cover sales of the following kinds: (1) sales made by a retailer or wholesaler who is not the manufacturer of the goods sold; (2) sales by a manufacturer, if made through a department which sells principally to individual consumers.

SEC. 2. *How a seller calculates his maximum prices under this regulation.* (a) You are a seller under this regulation if you are a manufacturer of winter garments. In order to find your maximum prices, you must find your general division factor for 1943 (see section 3). If you sold to more than one class of trade in 1942, you must adjust this factor to obtain class division factors (see section 4). Once you have found your division

factors, you will not be required to figure them again, for the same factors are used in calculating the maximum prices for all winter garments.

If during 1942 you manufactured winter garments in one or more departments, which used separate manufacturing facilities and customarily kept sales and cost records separate from other parts of the business, each of these departments is considered a separate seller, and you must find a general division factor for each department.

(b) You find the maximum price for each winter garment (per unit or per dozen) by dividing the direct cost of the garment, calculated according to section 5, by the division factor you are required to use. If you sold to only one class of trade in 1942, you must use your general division factor; if you sold to different classes of trade in 1942, you must use your class division factors.

(c) If the price found by making the calculations in (b) is higher than the limit on maximum prices described in section 6, then your maximum price must not exceed this limit.

(d) If you do not have records for the entire 1942 fiscal year, or are otherwise unable to figure your maximum price under this regulation, you should disregard paragraphs (a), (b) and (c) above, and figure your prices under section 7.

SEC. 3. *How a seller finds his general division factor.* The "general division factor" is a figure which indicates what part of a garment's selling price is represented by direct cost. If you know, for example, that the general division factor for a garment is .80 and you also know that the garment's direct costs are $40.00 it is not difficult to find the selling price. By merely dividing .80 into $40.00, you get your selling price, $50.00. (Notice that your mark-up over selling price in this case is .20. The mark-up over selling price is always the difference between the division factor and 1.00. Consequently, the bigger the division factor, the smaller the mark-up, and vice-versa.)

The form below (Form A) and the instructions give you specific directions how to calculate a general division factor, based upon your own past experience, for all the garments you are pricing. From your 1942 profit and loss statement, you can find your 1942 division factor (and mark-up) for your business as a whole. The division factor for 1943 (and therefore the 1943 mark-up) is the same as the 1942 division factor, except that the 1942 division factor is increased (and thus the 1942 mark-up is reduced) by the amount that the 1942 profit margin exceeds a normal profit margin. The normal profit margin is a percentage on sales which gives you an opportunity to equal your 1941 dollar net profit. However, a "floor" of .025 is put on this percentage so as to protect those whose earnings in 1941 were particularly low, and a "ceiling" of .05 is also put on the percentage to prevent the prices of those with exceptionally high 1941 earnings from piercing the general price level of March 1942. The figures for the floor and ceiling were reached after a careful study of the 1941 earnings of representative firms in the industry, and of March 1942 price levels.

Two copies of Form A should be filed with your district or state office of the Office of Price Administration on or before August 11, 1943. You must keep an additional copy as a record. On and after August 26, 1943, you must not sell or deliver any garments covered by this regulation at prices which exceed 110% of the direct cost of the garment until you file this form with the district or state office and receive acknowledgment of its filing ("direct cost" is explained in section 5).

If you have filed Form A and then find that it was incorrect, you may file two signed copies of an amended form setting forth the inaccuracies in the original form and the reasons therefor. Until you have received an acknowledgment from the Office of Price Administration of the receipt of this amended form, however, you must use as your division factor either the factor authorized by section 3, properly applied, or that listed in the original form, whichever affords the lower mark-up.

Instructions for Form A

(Each instruction goes with the item in the form which has the same number as the instruction.)

Instruction Number

1. From the profit and loss statement for the fiscal year 1942 and such other records as may be required, find your total dollar net sales (gross sales minus returns, allowances, discounts). 1942 fiscal year means the period which you used for Federal income tax purposes in 1942.
   If, in addition to your manufacturing establishment, you had a separate department which sold principally to individual consumers, the sales figure for garments transferred to this unit is the value at which they were transferred rather than the amount for which they were resold.
2. From the profit and loss statement used for instruction (1) and such other records as may be required, find the total direct cost incurred in manufacturing during the period covered by the profit and loss statement. "Direct cost" means the cost of materials trimmings and direct labor. Direct labor includes only those operations described in section 5 (a).
4. From the profit and loss statement used for Federal income tax purposes in 1942, find the dollar net profit before Federal income taxes on total sales.
6. From the profit and loss statement used for Federal income tax purposes in 1941, find the dollar net profit before Federal income taxes on total sales. If you were not in business during an entire 1941 fiscal year, skip directly to item 8 and enter .025.

SEC. 4. *How to find and to use class division factors*—(a) *How to adjust the general division factor to obtain class division factors.* If you sold winter garments at different prices to different classes of trade in 1942, the general division factor which you calculated under section 3 must be adjusted to obtain "class division factors" ("class of trade" is defined in Instructions 2–3 which supplement the form below). If this adjustment were not made and the general division factor were used for all sales, you would have the same maximum price to all your customers. In order to have price differentials between buyers, as you have had in the past, you must use different division factors.

The form below (Form B) and the instructions give you specific directions for calculating class division factors. These division factors, when applied to the direct costs for each garment, will assure you maximum prices for that garment which differ by approximately the same percent as did your prices to different classes of buyers in 1942. Moreover, by using each class division factor for the same proportion of your 1943 sales as you did in 1942, you will realize the same mark-up over direct cost on your business as a whole as if you had used only the general division factor.

The method by which the general division factor is adjusted to obtain class division factors was carefully designed to give great weight to the experience of each individual firm on the basis of its available records. After grouping your customers into two classes, you find, from your 1942 sales records, the percent of sales made to each class. Then you take those garments which were sold to both classes in 1942 and find the percent by which the 1942 price of these numbers to Class II purchasers exceeded the 1942 price to Class I purchasers. If those numbers were only part of your entire 1942 volume, you will take 10% as the differential on the rest of your sales, and find a general average. The final step in figuring class division factors merely involves using this general average, the sales percentage figures, and the general division factor in the calculations indicated by lines 21 to 24 of Form B.

Two copies of Form B should be filed with your district or state office of the Office of Price Administration on or before August 11, 1943. Keep an additional copy for your own use. On and after August 26, 1943, until you file this form with the district or state office and receive acknowledgment of its filing, you must not sell or deliver any garments covered by this regulation at prices which exceed 110% of the direct cost of the garment ("direct cost" is explained in Sec. 5).

If you have filed Form B and then find that it was incorrect, you may file two signed copies of an amended form setting forth the inaccuracies in the original form and the reasons therefor. Until you have received an acknowledgment from the Office of Price Administration of the receipt of this amended form, however, you must use as your class division factor either those authorized by section 4, properly applied, or those listed in the original form, whichever would result in the lower prices.

Instructions for Form B

(Each instruction goes with the item in the form which has the same number or letter as the instruction.)

Instruction Number

1. 1942 refers to the same period as used in section 3. But notice that here you use only your sales of winter garments, not your total sales.

2–3. You must group your 1942 customers into two classes. Those who customarily bought at or below the price to wholesalers will be called Class I purchasers, and all other customers will be called Class II purchasers. A wholesaler is one who buys a commodity and resells it, without substantially changing its form, to any person other than an ultimate consumer. Each class constitutes a class of trade.

6–15. List the ten best selling garments which were sold to both classes in 1942. You may list more than ten if you desire, in which case you may list more than one number on a line. If ten numbers were not sold to both classes in 1942, list all of the numbers which were so sold.

b–c The prices to Class II and Class I purchasers to be listed are the maximum prices established under section 3.5 of Revised Supplementary Regulation No. 14 (formerly § 1499.73 (a) (37) under Amendment 49 to Supplementary Regulation No. 14 to the General Maximum Price Regulation) less all discounts available to the purchaser

e. 1942 refers to the same period as used in line 1. The sales figures to be listed are the total net sales of the number to both classes.

(b) *Restriction on use of the class division factors.* The maximum price for each garment found by using the Class I division factor is called the Class I ceiling, and any sale made at or below this price is considered a sale at a Class I price. Similarly, the maximum price for each garment found by using the Class II division factor is called the Class II ceiling, and any sale made at or below this price (but higher than the Class I ceiling) is considered a sale at a Class II price.

Any buyer may be sold at either Class I or Class II prices. But the proportion of garments delivered at Class II prices after the effective date of this regulation must not exceed the percent of sales made to Class II purchasers in 1942. If, at the end of year 1943 fiscal year, the proportion of garments delivered after the effective date of the regulation at Class II prices is greater than this figure, you have sold goods at higher than your ceiling price to the extent of the excess, and will be liable to civil and criminal penalties accordingly.

The foregoing provision permits you to make the same proportion of sales to large volume buyers and to small volume buyers in 1943 as you did in 1942, at approximately the same differential in price as prevailed between these buyers in 1942. However, your 1943 proportion of sales to each type of buyer is not frozen at the 1942 proportion. You may make a greater proportion of sales to large volume buyers in 1943 than you did in 1942, and vice versa. But any excess

sales to small volume buyers who normally would be charged more than large volume buyers must be made at Class I rather than at Class II prices.

For convenience in complying with this requirement, it is suggested that you keep a current record of deliveries at Class I and Class II prices made after the effective date of the regulation, in this form:

Date	Dollar volume of deliveries at class II prices	Dollar volume of deliveries at class I prices	All deliveries

At the end of each month, you should total deliveries at Class II prices, and all deliveries. You should then divide the former total by the latter. If the proportion of deliveries at Class II prices exceeds the proportion of 1942 sales to Class II purchasers, your Class I ceilings should become your ceilings for all deliveries until the 1943 proportion of deliveries at Class II prices equals the 1942 per cent of sales to Class II purchasers. At the end of the next month the same rule should apply, and so on, until the end of the fiscal year. The 1942 percent of sales to Class II purchasers has already been found in Section 4 (a), line 5.

SEC. 5. *How a seller calculates the direct costs of the garment being priced*—(a) *What "direct cost" includes.* The direct cost of each winter garment shall be the total of material, trimming and direct labor costs. Costs incurred in producing features which are prohibited by the War Production Board or any other agency of the United States government at the time the garment is fabricated must not be included in calculating its direct cost.

"Direct labor" means all labor operations performed in processing or assembling the garment or the materials which become parts of it. Examples of such operations are: "cutting", including piling, marking, and separating, but not pattern making or pattern grading; "sewing" and other operations performing the same purpose, such as stapling and riveting; "pressing"; "factory examining of garments"; and "put up", including folding and packaging for storage, but not crating or wrapping for shipment.

The following are not direct labor: make-up and overtime; indirect labor, such as foremen, floormen, supervisory examination of garments, repairing and maintenance personnel, designers, sample room employees, porters, watchmen, piece goods clerks, buyers, receiving room employees, clerical employees, shipping room employees; overhead cost, such as unemployment insurance, social security, pension contribution, contributions to welfare funds, health or accident insurance, workmen's compensation, and any present or future tax upon or measured by wages; and overhead and profit allowance of contractors, if used. A seller who uses a contractor must request the contractor to furnish all data he needs to figure the actual direct labor cost of the garment, and the contractor must furnish the data so requested.

(b) *Estimated direct costs.* For taking future orders at fixed prices before garments are completed, you may figure your maximum prices on the basis of estimated direct cost. You must keep a record of the estimated direct cost of each garment and enter in it the calculations used in making the estimate. The suggested cost record forms in Appendix B may be used to record this estimate. Before a garment is delivered under any order, you must determine its actual direct cost, and if this cost is below the estimated direct cost, as entered on your cost record, by more than 3%, the maximum price must be re-figured on the basis of the actual direct cost.

If orders are taken at prices which may be adjusted upward on the basis of actual costs, the maximum price must be figured on the basis of actual direct costs, without the 3% tolerance.

The paragraphs below contain instructions for calculating the actual direct costs of a garment.

(c) *How to find actual material costs.* You must calculate the actual material cost of a garment in the following manner:

Step 1. Find the number of feet or yards of material used in the cutting which produced the garment being priced. Consider as a cutting a group of garments of the same style that are put into production as one lot. Garments may be in the same cutting even though the size of the lot requires the fabric to be physically cut in two or more lays.

Step 2. From invoices, find the actual cost of the material used in the cutting.

(1) Actual cost is the amount paid for material. In calculating this amount you must use the same accounting methods as you used in calculating your 1942 direct costs for line 2 of Form A (in Section 3). For example, if in calculating this percent you figured materials cost on a gross basis, you must continue to do so in calculating current material cost; but if you deducted discounts before, you must deduct discounts now. If, however, you figure your cost on a gross basis and the amount of your discount has been increased, you must adjust your gross invoice price to bring your current discount into line with your past discounts. Similarly, incoming transportation may be added to material cost if it was considered part of material cost in making your calculations for line 2 of Form A.

(2) If the actual price paid for material is higher than the price which the regulations of the Office of Price Administration permit your source of supply to charge, at the time of cutting, you use the legal maximum price rather than the actual cost.

(3) Any amount charged or expense established by means of or resulting from a fictitious sale, fictitious billing or fictitious valuation of materials shall not be included in the cost.

Step 3. Find the actual material cost of a garment by dividing the total cost of the materials used in the cutting (found in Step 2) by the number of garments cut in that cutting.

(d) *How to find actual trimming cost.* The instructions for calculating actual material costs shall apply also to the calculation of trimming costs. No trimming that does not become a component part of the garment shall be included as part of trimming cost.

NOTE: At the end of each cutting a record, similar to Form D in Appendix B, must be made of the material and trimming costs of the garment cut.

(e) *How to find actual direct labor cost*—(1) *Piece-work operations.* For operations compensated on a piece-work basis, cost must be figured on the basis of piece-work rates in effect on September 15, 1942.

(2) *Time operations.* For operations on a time basis, costs are figured in the manner indicated below. Whenever wage rates used in the calculation have been increased over those in effect on September 15, 1942, downward adjustments must be made so that cost figures reflect wage rates in effect on that date.

You will note that the instructions below require a comparison between your pay roll for each time operation during a specified period and the number of garments on which that operation was completed during that period. If your records require you may group all your garments together. If possible, however, you must segregate your garments by "group", by style, or otherwise.

For example, if your records show how much of your cutters' pay roll goes into mackinaws, you can segregate mackinaws from your other garments. If your records show how much of your cutters' pay roll goes into mackinaws in the $20–$30 range, you can segregate them from your other mackinaws. If your records show how much of your cutters' pay roll goes into plaids, you can segregate plaids from solids.

(i) *Existing models.* For garments which were completed before July 1, 1943, or which are identical with garments completed before July 1, 1943, you find the cost of each time operation by dividing your pay roll for the operation during the period from January 1 to July 1, 1943, by the number of garments on which that operation was completed during that period.

(ii) *New models.* For all other garments you have a choice of two rules. Select the one which will work better for your business and then use it for all garments.

Rule 1: Use as the cost of each time operation the cost of that time operation found under subdivision (i), above. If you segregated your subdivision (i) costs by group number, or price line, or style, use the most comparable basis for your new model.

For example, if under subdivision (i) you segregated your mackinaws from your jackets, you use for your new mackinaws the mackinaw cost which you found under subdivision (i).

Rule 2: Find the cost of each time operation on each new model by dividing (*a*) your pay roll for the operation during the period in which the operation on the model was being performed by (*b*) the total number of garments on which the operation was completed during that period.

For example: A mackinaw manufacturer's cutters worked on one new model for three weeks. During that three-week period they cut 1000 garments, including that model. His cutting cost is calculated by dividing his cutters' pay roll for three weeks by 1000.

NOTE: Before a garment is delivered, a record, similar to Form E in Appendix B, must be made of its actual direct labor cost, calculated as above.

SEC. 6. *Limit on maximum prices*—(a) *How the limit operates.* On and after the effective date of this regulation, you must not sell or deliver a garment for more than your highest price line for the group to which it belongs. (Groups of garments are listed in Appendix A). Even though the price of a garment, if calculated from its direct cost and your division factor, would be more than your highest price line, the garment's maximum price cannot exceed this limit.

Example: Y Company, which sold to only one class of trade in 1942, has a highest price line of $30 per dozen for men's mackinaw coats. Its general division factor is .80. It now produces two kinds of men's mackinaws, the first having a direct cost of $20, the other a direct cost of $25. Using its division factor, it finds a ceiling price of $25 for the first kind, and a price of $31.25 for the second kind. The first kind, of course, may be sold at $25, but because of the limit on maximum prices, the ceiling price for the second kind cannot be higher than $30, regardless of its cost.

(b) *What is a "highest price line".* Your "highest price line" is a figure which represents the highest price for each group of garments consistent with your course of business in 1942. It will be a different figure for each group of garments and also, if you have separate class division factors, for each class price. For example, you might have highest price lines of $30 for men's mackinaws sold at Class I prices, and $36.00 for men's mackinaws sold at Class II prices; or $15 for boys' leather jackets sold at Class I prices, and $18 for boys' leather jackets sold at Class II prices, and so forth. You will find your highest price lines in one of the following ways, depending on your dealings in these groups of garments in 1942.

(1) *If you delivered garments in a particular group during 1942, and you do not have separate class division factors:* Your highest price line for this group is the highest price at which you delivered any garment of the group during 1942 (excluding, of course, any delivery made in excess of the ceiling price in effect at the time). You must prepare by September 6, 1943, and thereafter preserve a list of the groups of garments, setting opposite each group number the highest price line for this group.

(2) *If you delivered garments in a particular group during 1942, and you have separate class division factors:* Your highest price lines for this group are the highest prices at which you delivered garments of the group during 1942 (excluding, of course, any delivery made in excess of the ceiling price in effect at the time), adjusted to reflect your differential between classes of trade. You find the highest price lines for this group by filling out the form below (Form C) in accordance with the instructions listed under the form. The form is divided into two parts—the upper part is blank and the lower part contains figures. The figures in the lower part are merely for the purpose of illustration. You must fill in the blank part by September 6, 1943. Moreover, you must preserve a copy of this Form C as a record.

FORM TO BE USED IN FINDING HIGHEST PRICE LINES BY SELLERS WITH SEPARATE CLASS DIVISION FACTORS

*In the examples, it is assumed that the seller's percentage ratio of his class II price to his class I price is 1.15.

Column No.:

1. *"Group No."* List the number of the group to which the garment being priced belongs. (Groups of garments, and group numbers, are listed in Appendix A).
2. *"Actual highest price to Class I purchasers."* List the highest price at which a garment in this group was actually delivered to a Class I purchaser in 1942.
3. *"Actual highest price to Class II purchasers."* List the highest price at which a garment in this group was actually delivered to a Class II purchaser in 1942.
4. Divide the entry in Col. 3 by the "percentage ratio of your Class II price to your Class I price" (from line 20 of Form B), and enter the result. (This is the Class I price which bears a normal relation to your highest Class II price).
5. Multiply the entry in Col. 2 by the "percentage ratio of your Class II price to your Class I price" (from line 20 of Form B), and enter the result. (This is the Class II price which bears a normal relation to your highest Class I price).
6. Enter the higher of the prices found in Columns 2 and 4. (This is your Class I highest price line for garments in this group).
7. Enter the higher of the prices found in Columns 3 and 5. (This is your Class II highest price line for garments of this group).

(3) *If you did not deliver any garments in a particular group during 1942 to any class of purchaser:* In this case, you will refer to your most closely competitive seller of the same class, and will be limited by his highest price lines for this group of garments. Your most closely competitive seller is a manufacturer who (i) sells to the same class or classes of purchasers, (ii) is closely competitive in the sale of such garments, and (iii) is located nearest to you.

Example: (1) X, a seller who did not deliver any men's mackinaws during 1942 desires to do so now. Accordingly, he finds the highest price line of his most closely competitive seller of men's mackinaws. Since X did not sell to different classes of trade during 1942, and thus does not have separate class division factors, his closest competitor will also be a seller who does not have class division factors. Assume that he finds that this competitor's highest price line for men's mackinaws is $45. Then X must not sell any men's mackinaws at a price higher than $45.

(2) Y, a seller who did not deliver any men's loafer coats during 1942 desires to do so now. Since Y did sell to different classes of trade during 1942, and thus has separate class division factors, his closest competitor will also be a seller who has class division factors. Assume that he finds that this competitor's highest Class I price line for men's loafer coats is $50, and his highest Class II price is $55. Then Y must not sell any men's loafer coats at a Class I price higher than $50, nor at a Class II price higher than $55.

Moreover, you must prepare by September 16, 1943, and thereafter preserve a record which states that you did not deliver any garment in that group number during 1942 and which shows the name and address of your most closely competitive seller, and his highest price lines for that group.

SEC. 7. *How a seller who is unable to calculate his maximum prices under this regulation prices his garments*—(a) *Sellers who are not transferees.* If you do not have records for the entire 1942 fiscal year (and are not the transferee of a business, as provided in paragraph (b)), or are otherwise unable to calculate your maximum prices under this regulation, you must not sell or deliver winter garments at prices which exceed 110% of the direct cost of the garment until you have applied to the Office of Price Administration for authorization to establish maximum prices. After applying for such authorization, you may take orders at prices in excess of 110% of the direct cost of the garment, provided you stipulate that these prices are subject to downward adjustment if they

exceed the authorized maximum prices, and you do not bill for or collect in excess of 110% of the direct cost of the garment until after authorization is obtained. Three copies of an application for authorization to establish maximum prices must be filed with the Textiles, Leather and Apparel Price Division of the Office of Price Administration in Washington, D. C., setting forth the following:

(1) Applicant's name and address.

(2) Address of plant or plants where the seller intends to operate the new business.

(3) Date of commencement of business.

(4) Names of officers and three principal owners of the new business.

(5) The previous business connections of the officers and the three principal owners of the new business.

(6) A description of the kinds of winter garments desired to be sold, indicating the type of garment in accordance with the garment groups listed in the regulation.

(7) A list of the names and addresses of three or more manufacturers whose methods of operation in the applicant's opinion are most nearly like the methods of operation which the applicant intends to follow.

(8) Information with regard to the following:

(i) The type of trade to which the applicant expects the garment he manufactures to be distributed.

(ii) Proposed method of distribution—e. g., showroom sales, traveling sales and advertising, etc.

(iii) Proposed methods of manufacturing—e. g., own plant, contractor's shop, combination of both, etc.

(b) *Transfers and combinations.*—(1) If the business, assets, or stock-in-trade of any business was sold or otherwise transferred to you after the close of the 1942 fiscal year of the business, and you carry on the business, or continue to deal in the same type of commodities or services, in an establishment separate from any other establishment previously owned or operated by you, your maximum prices shall be the same as those to which your transferor would have been subject if no transfer had taken place, except as provided in paragraph (3) of this section, and the obligation to keep records sufficient to verify such prices shall be the same. The transferor must either preserve and make available, or turn over to you, all records of transactions prior to the transfer which are necessary to enable you to comply with the record provisions of this regulation.

(2) If the transfer occurred before the close of the 1942 fiscal year of the business, and after the beginning of the 1941 fiscal year, you must consolidate the records before and after the transfer and calculate your maximum prices as directed by paragraphs (a), (b) and (c) of section 2.

(3) If two or more manufacturers who were in the winter garment business during the 1942 fiscal year merge or consolidate, or have merged or consolidated after the beginning of the 1941 fiscal year and continue to operate as one, they must combine their records before and after the union and calculate maximum prices as directed by paragraphs (a), (b) and (c) of section 2.

SEC. 8. *Records and reports*—(a) *Records.* Every seller must maintain and keep available for the inspection of the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, the following records:

(1) *Cutting ticket.* A separate cutting ticket shall be prepared for each cutting of materials, which shall contain the following information: (i) the date of cutting, (ii) the manufacturer's style number of the garment, (iii) the number of garments cut, (iv) the scale of sizes cut, (v) the actual yardage used, (vi) the grade of the materials used, and the number of the invoice on which the purchase of these materials is "recorded" and (vii) the cost per yard or per foot of materials used.

(2) *Cost records.* A record must be kept of the estimated direct costs of each garment, and the calculations used to arrive at the estimate must be indicated in this record. Moreover, upon each cutting of a style of garment, a record must be prepared of the actual material and trimming cost of that garment, and a record must also be kept of the actual direct labor cost incurred in producing the garment. These records must contain at least the information indicated by the suggested forms in Appendix B.

(3) *Purchase record and invoices.* A record must be kept of all purchases of materials and trimmings, and the original invoices received from vendors or suppliers must be preserved.

(4) *Division factor forms.* A copy must be kept of the division factor forms, Forms A and B, which sections 3 and 4 require the seller to fill out. Moreover, the profit and loss statements and other records, from which the sales, costs, and profits figures used in calculating the division factors were obtained, must be preserved. Also a list must be kept of those purchasers who were considered Class I and Class II, in figuring class division factors under section 4.

(5) *Records of highest price lines.* Records of the highest price line for each garment group must be kept, as required by section 6. If you use separate class division factors, you also must preserve a copy of Form C.

(b) *Reports.* Every seller must file with the Office of Price Administration the division factor forms required by sections 3 and 4, and such other reports as the Office of Price Administration may from time to time require.

SEC. 9. *Invoices, sales slips, and receipts.* Every seller must, in connection with every sale of garments, deliver an invoice showing: (a) the date, (b) the name and address of the seller and purchaser, (c) the lot number of each of the different types of garments sold, (d) the quantities of each different style of garment sold, (e) the price contracted for or charged by the seller for each different type of garment sold, and (f) all discounts. Each type sold must be separately itemized. The seller must keep a copy of this invoice.

SEC. 10. *Prohibitions and enforcement*—(a) *Acts forbidden.* On and after the effective date of this regulation, the following acts are forbidden.

(1) *Charging more than the maximum price.* Every person is forbidden to sell or deliver any garment at a higher price than the maximum price fixed by this regulation. But no one is prohibited from charging a price below the maximum price.

(2) *Buying or receiving for more than the maximum price.* Every person is forbidden to buy or receive any garment in the course of trade or business for a higher price than the maximum price fixed by this regulation. But no person is prohibited from buying or receiving for a lower price.

(3) *Combination sales.* Every person is forbidden in the course of trade or business to make a sale of any garment which is conditioned directly or indirectly on the purchase of any other commodity or service.

(4) *Attempted violations.* Every person is forbidden to offer, solicit or attempt to do any of the acts forbidden by subparagraphs (1), (2) and (3).

(b) *Prior contracts.* The acts enumerated in paragraph (a) are forbidden regardless of any contract or other obligation. However, a contract made prior to July 26, 1943, at a fixed price (not subject to upward adjustment) which is no more than 3% over the maximum price permitted by this regulation, may be carried out at the contract price.

(c) *Discounts.* A price higher than the maximum may be stated on the invoice in order to allow for customary discounts and terms of payment, provided that the net price on the seller's customary terms is not in excess of the maximum price. However, a price above the maximum must not be stated in any case where the discount or time for payment is other than the seller has customarily offered to purchasers of the same class.

(d) *Enforcement.* Any person who does any act, or fails to do any act, in violation of this regulation is subject to the criminal penalties, civil enforcement suits, suits for treble damages and proceedings for the suspension of license provided by the Emergency Price Control Act of 1942, as amended.

SEC. 11. *Adjustable pricing.* You may sell winter garments at the maximum price permitted by this regulation, subject to an agreement with the buyer to charge a higher price if it becomes permissible at the date of delivery. Moreover, where (a) a request for a change in the applicable price is pending, (b) authorization is necessary to promote distribution or production, and (c) it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended, the Price Administrator may, upon application, grant you permission to adjust prices upon deliveries made during the pendency of the request in accordance with its disposition.

SEC. 12. *Licenses*—(a) *Licenses required.* A license, as a condition of selling, is hereby required of every manufacturer now or hereafter making a sale of a garment for which a maximum price is established by this regulation. A person whose license is suspended in proceedings under section 205 (b) (2) of the Emergency Price Control Act of 1942 shall not, during the period of suspension, sell any garment as to which his license to sell is suspended.

(b) *License granted.* Every person now or hereafter making a sale of any garment for which a maximum price is established by this regulation or by any amendment hereto is hereby granted a license as a condition of selling such garment. The provisions of this regulation shall be deemed to be incorporated in the license hereby granted, and any violation of any provision so incorporated shall be a violation of the provisions of said license. Such license shall be effective on the effective date of this regulation, and shall unless suspended in accordance with the provisions of the Emergency Price Control Act of 1942, as amended, continue in force as long as such regulation or any amendment or supplement hereto remains in effect.

SEC. 13. *Relation to other maximum price regulations, and geographical applicability*—(a) *Regulations superseded.* For manufacturers' sales of winter garments, this regulation supersedes the provisions of the General Maximum Price Regulation,[1] including section 3.5 of Revised Supplementary Regulation No. 14 (formerly § 1499.73 (a) (37)[2] under Amendment 49 to Supplementary Regulation No. 14 to the General Maximum Price Regulation). However, § 1499.7 (Federal and State taxes) of the General Maximum Price Regulation, as well as the amendments thereto, shall continue to be applicable to every person selling garments covered by this regulation.

(b) *War procurement agencies.* This regulation does not apply to sales of winter garments made according to military specifications, and sold to any war procurement agency of the United States, such sales being governed by Maximum Price Regulation 157,[3] "Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes."

(c) *Contractors' services.* Contractors' charges for the fabrication of winter garments are not governed by this regulation, but by Maximum Price Regulation 172,[4] "Charges by Contractors in Apparel Industry." The term "contractor" is defined in § 1389.52 (d) of that regulation.

(d) *Tailored garments.* This regulation does not cover "men's and boys' tailored clothing," which is defined in and governed by Maximum Price Regulation 177,[5] "Men's and Boys' Tailored Clothing."

(e) *Export sales.* This regulation does not apply to export sales of winter garments. The Second Revised Maximum Export Price Regulation [6] applies to such sales.

(f) *Import sales.* The provisions of this regulation do not apply to deliveries which originate outside the 48 states and the District of Columbia. Such sales and deliveries are governed by the provisions of the General Maximum Price Regulation, and especially Revised Supplementary Regulation No. 12.[7] This regulation does, however, apply to domestic sales whether or not the articles sold were originally imported.

(g) *Geographical applicability of this regulation.* This regulation applies to the 48 states and the District of Columbia.

SEC. 14. *How this regulation may be amended.* Any person seeking a modification of any provision of this regulation may file a petition for amendment of general applicability. Any such petition must be filed in accordance with the provisions of Revised Procedural Regulation No. 1 [8] issued by the Office of Price Administration.

Appendix A: What garments must be priced under this regulation—(a) *Leather coats.* Coats in lengths not less than the minimum listed below, of which the outer shell is wholly leather.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[1] Amdt. 70]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1394.8103 (d) is added to read as follows:

(d) (1) Upon termination of the employment of a ration holder at a plant, establishment or facility at which an organized transportation plan has been established in the charge of a committee or official with authority to accept the surrender of expired rations, any supplemental ration issued for the use of such ration holder in connection with such employment shall expire and all unused books or coupons representing such ration shall be surrendered immediately by the holder thereof to such committee or official or to the issuing Board. If such ration is evidenced by credits in a ration bank account, the holder shall immediately issue to such committee or official or to the issuing Board a certified ration check, payable to the Office of Price Administration for the net balance in his account representing such expired ration after deducting the aggregate gallonage of all outstanding checks. A committee or official to whom any book or ration coupons or a ration check is surrendered shall issue a receipt therefor, and promptly forward such book, coupons or check to the issuing Board, or, in the event the rations for the employees are issued by more than one Board the book, coupons or ration check shall be forwarded in such manner as may be prescribed by the District Director having jurisdiction over the area in which such plant, establishment or facility is located.

(2) Authority to accept the surrender of expired rations may be conferred upon the committee or official in charge of an organized transportation plan by the Board which has jurisdiction to issue rations for all of the employees of the plant, establishment or facility at which the plan has been established. If no Board has such jurisdiction the authority may be conferred by the District Director having jurisdiction over the areas in which such plant, establishment or facility is located.

This amendment shall become effective July 31, 1943.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[RO 13,[1] Amdt. 48]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 9.2 (b), (c), (d) and (e) to Ration Order 13 are added to read as follows:

(b) An industrial user who has an excess inventory of processed foods may apply for permission to sell or transfer any part of that excess. The application shall be made on OPA Form R-315 to the Board with which he is registered. He must state in his application the kinds, quantities and point value of the processed foods he wishes to sell or transfer, the reason he wishes to sell or transfer them, the way in which they are to be sold or transferred, and any other information that the Board requests. The Board shall grant the application if good cause is shown. If the application is granted, the processed foods must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer processed foods, and within five days after the sale or transfer, the transferor must give up to the Board all points which he received for the processed foods sold or transferred. The Board shall reduce his excess inventory by an amount equal to the number of points given up.

(c) Institutional users may sell or transfer processed foods only as permitted in General Ration Order 5.

(d) Any person not covered by paragraphs (a) (b) or (c) may apply for permission to sell or transfer processed foods. The application shall be made on OPA Form R-315 to the Board for the place where he lives or where he has his principal business office. He must state in his application the kinds, quantities and point value of the processed foods he wishes to sell or transfer, the reason he wishes to sell or transfer them, the way in which they are to be sold or transferred, and any other information that the Board requests. Only one such application may be made by a person on his own behalf or on behalf of the members of his family unit. The Board shall grant the application if good cause is shown. If the application is granted, the processed foods must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer processed foods, and within five days after the sale or transfer, the transferor must give up to the Board all points which he received for the processed foods sold or transferred.

(e) If the person making the sale or transfer, as permitted in paragraph (d), is a consumer who has been charged with an excess number of cans of processed foods (as shown by a notation on the inside front cover of his War Ration Book Two, or by the removal from his War Ration Book Two of eight point blue stamps which have not yet become valid), the number of cans with which he is charged shall be reduced by one for each can or bottle of processed foods of eight ounces or over which he has transferred and for which he turns over points. If the number of cans by which that reduction is to be made does not exceed the notation on the inside front cover of the consumer's book, the Board shall reduce the number noted on the book by the appropriate amount. Otherwise, the Board shall issue a substitute book exactly corresponding to that surrendered by the consumer, except that no number shall be written on the inside front cover of the substitute book and an appropriate reduction shall be made in the number of eight point blue stamps not yet valid, which are to be removed. If the processed foods sold or transferred were charged against several members of a family unit the Board shall divide the reduction as equally as possible among the books of members of the family unit which have been charged with an excess number of cans of processed foods.

This amendment shall become effective July 31, 1943.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[RO 16,[1] Amdt. 50]

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order 16 is amended in the following respects:

number from his excess inventory (if any), and by giving him a certificate for the amount by which the number of points given up exceeds his excess inventory (if any).

2. Section 10.1 (d) is added to read as follows:

(d) An industrial user who has an excess inventory of foods covered by this order may apply for permission to sell or transfer any part of that excess. The application shall be made on OPA Form R–315 to the board with which he is registered. He must state in his application the kinds, quantities and point value of the foods covered by this order which he wishes to sell or transfer, the reason he wishes to sell or transfer them, the way in which they are to be sold or transferred, and any other information that the board requests. The board shall grant the application if good cause is shown. If the application is granted, the foods covered by this order must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer such foods, and within five (5) days after the sale or transfer, the transferor must give up to the board all points which he received for the sale or transfer. The board shall reduce his excess inventory by an amount equal to the number of points given up.

3. Section 10.1 (e) is added to read as follows:

(e) "Institutional users" may sell or transfer foods covered by this order in the way permitted by General Ration Order 5.

4. Section 10.1 (f) is added to read as follows:

(f) Any "person" not covered by paragraphs (a), (b), (c), (d), or (e) may apply for permission to sell or transfer foods covered by this order. The application shall be made on OPA Form R–315 to the board for the place where he lives or where he has his principal business office. He must state in his application the kinds, quantities and point value of the foods covered by this order which he wishes to sell or transfer, the reason he wishes to sell or transfer them, the way in which they are to be sold or transferred, and any other information the board requests. The board shall grant the application if good cause is shown. If the application is granted, the foods covered by this order must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer such foods, and within five (5) days after the sale or transfer the transferor must give up to the board all points which he received for the foods sold or transferred.

This amendment shall become effective July 31, 1943.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 3–5, Amdt. 2]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN DESIGNATED COUNTIES IN OHIO

A statement of the considerations involved in the issuance of this Amendment No. 2 to Restaurant Maximum Price Regulation No. 3–5 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Restaurant Maximum Price Regulation No. 3–5 is amended in the following respects:

(1) Section 3 (a) is amended by the addition of the following new class of food items.

(22a) Seasonal dessert specialities, such as watermelons, cantaloupes, and berries.

(2) Section 4 is amended by the addition of the following sentence to the first paragraph contained in said section 4.

The provisions of this section shall not apply to seasonal dessert specialities as specified in Section 3 (a), class (22a).

(3) Section 7 is amended by the addition of a new paragraph (c) as follows:

(c) *Seasonal eating and drinking establishments.* If you are the proprietor of a seasonal eating and drinking establishment you must figure your ceiling prices as follows:

(1) If your establishment was in operation during the base period from April 4 to April 10, 1943, use the rules set forth in sections 2, 3 and 4, of this regulation.

(2) If your establishment was not in operation during the base period from April 4 to April 10, but another establishment of the same type and within reasonable distance was in operation during that period, fix your ceiling prices as a new proprietor under the provisions of section 7 (a) and (b) herein.

(3) If you cannot price under paragraphs (1) or (2) herein, and your establishment is not yet in operation, you shall apply for approval of maximum prices to the Office of Price Administration District Office for the area in which your establishment is located. Your application must be filed at least 10 days prior to the date on which you plan to commence operations and must include the following information.

(i) Your name and address and the name and address of your establishment.

(ii) A brief description of your business and the manner of operation.

(iii) A list showing the prices you charged during the previous season as well as the prices you propose to charge during the present or coming season, differentiating between week day, and Sunday and holiday prices.

(iv) The date on which you plan to commence operations,

(v) The names of two establishments similar to yours in your vicinity.

You may then charge the prices listed if they are not disapproved by the Office of Price Administration prior to the date specified for the commencement of operations. The OPA may at any time, after proper investigation and hearing, establish or reestablish such maximum prices for your business as it deems proper and equitable.

(4) If your establishment is already in operation and you cannot price under paragraphs (1) or (2) herein, you shall, within 10 days of the effective date of this amendment, file application with the Office of Price Administration District Office for the area in which your establishment is located for approval of the prices which you are presently charging. Such application shall include the same information as set forth for applications under paragraph (3) herein. Such listed prices shall be your maximum prices, but shall be subject to modification or adjustment at any time by the Office of Price Administration.

This amendment shall become effective July 13, 1943.*

L. STURBELLE

Re: Patent application serial number 331,265.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Having on November 2, 1942, vested by Vesting Order Number 292, as property in which a national of a foreign country had an interest, among other things, patent application identified as follows:

Serial No.	Filing Date	Inventor	Title
331,265	5-23-40	L. Sturbelle	Leaching method and apparatus.

2. Having thereafter received a claim executed on Form APC-16 by Lucien Charles Sturbelle in which he claimed the said patent application as his property and stated that he had made no assignment thereof;

3. Finding that the said Lucien Charles Sturbelle is a subject of Belgium, and that the said Lucien Charles Sturbelle was at the time of said vesting, and at all times since then has been and now is, a resident of the United States, and is not acting or purporting to act directly or indirectly for the benefit or on behalf of, and not controlled by, or a cloak for, any designated enemy country or national thereof;

4. Determining that the aforesaid vesting was effected by the undersigned under mistake of fact;

5. Having received no other claim (except that hereinbefore mentioned in subparagraph 2 hereof), or a notice of claim, on Form APC-1, or otherwise, to the said patent application or to any interest therein, or arising as a result of said vesting order;

6. Having no knowledge of any interest in such patent application held by any national of any foreign country, except that of the said Lucien Charles Sturbelle, a resident of the United States;

7. Having neither assigned, transferred nor conveyed to anyone the said patent application or any part thereof or any interest therein, nor issued any license with respect thereto nor in any manner created any right or interest in any person whomsoever;

8. Determining that the error committed in vesting such patent application should be corrected by assigning and conveying said patent application to the said Lucien Charles Sturbelle and that such disposition of the said claim, being for the purpose of correcting a mistake made in vesting such patent application originally, does not require the filing of any further claim nor any further hearing;

9. Having made all determinations and taken all action required by law; and

10. Determining that under the aforesaid circumstances the disposition hereinafter effected is in the interest of and for the benefit of the United States.

Now, therefore, the undersigned hereby orders that the aforesaid patent application be assigned to Lucien Charles Sturbelle.

Now, therefore, the undersigned hereby, without warranty, assigns, transfers and conveys to Lucien Charles Sturbelle the following patent application:

Serial No.	Filing date	Inventor	Title

D. SCLAKY

Re: Patent application serial number 367,236.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Having on November 2, 1942, vested by Vesting Order Number 293, as property in which a national of a foreign country had an interest, among other things, the patent application identified as follows:

Serial No.	Filing date	Inventor	Title
367,236	11-26-40	D. Sclaky	Process and machine for welding by electromagnetic storage of energy.

2. Having thereafter received a claim executed on Form APC-17 on behalf of Welding Research, Inc., an Illinois corporation, in which it was recited that the instrument of assignment from David Sclaky to Welding Research, Inc., was dated June 12, 1941;

3. Finding that the assignment referred to in subparagraph 2 hereof, from David Sclaky to Welding Research, Inc., was recorded in the United States Patent Office on March 22, 1943, at Liber Q-105, page 494;

4. Finding, as a result of further investigation conducted subsequent to November 2, 1942, that said patent application and all right, title and interest therein were on November 2, 1942, owned by Welding Research, Inc., and that the said Welding Research, Inc. was at that time, and at all times since then has been and now is, a corporation organized under the laws of the State of Illinois, having its principal place of business in the State of Illinois, and not acting or purporting to act directly or indirectly for the benefit of, on behalf of, and not controlled by nor a cloak for, any designated enemy country or national thereof;

5. Determining that the aforesaid vesting was effected by the undersigned under mistake of fact;

6. Having received no other claim (except that hereinbefore mentioned in subparagraph 2 hereof), or notice of claim, on Form APC-1, or otherwise, to the said patent application or to any interest therein, or arising as a result of said vesting order; and having no knowledge of any interest in such patent application held by any national of any foreign country;

7. Having neither assigned, transferred or conveyed to anyone the said patent application or any part thereof or any interest therein, nor in any manner created any right or interest in any person whomsoever;

8. Determining that the error committed in vesting such patent application should be corrected by assigning and conveying said patent application to said Welding Research, Inc., and that such disposition of the latter claim, being for the purpose of correcting a mistake made in vesting such patent application originally, does not require the filing of any further claim, nor any further hearing;

9. Having made all determinations and taken all action required by law; and

10. Determining that under the aforesaid circumstances the disposition hereinafter effected is in the interest of and for the benefit of the United States;

hereby orders that the aforesaid patent application be assigned to Welding Research, Inc.

Now, therefore, the undersigned hereby, without warranty, assigns, transfers and conveys to Welding Research, Inc. the following patent application:

Executed at Washington, D. C., on June 21, 1943.

PATENTS OF ENEMY NATIONALS

Whereas, pursuant to Vesting Order Number 233 of October 14, 1942, the undersigned intended to vest, among other things, patent number 1,765,928; and

Whereas, in describing such patent in said Vesting Order Number 233, the number was as a result of a typographical error, inadvertently designated as "1,865,928";

Now, therefore, Vesting Order Number 233 of October 14, 1942, is hereby amended as follows and not otherwise;

By substituting the number "1,765,928" for the number "1,865,928" appearing therein.

All other provisions of said Vesting Order Number 233 and all action taken on behalf of the undersigned in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

[Amendment of Vesting Order 237]

CERTAIN REAL PROPERTY IN CLIFFSIDE PARK, NEW JERSEY OWNED BY SALVATORE LOFORTE

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Salvatore Loforte is Palermo, Italy, and that he is a resident of Italy and a national of a designated enemy country (Italy);

2. That Salvatore Loforte is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

(a) Real property situated in Bergen County, New Jersey, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

is property within the United States owned or controlled by a national of a designated enemy country (Italy);

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Italy);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

Hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, subject to recorded liens, encumbrances and other rights of records held by or for persons who are not nationals of designated enemy countries to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C. on July 23, 1943.

FRATELLI BRANCA & CO., INC.

Re: Trade-marks used by Fratelli Branca & Co., Inc., and contractual interests relating thereto

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Count Dino (Bernardino) Branca, Countess Lina (Carolina) Dolfin Branca and Count Paolo Dolfin Boldu, all of whom are residents of Italy and who at one time were doing business as partners under the firm name of "Fratelli Branca" at 35 Via Broleto, Milan, Italy, are nationals of a foreign country (Italy);

2. Finding that Societa Anonima Fratelli Branca, a corporation organized under the laws of Italy and doing business at 35 Via Broleto, Milan, Italy, is a national of a foreign country (Italy);

3. Finding that Nobile Donna Contessa Teresa Legrenzi Branca, Steno dei Conti Branca, Pierluigi dei Conti Branca and Arturo Gerli, whose last known addresses are Milan, Italy, are nationals of a foreign country (Italy);

4. Finding that the persons referred to in subparagraphs 1 and 3 hereof are the owners jointly or severally of some or all of the trade-marks and other rights referred to in subparagraph 8–a hereof;

5. Finding that Societa Anonima Fratelli Branca is the owner of such of the trade-marks and other rights referred to in subparagraph 8–a hereof as are not owned by the persons referred to in subparagraphs 1 and 3 hereof;

6. Finding that Count Dino Branca, Countess Lina Dolfin Branca, Count Paolo Dolfin Boldu, Nobile Donna Contessa Teresa Legrenzi Branca, Steno dei Conti Branca, Pierluigi dei Conti Branca, and Arturo Gerli have interests in the agreement identified in subparagraph 8–b hereof;

7. Finding that the heirs, executors, administrators and assigns, if any, of each of the aforesaid persons referred to in subparagraphs 1 and 3 hereof are nationals of a foreign country (Italy);

8. Finding that the property described as follows:

a. The trade-marks registered in the United States Patent Office, under the numbers and on the dates set out in Exhibit A attached hereto and made a part hereof, the titles to which stand of record in the names of persons as stated in connection with each registration listed in said Exhibit, and the registrations thereof, together with the respective good will of the business in the United States and all its possessions to which said trade-marks are appurtenant, and any and all indicia of such good will (including but not limited to formulae, whether secret or not, secret processes, methods of manufacture and procedure, customers lists, labels, machinery and other equipment) and any interest of any nature whatsoever in, and any rights and claims of every character and description to said business, good will and trade-marks and registrations thereof, including without limitation all accrued royalties payable or held with respect to said trade-marks and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof; and

b. The interests of Count Dino Branca, Countess Lina Dolfin Branca, Count Paolo Dolfin Boldu, Nobile Donna Contessa Teresa Legrenzi Branca, Steno dei Conti Branca, Pierluigi dei Conti Branca, Arturo Gerli and their heirs, executors, administrators and assigns, and each of them, in and to an agreement dated July 30, 1936, by and between Count Dino Branca, Countess Lino Dolfin Branca, and Count Paolo Dolfin Boldu, parties of the first part, and Fratelli Branca & Co., Inc., party of the second part, relating to trade-mark No. 270,734 and others, subject to and including all modifications thereof and supplements thereto, including, but not by way of limitation, an agreement dated October 24, 1938, by and between the parties to the agreement dated July 30, 1936, and their successors in interest, and Fratelli Branca & Co., Inc., and constituting a supplement to said agreement of July 30, 1936, together with all accrued royalties and other monies payable or held with respect to such interests,

is property of, and is property payable or held with respect to trade-marks or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, nationals of a foreign country (Italy);

9. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

10. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 8 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The term "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on March 1, 1943.

I. G. FARBENINDUSTRIE AKTIENGESELLSCHAFT

Re: Interest of I. G. Farbenindustrie Aktiengesellschaft in a certain agreement and patent.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned after investigation:

1. Finding that I. G. Farbenindustrie Aktiengesellschaft of Frankfort-on-Main, Germany, a corporation organized under the laws of Germany, is a national of a foreign country (Germany);

2. Finding that said I. G. Farbenindustrie Aktiengesellschaft has an interest in the contract referred to in subparagraph 4–a hereof and is the owner of the patent referred to in subparagraph 4–b hereof;

3. Finding that the successors and assigns, if any, of the said I. G. Farbenindustrie Aktiengesellschaft are nationals of a foreign country (Germany);

4. Finding, therefore, that the property described as follows:

a. The interest of said I. G. Farbenindustrie Aktiengesellschaft, its successors and assigns, and each of them, in and to an agreement dated June 18, 1936, by and between it and Hercules Powder Company, a Delaware corporation, relating, among other things, to United States Letters Patent pertaining to cellulose acetate, including all royalties and other moneys payable or held with respect to said interest, and all damages for breach of said agreement, together with the right to sue therefor,

b. All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the following United States Letters Patent owned by said I. G. Farbenindustrie Aktiengesellschaft:

Patent No.	Date of issue	Inventor's name	Title
1,948,902	2/27/34	Erich Correns, Albert Mohring	Process for improving acyl cellulose.

is property of or is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national or nationals of a foreign country (Germany):

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

6. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property hereinbefore described in subparagraph 4, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on March 4, 1943.

[Vesting Order 1046]

CERTAIN CLAIM AGAINST RESINOUS PRODUCTS & CHEMICAL COMPANY, INC.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Having found in Vesting Order No. 130 of August 28, 1942, that Resinous Products & Chemical Company, Inc., a corporation, is a business enterprise within the United States and is a national of a designated enemy country (Germany);

2. Determining that Chemie Holding, A. G., is acting for or on behalf of nationals of a designated enemy country (Germany) and, therefore, is a national of a designated enemy country (Germany);

3. Finding that said Chemie Holding, A. G., is the owner of property described in subparagraph 4 hereof;

4. Finding, therefore, that the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of said Chemie Holding, A. G., in and to all obligations contingent or otherwise, and whether or not matured, owing to Chemie Holding, A. G., by said Resinous Products & Chemical Company, Inc., including but not limited to all security rights in and to any and all collateral for any or all such obligations and the right to sue for and collect such obligations, and including particularly the interest of Chemie Holding, A. G. in Resinous Products & Chemical Company, Inc., represented on the books and records of Resinous Products & Chemical Company, Inc., as an account payable,

is an interest in the aforesaid business enterprise held by, and is also property within the United States owned or controlled by, a national of a designated enemy country (Germany);

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property hereinbefore described in subparagraph 4, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designate enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on March 11, 1943.

QUARZLAMPEN GESELLSCHAFT

Re: Interest of Quarzlampen Gesellschaft m. b. H. in a contract relating to United States Letters Patent No. 1,554,812.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Quarzlampen Gesellschaft m. b. H. is a corporation organized under the laws of Germany and is therefore a national of a foreign country (Germany);

2. Finding that said Quarzlampen Gesellschaft m. b. H. is the owner of the property described in subparagraph 3 hereof;

3. Finding that the property described as follows:

All interests and rights (including all royalties and other monies payable or held with respect to said interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in Quarzlampen Gesellschaft m. b. H. by virtue of an agreement dated January 14, 1927 (including all modifications thereof and supplements thereto, if any) by and between said Quarzlampen Gesellschaft m. b. H. and Hanovia Chemical and Manufacturing Company, which agreement relates among other things to United States Letters Patent No. 1,554,812,

is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany);

4. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

5. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on April 27, 1943.

I. G. FARBENINDUSTRIE

Re: Patent No. 1,934,613, and interests of I. G. Farbenindustrie in contracts relating to patents.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that I. G. Farbenindustrie Aktiengesellschaft is a corporation organized under the laws of Germany and is therefore a national of a foreign country (Germany);

2. Finding that the property identified in subparagraph 3 hereof is property of I. G. Farbenindustrie Aktiengesellschaft;

3. Finding that the property described as follows:

a. All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the following patent:

Patent No.	Date of Issue	Inventors	Title
1,934,613	11-7-33	Bernhard Jacobi and H. Fikentscher	Production of Acrylic Esters from Chloropropionic Esters.

b. All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in I. G. Farbenindustrie Aktiengesellschaft by virtue of an agreement dated October 26, 1934 (including all modifications thereof and supplements thereto, if any) by and between I. G. Farbenindustrie Aktiengesellschaft and Rohm & Haas Company, which agreement relates among other things to certain United States Letters Patent, including Patent No. 2,023,599,

c. All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in I. G. Farbenindustrie Aktiengesellschaft by virtue of an agreement dated October 30, 1934 (including all modifications of and supplements to such agreement, including, but without limitation, a letter from Rohm & Haas Company to I. G. Farbenindustrie Aktiengesellschaft dated April 4, 1935 and a supplement dated May 16, 1940 and June 14, 1940) by and between I. G. Farbenindustrie Aktiengesellschaft and Rohm & Haas Company, which agreement relates among other things to certain United States Letters Patent, including Patent No. 1,851,040, and

d. All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in I. G. Farbenindustrie Aktiengesellschaft by virtue of an agreement dated March 5, 1940 (including all modifications thereof and supplements thereto, if any) by and between I. G. Farbenindustrie Aktiengesellschaft and Carbide and Carbon Chemicals Corporation, which agreement relates among other things to certain United States Letters Patent, including Patent No. 2,047,398.

is property of, or is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany);

4. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

5. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 11, 1943.

4. Finding that the interests and rights in the contract identified in subparagraph 5-d hereof are property of Raymond Meer;

5. Finding, therefore, that the property described as follows:

a. All interests and rights (including all accrued royalties and other monies payable or held with respect to said interests and rights and all damages for breach of the agreements hereinafter described, together with the right to sue therefor) created in Societe Anonyme des Manufactures de Glaces et Produits Chimiques de St. Gobain, Chauny & Cirey, Lyon, France, by virtue of (1) an agreement as to patent rights and (2) an agreement as to importation, both dated June 1, 1933 (including all modifications thereof and supplements thereto, if any) by and between the said Societe Anonyme des Manufactures de Glaces et Produits Chimiques de St. Gobain, Chauny & Cirey and The American Security Company, a corporation organized under the laws of the State of Delaware, including but not by way of limitation, any and all understandings between the parties, whether written or oral, with respect to the subject matter thereof,

b. All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to United States Letters Patent No. 2,250,628, granted July 29, 1941, to Societe Anonyme des Manufactures de Glaces et Produits Chimiques de St. Gobain, Chauny & Cirey, on an application filed September 16, 1936, by Lewis Jex-Blake Forbes,

c. All interests and rights (including all accrued royalties and other monies payable or held with respect to said interests and rights and all damages for breach of the agreements hereinafter described, together with the right to sue therefor) created in Compagnies Reunis des Glaces & Verres Speciaux du Nord de la France, Boussois-sur-Sambre, Nord, France, by virtue of (1) an agreement as to patent rights and (2) an agreement as to importation, both dated June 1, 1933 (including all modifications thereof and supplements thereto, if any) by and between the said Compagnies Reunis des Glaces & Verres Speciaux du Nord de la France, and The American Security Company a corporation organized under the laws of the State of Delaware, including but not by way of limitation, any and all understandings between the parties whether written or oral, with respect to the subject matter thereof,

d. All interests and rights (including all accrued royalties and other monies payable or held with respect to said interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in Raymond Meer, Paris, France, by virtue of an agreement dated June 1, 1937 (including all modifications thereof and supplements thereto, if any) by and between the said Raymond Meer, and The American Securit Company, a corporation organized under the laws of the State of Delaware, including but not by way of limitation, any and all understandings between the parties, whether written or oral, with respect to the subject matter thereof,

is property of, or is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national or nationals of a foreign country (France);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 5 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 21, 1943.

[Vesting Order 1512]

ABANDONED PATENT APPLICATION OF NATIONALS OF ENEMY COUNTRIES

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that each of the persons to whom reference is made in the column headed "owner" in Exhibit A attached hereto and made a part hereof, if an individual, is a citizen and resident of, or, if a business organization, is organized under the laws of and has its principal place of business in the country represented by the code number set forth after its respective name in said Exhibit A under the heading "Nat" in accordance with the following:

Austria	6
Germany	28
Hungary	34
Italy	38
Japan	39

2. Finding, therefore, that such persons are nationals of the foreign countries represented by the code numbers set forth in said Exhibit A after their respective names in accordance with the aforesaid code;

3. Finding that the patent applications and other property relating thereto described in subparagraph 4 hereof are property of the persons whose names appear opposite the respective numbers thereof in said Exhibit A;

4. Finding, therefore, that the property described as follows:

Patent applications identified in Exhibit A attached hereto and made a part hereof, together with the entire right, title and interest throughout the United States and its territories in and to, including the right to file applications in the United States Patent Office for Letters Patent for, the invention or inventions shown or described in such applications,

is property of nationals of foreign countries (Austria, Germany, Italy and Japan);

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act, or otherwise; and

6. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 4 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 21, 1943.

[SEAL] LEO T. CROWLEY,
Alien Property Custodian.

OFFICE OF DEFENSE TRANSPORTATION.

[Supplementary Order ODT 3, Revised-46]

FOGARTY BROTHERS TRANSFER, INC., AND ST. JOHNS RIVER LINE CO.

COORDINATED OPERATIONS BETWEEN TAMPA AND SARASOTA, FLORIDA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by Fogarty Brothers Transfer, Inc., Bradenton, Florida, and St Johns River Line Co., Jacksonville, Florida, pursuant to § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), a copy of which plan is attached hereto as Appendix 1,[1] and

It appearing that the carriers propose by the plan to coordinate their operations as common carriers of property by motor vehicle between Tampa and Sarasota, Florida, and intermediate and off-route points, by suspending the transportation of certain shipments and by diverting traffic in such way as to produce increased lading and more efficient utilization of motor vehicles, and

It further appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Shipments diverted in execution of the plan shall be transported pursuant to the lawfully applicable rates, charges, rules, and regulations of the diverting carrier.

4. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to permit either carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-46," and unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective July 31, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 27th day of July 1943.

GEORGIA MOTOR EXPRESS, INC., AND MERCURY EXPRESS, INC.

COORDINATED OPERATIONS BETWEEN POINTS IN ALABAMA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by Georgia Motor Express, Inc., Atlanta, Georgia, and Mercury Express, Inc., Birmingham, Alabama, pursuant to § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), a copy of which plan is attached hereto as Appendix 1,[1] and

It appearing that the carriers propose by the plan to coordinate their operations as common carriers of property by motor vehicle between points in Alabama, by suspending the transportation of certain shipments and by diverting traffic in such way as to produce increased lading and more efficient utilization of motor vehicles, and

It further appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Shipments diverted in execution of the plan shall be transported pursuant to the lawfully applicable rates, charges, rules, and regulations of the diverting carrier.

4. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to permit either carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-47" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

8. This order shall become effective July 31, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

[Supplementary Order ODT 20A–2]

CERTAIN TAXICAB OPERATORS

COORDINATED OPERATIONS IN THE GRENADA, MISSISSIPPI AREA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof (hereinafter called "operators") pursuant to General Order ODT 20 A (8 F.R. 9231), a copy of which plan is attached hereto as Appendix 2,[1] and it appearing that the operators propose, by the plan, to coordinate their taxicab operations within the area of and between Grenada and Camp McCain, Mississippi, so as to assure maximum utilization of their facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved, and the operators are directed to place the plan into operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the operators shall forthwith file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order.

3. The provisions of this order shall not be construed or applied as to permit any operator named herein to alter his legal liability to any passenger. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing operating authority of any operator named herein, such operator forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the operators possessing or obtaining the requisite operating authority.

4. All records of the operators pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The plan for joint action hereby approved and all contractual arrangements made by the operators to effectuate the plan shall not continue in operation beyond the effective period of this order.

6. Any operator duly authorized or permitted to operate taxicabs within the area herein described, and having suitable equipment and facilities therefor, may make application in writing to the Division of Local Transport, Office of Defense Transportation, Atlanta, Georgia, for authorization to participate in the plan. A copy of each such application shall be served upon each of the operators named in this order. Upon receiving authorization to participate in the plan, each such operator shall become subject to this order and shall thereupon be entitled and required to participate in the plan in accordance with all of the provisions and conditions of this order, in the same manner and degree as the operators named herein.

7. Communications concerning this order should refer to "Supplementary Order ODT 20A–2" and, unless otherwise directed, should be addressed to the Division of Local Transport, Office of Defense Transportation, Atlanta, Georgia.

8. This order shall become effective July 31, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

OFFICE OF PRICE ADMINISTRATION.

[Order 1 Under MPR 320]

MANUFACTURERS OF JAMES SWEET POTATO CRATES

ADJUSTABLE PRICING

Order No. 1 under Maximum Price Regulation No. 320—Eastern and Central Wooden Agricultural Containers.

Petition has been filed for amendment of Maximum Price Regulation No. 320, Eastern and Central Wooden Agricultural Containers, with respect to James sweet potato crates. It has been shown that authorization to use adjustable pricing, pending action on the petition, is necessary to promote production and distribution of the commodity involved and that the granting of such authorization will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. Therefore, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and No. 9328 and in accordance with § 1377.210 (c), *It is ordered:*

(a) Producers in the area covered by Maximum Price Regulation No. 320 may sell and deliver and any person may buy and receive James sweet potato crates at prices adjustable to those established by the Office of Price Administration.

(b) Any charges made or collected in excess of the price established must be refunded within 30 days from the effective date of the establishment of such price. If the establishment of such price is denied, any charges made or collected in excess of the present ceiling price must be refunded within 30 days from the date of denial.

(c) This order shall be automatically revoked upon the establishment or denial of such price.

This order shall become effective July 27, 1943.

Issued this 26th day of July 1943.

FLUID MILK IN MINOT, NORTH DAKOTA

Order No. G–1 under Supplementary Regulation No. 14 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Minot, North Dakota. (Formerly Order No. 1).

The Regional Administrator has determined on his own motion after investigation that the price paid to producers of butter fat in the milk shed serving Minot, North Dakota by manufacturers of butter, cheese, condensed and evaporated milk, and milk powder has increased from an average of 36¢ per lb. in March 1942 to 48¢ per lb. on October 2, 1942; that distributors of fluid milk in the City of Minot, North Dakota, a city with a population of less than 100,000, are now paying or will shortly have to pay producers of such milk in excess of 41¢ more per cwt. than they did in March 1942; and that distributors, notwithstanding any savings which can be effected in distribution costs, cannot fairly be expected to distribute fluid milk in Minot at the maximum prices established by § 1499.2 of the General Maximum Price Regulation.

For the reasons more fully set forth in the accompanying opinion, Pursuant to the Emergency Price Control Act of 1942 and § 1499.73 (a) (1) (iv) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, *It is ordered:*

1. Subject to the limitations in paragraph (2) hereof the maximum prices established for sellers of milk including chocolate milk and Bulgarian buttermilk at wholesale and retail by § 1499.2 of the General Maximum Price Regulation are hereby increased as follows:

	Quart	Pint	½ pint
Wholesale (cents)	1.0	0.5	0.25
Retail (cents)	1.0	.5	None

2. No distributor shall sell or deliver any milk at the increased prices provided for under section 1 hereof until and unless the following requirements have been met:

(a) With respect to a distributor who buys directly from a producer, until and unless he shall have purchased or contracted to purchase fluid milk from a producer at a price of 41¢ or more per cwt. in excess of the highest price paid in March 1942, and shall have reported such fact to the North Dakota State Office of the Office of Price Administration or a duly authorized representative thereof.

(b) With respect to a seller at retail purchasing milk from a distributor at wholesale until and unless he shall have purchased or contracted to purchase milk at a price increase. In no event shall the maximum price of such a seller at retail be increased by more than the highest increase in cost to himself.

3 Every person selling milk in bottles or paper containers to a seller at retail shall furnish to each such purchaser of milk a statement which may be substantially in the following form:

The prices for milk have been increased in the amounts indicated below pursuant to Order No. G–1, under Amendment No. 34 to Supplementary Regulation No. 14 issued by the Office of Price Administration. You are permitted to increase your prices by the same amount.

	Price increase
Quart	------
Pint	------

4. The foregoing order shall apply to all sales and deliveries of fluid milk including chocolate milk and Bulgarian buttermilk at wholesale and retail within the city limits of Minot and within a distance of three miles from the city limits thereof.

5. All sellers of milk who purchase milk directly from the producers thereof shall in addition to the statement provided for in section 2 (a) above, file with the North Dakota State Office of the Office of Price Administration a statement on the 10th day of each month beginning with November 1942 of the prices paid by them to producers of milk for all milk purchased during the preceding month.

6. This order shall be effective from the date hereof. It is subject to revocation or amendment by the Regional Administrator at any time hereafter upon a finding that butter fat prices have decreased to the point where no diversion of fluid milk is threatened or for other reasons. This order is further subject to revocation by any Price Regulation issued hereafter, or by any supplement or amendment hereafter issued as to any Price Regulation the provisions of which may be contrary hereto.

Regional Administrator.

FLUID MILK IN RAPID CITY, SOUTH DAKOTA

Order No. G–2 under Supplementary Regulation No. 14 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Rapid City, South Dakota. (Formerly Order No. 2.)

The Regional Administrator has determined on his own motion after investigation that (1) the price paid to producers by manufacturers of butter, cheese, condensed and evaporated milk, or milk powder for milk produced within the milk shed on which Rapid City, South Dakota depends for its supply of fluid milk has increased 41¢ or more per cwt. since March 1942; (2) distributors of fluid milk in said locality of Rapid City, South Dakota, which is a city of less than 100,000, in order to obtain the supply of milk for fluid use necessary to satisfy the normal requirements of the locality, are paying producers of such milk at least 41¢ more per cwt. than they paid in March 1942, and (3) notwithstanding the savings that have been effected or which may be effected as the result of the adoption of all practicable measures designed to reduce distribution costs, such distributors cannot fairly be expected to continue to distribute fluid milk in the locality hereinafter designated at the maximum prices established for them under § 1499.2 of the General Maximum Price Regulation.

For the reasons more fully set forth in the accompanying opinion and pursuant to the Emergency Price Control Act of 1942 and § 1499.73 (a) (1) (iv) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, *It is ordered:*

1. Subject to the limitations in paragraph 2 hereof the maximum prices established for sellers of milk including chocolate milk and buttermilk at wholesale and retail by § 1499.2 of the General Maximum Price Regulation are hereby increased as follows:

	Gallon	Quart	Pint	½ pint
Wholesale (cents)	4.0	1.0	0.5	0.25
Retail (cents)	4.0	1.0	.5	None

2. No distributor shall sell or deliver any milk at the increased prices provided for under section 1 hereof until and unless the following requirements have been met:

(a) With respect to a distributor who buys directly from a producer, until and unless he shall have purchased or contracted to purchase fluid milk from a producer at a price of 41¢ or more per cwt. in excess of the highest price paid in March 1942, and shall have reported such fact to the South Dakota State Office of the Office of Price Administration or a duly authorized representative thereof.

(b) With respect to a seller at retail purchasing milk from a distributor at wholesale until and unless he shall have purchased or contracted to purchase milk at a price increase. In no event shall the maximum price of such a seller at retail be increased by more than the highest increase in cost to himself.

3. Every person selling milk in bottles or paper containers to a seller at retail shall furnish to each such purchaser of milk a statement which may be substantially in the following form:

The prices for milk have been increased in the amounts indicated below pursuant to Order No. G–2, under Amendment No. 34 to Supplementary Regulation No. 14 issued by the Office of Price Administration. You are permitted to increase your prices by the same amount.

	Price increase
Quart	------
Pint	------

4. The foregoing order shall apply to all sales and deliveries of fluid milk including chocolate milk and buttermilk, at wholesale and retail within the city limits of Rapid City and within a distance of six miles from the city limits thereof and in addition to all sales of fluid milk to the Rapid City Army Air Base.

5. All sellers of milk who purchase milk directly from the producers thereof shall in addition to the statement provided for in section (2) (a) above, file with the South Dakota State Office of the Office of Price Administration a statement on the 10th day of each month beginning with November 1942 of the prices paid by them to producers of milk for all milk purchased during the preceding month.

6. This order shall be effective from the date hereof. It is subject to revocation or amendment by the Regional Administrator at any time hereafter upon a finding that butter fat prices have decreased to the point where no diversion of fluid milk is threatened or for other reasons. This order is further subject to revocation by any Price Regulation issued hereafter, or by any supplement or amendment hereafter issued as to any Price Regulation the provisions of which may be contrary hereto.

ADJUSTMENT OF FLUID MILK PRICES IN ROWAN, IOWA

Order No. G–3 under Supplementary Regulation No. 14 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Rowan, Iowa. (Formerly Order No. 3.)

The Regional Administrator has determined on his own motion after investigation that (1) the use of March 1942 as the base period for the establishment of maximum prices for fluid milk in Rowan, Iowa, a city of less than 100,000 population, has established an abnormal differential between the prices charged for fluid milk in Rowan and adjoining cities of approximately the same population; (2) that this abnormal differential has caused a diversion of a material portion of the normal milk supply of Rowan, Iowa, from Rowan to other adjoining cities, and that a further diversion is threatened; and (3) as the result of such diversion and threatened diversion, a shortage of fluid milk in Rowan exists and a further shortage is imminent.

Accordingly, for the reasons more fully set forth in the accompanying opinion, and pursuant to the Emergency Price Control Act of 1942 and § 1499.73 (a) (1) (iv) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, *It is ordered:*

1. Subject to the limitations in paragraph 2 hereof, the maximum prices established for sellers of milk at wholesale and retail by § 1499.2 of the General Maximum Price Regulation are hereby increased as follows:

	Gallon	Quart	Pint	½ pint
Wholesale (cents)	4.0	1.0	0.5	0.25
Retail (cents)	4.0	1.0	.5	None

2. Where the adjusted maximum price is a unit figure containing a fraction of a cent, the seller at wholesale must multiply such fractional per unit figure by the number of units in each sale. The seller at retail, however, will adjust unit figures containing a fraction of a cent to the next highest half cent; for example, a maximum price of 12½ cents for one unit would be adjusted to 13 cents for one unit, 25 cents for two units, etc.

3. Every person selling milk in bottles or paper containers to a seller at retail shall furnish to each such purchaser a statement substantially in the following form:

The prices for milk have been increased in the amount indicated below by order issued by the Office of Price Administration. You are permitted to increase your prices by the same amount:

	Price increase
Gallon	------
Quart	------
Pint	------

4. For the purposes of this order, the sale of milk at retail shall mean any sale of fluid milk to an ultimate consumer of such milk other than an industrial or commercial user.

5. A sale at wholesale shall refer to any sale of fluid milk or cream in bottles or paper containers, whether by a producer, pasteurizer or other person, to any person, including a commercial and industrial user, other than an ultimate consumer.

6. This order shall be effective from the date hereof. It is subject to revocation or amendment by the Regional Administrator at any time hereafter upon a finding that the prevailing prices for fluid milk in cities adjoining Rowan shall have decrease, or for other reasons. This order is further subject to revocation by any Price Regulation issued hereafter, or by any supplement or amendment hereafter issued as to any Price Regulation the provisions of which may be contrary hereto.

7. This order shall apply to all sales and deliveries of fluid milk at wholesale and retail within the city of Rowan, Iowa, and within a distance of one mile from the City Limits thereof.

8. Milk shall mean cow's milk produced, processed, distributed and sold for consumption in fluid form as whole milk.

FLUID MILK IN CONRAD, IOWA

Order No. G–4 under Supplementary Regulation No. 14 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Conrad, Iowa. (Formerly Order No. 4).

The Regional Administrator has determined on his own motion, after investigation, that the price paid to milk producers in Conrad, Iowa, by manufacturers of butter, cheese, condensed and evaporated milk, and milk powder has increased more than 41 cents per cwt. since March 1942; that distributors of fluid milk in the city of Conrad, Iowa, a city with a population of less than 100,000, are now paying or will shortly have to pay producers of such milk in excess of 41 cents more per cwt. than they did in March 1942; and that distributors, notwithstanding any savings which can be effected in distribution costs, cannot fairly be expected to distribute fluid milk in Conrad at the maximum prices established by § 1499.2 of the General Maximum Price Regulation.

For the reasons more fully set forth in the accompanying opinion, pursuant to the Emergency Price Control Act of 1942 and § 1499.73 (a) (1) (vi) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, *It is ordered:*

1. The maximum prices established for sellers of milk at wholesale and retail by § 1499.2 of the General Maximum Price Regulation are hereby increased as follows:

	Quart	Pint	Half pint
Wholesale (cents)	1.0	0.5	0.25
Retail (cents)	1.0	.5	None

2. The foregoing order shall apply to all sales and deliveries of fluid milk at wholesale and retail within the city limits of Conrad and within a distance of three miles from the city limits thereof.

3. All sellers of milk who purchase milk directly from the producers thereof shall file, with the Iowa State Office of the Office of Price Administration, a statement on the 10th day of each month, beginning with December 1942, of the prices paid by them to producers of milk for all milk purchased during the preceding month.

4. This order shall be effective from the date hereof. It is subject to revocation or amendment by the Regional Administrator at any time hereafter upon a finding that butter fat prices have decreased to the point where no diversion of fluid milk is threatened or for other reasons. This order is further subject to revocation by any price regulation issued hereafter, or by any supplement or amendment hereafter issued as to any price regulation, the provisions of which may be contrary hereto.

FLUID MILK IN EAU CLAIRE AND CHIPPEWA FALLS, WISCONSIN

Order No. G–5 under Supplementary Regulation No. 14 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Eau Claire and Chippewa Falls, Wisconsin. (Formerly Order No. 5).

The Regional Administrator has determined on his own motion after investigation that (1) the price paid to producers by manufacturers of butter, cheese, condensed and evaporated milk, or milk powder for milk produced within the milk shed on which Eau Claire and Chippewa Falls, Wisconsin depend for their supply of fluid milk has increased 41¢ or more per cwt. since March 1942; (2) distributors of fluid milk in said locality, which has a population of less than 100,000, in order to obtain the supply of milk for fluid use necessary to satisfy the normal requirements of the locality, are paying producers of such milk at least 41¢ more per cwt. than they paid in March 1942, and (3) notwithstanding the savings that have been effected or which may be effected as the result of the adoption of all practicable measures designed to reduce distribution costs, such distributors cannot fairly be expected to continue to distribute fluid milk in the locality hereinafter designated at the maximum prices established for them under § 1499.2 of the General Maximum Price Regulation.

Accordingly, for the reasons more fully set forth in the accompanying opinion and pursuant to Emergency Price Control Act of 1942, and § 1499.73 (a) (1) (vi) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, *It is ordered:*

1. Subject to the limitations in paragraph 2 hereof of the maximum prices established for sellers of milk at wholesale and retail by § 1499.2 of the General Maximum Price Regulation are herein increased as follows:

	Gallon	Quart	Pint	½ pint
Wholesale (cents)	4.0	1.0	0.5	0.25
Retail (cents)	4.0	1.0	.5	None

2. No distributor shall sell or deliver any milk at the increased prices provided for under section 1 hereof until and unless the following requirements have been met:

(a) With respect to a distributor who buys directly from a producer, until and unless he shall have purchased or contracted to purchase fluid milk from a producer at a price of 41¢ or more per cwt. in excess of the highest price paid in March 1942, and shall have reported such fact to the Wisconsin State Office of the Office of Price Administration or a duly authorized representative thereof.

(b) With respect to a seller at retail purchasing milk from a distributor at wholesale until and unless he shall have purchased or contracted to purchase milk at a price increase. In no event shall the maximum price of such a seller at retail be increased by more than the highest increase in cost to himself.

3. Every person selling milk in bottles or paper containers to a seller at retail shall furnish to each such purchaser of milk a statement which may be substantially in the following form:

The prices for milk have been increased in the amounts indicated below pursuant to permission of the Office of Price Administration. You are permitted to increase your prices by the same amount.

	Price increase
Gallon	------
Quart	------
Pint	------

4. The foregoing order shall apply to sales and deliveries of milk in the following areas. The territory within the city limits of the cities of Eau Claire and Chippewa Falls, Wisconsin, and within one mile from the city limits thereof, and also the area one mile to both sides of that part of U. S. Highway No. 53 running between the cities of Eau Claire and Chippewa Falls, Wisconsin.

5. Milk shall mean cow's milk produced, processed, distributed and sold for consumption in fluid form as whole milk. Sales at wholesale or retail shall include all sales whether by producer, distributor or other person of milk in bottles or paper containers.

6. All sellers of milk who purchase milk directly from the producers thereof shall in addition to the statement provided for in section 2 (a) above, file with the Wisconsin State Office of the Office of Price Administration a statement on the 10th day of each month beginning with November 1942 of the prices paid by them to producers of milk for all milk purchased during the preceding month.

7. This order shall be effective from the date hereof. It is subject to revocation or amendment by Regional Administrator at any time hereafter upon a finding that butter fat prices have decreased to the point where no diversion of fluid milk is threatened or for other

reasons. This order is further subject to revocation by any Price Regulation issued hereafter, or by any supplement or amendment hereafter issued as to any Price Regulation the provisions of which may be contrary hereto.

FLUID MILK IN PHELPS, WISCONSIN

Order No. G-6 under Supplementary Regulation No. 14 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Phelps, Wisconsin. (Formerly Order No. 6.)

The Regional Administrator has determined on his own motion after investigation that (1) the use of March 1942 as the base period for the establishment of maximum prices for fluid milk in Phelps, Wisconsin, a city of less than 100,000 population, has established an abnormal differential between the prices charged for fluid milk in Phelps and adjoining cities of approximately the same population; (2) that this abnormal differential threatens to cause a diversion of a material portion of the normal milk supply of Phelps, Wisconsin, from Phelps to other adjoining cities; and, (3) as the result of such diversion and threatened diversion, a shortage of fluid milk in Phelps exists or is imminent.

Accordingly, for the reasons more fully set forth in the accompanying opinion, and pursuant to the Emergency Price Control Act of 1942 and § 1499.73 (a) (1) (vi) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, *It is ordered:*

1. The maximum prices established for sellers of milk at wholesale and retail by § 1499.2 of the General Maximum Price Regulation are hereby increased by 2¢ a quart and 1¢ a pint.

2. Every person selling milk in bottles or paper containers at an increased price to a seller at retail shall furnish to each such purchaser a statement substantially in the following form:

> The prices for milk have been increased by 2¢ a quart and 1¢ a pint by permission of the Office of Price Administration. You are permitted to increase your prices by the same amount.

3. For the purpose of this order, the sale of milk at retail shall refer to any sale of fluid milk to an ultimate consumer of such milk other than an industrial or commercial user. A sale at wholesale shall refer to any sale of fluid milk in bottles or paper containers, whether by a producer, pasteurizer or other person, to any person, including a commercial and industrial user, other than an ultimate consumer.

4. Milk shall mean cow's milk produced, processed, distributed and sold for consumption in fluid form as whole milk.

5. This order shall be effective from the date hereof. It is subject to revocation or amendment by the Regional Administrator at any time hereafter upon a finding that the prevailing prices for fluid milk in cities adjoining Phelps shall have decreased, or for other reasons. This order is further subject to revocation by any Price Regulation issued hereafter, or by any supplement or amendment hereafter issued as to any Price Regulation the provisions of which may be contrary hereto.

6. This order shall apply to all sales and deliveries of fluid milk at wholesale and retail within the city of Phelps, Wisconsin, and within a distance of one mile from the city limits thereof.

PROCLAMATION 2590

THIRD WAR LOAN DRIVE

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Recognizing the fact that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this 26th day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence of the United States of America the one hundred and sixty-eighth.

[SEAL]

FRANKLIN D ROOSEVELT

CORDELL HULL,
Secretary of State.

PART 922—MILK IN THE CINCINNATI, OHIO, MARKETING AREA

HANDLING OF MILK

It is hereby found and determined that the above entitled order regulating the handling of milk in the Cincinnati, Ohio, marketing area, issued by the Secretary of Agriculture on November 29, 1940, effective on and after December 2, 1940, and suspended on February 28, 1942, no longer tends to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended.

It is therefore ordered, That said order regulating the handling of milk in the Cincinnati, Ohio, marketing area is hereby terminated.

Done at Washington, D. C., this 27th day of July 1943.

THOMAS J. FLAVIN,
Assistant to the War Food Administrator.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Order 357]

PART 306—DISTRICT BOARDS

TERMINATION OF FUNCTIONS OF DISTRICT BOARDS

An order concerning the termination of the functions of all district boards under the Bituminous Coal Act of 1937, as amended, the liquidation of their assets, and the preservation of their records.

There having been organized, pursuant to the provisions of the Bituminous Coal Act of 1937, as amended, a district board for each of the districts set forth in the Annex to said Act, with the exception of District No. 21; and

It appearing that said boards have from time to time levied assessments upon the code members within their respective districts and have collected funds with which to defray the expenses of said boards; and that said boards have obtained from code members certain information to aid them in performing their functions under the Act; and

It further appearing that proper arrangements or plans should be made in respect to the assets and records of the district boards within sixty days after 12:01 a. m., August 24, 1943, the time at which the Bituminous Coal Act of 1937, as amended, ceases to be in effect (except as provided in section 13 of the Revised Statutes): *Now, therefore, it is ordered,* That:

1. Each district board shall, as soon as practicable and within sixty days after 12:01 a. m., August 24, 1943, liquidate its assets, including all cash, tangible and intangible property, and make a pro rata equitable distribution of the proceeds thereof among the code members within the district having an interest in said proceeds.

2. Each district board shall arrange for the safekeeping of its records and data filed with it by code members, so that they shall be available at the request of the Secretary of the Interior. If no other satisfactory arrangements can be made, the district board shall deliver said records and data to the Secretary of the Interior for safekeeping.

3. Each district board shall file with the Bituminous Coal Division, on or before August 10, 1943, a reasonably detailed report of its plans for carrying out the purposes of this order.

4. With the expiration of the Bituminous Coal Act of 1937, as amended, at 12:01 a. m., August 24, 1943 (except as provided in section 13 of the Revised Statutes), the district boards shall cease to have any official status by virtue of their organization under the Act.

Dated: July 26, 1943.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines located in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final August 10, 1943, unless it shall otherwise be ordered.

Dated: July 17, 1943.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10 for change in shipping point and railroad for the coals of certain mines.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of Catlin, Illinois in lieu of Danville, Illinois as a shipping point for the coals produced by Tilton Mining Co. Mine, Mine Index No. 171, of Wm. A. Martin (Tilton Mining Company), for all shipments except truck; and also requesting the establishment, both temporary and permanent, of the Illinois Central Railroad in lieu of the Louisville & Nashville Railroad for the shipment of the coals produced by the Service Mine, Mine Index No. 159, of Service Coal & Mining Company, for all shipments except truck; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and that no petitions of intervention have been filed with the Division in the above-entitled matter, and that the following action is deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 330.1 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in oppcsition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final August 10, 1943, unless it shall otherwise be ordered.

The original petition in this matter requests that no exceptions be allowed with respect to locomotive fuel sold to off-line railroads. Nevertheless, railroad locomotive fuel Price Exception 1–A of Minimum Price Schedule No. 1 for District No. 10 for all shipments except truck, as heretofore established in General Docket No. 15, is applicable to the coals of Mine Index No. 171, and railroad locomotive fuel Price Exceptions 1–D, 2–C, 3–B and 4 in said minimum price schedule was heretofore established in General Docket No. 15, and Price Exception 61, established by the order of the Director in Docket No. A–125 are applicable to the coals of Mine Index No. 159. Since no adequate reason has been advanced for denying the application of Price Exception 1–A to the coals of Mine Index No. 171 and Price Exception 1–D, 2–C, 3–B, 4 and 61 to the coals of Mine Index No. 159, the relief granted herein continues to afford these producers the same competitive opportunity that was heretofore established by the orders in General Docket No. 15 and Docket No. A–125.

Dated: July 19, 1943.

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING RELIEF

Temporary and conditionally final order terminating relief granted by order entered on April 12, 1943 in Docket No. A-1944 and reinstating relief granted by order entered on January 5, 1943 in Docket No. A-1813 in the matter of the petition of District Board No. 11 for the establishment of price classifications and minimum prices for the Standard Materials No. 1 Mine and in the matter of the petition of District Board No. 11 for the establishment of an additional loading point for the coals produced at the Standard Materials No. 1 Mine.

On June 25, 1943 District Board No. 11 filed a motion requesting that the relief

granted in the Order entered on April 21, 1943, 8 F.R. 6205, in Docket No. A–1944, establishing an additional loading point at Clinton on the C&EI Railroad in Freight Origin Group No. 42 for the coals produced at the No. 1 Mine, Mine Index No. 1373, of the Standard Materials Corporation, be terminated and, in view of the Order of April 21, 1943, that the relief granted in the Order entered on January 5, 1943, 8 F.R. 1055, in Docket No. A–1813 establishing minimum prices and price classifications for the coals of the aforesaid mine for rail shipments originating at West Clinton, Indiana, on the CMSTP&P Railroad, Freight Origin Group No. 40, be reinstated.

In support of its motion District Board No. 11 stated that Standard Materials Corporation discontinued the use of the loading point at Clinton, Indiana, on June 22, 1943 and that on and after that date the said producer will use exclusively the loading point at West Clinton, Indiana.

Good cause has been shown why said motion should be granted.

Now, therefore, it is ordered, That pending further order, the relief granted in the order issued on April 21, 1943, 8 F.R. 6205, in Docket No. A–1944 be and the same is hereby terminated and that the relief granted in the order issued on January 5, 1943, 8 F.R. 1055, in Docket No. A–1813 be and the same shall continue in full force and effect.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matters and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943 pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final August 10, 1943, unless it shall otherwise be ordered.

Dated: July 27, 1943.

AUTHORITY: Regulations in this subchapter issued under P. D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–377]

HADER ROOFING AND FURNACE CO.

Hader Roofing and Furnace Company, a partnership composed of Jacob Hader, Paul Hader and Andrew Hader, located at 3230 Harrison Avenue, Cincinnati, Ohio, is engaged in the business of selling and installing roofing and heating equipment and supplies. In nine instances between June 19, 1942 and November 30, 1942, Hader Roofing and Furnace Company made sales, deliveries and installations of items of new metal heating equipment, the total sales value of which was $2,182.05, in violation of the provisions governing and regulating such sales and deliveries contained in Limitation Order L–79.

The Hader Roofing and Furnace Company did also in four instances between the dates of June 3 and October 24, 1942, make sales, deliveries and installations of new metal heating equipment, the total sales value of which was $2,534.00, in violation of the provisions governing and regulating such sales and deliveries contained in Preference Rating Order P–84, and also in Limitation Order L–79.

These sales, deliveries and installations were made in such reckless disregard of the aforesaid Limitation Order L–79 and Preference Rating Order P–84 as to constitute wilful violations thereof, and these violations hampered and impeded the war effort of the United States, by diverting scarce materials to uses not authorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.377 *Suspension Order No. S–377.* (a) Jacob Hader, Paul Hader and Andrew Hader, doing business as Hader Roofing and Furnace Company or otherwise, its or their successors and assigns, are hereby prohibited from accepting deliveries of, receiving, delivering, selling, installing, transferring or otherwise dealing in any new metal heating equipment as defined in Limitation Order L–79 or in Preference Rating Order P–84, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Jacob Hader, Paul Hader and Andrew Hader, doing business as Hader Roofing and Furnace Company or otherwise, its or their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on July 28, 1943, and shall expire on October 28, 1943, at which time the restrictions contained in this order shall be of no further effect.

Issued this 21st day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1021—FURNACES

[General Limitation Order L–22 as Amended July 28, 1943]

Section 1021.1 (*General Limitation Order L–22*) is hereby amended to read as follows:

§ 1021.1 *General Limitation Order L–22*—(a) *Definitions.* For the purposes of this order:

(1) "Furnace" means any direct fired air heating unit which is designed for the purpose of heating the interior of a building, including but not limited to, any heating device commonly known as a gravity or forced warm air furnace, a free-standing heater or a floor-mounted unit heater for use with or without air distribution pipes. But "furnace" does not mean a domestic heating stove as defined in Supplementary General Limitation Order L–23–c, extended surface heating equipment as defined in General Limitation Order L–107, a direct-fired suspended unit heater, or a floor or wall furnace.

(2) "Steel furnace" means any furnace the heating surface of which is wholly or partially made of steel.

(3) "Cast iron furnace" means any furnace the heating surface of which is made of cast iron.

(4) "Base period" means the three year period ending April 11, 1942.

(b) *Restrictions on manufacture.* (1) No person shall manufacture, fabricate or assemble any steel furnace except:

(i) From materials in inventory on July 28, 1943 or as authorized from time to time by the War Production Board under the Controlled Materials Plan or otherwise.

[1] Form filed with the original document.

(2) On and after September 26, 1943, no person shall manufacture, fabricate or assemble any steel furnace designed to burn solid fuel except in accordance with the simplified practices as provided in paragraph (d).

(3) On and after September 26, 1943, no person shall manufacture, fabricate or assemble any cast-iron furnace designed to burn solid fuel except in accordance with the simplified practices as provided in paragraph (d).

(4) Any person desiring to produce furnaces and not having a production record of solid, liquid or gaseous fuel burning furnaces made of cast-iron or steel during the base period, shall submit the specifications of any such furnaces to the War Production Board before beginning the manufacture of any such furnaces. The War Production Board may then authorize the production of such furnaces.

(c) *Furnaces to be delivered only on rated orders.* On and after August 1, 1943, no person shall deliver any furnace except on an order rated A–10 or higher.

(d) *Simplified practices.* On and after September 26, 1943 no person shall manufacture, fabricate or assemble any furnace designed to burn solid fuel except in accordance with the following practices:

(1) Only one model each of cast iron and steel furnaces of the same nominal firepot diameter or the same grate area shall be manufactured.

(2) The metal casing supplied with a furnace rated between 50,000 and 250,000 BTU shall be cylindrical when used on gravity installations.

(3) Cylindrical casings used on furnaces of less than 250,000 BTU shall not be heavier than 26 gauge.

(4) The following parts shall not be made of metal:

(i) Feed door smoke curtains.
(ii) Feed door linings.
(iii) Hot blast lift doors.
(iv) Water pans.
(v) Humidifiers.
(vi) Coiled wire handles or "detachable type" handles.
(vii) Extra panels for turning radiators (unless specifically ordered for an individual installation).
(viii) More than one detachable name plate.
(ix) Inner liner for casing.
(x) Upright shaker handle, except cast iron.

(e) *Restriction on shipment of accessories.* On and after September 26, 1943 no person shall ship any of the following accessories with any furnace other than a furnace delivered to or for the account of the Army, Navy, War Shipping Administration or the Maritime Commission of the United States, or for use in any building or project authorized under order P–55–b or rated under any order in the P–55 series or any order in the P–19 series.

(i) Iron or steel poker.
(ii) Metal check damper.
(iii) Metal hand control draft regulator, chain and pulleys.

(f) *Parts.* Nothing in this order shall prohibit or restrict the manufacture or shipment of repair parts for furnaces or parts necessary to convert a furnace from oil or gas burning to coal burning.

(g) *Applicability of other orders.* Insofar as any other order issued by the War Production Board, or to be issued by it hereafter, limits the use of any material to a greater extent than the limitations imposed by this order, the restrictions of such order shall govern unless otherwise specified therein.

(h) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB–1477 (formerly PD–500) with the Field Office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(i) *Communications.* All communications concerning this order, unless otherwise directed, should be addressed to the War Production Board, Plumbing and Heating Division, Washington 25, D. C., Ref: L–22.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 28th day of July 1943.

PART 1193—COTTON TEXTILE PRODUCTION

[Supplementary Limitation Order L–99–a, as Amended July 28, 1943 [1]]

§ 1193.2 *Supplementary Limitation Order L–99–a*—(a) *80 squares.* No producer or converter of cotton textiles shall sell or deliver any 39" 80/80 4.00 yard print cloth or pro rata widths thereof, gray or finished, except to fill orders bearing a preference rating of AA–5 or better. This restriction shall not apply to off-quality cloth of a combined total not exceeding two (2%) per cent of the producer's or converter's production of the cloth referred to in this paragraph.

(b) *Bandage cloth.* No producer or converter of cotton textiles shall process or convert any 38½" 44/36 8.60 yard or 38½" 44/40 8.20 yard print cloth, or pro rata widths thereof, gray or finished, except to render the same suitable for manufacture into surgical dressings or cheese bandages. No producer, converter, or jobber (one who sells to a manufacturer, or for resale) shall sell or deliver such cloth, knowing or having reason to believe that such cloth will be used other than for manufacture into such dressings or bandages. These restrictions shall not apply to specific orders for delivery to or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, or to off-quality cloth of a combined total not exceeding two (2%) per cent of the producer's or converter's production of the cloth referred to in this paragraph.

(c) *Bandage cloth loom assignment.* No producer of cotton textiles, who on July 3, 1943, assigned or operated a loom for the production of 38½" 44/36 8.60 yard print cloth, or pro rata widths thereof, shall operate that loom on any other construction. No producer of cotton textiles, who on July 3, 1943 assigned or operated a loom for the production of 38½" 40/32 9.80 or 38½" 48/44 7.46 yarn print cloths, or pro rata widths thereof, shall operate that loom on any other than one of the three constructions mentioned in this paragraph (c), or pro rata widths thereof.

(d) *Diaper cloth.* No person shall sell, deliver, buy or accept any gauze diaper cloth or birdseye diaper cloth, any new product made therefrom or new diapers, knowing or having reason to believe that the same will be used for industrial purposes, and no manufacturer or processor of any product shall use gauze diaper cloth or birdseye diaper cloth, any new product made therefrom or new diapers for industrial purposes. This restriction shall not apply to off-quality cloth of a combined total not exceeding two (2%) per cent of the producer's or manufacturer's production of diaper cloth and diapers.

[1] This document is a corrected copy of L–99–a as amended July 23, 1943, which appeared in the FEDERAL REGISTER of July 24, 1943, page 10350, and reflects the order in its corrected form as of July 23, 1943. Item numbered "2" in paragraph (e) corrected to read "22".

(e) *Spindle assignment.* No producer of cotton textiles, who on July 3, 1943, assigned or operated a spindle for the production of cotton sale yarn or any other cotton product, referred to in one of the items numbered "1" to "13" inclusive, "16" to "20", inclusive, "22", "23", "25" to "29" inclusive, or "38" to "78", inclusive, on Form WPB 658–E (6–28–43), shall operate that spindle for the production of any product not within that item. The operation may be in any count within the range referred to in the item. (For example, if on July 3, 1943, a spindle was operated on or was assigned to "17's" single carded weaving sale yarn—which falls within Item No. "3" on said form—it may be operated only on such a yarn within the range of "15's" to "20's", inclusive.)

Issued this 23d day of July 1943.

PART 1202—EXTENDED SURFACE HEATING EQUIPMENT

[General Limitation Order L–107, as amended July 28, 1943]

Section 1202.1 *General Limitation Order No. L–107* is hereby amended to read as follows:

§ 1202.1 *General Limitation Order No. L–107*—(a) *Definitions.* For the purpose of this order:

(1) "Extended surface heating equipment" means a heat transfer element or any apparatus employing a heat transfer element, designed and constructed for space heating or for industrial heating or drying, and includes, but is not limited to unit heaters, unit ventilators, convectors, blast heating coils and special heating coils. Extended surface heating equipment shall not include heaters for automotive vehicles or aircraft, jacket water coolers for internal combustion engines or critical heat exchangers as defined in Limitation Order L–172 or any device using electricity or any fluid (liquid, gas or vapor) other than steam or hot water as the heating medium, nor any machinery or equipment described in paragraph (e) of this order.

(2) "Heat transfer element" means any device made of metal, of fin-tube construction, designed and constructed for the purpose of transferring heat from steam or water to air. Heat transfer element shall not include any cast iron radiation device designed and constructed for the purpose of transferring heat from steam or water to air, or any device of similar construction designed and constructed for decreasing the temperature of air. Heat transfer element shall include, but is not limited to a heat transfer element designed and constructed as a component part of any machinery or any equipment described in paragraph (e) of this order.

(3) "Repair order" means any order for any part or accessory used to replace any similar part or accessory of extended surface heating equipment required by actual or imminent breakdown of such equipment.

(4) "Producer" means any person who manufactures, fabricates or assembles extended surface heating equipment or heat transfer elements.

(5) "Approved order" means:

(i) Any order which bears a preference rating of AA–5 or better, and a date for delivery specified by the person who has placed the order; or

(ii) Any repair order as defined in paragraph (a) (3) of this order; or

(iii) Any order which has been accepted by a producer prior to August 7, 1943.

(b) *Restrictions on delivery.* On and after the 7th day of August, 1943 no person shall make physical delivery of any extended surface heating equipment except pursuant to an approved order.

(c) *Production and delivery schedules.* (1) The War Production Board may at any time or from time to time require any producer to file a report showing his production and delivery schedule for extended surface heating equipment during any period, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(2) The War Production Board, at its discretion, may require that any producer shall deliver any extended surface heating equipment only in accordance with the schedule filed pursuant to paragraph (c) (1) of this order as such schedule may be approved or changed by the War Production Board. The War Production Board may, if it deems such action to be necessary or advisable:

(i) Direct the return or cancellation of an order on the books of any producer.

(ii) Direct changes in the delivery or production schedule of any producer.

(iii) Allocate orders placed with one producer to another producer.

(iv) Specify the proportion of production or material to be used for any purpose.

Each producer shall schedule (or reschedule, if necessary), his production and shall make deliveries in accordance with such specific written directions as may be issued from time to time by the War Production Board.

(3) The production and delivery schedules established by any such specific directions issued pursuant to (c) (2) above shall be maintained, subject to the provisions of Priorities Regulation 18, without regard to any preference ratings theretofore or thereafter assigned to particular contracts, commitments or purchase orders, and without regard to production schedules already in effect; and may be altered only upon specific written direction of the War Production Board. Any such schedule shall be deemed a "Frozen Schedule" within the meaning of Priorities Regulation 18.

(4) If it becomes impossible for any producer to maintain production and delivery of any extended surface heating equipment in accordance with any schedule approved by the War Production Board, he shall notify the War Production Board, and unless otherwise directed he shall postpone production and delivery only to the extent required by the circumstances causing his failure to maintain production and delivery as reported to the War Production Board.

(d) *Simplification schedules.* The War Production Board may, from time to time, issue schedules establishing simplified practices with respect to types, sizes, forms, specifications or other qualifications for any extended surface heating equipment. From and after the effective date of any such schedule, no such equipment shall be manufactured, fabricated or assembled or delivered by or accepted from any manufacturer except in conformity with the issued schedule, and except as specifically permitted by such schedule.

(e) *Excepted machinery or equipment.* Machinery or equipment, listed in this paragraph, is not subject to the restrictions of this order, except for the heat transfer elements of such machinery or equipment.

(1) Any refrigeration and air conditioning equipment as defined in Limitation Order L–38; or

(2) Any commercial laundry machinery as defined in Limitation Order L–91; or

(3) Any industrial machinery or equipment now specifically restricted or limited as to production or delivery by any order issued by the War Production Board, except that any heat transfer element designed and constructed as a component part of such machinery or equipment shall be subject to the restrictions of this order.

(f) *Reports.* Each producer shall execute and file with the War Production Board such reports as the War Production Board may specify from time to time, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(g) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(h) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(i) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Plumbing and Heating Division, Washington 25, D. C., Reference L–107.

(j) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time, except as otherwise provided herein.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 28th day of July 1943.

§ 1202.2 *Schedule I to Limitation Order L–107* EQUIPMENT

[Schedule I to Limitation Order L–107]

§ 1202.2 *Schedule I to Limitation Order L–107.*—(a) *Definitions.* For the purpose of this schedule:

(1) "Unit heater" means any extended surface heating equipment which is a factory made assembly and which consists of a heating element and a motor driven fan or blower (or fans or blowers) enclosed in a casing having an air inlet and an air outlet, designed to be placed within or adjacent to a space to be heated and to heat such space by circulating air within it.

(2) "Unit ventilator" means any extended surface heating equipment which is a factory made assembly and which consists of a standard (single tube) heating element with by-pass and temperature regulation dampers, or a distributing tube heating element without by-pass and temperature regulating dampers, a motor driven fan or blower (or fans or blowers) and fresh air regulation damper (or dampers) enclosed in a casing having a fresh air inlet and an air outlet and designed to be placed within or adjacent to a space to be heated, and to heat and ventilate such space by circulating air through it.

(3) "Convector" means any extended surface heating equipment which consists of a heat transfer element enclosed in a cabinet or casing which has an air inlet and an air outlet, and which cabinet or casing serves as a stack to accelerate the circulation of air through the heating element.

(4) "Blast heating coil" means any heat transfer element designed for installation in duct work, for space heating or for drying purposes.

(5) "Special heating coil" means any extended surface heating equipment or any heat transfer element which is not a unit heater, unit ventilator, convector, or blast heating coil as defined in paragraph (a) (1), (2), (3) and (4) of this schedule, and includes, but is not limited to, a convector-radiator or finned-pipe, or any heat transfer element specifically designed for incorporation by a person other than the producer, into extended surface heating equipment or into any other equipment or machinery.

(6) "Standard size unit heater" means a unit heater having certain overall physical dimensions, as specific heating element and a specific fan (or fans), which will develop a specific BTU output per hour heating capacity with free air delivery, when supplied with steam at two (2) pounds pressure per square inch and air at 60 degrees Fahrenheit, and when equipped with a specific single-phase, 60 cycle A. C. electric motor arranged to drive the fan (or fans) at a specific speed.

A standard size unit heater shall not be deemed to be changed;

(i) When the BTU capacity is altered by use of any attachments or appurtenances or by use of an electric motor driven by current other than single-phase 60 cycle A. C.: *Provided*, That when another current is used the speed of the motor shall approximate the speed attained with a single-phase 60 cycle A. C. motor; or

(ii) In the case of any large housed blower unit by the substitution of a tube-within-a-tube heat transfer element of the same heating capacity as that replaced.

(7) "Modified size unit heater" means a standard size unit heater which has been altered by substituting for its heat transfer element one having less surface, for the purpose of lowering the temperature of the discharged air, when the unit heater is to be operated with steam at a pressure of 30 or more pounds per square inch.

(b) *Simplified practices.* Pursuant to Limitation Order L–107 the following simplified practices are established for the manufacture, fabrication or assembly of extended surface heating equipment:

(1) *Unit heaters.* (i) Manufacture, fabrication or assembly by any producer, is limited to horizontal propeller fan type, vertical propeller fan type, large housed blower type, and small cabinet blower type;

(ii) Heat transfer elements known as double-tube or tube-within-a-tube coils are permitted only in standard size large housed blower type unit heaters, and then only if all temperature regulation dampers are omitted;

(iii) Manufacture, fabrication or assembly by any producer is limited to not more than 48 sizes, of which not more than 24 shall be standard size unit heaters, and not more than 24 shall be modified size unit heaters; *Provided*, That no more than 10 standard size unit heaters and 10 modified size unit heaters may be made in any one of the following three types; horizontal propeller fan type, vertical propeller fan type, and large housed blower type; *And provided, further*, That not more than two standard size unit heaters may be made in the small cabinet blower type;

(iv) Not more than one model of any one size may be made, but a model will not be deemed to be changed by the inclusion or omission of attachments or accessories such as dampers or filters, or in case of a large housed blower type unit by the substitution of a double-tube or a tube-within-a-tube for a single tube heat transfer element;

(v) No horizontal propeller fan type unit heater shall be made smaller than 24,000 BTU per hour output capacity;

(vi) No vertical propeller fan type unit heaters shall be made smaller than 144,000 BTU per hour output capacity;

(vii) No large housed blower type unit heater shall be made smaller than 216,000 BTU per hour output capacity;

(viii) No small cabinet blower type unit heater shall be made larger than 150,000 BTU per hour output capacity.

(2) *Unit ventilators.* (i) Manufacture, fabrication or assembly, by any producer, is limited to six sizes based upon rated c. f. m. free air delivery capacity (A. S. H. V. L. standard anemometer test), not more than four of which shall be other than the so-called cabinet schoolroom type. Not more than two different sizes of heating elements shall be used in any given size of unit ventilator;

(ii) So-called cabinet type, schoolroom unit ventilators shall be made only with free-standing cabinets without special provisions for recessing in wall construction.

(3) *Convectors.* (i) Manufacture, fabrication or assembly by any producer is limited to not more than 20 sizes as determined by the rated E. D. R. capacity. Nominal depths shall not be other than 6, 8 or 12 inches;

(ii) Not more than two styles of and headers shall be used for all sizes of convectors, regardless of the type or size of pipe connections;

(iii) Cabinets shall be limited to three heights and shall be either free standing or wall hung models, without special provisions for installation in wall recesses. Only one style of damper and one style of grille is permitted and only one grille may be provided for any convector cabinet.

(4) *Blast heating coils.* (i) Manufacture, fabrication or assembly by any producer of any single tube blast heating coil is limited to not more than five widths (or heights), of which at least two shall be small "booster" coils;

(ii) Manufacture, fabrication or assembly by any producer of any double-tube or tube-within-a-tube blast heating coil is limited to not more than three widths or heights;

(iii) Tubes for such coils shall not be of any but the following nominal lengths:

INCHES

12	36	72
15	42	84
18	48	96
21	54	108
24	60	120
30	66	132
		144;

(iv) Such coils shall be only of types with one or two rows of tubes;

(v) Such coils shall be made in not more than two different numbers of fins per inch of length.

(5) *Special heating coils.* Manufacture, fabrication or assembly by any producer is limited to those sizes, types and designs produced by him on or before the 28th day of July 1943.

(6) Alloys used for coating heat transfer elements or parts thereof shall not contain more than seven percent of tin by weight.

(7) Casings, enclosures and parts thereof shall not contain any metal other than iron and steel and, except for small fittings, shall not be coated with any

metal other than lead, or metal which may be a part of a paint mixture, provided such use of such metal is not prohibited by any order of the War Production Board.

(8) Electric motors shall be single speed types only. Direct current motors used with belt driven equipment shall have a rated speed of 1800 R. P. M.; alternating current motors so used shall have not more than four poles.

(9) The use of copper, copper base alloy or aluminum in extended surface heating equipment is prohibited except when used in accordance with Conservation Order No. M–9–c or any Order in the M–1 series.

(c) *General exceptions.* The provisions of this Schedule shall not apply to any extended surface heating equipment manufactured, fabricated or assembled on a contract, sub-contract or purchase order for delivery to or for the account of the Army, Navy, Maritime Commission or War Shipping Administration of the United States for use on ships, including floating drydocks.

(d) *Selection and report of models and sizes.* Each producer of extended surface heating equipment shall determine the models and sizes of the various kinds of extended surface heating equipment which he proposes to manufacture, fabricate, or assemble under this Schedule, and shall report to the War Production Board on Form WPB 1902 (PD–754), on or before the 27th day of August, 1943, a complete description of each model and size to be manufactured, fabricated or assembled. Each producer shall thereafter produce only those models and sizes so reported, unless written permission is received from the War Production Board to produce any other models or sizes than those reported. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(e) *Repair parts.* Nothing in this Schedule shall restrict the manufacture or shipment of repair parts for any extended surface heating equipment.

(f) *Effective date of simplified practices; exceptions; report.* (1) On and after the 26th day of September, 1943, no extended surface heating equipment (except repair parts), which does not conform to the simplified practices established in this schedule, shall be produced or delivered by any producer or accepted by any person from any producer: *Provided, however,* That except as noted in (2) below, the foregoing shall not prohibit the delivery by any producer or acceptance by any person of such extended surface heating equipment not in conformity with these simplified practices, in his stock in finished form on the 26th day of September, 1943, or which can be assembled into completed equipment from cast, machined or otherwise processed materials in the producer's inventory on said date.

(2) No extended surface heating equipment, the heat transfer elements of which are made of copper or copper base alloy, shall be delivered by any producer or accepted by any person from any producer, except in accordance with the provisions of Conservation Order M–9–c as amended from time to time.

(3) Each producer shall report in a letter on or before the 27th day of August, 1943, the number and size of each type of extended surface heating equipment defined in this schedule not in conformity with the provisions of this schedule and which he has produced or will produce and offer for sale on and after the 26th day of September, 1943. The War Production Board may thereupon take such action, with respect to such extended surface heating equipment, as it deems advisable. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 28th day of July 1943.

PART 1227—AROMATIC PETROLEUM SOLVENTS

[Allocation Order M–150 as Amended July 28, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of aromatic petroleum solvents for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1227.1 *Allocation Order M–150*—(a) *Definitions.* For the purposes of this order:

(1) "Aromatic petroleum solvents" means solvents or naphthas of petroleum origin, other than benzol and toluol, containing more than 30% by volume of aromatic hydrocarbons as determined by the analytical procedure described as "Proximate Analysis of Hydrocarbon Thinners" published in the Scientific Section Circular No. 568 of the National Paint, Varnish and Lacquer Association, November, 1938, pages 381–388, and having A. S. T. M. 50% distillation point lower than 330° F.

Such term also includes all grades of xylol, regardless of whether derived from petroleum, coal tar or other sources, and includes high-flash naphtha as defined in the next paragraph.

(2) "High-flash naphtha" means water white coal tar solvent naphtha, refined from coke oven light oil, coal tar distillate, drip oils or holder oils.

(3) "Producer" means any person engaged in the production of aromatic petroleum solvents and includes any person who has such materials produced for him pursuant to toll agreement.

(4) "Distributor" means any person who purchases or has purchased aromatic petroleum solvents for resale, excluding, however, any person who sells aromatic petroleum solvents only in containers of capacities of sixty (60) gallons or less.

NOTE: Paragraphs (3), (4) redesignated July 28, 1943.

(b) *Restrictions on use and delivery of aromatic petroleum solvents.* (1) No producer or distributor shall deliver aromatic petroleum solvents other than high-flash naphtha at any time, or high-flash naphtha on and after September 1, 1943, and no person shall accept such delivery, except as specifically authorized in writing by the War Production Board upon application pursuant to paragraph (f).

(2) No person, including a producer or distributor, shall use aromatic petroleum solvents other than high-flash naphtha at any time or high-flash naphtha on and after September 1, 1943, except as specifically authorized in writing by the War Production Board upon application pursuant to paragraph (f).

(3) Each person accepting delivery of any aromatic petroleum solvent pursuant to specific authorization of the War Production Board shall use such aromatic petroleum solvent only for the purposes specified in such authorization.

(4) Each person affected by this order shall comply with such directions as may be given from time to time by the War Production Board, with respect to the use or delivery by such person of any aromatic petroleum solvent.

(c) *Small order exemptions.* Notwithstanding the provisions of paragraphs (b) (1) and (2):

(1) Any person may, without specific authorization, accept delivery from all suppliers, and use for any purpose, 60 gallons or less of aromatic petroleum solvents in any calendar month.

(2) Any person may, without specific authorization, accept delivery of 550 gallons or less of aromatic petroleum solvents other than high-flash naphtha, including quantities received pursuant to paragraph (c) (1) above, from all suppliers during any calendar month, and may use these solvents only as follows:

(i) Toluene range aromatic petroleum solvents only for barrage balloon cloth treatment, aircraft finishes, synthetic rubber manufacture and processing, or impregnation of wire and cable coatings.

(ii) Aromatic petroleum solvents other than toluene range solvents only for the uses listed in Schedule A annexed hereto.

(3) Authorization by the War Production Board is required for any producer or distributor to make such small order deliveries, upon application pursuant to paragraph (f) requesting an aggregate quantity of aromatic petroleum solvents for small orders.

(d) *Special exemption.* The restrictions provided for in paragraph (b) (1) hereof shall not apply to, and the specific authorization provided for in paragraph (b) (2) hereof, shall not be required with respect to, delivery to, or acceptance of delivery or use by, any person of any intermediate fraction for the manufacture of any aromatic petroleum solvents.

(e) *Production of aromatic petroleum solvents.* Each producer shall comply with such directions as may be given from time to time by the War Production Board with respect to the production of any aromatic petroleum solvent.

(f) *Applications and reports.* (1) The following instructions for filling out Forms WPB 2945 (formerly PD–600) and WPB 2946 (formerly PD–601) are intended to clarify but not to alter the practice previously followed in allocations under this order.

(2) Each person seeking authorization to use or accept delivery of aromatic petroleum solvents shall file application on Form WPB 2945 (formerly PD–600) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

Form WPB 2945. Copies of Form WPB 2945 (formerly PD–600) may be obtained at local field offices of the War Production Board.

Time. Applications shall be made in time to ensure that copies will have reached the supplier and the War Production Board on or before the 10th day of the month preceding the month for which authorization to use or accept delivery is requested, if the supplier is a producer, on or before the 5th day if the supplier is a distributor.

Number of copies. Five copies shall be prepared, of which one shall be retained by the applicant, one (with Tables II, III and IV left blank) shall be forwarded to the supplier, and three completely filled out certified copies shall be forwarded to the War Production Board, Chemicals Division, Washington, D. C., Reference M–150.

Number of sets. A separate set of WPB 2945 (formerly PD–600) application blanks shall be submitted for each supplier, and for each plant of the applicant.

Heading. Under name of chemical specify aromatic petroleum solvents; under War Production Board order number, specify M–150; under unit of measure, specify gallons; and otherwise fill in as indicated.

Table I. Specify in the heading the month and year for which authorization for acceptance of delivery or use is requested.

Column 1. Specify trade name and number or letter, except in the case of xylol, in which case specify "xyol" and the degrees of range or other common identification.

Column 2. Specify gallons of aromatic petroleum solvents requested for each primary product and product use specified in Columns 3 and 4.

Column 3. Fill in as follows:

Paint.
Varnish.
Enamel.
Synthetic enamel.
Lacquer.
Flameproof composition.
Natural rubber solution.
Synthetic rubber solution.
Lacquer thinner.
Synthetic enamel reducer.
General solvents.
Dye stuffs.
Intermediates.
Other organic chemical.
Other (specify).
Resale (in original form).
Export (in orginal form).
Inventory (in original form).

Column 4. Opposite each primary product listed in Column 3, specify in Column 4 the product end use and governing military or Lend-Lease contract or specification number, if any. In describing end use the applicant may be guided by end use lists issued by the Chemicals Division for the guidance of protective coating manufacturers.

Opposite "Resale" or "Inventory" in Column 3, write in Column 4 "subject to further authorization", or specify "deliveries exclusively in containers of 60 gallons or less".

Opposite "Export" in Column 3, specify in Column 4 the name of the individual company or governmental agency to whom or for whose account the solvents will be exported, the country of destination and governing export license or contract numbers, unless Lend-Lease, in which case merely specify the Lend-Lease contract or serial number.

Columns 9 and 10. Leave blank, except for remarks, if any, in Column 10.

Table II. Fill in as indicated for each grade or solvent listed in Column 1 of the application.

Table III. Fill in as indicated.

Table IV. Leave blank.

(3) Each producer and distributor shall apply for authorization to make deliveries of aromatic petroleum solvents on Form WPB 2946 (formerly PD–601) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

Form WPB 2946. Copies of Form WPB 2946 (formerly PD–601) may be obtained at local field offices of the War Production Board.

Time. Application shall be made in time to ensure that copies will have reached the War Production Board on or before the 15th day of the month preceding the month for which authorization to make delivery is sought.

Number of copies. Four copies shall be prepared, of which one shall be retained by the applicant and three certified copies shall be forwarded to the War Production Board, Washington, D. C., Reference M–150.

Number of sets. A separate set of forms shall be filed for each plant or distribution point.

A separate set of forms shall be submitted for each type of solvent.

Heading. Under name of chemical, specify type of aromatic petroleum solvent; under War Production Board order number, specify M–150; specify allocation month; under unit of measure, specify gallons; and otherwise fill in as indicated.

Columns 1, 2, 3, 4 and 5. Fill in as indicated. Each customer who has filed Form WPB 2945 (formerly PD–600) with the producer or distributor (including the producer himself if he consumes part of his own production) shall be listed in Column 1. Column 5 is optional. At the end of the list of customers, application may be made for aggregate small order deliveries pursuant to paragraph (c) (4).

Columns 5a, 6 and 7. Leave blank, except for remarks, if any, in Column 7.

Rolling stock requirements. The columns relating to number of hopper cars and tank cars required may be left blank.

Table II. Fill in as indicated for each grade of solvent listed in Column 3, and leave Column 16 blank.

(4) The War Production Board may require any person affected by this order to file such other reports as may be prescribed, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, and may issue special instructions to any such person with respect to filing Form WPB 2945 (formerly PD–600) and Form WPB 2946 (formerly PD–601). Form WPB 2945 and Form WPB 2946 have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(g) *Allocations for inventory.* Aromatic petroleum solvents allocated for inventory shall not be used for any purpose, except as specifically directed by the War Production Board or except to fill orders for authorized uses pending arrival of the solvent allocated to fill such orders. Upon arrival of such solvents, the allocated inventory shall be restored.

(h) *Notification of customers.* Each producer and distributor is requested to notify each of his regular customers as soon as possible of the requirements of this order as amended, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(i) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of aromatic petroleum solvents, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(3) *Violations.* Any person who wilfully violates any provisions of this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C., Reference: M–150.

Issued this 28th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

NOTE: Schedule A added July 28, 1943.

A. Military:
1. All arms and weapons.
2. Firing control equipment.
3. Ammunition and ammunition boxes.
4. Pyrotechnics.
5. Tanks, jeeps, peeps and parts.
6. Paulins and engine covers.
7. Camouflage paint.
8. Chemical resistant finishes for arsenals.
9. Fort, barrack, arsenal, camp, cantonment, & Navy yard finishes.
10. Special naval cable.
11. Special electronic equipment.
12. Signal corps equipment.
13. Canteen and blitz cans.

B. Aircraft:
Finishes for aircraft and aircraft parts.

C. Transportation:
1. Ships and vessels, construction and maintenance and parts.
2. Barges.
3. Plywood watercraft.
4. Dry docks.
5. Buoys.
6. Hawsers (cables).
7. Life preservers and jackets.
8. Motors, engines, and generators.
9. Railway equipment parts, and maintenance (other than freight cars).
10. Railroad military cars.
11. Ambulances.
12. Trucks.
13. Automobiles.
14. Trailers.
15. Motorcycles, bicycles and other vehicles.
16. Brake shoes and linings.

D. Communications and utilities:
1. Searchlights.
2. Military lanterns and flashlights.
3. Light bulbs.
4. Cable core.
5. Cable and wire insulation.
6. Bonding mica for insulation.
7. Electric motors and generating equipment.
8. Batteries.
9. Battery cables.
10. Radio cabinets and boxes (military only).
11. Radio tubes.
12. Other radio parts (military only).
13. Antenna masts.
14. Telephone & Telegraph equipment.

D. Communications and utilities—Con.
15. Gas, power & light plant operations equipment.
16. Central heating plant operational equipment.
17. Water supply plant operational equipment.
18. Water tanks.

E. Textiles and textile treating:
1. Tent proofing.
2. Flame proofing (other than tentage).
3. Gas proofing.
4. Mildew proofing.
5. Water proofing.
6. Wind proofing.
7. Insect cloth.
8. Chevron cloth.
9. Fluorescent coating.
10. Wool pile adhesive.
11. Wool scouring, other than dry cleaning.
12. Leather finishes.

F. Clothing:
1. Shoe parts (Shoe adhesives, combining shoe fabrics, shoe uppers, house slipper uppers, platform binding and heel covers, high heel covers, shoe linings, sock lining on paper heel pads, sock lining on fabric heel pads, innersole binding, house slipper soling).
2. Flying boots.
3. Gas resistant clothing (including leggings and footwear).
4. Flame-proof clothing (including leggings and footwear).
5. Foul weather clothing (including leggings and footwear).
6. Raincoats.
7. Gas masks.
8. Helmets.
9. Helmet liners.
10. Waterproof hat and cap covers.
11. Uniforms.
12. Insignia.

G. Health safety and scientific uses:
1. X-Ray equipment.
2. Pill and tablet coatings.
3. Sutures.
4. Pharmaceutical, medical and surgical supplies (specify).
5. Surgical adhesive tape and plasters.
6. Collodion.
7. Surgical and medical equipment.
8. Surgical and medical instruments.
9. Scientific and precision instruments.

H. Photography:
1. Photographic equipment.
2. Photographic supplies.

I. Printing, publishing and engraving:
1. Gravure ink.
2. Aniline inks.

J. Containers and packaging:
1. Food packaging (containers, closures and linings).
2. Gasoline and water drums.
3. Cellophane.
4. Capsules.
5. Seam sealing of containers.
6. Heat sealing compound.

K. Chemical uses:
1. Vitamin synthesis.
2. De-hydrating agents.
3. Synthetic rubber.
4. Dyestuff and intermediates.
5. Rust preventatives.
6. Alkyd resins (mfgr. only).

L. Industrial operations and equipment:
1. Hoists, cranes, derricks and conveyors.
2. Stationary motors.
3. Elevator equipment.
4. Oil refinery equipment (petroleum equipment operations).
5. Plating and chemical equipment.
6. Textile machinery.
7. Industrial adhesives.
8. Machine tools.
9. Power and transmission equipment.

PART 1288—POWER, STEAM, AND WATER AUXILIARY EQUIPMENT

[Schedule VI to Limitation Order L–154]

AUXILIARY EQUIPMENT AND APPURTENANCES FOR STEAM TURBINES FOR LAND USE

§ 1288.7 *Schedule VI to Limitation Order L–154*—(a) *Definition.* For the purpose of this schedule, "producer" means any person who produces, manufactures, processes, fabricates, or assembles steam turbines for land use.

(b) *Required specifications.* No producer shall install or deliver for installation on any steam turbine designed for land use any of the following items of equipment or appurtenances:

(1) Sheet metal lagging;

(2) Asbestos, plastic or other high temperature molded insulation, except that manufacturers may provide materials (other than asbestos blanket type) for application after erection of the turbine on its permanent foundation;

(3) Ornamental trim;

(4) Gage equipment larger than the following:

(i) Steam gages, 6 inches in diameter (initial pressure, first stage pressure, exhaust pressure);

(ii) Oil pressure gages larger than 4½ inches in diameter;

(iii) Gland water pressure gages larger than 4½ inches in diameter if glands are of the water seal type;

(iv) Any gage larger than the minimum practicable size.

(5) Duplicate gages or other instruments;

(6) Pipe or tubing for oil piping or steam condensate piping, except for metering purposes, which is monel metal or contains 40 per cent or more copper by weight;

(7) More than a single main oil cooler;

(8) More than a single full capacity auxiliary oil pump other than pumps for turning gears and hydrogen cooling equipment.

(9) Special materials and features not customarily furnished by the manufacturer for the conditions under which the turbine is to operate.

Issued this 28th day of July 1943.

PART 3063—FOOTWEAR

[Conservation Order M–217, as Amended July 28, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of shoe manufacturing material for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3063.1 *Conservation Order M–217*—(a) ***Applicability of priorities regulations.*** This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time, except Priorities Regulation 17, which shall be inapplicable to footwear.

(b) *Definitions.* For the purposes of this order:

(1) "Put into process" means the first cutting of leather or fabric in the manufacture of footwear.

(2) "Footwear" includes house slippers, but does not include foot covering designed to be worn over shoes and utilizing no leather.

(3) "Work shoes" means any shoes or boots with unlined quarters which are designed to be worn at any form of work requiring specially heavy or substantially made footwear.

(4) "Horizontal quarter seams" means seams on quarters running in a predominantly horizontal direction (i. e. parallel to the sole).

(5) "Design and construction" of footwear means the make-up of the footwear in every detail, so that any two items of footwear of the same design and construction are necessarily identical, except in size; but does not refer to the means whereby the footwear is manufactured.

(6) "Cattle hide leather" means any leather made from cattle hides, including hides of bulls, cows, and steers, and calf and kip skins (but excluding slunks), and shall also include buffalo hides.

(7) "Pintucking" means a raised effect on the surface of footwear accomplished by either single or double needle stitching, but does not include the raised seam on a moccasin type vamp.

(8) "House slippers" means any footwear designed exclusively for indoor or house wear.

(9) "Padded sole house slippers" means slippers having conventional padded soles where the outsole is made of fabric, imitation leather or split leather not over 2½ ounces in weight and is directly stitched to the upper or to a platform cover.

(10) "Line" means footwear of any one of the following types:

Men's dress,
Men's work,
Youths' and boys',
Women's and growing girls',
Misses' and children's,
Infants',
House slippers,
Athletic,
Men's safety shoes, and
Women's safety shoes,

(11) "Price range" shall have the usual trade significance, provided that the highest list price in the range does not exceed the lowest in the range by more than ten (10%) per cent, or twenty-five (25) cents a pair, whichever is the greater.

(12) "Military footwear" means military type footwear purchased by the Army or Navy of the United States (excluding post exchanges and ship's service stores, wherever situated), the United States Naval Academy at Annapolis, Maryland, the United States Military Academy at West Point, New York, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, the War Shipping Administration, the Government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, the Netherlands, Norway, Poland, Russia, Turkey, the United Kingdom (including its Dominions, Crown Colonies and Protectorates) and Yugoslavia; military type footwear purchased by any agency of the United States for delivery to or for the account of the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); and custom-made footwear delivered for personnel of the Army or Navy of the United States.

(13) "Civilian footwear" as used in paragraph (i) includes all footwear except military footwear and rubber footwear.

(14) "Six months' base period" means any consecutive six calendar months within the period from July 1, 1942 to April 30, 1943 selected by a manufacturer as his base period for the purposes of this order.

(15) "Civilian line quota" means the number of pairs of civilian footwear within a single line manufactured by a person during his six months' base period.

(16) "Safety shoes" means protective occupational footwear incorporating or purporting to incorporate one or more of the following safety features: steel box toe; electrical conductivity; electrical resistance; non-sparking and moulders' (Congress type) protection (shoes which can be quickly removed, worn to protect against splashing metals).

(c) *Curtailment in the use of materials and colors in the manufacture of footwear.* (1) No person shall manufacture, or put into process any leather or fabric for the manufacture of, any footwear with:

(i) Leather seam laps gauging over ½ inch in width.

(ii) Horizontal quarter seams, on lined low quarter shoes.

(iii) Wing or shield tips on men's shoes and boys' shoes over size 6, or wing tips or long shield tips on women's, girls', misses', youths', little gents' and children's shoes and boys' shoes of sizes 6 and under.

(iv) Full overlay tips or full overlay foxings, except on work shoes and house slippers with fabric uppers.

(v) Woven vamp or quarter patterns.

(vi) Quarter collars, except on unlined shoes and house slippers.

(vii) Bows or other ornaments, if made of leather in whole or in part.

(viii) Outside leather taps, on footwear other than men's high shoes, unless the middle sole is of synthetic composition material.

(ix) Leather slip soles other than those cut from bellies or offal.

(x) More than one full leather sole, in goodyear welt footwear other than work shoes.

(xi) Full breasted heels, except on hand-turned footwear.

(xii) Welting in excess of ½ inch in width and 5/32 inch in thickness in shoes other than work shoes, or welting in excess of 9/16 inch in width and 5/32 inch in thickness in work shoes.

(xiii) Straps, buckles, knife pockets or decorative stitching on boots or work shoes.

(xiv) Men's one-piece leather uppers (i. e., vamp and quarter cut in one piece and seamed up the back).

(xv) Extension stitched heel seats, except on:

Prewelts in all sizes,
Stitchdowns in all sizes,
Children's shoes up to and including size 3, and
Safety and established orthopedic footwear.

(xvi) Metal nail heads for studs or any metal for decorative purposes.

(xvii) Any stitching thread made from reserved Egyptian cotton (as defined in Conservation Order M–117) or reserved American extra staple cotton (as defined in Conservation Order M–197) for any decorative or any non-functional purpose.

(xviii) Any non-functional or decorative stitching except:

(*a*) Not more than four rows of non-functional stitching on imitation tips, foxings, saddles, mudguards and moccasin type vamps.

(*b*) Not more than an aggregate of four rows of functional and non-func-

tional stitching parallel to the vamp, tip, foxing, saddle, and moccasin seams.

(c) Design stitching solely to permit direct non-stop stitching between cut-outs.

(d) Design functional stitching on utility work cowboy boots.

(xix) Any strippings, braidings, pin-tuckings, lacings or overlays, except those serving a necessary functional purpose.

(xx) Straps passing over, under or through a tongue or vamp.

(xxi) Raised quarter or raised back seams (other than vertical back seams), except on genuine moccasins.

(xxii) Multiple straps, on Roman sandals.

(xxiii) Kiltie or other ornamental tongues, if made of leather in whole or in part.

(xxiv) Platform soles and platform effects, on all footwear of heel height over 1⅜ inches, using size 4B as the standard.

(xxv) Leather covered platforms or leather platform effects, on any footwear.

(xxvi) Heels gauging over 2⅛ inches in height, using size 4B as the standard.

(xxvii) Metal spikes, on golf shoes.

(xxviii) Caulk or storm welting.

(xix) Rawhide or other leather laces, except on work shoes.

(xxx) Leather loops performing the function of eyelets

(2) No person shall use in the manufacture of any footwear any steel shanks of any gauge except:

18 gauge-- .045 minimum, 50 carbon steel.
21 gauge-- .032 minimum, 50 carbon steel.
19 gauge-- .040 minimum, low carbon or basic steel.

unless such shanks were in said person's inventory on September 10, 1942, or were subsequently acquired from a producer of steel shanks who had, prior to September 10, 1942, rolled steel plate for shanks of a different gauge.

(3) No person shall put into process any leather for the manufacture of any boots except men's blucher high cut laced boots ten inches or under in height (measured from heel seat, using size 7 as the standard) and men's and women's utility work cowboy boots: *Provided, however,* That upon letter application the War Production Board may permit any person to make boots higher than ten inches for use in specified hazardous occupations.

(4) No person shall put into process any leathers or fabrics for the manufacture of footwear of more than one color (subject to unavoidable deviations in shade normally experienced in finishing leathers or dyeing fabrics). This restriction shall apply to the color of stitching, lacing and bindings, but shall not apply to the color of linings and soles. Nothing in this paragraph shall prevent unavoidable discoloring of thread, leather, and perforations as a result of antiquing, or the use of:

(i) Embossed leather or genuine reptiles of the colors permitted in paragraph (f) (1) below but having slight variations in shade caused by normal finishing of such leathers, or

(ii) Embossed leather or genuine reptiles of any color or colors (in all-over shoes) if finished prior to October 16, 1942.

(iii) Shearling collars made of scrap pieces, on house slippers, to the extent available under General Conservation Order M–94.

(iv) An additional color on tips or tongues of safety shoes as above defined.

(5) No person shall put into process for the manufacture of footwear any leather or fabric except leather or fabric finished or dyed in accordance with paragraph (f) below: *Provided, however,* That nothing contained in this paragraph (c) (5) shall prevent any person from using:

(i) Any solid color white cattle hide, turftan, bluejacket blue, gold or silver leather finished prior to March 16, 1943.

(ii) Any other solid color leather or any genuine or imitation reptile leather of any color or colors (in all-over shoes) finished prior to October 16, 1942.

(iii) Any solid color turftan or bluejacket blue fabric acquired by the manufacturer prior to February 20, 1943; or

(iv) Any other solid color fabric dyed prior to September 13, 1942 and acquired by the manufacturer prior to February 16, 1943.

No person shall use any natural colored leather for the manufacture of any footwear except work shoes.

(6) No person shall put into process any cattle hide upper leather (other than kip sides, kipskins and calf) or upper leather splits gauging 4½ ounces or over for the manufacture of any footwear except work shoes, cowboy utility boots and lined police type high shoes.

(7) No person shall put into process any cattle hide upper leather, or grain leather outsoles (except heads, bellies, shins and shanks of 5 iron or less) for the manufacture of house slippers or romeos.

(8) No person shall attach any leather outsoles or outside leather taps to any footwear having raised or flat seam mocassin type vamps (including genuine moccasins utilizing soles) or mudguard vamps, any saddle-type footwear, or any footwear with imitation wing tips, imitation stitched moccasin types, imitation stitched mudguards and imitation stitched saddles; *Provided, however,* That nothing in this subparagraph (c) (8) shall apply to women's and girls' shoes with heels 1⅛ inches and over in height, using size 4B as the standard.

(9) No person shall put into process any patent leather for the manufacture of men's shoes.

(10) No person shall put into process any upper leather or leather or rubber soles for the manufacture of men's sandals.

(11) No person shall manufacture any leather or part leather bows for use on footwear.

(d) *Restrictions on styling and types manufactured.* (1) No person shall put into process any leather or fabric for the manufacture of any footwear of a design and construction not utilized by him between September 1, 1940 and December 31, 1942: *Provided, however,* That this paragraph shall not prevent correction of patterns to the extent necessary to remove features prohibited by this order.

The War Production Board may make exceptions to this paragraph in favor of patterns or designs which will conserve leather or other materials.

(2) No person shall put into process any leather or fabric for the manufacture of any women's evening slippers, except those using gold or silver upper leather finished prior to March 16, 1943 with split, head, belly, shin or shank outsoles of 5 iron or less.

(3) No person shall use special processes or materials at any stage of manufacturing footwear for the purpose of rendering such footwear more adaptable to retail display.

(e) *Exceptions to paragraphs* (c) *and* (d) *above.* The foregoing prohibitions and restrictions of this order shall not apply to:

(1) Footwear the soles other than insoles of which are made wholly from materials other than leather or rubber (which may, however, utilize leather for hinges or for tabs, heel inserts or other nonskid or soundproofing features covering not more than 25% of the area of the bottom of the sole).

(2) Special types of footwear made for the physically deformed or maimed.

(3) Football, baseball, hockey, skating, bowling, track, and ski shoes and other similar footwear designed for use in active participation in sports which require specially constructed footwear for such use. This does not include golf shoes.

(4) Footwear forming part of historical or other costumes for theatrical productions.

(5) Infants' soft sole footwear.

(6) Footwear the uppers of which are made of shearlings not reserved for military use under General Conservation Order M–94.

(f) *Restriction on tanning and dyeing.* (1) No person shall finish any leather for use as upper leather except in the following colors (subject to unavoidable deviations in shade normally experienced in finishing leathers):

Black.
White, except in cattle hide leathers.
Army russet and town brown, as appearing on the Fall 1942 color card of the Textile Color Card Association of the United States, Inc.
Natural color.

(2) No person shall color any leather or dye any fabric for use in shoe uppers except in the colors mentioned in paragraph (f) (1) above, (subject to unavoidable deviations in shade normally experienced in tanning and dyeing).

(3) No person engaged in the business of shoe manufacturing shall dye any new footwear except in the colors mentioned in paragraph (f) (1) above.

(4) The restrictions in this paragraph shall not apply to the dyeing of fabrics for use in padded sole house slippers or footwear of the type referred to in paragraph (e) (1) above.

(g) *General exceptions.* None of the restrictions of this order shall apply to military footwear.

(h) *Restrictions relating to sales and deliveries.* (1) No person shall sell or deliver any new footwear manufactured in the United States of America in violation of this order.

(2) No tanner or sole cutter shall deliver any leather to any shoe manufacturer if he knows or has reason to believe said leather is to be used in violation of the terms of this order.

(3) The prohibitions and restrictions of this paragraph shall not apply to:

(i) Deliveries of footwear or leather by, or to, any person having temporary custody thereof for the sole purpose of transportation or public warehousing.

(ii) Any bank, banker or trust company affecting or participating in a sale or delivery of footwear or leather solely by reason of the presentation, collection, or redemption of an instrument, whether negotiable or otherwise.

(4) In making sales or delivery of any footwear, no person shall make discriminatory cuts in quantity or quality between customers who meet such person's regularly established prices, terms and credit requirements, or between customers and his own consumption of said footwear. Reduction in sales or deliveries proportionate with any curtailment in supply available for nonmilitary use shall not constitute a discriminatory cut.

(i) *Restrictions on production of lines of footwear.* (1) No person shall in any six months' period beginning March 1, 1943 complete the manufacture of more civilian footwear within any line than the following percentages of his civilian line quota for such line:

	Percent
Men's work	115
Youths' and boys'	125
Misses' and children's	125
Infants'	125
Men's safety shoes	125
All others	100

Provided, however, That to the extent that a manufacturer's production of military footwear shows a decrease below that during his six months' base period, his production within any line of civilian footwear may exceed the civilian line quota for such line by its proportionate part of such decrease; and to the extent that such manufacturer's production of military footwear shows an increase over that during the six months' base period, each civilian line quota of such manufacturer shall be diminished by its proportionate part of such increase.

(2) No person shall manufacture any line of footwear (except military footwear) not manufactured by him in his six months' base period.

(3) *Exceptions to paragraphs* (i) (1) *and* (i) (2). (i) A lower priced line of the same type of civilian footwear may be substituted in whole or in part for a higher priced line.

(ii) The unused quota of any higher priced line may be added to a lower priced line of the same type of civilian footwear.

To the extent shown in the following schedule, any person may transfer the unused portion of any civilian line quota or quotas of men's dress or women's and growing girls' footwear to the production of the following types of footwear:

Type:	Percentage of unused quota permitted to be added
Men's work	115
Youths' and boys'	125
Misses' and children's	125
Infants'	125

Provided, however, That in no event shall any unused quota be added to a higher priced line, *And provided further,* That in no event shall a new line be added until authorization has been obtained under paragraphs (d) (1) above and paragraphs (i) (3) (vii) below.

(iii) A person may exceed his civilian line quota for any line of women's safety shoes if a pairage equal to such excess is deducted from some other line or lines of footwear.

(iv) Any person whose civilian line quotas total less than 24,000 pairs, may produce up to 24,000 pairs during any six months' period, provided he increases his production in each line above his quota by the same percentage (with 5% tolerance).

(v) Paragraphs (i) (1) and (i) (2) shall not apply to footwear made for the physically maimed or deformed on a custom-made basis and not for stock.

(vi) Until September 1, 1943 footwear made wholly without leather and without rubber soles shall not be included in computing production for the purposes of this paragraph (i). The War Production Board may authorize any person making a line of reasonably durable footwear utilizing non-critical materials to exceed his civilian line quota for such line. Application for such authorization shall be made by letter, describing fully the footwear proposed to be manufactured, listing in detail all the materials to be used and stating the quantity of such footwear to be made, the price range, the source of the manpower to effect such increase in production, and all other facts pertinent to the application.

(vii) Any person who has no civilian line quota for a particular type of footwear may apply by letter for one or more civilian line quotas, stating the types and construction of the footwear he proposes to manufacture, the number of pairs to be made, the price range, the consumer need for footwear of the quality proposed to be made, the source of the manpower to make such footwear, and whether production will be reduced in any other line or lines. No such quota will be granted unless the footwear to be made has been specifically priced by the Office of Price Administration.

(4) The period selected by any person as his six months' base period shall apply to all lines and may not be subsequently changed.

(j) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(k) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(l) *Reports.* Each person affected by this order shall execute and file with War Production Board such reports and questionnaires as may be required by said Board from time to time.

(m) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Ref.: M–217.

(n) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(o) *Effective dates.* This order as amended shall become effective on July 28, 1943, with the exception of paragraph (c) (1) (xxx), which shall become effective on October 1, 1943.

Conservation Order M–217 as presently in force shall remain in force until superseded by this amended order.

Issued this 28th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

INTERPRETATION 1

The word "manufacture" in line two of paragraph (c) (1) of § 3063.1 (Conservation Order M 217), refers to the operation whereby the features mentioned in subdivisions (i) to (xvii), inclusive, of said paragraph became a part of the footwear.

Illustration: Subdivision (iv) refers to full overlaid tips or full overlaid foxings except on work shoes. The order prohibits the placing of full overlay tips or full overlay foxings on dress shoes after October 31, 1942. But it does not prohibit the completion of the shoe if an overlaid tip or an overlaid foxing has been affixed prior to said date. (Issued October 6, 1942.)

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[Direction 10 to CMP Reg. 5]

WELDING ROD FOR REPAIR SHOPS

The following direction is issued pursuant to CMP Reg. 5 (§ 3175.5):

(a) *Assignment of rating for welding rods for repair shops.* A rating of AA-2 for welding rod is assigned to all repair shops. This rating may be used only for the following amounts per month: A repair shop may use the rating to buy as much welding rod in any one calendar month as it used during the previous month, but it may not buy more than $100 of welding rod in one month using this rating. However, a repair shop may always buy up to $15 worth of welding rod in any one month even if it did not use $15 of welding rod the previous month.

(b) *How repair shops get ratings for additional amounts.* If a repair shop cannot get enough welding rod using the rating as described in paragraph (a) it may get more in any of the following ways:

(1) It may use its customers' ratings as permitted by paragraph (g–1) (1) of CMP Regulation No. 5, but a customer's rating may be used only for specific jobs and not to build up or replace inventory;

(2) It may apply for a rating for a specific amount of welding rod on Form PD–1A;

(3) If the repair shop also requires controlled materials, it may apply for an allotment and preference rating on Form CMP–4B covering its entire requirements for a quarter;

(4) A repair shop may use both its customers' ratings and a PD–1A for the additional amount of welding rod which it cannot get under paragraph (a); but if it uses CMP–4B it cannot use either the rating of paragraph (a) or its customers' ratings or a PD–1A during the same quarter.

(c) *Effect on CMP Regulation No. 5 (§ 3175.5).* The ratings assigned by CMP Regulation No. 5 may not be used by repair shops to get welding rod (except that they may use their customers' ratings under paragraph (g–1) of the regulation). The rating assigned by paragraph (a) of this direction may be used whether the repair shop accounts for welding rod as operating supplies or otherwise. Purchases of welding rod, using the rating assigned in paragraph (a), do not have to be subtracted from a repair shop's quota established under paragraph (f) of CMP Regulation No. 5, whether the repair shop accounts for welding rod as operating supplies or otherwise.

(d) *Definitions.* (1) As used in this direction, the term "welding rod" means arc welding electrodes or gas welding rods.

(2) The term "repair shop" means any person engaged in the business of doing repair work for others.

Issued this 28th day of July 1943.

PART 3288—PLUMBING AND HEATING EQUIPMENT[1]

[General Limitation Order L–185 as Amended July 28, 1943]

WATER HEATERS

Section 3041.1 *General Limitation Order L–185* is hereby amended to read as follows:

[1] Formerly Part 3041, § 3041.1.

§ 3288.51[1] *General Limitation Order L–185*—(a) *Definitions.* (1) "Fuel oil" means any liquid petroleum classified as grade No. 1, 2, 3, 4, 5, or 6, including Bunker "C" fuel oil, kerosene, range oil, gas oil and any other liquid petroleum product used for the same purpose as the above designated grades.

(2) "Direct fired water heater" means any device for the direct transference of heat produced by the combustion of coal, wood, fuel oil or gas, or derived from solar rays, to the water of a domestic hot water supply system. The term includes, but is not limited to, coils, water backs, side-arm water heaters, bucket-a-day stoves, laundry stoves, dome type water heaters, service water tank heaters, automatic storage water heaters, instantaneous or continuous flow water heaters, underfired storage water heaters, and solar water heaters. The term does not include any tank used in conjunction with any direct fired water heater, the manufacture of which is governed by Limitation Order L–199, any low pressure cast iron boiler designed for the purpose of heating water to provide heat for the interior of a building by means of circulating steam or hot water, or any low pressure cast iron boiler as defined in Limitation Order L–187.

(3) "Indirect water heater" means any device to which steam or hot water is piped for the transference of the heat of such steam or hot water to the water of a domestic hot water supply system, or the water of a hot water space heating system. The term includes, but is not limited to, coils, side-arm water heaters, storage water heaters, submerged-type water heaters, instantaneous or continuous flow water heaters having coil bundles 12 inches in diameter and less, hot water generators, and pre-heaters. The term does not include any critical heat exchanger having coil bundles greater than 12 inches in diameter as defined in General Limitation Order L–172, or any tank used in conjunction with any indirect water heater, the manufacture of which is governed by Limitation Order L–199.

(4) "Domestic hot water supply system" means any system of supplying hot water used in whole or in part for bathing, washing, cleaning, cooking or other similar purposes. The term does not include any system for supplying hot water solely for specialized industrial or agricultural purposes.

(5) "Hot water space heating system" means any system which is designed for the purpose of heating the interior of a building or other structure (including ships) by utilizing the heat of hot water.

(6) "Metal jacket" means any metal covering, lining, or portion thereof (but not any metal band two inches or less in width used to support a jacket which holds dry insulation) for any direct fired or indirect water heater, except any metal covering, lining, or portion thereof which conducts flue gases, water, or steam through and to the outside of a direct fired or indirect water heater, and except any ferrous metal wire netting used as a base for the wet application of insulating material.

(7) "Copper base alloy" means any alloy in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the alloy.

(8) "Producer" means any person who manufactures, fabricates or assembles new direct fired or indirect water heaters.

(b) *Manufacture and installation of metal jackets.* No person shall manufacture, fabricate or assemble any metal jacket, or install any metal jacket (whether or not for repair or replacement), except

(1) To fill a specific contract, subcontract or purchase order for a metal jacket to be used as part of the equipment of any aircraft or any vessel other than a pleasure craft; and

(2) For any direct fired water heater using fuel oil as fuel.

(c) *Use of copper in manufacture.* No person shall use in the manufacture, fabrication or assembly of any direct fired or indirect water heater any copper or copper base alloy, except

(1) For repair or replacement parts;

(2) For temperature, pressure, vacuum or electrical controls, safety devices or valves;

(3) To fill a specific contract, subcontract or purchase order for use in the laundry, bakery or hospital projects of the Army, Navy, War Shipping Administration or Maritime Commission of the United States;

(4) For use as part of the equipment of any aircraft or any vessel for delivery to or for the account of the Army, Navy, War Shipping Administration or Maritime Commission of the United States;

(5) For use by the Army or Navy of the United States outside the forty-eight States and the District of Columbia; or

(6) For indirect water heater coils or tubular units built of tubing of 1½" inside diameter or less. However, the shells, heads, tube plates, spacer plates, terminal outlets and other cast parts of indirect water heaters shall be of ferrous metal or non-metallic materials.

(d) *Use of copper in installation or repair and replacement parts.* (1) No person shall, in any repair or replacement, use or install parts containing in the aggregate more than two pounds of copper or copper base alloy if the weight of the copper or copper base alloy so used or installed exceeds by more than one pound the weight of copper and copper base alloy replaced.

(2) All copper and copper base alloy replaced in any repair shall be delivered by the person making the repair to a scrap dealer or other person specified under Supplementary Order M–9–b.

(e) *Restriction on production.* (1) During the period from July 1, 1943 to June 30, 1944 inclusive, no person shall manufacture, fabricate or assemble units of direct fired or indirect fired water heaters as herein defined, in excess of the percentage of his 1941 unit production of the same classification of hot water heaters, which is indicated in Schedule A hereto attached.

(2) The restrictions of paragraph (e) (1) do not apply to the manufacture, fabrication or assembly of direct fired or indirect water heaters for delivery to or for the account of the Army, Navy, War Shipping Administration or Maritime Commission of the United States.

(f) *Direct fired and indirect water heaters to be delivered only on rated orders.* On and after August 1, 1943 no person shall deliver any direct fired or indirect water heater except on an order rated A–10 or higher.

(g) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB–1477 (formerly PD–500) with the field office of the War Production Board, for the district in which is located the plant or branch of the appellant to which the appeal relates.

(h) *Communications.* All communications concerning this order shall, unless otherwise directed be addressed to the War Production Board, Plumbing and Heating Division, Washington, D. C., Reference L–185.

(i) *Reports.* Each producer shall execute and file with the War Production Board such reports as the War Production Board may specify from time to time, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(j) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under Priority Control and may be deprived of priorities assistance.

Issued this 28th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A: Permitted percentages of 1941 unit production:

	Percent
A. Direct fired water heaters:	
1. Underfired water heaters	65
2. Coal and wood fired water heaters	70
3 Side-arm heaters and waterbacks	70
4. All others	30
B. Indirect water heaters	20

PART 3290—TEXTILES, CLOTHING AND LEATHER

[General Limitation Order L–312]

INDUSTRIAL WIPING CLOTHS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of industrial wiping cloths for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3290.76 *General Limitation Order L–312*—(a) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time, except as otherwise provided herein.

(b) *Definitions.* (1) "Industrial wiping cloth" means any used cloth which has been reclaimed for industrial wiping and cleaning.

(2) "Colored wiping cloth" means those grades of industrial wiping cloths commonly known in the trade as #1 washed colored wipers, #2 washed colored wipers, #3 washed colored wipers, colored heavy or light mattress ticking, colored bathrobe wipers, colored blanket wipers, colored knitted wipers or colored scrim or lace curtain wipers.

(3) "Industrial wiping cloth processor" means a person who during any calendar month launders more than 12,000 pounds of reclaimed cloths for the purpose of selling them to any other person for use as industrial wiping cloths.

(4) "Direct military order" means an order for industrial wiping cloths to be delivered directly to the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, or the Office of Scientific Research and Development.

(c) *Reservation of industrial wiping cloths for direct military usage.* Notwithstanding any preference rating or preference rating certificate:

During the week ended July 31, 1943 and during each calendar month thereafter, no industrial wiping cloth processor shall deliver more than 75% by weight of his production of industrial wiping cloths on industrial or other non-military orders. The remaining 25% shall either be delivered against direct military orders or set aside for delivery against future direct military orders, unless the War Production Board either releases such stock set aside or allocates it to some other person.

The processor shall include in the stock delivered or set aside against direct military orders all his colored wiping cloths meeting specifications for wiping cloths approved by the Federal Specifications Board. This paragraph shall not, however, require the setting aside of more than 25% of any processor's production of all cloths, unless he so desires.

On or before the 10th day of each calendar month each wiping cloth processor shall report on Form WPB 3133 to the War Production Board as directed on said form.

This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Nothing in this paragraph shall invalidate or prevent delivery under any direct military order placed before July 28, 1943. All such deliveries may be credited against the reserve required to be set aside for direct military orders.

(d) *Restrictions on grading, processing and delivery of industrial wiping cloths.* No industrial wiping cloth grader or processor shall grade, process or deliver any industrial wiping cloth contrary to any specific direction which may be issued in writing from time to time by the War Production Board in order to meet designated military or industrial requirements.

(e) *Restriction on delivery and use of new textile products for wiping cloths.* No user of industrial wiping cloths shall use any new towels, new diapers or other new textile product as a substitute for industrial wiping cloths, and no person shall deliver any such product if he has reason to believe it will be used for this purpose. This restriction does not apply to mill ends or remnants.

(f) *Records.* All persons affected by this order shall keep and preserve the records required by § 944.15 of Priorities Regulation 1.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Ref.: L–312.

(i) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 28th day of July 1943.

Subchapter D—Office of Rubber Director

PART 4600—RUBBER, SYNTHETIC RUBBER, BALATA AND PRODUCTS THEREOF

[Rubber Order R–1, Amdt. 2]

Rubber Order R–1 as amended by Amendment No. 1 issued July 9, 1943, is hereby amended in the following respects:

(1) By adding to § 4600.15 (Reseller's inventories of tires and tubes) the following new paragraph:

This § 4600.15 shall not apply to any purchase order originating outside the continental limits of the United States.

(2) By deleting the following item from Code No. 54 of Schedule A, Appendix I, and by deleting all of the entries opposite said item in the columns of Schedule A:

Molded wheels and casters, all types. Where conductive type is required, specific authorization must be obtained.

And by substituting in lieu of said item the following:

Molded wheels and caster tires and wheels, all types.

together with the following entries opposite said item in the columns of Schedule A designated below:

Appendix II	Crude and/or G. P. S.[1]	Latex and/or G. P. S.[1]	Reclaim	Scrap

(3) By deleting from Group 1 of Schedule B, Appendix I, the following items:

Wheelbarrow and lawnmower tires

(4) By deleting from Group 2 of Schedule B, Appendix I, the following items:

Wheelbarrow tires
Lawnmower tires

(5) By adding to the items listed in Code No. 54 of Schedule A, Appendix I, the following item:

Wheelbarrow and lawnmower tires

together with the following entries opposite said item in the columns of Schedule A designated below:

[MPR 415,[1] Amdt. 1]

CERTAIN FEDERAL GOVERNMENT PURCHASES OF NEW RUBBER TIRES AND TUBES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1 (d) is amended to read as follows:

(d) *Geographical applicability of this regulation.* This regulation applies in the District of Columbia, the 48 states and the Territory of Hawaii but not in the other territories and possessions of the United States.

This amendment shall become effective August 2, 1943.

PART 1341—CANNED AND PRESERVED FOODS

[MPR 306,[1] Amdt. 10]

CERTAIN PACKED FOOD PRODUCTS

A statement of the considerations involved in the issuance of Amendment No. 10 to Maximum Price Regulation No. 306 has been issued and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 306 is amended in the following respects:

1. Subparagraph (4) of § 1341.584 (f) is revoked, and new subparagraphs (4) and (5) are added to read as follows:

(4) If the processor cannot establish a maximum price for any particular variety, style, grade and size of asparagus, packed in tin, under the foregoing provisions:

(i) The processor's maximum price per dozen containers, f. o. b. factory, for such variety, style, grade and size shall be his maximum price for the 1942 pack of the same variety, style, grade and size adjusted by adding 1½ cents per pound in California, Oregon and Washington, and 1 cent per pound in all other states, to the raw asparagus cost required to be used in computing maximum prices for the 1942 pack of the same item; except that

(*a*) Any processor who established a maximum price for such variety, style, grade and size of his 1942 pack by the adoption of a competitor's maximum price shall adopt the same competitor's maximum price for the 1943 pack of the same variety, style, grade and size; and

(*b*) Where the same competitor does not pack such item in 1943, the processor shall establish his maximum price for the item by adopting his closest competitive seller's maximum price for the 1943 pack of the same variety, style, grade and size.

(ii) Where the processor did not pack the same variety, style, grade and size in 1942, the maximum price of his closest competitive seller for the 1943 packs of the same variety, style, grade and size shall be the processor's maximum price for his 1943 pack of such item.

(iii) If the processor cannot establish a maximum price for such variety, style, grade and size under the foregoing provisions of subparagraph (4), he shall apply to the Office of Price Administration, Washington, D. C., for authorization of a maximum price. His application shall contain:

(*a*) A statement of the reasons for his inability to establish a maximum price for the item which is the subject of the application.

(*b*) A full description of the item which is the subject of the application, and an itemized statement of his cost therefor.

(*c*) A description of the most similar variety, style, grade and container of the item; an itemized statement of his cost therefor; and his maximum price for such similar item. Separate maximum prices will be authorized for sales to government procurement agencies and all other sales.

(5) The maximum prices per dozen containers, f. o. b. factory, for sales to government procurement agencies shall be 96% of the maximum prices for sales other than to government procurement agencies as established under subparagraphs (1), (2), (3) or (4) (i) (ii), as the case may be.

The item "Pickles" is deleted from the items listed in Group I of § 1341.585 (a), and the item "Fresh cucumbers" is added in its alphabetical order.

This amendment shall become effective August 2, 1943.

PART 1347—PAPER, PAPER PRODUCTS, RAW MATERIALS FOR PAPER AND PAPER PRODUCTS, PRINTING AND PUBLISHING

[MPR 114,[1] Amdt. 8]

WOODPULP

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 114 is amended in the following respects:

1. In § 1347.232, Appendix A (a), the words and figures: "Bleached Mitscherlich sulphite (§ 1347.229 (a) (12))----$81.00" and "Unbleached Mitscherlich sulphite (§ 1347.229 (a) (13)----72.00" are deleted from the list of grades and prices.

2. In § 1347.232, Appendix A (b), the words and figures: "Bleached Mitscherlich sulphite----$75.00----$75.00" and "Unbleached Mitscherlich sulphite----66.00----66.00" are deleted from the list of grades and prices.

3. Section 1347.232 (d) (1) is amended to read as follows:

(1) Producers of sulphite woodpulp of special chemical, high alpha or glassine grades, producers of Mitscherlich woodpulps, producers of sulphate woodpulp of special chemical or condenser grades, producers of sulphate woodpulp producing such woodpulp for shipment pursuant to allocation by the War Production Board with equipment not designed for the production of such pulp for sale on the open market, and producers of woodpulps produced in whole or in part from rags, paper stock or any fibre material other than wood, shall, before making any sale of woodpulp of any such grade, submit to the Administrator a sworn statement setting forth all the relevant facts, including:

(i) Grade and grade name of woodpulps proposed to be sold;

(ii) Special characteristics which bring the grade or grades involved within the provisions of this paragraph (d);

(iii) Proposed sales prices per air dry ton, and terms of sale (i. e., delivered, delivered with freight allowed, f. o. b. mill, ex dock Atlantic seaboard, or other);

(iv) Names and addresses of customers to whom such woodpulps have been sold in the fourth quarter of the year 1941 and thereafter;

(v) Prices per air dry ton at which these woodpulps have been sold to all such customers in the fourth quarter of 1941, and thereafter, and the terms of all such sales;

(vi) An itemized statement of the costs of production of such woodpulps per air dry ton.

This amendment shall become effective August 2, 1943.

PART 1389—APPAREL

[MPR 177,[1] Amdt. 6]

MEN'S AND BOYS' TAILORED CLOTHING

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 177 is amended in the following respects:

1. The exceptions following §§ 1389.103 (a) (4) and 1389.103 (b) (3) are hereby revoked.

2. Section 1389.103 (c) is added to read as follows:

(c) *Limit on highest price lines within each classification.* There shall be the following limits upon maximum prices computed under this section:

(1) *Limit on highest price lines for garments other than outer coats.* No maximum price determined under paragraph (a) (2) or paragraph (a) (3) of this section shall exceed the seller's highest maximum price for the same classification of garments determined under paragraph (a) (1) or (a) (4).

(2) *Limit on highest price lines for outer coats.* No maximum price determined under paragraph (b) (2) or (b) (3) of this section shall exceed the seller's highest maximum price for the same classification of garments determined under paragraph (b) (1).

(3) *Special limits on highest price lines of departmentalized sellers.* Any department within a selling establishment which dealt in a particular classification of garments during the base period must be considered a separate seller in determining the limit on its highest price-line in that classification. Any department which did not deal in a particular classification must be governed by the lowest of the limits in any department within the same establishment which did deal in the classification. If no department in the selling establishment dealt in the classification during the base period, the limit shall be the same as that of the most closely competitive seller of the same class.

(4) *Special rules for authorized retail sales of officers' uniforms.* The maximum prices at which a retailer may sell officers' uniforms pursuant to a certificate of approval issued by the Navy Department or a certificate of authority issued by the United States Army Exchange Service are not subject to the limitations on maximum prices provided in this paragraph.

3. In § 1389.104, paragraphs (a) (3) and (b) (2) are amended by adding at the end of each paragraph the sentence,

[1] 8 F.R. 8923.

*Copies may be obtained from the Office of Price Administration.

"However, this exception shall not apply to sales of United States military uniforms which have been produced by the seller pursuant to agreement with the United States Army or Navy."

4. § 1389.108 (c) is amended to read as follows:

(c) *Relation to Maximum Price Regulation 157.*[2] This regulation shall not apply to sales of tailored clothing made in accordance with military specifications, if such sales come within the terms of § 1378.1 (a) of Maximum Price Regulation 157—Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes.

5. Section 1389.108 (e) is added to read as follows:

(e) *Sales by war procurement agencies.* This regulation shall not apply to sales of tailored clothing made by a "War Procurement Agency." This term includes the War Department, Department of the Navy, United States Maritime Commission, the Lend-Lease Section in the Procurement Division of the Treasury, all agencies of these departments, and stores operated as Army canteens, post exchanges or ships' service activities.

6. Section 1389.108 (f) is added to read as follows:

(f) *Relation to Maximum Price Regulation 385.* Maximum Price Regulation 177 does not apply to sales of those United States military officers' uniforms which are covered by Maximum Price Regulation 385—"Specified Military Uniforms."

7. Sections 1389.115 (b) (2) and 1389.116 (c) (2) are amended by deleting from each section the phrase "and of each succeeding month."

This amendment shall become effective August 2, 1943.

PART 1426—WOOD PRESERVATION AND PRIMARY FOREST PRODUCTS

[Rev. MPR 284,[1] Amdt. 1]

WESTERN PRIMARY FOREST PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 284 is amended in the following respects:

1. In the tabulation of "Contents", the reference to section 7 is amended to read "7 Definitions of territories" and in the reference to section 18 the word "posts" is deleted.

2. Section 2 (a) (3) is amended to read:

(3) Poles and piling.

3. Section 3, immediately after the phrase "f. o. b. the railroad loading-out point" the phrase "or towable waters" is inserted.

4. In section 4, the first undesignated paragraph is amended to read as follows:

SEC. 4. *Transportation addition.* Except as otherwise provided in paragraph (c) of this section applying to poles and piling (other than lodgepole pine), the transportation charges set forth below may be added to the maximum f. o. b. railroad loading-out point or towable water prices when the seller makes delivery to the destination. Transportation from the mill or point of production to the railroad loading-out point or booming and rafting ground must, in every instance, be provided on the seller's account. All additions for transportation must be shown separately on the invoice.

5. Section 4 (a) (1) is amended to read as follows:

(1) When estimated weights or guaranteed mean diameters are used, the appropriate published rate times the estimated weight or mean diameter is the proper transportation charge, even though the estimated weights or diameters may be higher than actual. Estimated weights higher than those set forth in the appendices may not be used. The estimated weight must be taken from the appendices for the exact type of product actually ordered. To compute mean diameters add 1" to the top or butt diameter, whichever is the controlling factor, and increase or decrease that figure by 1" for each 10 lineal feet. Add the top and butt diameters thus determined and divide by two to find the mean diameter. The charge for transportation shall be evened out to the nearest quarter-dollar per MBM, quarter cent per lineal foot, or five cents per pole, whichever is applicable.

6. Section 4 (b) is amended to read as follows:

(b) *Private truck.* (1) When shipment is by truck owned or controlled by the seller, the maximum permissible addition (on hauls involving any point outside of metropolitan areas) shall be computed as 5 cents per 100 pounds for hauls of not over 10 miles, 7 cents per 100 pounds for hauls of more than 10 but not over 20 miles, 9 cents per 100 pounds for hauls of more than 20 but not over 30 miles, and for each mile over 30 miles, two tenths of a cent per 100 pounds to be added to the 30-mile charge. No addition is allowed for the return trip.

(2) A "metropolitan area" includes all territory within 10 miles of the city limits of any city having a population of 250,000 or more according to the Census of 1940. On shipment by private truck entirely within a metropolitan area, the amount added for transportation may not be more than the published motor common carrier rate for such haul times the estimated weight or other unit of measure used. If there is no published rate, then the actual cost of trucking may be added, that is, the seller's out-of-pocket expense in making delivery.

7. In section 4, paragraph (c) is redesignated (e) and paragraphs (c) and (d) are added to read as follows:

(c) *Rail shipments of poles and piling (other than lodgepole pine.)* (1) On eastbound shipments by rail the transportation addition for all shippers may be computed as the estimated weights shown in the appropriate table times the rail freight rate from Seattle, Washington.

(2) On southbound shipments by rail to destinations covered in Pacific Freight Tariff Bureau Tariff No. 80-H, the transportation addition may be computed as the estimated weights shown in the appropriate table times the rail freight rate arrived at as follows:

(i) When the published rail rate is greater than the Seattle, Washington rate, the Bellingham, Washington published rate may be used.

(ii) When the published rail rate is greater than the Portland, Oregon rate but not greater than the Seattle, Washington published rate, the Seattle, Washington published rate may be used.

(iii) When the shipping point is North of the California-Oregon State line and takes a published rail rate not greater than the Portland rate, the Portland published rate may be used.

(iv) When the shipping point is in the State of California the published rate from Arcata, California may be used.

(3) On shipments of Western red cedar poles and piling from points in Idaho, Montana, and that part of Washington east of the crest of the Cascade Mountains to points for which there is no published through railroad freight rate via the Minnesota Transfer-Twin Cities Gateway, the transportation addition may be computed on the basis of the local freight rate or rates from the original loading-out point to destination.

(4) Regardless of the foregoing provisions of this paragraph (c), if a milling-in-transit rate is applicable and results in a lower total cost of transportation, the milling-in-transit rate must be used.

(d) For other means of transportation, where there are no published rates the actual cost of such transportation may be charged, that is, the out-of-pocket cost to the seller whether public or private means of transportation are used.

8. In section 5, between the words "treatment" and "may", the phrase "other than treatment specifically priced in this regulation" is inserted.

9. Section 7, the head-note is amended to read "Definitions of territories", and paragraphs (c) and (d) are added to read as follows:

(c) The term "Western Schedule" as used in section 18, Table 10, refers to sales of treated poles shipped from treating plants or concentration yards located in California or in those parts of Oregon, Washington, and Canada west of the crest of the Cascade Mountains (regardless of the location of the original loading-out point), and to sales of untreated poles shipped from original loading-out points or from concentration yards in that same territory.

(d) The term "Eastern Schedule", as used in section 18, Table 10A, refers to sales of treated poles shipped from treating plants or concentration yards located outside the area described in paragraph (c), regardless of the location of the original loading-out point. It applies also to sales of untreated poles shipped from original loading-out points or from concentration yards located outside the area described in paragraph (c).

10. Section 11, in the first undesignated paragraph, between the words "specifications" and "species", the words "lengths, sizes" are inserted.

11. Section 11, the paragraph reference and heading "(a) *Western mine pit posts and stulls*" is deleted.

12. Section 11, subparagraph (1) is redesignated paragraph (a), and the words "per lineal foot" are deleted, and the phrase "primary forest products" is substituted in place of the phrase "pit post or stull".

13. Section 11, subparagraph (2) is redesignated paragraph (b), and the words "per lineal foot" are deleted.

14. Section 11, paragraph (b) is redesignated paragraph (c), and is amended to read as follows:

(c) For any grade, specification, length, size, species, or extra for which a maximum price is not provided in the appendices, or which cannot be priced according to paragraphs (a) and (b) above, the maximum price shall be the price established by the Lumber Branch of the Office of Price Administration, Washington, D. C., after full facts have been submitted in support of a request for the establishment of a maximum price. The maximum price may be established by letter or telegram. The period allowed for consideration by the Lumber Branch, and the seller's rights pending disposition of his application, are the same as set out in paragraph (b) above.

15. Section 13, the phrase "5000 ft., board measure, or more" is deleted and in its place the phrase "5000 board feet or the equivalent in other measure," is inserted.

16. Section 16, Appendix A, Table No. 4, in the vertical column headed "Size" the item "4" x 6" x 20" cap" is corrected to read "4" x 6" x 30" cap".

17. Section 17, Appendix B, in the first undesignated paragraph, after the expression "f. o. b.", the words "cars at" are inserted.

18. The text of section 18, Appendix C, is amended to read as follows:

SEC. 18. *Appendix C: Maximum prices for poles and piling.* (a) All maximum prices set forth below are f. o. b. cars at the railroad loading-out point or dumped, boomed, and rafted on towable waters nearest the point of production in the normal direction of delivery to the point of destination.

(b) *Quantity discounts on treated poles.* When the seller takes a firm order for treated poles, he must make discounts for quantity as follows:

	Percent
For 3,000 to 4,999 poles	2½
For 5,000 poles or more	5

For purposes of this paragraph a "firm order" is one requiring shipment from time to time over a period of 12 months, as ordered by the buyer, with guarantee of payment for any poles not ordered shipped at the end of the 12-month period, and covering at least 5 lengths with 3 classes in each length. The maximum price for treated poles subject to this discount is the sum of the appropriate untreated price taken from Table 9, 10, 10A, or 11 and the additions for treatment and services made according to Table 10C or section 5, excluding any addition for transportation.

19. Section 18, Appendix C, Table 9, the table heading is amended to read "Table No. 9—Lodgepole Pine Poles and Piling" and footnote 1 is added to read as follows:

1. The maximum prices for Lodgepole pine piling shall be the maximum price established in this Table 9 for the most nearly equivalent A. S. A. size pole of the same length.

20. Section 18, Appendix C, Tables 10, 10A, 10B, 10C, 11 and 12 are added to read as follows:

GENERAL NOTES APPLYING TO TABLES 10, 10A, AND 10B

1. These prices include all production costs before processing and treating such as yarding and inspection.

2. *Piling.* The maximum price for Western Red Cedar piling shall be the price for the closest equivalent A. S. A. size pole in the same length.

3. *Less than carload sales.* On orders to established concentration, distribution, or treating plant yards for less than carload minimum weight as established by railroad tariffs, and where the invoice value of the poles ordered does not exceed $275.00 for white poles when computed at the maximum prices in this regulation, the seller may make a service charge addition of not more than 10% of the total invoice value of the treated or untreated pole not including transportation, but including the treating and processing additions provided in Table 10C. The seller shall keep a record of such sales and show this charge as a separate item on the invoice.

4. *Cut back allowance.* When requirements of the buyer exceed the available supply of the seller for one or more classes or lengths of poles for delivery required, the seller may cut back the most similar class pole in the five foot longer length and may charge the maximum price for the class and length pole actually used. The additions for transportation, treatment, processing, etc., on such cut back poles, shall be those additions applicable to the class and length pole ordered by the buyer, plus an addition for inbound freight computed at the difference in estimated weights times the freight rate to the concentration yards. No addition may be made for the labor included in such cutting back operations. The seller shall keep a record of such sales and show this charge as a separate item on the invoice.

5. *Inspection service.* On shipments where the buyer requests special inspection service, furnished by an approved inspection agency, an addition may be made to cover the actual cost of such service. This charge must be shown separately on the invoice.

6. *Branding and marking.* The manufacturer's brand showing year mark, class and length of pole may be branded on the face of treated poles including butt treating at no extra charge. For any additional branding or marking on treated poles, including butt treated and for all branding on untreated poles, an addition of not more than 5% of the charge for butt treatment for the same length and class in Table 10C, may be made for each additional branding or marking operation required by the buyer and performed with one iron.

7. *Heavy duty and 30″ top poles.* On sales of heavy duty and 30″ top #1 and #2 poles an addition for inbound freight may be added computed at the difference in estimated weights between the pole as sold and the pole cut back times the freight rate to the concentration yard.

8. *Untreated poles, stubs, anchor logs and short round material.* On shipments from treating plant yards of untreated poles, stubs, anchor logs and short round material, the seller may add a charge of not more than $.075 per cwt. times the estimated weight for that length and size in the appropriate table.

9. *Storage.* When the buyer requires storage of treated poles until released for shipment as required, the seller may add a yarding charge of not more than $.05 per cwt. times the estimated weight for the same class and length in the appropriate table.

10. *Specifications not priced.* To price any specification of pole other than American Standard Association, the seller shall determine the size A. S. A. pole of the same length having the same or nearest larger circumference 6′ from the butt, and this price is the tentative maximum price for the specification to be priced. The tentative price so determined and any price for other lengths or extras not specifically priced shall be submitted to the Lumber Branch, Office of Price Administration, Washington, D. C. as provided in section 11.

[1] On poles treated west of the crest of the Cascade Mountains these charges may be increased by 5%.
[2] If the buyer does not require ground-line incising with this type of treatment deduct 5% from the price of under 8 hours' treatment.
[3] Where guaranteed penetration at the ground line area is required in this type of treatment add to these prices the ½" Pentrex butt treating addition for the same length and class of pole.
[4] This addition is permitted when the sap wood is reduced in machine shaving to less than ½" average thickness.

GENERAL NOTES APPLYING TO TABLE 10C

1. *Additional height butt treatment:* An additional charge may be made for creosote butt treatment of one foot or portion thereof in excess of the standard height, but the total charge must not be more than the maximum charge for creosote butt treatment of the same class pole five feet longer.

2. *Extended incised area:* When the buyer requires an extended ground-line incised area greater than 3 feet, the maximum charge for creosote butt treatment shall not exceed the maximum charge for the next larger class pole in the five-foot longer length to provide for this service and any additional height treatment.

3. *Bolt holes and step holes:* For the first boring in any plane of a pole, stub, anchor log or other short round material add $0.05. For each additional boring in that same plane add $0.03.

4. *Continuous slag gain:* An addition may be made for each 12 inches or part thereof of continuous slab gain not to exceed the charge for "Each Additional Gain."

5. *Full length immersion of butt treated poles:* For butt treated poles immersed full length in creosote, stain or other preservative, the seller may add to the butt treated price the staining and painting charge for the same length and class of pole.

6. *Specifications not priced:* For any specification of treating or processing not priced in this table a maximum price addition may be determined in accordance with section 11.

1. To price any specification of pole other than American Standard Association, the seller shall determine the size A. S. A. pole of the same length having the same or nearest larger circumference 6' from the butt and this price is the tentative maximum price for the specification to be priced. The tentative price so determined and any price for other lengths or extras not specifically priced, such as roofing or framing, shall be submitted to the Lumber Branch, Office of Price Administration, Washington, D. C., as provided in section 11.

For length specifications

All additions allowed by the following footnotes must be shown separately on the invoice.

In all the specified length groups below, the lengths shall be evenly distributed.

2. For specified length groups, 5 or more consecutive lengths in A. S. A. multiples: No addition.

3. For specified length groups, of 4 consecutive lengths in A. S. A. multiples: add $.005 per lin. ft.

4. For specified length groups, of 3 consecutive lengths in A. S. A. multiples: add $.01 per lin. ft.

5. For specified length groups, of 2 consecutive lengths in A. S. A. multiples: add $.015 per lin. ft.

6. For specified single length: add $.02 per lin. ft.

7. For random length orders when the purchaser specifies restricted loading, the seller may add ⅔ of the appropriate specified length addition above.

Winter or bark stuck peeling

8. For clean peeled poles which are delivered during the winter peeling or bark stuck season (October 1 to February 28 or 29, inclusive): add $.02 per lin. ft.

9. For rough peeled poles which are delivered during the winter peeling or bark stuck season (October 1 to February 28 or 29, inclusive): add $.01 per lin. ft.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[MPR 131,[2] Incl. Amdt. 4]

CAMELBACK

Section 1315.1310 (a) (1) is amended by Amendment 4, effective August 2, 1943, so that Maximum Price Regulation No. 131 shall read as follows:

In the judgment of the Price Administrator, the prices of camelback have risen and are threatening further to rise to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of camelback prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations[3] involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 131 is hereby issued.

AUTHORITY: §§ 1315.1301 to 1315.1310, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1315.1301 *Maximum prices for camelback.* On and after May 11, 1942, regardless of any contract, agreement, lease, or other obligation, no manufacturer shall sell or deliver camelback, and no person shall buy or receive camelback from a manufacturer in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1315.1310; and no person shall agree, offer, solicit or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of camelback to a purchaser if prior to May 11, 1942, such camelback had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

[NOTE: Supplementary Order No. 7 (7 F.R. 5176) provides that the prohibition contained in any price regulation against buying or receiving any commodity or service at a price higher than the maximum price permitted by such regulation shall not apply to any war procurement agency, or government whose defense is vital to the defense of the United States.]

[NOTE: Supplementary Order No. 31 (7 F.R. 9894, 8 F.R. 1312, 3702) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for the purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

[NOTE: Supplementary Order No. 34 (7 F.R. 10779) permits special packing expenses to be added to maximum prices on sales to procurement agencies of the United States.]

§ 1315.1302 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1315.1310) may be charged, demanded, paid or offered.

§ 1315.1303 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

[§ 1315.1303 amended by Amendment 2, 8 F.R. 4687, effective 4–13–43 and Amendment 3, 8 F.R. 8854, effective 7–2–43]

§ 1315.1304 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 131 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to camelback, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1315.1305 *Records and reports.* (a) Every person making sales or purchases of camelback subject to this regulation shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, complete and accurate records of each such sale or purchase, showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the quantity of each grade purchased or sold.

[Paragraph (a) as amended by Amendment 2, 8 F.R. 4887, effective 4–13–43]

(b) Such persons shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraph (a) of this section as the Office of Price Administration may from time to time require or permit.

§ 1315.1306 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 131 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 131 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1315.1307 *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation No. 131 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

[§ 1315.1307 as amended by Supplementary Order No. 26, 7 F.R. 8948, effective 11–4–42]

[NOTE: Procedural Regulation No. 6 (7 F.R. 5087, 5665, 8 F.R. 6173, 6174) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 F.R. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications and certain specific regulations listed in Revised Supplementary Order No. 9]

[NOTE: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment of petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

§ 1315.1308 *Definitions.* (a) When used in this Maximum Price Regulation No. 131, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Camelback" means any capping stock or retreading material, including base stock and lug stock, of a grade set forth in § 1315.1310, *Appendix A*, manufactured for use in the recapping or retreading of rubber tires.

[Paragraph (2) as amended by Amendment 1, 7 F.R. 8797, effective 11–3–42]

(3) "Manufacturer" means any person engaged in the production of camelback.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1315.1309 *Effective date.* This Maximum Price Regulation No. 131 (§§ 1315.1301 to 1315.1310, inclusive) shall become effective May 11, 1942.

[Issued April 28, 1942]

§ 1315.1309a *Effective dates of amendments.*

[Effective dates of amendments are shown in notes following the parts affected.]

§ 1315.1310. *Appendix A: Maximum prices for camelback.* (a)

(1) The maximum prices in this subparagraph apply to all camelback which complies with the specifications issued by the War Production Board for Grades A, C and F camelback, including camelback made in whole or in part of any form and type of rubber, including synthetic and reclaimed rubber. The maximum prices shall be the prices set forth in the following table: *Provided*, That the maximum price for the Grade C camelback which is produced by the Denman Tire and Rubber Company of Warren, Ohio for the Webster Rubber Company of Warren, Ohio and which is predesigned for use with the open steam method of retreading or recapping by cutting the non-skid pattern therein shall be 31¢ per pound.

A	28
C	23
F	18

[Paragraph (1) amended by Amendment 1, 7 F.R. 8797, effective 11–3–42 and Amendment 4, effective 8–2–43]

(2) The maximum prices set forth in paragraph (a) (1) include all costs of transportation to the purchaser's plant, except that the actual freight charges may be added to the maximum price on shipments of less than 100 pounds. On sales or deliveries of 100 pounds or more, if the seller does not deliver the goods to the purchaser's plant, the maximum prices shall be the prices set forth in paragraph (a) (1) less the actual cost of transportation to the purchaser's plant.

(3) There may be added to the maximum prices set forth in this paragraph (a) the amount of tax levied by any Federal excise tax statute, provided the seller states such tax separately from the purchase price on the billing at the time of the transaction.

(4) The maximum prices set forth in this paragraph (a) shall not be increased by any charges for the extension of credit.

(b) The maximum price at which a manufacturer may sell or deliver camelback for export shall be determined in accordance with the provisions of the Maximum Export Price Regulation[4] issued by the Office of Price Administration on April 25, 1942.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of July 1943.

PART 1305—ADMINISTRATION

[Supp. Order 50]

CERTAIN MAXIMUM PRICE REGULATIONS ON LUMBER AND LUMBER PRODUCTS

A statement of the considerations involved in the issuance of this supplementary order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, including section 201 (d) thereof, *It is hereby ordered*, That:

§ 1305.70 *Provision for adjustable pricing in certain regulations on lumber and lumber products.* (a) The provision for adjustable pricing in the specified section or paragraph of each maximum price regulation or revised maximum price regulation listed in paragraph (b) of this order is amended, and the provision for adjustable pricing is added by the specified paragraph or section of the revised price schedule and maximum price regulation listed in paragraph (c) of this order, to read as follows:

Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

(b) The numbers of the sections or of the paragraphs containing the provisions for adjustable pricing which are amended by this order, and the applicable maximum price regulations or revised maximum price regulations, are as follows:

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 262,[1] Amdt. 8]

SEASONAL AND MISCELLANEOUS FOOD COMMODITIES

A statement of the considerations involved in the issuance of Amendment No. 8 to Maximum Price Regulation No. 262 has been issued and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 262 is amended by adding a new § 1351.956a.

§ 1351.956a *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

This amendment shall become effective July 27, 1943.

PART 1351—FOOD AND FOOD PRODUCTS

[Rev. MPR 268,[2] Amdt. 8]

SALES OF CERTAIN PERISHABLE FOOD COMMODITIES AT RETAIL; FRESH FRUITS AND BERRIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 268 is amended in the following respects:

1. In the table in Appendix A, the unit of sale listed for "Cabbage", under item No. 12, Fresh vegetables, is changed from "1 lb. or 1 head", as it now reads, to "2 lbs.".

2. Two new items, No. 13—Fresh fruits, and No. 14—Fresh berries, are added to the table in Appendix A, to read as follows:

APPENDIX A

3. A new subparagraph (13) is added to paragraph (c) of Appendix A to read as follows:

(13) "Fresh fruits": (a) "Red sour cherries". All red sour cherries shall be considered one item. Whenever red sour cherries are sold in quarts, they must have a minimum net weight of 20 ounces per quart. When a retailer purchases red sour cherries on the basis of a price per pound and sells them in quarts, he must multiply his cost per pound by $^{20}/_{16}$ to figure his "net cost" per quart.

4. A new subparagraph (14) is added to paragraph (c) of Appendix A to read as follows:

(14) "Fresh berries" means all the fresh berries listed under Item No. 14 in the table in Appendix A. Whenever fresh berries are sold in quarts or pints, they must have a minimum net weight of 20 ounces per quart or 10 ounces per pint. When a retailer purchasers berries on the basis of a price per pound and sells them in pints or quarts, he must multiply his cost per pound by $^{20}/_{16}$ to figure his "net cost" per quart, and by $^{10}/_{16}$ to figure his "net cost" per pint.

This amendment shall become effective on July 29, 1943.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 421,[1] Amdt. 1]

CEILING PRICES OF CERTAIN FOODS SOLD AT WHOLESALE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 421 is amended in the following respects:

1. Section 32 (b) (27) is amended to read as follows:

(27) "Soups, canned" includes all soups, broths and chowder. Excluded are meat stews, "baby" or "junior" soups, and dehydrated soups.

NOTE: The 1943 pack of canned vegetable soups shall be considered a different item from the 1942 pack of canned vegetable soups, and you must figure separate ceiling prices for each item of the 1943 pack.

2. The text preceding the list of items in section 32 (b) (37) is amended to read as follows:

(37) "Miscellaneous foods" shall include all other dry grocery items and pet foods except those specifically excluded in paragraph (c) of this section. Among the items included under this heading are the following:

3. In section 32 (b) (37) the item "Olive oil, (pure)" is amended to read "Olive oil, pure, (packaged in containers of a capacity of one gallon or less)".

4. In section 32 (c) the following items are added, in alphabetical order, to the list of commodities excluded:

Butter (except peanut butter, fruit butters, and smooth or crunch type nut butters)
Cheese
Comb honey
Eggs
Olive oil, pure, (packaged in containers of a capacity of more than one gallon)
Poultry

5. Section 14 (d) is revoked.

This amendment shall become effective on July 27, 1943.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 422,[1] Amdt. 1]

CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 3 AND GROUP 4 STORES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 422 is amended in the following respects:

1. Section 18 (c) is revoked.

2. A new paragraph, (d), is added to section 20 to read as follows:

(d) *Eggs sold by you as "ungraded eggs".* If you purchase eggs in other than retail grades and sizes (or weight classes) and do not candle and grade them into the retail grades and sizes (or weight classes) set forth in Table B, you must sell them as "ungraded eggs." You shall calculate a ceiling price weekly for such eggs using as your "net cost" the lowest ceiling price established by Maximum Price Regulation No. 333[2] which would apply to sales to a retailer of large Grade C eggs delivered on the Monday of the week in which calculations are made to a receiving point located in the same city, town, village, or hamlet as your usual receiving point for the eggs.

3. A new section, Section 29a, is added to read as follows:

SEC. 29a. *Regional adjustment of poultry mark-ups.* Each Regional Administrator of the OPA is hereby authorized to reduce the mark-ups listed in Table B in section 39 (a) for retailers in any area or locality within his jurisdiction for sales of any poultry items in connection with adjustments made pursuant to § 1429.14 (e) of Revised Maximum Price Regulation No. 269,[3] whenever such action is necessary to prevent an increase in the ceiling prices at which such poultry items may be sold by retailers.

4. Section 38 (b) (27) is amended to read as follows:

(27) "Soups, canned" includes all soups, broths and chowder. Excluded are meat stews, "baby" or "junior" soups, and dehydrated soups.

NOTE: The 1943 pack of canned vegetable soups shall be considered a different item from the 1942 pack of canned vegetable soups, and you must figure separate ceiling prices for each item of the 1943 pack.

5. In section 38 (b) (37), the item "Olive oil, (pure)" is amended to read "Olive oil, pure, (packaged in containers of a capacity of one gallon or less)".

6. In section 38 (c), the following items are added in alphabetical order to the list of commodities excluded:

Comb honey
Olive oil, pure, (packaged in containers of a capacity of more than one gallon)

7. In section 39 (a), the item "Cabbage" under list (2) is amended and two new items are added to such list to read as follows:

TABLE B.—MARK-UPS OVER "NET COST" ALLOWED TO GROUP 3 AND GROUP 4 RETAILERS FOR PERISHABLES COVERED BY THIS REGULATION BY COMMODITIES

Food commodities	Allowed mark-ups over net cost		Selling unit in which ceiling price must be calculated
	Group 3, Retailer other than independent with annual volume under $250,000	Group 4, Any retailer with annual volume of $250,000 or more	
(2) Fresh fruits and vegetables:	*Percent*	*Percent*	
Berries	34	34	1 quart, or 1 pint, or 1 pound.
Red sour cherries	34	34	1 quart or 1 pound.
Cabbage*	40	40	2 pounds.

8. In section 39 (b) (1), the undesignated paragraph beginning with the phrase "Eggs, shell" is amended to read as follows:

"Eggs, shell" means chicken eggs sold for human consumption. Ceiling prices shall be figured for each grade and size (or weight class) of eggs, and the grade and size (or weight class) shall be posted separately with the selling price, except that "ungraded eggs" are to be designated only as "ungraded eggs". Eggs shall be sold at retail only in the retail grades and sizes (or weight classes) specified in Maximum Price Regulation No. 333, or as "ungraded eggs" which may contain no inedible eggs.

9. In section 39 (b) (2), two new undesignated paragraphs are added to read as follows:

"Berries" means blackberries, boysenberries, gooseberries, loganberries, black raspberries, red raspberries and youngberries. Each of these 7 kinds of berries shall be treated as a separate item and priced separately. Whenever fresh berries are sold in quarts or pints, they must have a minimum net weight of 20 ounces per quart or 10 ounces per pint. If you purchase berries on the basis of a price per pound and sell them in pints or quarts, you must multiply your cost per pound by $^{20}/_{16}$ to figure your "net cost" per quart, and by $^{10}/_{16}$ to figure your "net cost" per pint.

"Red sour cherries." All red sour cherries shall be considered one item. When you sell red sour cherries by the quart, they must have a minimum net weight of 20 ounces per quart. When you purchase red sour cherries on the basis of a price per pound and sell them in quarts, you must multiply your cost per pound by $^{20}/_{16}$ to figure your "net cost" per quart.

This amendment shall become effective July 27, 1943, except that all provisions affecting "perishables" shall become effective August 5, 1943.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 423[1] Amdt. 1]

CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN INDEPENDENT STORES DOING AN ANNUAL BUSINESS OF LESS THAN $250,000 (GROUP 1 AND GROUP 2 STORES)

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 423 is amended in the following respects:

1. Section 18(c) is amended to read as follows:

(c) Section 20. *How you figure your "net cost" in certain cases.* (Applies to you if you purchase fresh bananas from importers f. o. b. port of entry or at auction; if you package and print butter; if you candle and grade eggs; or if you sell "ungraded eggs".)

2. A new section, section 19a, is added to read as follows:

SEC. 19a. *Regional adjustment of poultry mark-ups.* Each Regional Administrator of the OPA is hereby authorized to reduce the mark-ups listed in Table B in section 28 (a) for retailers in any area or locality within his jurisdiction for sales of any poultry items in connection with adjustments made pursuant to § 1429.14 (e) of Revised Maximum Price Regulation No. 269,[2] whenever such action is necessary to prevent an increase in the ceiling prices at which such poultry items may be sold by retailers.

3. Section 27 (b) (27) is amended to read as follows:

(27) "Soups, canned" includes all soups, broths and chowder. Excluded are meat stews, "baby" or "junior" soups, and dehydrated soups.

NOTE: The 1943 pack of canned vegetable soups shall be considered a different item from the 1942 pack of canned vegetable soups, and you must figure separate ceiling prices for each item of the 1943 pack.

4. In section 27 (b) (37), the item "Olive oil, (pure)" is amended to read "Olive oil, pure, (packaged in containers of a capacity of one gallon or less)".

5. In section 27 (c), the following items are added in alphabetical order to the list of commodities excluded:

Comb honey
Olive oil, pure (packaged in containers of a capacity of more than one gallon)

6. In section 28 (a), the item "Cabbage" under list (2) is amended and two new items are added to such list to read as follows:

TABLE B.—MARK-UPS OVER "NET COST" ALLOWED TO GROUP 1 AND GROUP 2 RETAILERS FOR PERISHABLES COVERED BY THIS REGULATION BY COMMODITIES

Food commodities	Allowed mark-ups over "net cost"		"Selling unit" in which ceiling price must be calculated
	Independent retailers with annual volumes		
	Group 1 under $50,000	Group 2 $50,000 but less than $250,000	
(2) Fresh fruits and vegetables:	*Percent*	*Percent*	
Berries	34	34	1 quart, 1 pint, or 1 pound.
Red sour cherries	34	34	1 quart or 1 pound.
Cabbage	40	40	2 pounds.

7. In section 28 (b) (1), the undesignated paragraph beginning with the phrase "Eggs, shell" is amended to read as follows:

"Eggs, shell" means chicken eggs sold for human consumption. Ceiling prices shall be figured for each grade and size (or weight class) of eggs, and the grade and size (or weight class) shall be posted separately with the selling price, except that "ungraded eggs" are to be designated only as "ungraded eggs". Eggs shall be sold at retail only in the retail grades and sizes (or weight classes) specified in Maximum Price Regulation No. 33,[3] or as "ungraded eggs" which may contain no inedible eggs.

8. In section 28 (b) (2), two new undesignated paragraphs are added to read as follows:

"Berries" means blackberries, boysenberries, gooseberries, loganberries, black raspberries, red raspberries, and youngberries. Each of these 7 kinds of berries shall be treated as a separate item and priced separately. Whenever fresh berries are sold in quarts or pints, they must have a minimum net weight of 20 ounces per quart or 10 ounces per pint. If you purchase berries on the basis of a price per pound and sell them in pints or quarts, you must multiply your cost per pound by 20/16 to figure your "net cost" per quart, and by 10/16 to figure your "net cost" per pint.

"Red sour cherries". All red sour cherries shall be considered one item. When you sell red sour cherries by the quart, they must have a minimum net weight of 20 ounces per quart. When you purchase red sour cherries on the basis of a price per pound and sell them in quarts, you must multiply your cost per pound by 20/16 to figure your "net cost" per quart.

This amendment shall become effective August 5, 1943.

3. Schedule IV (b) (3) of § 1364.35 is amended to read as follows:

(3) "Current Chicago live hog price" of hogs other than oily hogs, stags and boars means the highest price quoted, for live hogs of the applicable weight, in the current Chicago Daily Livestock Market Report of the Agricultural Marketing Administration of the U. S. Department of Agriculture, minus the current live cwt. subsidy rate. "Current Chicago live hog price" of oily hogs means a price determined by deducting from the highest price quoted, for live butcher hogs of the applicable weight, in such current report, $1.00 per cwt. and the current live cwt. subsidy rate. "Current Chicago live hog price" of stags and boars means a price determined by deducting from the highest price quoted for live sows or butcher hogs of the applicable weight, in such current report, $1.50 per cwt. and the current live cwt. subsidy rate in the case of stags, and $4.00 per cwt. and the current live cwt. subsidy rate in the case of boars. As to all shipments of dressed hogs from points east of the 85th meridian the current report shall be deemed to be that for the third market day preceding shipment of such dressed hogs. As to all shipments of dressed hogs from points west of the 109th meridian the current report shall be deemed to be that for the fifth market day preceding such shipment. As to all shipments of dressed hogs from points east of the 109th meridian and west of the 95th meridian and from points east of the Mississippi River, south of Kentucky and west of the 85th meridian, the current report shall be deemed to be that for the second market day preceding such shipment. As to all shipments of dressed hogs from any other point, the current report shall be deemed to be that for the market day preceding such shipment.

4. The example stated in Schedule IV (c) (1) of § 1364.35 is amended to read as follows:

Example: A butcher hog dressed shipper style and weighing 190 pounds falls in the 189 to 213 pound weight range and in the 240 to 270 pound related live hog weight classification. If it were slaughtered in New York City and shipped on November 24, 1942, the appropriate seasonal denominator would be 1.315, and the current Chicago live hog price would be that reported for Thursday, November 19, 1942, three market days prior to Tuesday, November 24, 1942, ($14.00 per cwt.), minus an assumed current live hog subsidy at that time of $1.30 per cwt., equaling $12.70 per cwt. $12.70 multiplied by 1.315 equals $16.70.

5. The example stated in Schedule IV (c) (2) of § 1364.35 is amended to read as follows:

Example: If in the example stated in paragraph (c) (1), such local delivery were made, 25 cents would be added to $16.79 giving a price of $16.95 per cwt.

6. The example stated in Schedule IV (c) (3) of § 1364.35 is amended to read as follows:

Example: In the example stated in paragraph (c) (2), if the dressed hog is sold to the Federal Surplus Commodities Corporation, or if local delivery is made to a buyer within the region described in subparagraph (3) (1), 50 cents would be added to $16.95 giving a price of $17.45 per cwt.

This amendment shall become effective August 3, 1943, except that, as to sales and deliveries of dressed hogs, it shall become effective on August 8, 1943.

PART 1367—FERTILIZERS

[Rev. MPR 135,[1] Amdt. 4]

MIXED FERTILIZER, SUPERPHOSPHATE AND POTASH

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 135 is amended in the following respects:

1. Section 1367.42 (a) (20) and (21) is amended to read as follows:

(20) "Victory garden fertilizer" means the grade of mixed fertilizer authorized by the War Food Administration for use on victory gardens in the non-commercial production of vegetables and small fruits and labeled "Victory Garden Fertilizer—For Food Production Only".

(21) "Specialty fertilizer" means a grade and kind of mixed fertilizer containing nitrogen, but not victory garden fertilizer which, under the provisions of Food Production Order 5 Revised,[2] issued by the War Food Administrator, may be manufactured, packaged and sold for unrestricted use, and which is generally marketed through retail outlets other than those selling fertilizer for commercial agricultural use.

2. Section 1367.45 (a) is amended to read as follows:

(a) *Victory garden fertilizer.* (1) Maximum consumer prices of "Victory Garden Fertilizer—For Food Production Only" shall be:

In 100-pound packages:	*Per package*
2,000 pounds or more	$3.20
1,000 pounds to 1,900 pounds	3.45
500 pounds to 900 pounds	3.55
100 pounds to 400 pounds	3.70
In smaller packages:	*Each*
50-pound package	$2.35
25-pound package	1.45
10-pound package	.80
5-pound package	.50

(2) Maximum prices of "Victory Garden Fertilizer—For Food Production Only," delivered to dealers shall be:

	Each
100-pound package	$2.70
50-pound package	1.70
25-pound package	1.05
10-pound package	.50
5-pound package	.35

(3) Where mixed fertilizer labeled "Victory Garden Fertilizer—For Food Production Only" is sold for use in the commercial production of crops, the maximum prices of such fertilizer provided in sections 1 and 2 hereinabove set forth shall not apply, and the maximum prices shall be as provided in § 1367.33 for sales by manufacturers and § 1367.34 for sales by dealers, as the case may be.

This amendment shall become effective August 3, 1943.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 11 to GMPR, Amdt. 31]

SERVICES ON AIRPLANES, TANKS, AND MILITARY VEHICLES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.* Revised Supplementary Regulation 11 of the General Maximum Price Regulation is amended in the following respects:

1. Section 1499.46 (b) (108) is amended to read as follows:

(108) Any service rendered in connection with the lubrication, painting, rental, storage, washing, operation, repair, conversion, modification, maintenance or other servicing for any War Procurement Agency of airplanes and of engines, parts, accessories, instruments, and other equipment used in connection with airplanes, including all services incidental thereto.

2. A new subparagraph is added to § 1499.46 (b) to read as follows:

(128) Any service to tanks and military vehicles and engines, parts, accessories, instruments, and other equipment used in connection with tanks and military vehicles when rendered for any War Procurement Agency in connection with preparation for shipment (including but not limited to lubricating, painting, storing, packing, washing, testing, repairing, converting, modifying, maintaining and preparing and restoring the premises, facilities, and equipment used in connection with such services)—rates and charges for.

This amendment shall become effective August 3, 1943.

TITLE 34—NAVY

Chapter I—Department of the Navy

PART 6—NAVAL RESERVE[1]

MISCELLANEOUS AMENDMENTS

Sections 6.8704 (b) (3), 6.10303 (b), 6.10308 and 6.10504 are amended to read as follows:

§ 6.8704 *Uniform gratuities; Naval Reserve officers.* * * *

(b) *In time of war or national emergency.* * * *

(3) All officers, including officers of class A–V (N), may be paid an additional sum of fifty dollars for the purchase of required uniforms upon the completion of each period of at least four years of service in the Naval Reserve subsequent to payment of last previous gratuity, provided they have, during that period, fulfilled the requirements of paragraph (a) (1) of this section. Claims for payment of the additional $50 gratuity will be submitted to the Bureau of Naval Personnel on Form S & A 445.

§ 6.10303 *Naval Aviation Cadet Selection Boards.* * * *

(b) The Officer-in-Charge shall exercise the functions of a commanding officer with respect to the officers and enlisted men attached to his board and aviation cadets whose records are carried by his board, and may order summary courts-martial upon petty officers and enlisted men in the naval service under his command.

§ 6.10308 *Insurance, aviation cadets and A–V (N) officers.* (a) Upon reporting for active duty, aviation cadets who do not hold Government Insurance policies will be issued National Service Life Insurance in the amount of $10,000, the premiums on which shall be paid, during the period of their active duty as aviation cadets, from the current Naval Reserve appropriation. Aviation cadets who may hold U. S. Government Life Insurance or National Service Life Insurance upon reporting are covered in paragraph (e) of this section.

(b) Veterans' Administration Insurance Form 350 (Application for National Service Life Insurance) will be executed in triplicate on the date the aviation cadet reports as such for active duty for training, and the original and both copies will be submitted to the Bureau of Supplies and Accounts (Allotment Division). The form of insurance to be applied for by aviation cadets shall be the 5-year level premium term policy. Except as provided in paragraph (e) of this section, the amount shall be $10,000, and the effective date of the policy will be the date of entry upon active duty as an aviation cadet.

(c) Upon release from active duty or termination of aviation cadet status the cognizant commanding officer will notify the Bureau of Supplies and Accounts (Allotment Division) by letter, in duplicate, stating the date of such termination and requesting that no further premiums be paid by the Government. Such aviation cadets not commissioned as ensigns, A–V (N), or second lieutenants, (NAVC), will be informed that they may continue the insurance in force by the payment of premiums from their own personal funds either by allotment of pay or by direct remittance of premiums to the Veterans' Administration.

(d) When the aviation cadet so insured has been commissioned as ensign in class A–V (N), the insurance shall be continued in force as required by law. The allotment method shall be employed for payment of premiums upon all Government insurance by all class A–V (N) officers. Upon being commissioned an ensign, class A–V (N), this compulsory allotment shall be registered immediately with first payment the month in which the officer executed the oath and acceptance of office.

(e) (1) Section 5 of the Naval Aviation Cadet Act of 1942 provides in part that:

[1] 8 F.R. 9643.

Aviation cadets will be issued Government Life Insurance in the amount of $10,000, effective from the date of reporting for active duty, and premiums on such insurance shall be paid during the period of their active duty from current appropriations * * *.

Section 603 of the National Service Life Insurance Act of 1940, as amended, provides that no person may carry a combined amount of National Service Life Insurance and U. S. Government Life Insurance in excess of $10,000. Aviation cadets who may be holding U. S. Government Life Insurance or National Service Life Insurance upon reporting for active duty as aviation cadets have the option (i) of surrendering such policies as may be in force or (ii) of continuing such policies at their own expense. In the latter event, premiums must be paid by allotment. If the amount of the continued insurance is less than $10,000, there will be issued additional National Service Life Insurance at Government expense, the face value of which will be the difference between the face value of such policies as the individual may be carrying, and $10,000.

(2) An aviation cadet who elects to surrender his U. S. Government Life Insurance or National Service Life Insurance to obtain full coverage of $10,000 at Government expense may do so by executing application for National Service Life Insurance in the amount of $10,000. In such case he will be deemed to have surrendered such policy or policies as he may be holding as of the date of signing application for National Service Life Insurance in the amount of $10,000 at Government expense. If the insurance he is holding has a cash surrender value, and only in that event, the aviation cadet will execute and file "Application for Cash Surrender Value of U. S. Government Life Insurance" (Veterans' Administration Form No. 849) at the time he applies for the $10,000 National Service Life Insurance at Government expense. (U. S. Government Life Insurance and National Service Life Insurance issued on the 5-year level premium term plan do not have a cash surrender value). Veterans' Administration Form 849 shall be forwarded direct to the Veterans' Administration; Veterans' Administration Form 350 shall be forwarded to the Bureau of Supplies and Accounts (Allotment Division).

(3) Aviation cadets who elect to retain their U. S. Government Life Insurance or National Service Life Insurance policies, may do so. If the amount retained is less than $10,000, such aviation cadets upon reporting for active duty for training will make application for National Service Life Insurance at Government expense, the face value of which will be the difference between the face value of the policy or policies which the aviation cadets may hold, and $10,000. The new application, (Veterans' Administration Form 350), will contain an entry in Item 9 as follows:

Insurance in amount of $-------- will be carried at my expense. An allotment has been authorized.

(4) Aviation cadets who, upon entering upon active duty for training, elected to continue their policy or policies at their own expense as provided in paragraph (e) (3) of this section, may surrender such policies at a later date during their training period, if they so desire. However, since there is an obligation on the part of the Government to insure that each aviation cadet will have full $10,000 insurance coverage, surrender of such policies may be made only upon filing application for a new policy of the same face value, the premiums on which will be paid by the Government. In such cases, the effective date of the surrender will be deemed to be the date of signature of the new application. (The original application for cash surrender will be forwarded direct to the Veterans' Administration.) Copy of Veterans' Administration Form 849 should accompany the new application (Veterans' Administration Form 350, in triplicate) when the application is forwarded to the Bureau of Supplies and Accounts (Allotment Division) together with an explanatory letter.

(f) Aviation cadets and officers of class A–V (N) will not be permitted to borrow against their Government insurance policies. Aviation cadets and officers of class A–V (N) will not be permitted to stop their allotments to the Veterans' Administration except when it is necessary due to renewal, conversion or surrender to obtain an equal amount of National Service Life Insurance, in which event not one single month shall intervene between the last month paid under the old allotment and the commencing date of the new allotment.

(g) Insurance issued to aviation cadets may be converted at any time after the policy has been in force for one year and within the 5-year period, except that conversion will not be permitted while the premiums are being paid by the Government.

§ 6.10504 *Insurance; class V–8.* (a) Upon reporting for active duty undergoing training, enlisted men of class V–8 will be issued National Service Life Insurance in the amount of $10,000, or in an amount equal to the difference between existing Government life insurance policies and the sum of $10,000, in the same manner as provided in § 6.10308, the premiums on which shall be paid during the period of their active duty as student aviation pilots and aviation pilots, from the current Naval Reserve appropriations. If discharged, released from active duty or if transferred from class V–8 for any reason, such enlisted men will have the option of continuing these policies at their own expense.

(b) Upon discharge, release from active duty, or transfer from class V–8, the cognizant commanding officer will notify the Bureau of Supplies and Accounts by letter requesting that no further premiums be paid. The individuals will be informed that they have the option of continuing to pay the premiums from their personal funds or of converting to some higher form of insurance after the insurance has been in effect for one year, or of permitting the insurance to lapse.

(c) Insurance policies issued to enlisted men of class V–8 will continue in force, and the premiums will be paid by the Government, during the period of training, the two-year obligated period of active duty thereafter, and during an additional period the enlisted man may agree to serve, provided such service is continuous. WAR DEPARTMENT.

APPROVAL OF PURCHASES OR EXCHANGES OF MOTOR-PROPELLED PASSENGER-CARRYING VEHICLES

JULY 26, 1943.

1. Under date of May 18, 1942, there was issued a memorandum advising that under the provisions of section 6 of the Act of April 28, 1942 (7 F.R. 3861, 9258) (War Department Civil Appropriation Act, 1943, Public Law 527, 77th Congress) the approval of the Secretary of War was a condition to the expenditure of funds for the purchase of exchange of any motor-propelled passenger-carrying vehicle.

2. The War Department Civil Appropriation Act, 1944, does not contain any provision requiring the approval of the Secretary of War as a condition to the expenditure of funds for the purchase or exchange of any motor-propelled passenger-carrying vehicle.

3. Accordingly, the approval of the Secretary of War is no longer a prerequisite to the expenditure of funds for the purchase or exchange of such vehicles.

[Docket No. B–311]

WERNER BROTHERS

MEMORANDUM OPINION AND ORDER DIRECTING CODE MEMBERS TO CEASE AND DESIST

In the matter of Fred J. Werner, also known as Fred Werner, Jr. and William J. Werner, individually and as partners doing business under the name and style of Werner Brothers, Code members.

On June 4, 1943, after due notice and hearing W. A. Cuff, a duly designated Examiner of the Division, submitted a report in which he found that code members wilfully violated the Act, the Code, the Marketing Rules and Regulations and the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments, by selling from October 2, 1940 to September 30, 1941, coal below the effective minimum prices established therefor and by disposing from October 1, 1940 to October 13, 1940 of approximately 100 tons of screenings in consideration of services.

The Examiner recommended that an order be entered directing the code members, individually and as partners operating the Werner Mines, to cease and desist from violating the provisions of section 4 II (e) of the Act, Part II of the Code, Rule 1 (F) of section VII of the Marketing Rules and Regulations and the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments.

Opportunity was afforded to all parties to file exceptions to the Examiner's Report. No exceptions have been filed.

I have considered the report of the Examiner and I find that it adequately and accurately reflects the evidence disclosed in the record. Upon the basis of the proposed findings of fact, proposed conclusions of law and recommendations set forth in the Report and upon the entire record in this proceeding:

It is hereby ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner are approved and adopted as the findings of fact and conclusions of law of the Director.

It is further ordered, That Fred J. Werner, also known as Fred Werner, Jr., and William J. Werner, individually and as partners doing business under the name and style of Werner Brothers, operating the Werner Mines Nos. 1 and 2 (Mine Index Nos. 548 and 549) located in Perry County, Indiana, District No. 11, their agents, employees, representatives, successors and assigns, and all persons acting or claiming to act on their behalf or interest, cease and desist from violating the Code, the rules and regulations thereunder and particularly Rule 1 (F) of the Marketing Rules and Regulations and the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments.

Notice is hereby given that upon failure or refusal to comply with this order, the Division may apply to a United States Circuit Court of Appeals for the enforcement thereof, or may otherwise proceed as authorized by the Act.

Dated: July 27, 1943.

CERTAIN PETITIONS FILED UNDER CERTAIN SECTIONS OF ACT

ORDER DISMISSING PETITIONS

In the matter of certain petitions filed pursuant to sections 4 II (a), (b) or (d) of the act. Docket Nos. A–1656, A–1737, A–1923, A–2036, A–1846–II, A–1847–II, A–1907–II, A–1913–II, A–1515.

Petitions having been duly filed, pursuant to either sections 4 II (a), (b) or (d) of the Act, in each of the above designated dockets, and no dispositive action having been taken therein; and

It appearing appropriate to dismiss each such petition in view of the fact that action leading to a final determination thereof cannot be taken prior to 12:01 a. m. August 24, 1943, at which time the Bituminous Coal Act of 1937 will cease to be in effect;

Now, therefore, it is ordered, That effective 12:01 a. m. August 24, 1943, each of the above designated petitions be, and the same hereby is, dismissed.

Dated: July 27, 1943.

DISTRICT BOARD 23

ORDER MAKING TEMPORARY RELIEF FINAL

In the matter of petition of District Board No. 23 for the establishment of price classifications and minimum prices for the coals of the Peacock Mine.

A petition was filed in the above-entitled matter, requesting that the same price classifications and minimum prices be established for the coals of the Peacock Mine, Mine Index No. 180, in Subdistrict No. 23 in the respective size groups for shipment by rail and truck as are presently in effect for comparable and analogous coals produced in Subdistrict "G" in District No. 23, except that in Size Groups 21 and 23 for truck shipment petitioner proposes the establishment of minimum prices 25 cents per ton lower than those applicable to coals in these size groups produced in Subdistrict "G".

On July 2, 1943, 8 F.R. 9236, an order was issued herein granting temporary relief in accordance with the request of said petition, and scheduling said matter for hearing on July 31, 1943. However, on July 8, 1943, the hearing was cancelled.

On July 15, 1943, petitioner requested that the temporary relief granted in said Order of July 2, 1943, be made permanent and it appears that said request should be granted and that said relief should be made final as hereinafter set forth.

Now, therefore, it is ordered, That the temporary relief granted in the Order of July 2, 1943, 8 F.R. 9236, be, and the same hereby is made final as of the date August 10, 1943.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matters and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: July 27, 1943.

[Docket No. B–75]

EAGLE BOAT STORE COMPANY

ORDER DISMISSING PROCEEDINGS

This proceeding was instituted by the Bituminous Coal Division to determine whether or not Eagle Boat Store Company, a registered distributor, (Registration No. 2601) has violated the agreement by registered distributor executed by it, and violated certain provisions of the Act, the Code, and rules and regulations thereunder, and to determine, in case such violation be found, the appropriate penalty to be invoked.

Pursuant to appropriate notice, a hearing was held before Joseph D. Dermody, a duly designated Examiner of the Division, on December 5, 1941, at which respondent appeared, and the Examiner on May 22, 1943 submitted his Report, proposed findings of fact, proposed conclusions of law, and recommendation to the effect that an order of dismissal should be entered, as he found that respondent had not violated the provisions of section 4 II (i) (12) of the Act, the corresponding section of the Code, §§ 317.11 (c) (6) and 317.19 (c) of the Distributors' Rules, Rule 12 of section XIII of the Marketing Rules and Regulations or paragraphs (c), (e), (f), and (h) of the Agreement by Registered Distributors.

An opportunity was afforded to interested persons to file exceptions thereto and supporting briefs and no such exceptions or briefs have been filed.

It seems inadvisable to issue an opinion discussing the merits of the issues raised in this proceeding in view of the fact that the Bituminous Coal Act of 1937 as amended will expire on August 24, 1943, upon which date the sections of the Marketing Rules and Regulations and of the Distributors' Rules and the Agreement by Registered Distributors will likewise be ineffective.

Any order which might be issued suspending or revoking respondent as a registered distributor would also be ineffective from that date.

Now therefore it is ordered, That this proceeding be and the same hereby is dismissed.

Dated: July 27, 1943.

Director.

DEBARDELEBEN COAL CORP.

ORDER GRANTING FINAL RELIEF

In the matter of the petition of DeBardeleben Coal Corporation for establishment of price classifications and minimum prices for Size Group No. 5 coals of the Hull Mine, Mine Index No. 44, District No. 13.

On June 30, 1943, an order was issued in this docket granting temporary relief and scheduling said matter for hearing on August 3, 1943, 8 F.R. 7770. On July 8, 1943, an order was issued cancelling said hearing. By communication dated

July 12, petitioner requested that said temporary relief be made final.

No petitions of intervention have been filed in the above-entitled matter and it appears that good cause has been shown for making permanent said temporary relief.

Now therefore it is ordered, That the temporary relief heretofore granted in regard to coals in Size Group No. 4, produced by the Hull Mine, Mine Index No. 44, of the DeBardeleben Coal Corporation shall be final on August 10, 1943, unless otherwise ordered.

It is further ordered, That pleadings in opposition to the original petition and supplemental request in the above-entitled matter and applications to stay, terminate or modify the relief herein granted may be filed with the Division on or before August 7, 1943, pursuant to the rules and regulations governing Practice and Procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: July 27, 1943.

[Docket No. 35–FD]

SUPERIOR COAL CO.

ORDER EXTENDING EFFECTIVE DATE OF DENIAL OF APPLICATION FOR EXEMPTION

In the matter of the application of Superior Coal Company for exemption.

An order was issued in this proceeding on May 25, 1943 denying an application for exemption of Superior Coal Company, code member in District No. 10, effective fifteen (15) days from the date thereof. Thereafter on June 11, 1943, after request of Superior Coal Company, the effective date of the order denying its application for exemption was extended to July 1, 1943, and upon an application dated June 28, 1943 filed by Superior Coal Company, the effective date of the order denying exemption was extended to August 1, 1943.

By application filed July 14, 1943 Superior Coal Company has requested a further extension of said order dated May 25, 1943, until August 24, 1943, which application states that applicant was advised by Bituminous Coal Board No. 10, Chicago, Illinois, that said Board will not find it convenient to pass upon applicant's request that it recommend favorably a minimum price on coal produced by applicant to be furnished to the Chicago and North Western Railway Company and its subsidiary, Chicago, St. Paul, Minneapolis, and Omaha Railway Company before August 24, 1943, and that even if said Board were able to pass upon said request it would be futile because the Bituminous Coal Act of 1937 will become void and of no effect at midnight on August 23, 1943.

In these circumstances, I believe that the request is appropriate and that the third paragraph of the order denying the application of Superior Coal Company for exemption, dated May 25, 1943, should accordingly be amended to read as follows:

It is hereby further ordered, That effective at midnight August 23, 1943, the application of Superior Coal Company is denied.

It is so ordered.

Dated: July 27, 1943.

[Docket No. B–346]

STEFFEY AND FINDLAY, INC.

OPINION AND ORDER OF THE DIRECTOR

In the matter of Steffey & Findlay, Inc., a registered distributor, Registration No. 8671.

This proceeding was instituted by the Bituminous Coal Division pursuant to the provisions of the Bituminous Coal Act of 1937 and § 304.14 (now 317.14) of the Rules and Regulations for the Registration of Distributors, by a notice of and order for hearing, in order to determine whether respondent Steffey & Findlay, Inc., a registered distributor (Registration No. 8671) of Hagerstown, Maryland, has violated provisions of the Act, the Code, and Orders and regulations of the Division, and respondent's "Agreement by Registered Distributor." Specifically made subject to investigation was whether respondent had, during the period from December 27, 1940 to March 26, 1942, both dates inclusive, purchased for resale from code members whose mines were located in Districts 1, 2 and 3, respectively, approximately 1547.75 net tons of various size coals, produced by said code members at their respective mines, and resold said coals for rail shipment to the purchasers indicated below, and prepaid the freight thereon, totalling $3569.79, and whether said transactions constituted violations of Rule 1 (J) of section VII and Rules 3 and 6 of section XIII of the Marketing Rules, section 4 II (i) 3 and 6 of the Act and Part II (i) 3 and 6 of the Code, and paragraphs (c) and (e) of the Agreement.

Respondent filed an answer on December 3, 1942, in the form of a letter addressed to the Director, admitting the prepayment of the freight but claiming that the acts were committeed without realizing that they constituted violations. The answer further stated that the Division failed to take exception to respondent's conduct, although respondent furnished to the Division's "various district office concerned" at the time of shipment, copies of invoices "clearly showing that freight was prepaid"; and that immediately upon being informed of the violative nature of its conduct, respondent not only discontinued the practice, but stopped wholesaling coal altogether, and thereafter handled the customers involved on a retail basis, in order to insure against further violation through ignorance. The letter concluded with an expression of respondent's willingness to accept any decision made by the Director in this proceeding. The Bituminous Coal Producers Board for District No. 3 on December 21, 1942, filed a petition for leave to intervene.

Pursuant to the notice, a hearing in this matter was held on January 9, 1943, before Charles S. Mitchell, a duly designated Examiner of the Division, at a hearing room thereof in Hagerstown, Maryland. All interested persons were afforded an opportunity to be present and participate fully in the hearing. An appearance was entered on behalf of respondent. At the conclusion of the hearing, all parties waived the preparation and filing of a report by the examiner, and the record in the proceeding was thereupon submitted to me.

In view of the fact that the Bituminous Coal Act of 1937, as amended will expire on August 23, 1943 (except as provided in section 19 thereof), any order which might be issued revoking or suspending respondent's registration as a distributor will become inoperative after that date. Proceedings not finally decided at that time will become moot. In these circumstances it would seem inadvisable to determine the issues on the merits. The proceeding should be dismissed.

It is so ordered.

Dated: July 27, 1943.

DISTRICT BOARD 10

ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for the coals produced at the Panther Creek No. 1 mine of Panther Creek Mines, Inc., in District No. 10.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment of temporary price classifications and minimum prices for the Panther Creek No. 1 Mine (Mine Index No. 1633) of Panther Creek Mines, Inc., for shipments by rail and truck; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, but not extending beyond 12:01 a. m., August 24, 1943, temporary relief is granted as follows: Commencing forthwith the schedules of effective minimum prices for District No. 10 for all shipments except truck and for truck shipments are supplemented to include the price classifications and minimum prices set forth in the schedules marked Supplement R and Supplement T annexed hereto and made a part hereof.

It is further ordered, That, pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division any time prior to August 7, 1943, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: July 22, 1943.

[Docket No. 1670–FD]

PITTSBURGH AND MIDWAY COAL MINING CO.

ORDER OF THE DIRECTOR

Upon the basis of findings of fact and conclusions of law set forth in the opinion of the director, filed simultaneously herewith, wherein it appears that Pittsburgh & Midway Coal Mining Company, as a code member producer, wilfully violated section 4 II (e) of the Bituminous Coal Act of 1937 and the corresponding provision of the Bituminous Coal Code in the sale of 4323.93 tons of Size Group 13 coal at prices lower than the applicable effective minimum price, for which its membership in the Code should be revoked; and wilfully violated sections 4 II (a) and 4 II (i) 13 of the Act, Parts II (a) and II (i) 13 of the Code, Order No. 14, and Rule 7 of section VI, Rules 1, 2, 4, 5, and 6 of section VIII, Rule 1 of section X, and Rule 13 of section XIII of the Marketing Rules and Regulations, for which, upon its reinstatement as a code member defendant should be required to cease and desist from further such violations. It also appears that as a registered distributor Pittsburgh & Midway Coal Mining Company wilfully violated paragraphs (b), (c), (e) and (f) of the Agreement by Registered Distributor, executed by it, in wilfully violating sections 4 II (e) and 4 II (i) 13 of the Act, Parts II (e) and II (i) 13 of the Code, and Rule 3 of section V, Rules 1, 2, 4, 5 and 6 of section VIII, Rule 1 of section X, and Rule 13 of section XIII of the Marketing Rules and Regulations, for which its registration as a registered distributor should be suspended for a period of twenty (20) days and it should be required to cease and desist from such further violations of its agreement; that defendant as either a code member or registered distributor did not violate the Act, the Code or rules and regulations thereunder in failing to charge interest on accounts, failing to file invoices and contracts reflecting the true preparation or treatment of coal sold or misrepresenting the same, or selling coal to the Gooch Milling and Elevator Company for commercial use at the industrial use prices as set forth in counts B, E, and H of the complaint and notice; that the proposed findings of fact and proposed conclusions of law of the examiner should be modified and, as so modified, approved and adopted as the findings of fact and conclusions of law of the undersigned; and pursuant to sections 4 II (h), (j) and 5 (b) of the Bituminous Coal Act of 1937 and § 317.14 of the Rules and Regulations for the Registration of Distributors;

It is ordered, That the proposed findings of fact and proposed conclusions of law of the examiner, as modified in my opinion, are approved and adopted as the findings of fact and conclusions of law of the director.

It is further ordered and determined, That defendant, neither as a code member nor a registered distributor, has violated Rule 1 (I) of section VII of the Marketing Rules by failure to charge interest on accounts; section 4 II (e) and 4 II (i) 8 of the Act or Rule 8 of section XIII of the Marketing Rules, by failing to file with the proper Statistical Bureau invoices and contracts reflecting the true preparation and treatment of coal sold on any misrepresentation thereof; nor section 4 II (e) of the Act in the sale of coal to the Gooch Milling and Elevator Company for commercial use at industrial prices, and that as to these matters the proceeding is dismissed.

It is further ordered, That the membership of The Pittsburgh & Midway Coal Mining Company, in the code and its right to an exemption from the taxes imposed by section 3 (b) of the Bituminous Coal Act of 1937, is revoked and cancelled, and that prior to reinstatement in the Code it shall pay to the United States a tax in the amount of $2,360.87, as provided by section 5 (c) of the Act.

It is further ordered, That in the event of reinstatement to membership in the Code, The Pittsburgh & Midway Coal Mining Company, as a code member, its agents, representatives, employees, attorneys, successors or assigns, and any person or persons acting or claiming to act for or on its behalf, thereafter cease and desist from violations of sections 4 II (e) and 4 II (i) 13 of the Act, Parts II (e) and II (i) 13 of the Code, Order No. 14, Rule 7 of section VI, Rules 1, 2, 4, 5 and 6 of section VII, Rule 1 of section X, and Rule 13 of section XIII of the Marketing Rules and Regulations, or other provisions of the Act, the Code, or rules and regulations thereunder.

It is further ordered, That the registration of The Pittsburgh & Midway Coal Mining Company as a registered distributor (Registration No. 7344) is suspended for a period of twenty (20) days, effective five (5) days from the date of this order: *Provided, however*, That if defendant shall not have complied with the provisions of § 317.15 (formerly 304.15) of the Rules and Regulations for the Registration of Distributors at least five (5) days prior to the expiration of said suspension period, said suspension shall continue in full force and effect until five (5) days after the affidavit required by said section 317.15 shall have been filed with the division.

It is further ordered, That The Pittsburgh & Midway Coal Mining Company as a registered distributor (Registration No. 7344), its representatives, agents, employees, attorneys, successors or assigns and any and all persons acting or claiming to act in its behalf, cease and desist from violations of paragraphs (b), (c), (e) and (f) of the agreement by Registered Distributors, executed by it, by or through violations of sections 4 II (e) and (i) 13 of the Act, Parts II (e) and (i) 13 of the Code, Order No. 14, and Rule 3 of section V, Rules 1, 2, 4, 5 and 6 of section VII, Rule 1 of section X, and Rule 13 of section XIII of the Marketing Rules and Regulations, or other provisions of the Act, the Code, or rules and regulations thereunder.

SAN BERNARDINO MERIDIAN

T. 17 S., R. 5 E.,
Sec. 20, NE¼SE¼;
Sec. 21, lot 1;
Sec. 26, lot 3;
Sec. 27, lot 13, total area, 97.36 acres.

These lands are in San Diego County, 54 miles by road east and slightly south of San Diego, and are in the coast range of mountains at an elevation of approximately 3,000 feet.

Lot 1 sec. 21 has been divided into 4 units, and lot 3 sec. 26 into 8 units, with designations and areas as shown on the supplemental plat of these lots accepted May 15, 1943, and the lands in these two lots will be leased according to such units. Lands in the NE¼SE¼ sec. 20 will be leased in rectangular units of 5 acres, and any applications filed for tracts therein should describe the land applied for according to the rectangular system of surveys. Two applications have been received.

The portions of the lands involved not covered by any application under the five-acre act are subject to application for lease under that act, based on the above-mentioned classification, by any qualified persons, in accordance with 43 CFR 257.1–257.25 (Circ. 1470a, August 10, 1942).

The Register of the Los Angeles district land office will make appropriate

notations upon the records of his office and acknowledge receipt hereof.

BUFFALO, WYO. LAND DISTRICT

ORDER REGARDING LEASED SITES

JULY 23, 1943.

On May 14, 1943, the following-described vacant public land, in the Buffalo, Wyoming, land district, was classified and opened by the Secretary of the Interior under the act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), for leasing as home, cabin, camp, health, convalescent, and recreational sites. The classification does not include use of any of the land as business sites.

WYOMING No. 3

SIXTH PRINCIPAL MERIDIAN

T. 53 N., R. 85 W., sec. 12, E½NE¼, N½S½, SE¼SW¼, SW¼SE¼, 320 acres.

This land is located approximately 18 miles south of Sheridan and 9 miles south of Big Horn, Sheridan County, Wyoming. It is on the north slope and at the edge of the Big Horn Mountains.

The land will be leased, generally, in rectangular units of 330 feet by 660 feet. In the NE¼NE¼, in order that the maximum use and benefits from natural features and a road may be obtained by lessees, tracts in that portion will be leased in units 165 feet wide north and south by 1,320 feet long east and west. Each lessee will be required to erect substantial improvements having a value of not less than $500.

The land described is subject to application under the five-acre tract act, based on the above-mentioned classification, by any qualified persons, in accordance with 43 CFR 257.1-257.25 (Circ. 1470a, August 10, 1942). One application has been received.

The Register of the Buffalo district land office will make appropriate notations upon the records of his office and acknowledge receipt hereof.

[Public Land Order 147]

SOUTH DAKOTA

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral leasing laws, and reserved for the use of the War Department as a pattern gunnery range:

FIFTH PRINCIPAL MERIDIAN

T. 115 N., R. 82 W.,
Sec. 11, SW¼SW¼;
Sec. 13, NE¼NW¼.
The areas described aggregate 80 acres.

This order shall take precedence over, but shall not rescind or revoke, the withdrawal for reforestation, forestation, soil erosion control, and other land utilization activities, made by Executive Order No. 7671 of July 19, 1937, so far as such order affects the above-described lands.

Jurisdiction over the lands hereby reserved shall revert to the Department of the Interior and the Department of Agriculture, according to their respective interests, upon expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered, pending classification and a determination as to whether the lands, or portions thereof, are needed for public purposes.

ABE FORTAS,
Acting Secretary of the Interior.

FIELD EMPLOYEES, BUREAU OF RECLAMATION, DEPARTMENT OF THE INTERIOR

WAGE FIXING PROCEDURES

JUNE 23, 1943.

For the purpose of determining the prevailing rate of wages to be paid certain classes of field employees of the Bureau of Reclamation and to enable the payment to such employees of time and one-half for work in excess of 40 hours per week, the following procedure is established:

I. *Wage Board.* A Wage Board, composed of three representatives of the Department, is hereby established to determine prevailing wages for similar work in the locality of their employment for persons employed by the Government in the various trades and occupations excluding employees whose wages are fixed on an annual basis pursuant to the Classification Act of 1923, as amended, and excluding employees whose wage rates are fixed by wage boards which have been previously established, and to make recommendations with respect to such wages to the Secretary of the Interior.

II. *Procedure to be followed by Board.* In determining the prevailing wages of various trades and occupations being considered by the Board, the Board shall procure evidence of the wages and compensation being paid to and perquisites received by those employed in these trades and occupations from local contractors, Federal agencies (including wage scales currently being paid pursuant to minima established pursuant to the Davis-Bacon Act), private industrial employers, and others employing labor in the locality, whether pursuant to union agreements or otherwise. Hearings for the purpose of adducing evidence of wages paid in the locality may be held when, in the judgment of the Board, this is required in order to determine the prevailing rates of wages.

Based on the evidence procured as to prevailing wages and the perquisites of employment in the locality in the classifications under consideration by the wage Board, the Board shall make its recommendations to the Secretary of the Interior as to the rates of wages to be paid to the Government employees of the classes above specified. The wages recommended, upon approval by the Secretary, shall become effective May 1, 1943, unless otherwise directed by the Secretary of the Interior: *Provided*, That the Secretary of the Interior may direct the Board to reconsider any recommendation in whole or in part when, in his judgment, the recommended wage does not accord with the evidence procured as to the prevailing wage in the locality or when there is insufficient evidence to support the wage recommended.

III. *Effective period of approved wage determinations.* Any wage rate fixed in the manner above provided shall remain in effect until that rate has been supplanted by a different rate determined by the Wage Board with the approval of the Secretary of the Interior. Unless directed by the Secretary of the Interior to do so at other intervals, the Wage Board shall review wage rates at six-month intervals, beginning with the effective date of the first schedule of wages made in accordance with the procedure herein provided: *Provided*, That the Secretary of the Interior may direct a review at any other time when, in his judgment, this is desirable.

Unless otherwise ordered, the Board shall be composed of these departmental representatives:

Duncan Campbell, who shall act as Chairman of the Board, and Guy W. Numbers, selected from the Office of the Secretary of the Interior,

Charles A. Bissell, Member of the Board, and Alfred R. Golze, Alternate Member of the Board, selected from the Bureau of Reclamation.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 1517]

CARL ZEISS

Re: Interests of Carl Zeiss, of Jena, Germany, in an agreement relating to Patent No. 2,031,792.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that the Firm of Carl Zeiss, of Jena, Germany, is a business organization, organized under the laws of Germany and is therefore a national of a foreign country (Germany);

2. Finding that the property described in subparagraph 3 hereof is property of the Firm of Carl Zeiss, of Jena, Germany;

3. Finding, therefore, that the property described as follows::

All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in the Firm of Carl Zeiss by virtue of an agreement dated November 12 and December 2, 1938 (including all modifications thereof and supplements thereto, if any) by and between said Firm of Carl Zeiss and Bausch and Lomb Optical Company, a New York corporation, which agreement relates among other things to Patent No. 2,031,792,

is property payable or held with respect to a patent or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany);

4. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

5. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 21, 1943.

HERAEUS-VACUUMSCHMELZE AKTIENGESELLSCHAFT

Re: Interest of Heraeus-Vacuumschmelze Aktiengesellschaft in an agreement relating to Patent Number 1,903,724.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that the Heraeus-Vacuumschmelze Aktiengesellschaft is a corporation organized under the laws of Germany having its principal place of business in Germany and is therefore a national of a foreign country (Germany);

2. Finding that the property described in subparagraph 3 hereof is property of Heraeus - Vacuumschmelze Aktiengesellschaft;

3. Finding, therefore, that the property described as follows:

All interests and rights (including all royalties and other monies payable or held with respect to said interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in Heraeus-Vacuumschmelze Aktiengesellschaft by virtue of an agreement dated September 16, 1936 (including all modifications thereof and supplements thereto, if any) by and between Heraeus-Vacuumschmelze Aktiengesellschaft and United States Steel Corporation, a New Jersey corporation, which agreement relates among other things to Patent Number 1,903,724, dated April 11, 1933, inventor Wilhelm Rohn,

is property payable or held with respect to a patent or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national or nationals of a foreign country (Germany);

4. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

5. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The term "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on May 21, 1943.
